## Dedication

*The word of God is alive and powerful, sharper than any two-edged sword, piercing even to the dividing asunder of the soul and the spirit, and of the joints and the marrow, and is a critic of thoughts and intents of the heart. (Heb 4:12) All Scripture is God-breathed, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God might be mature, thoroughly furnished unto all good works. (2Tim 3:16-17) Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth. (2Tim. 2:1)*

This compilation of doctrinal principles is dedicated to my pastor of some 40+ years, Col. R. B. Thieme Jr., who, in my humble opinion, is one of, if not the, foremost theologian of the 20<sup>th</sup> century and most likely many others as well. Without his consistent undaunted dogmatic teaching of Bible Doctrine this document would not have been possible and I would most likely NOT have a clue about the Christian Way of Life. In his physical presence, mental acuity, supreme dedication to the word of God and overriding dogmatic veracity in the presentation of the doctrines of the bible he has been a life changing inspiration to myself and literally hundreds of thousands of other believers throughout the world. I, and these others I am sure, look forward to the honor of standing in ranks before the Judgment Seat of Jesus Christ as representatives of the “Berachah Battalion” who have grown up in the Spiritual Life as a result of his phenomenal grace teaching.

I would like to give special thanks to Pastor Robert Lyon who has been a constant stimulus and encouragement to me, and a HUGE assistance in putting this and other materials together as a consolidation of bible doctrine to enable others to assimilate or review.

Also to my good friend Jeffrey D. Laughlin now Face to FACE with The Lord Jesus the Christ, for his support, review and proof reading of this document and constant stimulation to recall and review doctrinal principles.

## Preface

Before a believer begins to study anything related to bible doctrine he must name or acknowledge his sins privately to God the Father in order to be forgiven those and all other sins, to be placed again into fellowship with God and under the teaching and guiding ministry of God the Holy Spirit. 1<sup>st</sup> John 1:9 states, “If we confess (name or cite) our (known) sins, He is faithful and justified to forgive us our (known) sins and to cleanse us from all unrighteousness (unknown sins).” This will put the believer into fellowship with God and under the Filling of God the Holy Spirit in a state of Genuine Humility and teachability and ready to learn Bible Doctrine. If you have never personally expressed faith alone in The Lord Jesus, The Christ alone the issue is NOT naming your sins. The issue is nonmeritorious faith alone in Christ alone. “He who believes in the Son has Eternal Life; But he who does not obey the command to believe in the Son shall not see life, but the wrath of God abides on him.” (John 3:36)

If we are totally objective we must admit to having delusions about some things in life at some time. For myself there is ONE thing in this life which I have no delusions about, Bible Doctrine. Were it not for the teaching ministry of Col. R. B. Thieme Jr. and his consistent clear, concise and DOGMATIC presentation of the doctrines of the bible I would know nothing of orthodox fundamental biblical doctrine and the Christian Way of Life. I have no delusion about my knowledge, calling or spiritual gift; and, recognize that I could not do what he and many other pastors have done, and continue to do, in the constant studying and teaching of doctrine to their congregations. Over the years I have learned innumerable principles from these studies by Pastor Thieme. One of the most important things I have learned has been that “One’s rate of learning MUST exceed one’s rate of FORGETTING” in order to advance in the Spiritual Life or to maintain your level of spiritual growth. This amplifies the necessity therefore of constant consistent Post Salvation Epistemological Rehabilitation through Perception, Cognition, Incultation and Metabolization of Bible Doctrine and ultimately the application of it to life. It is my desire that this document be a source of consolidated doctrine to fulfill that very purpose.

This is a compilation from my notes on the principles directly derived from the lessons taught by Col. R. B. Thieme Jr., in the period from 1970 to the end of his ministry, in the studies involving the Life of David, Series #631, Psalm 37, Series #366, and the Epistles of 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> John, Series #429, 431, and 433 respectively, the Book to the Ephesians and many other lessons as well. Within these lessons he delineated a system of failure which MUST, by all possible means, be avoided by the believer in his advance toward and residence in the status of Maturity Adjustment to the Justice of God. This he named “The INTERLOCKING System of Arrogance”. In these studies the Colonel delineated 26 entrance points into this system of failure for the believer. In my review of many years of notes I have taken from the many lessons he had taught, I have been able to identify many more entry points into the Interlocking System of Arrogance therefore I have taken some liberty in segregating and included these in this document. Many of these lessons, having been taught many years prior to the time of my compiling this document, still, to this day, reflect a degrading condition which exists in societies in general in history and most emphatically in the society of the

United States today. All of these were taught after many years of Pastor Thieme serving in his ministry of Studying and Teaching Orthodox Fundamental Biblical Christian Doctrine according to an Isagogical, Exegetical and Categorical method. With this in mind be conscious of the fact that some of the terminology, doctrine and principles presented here will be, at best, obscure and possibly difficult for the new or infant believer. It took the Colonel many years to come to the point of being able to extract these doctrines and principles from the original languages of scripture so it should reasonably require some years of study by the believer under his type of ministry to be able to understand what is herein contained. To facilitate this understanding on the part of the reader I have linked segments of this document with others to enable the reader to review or recall concepts, principles and doctrines while reading. I have also included a Glossary of terms and sections of fundamental doctrinal principles which I believe will help in this endeavor.

As one would expect, I have entered some opinions and concepts of my own from what I have learned from my studies of Pastor Thieme's teaching of Bible Doctrine in later lessons, from later years and from life experiences and other current materials regarding ongoing historical and social trends. I have in addition not kept the numbering or organizational system of the Entrance Points of the Interlocking System of Arrogance identical to what the Colonel had listed. The effort here on my part has been to consolidate maximum principles of Arrogance in order to provide a place where believers might go to acquire or review concise but detailed concepts related to avoiding the Arrogance pitfall while living as a Christian. However, nothing contained herein is ever to be construed to have been originated by my personal abilities to extract doctrines from the scripture. Neither is this to be a substitute for consistent daily study under one's right Pastor Teacher in order to develop the momentum needed to reach and hold on to spiritual maturity, the ultimate objective of the Spiritual Life. I have taken the liberty of trying to only add pertinent examples of historical and social trends which I see occurring some time after these lessons elucidated them. If more details and reference passages are desired on the Arrogance Complex or how these principles were derived the original lessons can be ordered from [R. B. Thieme Jr. Bible Ministries](#), P.O. Box 460829, Houston Tx. 77056-8829, or by phoning 713-621-3740.

My objective in presenting this compilation of Bible Doctrine does not include nor am I concerned as to whether it is considered good or bad, liked or disliked as a message but whether God the Holy Spirit can use the doctrinal content in the life of YOU the believer reading it. I have nothing to prove to anyone in life and it is only getting the message through to the YOU, the reader, that is important to me so that there is something for God the Holy Spirit to use. I have, in fact, attempted to organize these principles into discrete segments or categories. However, the ARROGANCE COMPLEX is an INTERLOCKING SYSTEM of mental attitude indifference toward God coupled with the control of soul by the old sin nature resulting in Sin, the production of Human Good and spiritual destruction from the constant influence of EVIL (the plan and policy of Satan in ruling this world) on the soul of the believer. Please! Keep in mind that the Arrogance system of Satan is the fundamental means by which he controls the human population and rules this world and is all permeating in societies throughout the world. This manuscript as the 3<sup>rd</sup> Edition is an ongoing process of extracting

and delineating points of entry into the Interlocking System of Arrogance and their interaction with other areas of arrogance. However, these principles resist any attempt at separation into singular units being intricately interlocked into a system of rejection of God and distraction from the Christian Way of Life. What the believer studying arrogance must keep in mind is that once a person dangles his toe into the ocean of arrogance he will be instantly entangled by the tentacles of the Arrogance Monster and sucked into the system by interlocking with MANY other Arrogance areas. Also, the principles elucidated by Pastor Thieme in his studies of Arrogance were taught at varying times with different background context and they must be related to other parts of the complex with which they readily interact in order that their meaning in a particular situation is best understood and their propensity to move the believer deeper and deeper into this complex can be identified by the believer in order that he might avoid or recover from them. With this in mind understand that there will be duplication and repetition and one type of arrogance CANNOT be separated and individually studied without relating it's impact on and from, very often, several others. However, as the Colonel might have said on occasion: "REPETITION, REPETITION, REPETITION IS INVALUABLE SO GET USED TO IT AND ENJOY IT."

## [Introduction](#)

### [Christianity & Christian Way of Life](#)

In the approach to the vast subject of Arrogance, the greatest potential failing of the Christian, there must be an approach based on understanding Creation. To subscribe to the “THEORY” of evolution is in fact IDIOTIC. Evolution basically says that given enough time, the chair you are sitting in, the table at which you eat your dinner, GIVEN ENOUGH TIME, can become YOU! The one who proposed the THEORY in fact did not subscribe to it and only published it because of peer pressure to do so. To study and comprehend the complexity of one’s environment, especially one’s own human body invariably will bring the open minded individual to the conclusion that these things could never have randomly occurred but require a higher intelligence to have brought them into being and set them all into motion. GOD!

### [The Creation and Fall of Man](#)

#### [Prehistoric Angelic Creation](#)

In the beginning without a beginning, Eternity Past, ([Gen 1:1](#)) God the Father, God the Son and God the Holy Spirit sat at the Deity Round Table and had a discussion about what they wanted to do in eternity. They decided to “CREATE”, and considering the status of this creation today we can honestly say “ONLY GOD KNOWS WHY”. Having agreed to create they divided the responsibilities for the creation among themselves. God the Father agreed to be the administrator and oversee the Plan which he devised for creation taking into consideration all events and potential events and outcomes and potential outcomes from his omniscience and presented this to God the Son and God the Holy Spirit. They unanimously agreed that it was a PERFECT plan and they decided to call it [GRACE](#). It contained all the structure, laws, policies and procedures for the creation they had decided to engage in. It was God the Father who was the “author” of the plan and God the Son agreed to be the executor of the plan and God the Holy Spirit agreed to empower and reveal the plan when needed. When the plan had been completed and agreed upon, the Creator, God the Son, (the Executor) spoke a word and Initiated Stage I of the Plan, Angelic Creation. This resulted in a myriad variety of angelic creatures instantly coming into being. ([John 8:44](#), [Job 38:4-7](#), [Ps 8:3](#)) The plan was not a random plan but contained detailed structure and organization providing varied levels of function for the angelic creatures. The pinnacle of this angelic creation was the most perfect creature in body and mind, a super genius of all genius’, Lucifer, son of the morning the bright morning star. ([Ez 28:14-17](#), [Is 14:12-14](#), [Is 45:4-7](#)) Stage 2 of the creation was to give these angelic creatures a place to live and again God the Son spoke a word and the universe was created and the angelic creatures given freedom to move about and live in it. ([Is 45:18](#), [Ez 28:12-18](#), [Rev 12:4](#)) Christians often consider the presentation of ideas like the “BIG BANG” theory of the beginning of the universe to be ANTI-Christian but in fact that is exactly how the universe was created, The Lord Jesus, The Christ, God the Son said “BE” and it was. BANG! At this time Lucifer was given the job of overseeing for God the functions of this angelic “society” and reporting to God in his throne room. Over a period of unknown duration this was the case however but as Lucifer went about his duties in angelic creation overseeing and

reporting to God he was INUNDATED with praise and adoration by other angelic creatures because of his relative perfection, intelligence, position of authority, physical beauty and ability. This attention stimulated Lucifer's PRIDE so that in Eternity Past he became involved in the first case of Arrogance and wanted to and thought he could be equal to God in doing what God did in controlling angelic creation. Lucifer began to think he could do his job without having to report to God and in fact could do the job as well as God in running angelic creation. I envision Lucifer in the throne room of God looking around to see if anyone was watching, looking at God's throne and walking around it touching it and then moving up onto the dais and imagining what it would be like to sit on that throne and control everything. Eventually his Prideful Arrogance led to Envy and the desire for that Power got the better of him and he slyly checked around again to be sure no one was watching and then slid right onto and sat on God's Throne. As he sat there and wiggled around feeling the exhilaration of being on God's throne his thoughts turned to greater and greater arrogance and forgetting his origins and place as a CREATURE he thought, I can run this creation just as good as God, "I will be like the most High God" ([Is 14:12-14](#), [Ez 28:12-18](#)) Lucifer being dissatisfied with only being the best, brightest, smartest, most powerful angel set about developing a system of to control what he wanted. This system uses ARROGANCE and now ANTAGONISTIC EMOTIONAL HATRED in 2 complex highly integrated, interacting and interlocking power systems or Dynaspheres to form his policies for controlling first Fallen Angels and now mankind.

### Satan's Strategic Offensive Action in Eternity Past

Satan's "Offensive Action" in Prehistoric Times in the Angelic Conflict ([Is 14:12-14](#)) was the result of Satan's thinking that he would dominate all creatures in existence in all of angelic creation. This occurred at the time of the beginning of his "REVOLUTION" and he was most likely also thinking he could be equal to God. He then, as a result of his solidly established arrogance and delusion, organized his plan to run the angelic creation, which is known by mankind as *Good and Evil*, in which he attempted to duplicate or counterfeit the policies and provisions of the GRACE Plan of God. Lucifer was so full of himself, so arrogant that he then went about the angelic creation for an unknown period soliciting members for his Mutual Admiration Society. He proposed to them that they function under his plan of EVIL to produce "Angelic" GOOD things in order to establish a perfect functional angelic society based on their efforts and achievements which Lucifer wanted to use to supplant the production of Divine Good of the Grace Policy under God's Plan and provisions. He did this for an unknown period until every single angelic creature created by God the Son had an opportunity to choose to follow him under his plan of Evil or stick with God under the Grace plan. Lucifer had established a headquarters for his plan of Evil in all places this very planet Earth. Basically he held parties here and never cleaned up the beer cans so it was a total mess at the point of God the Father calling together the Supreme Court of Heaven. At this point, God threw Lucifer and his organization off of the earth and packed it in ice to prevent their return there. ([Gen 1:2](#)) With God the Son and God the Holy Spirit present the Supreme Court of Heaven convened and a trial was begun indicting Lucifer and his followers because of his revolution, with ALL angelic creation in attendance observing the proceedings.

When the trial was convened, God presented the facts from his omniscience, there obviously

could be no defense possible against the omniscience of God, and then rendered the judgment of condemnation of the revolutionaries to the Lake of Fire. It was at this point in eternity past that the Lake of Fire was in fact created for Satan and his followers. In a STRIKING moment of LUCID CLARITY Lucifer realized he had made a big error and he did not have any desire to spend eternity confined to the Lake of Fire so he rendered an appeal to the Supreme Court of Heaven. In effect Lucifer impugned the perfection of the character of God by contending that in rendering the Judgment of the Lake of Fire for the rebels God had neglected to consider his LOVE attribute and only functioned in considering Lucifer's failures based on his attributes of perfect Righteousness and Justice. Lucifer was in fact saying that God could not be God if he condemned the rebels to the Lake of Fire because he had set aside his LOVE to function only within the confines of his Righteousness and Justice. Satan ignored the fact that the Love of God is the area of motivation and not the area of action of the Essence of God. He ignored the fact that the area of action of the Essence of God is based on the principle that what the Righteousness of God approves is only what the Essence of God can accept and what the Righteousness of God demands the Justice of God must execute.

In focusing on the "Love of God" Lucifer tried to ignore and confuse the issue that upon any creature violating the standards of God, his, and in fact all angelic and human contact would become, not the "Love" of God, but the other aspects of the [Integrity of God](#), (Graphic File Here) the Justice of God and the Righteousness of God. The Righteousness of God rejected the Arrogance of Satan and his indifference to God in the revolution of the Angelic Conflict therefore the Justice of God, in a JUDICIAL Decision from the Supreme Court of Heaven, immediately condemned him and all those who followed him to the Lake of Fire for all eternity. In reality, Lucifer had failed to realize or completely ignored the fact that when he entertained Arrogance and rebelled he TOOK HIMSELF OUT from under the provisions of the Love of God and PLACED HIMSELF directly under the function of the Justice of God based on the requirements or standards of the Righteousness of God. However, God in and under his established GRACE PLAN accepted the appeal of Lucifer. He did so in order to provide a clear demonstration to all creation that the Essence of God always functions together at all times and the Love of God and Justice of God and Righteousness of God all work in unison in providing for ALL of his creation. Lucifer did not understand that the Love of God was the MOTIVATION for the actions of God BUT that all actions from God had to be approved by the Righteousness of God and then could be executed by the Justice of God because these 2 areas of God's essence protect the consistency of his character. God, in granting the Angelic Conflict Appeal Trial, caused a situation which resulted in the need for witnesses to choose for the Plan of God vs the Plan of Satan in the same manner as what had occurred throughout the angelic creation. God, therefore, in agreeing to this appeal, set up a test situation with LOWER creatures for all angelic creation to observe. [This is YOU AND I in this life] ([Luke 15:7-10](#), [1Cor 4:9](#), [Eph 3:10](#), [1Pet 1:12](#), [1Tim 3:16](#), [1Tim 5:21](#)) The setting for the creation of test subjects was chosen as the former headquarters of the "Evil" party. This is the sole purpose of the creation of man and the development of Human History as the stage for producing these witnesses. ([Matt 19:4](#)) Therefore, in the Angelic Conflict Appeal Trial ALL witnesses are derived ONLY from members of the Human Race, therefore, the Angelic Conflict Appeal Trial is co-terminus with Human History. To be a proper witness and demonstrate the exact conditions of the Angelic Conflict

choices of Angelic Beings, MAN, though created lower and much less powerful than angels, has the 1 thing necessarily common between Angelic creatures and Humans that being FREE WILL, Volition.

### Restoration of the Earth & Creation of Man

Upon the acceptance of the Appeal of Lucifer in the Angelic Conflict Trail, the Trinity of God the Father, God the Son, and God the Holy Spirit moved ahead to clean up the earth and restore it from its frozen state preparing it for man. ([Gen 1:2](#), [Gen 1:3-31](#), [Job 26:13](#), [Ps 104:30](#)) God then set up a system called “TIME” as a linear progression of events and established cyclic periods on the earth and completed these preparations in 6 earth days. Then The Lord Jesus, The Christ culminated the restoration of the earth with the creation of Ish, Man and sometime later Ishah Woman (from Man) as the “helpmate” of man under a Divine Institution system called Marriage. ([Gen 1:26-27](#), [Is 43:7](#)) God stopped on the 6<sup>th</sup> day and “rested” BECAUSE HE WAS FINISHED AND THERE WAS NOTHING LEFT TO BE DONE. Therefore, Man was created originally and exists today as a test subject to demonstrate the true nature of the character of God toward his creation. Both Ish, (later called Adam) and Ishah, (later called Eve) were created directly from the hand of The Lord Jesus, The Christ as trichotomous beings with a physical Body, a non-physical Soul and a non-physical Human Spirit. Their souls gave them the ability to relate to each other and appreciate each other and their Human Spirits gave them the ability to relate to, have contact with and appreciate God. Ish and Ishah were created to demonstrate to Lucifer, the Fallen Angels AND the ALL the Elect Angels, that contention in the Appeal of Lucifer during the Angelic Conflict trial, that in condemning the fallen angels to the Lake of Fire the Righteousness of God and Justice of God did not consider the Love of God, WAS FALSE. Even today, Satan (meaning deceiver) successfully blinds mankind to the fact that mankind must adjust to God’s Righteousness and Justice not His love in order to become the BENEFICIARY of His Love. ([Is 14:13-14](#))

At the point of their creation, to resolve this Angelic Conflict, The Lord Jesus, The Christ gave to Ish and Ishah Biological Life for their physical bodies created, Soul Life to a format soul, and Spiritual or Spirit Life to their Human Spirit, resulting in what the bible calls Everlasting Life or Endless Life ([Gen 2:7](#)). The combining of Soul Life with the activated biological make up of their lifeless bodies resulted in Human Life for both. The Lord, from his LOVE, provided everything necessary for Ish and Ishah to live an UNENDING, or ENDLESS life on this earth in the Garden of Eden. This was to continue to be provided based on the requirement that they adhere to the prohibition to not engage in or partake of the Knowledge of “Good and Evil”, (the principles and production of Lucifer’s plan and policy to rule in God’s place represented by the “fruit” of the Tree of the Knowledge of Good and Evil). They were also given the Tree of Everlasting Lives whose “fruit” they could eat from in order that they would have immediate and constant APPRECIATION of what God had and continued to provide for them. They had ABSOLUTELY NO REASON to know anything about “Good and Evil” which IS the plan, policy and production of the Cosmic Dynasphere system of Satan (the **Interlocking System of Arrogance** and the **Interlocking System of Antagonistic Emotional Hatred**) to initially rule angelic creatures and, during this Angelic Conflict Appeal Trial extending the Angelic Conflict into Human History, Human Beings on earth.

Inevitably Ishah was targeted by Satan, first because she was under the authority of Ish, her husband and because she had become dissatisfied with her position and wanted to be smarter than Ish. She initially rejected the authority of Ish, then that of Bible Doctrine taught by The Lord Jesus, The Christ in the “cool evenings” in the garden and ultimately the authority of The Lord Jesus, The Christ, God himself. She therefore decided to violate the prohibition of God regarding the Tree of the Knowledge of Good and Evil having been deceived during conversations with her pet the Serpent, indwelt by Lucifer. He appealed to her developing Arrogance, by manipulating her into thinking that by doing so she would be smarter than Ish and as smart as God. She, as a result, adopted the totality of the Arrogance of the Plan of Satan. Then, when she had executed her decision to violate God’s Prohibition, Ish also rejected God’s prohibition and gave up his authority position in the Grace Plan of God, by choosing to FOLLOW Ishah instead of lead her, choosing her over the Plan of God and The Lord Jesus, The Christ in the garden. He thereby adopted her viewpoint and also accepted the Arrogance of the Plan of Satan. They both in effect had rejected EVERLASTING ENDLESS LIFE with God in the garden for something which they did not understand NOR had any need to understand. As a result their Human Spirit died and they were then isolated from God having lost their Everlasting Spirit Life. ([1Cor 15:21-22](#), [Rom 5:12](#)). Essentially they could no longer initiate any contact with God nor have any relationship with Him and the only contact God could have with them was based on judgment and condemnation from the Righteousness of God and Justice of God. However, as part of his GRACE plan, GOD under Grace provided for them and all subsequent human beings the OPPORTUNITY to regain the ability to Eternally Live with him and have a temporal and eternal relationship with him. This provision came to mankind first in the promise of a potential for Salvation Adjustment to the Justice of God. Therefore, at the point of their rejection of the prohibition of God, His Justice had become the point of contact for them and all subsequent human beings as a direct result of their rejection of the Love Provisions and Grace of God in the Garden of Eden. ([Gen 3:15](#)) This is now a historical fact and includes the promise of a LIFE enabling the believer to live in ETERNITY with God, Everlasting Life.

### **Existence of man – Power Systems**

In this world man, for his continued existence, must depend on some invisible power system and Satan as the ruler of this world, being the genius of genii, has a power system for rulership of this world which is found in the Cosmic Dynaspheres originating from his own Arrogance. The principles of Evil involved in the system of the Cosmic Dynaspheres is too subtle and sophisticated, far too designing, contriving and skillfully oriented in subterfuge and scheming to be handled or overcome by believers or unbelievers minus Bible Doctrine Principles. Therefore, the believer should never divorce himself from his only source of strength in the Spiritual Life which is Metabolized Bible Doctrine accumulated by residence in the Power System of God the Divine Dynasphere and is designed to be saturating his soul. Since the functions of GRACE and EVIL are completely antithetical it is therefore obvious that Arrogance in any category automatically seeks to divorce the believer from this source of strength by distracting him from Perception, Cognition, Inculcation and Metabolization of Bible Doctrine.

### Power System of Satan = Slavery of Man

If man rejects what God has provided he becomes a slave to what Satan provides, the Cosmic Dynaspheres. These power systems of Satan make the person, who is in fact a slave under them, think he is the greatest thing in the world, by trapping him within his own Arrogance, therefore, Arrogance blinds the minds of all who serve Satan. The believer must understand clearly that the greatest power in life outside of what God has provided for man is found in Arrogance, Cosmic Dynasphere I. It is a most attractive invisible power system, it is a killer, a devastating invisible power. In itself it inevitably leads to antagonism and animosity toward and complete rejection of God and the Plan of God, all while romanticizing self. This system builds up the one involved in it but when he is torn down because of his failures, he learns nothing from his own destruction but this instead intensifies the Arrogance involving self to avoid the reality of the failure.

Satan, as ruler of this world, has great power and administers his power through or by means of Cosmic Dynasphere I, the Interlocking System of Arrogance and Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred. These, along with the inevitable undesirable results of Sin and involvement in Reversionism, destroys the potential of the unbeliever and the function of the believer as a witness for the prosecution in the Angelic Conflict Appeal Trial. Satan has invented this system for administration of the world he rules and HIS absolute BEST solutions for any problems in life are always found in the Arrogance Complex. Arrogance as a complex includes the worst failures of mankind and attacks the soul directly and never is and can never be an isolated failure. The whole purpose and inevitable result of Arrogance is to divorce the individual from the reality found in Absolute Truth. This is an entire system of preoccupation with Self whereby one becomes totally subjective and then eventually antagonistic toward Bible Doctrine.

All 'EVIL' as Satan's plan and policy and all iniquity in the world is founded on Arrogance. The Plan and Policy of Satan known as EVIL, has a desired production which is Human Good but which inevitably results in SIN, violations of God's Standards and Crime as well, violations of common law based on the Laws of Divine Establishment and Divine Institutions. When considering the Plan of Satan there are 2 categories of Evil:

- Motivational Evil == Motivational Arrogance + Motivational Emotional Antagonism
- Functional Evil == Functional Arrogance + Functional Emotional Antagonism

When there is persistent residence and function under the Plan of Satan, EVIL, Motivational Arrogance leads to Functional Arrogance which leads to Motivational Antagonism which leads to Functional Antagonism with the total destruction of the Spiritual Life of the believer and any potential for the Spiritual Life of the unbeliever.

### Power System of God = Freedom of Man

For a more comprehensive understanding of the Power System of God follow this link to the Divine Dynasphere the Power System of God. In order to have a basic understanding of the difference between the Power System of Satan and Power System of God consider that in the Plan of God there is only 1 power system and it is based on 2 categories of Grace which are

totally antithetical to EVIL:

- Motivational Grace == Motivational Virtue
- Functional Grace == Functional Virtue

Both of these can only be developed within the Power System of God the Divine Dynasphere.

## Introduction to the Interlocking System of Arrogance

This 4<sup>th</sup> edition of the Interlocking System of Arrogance is the continuing process of elucidating principles related to Arrogance and has, so far, involved 10 plus years of attempted consolidation. This information concerning Arrogance is from the lessons taught by Pastor R. B. Thieme Jr. over the course of his ministry of some 53 years and it is an ONGOING process. It has been taken from notes I have accumulated from lessons I have studied for more than 40 years under his ministry. Still this accumulation of knowledge concerning the concepts and principles of Arrogance and the Christian Way of Life is NOT as yet complete and may never truly be completed by me. I have chosen with this 4<sup>th</sup> edition of the Interlocking System of Arrogance to divide it into 3 categorical segments in order to make clearer the relationships between the involved mechanics of entry into the Interlocking System of Arrogance. I have considered creating a 3 volume set but could not discern a way to keep the inter document hyperlinks functioning but this may still occur in the future as the volume of information concerning Arrogance continues to grow. The information contained in this volume regarding the Interlocking System of Arrogance can be studied on an individual subject basis, a categorical segment basis or read and studied in its entirety.

In consolidating this information I have been able to come to several conclusions with regard to the Arrogance Complex. These are based on the incredible number of different ways a person can become involved in Arrogance as a sin or distraction from the Christian Way of Life AND the fact that the Angelic Conflict itself started with Arrogance. Arrogance in all of its aspects is, if nothing else, SUBTLE. It is, many times, not obvious, not even to those who are saturated with it. It is not like the OVERT IMMORAL sins which scream in the face of normalcy. However, within the Interlocking System of Arrogance there is a system of Total Weakness where the individual, especially the believer, can enter and become entangled through many 'Gates' or entry processes.

In the ongoing study and consolidation of concepts of arrogance from the lessons of R. B. Thieme Jr. it is my general conclusion that there is no possible way on a day by day basis for anyone, especially the believer, to avoid contact or confrontation with or involvement in some level of Arrogance. Instead, the believer must rely on and consistently use the Rebound Procedure to avoid continuous entanglement by its destroying capabilities and to prevent it destroying his Spiritual Life, his capacities and spiritual advance. Arrogance is in fact the FOUNDATION of the entire plan and policy of Satan in ruling this world which starting in the Garden of Eden has been called "GOOD and EVIL". All human beings living in this world in all of Human History since the Graden, especially in this Church Age, are subjected to it constantly. It is imperative from the beginning that this principle is clearly understood; Arrogance is the FOUNDATION and UNDERLYING principle of the entire plan and policy of Satan to rule and control this world since the fall of Ishah (Eve) and Ish (Adam). This plan is the policies and principles of EVIL motivating the production of GOOD, Human Good.

All human beings are derived from the same lump of clay and ALL come into and go through the same system from birth to death, the Cosmic Dynaspheres of Satan. Each individual can either shape up as HONORABLE or degrade as DISHONORABLE and this depends on WHAT HE THINKS. The means of shaping the lump for both the unbeliever and the believer is the

divinely delegated system under the Laws of Divine Establishment and Divine Institutions. The Honorable person uses his volition to live in the [Divine Dynasphere](#) as much as possible progressing through as many of the 8 “Gates” or levels as possible which for the believer is to Maturity Adjustment to the Justice of God. The process for the unbeliever involves functioning properly under the system of Authority Orientation derived from the [Laws of Divine Establishment](#) and Divine Institutions. The Dishonorable person uses his volition, his free will choices to live in the Cosmic Dynaspheres.

### **Degeneracy vs Sin**

Arrogance is Degeneracy and thus the foundation for being destroyed either by the reality of one’s circumstances or by the drive toward unreality, in which one’s circumstances are coated over with fantasizing. Arrogance is the pin which, when pulled from the grenade, blows up one’s life into a myriad of destructive fragments. Arrogance is a fragmented system of life which is inconsistent and therefore NO ONE can ever be consistent while entangled in the Interlocking System of Arrogance. Arrogance divorces the individual from the realities of life, personal, historical, and spiritual. Arrogant thinking results in irrationality to the point that locked-in involvement in Arrogance results in psychotic, neurotic, and psychopathic behavior. Arrogance very often produces inconsistencies of thinking and function which one cannot see in self. It produces wide emotional swings from involvement in Emotional Revolt of the Soul and therefore, Arrogance is totally unstable, inconsistent, and can never find reality. Arrogance by producing a false perspective of life, results in a drive toward happiness, which entangles with the Frantic Search for happiness in stage 2 of Reversionism, which is total unreality.

#### **▲ Sin**

- ▼ A volitional violation or transgression of or a falling away from the STANDARDS, CHARACTER or EXPRESSED Will of God. It is clearly described and defined in the Decalogue, the 10 commandments, as violations of Freedom and in Codex III of the Mosaic Law from the perspective of the principles of the Laws of Divine Establishment and Divine Institutions. ALL sin is directed toward or against GOD alone.

#### **▲ Degeneracy**

- ▼ Taking an area of Sin or Human Good and forming it into a system for demanding rights or changes to the standards of a group or nation which to be legitimate must adhere to the Laws of Divine Establishment and Divine Institutions. Therefore ALL aspects of Arrogance are Degeneracy while ALL involvement in reversionism is Apostasy and some Arrogance can be Sin, Apostasy and Degeneracy all at the same time.

### **Immoral vs Moral Degeneracy**

Immoral Degeneracy begins as a SIN but sin is not necessarily degeneracy; as an illustration, in the historical past in the United States of America, Homosexuals rarely made an issue of their SIN, it is just another sin, and in many ways it is not as bad as gossip, judging, etc., and in other ways much worse. The Degeneracy begins when Homosexuality becomes OVERT and BLATANT and organizes into a system to demand acceptance. Because this process of

organizing involves that which is sinful, this system can only be based on and functioning fully from the influence of EVIL thus it is a system of EVIL. When it becomes a political organization and demands rights from its position of SINFULNESS it creates IMMORAL DEGENERACY. Consider the last time there has been a protest march in any city where Heterosexual Adulterous Fornicators were demanding their rights! People who make an issue of their sins not only lack any kind of self esteem but their drive is to create systems of Degeneracy. There are also the prefect moral Self Righteous people who form organizations like the Moral Majority in the United States demanding their rights, albeit most often as a reaction to the overt Immoral Degeneracy. They want ALL the laws to be Christian laws and based on principles of the Christian Way of Life so that they can inevitably eradicate Immoral Degeneracy. They want abortion to be abolished and Christian prayer in the public schools and many other things which are NOT issues in the Christian Way of Life. THIS IS DEGENERACY and Christian social action through [Crusader Arrogance](#) and Christian activism is MORAL DEGENERACY. These people are basically saying, “I am right and BECAUSE I AM RIGHT, I am going to superimpose my norms and standards on the entire Human Race”. This also applies to those systems which want to impose their standards of function on others but are IMMORAL or based totally on EVIL as well like ALL Religions, Islam, Romanism, Hinduism, etc., along with political systems involving tyranny such as Socialism, Communism, tyrannical dictatorships, ETC. These concepts fail to recognize many biblical subjects or areas and are derived from involvement in the Interlocking System of Arrogance, Cosmic Dynasphere I, and not in any way from Spiritual Self Esteem, Spiritual Autonomy nor Spiritual Maturity in the Protocol Plan of God. The fact is that these individuals and their groups may be right about many things but many of these things belong ONLY to Christians and not to unbelievers. To make laws based on the principles of the Christian Way of Life makes criminals out of all unbelievers thus destroying the purpose of the existence of man to make HIS OWN DECISIONS regarding the Plan of God. To make laws based on someone’s fear or dislike of weapons makes criminals out of all people who choose to prepare themselves to defend their own persons and property. This is DEGENERACY and is based totally on the principles of EVIL. The [Dead Sea](#) is a memorial to Immoral Degeneracy while in America’s recent past Bombed Abortion Clinics are memorials to Moral Degeneracy. No one, especially Christians, have any RIGHT to destroy anyone else’s property and under the Laws of Divine Establishment and [Divine Institutions](#), PROPERTY and LIFE are sacred. Some of these morally degenerate people have distorted the principle of LIFE to mean it begins at conception and have no idea of the true nature of life and the reality of the imputation of life BY GOD at physical birth. Contradictions cannot ever exist in the Christian Way of Life and either the believer lives in the [Power System of God](#), the Divine Dynasphere and possesses Spiritual Self Esteem, Spiritual Autonomy and Spiritual Maturity or lives in the Power System of Satan, the Cosmic Dynaspheres and becomes either Morally or Immorally degenerate.

As a system of wrongdoing, involvement in the Interlocking System of Arrogance is therefore DEGENERACY. In the Immoral Degeneracy of the Interlocking System of Arrogance there is as one manifestation symptoms or syndromes of aberrant sexual activity:

- ▲ Homosexuality
- ▲ Bestiality

- ▲ Pederasty
- ▲ Incest
- ▲ Other abnormal sexual activities

These are OVERT manifestations of an individual's or nation's Immoral Degeneracy but are NOT the only considerations of Degeneracy. Degeneracy results from having the Interlocking System of Arrogance anchored in one's soul and these aberrant functions are only symptoms or manifestations of that Degeneracy. The people of Sodom and Gomorrah were declared to be DEGENERATE and their form of degeneracy was IN PART aberrant sexual practices including HOMOSEXUALITY. Therefore, Homosexuality is a symptom or syndrome of the degeneracy of the Interlocking System of Arrogance. Homosexuals today flaunt their sexual predispositions because their Arrogance brings them out into the public eye and they then demand special individual rights. The TRUE degeneracy is NOT in what they are choosing to do in their sinful sexual proclivities but in what is in their soul, the Arrogance by which they systematically DEMAND special treatment because of their sin.

The Interlocking System of Arrogance not only provides the basis for degeneracy but also a blindness of mentality so that people are generally unaware of how truly bad things are in their contemporary historical setting. One of the greatest functions resulting from degeneracy is socialism with its welfare state and as occurred in Nazi Germany, the first sign of it rising in society is the attempt at finding someone or some group to blame for all the wrongs in society. At that time in western Europe the antithesis of this socialism was the Jew. It was by this means that Hitler started his drive of antisemitism and as a result one of the most brilliant well organized nations in history was destroyed. Not, however, without first going through years of involvement in the Interlocking System of Arrogance from 1933 with the night of the long knives to 1945 when Hitler killed himself in a bunker. This demonstrates historically that no one ever survives antisemitism. Unfortunately, when the Jews went to Palestine after World War II they engaged in socialistic government because of where they had come from. The fact that Jews are in Palestine and people think this is a GREAT thing is wrong and in fact a part of EVIL as Satan tries to move them to Palestine BEFORE Christ regathers them at his 2<sup>nd</sup> advent thus bringing him victory in the Angelic Conflict Appeal Trial.

Any time the population of a nation enters into the Interlocking System of Arrogance it generally becomes vulnerable to all the entry gates so that there will be repetitive periods of national or historical disaster for them. This IS the degeneracy of the population, as a state of the soul, manifesting itself as toleration or acceptance of homosexuals, ascetics, lascivious individuals, glorification or protection of criminals, liberalism, and many other concepts, with groups or individuals totally in opposition to the Laws of Divine Establishment and Divine Institutions. Therefore, once a believer becomes involved in the Interlocking System of Arrogance he begins to move down this road of degeneracy to complete degeneration. Degeneracy is NOT simply immorality but is the Mental Attitude of involvement in the Interlocking System of Arrogance. This is one of the greatest principles of explanation of what is WRONG with the Human Race and why it ultimately goes bad. From Sodom and Gomorrah to the United States of America in the 21<sup>st</sup> century, degeneracy results from function outside the Protocol Plan of God for the believer in The Lord Jesus, The Christ or in opposition to the

[Divine Institutions](#) and [Laws of Divine Establishment](#) for the both the believer and unbeliever. Therefore any entrance into the Interlocking System of Arrogance is the ignition for ALL Degeneracy. Once there is selfcenteredness and hypersensitivity about self with insensitivity about others then the degeneracy begins to show itself. This may manifest as power lust, immoral lust, monetary lust, approbation lust but whatever its manifestation, degeneracy destroys individuals and nations from within, one individual at a time. There has not ever been a nation historically which declined and was destroyed which did not first have maximum degeneracy from its involvement in the Interlocking System of Arrogance long before it was destroyed by an outside power. This is obvious when considering Rome, Assyria, Greece, and all the other nations which were once GREAT in history and then fell to nothing. All of these had the overt manifestations of Arrogance and total entanglement in the Interlocking System of Arrogance and degeneracy long before any outside nations destroyed them.

The people in the United States of America have moved, for perhaps about 100 years, deeper and deeper into the field of Degeneracy, which, again, is not simply immorality but is all aspects of involvement in the Interlocking System of Arrogance. The Interlocking System of Arrogance involves some 80 plus ways or “Gates” of entry, which will, when access is gained, interlock with any if not all of the other areas of Arrogance. One of the worst of these is considered to be [Psychopathic Arrogance](#) and this is the general Status Quo of a large number of people in the United States of America and a major contributor to American National Degeneracy. In the 1960s Jane Fonda, as a result of her catering to the communists in Vietnam, should have been shot as a traitor not made a heroine by the people of this nation. Today the toleration of youth gangs, moslems, homosexuals and mentally incompetent government officials is another blatant example of the degeneracy rampant in the United States of America. This is in part the result of the loss of the ‘voice’ and courage of the World War II generation who are almost totally gone. In World War II the United States of America had gallant people, both men and women who served and fought to ensure freedom but these are now almost completely gone along with their process of thinking and the basis for it. Therefore, the only answer to the degeneration in the United States of America is the advance and expansion of the pivot of mature believers in The Lord Jesus, The Christ to preserve this nation and bring America to the principle of success in the [Angelic Conflict](#).

### **[Power System of Satan = Slavery of Man](#)**

The power systems of Satan to control and rule this world include the Stages of [Reversionism](#) and the Cosmic Dynaspheres of which the Interlocking System of Arrogance is Cosmic Dynasphere I. Consider, What is Tyranny? A political function? Absolutely NOT! It is Arrogance and can be some sweet pleasant hard working Christian service person who is admired by many who wants only APPROBATION and POWER to CONTROL what others think, say and do and may use legalistic taboos and other Christians in order to do so.

The believer in Cosmic Dynasphere I the Interlocking System of Arrogance is NOT anti Bible Doctrine but he is making an issue only of self instead of the Absolute TRUTH of Bible Doctrine. This one involved with Arrogance is outside the Plan of God and functioning in the Plan of Satan. In Cosmic Dynasphere I the believer is neglecting and rejecting Bible Doctrine

and God while in Cosmic Dynasphere II he becomes the enemy of God being antagonistic to and overtly opposing Bible Doctrine and God. As a result of this fragmenting of his own life, the believer is ignorant of the Plan, Purpose and Will of God for his life. Therefore there are 5 areas in the life of the Christian of disastrous ignorance:

- ▲ The 40 Assets given at Salvation Adjustment to the Justice of God.
- ▲ The Mechanics of Execution of the Protocol Plan of God.
- ▲ The 10 unique characteristics of the Church Age.
- ▲ The 10 Problem Solving Devices.
- ▲ The entire realm of the Mystery Doctrines of the Church Age.

Any entrance into Cosmic Dynasphere I, the Interlocking System of Arrogance always is accompanied by entrance into the stages of [Reversionism](#). This is the result of some level of Negative Volition toward Bible Doctrine. The real tragedy is that God has provided so very much to protect the believer from this self fragmentation which comes from entanglement in the Interlocking System of Arrogance and results in his becoming a LOSER believer but the loser often rejects it all. The Loser is the believer who fragments his own life and NEVER does anything about it despite the availability of solutions provided by God for him. Therefore all failure in the Spiritual Life and entrance into reversionism and the Interlocking System of Arrogance is basically some level of Negative Volition toward Bible Doctrine. This results in malfunction of functioning under the [4 Spiritual Mechanics](#) and thus the development and deploying of the [10 Problem Solving Devices](#) of the Protocol Plan of God through Ignorance or neglect of Bible Doctrine. Self Fragmentation of the Spiritual Life is the ultimate failure in the Christian Way of Life and it results in IGNORANCE of the [Grace of God](#) and his provisions to enable complete execution of his Protocol Plan.

This is the result of a lack of consistent Post Salvation Epistemological Rehabilitation by Perception, Cognition, Incultation and Metabolization of Bible Doctrine and its application to situations in life. However, Winner believers use the Grace provisions of God for advancement in their Spiritual Life and are motivated from right priorities to be consistent in Post Salvation Epistemological Rehabilitation and develop momentum for spiritual growth and advancement from Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Losers pull the pin of the Arrogance Grenade and fragment their own lives by entrance into and entanglement within the Interlocking System of Arrogance, Cosmic Dynasphere I. Their recovery from this fragmented life requires the consistent use of the [Rebound Procedure](#) as an Instant Reaction Force when they fail but because of their ignorance of Bible Doctrine they generally are NOT even aware of it's necessity. ([1John 1:9](#)) In the fragmented life the believer is easily deceived by False Doctrine and this thus becomes a life of Self Deception causing function under the 3 [Arrogance Skills](#). ([Eph 4:14](#)) The fragmented life is often characterized by:

- ▲ Sexual Arrogance – [Eph 4:19](#)
- ▲ Inordinate Anger [Eph 4:26](#)
  - ▼ Though one may become angry NEVER let sundown come when one is still angry which means NEVER let sundown come while one is in a fragmented state from anger.
- ▲ Christian Criminality [Eph 4:28](#)

This believer has a command or mandate from God to RECOVER as rapidly as possible from this fragmentation and disentangle himself from the Interlocking System of Arrogance. ([Eph 4:31](#))

The policy and plan for Satan's rulership of this world is the content of the Cosmic Dynaspheres, the DOCTRINE OF DEMONS, which are words put into sentences and paragraphs and infiltrated into the THINKING of the believer who then leaves the Power System of God, the Divine Dynasphere, and enters into the Power System of Satan, the Cosmic Dynaspheres. "Unprincipled" men are believers or unbelievers as Cosmic Dynasphere evangelists who persistently reside in the Cosmic Dynaspheres and try to DRAG the believer into that system with them. They enter into the Motivational Degeneracy of Motivational Arrogance from Mental Attitude Arrogance with its Mental Attitude Sins and function under the fragments of the Arrogance Grenade in the Functional Degeneracy of Functional Arrogance and eventually move from Arrogant indifference to Antagonistic Emotionalism in Cosmic Dynasphere II. They enter the system through some aspect of preoccupation with self and eventually, when their pet area of Arrogance is challenged, they react with ANTAGONISM to the doctrinal principles which are presented to refute their Arrogance and thus become antagonistic to Bible Doctrine and inevitably to God, His Plan, His Grace and The Lord Jesus, The Christ in Cosmic Dynasphere II. They have entered into ERROR by their entrance into the Cosmic Dynaspheres with some level of Negative Volition toward Bible Doctrine leading to the Motivational Degeneracy of Motivational Arrogance and then have moved deeply into preoccupation with self in the Functional Degeneracy of Functional Arrogance in the depths of the Arrogance complex. Inevitably persistent involvement in Functional Arrogance WILL result in becoming ANTI-Christ as a BELIEVER. Therefore, individuals involved in Communism and any level of Religion are human evangelists for the Cosmic Dynaspheres of Satan often believing that MAN Is MASS in motion without a soul or without true self determination or one who must earn his status before God. Obviously then Arrogance is deceitful, deceptive and underhanded and will trap within its interlocking system anyone who is naive or stupid enough to ignore the failings of his entrance into its functions. Arrogance was the basis for the fall of Satan and Arrogance was the basis for the Sin of Ishah (Eve) and subsequently of Ish (Adam). Therefore, Arrogance was the beginning of the downfall of the fallen angels and also of mankind in the garden. Arrogance permeates LIFE on this earth as a result of Adam relinquishing his rulership of the world to Satan in his Fall in the garden. This permeating influence occurs in more ways than are imaginable and will take the believer in The Lord Jesus, The Christ and remove him temporarily, and more often permanently, from the Plan of God for his life. In addition, Arrogance prevents the unbeliever from even understanding let alone fulfilling his purpose in this life of making a proper DECISION and entering into the Plan of God. Man has been designed by God for the purpose of demonstrating that God's Absolute Righteousness and Absolute Justice and Perfect LOVE, his perfect Holiness or Integrity, always functions in unison and cannot ever be in conflict with each other. Man is here to make a decision to Follow the Grace Plan of God or the Evil Plan of Satan, which plan is based entirely on Satan's Arrogance. The only way to become involved in the Grace Plan of God is through the expression of nonmeritorious Faith alone in the Substitutionary Spiritual Death of The Lord Jesus, The Christ alone. Arrogance prevents this in the unbeliever. The Believer is designed to receive blessing

from God but must first attain capacity for the blessings by advancing in the Spiritual Life to Maturity Adjustment to the Justice of God by means of consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Arrogance distracts the believer from this purpose and function and thereby destroys his Spiritual Life.

Arrogance is not 1 sin or failure but a complex of sins and failures to which all human beings are vulnerable. It is the 1 complex of failure which covers both the Self Righteous Legalistic type and the Immoral Lascivious type as well. Therefore, Arrogance covers every aspect of failure a believer can have in his Spiritual Life. Arrogance is the underlying means by which Satan has parlayed his original sin and his rebellion of Eternity Past into a system which can trap every category of believer with NONE being excluded. Arrogance requires SELF evaluation never evaluation of others and Satan tries to exploit the failures of believers as recruitment ploys for his Plan, EVIL. Arrogance can be defined in terms of LUST or what one desires or wants in life. However, consider, what is the accumulation of material things or the approbation of people worth in the long run of life? NOTHING! The Arrogance System is said to be an interlocking system because it results in the interaction, interrelationship and interlocking of various levels or types of Arrogance resulting in the complete fragmentation of the life of the individual. Therefore, Arrogance is a group of distractions or sins INTERLOCKED into a system of Christian degeneracy. This invariably begins with Rejection of principles of bible doctrine designed by God to preserve and protect man or advance him in the Power System of God. It then moves into Mental Attitude distortions or Sins which result from the influence of the Evil of Satan's system of rulership for this world and extends then into verbal and overt sins, crime or Human Good production and other varied systems of degeneration in the Spiritual Life of the believer all related to Arrogance. It is logical that any Mental Attitude Sin is involved in Mental Attitude Arrogance and would allow the immediate entrance into the Interlocking System of Arrogance, Cosmic Dynasphere I. It is also obvious and logical that many other categories of Arrogance must begin with a change in Mental Attitude therefore the Quandary which exists of trying to categorize Arrogance as separate categories of failure in the Christian Way of Life when in ABSOLUTE FACT it is an INTERLOCKING AND INTERRELATED SYSTEM OF DEGENERACY. The Pin on the Arrogance grenade includes any and all Modus Operandi for the believer which involve total preoccupation with self with his exclusion from the Protocol Plan of God. The volition of the individual believer causing entrance into Cosmic Dynasphere I, the Interlocking System of Arrogance, results in FRAGMENTING the persons own life as a result of his CHOOSING his own FAILURES. All fragments of the Christian life result from the believer pulling the pin of his own Arrogance Grenade and are the involvement or entanglement in the Cosmic Dynaspheres and the Stages of [Reversionism](#). Entanglement in the Interlocking System of Arrogance results from such thinking as:

- ▲ Egoism
- ▲ Egotism
- ▲ SelfCenteredness
- ▲ Self Righteousness
- ▲ Self Pity
- ▲ and many more!

The believer who by engaging in Arrogant fragmentation of himself always blames someone else

even GOD for his situation. However, No One can cause the fragmentation of another believer's life only he can do it to himself! This very often results in 2 categories of Arrogant involvement which lock the believer into the Arrogance system which allow him to follow the lusts and trends of his Old Sin Nature:

- ▲ Self Righteous Arrogance leading to Religious Legalism and other Moral Degeneracy functions
- ▲ Lasciviousness Lawlessness leading to Sexual Arrogance and other Immoral Degeneracy functions

Arrogance is the ONLY System of Sin which has its own system of judgment, condemnation and misery, started by the one who enters into Arrogance. A prime example is saying or even thinking one is better or can do something better than other people, this is, in itself, punishment by inversion and he becomes his own worst enemy harboring the sins of the Interlocking System of Arrogance Complex. The believer must be able to recognize Arrogance in his life because it is the most devastating complex which is capable of totally destroying his life and he must avoid or remove himself from the complex as quickly as possible using the [Rebound Procedure](#) and consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine. For the believer, blessing from God is NOT based on who or what he is or does at any time but God has to bless the believer because of His Faithfulness and not for any other reason. He does not expect the believer to be able to “live a good life” or “become respectable” or “rid himself of his obnoxious habits and gain some pride”. In Arrogance believers often think they cause themselves to make it to greatness and whatever blessing comes to them, they therefore feel they “DESERVE” and since they have become NICE people then as a NICE person, God must bless them. This is simply NOT SO and often the blessing believer's receive from God is in spite of their own Pride and Arrogance. Believer's cannot ever become perfect and sinless but God has provided, in his faithfulness, the means of instant recovery from any of one's failures ([1John 1:9](#)). However, He is also incredibly faithful in SPANKING His children when they are totally out of line. Fortunately, in the function of this aspect of his faithfulness, he never spansks to the point which the believer deserves else this would certainly result in his immediate death. He at times spansks some believers to the point of wishing they were dead but then faithfully removes the Divine Discipline so that they can start all over again under his plan.

The Interlocking System of Arrogance is the worst of all problems to catch up with the MATURE believer. This is a complex designed or modified for distortion of and distraction from the Plan and Purpose of God developed for mankind for the historical stage of the Angelic Conflict. Arrogance destroys all capacity and capabilities for life, and results in resentment of others, motivates self pity under pressure and self righteousness under prosperity, lives on flattery and causes the believer or unbeliever to only believe the LIE of the plan and policy of Satan, EVIL. There are a myriad of ways to enter into the Interlocking System of Arrogance and Arrogance involvement comes only from ignorance and often stupidity. To be wise in one's own estimation is to be Arrogant from one's own ignorance or complete stupidity. Unfortunately this is not the only source of Arrogance but one of many ways of entering into the Arrogance complex. Some people often assume that others who demonstrate great self

confidence are Arrogant, this is because these people are incredibly stupid in their self righteous judging of these others and are, in fact, the Arrogant ones. Contrary to popular opinion, the biggest snobs and most Arrogant people come from the ghettos and the scum of society, because they are ignorant and their Arrogance is therefore caused by that ignorance. Rejecting Bible Doctrine or any of the categories of Absolute Truth ultimately produces Black out of the Soul and Scar Tissue of the Soul from entrance into the stages of [Reversionism](#) and the Arrogance complex simultaneously. These people, believers and unbelievers, become simultaneously involved in the apostasy of Reversionism and the degeneracy of the Interlocking System of Arrogance. This is the underlying reason believers and unbelievers both come to believe the system of LIES found in the plan and policy of Satan. As a result of the individual's oscillation between Self Righteousness and Self Pity a strong guilt complex often develops and creates what is seen in the total Arrogance of the bleeding heart liberal. ([2Thes 2:11-12](#)) Ignorance of Bible Doctrine, or any aspect of Absolute Truth, inevitably produces Arrogance and once one enters into the Interlocking System of Arrogance the result is always degeneracy. The overriding concept in the Scripture is that the believer, as a member of the Royal Family of God, MUST, at all costs and in all situations, AVOID IGNORANCE OF BIBLE DOCTRINE because as the Thinking of God put into writing it IS the only solution to problems of life including Arrogance.

Many Christians are very Arrogant today being proud of what they have given up or of their social action solutions, good deeds, etc., demonstrating what they think is the purpose of the Christian Way of Life. If, as a believer or even as an unbeliever, one wants to give up something that is his business but Arrogance tries to superimpose the decision to give up that which one thinks may be hurting him, onto others. If one is miserable because he has given something up in life, then he wants others to be miserable and join him and therefore he tries to superimpose this attitude and decision on others. The removal of ignorance by the Perception, Cognition, Incultation & Metabolization of Bible Doctrine destroys Arrogance in the soul of the believer. This very often becomes an affront to the believer who has given up many things in life for his pseudo spiritual lifestyle and results in his rejection of Bible Doctrine out of hand. However, for the believer in [Reversionism](#) or locked into the Interlocking System of Arrogance, beginning to study doctrine is the beginning of the road to recovery. Cognizance and Conceit are mutually exclusive where Bible Doctrine is concerned. Ignorance of Bible Doctrine pertaining to Israel in the Church Age has very often caused believers to become Arrogant or 'wise' in their own estimation. This is what has occurred in the conservative moment in the United States of America, even back to the 1930s, with their involvement in [Antisemitism](#) and despite their lack of understanding anything about the Jew, they blame them for everything. ([Prov 3:7](#)).

In any aspect or area of life some people are better because of having pressures in life and some are not and the same occurs in the Spiritual Life. Those who remain and function as childish individuals LIVE a fragmented life within the Interlocking System of Arrogance. This is a tragic flaw for the individual who has ZERO knowledge or understanding of REALITY as a result of having NO interest in the Absolute Truth of Bible Doctrine. This is the believer who has been made Salvation Adjustment to the Justice of God many years ago but has little if any

knowledge of the Spiritual Life and thus is childish, foolish and immature as a believer or is a spiritual moron or simply is a believer living a fragmented life in Cosmic Dynasphere I, the Interlocking System of Arrogance. Being carnal ([1Cor 3:1](#)) is something very few believers really understand. Most think of carnality as a few shocking sins like fornication, murder or theft whereas in reality involvement in the Interlocking System of Arrogance, Cosmic Dynasphere I, means that whatever the lusts or trends are in one's Old Sin Nature he will move in that direction when engaging in carnality. As a result of this there will be repercussions and results on down the line in one's life until he destroys himself as a result of using his own volition. This is the concept of what it means to be a believer "grieving God the Holy Spirit". The divine mandate to STOP grieving God the Holy Spirit means that Christians are already in Cosmic Dynasphere I, the Interlocking System of Arrogance and MUST STOP IT. This is the adult believer acting with the mentality of a child being irresponsible and disillusioned about everything. These are the believers who inevitably have moved into the stages of [Reversionism](#) and who are prime targets for 3 categories of Divine Discipline:

- ▲ Warning
- ▲ Intensive
- ▲ Dying

However, they are often KEPT alive by Logistical Grace support from God in order to provide People Testing for the advancing Believers. These believers are said to be AGITATED mentally or mentally unstable like a ship tossed here and there in a stormy sea. This mental instability results from a lack of the accumulation of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of their Soul. They are therefore always disturbed and easily thrown into confusion by the stormy seas of the problems, difficulties, adversities, pressures, troubles, calamities, disasters, catastrophes, sorrows, and extremities of their LIFE. This results in the believer being constantly destabilized in adversities or great prosperity as a result of the lack of knowledge of the [Problem Solving Devices](#) and [Spiritual Skills](#). This believer who is living a fragmented life has failed to use the [rebound procedure](#) and thus failed in the consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine and thus has failed in the essential development and deployment of the Problem Solving Devices.

Therefore, Arrogance is a corrupter of the soul as the basic Prideful sin of Satan himself and is a motivation for rejection of truth and entrance into Reversionism, therefore, it is a great distraction to the Perception, Cognition, Incultation, Metabolization and retaining of Bible Doctrine in the soul. Arrogance motivates the rejection of Absolute Truth and also distracts those who accept the Absolute Truths of Bible Doctrine thus it divorces the believer from both personal and historical reality. It destroys capacity for life, love and happiness and destroys the ability for perception by the rejection of authority including that of scripture and also the communicator of it. It results in irrationality, jealousy, pettiness, vindictiveness, implacability and motivates antithetical functions such as Self Pity under pressure and Self Righteousness under prosperity. Arrogance lives on flattery and always believes the Lie of Satan's System of EVIL. ([2Thes 2:11-12](#)) All Arrogance is related to the 'pride syndromes' of life which includes: ([Prov 11:2](#), [Prov 29:23](#))

- ▲ Legalism
- ▲ Guilt

- ▲ Cowardice
- ▲ Inadequacy
- ▲ jealousy
- ▲ Socialism
- ▲ Anti establishment functions

It is imperative that the believer in this Church Age understand clearly that the Plan of God goes on with or without him and if he fails individually, or collectively as a client nation, it does not hinder the Plan of God, but is incorporated into the plan and it simply means HE PERSONALLY LOSES BLESSING. Therefore, there is no such thing as the Plan of God depending on any single person or group ever. To choose to deviate from God's Grace plan and one's function under it is to become involved in Arrogance. God's plan depends ONLY on God and believers simply have the privilege of going along for a ride. Any believer thinking that the Plan of God depends on what he does or thinks or says is Arrogant and blasphemous and totally incompatible with the principles of [Grace](#). The Plan of God depends on God and He has simply given the believer the privilege, as members of his Royal Family, of being involved in it where his involvement means blessing for him as a believer. Failure to execute this plan does not mean failure of the Plan but, in reality, means the Plan of God will carry the believer along either for a fantastic ride in life or roll over top of him and flatten him under Divine Discipline. It is very simple to ignore or reject the principle and fact that the Plan of God, which was originated in Eternity Past by GOD, only depends on the character and Integrity of God. This plan is not only going to go right on despite what any believer does or doesn't do, but it is his total failure to not understand that nothing in the plan depends on him but that HE depends totally on it and God. Lacking this understanding will result in a great deal of Self Induced Misery and Divine Discipline as a result of his Arrogance.

Once in the Interlocking System of Arrogance no matter how one has entered, one or more of the Gates will become the story of one's life and until he breaks out he will experience a great deal of trouble and difficulty in his life. All degenerate individuals and societies live in the Interlocking System of Arrogance and are totally interlocked into that system. This is, in effect, rejection of the spiritual heritage of a society, such as has occurred in the United States of America, where the continued rejection of it develops into national destruction. It is not an exaggeration to say that almost every problem any person ever has is related to the Interlocking System of Arrogance. Vulnerability to distraction, failure, and ultimately involvement in Arrogance exists on planet earth as long as man has been and will be here and the only way to combat it is through Humility. Humility comes from the proper function of the [Rebound Procedure](#) and Perception, Cognition, Incultation and Metabolization of Bible Doctrine under the Filling of God the Holy Spirit and the [Grace Apparatus for Perception](#). Humility can only be developed by consistent residence and function in God's Power System the [Divine Dynasphere](#). Arrogance is, in essence, the hydrogen bomb of the Spiritual Life. Arrogance produces what could be considered and, in fact, often is, insanity ([Rom 12:3](#)) whereas sanity is the standard of thinking from God found in Bible Doctrine. The Key to Prosperity of an individual, in a nation, family or any group is functioning under the Laws of Divine Establishment, Divine Institutions and having proper authority orientation. Arrogance is the corrupter of the soul and

the sign that the Old Sin Nature dominates the soul. As a complex of sin and failure it motivates the rejection of Bible Doctrine and is a distraction to the Spiritual Life resulting in the believer putting self above Bible Doctrine. Arrogance divorces the believer from reality both personal and historical. Arrogance + Stress in the Soul very often leads to psychological dissociation and split personality along with other mental and physical illness'. Arrogance Rejects authority and motivates emotional sins such as fear, worry, anxiety, guilt and even murder. It reproduces itself in jealousy, vindictiveness, implacability, revenge, holding a grudge, [Inordinate Competition and Ambition](#). Arrogance is parlayed into [Self Righteousness](#) and [Legalism](#) which always lifts itself above the Law. It exists in political opinions, such as trying to make a nation Christian by law. Therefore the truth of, "God makes war against the Arrogant believer but gives Grace to the humble believer".

Arrogance produces inconsistencies in the life which very often the believer cannot see in himself resulting in [Blind Arrogance](#). Wide emotional swings in [Emotional Arrogance](#) occur such as moving from Self Righteous Arrogance in prosperity to [Self Pity Arrogance](#) in Adversity. Therefore, all Arrogance is inconsistent and unstable. Arrogance is easily deceived and therefore vulnerable to flattery and being used by some to control others in [Conspiracy Arrogance](#). Arrogance is motivation for Inordinate Ambition and Competition and involvement in [Achievement Arrogance](#) and is very often plainly obvious in every organization. Arrogance is lust for ascendancy in life and this destroys the right priorities of the Protocol Plan of God and replaces them with a false [Scale of Values](#) and gives false goals to one's life with emphasis on self and people over God. Arrogance in emphasizing LUST for power results in conspiracy, [Revenge](#) and the motivation from [Bitterness](#) which all become tragic flaws which neutralize the beauty, genius, ability and potential of any individual. Arrogance results in the believer becoming involved in politics and political activism and making issues out of things like Abortion, Prayer in the Public School, etc., which are issues related to one's personal Freedom and Privacy only.

Believers in The Lord Jesus, The Christ serve God on this earth as Ambassadors for Christ. They cannot serve God and Wealth at the same time when wealth is not a result of focus on God and Spiritual Advance from Bible Doctrine. If they try to do this it results in Bible Doctrine taking a back seat priority, while wealth becomes the primary priority. Eventually this results in Bible Doctrine being forgotten with wealth being used for entertainment and fulfillment of all the Lusts of the Old Sin Nature. As a result there is a loss of perceptive reality as well as loss of the reality of the source of all blessings. Thus these believers only have remaining the reality of Reversionism and Degeneracy from the conversion of the outside pressure of prosperity into stress in the soul. This also results in the fragmentation of Self with Arrogance and Emotional Sins. As a result of the lack of the [Problem Solving Devices](#) and having ZERO Metabolized Bible Doctrine in the Stream of Consciousness of the Soul there is incredible Self Induced Misery. The only recourse for recovery of the believer is for him to function consistently under the [Rebound](#) procedure to break out of the Arrogance Complex.

Arrogance is therefore, one of the most binding and blinding subtle failures in life, bringing a strong man instant weakness, and taking a magnificent woman and totally destroying her

femininity. No one is destroyed by Arrogance alone, individually, because in their Arrogance they always take others with them. Arrogance is the first means by which people divorce themselves from reality. Arrogance is the manner in which people see self in an grandiose light and as they magnify themselves in their own thinking and emotion while they also tend to criticize and berate all others simultaneously. Eventually this becomes action in life and results in no capacity for life in any area. No matter how great a man is, add Arrogance to him and you have a weak male. Arrogance is destructive to the Spiritual Life with or without the development of [Scar Tissue of the Soul](#) and is the believer's worst enemy, turning his strengths to weakness. It is an insurgency system which destroys the line of communication with God and orientation to life in general. Inside the Interlocking System of Arrogance is total weakness and whether the believer has reached the stage of Spiritual Maturity as a Super – Grace recipient or is an Infant believer he is constantly vulnerable to involvement in the systems of Arrogance. General Custer died at the little bighorn because he was in a vulnerable spot, also the believer, when he enters the Interlocking System of Arrogance is in a vulnerable spot and without the effective use of the Rebound Procedure he will also be destroyed.

Along with all of this, involvement in the Interlocking System of Arrogance is also the single most destructive factor in human relationships. [James 4:6](#), [1Pet 5:5](#) are in the scripture so that believers will remember, “God makes war against the Arrogant believer but gives Grace to the humble”. Personal Love for another person, when outside of the [Integrity Envelope](#) of Virtue from [Personal Love for God](#) and [Impersonal Love for Mankind](#), combines Arrogance and Emotion to result in the irrational procedure of trying to solve a problem with another problem. As an example, when in reaction to her husband the woman, as a responder, MUST respond to someone else and in so doing she destroys herself. In this case Bible Doctrine is eliminated, her ability to respond is eliminated and Arrogance and Emotion take over and, as a result, her soul loses the capability for respect for her husband which is what her love must be based on. Therefore, a woman, as a responder, is subject to the rule which says: "When a woman is not responding she is REACTING" in one of 2 categories. Moral Reactions which result in Crusader Arrogance or Legalism, and Immoral Reactions which result in Sexual Lawlessness.

When Satan is finally bound and incarcerated for 1000 years he will finally see that with all his genius and unmitigated Arrogance he has completely and totally failed to control the world which he went through such intricate machinations to rule. Sabutai the great General of Genghis Khan gained the greatest portion of the world ever under one man in Human History but to control it required his great genius. When the Khan died and the empire was divided, within 100 years his sons and grandsons had lost most of it. To be the ruler of all and to control it all are 2 very different things. Satan demonstrates clearly that no matter how great a creature is in genius and ability when entangled in Arrogance he cannot ever control all that he rules or desires to rule.

No matter how strong a man is, he is weak when he allows any form of pride or Arrogance into his soul. In history we see that the strongest men who ever lived have become instantly weak when they allow Arrogance to take over their souls. The major problem for Satan is how

to take the strongest believer and make him weak and his solution is to work on and through any Arrogance in his soul. This was his ploy in the Garden first with Ishah and then with Ish. One means of initiating this destruction is to put pressure on the believer and allow that pressure to build into [Self Pity](#) which links or interlocks instantly with any Arrogance in the soul. All believers in this Plan of God, are all supported by [Logistical Grace](#) and as a member of the Royal Family of God the believer cannot ever get away from Logistical Grace no matter how far he may advance in the Spiritual Life or how far he may fall into failure in the Spiritual Life. Not in Maturity Adjustment to the Justice of God, when he is under Positive Volition to Bible Doctrine nor when there is total rejection of Bible Doctrine, not even in the warning, intensive and dying stages of divine discipline of [Reversionism](#) can the believer get out from under Logistical Grace. NO BELIEVER EVER EARNS OR DESERVES THIS Logistical Grace support and God keeps the believer here only because of HIS Integrity and to provide him opportunity to participate in his Grace Plan. The second he thinks he is left on this earth and will live to a ripe old age or that he has received some blessing because of something he has done, this is the seed of Arrogance which will totally destroy his spiritual life and any spiritual advance he may have had. Any human being who entertains any form of Arrogance is weak to the extent that the Arrogance has been permitted into his soul. The strongest believers become instantly weak because of Arrogance and the greatest of people become instant failures because of Arrogance. The believer is given ample warning from the bible regarding Arrogance so that he knows that once he entertains Arrogance he WILL become weak. Once he assumes that God has blessed him because of something he has done, this allows Arrogance to filter into the Stream of Consciousness of the Soul and it will ultimately destroy him. No believer, in fact, no human being is here because he earns or deserves anything from God. It is an awesome thing to study the failures of the GREAT believers of scripture which, in fact, are preserved as warnings to all believers in all generations. Such people as Moses, Elijah, Paul, David had all their greatest failures while they were actually in Maturity Adjustment to the Justice of God. This should clearly demonstrate that there are occupational hazards in being a mature believer. These scripture passages have warnings that no believer is as smart as the subtleties of Arrogance and Arrogance is the greatest weapon of Satan. When one thinks he is resisting it, it sneaks up behind him and strikes unexpectedly because Arrogance IS extremely subtle.

Any person in a state of Arrogance is easily deceived by any system of finesse. Arrogance destroys the ability to recognize the finesse of opposition and to counter it. Arrogance deprives the believer of the one system of countering a system of finesse because he fails to use the [Rebound Procedure](#). Therefore, there is no recovery of fellowship with God so necessary for this function, there is no ministry of the Holy Spirit to bring doctrine into the Human Spirit and the Stream of Consciousness of the Soul and then enable him to apply it to the situation. Arrogance is the only disease known to mankind which makes everyone sick except the one who has it. In the Interlocking System of Arrogance Mental Attitude Arrogance always overflows FROM and WITH EVIL Motivation and results in Bad Decisions, Sinful, Criminal and [Human Good](#) actions or production. Therefore, Arrogance can be a trigger mechanism allowing any developed frustration to release all the fury of the multitude of one's Mental Attitude Sins behind which is the influence of Evil and from which results the production of Sin, Crime or

Human Good efforts. This results in every facet of life becoming part of the function under and structure of Good and Evil which is Satan's policy and his plan of production for ruling this world. Human Good is always linked with and stimulates Arrogance to produce boasting, and is never acceptable to God. Boasting is, in fact, a verbal expression of a person's Arrogance. The Interlocking System of Arrogance is therefore, the total antithesis of Grace and total blindness to the Grace and Plan of God.

Arrogance also invariably destroys perceptive ability no matter how high the IQ or great the genius. Learning cannot occur without Humility therefore since Humility and Arrogance are mutually exclusive, Arrogance cannot learn because Arrogance rejects authority especially that found in scripture and Bible Doctrine. Arrogance destroys capability and resents ability in others therefore, the Interlocking System of Arrogance results in irrationality. The person who cannot stand to hear another person complimented without it bringing out his Arrogance in jealousy, bitterness, vindictiveness and implacability, is giving in to that type of sinning which will destroy himself. The person who gossips and attempts to destroy another, along with those who listen to the gossip, are all destroying themselves instead. No one can ever win in any area of life if he is a vindictive person, he will inevitably begin to criticize others and try to discredit them as a result of his Arrogance. This is true in all of the professions, in fact all areas of life. Many people live in a dream world and in some circles of society the advancing believer must be wary of compliments they direct to others or what compliments they receive from others.

It is so very important to heed the NEGATIVE commands of the New Testament Scripture Canon regarding the ministry of God the Holy Spirit. [Eph 4:30](#), "Grieve not God the Holy Spirit", since ignoring this can put the Believer into Cosmic Dynasphere I, the Arrogance Complex. [1Thes 5:19](#), "Quench Not God the Holy Spirit", since ignoring this can put the Believer into Cosmic Dynasphere II, the Antagonistic Emotional Hatred Complex. When a Believer grieves God the Holy Spirit and enters the Interlocking System of Arrogance he fights himself in Cosmic Dynasphere I. When he quenches God the Holy Spirit and enters the Interlocking System of Antagonistic Emotional Hatred, Cosmic Dynasphere II, he fights GOD and becomes the enemy of God, [James 4:4](#), [Phil 3:18](#), the enemy of the cross, [1John 2:18](#), and Anti-Christ.

Good principles have no strength if one is in Cosmic Dynasphere I, the Interlocking System of Arrogance. Nearly every sin or failing in life has an Arrogance component or connotation. It is just as easy for a mature believer to become influenced by and involved with Evil as it is for an unbeliever once they enter into this Arrogance complex. It is not surprising, therefore, that it is very easy to get into this complex but it is also easy to get out of it but difficult to remain OUT. However, once in the complex, people generally like it there and CHOOSE to stay. In this Arrogance complex the mature believer becomes susceptible to the principles in Evil he would not otherwise ever even consider. However, he will not lose any of his blessings from God even while in this system but the divine discipline he will receive is incredible, leading to the Sin Unto Death and loss of everything in his Spiritual Life if his Arrogance involvement continues and results in moving all the way through Reversionism. Once the

believer is in the Interlocking System of Arrogance his level of spiritual growth does not protect him and he is vulnerable to every type of Arrogance and failure in the Cosmic System. Exit from the Interlocking System of Arrogance is not difficult and only requires using the [Rebound Procedure](#), but because people like being in the system and because they have a tendency to exit and then fall right back into it, it is difficult to maintain one's exit from this system. Therefore, where ignorance or resistance to Bible Doctrine exists Arrogance is inevitable.

The believer can be at any level in his Spiritual Life, from [Spiritual Infancy](#) to Maturity Adjustment to the Justice of God, and still become involved in this system of Arrogance. The GREAT believers of the Scripture entered the Interlocking System of Arrogance via different gates of entry but once entered they became extremely vulnerable, interlocking with ALL parts of the system. When this occurs in general to a population in a nation, this is the basis of National Degeneracy and ultimately national destruction. The Interlocking System of Arrogance is often related to Sin and Reversionism but neither is required for a believer to be locked into the Interlocking System of Arrogance. Therefore, there are 3 categories of believers who fail in life:

- ▲ The Reversionist who goes through retrogressive stages to personal self destruction
- ▲ The Arrogant believer who enters into the Interlocking System of Arrogance and incredible Self Induced Misery and Divine Discipline
- ▲ The hopelessly Emotional believer who enters into the Interlocking System of Antagonistic Emotional Hatred and fights against God and all aspects of his GRACE and Plan.

At the point of David seeing and lusting for the exquisitely beautiful Bathsheba whom he observed while she was bathing (He already had 7 beautiful wives and many mistresses) he had already moved into the Interlocking System of Arrogance via [Sexual Arrogance](#). Once he was in the Interlocking System of Arrogance he became everything he should not have been AS A MATURE BELIEVER. He was a coward at this point, he committed murder, he committed rape, and the list goes on, AS AS MATURE BELIEVER. Apart from Old Sin Nature functions, in Arrogance all areas of Sin and Human Good are secondary being related to Pride and other aspects of the Motivational Arrogance of Mental Attitude Arrogance. Character Flaws are failures of character from involvement in Arrogance while Pseudo Flaws are areas where someone's personality flairs are mistaken for Arrogance. This was the case with General Douglas MacArthur and General George Patton. Hangups are parts of pride and other aspects of Arrogance being shown to the world and they hinder Perception, Cognition, Incultation & Metabolization of Bible Doctrine by rejection of the doctrine or the Pastor Teacher presenting it.

Arrogance is the thought based trigger mechanism converting some aspect of Evil into overt Sin, Crime or Human Good production. Arrogance + Frustration causes enhances the Motivational Arrogance of Mental Attitude Sins which move the believer deeper into the complex. This puts him under the strong influence of Evil so that every facet of his life, becomes Sinful, Criminal or Human Good production, as part of the structure of Evil, Satan's plan and policy to rule this world. Arrogance is never a single function and any challenge to thinking which depresses Arrogance forces it to compress in the soul and then when it is

released as a sudden expansion this explosion of the ‘Arrogance Grenade’, releases a chain reaction producing involvement in more of the categories of Arrogance, overt Sin, Crime or Human Good.

Both believer and unbeliever when in Cosmic Dynasphere I, the Interlocking System of Arrogance, think alike in compatibility with their Old Sin Nature trends and their mutual involvement in the Arrogance complex. One cannot be distinguished from the other. The Believer involved in Motivational Arrogance and Mental Attitude Arrogance cannot be distinguished from the unbeliever in the same status. This is clearly demonstrated by the situation of Lot vs the Homosexuals in Sodom. A Believer under [Crusader Arrogance](#) and using panaceas to try to solve man’s problems cannot be distinguished from an unbeliever who is also a crusader. The Believer in [Self Righteous Arrogance](#) involved with [Religion](#) cannot be distinguished from the unbeliever in this status, both having a moral facade.

### **Understanding the 2 Dynaspheres in the Power System of Satan**

Mankind as a lower creation of God has been specifically designed to resolve the Angelic Conflict Appeal Trial and therefore, to live under outside power systems and must in his life choose the Power System of God or the Power System of Satan. Under the principle that without honor, integrity and virtue no functions or achievements in any man’s lifetime can or will ever be successful or perpetuated, the Cosmic Dynaspheres still offers individuals:

Wealth without honor	Success without integrity	Sex without happiness
Approbation without achievement	Love without virtue	Promotion without ability

SEE: [Cosmic Dynaspheres Comparison](#) Graphic Chart

### **The Enemy – the Cosmic Dynaspheres**

The Enemy of the Spiritual Life of the believer, of God and of Bible Doctrine is found in the strategies of Satan to win the [Angelic Conflict](#) Appeal Trial. These strategies are executed by enticing believers and unbelievers to function under the principles and policies of the Cosmic Dynaspheres, the Power System of Satan.

### **Demon Influence**

The believer as a result of being indwelt by God the Holy Spirit cannot be indwelt by demons therefore true believers in The Lord Jesus the Christ cannot be demon possessed. However, the greatest attack on believers is “Demonization”, the transferring of the principles and policies of EVIL the Plan of Satan to rule this world by infiltration of the Doctrines of Demons into the soul of the believer. ([James 3:15-16](#)) These principles of Evil, the policies of the Plan of Satan in the Cosmic Dynaspheres as the Doctrines of Demons can be transferred to Believers in many ways. one which may be demon telepathy, but all of these require CONSENT from the believer. This Demon influence or the influence of Evil is a very GRADUAL thing for believers and never occurs suddenly. It generally begins with development of the WRONG priorities in life, losing track of the importance of Bible Doctrine as a means of spiritual growth and the perpetuation

of Divine Viewpoint on a daily basis. The believer must be reminded daily of some aspect of Divine Viewpoint to maintain stability while living in this world otherwise he will rationalize his position in life and begin to slip into Human Viewpoint. Upon moving into Human Viewpoint the believer then becomes involved in the Human Viewpoint rationales:

- ▲ Play the Game for success and promotion
- ▲ Get ahead no matter what it takes
  - ▼ This is NOT the legitimate principle of Working Hard to Get ahead which is the reality of life under the concept of Doing one's Job as UNTO THE LORD.
- ▲ Stimulation is happiness
- ▲ Sex is true Love

### Entrance into the Cosmic Dynaspheres

Initial entry into the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred and Reversionism must be Arrogant Negative Volition, Antagonistic Negative Volition or the subtleties of simple Negative Volition toward Bible Doctrine principles in any way which solidly entangles the believer in the Power System of Satan. This is Negative Volition toward Absolute Truth, Bible Doctrine, the Gospel of The Lord Jesus the Christ, and / or the Laws of Divine Establishment and Divine Institutions and results in entrance into the Motivational Arrogance of Mental Attitude Arrogance and Mental Attitude Sins. Negative Volition ultimately opens a vacuum in the soul so that ONLY the LIE from EVIL comes through and eventually saturates the structure of the soul. Hearing TRUTH, no matter how it is presented, and rejecting or being indifferent to it also results in entrance into Reversionism and progression down through the 8 stages into the realm of Black Out of the Soul and Scar Tissue of the Soul. This is where only the FALSEHOOD or LIE from Evil in the Cosmic Dynaspheres is absorbed and believed. With a total saturation of FALSE LIES from Evil there basically is then entrance into Cosmic Dynasphere II the Interlocking System of Antagonistic Emotional Hatred. When the believer consistently rejects Absolute Truth, even though he may know nothing about anything, he eventually, when challenged, becomes very combative, irritated and argumentative about the truth. This believer looks for any excuse to Argue down what he does not like and becomes obsessed with self having made self the umpire to determine Truth and fallacy in life. One cannot reject Truth without becoming involved in Mental Attitude Arrogance and Mental Attitude Sins therefore it takes Negative Volition Arrogance to become involved in Mental Attitude Arrogance or any other aspect of Arrogance. (James 3:14)

Once in the Cosmic Dynaspheres the mind of the believer is totally opened to the doctrines and principles of Evil from Satan. (Eph 4:17) Therefore, in order for the believer to enter into any level of the Cosmic Dynaspheres he has had to exercise some level of Negative Volition toward Bible Doctrine. This inevitably results in Scar Tissue of the Soul as part of reversionism opening the vacuum of the soul to suck in the LIES of the principles and policies of Evil provided by one's very own demon teacher. When the believer is under demon influence, the influence of Evil, from residing for long periods within the Cosmic Dynaspheres he becomes Double Minded and is constantly OFF BALANCE in his life. Demon Influence is Relative and there are degrees of Demon Influence which basically correspond to the level of Reversionism one is functioning in. The longer the believer stays in the Cosmic Dynaspheres without the use

of the [Rebound Procedure](#) the greater the degree of demon influence and the greater the saturation with the influence of Evil. Therefore, the MORE the believer's Priorities, Frame of Reference, and Norms and Standards will change. When demon influence and the resultant strong influence of Evil on the soul is persistent eventually every facet of the soul will be controlled and saturated with WRONG THINKING. ([1Cor 2:5](#), [Eph 4:27](#), [James 4:6-8](#))

These principles and functions, within the Cosmic Dynaspheres under the influence of Evil, are absolutely destructive and inevitably result in depression, anxiety, unhappiness, frustration, etc., all related to some level of Self Induced Misery. All this starts with THOUGHT and the great conflict in the Spiritual Life is in the area of Thinking and action only follows thinking or lack of it. Therefore, involvement in the Interlocking System of Arrogance is the basic failure for the believer. Arrogance is a system of thought which is abnormal and is in contrast to thinking as a system coming from Ego as a normal function in life. Arrogance is a basic system of failure and / or sin and can be both Motivational and Functional involvement with Evil, pushing the believer deeper into functions within the Cosmic Dynaspheres. There are 2 overall categorical systems of EVIL in the Cosmic Dynaspheres, Motivational Evil and Functional Evil. One result is [Motivational Arrogance](#) and [Functional Arrogance](#) when residing and functioning in the Interlocking System of Arrogance, Cosmic Dynasphere I. Another result is Motivational Antagonism and Functional Antagonism from residing and functioning in the Interlocking System of Antagonistic Emotional Hatred, Cosmic Dynasphere II. Motivational Arrogance as Mental Attitude Arrogance can be likened to a fragmentation grenade which when it detonates results in a myriad of destructive fragments entangling the individual in the entire system of the Interlocking System of Arrogance. Involvement in Mental Attitude Sin such as hatred is not only sin but a totally abnormal function within the Arrogance System. Here the one who says or thinks "I Hate You" is attaching to self an importance which he has no right to have. [Self Pity](#) is another such area and exemplifies the preoccupation with self which is the Modus Operandi of Cosmic Dynasphere I. Functional Arrogance results when one is involved in Arrogant production in his life which results in him generating only Sin, Crime or Human Good as a BELIEVER. All of this begins with LOSING one's priority of daily consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine and each believer must evaluate himself in this area. Spiritual growth and maintaining one's status in the Spiritual Life requires daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine and this is not a system of [Fanaticism](#) but a systematic development of maximum [Metabolized Bible Doctrine](#) saturating the Stream of Consciousness of the Soul.

Any involvement with Arrogance systems inevitably and gradually changes one's attitude toward TRUTH, Bible Doctrine. In Cosmic Dynasphere I the believer is preoccupied with self and NOT anti doctrine, not opposed to Bible Doctrine at all, even considering Bible Doctrine to be important. However, his priority of consistency in the Perception, Cognition, Incultation and Metabolization has been either changed or never existed because he is indifferent or apathetic to Bible Doctrine. This becomes the gateway to involvement in [Inordinate Competition and Ambition](#) and what we can call "playing the game" for advancement, promotion and success in life. By neglecting or rejecting the [Rebound Procedure](#), the means to exit Cosmic Dynasphere I and reenter the Divine Dynasphere, this believer will eventually and inevitably become

Antagonistic to Bible Doctrine entering Cosmic Dynasphere II. This occurs in a series of stages where he is moving from the Interlocking System of Arrogance into the Interlocking System of Antagonistic Emotional Hatred. This is what is called making bad decisions from a position of weakness and is generally unrecognized by the believer as it develops from and into a series of little problems in life which he is unable to cope with. If, or when, the believer begins to cope with these little problems using [Human Viewpoint](#) principles and not [Divine Viewpoint](#), by the time he resolves the problems he has become entrenched in Cosmic Dynasphere II. In the Interlocking System of Antagonistic Emotional Hatred he is now ANTAGONISTIC to God, Bible Doctrine and Grace. This inevitably brings on to the believer Intensive Divine Discipline for which there is nothing in the Cosmic Dynaspheres which can compensate for or cope with this level of Divine Discipline. This believer becomes very [Bitter](#) in Motivational Arrogance and invariably more antagonistic toward God. Eventually the final stage of Divine Discipline will come to him as Dying Divine Discipline in the [Sin Unto Death](#). However, this may not occur quickly because God may use this believer under the principles of Cosmic Dynasphere Evangelism to test advancing believers and bring weak believers into the Cosmic Dynasphere for this same result. This is the believer being used as the “aggressor” of the Cosmic Dynaspheres, who may be one’s FRIEND, these will try to convince other believers that consistent daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine is not an essential but can be relegated to a convenience.

### **Who Controls the Soul**

This is a system created by Satan himself, possessing a genius beyond human comprehension, where not a single person of this world has ever avoided being caught up in this system at some point in his life. The primary issue in the Spiritual Life of the believer in The Lord Jesus, The Christ is therefore, “Who controls the soul”? At Salvation Adjustment to the Justice of God, God the Holy Spirit indwells the body of the believer to offset the genetic Old Sin Nature which is part of the cellular structure in the body thus preventing demon possession of the believer. Also, at Salvation Adjustment to the Justice of God, the believer is entered into the Divine Dynasphere by being given the Filling of God the Holy Spirit for controlling the soul. However, the Old Sin Nature manufactures in the genetic structure of the body lusts to stimulate an individual’s personal trends to activate his Area of Weakness or Area of Strength to produce TEMPTATIONS to produce Sin, Crime or Human Good which it throws up against the individual’s Volition. Here he must choose to or not to engage in the temptation production. When the believer accepts the temptation and engages in it to produce Sin he is then in the status quo of Carnality where his Old Sin Nature is given control of the soul. This also occurs when the Old Sin Nature produces temptation to engage in Crime, which is sin as violations of the Laws of Divine Establishment and Divine Institutions. Consequently the control of the soul by the individual’s Old Sin Nature occurs because he permits it by his own volitional choices. Therefore, the believer’s decisions to sin transfers control of his Soul from God the Holy Spirit to the Old Sin Nature. When the soul is under the control of the Old Sin Nature the believer is now out of the [Power System of God](#), the Divine Dynasphere, and has moved himself into the Power System of Satan, the Cosmic Dynaspheres. The only mechanism for recovery from this status quo which has resulted from personal decisions is the personal DECISION to use the [Rebound Procedure](#) to place God the Holy Spirit back in control of the

soul.

### **Fallen Angels**

Fallen angels are under the command of Satan called the Prince of Demons, ([Matt 9:34](#), [Matt 12:24](#), [Mark 3:22](#)) and can be placed into 2 categories, those with Bodies and those which are disembodied spirits. Today in this Church Age the individual must deal ONLY with fallen angels which are disembodied spirits. Not having the indwelling of God the Holy Spirit the Unbeliever can be indwelt by these disembodied spirits IF he makes certain decisions or becomes involved in certain activities, but this requires VOLITIONAL choices on his part. These disembodied demons can also attack the soul of the unbeliever and believer alike. The attack on the soul by these disembodied demons results in the influence on or indoctrination of the soul with the principles and policies of the Plan of Satan, EVIL, in the form of the doctrines of demons. As a result the individual believer or unbeliever begins to THINK like the demons except that NO human is nearly as smart as any demon. However, in every case, ALL demon activity concerning human beings, is related to Man's Free Will, human consent. and persistent residence in the Cosmic Dynaspheres. The activities concerning human beings regarding Demons are related to involvement in 6 things:

- ▲ Idolatry: Demonism and the devil's communion table ([1Cor 10:20-21](#))
- ▲ Religion: Ecumenical Religion in the Tribulation will be the strongest example ([Rev 14](#))
- ▲ Necromancy
- ▲ Contacting the Dead
- ▲ Drug Addiction: (gr) Pharmakeia ([Gal 5:20](#))
- ▲ Human Sacrifice: Murder
- ▲ Any other form of consulting "spirits" through mediums

Therefore, the Cosmic Dynaspheres are the great destroyers in Human History and were it not for the Grace of God and truth of Bible Doctrine producing the insulation of the believer to demon influence the Human Race would already have destroyed itself LONG AGO. Fortunately, in every generation, there are some who choose for Bible Doctrine but this has been consistently DECLINING in the United States of America and today is at an ALL TIME historical low as clearly demonstrated by:

- ▲ Lack of Interest by people in Expository Bible Teaching Ministries of Pastor Teachers
- ▲ Idolatry in many forms in the United States
- ▲ Increases in Moslem populations who take over small towns and enter into Military, Law Enforcement and Politics functions
- ▲ Indian cults taking over small towns
- ▲ The influx of illegal aliens who bring their culture and religions and refuse true integration as American Citizens.

This is the undeniable result of believers being totally self absorbed and interested only in pleasure and self promotion. This will inevitably result in the LIGHT of Bible Doctrine being caused to MOVE somewhere else in the world as it has in the past moved from continent to continent. The only thing which can stop this development in the United States today is the

return to Daily consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine with a daily review of Divine Viewpoint thinking processes.

### Arrogance a Primary Enemy of the Spiritual Life

Arrogance is Demon Influence, brainwashing and thought control of both believers and unbelievers. All demon influence begins with Arrogance and the believer must think a great deal of SELF, much more than normal, before Reversionistic Scar Tissue of the Soul opens the little door and allows demon influence to occur by the influx of the principles and policies of Evil. Therefore, it is clear that Demon Influence or the Influence of Evil is the transference of the principles of the policy of Satan, EVIL, as the Doctrines of Demons into the thinking of Believers. (1Tim 4:1) However, always remember that NO ONE ever comes under Demon Influence or the Influence of Evil in his soul without his personal CONSENT.

### The Consent of the Believer

The Old Sin Nature as part of the genetic structure of the human body resides in the cell structure of the body in conjunction with God the Holy Spirit who indwells the believer after his Salvation Adjustment to the Justice of God. The temptations which result from activity of the Old Sin Nature always push against the individual's Volition, the guardian of his Soul. When these temptations breach the Gate of the Volition guarding the soul from personal consent they explode into the fragments of the Interlocking System of Arrogance, some 80+ Systems of Arrogance. Reality is that sooner or later the believer will use his own volition as human consent to pass one or more of these temptations into the Soul so that the Old Sin Nature then controls the soul and the believer enters into the Power System of Satan through any of the fragments of the Interlocking System of Arrogance. Therefore, the KEY to one being under Demon Influence is always Human Volitional consent.

### Manufacturing Losers

The Cosmic Dynasphere system is a factory for the manufacturing of Losers in the Human Race and a vehicle for the administration of Satan's Rulership of this world. The Cosmic Dynasphere System is a repository and classroom for incultation of Satanic Doctrine. It is a tactical trap for enslavement of the Human Race to Satan thus again a factory for the manufacturing of LOSERS. Loser Believers LIVE in the Cosmic Dynaspheres and are servants of Satan and students of Demon Doctrines, the Principles and Policies of Evil, thus enabling satanic doctrine and policy to infiltrate the Human Soul. Arrogance of life is a system of thinking and is what the LOSER carries within himself in order to produce Misery in his own life. Essentially What one thinks determines whether he is happy or not and happiness is not dependent on circumstances in one's life. By one's own thinking he carries happiness or misery with him wherever he goes.

Doctrine is, by definition, a system of teaching and demons have been tasked with teaching principles and policies of EVIL as doctrines of Demons in the classroom of the Cosmic Dynaspheres. For the individual human being, the primary way of getting into the Cosmic Dynaspheres is accepting Old Sin Nature temptation thus pulling the pin of the fragmentation grenade of the Interlocking System of Arrogance. Demon Influence, as a result of its invasion

of the Thinking of the Soul inevitably saturates the human personality with the principles of Evil for those who persist in residing in the Cosmic Dynaspheres. This will result in subtle but sometimes obvious personality changes with believers becoming depressed, developing a personality drag or lag, acting differently, and is the direct result of a breakdown of the spiritual aspect of their life. All aspects of Arrogance involve a systematic engagement in complete preoccupation with self way beyond normal self consciousness. It is a complex [Obsession](#) regarding self and is the major source of temptation and Cosmic Dynasphere Evangelism in the history of the Human Race with no group or classification of humans ever excluded from it. No HUMAN is ever excluded from this potential influence or involvement. However, the more clearly it is defined the easier it becomes to avoid involvement in it because all such involvement is VOLITIONAL.

Invariably, Demon Influence invades the believer's thinking and starts wherever or whenever he is at his best. All great attacks in life occur where one thinks, with what he thinks, and whether or not he even appears to be thinking. The existence of any attitude about anything in one's soul means HE THINKS and his thinking is based on a Frame of Reference and Norms and Standards developed in the soul, whether these are good or bad. Therefore, the Real Person is not the overt person seen by others but the real person is covered by the facade of a human body and the REAL person is, in fact, WHAT ONE THINKS. The real person is how he concentrates or fails to concentrate, his attitudes about life, self, others, God, ETC. Therefore Every person is more vulnerable, not in the physical body nor even in the Emotion of the Soul, but in the thinking processes of the soul. When a believer becomes involved in Arrogance, from any aspect of involvement in the Interlocking System of Arrogance, he must remember that HE himself is responsible for this involvement.

The Demons teach the Doctrines of Evil but they must have the believer in the classroom in order to teach him. The believer must therefore have chosen to be in the Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred. No demon can teach principles of Evil to the believer residing in the [Divine Dynasphere](#). No one can ever get into the Cosmic Dynaspheres apart from his own volition becoming negative toward God or any aspect of his Grace Plan. As a result of Bible Doctrine, God, and His Grace Plan being rejected, any category or variety of Sin or Crime can be engaged in which puts the believer's soul under the control of the Old Sin Nature. Thus, Demon influence as thought invasion of the soul through the Interlocking System of Arrogance involving principles of Evil influencing the thinking, becomes Motivational or Functional Arrogance. Therefore, self destruction occurs for the individual as a result of this Arrogance in his life. The reality is that one cannot maltreat people individually or collectively and be irresponsible toward them from building up a system of Arrogance without paying for it as is clearly demonstrated in the trends of history. Therefore the truth of "Arrogance precedes Destruction and a LIFESTYLE of Arrogance comes before self destruction". ([Prov16:18](#)) All disasters in human history can be followed back to Arrogant Rulership, ([Is13:11](#)) just look at the United States of America in this 21<sup>st</sup> century and for many decades before this.

Failure in the development of Functional Virtue from Motivational Virtue in the [Divine](#)

Dynasphere results in development of Functional Evil from Motivational Evil of the Interlocking System of Arrogance and the potential of residence in the Interlocking System of Antagonistic Emotional Hatred. (Prov 29:23) If the individual cannot think in terms of TRUTH he will not be able to cope with life because Satan as ruler of this world in an ultra super genius at manufacturing the LIE. The LIE, as the principles and policy of EVIL, will get to the individual every time and become his motivator and the basis for his decisions in all aspects of his life. The resultant Bad Decisions from a position of weakness will cause a loss of control of one's life and loss of a Personal Sense of Destiny if the believer has acquired it. In addition, involvement in Arrogance divorces the individual from both the personal and historical realities of Life. This results from the fragmentation of the Arrogance grenade with the destructive impact this has on one's life. Arrogance rejects all authority both human and Divine and seeks ways to get around it and to destroy it. This same Arrogance destroys capacity for life and results in wide emotional swings with loss of capacity for living life and loss of closeness in relationships with those whom one loves. Arrogance motivates inconsistent Modus Operandi so that when under the outside pressures of adversity in life it results in involvement in Self Pity. While when under the pressures from prosperity this will result in involvement in Self Righteousness which is the basis for Fanaticism. Arrogant thinking is irrationality and this destroys all capacity for coping with adversity or prosperity in life. The real tragedy of the subtle involvement in Arrogance is that when believers attend Bible Doctrine studies they only hear what part of the Truth they want to hear in order to distort, ridicule or reject it. By this means the philosophy of Arrogance results in a false perspective in life where the Arrogant believer distorts, rejects or uses Bible Doctrine only for his own advantage or possibly only learns the vocabulary of Bible Doctrine in order to gain his own personal objectives and advancement. This believer inevitably will come under some pressure or adversity, especially some form of personal injustice and unfair treatment, so that when he depends on his emotions and these distortions his decision are always erroneous, his judgments poor, his attitudes wrong, and in effect he destroys himself.

Therefore, upon initial entry into the Interlocking System of Arrogance one is indifferent to Bible Doctrine, God and Grace. As he progresses deeper into the Interlocking System of Arrogance he sets self up as an expert on everything and especially on what the Pastor Teacher should be teaching or doing. This believer has made self into the expert and from this expertise he attacks the Pastor Teacher who has responsibility for communicating the message of Bible Doctrine and also attacks the message itself. This is without hatred or bitterness or venom which comes only with extended time residing in the Cosmic Dynaspheres and moving into Cosmic Dynasphere II. This ongoing development of an apathetic, indifferent attitude inevitably changes and lowers the priority of Bible Doctrine in his life. As the priority of Bible Doctrine is lowered he divorces self from more categories of Absolute Truth making greater distortions of it concerning:

- ▲ The Gospel of Christ – though he has already made Salvation Adjustment to the Justice of God.
- ▲ The Laws of Divine Establishment and Divine Institutions – moving into becoming an inculcated liberal.
- ▲ The Total Realm of Bible Doctrine.

Once this process is begun a transition occurs from the truly spiritual Divine Viewpoint thought in the soul to the cosmic thinking of Human Viewpoint in one's life. He develops new erroneous Norms and Standards from EVIL and a whole rationale of Self Justification from involvement in the Arrogance Skills. In this situation Divine Discipline does not come quickly because the bad decisions he has made from a position of weakness bring incredible Self Induced Misery to this believer. However, once this believer gets into the pressures of Intensive Divine Discipline something occurs in his life which opens up the subconscious storage of all his flaws and failures to allow into the conscious mind to flow FEARS, ANXIETIES, TERRORS, INSOMNIA, etc. Thus begins the decline of the believer into Psychopathic Arrogance.

The Veracity of God is the attribute of God which means that GOD IS TRUTH and this is an eternal part of the divine character of God therefore God always makes WAR against that which is not true because it is absurd and this is what Arrogance truly is. When under demon influence residing in the Cosmic Dynaspheres GOD makes war against both believers and unbelievers involved in Arrogance or Antagonism. (1Pet 5:5-6) The strong delusion which comes to the individual with Scar Tissue of the Soul and Demon Influence in the Cosmic Dynaspheres is the basis for 90% of all unhappiness among believers. Under demon influence Arrogance produces IGNORANCE of TRUTH and if one has learned some truth it will be erased by persistent residence in the Cosmic Dynaspheres. Any Bible Doctrine which has been learned will be removed from the Stream of Consciousness of the Soul as the believer moves through the stages of reversionism into Black Out of the Soul and Scar Tissue of the Soul replacing Bible Doctrine with principles of EVIL. Usually, whatever Bible Doctrine is not removed will be distorted into systems of legalism, cultism and other various aspects of Evil and what is far worse today, Civil Disobedience and Christian Activism. Many Christians, under the influence of Evil, produce Sin, Crime or Human Good all which are most often ultimately destructive to society.

### A Clearer Understanding of Arrogance

(gr) KOSMOS means Organization and therefore the Cosmic Dynaspheres are Satan's Organizational system to CONTROL THE LIFE OF EVERY MEMBER OF THE HUMAN RACE ESPECIALLY THE BELIEVER. Therefore, Cosmic Dynasphere I, the Interlocking System of Arrogance is a part of Satan's policy and plan to control the Human Race by causing the individual to FOCUS totally on SELF. He uses it through the exploitation of individuals by means of their own Arrogance. Satan was the originator of Arrogance and it was his original failure and sin and the basis for his Plan of Evil to control the Angelic Creation and Rule in God's Place. It has a myriad of facets including Motivational and Functional aspects under Volitional Acceptance and involves a huge number of parts and means of entrance into the system. The emphasis overall in Arrogance is an abnormal preoccupation with self and clearly reflects Satan's philosophy and thinking in the initiation and function of the prehistoric Angelic Conflict. Therefore it is clear that the target of Cosmic Dynasphere I, the Interlocking System of Arrogance is SELF and when a believer becomes involved in it, it is SELF which he completely destroys. Therefore, Arrogance with its many manifestations brings to light the

people who often seem humble but are in fact saturated with Arrogance of one form or another.

No believer has ever been, nor ever will be, justified for being entangled in the Cosmic Dynaspheres or under persistent carnality and believers are commanded to STOP LOVING the Cosmic Dynaspheres referring to the Interlocking System of Arrogance specifically. (1John 2:15) People LOVE the Arrogance system and LOVE to distract and discredit other people in their Spiritual Life because of Jealousy as part of Mental Attitude Arrogance and HATRED which is Arrogance plus Emotion. People love to distract and discredit others because of personality conflicts which lead to vindictiveness and implacability all which are Arrogance. People think they are spiritual or holy and resent others who have a good time in life and are lighthearted and have a good sense of humor. The believer who loves being in the Cosmic Dynaspheres does not and cannot have Personal LOVE for or from God. This believer lacks Personal Love for God because he is not functioning within the Divine Dynasphere nor with the 10 Problem Solving Devices. Personal Love for God is a primary Motivational Virtue and the driving force behind the momentum of the Spiritual Life of every believer. (1John 2:13-15) The desire for stimulation, arising from the Lust patterns of the Old Sin Nature in the believer, replaces the true motivation of the Christian Way of Life of Personal Love for God with Motivational Arrogance. Therefore, the Arrogant Pattern of life can be MENTAL Arrogance, VERBAL Arrogance or OVERT Arrogance and even CRIMINAL Arrogance, ALL are systems of Arrogance in Cosmic Dynasphere I.

The concept of LIVE AND LET LIVE is a wonderful way to describe Grace Orientation in relationships with people and is the absolute antithesis of Arrogance. The believer who loves being involved in the Cosmic Dynaspheres receives ONLY the Impersonal or Unconditional Love which God has directed toward the entire Human Race. Once the believer becomes involved in Arrogance his life becomes a series of fragmented Modus Operandi. Motivational Arrogance is the primary source of the pins in the Grenade of Arrogance involving the many categories of Mental Attitude Arrogance and includes ALL Mental Attitude Sins. This is a STINKING Mental Attitude in the believer and unfortunately, about 85% of all believers, no matter how long they have been saved, fit directly into this category and have made NO Progress in the Spiritual Life. This Motivational Arrogance results in a fragmenting of the life of the believer by his becoming entangled in many if not all other aspects of Arrogance so that this fragmentation may include any of the myriad of gates of entry into the Interlocking System of Arrogance. These entry areas of Arrogance are all fragments of the Arrogance Grenade resulting from its explosion in the life of the believer who through his own volition enters into this Interlocking System of Arrogance, Cosmic Dynasphere I. The believer may or may not get hit with every fragment but will always become entangled or struck by SOME of them depending on the length of time he resides OUTSIDE of the Divine Dynasphere and within Cosmic Dynasphere I.

Arrogance is often defined in terms of LUSTS or what one wants or desires in life such as Recognition, Love, Admiration, Man or Woman, Money, Fame, Success, being well thought of, Power, etc. However, in reality of what value is the approbation of people or the accumulation of successes or material wealth in the long run in life? NONE! In whatever size

“POND”, group or organization, one finds oneself, inevitably LUST for power results. Today the “Ponds” of the Media and Political Parties use their FREEDOM to be conspiratorial in order to control this country but this also happens in many small Local Churches so that other people will think well of the conspirators. This is inevitably what happens wherever people are together and organized in some way.

It is vanity, pride, conceit as part of the Arrogance of the original sin of Satan, ([Is 14:12-14](#), [Ez 28:14-17](#)) by which every human being, having an Old Sin Nature, can have EVERYTHING possible in life, just like Satan did, and not be satisfied. The Woman in the garden was the object of Satan’s deception because she, having everything she could imagine, was dissatisfied in her Arrogance. The woman was deceived because she was not happy being SMART but wanted to be SMARTER THAN. She did not know what Good was nor what Evil was, and in fact did not need this knowledge, but she understood what “knowledge” meant and she believed the LIE of Satan when he said that she would be as smart as, in essence Equal To, God. The pin in her Arrogance Grenade was her Self Centered Jealous Arrogance just as it was in Satan and SHE PULLED THE PIN and ate from the Tree of the Knowledge of Good and Evil. She then presented the fruit to her Husband, who did not even have to walk across the street of the garden to get it. This was all part of a very complex conspiracy and it was much more destructive and degenerate for Adam to take the knowledge of Good and Evil from the hand of the woman. He looked at the first sinner now spiritually dead and he chose the woman OUT of the garden over GOD in the garden. Adam, chose the creature rather than the creator, and THIS IS WHERE Arrogance ENTERS INTO THE SOUL. Believers inevitably emphasize PEOPLE, especially SELF over GOD and this is the same tragedy as occurred for Adam in the Garden. The woman was deceived or tricked or deluded by Satan but the Man knew exactly what he was doing and made a volitional based choice for the creature and not for the creator.

In any organization, even legitimately good organizations, there can be Arrogant people who only want to get to the top and control others and be well thought of for what they do and THIS is involvement in Cosmic Dynasphere I. Living in the Cosmic Dynaspheres is “Vanity of Vanity all is Vanity says the man with the message” or “Emptiness of Emptinesses all is Emptiness says the man with the message”, Solomon the Son of David, King of Israel. The only way to avoid saturation with involvement and total entanglement in the Interlocking System of Arrogance, Cosmic Dynasphere I, is by advancing in the Spiritual Life, to Spiritual Adulthood and reaching the point of Basic Personal Love for God, [Problem Solving Device #7](#). The believer can develop some levels of Personal Love for God as he moves toward spiritual adulthood but [Advanced Personal Love for God](#), Occupation with the Person of The Lord Jesus, The Christ does not become a reality until he progresses and breaks into Spiritual Maturity.

### [The Purpose of the Interlocking System of Arrogance](#)

Part of the strategy of Satan as ruler of this world is to control believers and since most believers are not controlled by God the Holy Spirit nor Bible Doctrine it is easy for Satan, using influence from the principles of Evil found in the Cosmic Dynaspheres, to control them. This is invariably the expanded result of their own volitional entrance into the Cosmic Dynaspheres. There are a huge number of parts and means of entrance into the Interlocking System of

Arrogance and avoidance of them is what Paul was saying when he commanded that believers no longer be childish and destabilized as ships on heavy seas. In Cosmic Dynasphere I, as the believer emphasizes self in contrast to GOD, he causes this extremely complex and convoluted system of distraction to be directly aimed at himself preventing his spiritual growth and advancement. Cosmic Dynasphere II is Satan's propaganda and indoctrination system to educate and promote antagonism toward anything related to God where the emphasis is on ANTAGONISM and INTOLERANCE toward the plan, purpose and Will of God and all Christian personnel involved in its execution. This system is clearly demonstrated in the ideologies from Marxism or Communism to Religious Liberal Theology or Christian Activism with emphasis on Human Viewpoint thinking and psychological living which is directly in contrast to spiritual living and Divine Viewpoint thinking.

### **Arrogance & Power Systems**

Living in this world man must depend on some invisible power for his continued existence. There is the Power System of Satan and the Power System of God and the believer, as part of the Royal Family of God, should never divorce himself from his only source of true power in his Spiritual Life which based on Metabolized Bible Doctrine derived from consistent function under the Filling of God the Holy Spirit in the [Power System of God the Divine Dynasphere](#). It is therefore obvious that Arrogance in any category automatically seeks to divorce the believer from this source of strength by distracting him from Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. If man rejects what God has provided he becomes a slave to what Satan provides, the Cosmic Dynaspheres. These power systems of Satan make the person who is in fact a slave, think he is the greatest thing in the world, by trapping him within his own Arrogance, therefore, Arrogance blinds the minds of all who serve Satan. Therefore, the greatest power in life outside of what God has provided for man is Arrogance. It is a most attractive invisible power system, it is a killer, a devastating invisible power. In itself it inevitably leads to antagonism, animosity and rejection of God and the Plan of God and all while romanticizing self. This system builds up the one involved in it but when he is torn down from his failures, he learns nothing from his own destruction but instead intensifies the Arrogance of self to avoid the reality of the failure.

Satan was guilty of the Arrogance of Pride and Power Lust when he declared "I will be like the Most High God". Satan, as ruler of this world, has great power and administers his power through or by means of Cosmic Dynasphere I, the Interlocking System of Arrogance and Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred, along with the inevitable result of Reversionism which destroys the believer as a witness for the prosecution in the Angelic Conflict Appeal Trial. There is, as a momentum test for all believers, a DIRECT attack of the Cosmic Dynaspheres putting pressure on the believer moving from Spiritual Infancy toward and through Maturity Adjustment to the Justice of God. The entrance gates of the Interlocking System of Arrogance are designed to interface with and disrupt responses to all the momentum tests provided by God for the accelerated advancement of the believer in the Spiritual Life. In other words the entrances into the Interlocking System of Arrogance all function to convert Old Sin Nature temptation into Evil Influence thinking which in turn is converted into Sin, Crime and / or Human Good production. These entrance gates all work

together and interlock with each other to function as major distractions from maintaining residence in the Divine Dynasphere, the Power System of God for the Christian Way of Life. The Arrogance system thus prevents successful traversing of the momentum testing designed to cause accelerated spiritual growth in the advancing believer. No matter how high one rises in the ranks of the Christian life he can always be tripped up by the Interlocking Systems of Arrogance. ([Rom 12:2-3](#), [1John 1:6](#))

Satan has invented this system for administration of the world he rules and HIS absolute BEST solutions for any problems in life are always found in the Arrogance Complex. Arrogance destroys and is totally antithetical to Virtue thus destroying both Personal and Impersonal Love in the human race. Arrogance as a complex includes the worst failures of mankind and attacks the soul directly and can never be and never is an isolated failure. Arrogance most often as a Mental Attitude Sin begins with a simple thought but by cultivating this Arrogant thinking and carrying it in the soul as a thought the individual ends up with total inability to think rationally. It is Arrogance carried in the soul, long enough and intensely enough, which results in total saturation with emotion to the point of temporarily or even permanently destroying any ability to think rationally. The whole purpose and inevitable result of Arrogance is to divorce the individual from the reality found in Absolute Truth. Satan became involved with the Arrogance of Pride and then manufactured an entire system of preoccupation with Self whereby one becomes totally subjective and then eventually antagonistic toward Bible Doctrine so that his [Self Pity](#) causes him to believe Bible Doctrine does NOT work. However, and on the contrary, the fact that a person is one who speaks his mind and is aggressive and self confident does NOT mean he is Arrogant and very often many people use self effacement as a disguise for Arrogance and neither is that Humility. Humility is one of the greatest things to be developed in the human being unless it is presented as the pseudo Humility of self effacement. This self effacement form of pseudo humility is where the person dresses sloppy and has no proper hygiene, is pitiful and is in fact totally Arrogant. Arrogance thinks in terms of superior and inferior but [Enforced and Genuine Humility](#) think in terms of respect for authority and capacity for love where TRUE LOVE thinks in terms of toleration, respect and support rather than competition. Therefore, Arrogant people think of self in terms of better than or worse than others.

### **Recognizing Entrance into the Interlocking System of Arrogance**

Believers begin to fail in the Spiritual Life from rejection of some small point or principle of Bible Doctrine not from diving into the Arrogance complex system as such. Rejection of Bible Doctrine is the quickest way to enter into the Lies of Satan's Strategies of distraction for the believer. It instantly involves the believer in the Apostasy of Reversionism and Degeneracy of the Interlocking System of Arrogance and if engaged in long and strongly enough moves him into the Antagonism of the Interlocking System of Antagonistic Emotional Hatred, Cosmic Dynasphere II. As part of Reversionism this builds [Scar Tissue of the Soul](#) and Scar Tissue of the Soul leads to destruction of the Spiritual Life. No matter how one enters the Interlocking System of Arrogance the number 1 problem is Mental Attitude Arrogance which is often simply called PRIDE. This is thinking that one is better than others because he can do somethings better than others but this thinking of being better than others in any area is simply Juvenile.

An underlying principle of life which must be considered at all times I call “Dr. Frank’s Postulate of Life” which says basically; “There is always someone better, smarter, stronger, more attractive than you are, therefore get your head out of your ass and face reality”. Once one gets into the Interlocking System of Arrogance the other areas or forms of Arrogance in the system amplify each other and draw him in progressively deeper. One may, in fact, get into the Interlocking System of Arrogance without even knowing he is in it through [Blind Arrogance](#). Once he is in he will become [Anti-Authority](#) and [Conspiratorial](#) and mumble, grumble and [Complain](#) always thinking he is better than others and wondering why people don’t understand how great he is.

### **Demon Influence & Demon Possession & Arrogance**

The unbeliever enters into the Cosmic Dynaspheres by being anti-establishment or anti-Divine Institutions and also as a result of certain categories of sin while the believer enters the Cosmic Dynaspheres also through neglect or subtle rejection of Bible Doctrine. This is the result of 1 of 2 primary mechanisms:

- **Demon Influence** – This is demon invasion of the thinking or thought patterns of the soul with the principles of EVIL.

Satan’s Attack on either the believer or unbeliever can be through demon influence only and this should clearly demonstrate the important fact that there can be no differentiation between believer and unbeliever when the believer has resided for any length of time in the Cosmic Dynaspheres. Demon influence results in the delusions of believers and pseudo theologians who think that one cannot commit certain shocking overt sins and still be a believer. This is totally false since a believer can commit any sin which is motivated through the area of weakness of his Old Sin Nature YET STILL HAVE ETERNAL SECURITY because this was irrevocably provided to him by GOD. Any consistent residence in Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred will put the unbeliever directly under demon influence. Demon Influence is extremely destructive because through it Satan can gain control of the thinking of both believer and unbeliever.

- **Demon Possession** – This is the demon invasion of the body of the unbeliever only.

This cannot occur in the believer because he is indwelt by God the Father, God the Son and God the Holy Spirit from the point of making Salvation Adjustment to the Justice of God and no demon would even want to attempt take over the body of a believer with these provisions. This is also a very destructive thing for the Human Race and is one of the sources of various religions in the world and even today many of the world’s religions are still completely involved in demon possession. The FASTEST way to enter demon possession apart from the illicit use of drugs is PHALLIC IDOLATRY. This is disastrous and destructive for unbelievers involved because they can then become involved in any operation or function which SATAN wants them to be in. This is demonstrated by the functions involved in “FAITH Healing” since all Illness comes from Physiological disturbances, Mental disturbances OR Demon possession. The correction of illness resulting from Demon Possession is what occurs when the faith healer under Satan’s guidance tells the demon to leave the sick person so he can appear to have healed him.

### Fragmentation of the Spiritual Life & Arrogance

The Pin in the Arrogance grenade which will destroy the believer's Spiritual Life is every category of Arrogance in the Interlocking System of Arrogance, Cosmic Dynasphere I. However, once Motivational Arrogance begins from involvement in any aspect of Mental Attitude Arrogance all the motivation from Evil and abnormal Modus Operandi or behavior of the believer has a logical and doctrinal explanation. This Motivational Arrogance drives the Grace Policy of God away and causes the believer to become a disciple or servant of the Devil. The released fragments of this grenade shatter the believer's relationship with God and destroys his Spiritual Life. The fragments also destroy his interactions and relationships with people and they become the basis of a disorganized life in Reversionism and persistent Carnality with overwhelming entanglement in the Cosmic Dynaspheres. This believer becomes conscious of other individual's sins and failures but in Arrogance ignores or justifies, under the Arrogance Skills functions, his own sins. The primary principle is that the believer cannot be occupied with the sins and failures of other believers while ignoring his own sins and failures and at the same time execute the Protocol Plan of God. Self Righteous Arrogance prevails in this fragmented life and it results in that believer not using the Rebound Procedure. As a result his fragmentation occurs according to his Lust patterns driving his Old Sin Nature trends in the direction of the area of weakness or area so strength of his own Old Sin Nature for the production of temptation of Sin, Crime or Human Good. When the pin of one's Arrogance grenade is pulled and the grenade detonates it scatters the Arrogance complex in all directions throughout the soul of the believer. Arrogance involvement causes the believer to fail to take responsibility for his own volitional choices toward Arrogance and the resultant fragmenting of his own life making the true KEY to recovery the Rebound Procedure and VOLITIONAL choice to use it. Therefore, fragmentation caused by the detonation of one's personal Arrogance Grenade explains all the failures of the believer as a result of his involvement in all aspects of the Interlocking System of Arrogance. This inevitably results in the destruction of his Spiritual Life and many times destruction of their physical bodies as well, The fragmentation of the Arrogance grenade explains everything sinful, abnormal, hypocritical, criminal, every act of human good, all involvement in or motivation from Evil, all Moral and Immoral degeneracy in the life of the believer and is the inevitable interlocking with the Arrogance of False Perspective.

Therefore the Greatest danger to the Spiritual Life is entrance into the Interlocking System of Arrogance and the accompanying sins and failures, and into the Interlocking System of Antagonistic Emotional Hatred and the accompanying Emotional Complex Sins and resultant involvement in the Stages of Reversionism. It is ultimately the believer's failure to reside consistently in the Divine Dynasphere and failure to deploy the 10 Problem Solving Devices onto the Forward Line of Troops of the soul. SO! How does one know when he is entering into the Interlocking System of Arrogance?

- He sets aside normal things in life and focus' on self. No matter how smart a person is, he is never too smart for Arrogance and it is always smarter than he. Even a super genius like Satan falls to Arrogance. Also, dumb Arrogant person can win over a smart Arrogant person with FLATTERY. Flattery is the facade of pseudo love which inspires and motivates others through dishonesty, deceptiveness, lies and hypocrisy. The

greatness of any mature believer is his ability to think both in times of great prosperity or intense adversity. Arrogance succumbs to flattery and divorces one from reality and therefore all rational thought ceases in both prosperity and adversity for the Arrogant one. Arrogance very often originates in a person, who, as a leader in some great project, begins to gain recognition from others for doing something very well. This is the result of his lack of concentration on Bible Doctrine which results in following the path to the [Stages of Reversionism](#).

- He begins blaming others for personal failures in total Arrogance and this is clearly demonstrated by the response of Adam when under interrogation by the Lord after his fall. The principle of the reality of the fall of Adam and Ishah was the eating of the fruit of the Tree of the Knowledge of Good and Evil which resulted in the first spiritual death in man and then ultimately physical death and these were initiated and manifest through the function of Arrogance.

In short, Arrogance is the way of life when one is under the control of the Old Sin Nature. All sin, crime and human good results from the influence of Evil activating the Old Sin Nature by temptation titillating the volition of the soul of the person. The Interlocking System of Arrogance is derived from Evil and is therefore stronger than anything else in life with only 1 exception, that being Bible Doctrine. Arrogance is the biggest issue the believer will ever face and from it stems every concept in the whole realm of failure in execution of the Plan of God. In addition once a believers is involved in this Interlocking System of Arrogance both degeneracy and apostasy will stem from it as the result of Evil influence and motivation. ([Ps 25:8-9](#))

Involvement in the Interlocking System of Arrogance with a person becoming vulnerable to all the other functions of the Arrogance system is how criminals are made through Volition + Arrogance. This is demonstrated by David who as a believer in Maturity Adjustment to the Justice of God, entered into the interlocking system of Arrogance through [Sexual Arrogance](#) but once in he picked up [Criminal](#), [Conspiracy](#) and [Blind Arrogance](#) to name just a few. The only escape for the believer from this vulnerability to the Interlocking System of Arrogance is through the [Rebound Procedure](#) and then consistent focus on Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Once in the system, potentials for being a criminal, maniac, conspirator and everything truly involved with Evil are present and available there.

Vulnerability to failure in relationships with others is always through Arrogance. Once one accepts things in the framework of Arrogance he becomes a weak individual. It is inevitable that he will have some Arrogance hidden in the Stream of Consciousness of the Soul. He can operate in the Christian Way of Life with this Arrogance because when he confesses known sins his unknown sins are also forgiven and thus the unknown or unrecognized Arrogance is also forgiven. REMEMBER, it is not removed but forgiven and he can by this function limp along in his Spiritual Life until the Arrogance comes out in the open, in which case he must be quick again to use the [Rebound Procedure](#). The believer must not allow the [Arrogance of Bitterness](#),

or other mental attitude sins which occur as a result of life in this world, to effect him but must keep his eyes on God and Bible Doctrine. The extent to which he holds mental attitude sins and Arrogance (the me, me, me syndrome) is the extent to which he cannot grow in the Spiritual Life. Courtesy is the overt demonstration of the absence of Self Centered Arrogance. Lack of courtesy, selfcenteredness, is the attitude which causes disruption and lack of order in the Local Church or any organization because the mind of the believer so involved is disordered. Any sins related to the Interlocking System of Arrogance (Arrogance sins) or the Interlocking System of Hatred (Emotional sins) will not have Divine Discipline punishment canceled. Therefore, one cannot ever get away from Arrogance if he continues to involve himself in selfcenteredness.

Paul used sarcasm and rhetorical questions to ask the believers in Corinth if they alone received Bible Doctrine. If there were no others, did they have it before anyone else or did they learn it with others at the same time. These believers were acting as if they had the right to change the doctrine they had learned and the protocol in which they were learning Bible Doctrine to whatever they decided it should be. Corinthian believers were seduced by the cultural philosophy of “eat drink and be merry for tomorrow we die”. They were being influenced to reject the doctrine of resurrection and to become reckless and promiscuous in life. Rejection of resurrection opens the door to [Self Righteous Arrogance](#) and / or Hedonistic [Pleasure Arrogance](#).

Long Life is valueless unless there is a factor of the highest quality and the quality factor depends on the values of the individual. Values developed in the Spiritual Life from [Metabolized Bible Doctrine](#) in the Stream of Consciousness of the Soul result in a wonderful high quality life. Quality of Life must come from thought and for believers the thought must be from Metabolized Bible Doctrine circulating in the Stream of Consciousness of the Soul. Emotion is only part of the life with regard to entertainment and in response to the thinking of the soul. What counts as one gets older and more spiritually mature is NOT how he feels each day but HOW HE THINKS EACH MINUTE. Proper questions to oneself should be:

- ▲ Do I have a maximum accumulation of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul as the basis for my thinking?
- ▲ Do I have the [10 Problem Solving Devices](#) deployed and in use on the Forward Line of Troops of my soul?
- ▲ Do I have the Peace of God which surpasses all comprehension garrisoning my mind and thinking?
- ▲ Do I have VIRTUE and HUMILITY from consistent [Divine Dynasphere](#) Residence?

IF one's thinking is outside these guidelines then he is in the Interlocking System of Arrogance and most likely also functioning under the [Arrogance Skills](#) and totally deceiving self. If he has the spiritual lifestyle and lives in the Sophisticated Spiritual Life under the Protocol Plan of God he is never forsaken by God AND his descendants will be blessed as a result of association with the invisible hero which he is.

### [Polarized vs Self Fragmentation](#)

Polarized fragmentation is defined as the conflict between two categories of Spiritual Life failure: religious legalism vs lascivious lawless antinomianism. The Old Sin Nature is made up

of:

- ▲ Lust Patterns, desires to fulfill the needs of the body or mind
- ▲ Trends of malfunction
  - ▼ Toward Asceticism or Religious Legalism
  - ▼ Toward Lascivious Lawlessness or Antinomianism
- ▲ An Area of Strength
  - ▼ This results in TEMPTATION to produce the spiritually dead Human Good works of Christian service and Christian activism apart from GOD
- ▲ An Area of Weakness
  - ▼ This results in TEMPTATION to produce Sin as violations of the standards of God or Crime as violations of the Laws of Divine Establishment and Divine Institutions set up by God

It is the Area of Weakness which results in the temptations to produce personal sin which is the source of self-fragmentation. When fragmentation is perpetuated in one's life:

- ▲ The trend toward Religious Legalism results in moral degeneracy.
- ▲ The trend toward Antinomianism results in immoral degeneracy.

The real problem for new Christians is that unless this believer learns Bible Doctrine quickly after salvation, they will slide into one of these two camps of legalism or antinomianism. Succumbing to their own Lust pattern stimulation of the Trends of their own Old Sin Nature resulting in production from the temptations of the Area of Weakness or Area of Strength, always requires the acceptance of these things by one's own volition. Upon pulling the pin of this Arrogance Grenade the Old Sin Nature, which resides in the cell structure of the body, instantly controls the soul. When a believer is under the control of the Old Sin Nature consent to temptation becomes almost automatic. This results in a constant ongoing conflict between God the Holy Spirit indwelling the believer's body and the Old Sin Nature as part of the cell structure of the body, as to who will control the soul. Volitional acceptance of any aspect of temptation results in entrance into the Interlocking System of Arrogance at some level which results in Self Fragmentation which when perpetuated results in Polarized Fragmentation.

### Self Fragmentation

This results in 2 categories of sin from his self determination:

- ▲ Sins of cognizance
  - ▼ The temptation from the Old Sin Nature are recognized as a temptation to sin, and volition decides to commit that sin.
- ▲ Sins of ignorance
  - ▼ The temptation from the Old Sin Nature is not recognized as a temptation to sin, but the believer wanted to do it and did it.

The believer is always held responsible for all of his decisions including BOTH categories of sin. Therefore, when the believer uses his own volition to commit Sin or Crime, or engage in Legalistic Human Good production, he fragments his own life. Self-fragmentation is carnality and is also living within the Cosmic Dynaspheres and entering into the Stages of Reversionism.

Self-fragmentation follows the lust patterns and the trends of the Old Sin Nature and these are solidified as the believer consistently remains out of fellowship, out from under the Filling of God the Holy Spirit and out of the Plan of God. Unchecked Religious Legalistic Fragmentation results in MORAL degeneracy while unchecked Lascivious Lawless Fragmentation results in IMMORAL degeneracy. This perpetuated Self-fragmentation results in the believer following a consistent function in the direction of the preferred trend of his Old Sin Nature and thereby Polarizing his Fragmentation.

### Polarized Fragmentation:

The two systems of Fragmentation react to each other resulting in Polarized conflict. This is illustrated by the sheltered environment of the fragmented legalist being shocked by the lascivious sins of fragmented antinomianism. In his shock, the legalist erroneously assumes that one cannot be a Christian and commit immoral sins, such as adultery, murder, drug addiction or homosexuality. Then the fragmented legalist, in his shock, proceeds to bully and tries to pull neutral believers, those who have not become polarized in their fragmentation, under his pattern of thinking and behavior. OR, the believer involved in antinomianism reacts to the self-righteousness of the religious legalist, and decides that if that is Christianity then he does not want any part of it.

### Polarized Fragmentation distorts Freedom and Authority

Morality is not a substitute for the Filling of God the Holy Spirit and residing inside the Divine Dynasphere for the believer. Freedom like Morality is not the monopoly of Christianity, but belongs to the entire human race. True morality is mandated for both believer and unbeliever alike, because true morality is the foundation for freedom, but it is NOT the foundation for the Christian way of life. The foundation for the Christian way of life is Virtue developed ONLY within the Divine Dynasphere and this is higher than morality. Believers who are involved in the Polarized Fragmentation of either pseudo Morality or Immorality always have difficulties with authority, because they have never understood what is correct and proper authority in life. The fact is that where there is freedom, there must be both authority and responsibility. Therefore, it is inevitable that those whose life is one of Polarized Fragmentation will move toward either anarchy or tyranny. In anarchy, such a believer is a law unto himself while in tyranny, he is a Religious Legalist and seeks to superimpose his false standards on believers and unbelievers and tries to coerce the government to follow his viewpoint.

Wherever there is antithetical polarization, there is always confusion, because neither represents the truth of the Grace Plan of God. In living a life of Polarized Fragmentation the concepts of legitimate freedom are distorted and abused. Temporal freedom, which is defined clearly in the

Laws of Divine Establishment and Divine Institutions, is provided for believer and unbeliever alike by God for their preservation and is observed in the LEGITIMATE governments of nations. Spiritual freedom only exists when the believer resides inside the Divine Dynasphere under the Filling of God the Holy Spirit. This is the believer's freedom to USE or NOT USE his volition under the Grace of God to execute the Purpose, Will and Plan of God his life.

### Solutions to Fragmentation

The believer can avoid coming under “The yoke of slavery” which is polarized legalism and by the development, deployment and utilization of the [10 Problem Solving Devices](#). The believer is to reside and function within the Divine Dynasphere and function as servants of God and thus avoid the polarization of the Old Sin Nature trends. ([1Pet 2:16](#)) Servants of God do not become involved under the influence of Evil in using their trend toward lascivious lawlessness and never advocate or function in civil disobedience or any violation of establishment principles.

### Illustration of Implosion, Explosion and Fragmentation

To Irritate means to incite impatience or anger, to cause to induce impatience or anger, to exasperate, to annoy to the point where self-control is lost. Irritation is therefore a good illustration of Implosion. When operating in the Protocol Plan of God, the Power System of God, the [Divine Dynasphere](#), the believer cannot be irritated by other people, only by himself. The object which causes irritation is always blamed for the irritation but actually, irritation is an emotional sin of Implosion, and one does it to self by pulling the pin of the Arrogance Grenade. In the Implosion stage of fragmentation as a result of post-salvation sinning, the believer inevitably blames his irritation on the object of his [Motivational Arrogance](#) of [Jealousy](#), [Bitterness](#), vindictiveness, implacability, anger, or Functional Arrogance of gossip, slander, maligning, or Judging. Therefore, in reality this is SELF Irritation and it inevitably combines the Implosion of Motivational Arrogance with the Explosion of Functional Arrogance resulting in total Fragmentation of one's life. When these are unchecked by use of the [Rebound Procedure](#) the believer will instantly move into the stages of [Reversionism](#) which if also unchecked results removal from this life under the [Sin Unto Death](#).

### How the Interlocking System of Arrogance Functions

Once the person enters the Interlocking System of Arrogance system it controls thoughts, decisions, motivations and actions just as it controlled Satan, who has become ruler of this world, and this explains all the distortions of life under his rulership. When one becomes bitter or reacts to life or becomes dissatisfied with life he must remember that the ruler of this world is inextricably entangled with the EVIL of his Interlocking System of Arrogance and that total Arrogance is bleeding over into one's life. Here is an example of how the Interlocking System of Arrogance works:

A person is promoted in an organization and receives a degree of authority. This authority is poorly handled by him and causes him to enter the Interlocking System of Arrogance through [Impulsive Arrogance](#). Impulsive Arrogance then interlocks with [Institutional Arrogance](#) and causes the subject to overestimate his worth in the organization. Added to this is a complex consisting of [Mental Attitude](#) Sins in Arrogance and these, as a trigger, have antithetical results when one is under pressure or in prosperity. Arrogance under pressure triggers Cowardice, Jealousy, Pettiness, Vindictiveness, Implacability and Dissatisfaction with the job or organization and ultimately with life. The promotion he received, therefore, can result in neglect or rejection of Bible Doctrine in the form of the Gospel or the [Laws of Divine Establishment](#) for the unbeliever. For the believer it can result in neglect or rejection of the whole realm of Bible Doctrine which results from interlocking with [Negative Volition Arrogance](#) which produces Black Out of the Soul and Scar Tissue of the Soul as a result of involvement in [Reversionism](#). In addition the interlocking of Impulsive and Institutional Arrogance with Mental Attitude Arrogance can result in [Conspiracy Arrogance](#) to overthrow all authority in the organization. If this conspiracy Arrogance results in using violence then [Criminal Arrogance](#) is added and if that person entertains megalomaniacal Self Centeredness then [Psychopathic Arrogance](#) is added to the list of his entangled involvements in the Interlocking System of Arrogance. In short, once a person succumbs to one form of Arrogance he is immediately under the influence of all of the Interlocking Systems of Arrogance. This is, in fact, why seemingly normal people lose all common sense, Divine Viewpoint and all rational thinking often overnight.

The Interlocking System of Arrogance invariably produces [Self Righteousness](#), [Self Pity](#), a [Guilt Complex](#), depression and the subjectivity of making an issue of self. When functioning objectively the believer can make an issue of self by the consistent use of the [Rebound Procedure](#) to recover his status in the Spiritual Life and move on. There is no objectivity in the soul of the person who has, through his own volition, succumbed to the Interlocking System of Arrogance because as a result, he becomes totally subjective. The Interlocking System of Arrogance will produce Cowardice in the soul and this will result in irrationality in the Stream of Consciousness of the Soul. The Interlocking System of Arrogance causes the believer to lose touch with reality and as a result lose self control. The Interlocking System of Arrogance, Cosmic Dynasphere I and its opposition to the Rebound Procedure results from those in the Arrogance complex having no capacity for nor appreciation of the [Grace Policy of God](#) as long as they are under the influence of EVIL which is the basis for the Cosmic Dynaspheres. A Pastor Teacher may succumb to this when a people constantly tell him his messages are great and he believes it and comes to crave that [Approbation](#). This occurs if and when he forgets the ministry of God the Holy Spirit without which he could not teach anything involved with Bible Doctrine. The purpose of presenting the message of doctrine to a congregation is not whether it is good or bad, liked or disliked as a message but whether God the Holy Spirit can use the doctrinal content in the life of the believers hearing it. No Pastor Teacher nor any believer has to prove anything to anyone in life and especially not the Pastor Teacher whose job is only getting the message through to the people so that there is something for God the Holy Spirit to use and what the people think about the message is totally

inconsequential.

### **Arrogance vs Truth**

Rejection of truth in one of its 3 categories explains why a person can live in a client nation to God like the United States of America and be exposed to Absolute Truth as the Gospel of Christ, Bible Doctrine and the principles of the Laws of Divine Establishment and Divine Institutions and still become a monster. This is what will always occur when there is rejection of Absolute Truth which thereby gains that person entrance into the Interlocking System of Arrogance. The Interlocking System of Arrogance creates a vacuum in the soul from this rejection of Truth as it combines with the processes of Reversionism which make the unbeliever vulnerable to Demon Possession and puts the believer directly under the influence of EVIL. To be paying for Arrogance and Reversionism by receiving Divine Discipline when one should be having a wonderful life in both prosperous times and in crises and adversity is TOTAL STUPIDITY. Too many believers walk into the Interlocking System of Arrogance unknowingly and as a result will be paying with Divine Discipline for all of their lives which totally ruins their life. The principles of Truth can bring a lifetime of great happiness but for those who take in the Truth of Bible Doctrine sporadically and have fallen into the Interlocking System of Arrogance their lives will be saturated with misery.

While the function of the Laws of Divine Establishment in the client nation to God operate as a restraint on Sin, Crime and Human Good, it is the ministry of God the Holy Spirit in restraining Sin, Reversionism and the Interlocking System of Arrogance which prevents UNRESTRAINED functions from EVIL in the world. With regard to the Interlocking System of Arrogance it becomes more and more apparent as Arrogance is analyzed and categorized, that Arrogance is the underlying BASE for all aspects of the Cosmic Dynaspheres and all functions of the Plan and Policy of Satan, EVIL. The American people have in the past and continue today to reject the ABSOLUTE TRUTH of the Laws of Divine Establishment, Divine Institutions and Bible Doctrine. Unfortunately, the ONLY SOLUTION for the problems which have resulted in this nation is acceptance of that very same Truth. At the time a person says no to Truth, the person enters into the Interlocking System of Arrogance through Negative Volition Arrogance and instantly interlocks with one of the many entry gates so that his Arrogance is rapidly intensified. Between the rejection of truth and the development and expansion of Arrogance people destroy themselves. Therefore, rejection of truth places the person into Reversionism which is apostasy and enters him into functions under the Interlocking System of Arrogance which is degeneracy. Wherever there is a client nation the people can destroy themselves and their nation simply by rejection of the 3 categories of Absolute Truth and these may be either people who are respectable and moral or not so respectable and totally immoral.

God has provided for us something more powerful than Arrogance and because much of Arrogance is Thought, whatever is greater than Arrogance must be in the realm of thought as well. ABSOLUTE TRUTH in 3 categories is the only thing greater than Arrogance.

- ▲ Laws of Divine Establishment for both believers and unbelievers to keep the human race from self destruction.
- ▲ The Gospel of The Lord Jesus, The Christ for the unbeliever to provide the

cancellation of eternal judgment after death.

- ▲ Bible Doctrine for the believer to provide for fulfillment of the Plan of God after Salvation Adjustment to the Justice of God.

Televangelists are constantly demonstrating the Arrogance of 'holy roller' or emotional believers and apostasy in their functions of presenting Christianity. In reality, it is the quintessence of Human Arrogance for any person to think or imagine there is something that he can do to gain or lose the Salvation which GOD alone provides, He giving it on the basis of the Substitutionary Spiritual Death of The Lord Jesus, The Christ on the cross for all sin. ([Phil 3:13](#)) This is the rejection of the Truth of the Gospel and all of Bible Doctrine. Ironically the only means of escaping Arrogance and moving into the proper function of the Spiritual Life is through Perception, Cognition, Incultation & Metabolization of Bible Doctrine under the Filling of God the Holy Spirit and consistent use of the [Grace Apparatus for Perception](#). The Filling of God the Holy Spirit is the only mechanism under which the functions of the Spiritual Life operate and everything in the Spiritual Life depends on our use of the Grace Apparatus for Perception, Operation Z. Our primary objective in the Spiritual Life is gaining KNOWLEDGE, and the only people who obtain knowledge in the Spiritual Life are those who are under the principle of [Humility](#) and anyone who listens to the Word of God while under the influence of Arrogance is obtaining Nothing. The Filling of God the Holy Spirit produces the Humility necessary for Perception, Cognition, Incultation and Metabolization of Bible Doctrine and without it there is no system of [Retaining Bible Doctrine](#) nor of applying Bible Doctrine. This is the thing which has up to this point in history preserved client nation United States of America and provided opportunity for evangelism and missionary functions abroad. If Arrogance is to be defeated it must be defeated on the battleground of what each individual American thinks.

There is never any positive progress in innovation or CHANGE without Truth and Innovation without Truth is always retrogressive and Innovation without a system is always destructive. Modern Art, Religious cults, Rock music, Weird Poetry, Keynesian Economics, Socialism, Communism, Welfare state functions, Redistribution of wealth, High Fashion in women's clothing, etc., are based on innovation without Truth. This is application without Truth and therefore absence of wisdom, thus the instability and eventual disaster which results from this always causes down trends in Human History. Innovation without Truth can be attempted application of Bible Doctrine without true cognizance of Bible Doctrine. Innovation imposed on others without their consent runs from Arrogance to Tyranny and includes such things as Liberal thinkers trying to ban guns of any kind from citizens. The Truth of this application is that every person has a right to defend themselves from both Tyranny and Crime. Socialism, communism, redistribution of wealth are innovations of Arrogance and result in Tyranny. Revolution and terrorism are prime examples of the disasters of innovation without truth. Innovation without Truth includes Homosexuality, Transgenderism, and Believers functioning in the Cosmic Dynaspheres of Satan. Many organizations which engage in innovation without Truth are brought together by their lust to kill and their resentment of society which they express by killing people, any people as in operations of Terrorism. However, historically, innovation based on truth is progress, solution and historical uptrend in a society which moves

a nation into prosperity.

In Cosmic Dynasphere I the Interlocking System of Arrogance the believer is not opposed to Bible Doctrine but when questioned about it will express a liking of Bible Doctrine and support of it. In essence these believers have become indifferent to the content and importance of Bible Doctrine because Arrogance leads to total preoccupation with self, things or others and thus destroys one's proper Norms and Standards. This believer does not see a need for daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine nor the need for line upon line and precept upon precept in the teaching and incultation of Bible Doctrine. In the Age of Israel when the message of Isaiah concerning Line upon Line teaching and comprehension of Bible Doctrine was ignored by the people they entered the Interlocking System of Arrogance and Reversionism and engaged in total preoccupation with Self and this totally changed their Norms and Standards and Scale of Values. These are the 'loser' believers who will be recognized in heaven as those who made no contribution to the support of their nation, have not executed the Protocol Plan of God for their lives, and will be observable in heaven in their Resurrection Bodies without the uniform of glory and without any significant decorations or rewards. They will not be on the honors list and not invited to the holy place in heaven during the tribulation and they will be peons in the millennium not ruling any cities or nations.

### **Principles of Arrogance**

Intelligent people should notice that the reason some smart people get outwitted is because they are proud of their intelligence and perspicacity and the worst thing which can happen to any person especially an intelligent person is involvement in the Interlocking System of Arrogance. Interlocking System of Arrogance involvement takes a genius and dulls the mentality turning him into a fool. The dumb person who is involved in the Interlocking System of Arrogance is insufferable while the intelligent individual involved in the Interlocking System of Arrogance is a fool. In the Interlocking System of Arrogance there exists the most basic Mental Attitude Sins interlocking with a complex of Arrogance systems which are the destroyers of ability, talent, intellect, wisdom, character, greatness and even morality. Satan is one of the greatest creatures ever coming from the hand of God and by the descriptions of his person it is understood that he is as perfect a creature as one can imagine, one of the most beautiful, intelligent and most talented ever to live. With all of this greatness, its potentials and eternal perpetuation, and while living in the presence of GOD, all of it was destroyed by one major factor which is the foundation for all spiritual failure and almost a synonym for the Old Sin Nature, Arrogance. If, and it is true, every individual has an Old Sin Nature, then at some time in life each person will have some involvement in Arrogance which he is either aware of or blind to. Therefore, to the extent to which one harbors or cherishes Arrogance in the soul, to that extent, they destroy their capacity for life, blessing and happiness.

Arrogance as an Interlocking System both exploits and abuses those under Divine Discipline. The Interlocking System of Arrogance has a tendency to bully and who is easier to bully than those individuals or groups under intensive Divine Discipline. Under Divine Discipline people have been robbed of any strength for retaliation by the nature and intensity of their Divine

Discipline. Arrogance divorces the believer from reality and causes him to participate in the mass cowardice of kicking or in some way abusing someone or some group when they are down. This is [Antisemitism](#)!

Instead of Happiness Satan's systems substitute sublimation where the illicit use of Drugs or inordinate consumption of Alcohol very often takes the place of the stimuli in life. This sublimation is often found in good deeds, kindness, altruism all which result in a myriad of variations of Evil which includes Sin, Crime, especially violence, and Human Good, all which take the place of stability in life and Divine Good production. Arrogance is a substitute for reality and without the Divine Dynasphere, Satan can and will lead the believer around by the nose making an ass of him for his entire life and he may only realize it, if at all, when dying the [Sin unto Death](#). Cosmic Dynasphere I, the Interlocking System of Arrogance makes offers of sublimations to all Believers which include:

- ▲ Wealth without Honor
- ▲ Success without Integrity
- ▲ Promotion without Ability or Achievement
- ▲ Sex without Love
- ▲ Fame without Virtue
- ▲ Authority without Leadership
- ▲ Lifestyle without Capacity
- ▲ Approbation without Happiness.

Satan is capable of accomplishing these for Believers in his Cosmic Dynaspheres and as a result, for the one inside the Cosmic Dynaspheres, there is a constant search for happiness among these categories of sublimation, while in God's Divine Dynasphere there are constant varying degrees of true happiness.

With Interlocking System of Arrogance involvement believers inevitably destroy everything they desire. Philosophy is a compilation of great wisdom which is destroyed by Arrogance. Arrogance destroys good lovers, great talent in entertainment and everything it touches it destroys, it is an absolute corrupter. In considering the Jews, they, as the greatest super race to exist in history, were destroyed by Arrogance and Jews as well as gentiles have been and continue to be destroyed by Arrogance alone. To this day, Jews, in their Arrogance, are blind to why gentiles are blessed while they remain under Divine Discipline. By this means and under these principles the answer to all the holocausts of the Jews in history is found in the great inversion. Arrogance corrupts and what is corrupted must be punished by God. This corrupting is a matter of volitional self determination but the punishment is a matter of divine sovereignty combined with justice. While Arrogance corrupts, the Righteousness of God condemns and the Justice of God punishes and even destroys. The very possibility of being Arrogant about anything in life should frighten to the core the advancing believer. There is nothing which corrupts all things in life and dulls all aspects of life more than Arrogance. Neither life in the world ruled by Satan, nor death should frighten the advancing believer BUT harboring even a microscopic bit of Arrogance should frighten every believer right to his core. To the extent one harbors Arrogance, to that extent, he is divorced from reality and will inevitably destroy himself spiritually. Arrogance is the great destroyer of the unbeliever as well

and whether believer or unbeliever, one can have perfect morality and righteousness but his involvement with Arrogance will still totally destroy him. Arrogance corrupts individual capacity and character and one cannot have even a friendship or relationship of any kind with other human beings while functioning in Arrogance. Arrogance is deadly in its destruction of one's life.

Arrogance and the resultant snobbishness it causes keeps believers off balance and disoriented to the Plan of God. TO BE OR NOT TO BE, is NOT the issue rather NOT TO BE SO AS TO BE is the issue when considering Arrogance. By not being Arrogant the believer removes the barrier preventing him from being what God wants him to be as part of the Royal Family of God under the [Royal Family Honor Code](#). The Arrogant believer is frequently [Inordinately Ambitious](#) and is incapable of genuine affection or of having a Relaxed Mental Attitude and therefore cannot fulfill the Royal Family Honor Code. Inordinate ambition is the believer trying to always prove something to or gain something from others. Arrogant people are poor lovers and poor achievers and generally disoriented to life. The Grace Mental Attitude from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul avoids the pitfalls of Arrogance and disassociation from reality. Therefore, it is Bible Doctrine which always brings the believer back to reality and gives him dynamic thought as opposed to Arrogant opinion which is not dynamic in any way and extremely weak. The prerequisite for properly or correctly thinking with regard to interrelationship with people first demands correct thinking toward God. This correct thinking eliminates hangups, difficulties, Arrogance, inordinate ambition and all things destructive toward self. Correct thinking toward God is impossible without maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Therefore, the natural human trend toward Arrogance must be displaced by Metabolized Bible Doctrine and replaced by the function of the [Royal Family Honor Code](#).

### Part & Counter Part

[‘Pride’](#), which is often construed to be Arrogance is an isolated part of Arrogance and in the text of this book it will be considered to be a “part” to a “counter part” and is a no pressure sin in itself which when combined with its counter part produces pressure in the Stream of Consciousness of the Soul. Involvement with personal PRIDE produces Cowardice, as a counter part and these are 2 sides of the same problem, part and counter part. Pride is the source of negative pressure and cowardice is the source of positive pressure. Pride will always show itself under pressure and if one cannot think under pressure he can blame this on whatever area of Arrogance is his personal distraction. ‘Pride’ can also produce [Jealousy](#) as a secondary counter part which is the expression of [Pettness](#) in Arrogance. Pride is again the negative part and Jealousy is the positive counter part. Anyone under the pressure of Jealousy or Cowardice with Pride never thinks clearly because ALL aspects of [Mental Attitude Arrogance](#) destroy clear thinking. All Arrogant people are totally different under pressure and may have their own individual pressure counter part. Therefore, whatever Arrogance one has in his life he also has a pressure counter part and when pressure is put on his Pride the counter part emerges. As long as there is no pressure on Pride it just rides along happy in the delusion of self importance.

As is often assumed, a person with good posture and confidence and who makes dogmatic statements is not necessarily 'Arrogant' but simply confident about what he knows and does. People who are superficially stupid always assign Arrogance to that which they don't understand and often assign Arrogance to those who have what they don't have or know what they don't understand. Believers cannot depend on anything in life which is superficial and superficialities must never interfere with Bible Doctrine. In overreacting to superficialities of life the believer creates in his own life Self Righteous Arrogance and this he must never allow in the Christian Way of Life. If one has Self Righteous Arrogance in his life he cannot continue momentum for growth in the Christian Life. There is no way to be Arrogant and Self Righteous and function or survive in the Christian Way of Life since he will become a major target for Divine Discipline from the Justice of God beginning at the moment Arrogance is found in his life up until he dies the Sin Unto Death as a result of his degradation into Reversionism. Many believers deceive self and call Arrogance spirituality and call Self Righteousness being a good Christian. This simply neutralizes any possibility of assigning the proper priority to Bible Doctrine so that it can be learned and applied to life. The principle we must function under it to never allow Nonessentials in life to interfere with consistent Perception, Cognition, Incultation & Metabolization of Bible Doctrine. However, the fact is that most believers are asleep from overemphasis on nonessentials in life so that Arrogance and stupidity are the next step for their progression.

Whenever the believer becomes passive with regard to Bible Doctrine this becomes a hangup which manifests itself as Arrogance. This means he becomes Arrogant about many other things and then finds someone he can bully or push around and take advantage of; a child, a wife, an employee etc. He becomes Arrogant and pushy and seems to be aggressive but this is a hollow shell for a moral coward. This believer is so weak and lacking in dedication that when he has people come to visit, instead of excusing self and coming to bible study he excuses self from study to appeal to them. Then, any little thing which comes along is considered more important than bible study and he attends only when it is convenient. The believer cannot live a life of convenience and have capacity for life and he cannot be passive about what counts in life and have capacity for life and without capacity for life he will never have blessing from God. In a crisis or disaster one cannot ever be passive but when one is passive about what counts in life, namely Bible Doctrine, he will be passive in every crisis and when passive in a crisis it will inevitably destroy him.

In contrast, courtesy must never be construed as weakness or cowardice this is a grave mistake of the weak. Weakness is being susceptible to flattery and is Arrogance in the Stream of Consciousness of the Soul. Courtesy is not Arrogance nor weakness nor cowardice. Warrior peoples are physically very tough having to rely on physical ability and strength for their survival. These types of tough people must be well led by strong individuals since any Arrogance neutralizes their ability, talent and toughness. The weak cannot ever appreciate nor understand the truly strong. Superficial people tend to be superficial in their estimate of others and thus downgrade their strengths in Arrogance. Superficial people in their thinking obviously downgrade people who do not seem to be strong or powerful according to their physical attributes and by this, therefore, make a great mistake.

Everyone is a natural coward in some area and courage is the ability to concentrate in pressure situations despite any latent fear. Once the believer exchanges humility for Arrogance he becomes weak, vulnerable and vacillating and turns his courage into great cowardice. The verbalization of his hidden Arrogance emphasizes self pity and these people wallow in feeling sorry for self. They often learn [Self Pity](#) and [Self Righteousness](#) from their parents. The Arrogance of Self Pity glosses over the real facts and issues in circumstances in life and these people often are willing to suffer and die to just show others how wrong they are. This is an example of dying the [Sin Unto Death](#), the most horrible Divine Discipline in the Christian Life. Only the hidden Arrogance of self pity would ever desire such a death and this only occurs when people are saturated with self pity. The lack of Faith Rest functions means fear and fear results in failure to think under pressure which is cowardice whereas courage is the ability to think under pressure. Courage is reverse concentration on some aspect of Truth while fear is an emotional aberration and total lack of rational thought. Lack of Faith Rest Drill <sup>(5 stages)</sup>, functions means fear, self pity and irrationality leading to severe Divine Discipline including the Sin Unto Death and no one in his right mind would want to die the Sin Unto Death under this maximum Divine Discipline. ([Num 11:4-6](#))

As members of the Royal Family of God the believer must only follow the commands of God and never add his own ‘refinements’ to the Plan of God to confuse the issue and muddy up the water with Arrogant innovations. At some time in his life he most likely will decide to go with HIS own Self Righteousness in what amounts to a terrible decision. With his system of taboos and Self Righteous Arrogance becoming pseudo Christianity for him, he may not have been interested in Bible Doctrine as a system but used it, to some small degree, in covering his system with grease so his wheels of Self Righteous Arrogance would turn more easily. However, in this situation, his wheels will never turn since as a believer in The Lord Jesus, The Christ he is in the Plan of God and the wheels of the Plan of God are designed to only run on the Grace Righteousness of God which has been given to him at Salvation Adjustment to the Justice of God. Therefore, NO believer is ever commanded or authorized to reinvent the Plan of God by his own efforts. The whole Plan of God revolves only around the fact of Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone and the receipt by the new believer of the imputation of the Absolute Righteousness of God. One cannot function in the Plan of God based on his own human efforts to reinvent the plan and thereby run it on his Self Righteousness, ability, talent, human effort works, social action or anything he can do using his own concepts, thoughts, actions and Modus Operandi. As a believer in The Lord Jesus, The Christ and member of the Royal Family of God, he must decide if he is going to use his personal system of Arrogance and Self Righteousness or the Grace System of God in the Christian Way of Life. If one chooses his own Self Righteous Arrogant system he is, in effect, trying to reinvent the Plan of God by inserting or superimposing his plan over the Plan of God. If one chooses the Righteousness of God, given at Salvation Adjustment to the Justice of God, to enable him to function in the Plan of God, then, and only then, it will be possible to advance to Maturity Adjustment to the Justice of God, receive unimaginable blessings and glorify God in time.

## **Arrogance & Crisis or Disaster**

The greatest wealth in the world is thought based on Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. (**Rom 12:3**) As part of the Royal Family of God the believer must avoid the Interlocking System of Arrogance at all costs and think sanely being rational without illusion thus being able to use stage 2, 3 & 4 of the Faith Rest Drill <sup>(5 stages)</sup>. Arrogance is more powerful than Good Environment or even Perfect Environment or Discipline and under certain circumstances it is more powerful than the suffering one is enduring and Arrogant people can endure a great deal motivated strictly by their Arrogance. Arrogance is the power of the rulership system of Satan for controlling this world and the only thing more powerful than Arrogance is Divine Viewpoint thinking in the 3 categories of absolute truth. Arrogance with subjectivity produces weakness in a person and in the nation as well. Having a **Divine Viewpoint** Mental Attitude is impossible apart from learning Bible Doctrine. Without Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul the believer is POOR. It is Metabolized Bible Doctrine in the Soul which is the basis for spiritual wealth and application to experience. What one thinks is what one really is and a thought can make or break one in life and often lack of thought, such as occurs with fear or cowardice, can break one as well. For the believer thinking can occur in 2 categories:

- ▲ **Divine Viewpoint** which comes from being ‘thought’ wealthy with maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul thus thinking in terms of Grace the plan and policy of God.
- ▲ **Human Viewpoint** which is the poverty of thinking in terms of the LIES of Evil, the plan and policy of Satan used to rule this world.

When in a crisis or disaster, one cannot ever go back to pick up the Bible Doctrine which is needed to handle the disaster which he has missed as a result of having been consistently negative to and distracted from that Bible Doctrine when it was presented. The problem with most believers is that the ‘Mind or Thinking of Christ’, Bible Doctrine (**1Cor 2:16**), is not the thinking of the believer and the ‘Ways of the Lord’ are not their ways. It is only the accumulation of Divine Viewpoint thoughts or Bible Doctrine which gives the believer ‘thinking’ wealth. (**Phil 2:5, 2Cor 10:4-6**) The Lord Jesus, The Christ has shared his thinking with us as Bible Doctrine which is found only in the content of the Canon of Scripture. Fulfilling the principle of obedience to the Lord there will be the accumulation of Metabolized Bible Doctrine into the Stream of Consciousness of the Soul. However, thinking can be one’s failure as well, (**Col 3:2**) and when one picks up wrong or false ideas such as Arrogance from EVIL he has lost his ability to handle crises.

No one can apply or use the Metabolized Bible Doctrine in the Stream of Consciousness of his Soul unless he can concentrate under pressure and only with focused concentration can he then apply Bible Doctrine to disaster, adversity, crisis or catastrophe. One can only learn to concentrate when placed under strict discipline, this is, for the believer, being under strict academic discipline in bible study. Metabolized Bible Doctrine without reverse concentration is doctrine which cannot ever be applied therefore, the believer MUST learn to concentrate. If one is too easily distracted during bible study this means when disaster comes he cannot be counted on and will inevitably fail. In disaster situations one can and should ONLY team up

with people who can concentrate under pressure. People in disaster will never make it if they cannot apply what they know through reverse concentration and without this ability they will remain totally divorced from the reality of the circumstances. Therefore, Arrogance divorces one from reality and produces [Inflexibility](#) as does the inability to concentrate on subjects which don't currently apply to or interest one at the time. Some people can make it in a crisis with less doctrine than others because they can concentrate better and think under pressure on the doctrine which they do possess in their soul. Therefore, the secret to courage is to be able to think under pressure or follow a system of protocol, for the Christian this is to follow the Protocol Plan of God.

In crisis and disaster there will always be a calm before the storm because PEOPLE ARE STUPID. People do not lack intelligence with low IQ but are stupid in the sense of being Arrogant. Arrogance eliminates wisdom and cancels intelligence and an Arrogant person makes himself a stupid person. Highly intelligent people often build Scar Tissue of the Soul by saying NO to Absolute Truth and as Scar Tissue of the Soul builds up Arrogance builds in the Stream of Consciousness of the Soul. Even with the highest IQ in the world involvement in the Interlocking System of Arrogance results in stupidity and divorcement from reality. In difficult times of crisis or disaster, these people always try to look on the bright side of things saying 'everything is going to be alright' when in reality the roof is about to fall in and some disaster is about to crush them. During the calm before the storm the only preparation which exists for disaster is saturating the Stream of Consciousness of the Soul with Doctrinally based thought patterns. There is only one thing which is of value which one can take from this life into eternity and that is the thought content from [Metabolized Bible Doctrine](#) in the Stream of Consciousness of his Soul. The Metabolized Bible Doctrine which has been learned is more valuable than all the gold, silver or precious stones one can accumulate, more than any power and authority one may have, more than anything the world knows or has ever known. The believer must understand that he should collect Metabolized Bible Doctrine in his Stream of Consciousness of the Soul continuously and consistently because no one can ever steal Bible Doctrine from his Soul and further, when he dies he takes it with him into eternity. Therefore, preparation for disaster demands maximum concentration to accumulate maximum Metabolized Bible Doctrine into the Stream of Consciousness of the Soul BEFORE THE DISASTER OCCURS. This is the Dynamic needed for Disaster and considering the Status Quo of the individual in the United States today, especially the average believer, the crises and coming disasters in this country are very real and will be exceedingly devastating. If one is perceptive and has enough Metabolized Bible Doctrine in the Stream of Consciousness of the Soul to properly assess contemporary history then the signs can be clearly seen in the daily news especially in the constant and obvious manipulation of news by the media sources. There are riots and mass shootings where there is total rejection of and opposition to authority and there is the mismanagement of government with idiotic policies which no one serving in government has the moral courage to oppose. It is clear with the economic system on the brink of collapse and society crumbling as one watches, that the people in general have no concept of the reality of any of this. This coming crisis in the United States of America, this disaster, is going to be devastating but the media and government keep saying that there is no real problem and life keeps moving on in a fog of pseudo reality ignoring the problems as they keep arising and

multiplying.

If a person cannot think when things are normal they must have a protocol or regimented system to force them into standard procedures. One learns to effectively and properly shoot firearms under normal conditions so that under crisis conditions he can shoot the exact same way. The person who does not concentrate on each fundamental of shooting on the range under normal conditions cannot do it under abnormal conditions of combat. When one has true accurate sight pictures on the range he will have true and accurate sight pictures in combat to kill the enemy. The use of bands or fields of fire will not ever work properly in combat. When one fights someone and they are really good he has to concentrate on their hands and feet and watch when each movement takes place. If he concentrates on what he has learned and applies it there will be no fear. The interesting thing about training is that it requires concentration to learn and develop good habits of performance and the only thing which makes training worthwhile is to do it exactly correct each time it is repeated. Practice makes PERMANENT and only Perfect practice makes Perfect performance. The same applies to the Christian Way of Life and the consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine is essential for support in life and ultimately application during disaster.

### **Erroneous Evaluation of One's Life**

Entanglement in the Interlocking System of Arrogance inevitably leads to psychological depression. When one thinks HE is the greatest thing given to the world and then obviously fails, he becomes depressed and discouraged with [Self Pity](#) as only one of his irrational stages. The mental depression from this pressure of failure combined with his Arrogance can result in a prayer to God which can be something like “too much oh Lord, take my life”. The obvious meaning is that this person cannot see life in any real perspective and feels totally useless. When one is down in the dumps under mental depression, the worst thing he can do is to compare himself with others, this is Arrogance. Remember that self-pity is just as much Arrogance as [Self-Righteousness](#). Therefore, when one is down he must not compare self with others, dead or living, and should only ever compare self with the standards from Bible Doctrine; which are to be the only standard for the Christian Way of Life.

The first principle of erroneous evaluation of life is demonstrated by a believer giving orders to the Lord showing the world that he has totally lost perspective in life and has moved into blaspheme. Those believers who use IMPERATIVES with God are either Mature Believers on solid ground with him and know it or are on no ground at all and do not know it. From his sovereignty the Lord alone decides many things with regard to the believer especially when he will die. Thus in many believers Arrogance and Stupidity go together because Arrogance dulls the mentality. Arrogance always rejects authority and is self centered, and never gets beyond the periphery of one's little desires and activities and never relates them to anyone else or any authority and NEVER to God.

The worst sociopath is the Self Righteous sociopath but to abandon one's own Scale of Values and Norms and Standards based on personal Self Righteousness because of being obsessed and

preoccupied with OTHERS is a far more dangerous function than the mere Self Righteousness of one thinking self perfect. A person may be strong in human relationships but weak in other areas since people who are strong in 1 area of life are very susceptible to weakness in other areas because they assume that strength in one area means strength in all areas. A man may be strong in combat and weak in administration or vice versa. ONE CANNOT EVER TAKE HIS AREA OF STRENGTH AND MAKE IT THE BASIS OF HIS CONFIDENCE. If he excessively focus' on his area of strength it can and will cause Arrogance and one must never allow his strengths to be overbalanced and become weaknesses.

Arrogance always makes erroneous assumptions about self and then underrates those in the periphery. NEVER underrate other people no matter how humble or stupid they appear nor how hard they struggle. No 2 people are the same and never should one ever underrate people of humble circumstances because that is the greatest mistake in life. Sooner or later one of these underrated people come in on one's blind side and destroys him. Arrogance therefore. is a false view of self which destroys good judgment, rationality, logical thinking and common sense. Arrogance destroys Spiritual Common Sense and the believer cannot be Arrogant and have good common sense since they are mutually exclusive. Humility always recognizes the reality of life whereas involvement in the Interlocking System of Arrogance is always divorcement from reality. Development of common sense helps build great capacity for life and happiness and no one is BORN with common sense but must develop it which is most effectively accomplished through Metabolized Bible Doctrine or its extrapolations in the Laws of Divine Establishment. Being good at what one does in life, does not mean one is good at every thing in life. Arrogance assumes that being good in one field makes one an expert in all fields. Achieving great success in some field is another aspect of capacity for life as long as it is not done to show others how great one can be. Trying to achieve in order to show greatness is the total Arrogance of life in pushing oneself to reach a goal. To achieve one's goals because of enthusiasm in a given field is part of having great capacity for life. However, the danger of great success in one field of life is vulnerability to the Arrogance that such success automatically qualifies one to be successful in all fields. Arrogant people always assume that they can do things better than anyone else. In their field they often can and if there is humility with success an Arrogance problem never develops. The people who conclude that they can do things better than a leader have never faced the pressures and problems of leadership when making that conclusion

### Arrogance vs Grace

The believer does not advance the Plan of God but the Plan of God advances the believer. Believers in the Interlocking System of Arrogance are never advancing in the Plan of God therefore God in his Plan is obligated to discipline them as part of the Royal Family of God. The Plan of God does not depend on the believer but the believer depends on the Plan of God. God sustains all believers, even the failing and failed believers under Logistical Grace without exception. Therefore, the Plan of God supports the believer, good, bad or ugly but the believer does not support NOR benefit the Plan of God. Arrogance reverses this function of Grace so that blaspheme is sponsored in the name of Christianity. Arrogance overestimates the value of the individual believer and underestimates the Grace provision from God. Arrogance

emphasizes the SUBJECT of faith while Grace emphasizes the OBJECT of faith, the root in The Lord Jesus, The Christ. In [Matt 20:30-34](#) the blind men understood Grace and they first shouted “Kurios” emphasizing the DEITY of Christ and understanding Him as Son of God and said in effect, “GOD have mercy on us”. Then they shouted “Son of David” recognizing the HUMANITY of Christ and his Hypostatic Union knowing that he could heal them but THEY DID NOT SAY THAT THEY DESERVED TO BE HEALED. There was no attempt to ingratiate themselves to Christ on the basis of their talent or ability or in this case their bad fortune. They simply asked to be healed asking for Grace to be directed to them. This is reversed in Arrogance when the believer is residing outside of the Divine Dynasphere and residing in the Cosmic Dynaspheres where he then appeals to God BASED ON HIS STATUS!

### **Arrogance & Faith Rest**

God cannot use Arrogant people and whether they are mature or immature believers, in Maturity Adjustment to the Justice of God or [Reversionism](#), carnality or spirituality is never the issue but it is Arrogance in the Stream of Consciousness of the Soul which is the true issue. God will not and cannot use these believers and they will never pass the first part of the testing of the [Faith Rest Drill \(5 Stages\)](#). Being in the Interlocking System of Arrogance is a great distraction to thinking in terms of Divine Viewpoint from the Metabolized Bible Doctrine within one’s Stream of Consciousness of the Soul. The believer cannot ‘order’ the Lord with regard to anything in life. However, He has given some very specific situations as to when and where the believer can make demands on him related to prayer and the Faith Rest Drill <sup>(5 Stages)</sup> functions under the proper conditions. However, dying is NOT one of these situations or conditions. Unequivocally, NO believer has the right to try to dictate the course of his life to the Lord. This can be a huge problem for the believer at various stages of Spiritual Growth and is demonstrated by the person who wants immediate fulfillment of spiritual advance or instant blessing from God.

When one is residing outside of the Interlocking System of Arrogance he is not vulnerable to the interlocking mechanics of the Arrogance Complex, only if or when he CHOOSES to enter does he become vulnerable. Once a person becomes enticed by and involved in Arrogance the Interlocking System of Arrogance entirely controls his thinking and actions. However, when residing inside the Interlocking System of Arrogance the believer CAN turn around and simply walk out by means of the [Rebound Procedure](#) but that only provides the fellowship with God of the Filling of God the Holy Spirit ([Gate #1 of the Divine Dynasphere](#)). Then, ONLY if the believer exercises all 5 stages of the Faith Rest Drill can he stay out of the Interlocking System of Arrogance. He must first function in [Faith Perception](#) consistently under the [Grace Apparatus for Perception](#), Operation Z, and the Filling of God the Holy Spirit. He must also use the [Spiritual Skills](#) and the mechanics of faith in claiming promises, adding doctrinal principles, developing doctrinal rationales and coming to doctrinal conclusions. All doctrinal rationales developed from Metabolized Bible Doctrine in the Stream of Consciousness of the Soul including the [Logistical Grace](#) rationale have obviously deserted the mentality of the one who demands things from the Lord. This always is the case when the Interlocking System of Arrogance starts to function in the life of any believer. All of the doctrinal rationales emphatically point to the fact that God is always on the side of the believer. The rationales

are designed for believers to take all or part of them and use them to recover from self-pity or the various introspective subjectivities of life which are related to the Arrogance complex. No one has ever, nor will ever, be great enough to be free from the possibility of entering the Interlocking System of Arrogance. From the Infant believer to the Advanced Maturity believer all are susceptible to the Interlocking System of Arrogance.

When a believer rationalizes in the Right Lobe of the Stream of Consciousness of the Soul instead of functioning under the [Faith Rest Drill \(5 stages\)](#) then [Human Viewpoint](#) thinking replaces [Divine Viewpoint](#) thinking and the Interlocking System of Arrogance functions within his soul continues unabated and unchanged. When he finds himself completely run down by life and picks himself up and looks around and realizes he is still alive and he has not earned nor deserved the right to this life, this is the starting point for the Logistical Grace rationale. He should then pick out what form of Logistical Grace has kept him alive as a result of the intervention of God and try to answer the question, 'why did God save my life and why am I still here'. The obvious answer is that God has a plan for his life and thus he must recognize the principle and necessity for [Rebound Adjustment to the Justice of God](#) and then keep moving forward in the Christian Way of Life. As long as a believer lives God intends for him to go back to the Logistical Grace rationale and the rebound procedure and understand the reality of his situation from the Divine Viewpoint. This is the true reality which breaks the Interlocking System of Arrogance. This and all reverse concentration malfunctions when under the influence of Arrogance inevitably involves selfcenteredness, self-pity and Self Righteousness and must be understood and then avoided or corrected with Rebound Adjustment to the Justice of God.

A lust for power and authority which one does not possess and that the Lord has not given is the worst situation ever to enter into. The Interlocking System of Arrogance will not only cause malfunction in the Faith Rest Drill (5 stages) but devastates and destroys it totally. It is Arrogance which makes an issue out of another person when the believer himself fails and is comparing self to these others whom he may think are better than he. When the believer has abandoned the second stage of the faith-rest drill, claiming the promises of God, because of involvement in the Interlocking System of Arrogance the result is selfcenteredness and [Egocentricity](#), resulting in so much preoccupation with self that his self-righteousness will manufacture [Paranoid FEAR](#). The Faith Rest Drill (5 stages) must be used consciously or subconsciously and consistently every day and the believer must be extremely wary lest he forget to use it. God is ***REQUIRED*** to provide all the needs in life for all believers whether they are advancing or retrogressing, succeeding in the Spiritual Life or failing in Reversionism. The Interlocking System of Arrogance also destroys reverse concentration on Metabolized Bible Doctrine already resident in the Stream of Consciousness of the Soul so that the believer fails to recognize the simple application of Logistical Grace to his life. Because of the Interlocking System of Arrogance and its frequent interaction with the [Stages of Reversionism](#) believers will all at some point in life in general and their spiritual life, fail. From the worst reversionist to the greatest believer in [Advanced Maturity Adjustment to the Justice of God](#) in the history of Israel or the Church, ALL BELIEVERS HAVE FAILED AND WILL FAIL. [Self-Pity](#) is what drives the believer to the state of trying to compare self with others but the fact is that one never

really knows who or what anyone else really is. The believer must not ever try to decide whether he is better than or worse than anyone else. This is self-righteousness making an issue of self under Self-Pity. Making an issue of self is always an indication of involvement in the Interlocking System of Arrogance. The Lord decides who is better or worse and based on his sovereign will administers the support of Logistical Grace as Divine Discipline or Divine provisions for one's life.

Preoccupation with self when under pressure is the most devastating type of Arrogance. It keeps the believer from being [Flexible](#), solving problems, making decisions and from [Thinking](#) under pressure and therefore short circuits the process of reverse concentration. Self-Pity therefore short circuits faith rest. In self pity one's occupation with self prevents him from claiming promises, using reverse concentration and coming to doctrinal conclusions. Self-Pity is an extension of Arrogant selfcenteredness and is a basic disorientation to life in general and the Plan of God for one's life specifically. Self-Pity, selfcenteredness or any other preoccupation with self results in total loss of one's scale of values whether dealing in the spiritual realm related to God or in the human realm related to the Laws of Divine Establishment and Divine Institutions. You cannot have a system of priorities which is compatible with the Plan of God and also be under occupation with self as a part of the system of Arrogance. Self consciousness is legitimate, however, Arrogance is NOT. The Subjectivity of unbelief can only be remedied by the objectivity of Bible Doctrine and this requires consistent Post Salvation Epistemological Rehabilitation from Perception, Cognition, Inculcation & Metabolization of Bible Doctrine with concentration on Bible Doctrine so that there is something to be applied under pressure through the Faith Rest Drill.

Therefore, the [Faith Rest Drill](#) keeps the believer in touch with the reality of the Logistical Grace provision from God and the Plan of God for his life. It is easy, even for the mature believer, to lose perspective when under pressure and forget the promises and principles of Bible Doctrine so that preoccupation with self excludes [Occupation with the Person of The Lord Jesus, The Christ](#). Through maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul the mature believer, as a part of his Super – Grace Blessings, has deployed Problem Solving Device #10, Occupation with the Person of The Lord Jesus, The Christ into his soul. Therefore, one of the first characteristics of Spiritual Maturity is enhanced capacity for love in all 3 categories. In the self consciousness of the soul Occupation with the Person of The Lord Jesus, The Christ then overrides selfishness, Arrogance, and other potential road blocks for success in the Spiritual Life.

The 5 stages of the Faith Rest Drill must be a function which the believer engages in daily no matter how far he advances in his Spiritual Life and the Plan of God. He must use Metabolized Bible Doctrine constantly and daily and must consistently claim promises or make conclusions from the Bible Doctrine principles which comes to his thinking or think through Bible Doctrine rationales using a single one or many of them together. Attaining Spiritual Maturity does not warrant a vacation from the dynamics of the 5 stages of the Faith Rest Drill. If one lets up on the use of the Faith Rest Drill <sup>(5 Stages)</sup>, Arrogance will infiltrate and find one's weaknesses. This puts the believer quickly under the control of the Old Sin Nature through the

Interlocking System of Arrogance and the strategies of Satan under his policy of EVIL. Believers who cannot function under the Faith Rest Drill inevitably become Arrogant and may also become paralyzed with [Paranoid FEAR](#) where they often think and proclaim that the devil is after them. Once one enters into this state of cowardice, any thought under pressure becomes instant irrationality often bordering on insanity. Insanity is divorcement from reality and the coward is totally divorced from reality in his thinking. As the cowardly believer moves along in status quo cowardice he becomes more and more irrational and irrationality is the antithesis of reverse concentration which is the requisite process in the application of Metabolized Bible Doctrine to experience. When a believer has fallen into cowardice he has a hierarchy of concerns:

- ▲ **SELF** in selfcenteredness of Arrogance so that Arrogance under pressure results in either self pity or selfcenteredness
- ▲ **Children** who will be inordinately glorified and taken out of their proper category of importance when irrationality occurs.
- ▲ **Wealth** or financial security

A Logistical or Living Grace test is not a discipline or reprimand since reprimanding comes as a result of [Self Righteousness](#) and Self Righteousness comes from Arrogance. When facing Logistical Grace testing and pressure the believer must never try to find someone to blame for his situation. Moses at Kadesh Barnea during Meribah II failed in this application when he was to provide water for the Jews. Arrogance and Self Righteousness will always result in unkind applications and hysteria. Therefore, Grace NOT sin is always to be the issue. ([Phil 4:19](#)) God provides all our needs according to his riches and glory NOT according to our victory or success. This applies to both the worst and best believers who instead of using the Faith Rest Drill (5 stages) are guilty of Arrogant selfcenteredness, fear, panic and self pity but they WILL STILL receive Logistical Grace support from God. The believer must come to the place of total dependence on God in total helplessness and humility, the two prerequisites for [Grace Orientation](#). The believer will ALWAYS receive Logistical Grace support from the Justice of God and he must understand this. When God guarantees logistical support in time it does not matter whether the believer can see the source of that support or not but it does matter that he realize that God is the ultimate source. Therefore, as long as one has his focus on God he will never have Arrogance.

God has the answer to any problems of life which answers were designed in Eternity Past, a time so long ago that it is incomprehensible to the human mind. There never was a time when God did not have an answer to the problems and disasters one faces in life. However, these answers are not presented until there is proper function by the believer under the [Faith Rest Drill \(5 stages\)](#). The claiming of promises from God, which are now in writing for us, is designed to stabilize the thinking of the believer when under pressure in life. Once the thinking is stable, the believer MUST then reach into their Stream of Consciousness of the Soul and use reverse concentration to extract pertinent doctrinal principles of the Spiritual Life to reinforce those promises, especially concepts of Logistical Grace. The great test which most believers fail, whether they are mature or immature, reversionistic or advancing, is the Logistical Grace test which is the simplest of all divine testing. The Logic of Logistics for this

life is based in the fact that as a believer in The Lord Jesus, The Christ, as long as God wants one in this life, God is responsible to provide things which sustain life for him. Lacking water, food, clothing, transportation or lodging are Logistical Grace issues and these things MUST be provided by God himself. Without water or food believers would die, without proper clothing in extreme environments he would also die, and unless it is the time to leave this life and be with God himself, GOD is OBLIGATED to provide these things for every believer in the Royal Family of God. Knowing this principle and that as a believer with Positive Volition toward Bible Doctrine one is in the Plan of God and having confidence that because of His omniscience God knew about the problem in Eternity Past and that He set up this test, the believer should immediately recognize that GOD has already set up the solution. Any thinking apart from this is ARROGANCE.

When there is a lack of something which is designed to sustain life the believer is not under Divine Discipline. It is ALWAYS a test for the Faith Rest Drill <sup>(5 Stages)</sup> regarding the principles which he SHOULD KNOW regarding Logistical Grace support from God. Divine Discipline never involves removing something needed to sustain life. This Logistical Grace test is a preparation for something greater coming in the life of this believer. Every generation must be trained spiritually and learn to think under pressure and have both moral and battle courage. In situations when life sustaining provisions are lacking, believers having sinned currently or in the past think God is punishing them for their sins. This is a combination of many categories of Arrogance including vanity and **Pride**. In providing a Logistical Grace test for the believer God is trying to prepare them for what is to come in the future and it is most certainly NOT a punishment for sin. When things go wrong in life, for the believer under consistent Positive Volition, these are tests to prepare him for greater blessing and to put muscle on faith to teach the believer to think under pressure. This is what the combat testing of the United States Army for Airborne Rangers used to be like. When war is hot and real and when combat comes to light one should already be able to think under pressure. The believer must therefore develop the ability to think under pressure and have the moral courage to do whatever is needed in disaster and warfare situations.

The **Guilt Complex** is Arrogance Fusing Self Pity with Self Righteousness to produce a complex of sins which have behind them a saturation with Arrogance. In this case there is fusion with Self Pity merging into Self Righteousness. Self Righteousness says “God is punishing me”; Self Pity says “I feel sorry for ME being punished” and then “how can I make it up to God” and from this comes the guilt complex and then idiotic penance and **Crusader** functions. Sins may be mental, verbal, or overt and God WILL discipline the believer for these and any other things which take him OUT of the Plan of God. God however does not ever mix Divine Discipline with Logistical Grace testing. However, it often happens that many believers go into Logistical Grace testing without using rebound and with sins dangling all around them and when the believer enters into Logistical Grace testing out of fellowship and loaded down with sins as a result of not using rebound he will obviously come to the wrong conclusions about his pressures from the logistical testing. However, the thing which actually destroys this believer is the Guilt Complex wherein emerges the idiocies of trying to make up for his failures with God getting himself into some system where his Self Righteousness can be recovered. Therefore,

instead of solving this problem he intensifies the problem and as a result cannot recover. This believer may never get straightened out and may reject Bible Doctrine totally and use penance, the tongues movement involvement or some other system of Self Righteousness where he can tell God he will make up for his failings and THIS is total divorcement from Grace reality. As a result of these things which invariably divorce the believer from reality he will first become sociopathic and from this either psychotic or neurotic depending on the factors of his situation. It is very difficult to work one's way back out of this situation because this believer does not know what he must do and as a result depends on someone else to guide him. However, the FIRST recovery function must always be the use of the [Rebound Procedure](#) and then the subsequent relearning of every basic Bible Doctrine principle and reasserting the Faith Rest Drill (5 stages) functions and restoring reality to the thinking.

It all goes back to Arrogance which rejects authority and therefore Bible Doctrine and its teaching is rejected and as a result Arrogance is increased along with an increase in [Scar Tissue of the Soul](#) because of persistent [Negative Volition](#) toward Bible Doctrine. Then an unfortunate distortion occurs in the soul causing the believer to think Logistical Grace testing is Divine Discipline punishment. The very interesting paradoxical underlying principle in distinguishing Divine Discipline from Logistical Grace testing is that *God cannot punish a believer for being outside the Plan of God as a result of sin when his logistics are missing and he is DEAD!* If some sustaining logistical necessity is missing the believer will not survive and as a result God will not be able to punish him if he is dead because all Divine Discipline is restricted to LIFE IN TIME. Therefore, if God is going to punish with Divine Discipline then he has to keep the believer alive, therefore, he will first have to give logistical support and then the believer will be punished after he receives the support and the sustaining of Logistical Grace. This is a key part of the Logistical Grace Rationale.

Therefore, believers must be cognizant of the fact that Logistical Grace blessing continues in the life of every believer as long as he lives whether he is carnal or spiritual, mature or immature, Advancing or in Reversionism. The imputation of Logistical Grace support never depends on who or what the believer is but only on who and what God is and specifically on His Integrity. The Integrity of God is the basis for all blessing to believers through the Grace pipeline motivated by the Love of God, distributed from the Justice of God to the Righteousness of God imputed to every believer at Salvation. Therefore, believers are supported and sustained all of their life after Salvation Adjustment to the Justice of God by Logistical Grace no matter their Status Quo as believers. Emphatically, however, this does not preclude becoming the recipient of Divine Discipline for failures in the Christian Way of Life which take the believer OUT of the Divine Dynasphere and plop him into the Cosmic Dynaspheres. Therefore, it is a logical conclusion that anytime a necessity of life is missing, this is a test for the Faith Rest Drill (5 stages) and not Divine Discipline which is only for failure to remain in and function under the Plan of God. The average believer is totally confused about this distinction because they are saturated with a [Guilt Complex](#) resulting from their real or imagined failures before God or man. This is the wealthy liberal trying to find solutions for all the problems of the downtrodden, it is the guilt ridden believer who has instability in his recovery of and use of doctrinal rationales. It takes volition to enter the Interlocking System of Arrogance and

therefore, it takes volition to walk out. The volition to walk out of the Interlocking System of Arrogance is expressed in terms of the Rebound procedure and then the use of the Faith Rest Drill <sup>(5 stages)</sup> where the believer can reach a doctrinal conclusions to gain control of the situation outside the Interlocking System of Arrogance.

The Faith Rest Drill <sup>(5 stages)</sup> is therefore designed to reduce the complexities and problems of life to the utmost simplicity. These complexities of life become simple not only by learning the instructions for recovery but by using faith and following them implicitly. This is the beauty of the military where recruits are only given simple instructions so everyone can follow them together. They give simple instructions and require the individual recruit to repeat following them until he can do them in his sleep without thinking. Following simple instructions from authority is therefore a cleanser of Arrogance from the soul. When a smart captain sees his company becoming Arrogant he takes them out for ½ a day for close order drill and he drills the Arrogance right out of them. When those under one's authority look at him with hate they are then again humble and have stopped thinking about self and only about him. Therefore the reality of life is that Divine Solutions to man's problems and complexities in life are ultimately designed to make things simple.

### **Arrogance, Prayer & Evil Influence**

Influence by evil explains why the prayers of believers are often NOT answered and it is the influence of Evil which is the most detrimental factor in the proper function of prayer. Carnality is also a great hindrance to prayer but the Rebound Procedure puts the believer back on praying ground provided he is not under the influence of Evil. However, Arrogance is the number one cause of ineffective prayer because Arrogance is the Original Basis for EVIL. (**Job 35:9-13**) If you pray when frightened, in a state of cowardice, in any aspect of Arrogance including Self Righteousness, Self Pity or Guilt Complex your prayers will not be heard. Mental Attitude Arrogance with its Mental Attitude Sins in the Interlocking System of Arrogance and degradation of the Spiritual Life in Reversionism destroy prayer effectiveness and are the greatest enemy of Prayer. (**Ps 66:18**) When the believer rejects Bible Doctrine repeatedly he enters into Reversionism and inevitably builds up Scar Tissue of the Soul and intensifies the Arrogance of his soul. As Arrogance intensifies he is ONLY able to believe the LIE of the many things which are part of the Cosmic Dynaspheres such as communism and liberalism. As Arrogance branches out it produces Self Righteousness in prosperity and Self Pity in adversity. When involved in Self Righteousness the believer has false superficial concepts about prayer and will judge others in their erroneous functions of prayer. When involved in self pity he will use prayer groups to unload his problems and try to get others to pray for him. These are an abuse and distortion of prayer and a lack of proper function for the use of the greatest weapon God has given to believers. There is nothing to compare to the cries for help of reversionistic believers and this is where there is blending of Sin with principles of Evil.

### **Arrogance is not Reversionism**

Arrogance is not **Reversionism** and even believers who have reached Advanced Maturity Adjustment to the Justice of God can be in the Interlocking System of Arrogance without rejection of Bible Doctrine which is what moves one into Reversionism. There were truly great

believers, including Moses, Elijah, David, Paul, who had reached Advanced Maturity Adjustment to the Justice of God but who failed as a result of their involvement in the Interlocking System of Arrogance. To get into Reversionism the key or entry point is [Negative Volition to Bible Doctrine](#). This can interlock with the Interlocking System of Arrogance through [Negative Volition Arrogance](#) but outside of this Arrogance is NOT Reversionism. The Stages of Reversionism are related to Negative Volition to Bible Doctrine which is Apostasy while the Interlocking System of Arrogance is TRUE degeneracy. Immorality is NOT degeneracy but only a manifestation of degeneracy. Neither Moses, Elijah, David nor Paul died the Sin Unto Death from being in the Interlocking System of Arrogance although they did terrible things and received incredible Divine Discipline. Moses made an issue out of sin instead of Grace and therefore [Impulsive Arrogance](#) is the manner in which he entered the Interlocking System of Arrogance. Once in the Interlocking System of Arrogance the failure was total and his Divine Discipline was to be kept out of the land but he was NOT executed by the Justice of God under the Sin Unto Death principle. Elijah also entered the Interlocking System of Arrogance by Impulsive Arrogance with abuse of his authority and went immediately into [Criminal Arrogance](#) and executed the 450 prophets of Baal. Elijah had become a casualty not by being in Reversionism and though he was the greatest and most mature believer in the land one little shot of Arrogance destroyed him. David entered the complex with [Sexual Arrogance](#) and then went to [Conspiratorial Arrogance](#) and then to Criminal Arrogance when he ordered the execution by abandonment in battle of Uriah the Hittite. Paul entered through [Religious Arrogance](#) when he entered the temple to take a vow in order to witness to Jews and as a result was ALMOST killed by the Jews. These greatest of all great believers were not in Reversionism and all remained under Positive Volition to Bible Doctrine. Believers who remain in Reversionism without any effort for recovery always die the Sin Unto Death. They leave this world by the most horrible means and prior to that all go through warning, intensive and finally end their life with [Dying Divine Discipline](#). The Mature believer who enters the Interlocking System of Arrogance never goes out of this world dying in this manner. The mature believer can be under Positive Volition the whole time they are under the influence of the Interlocking System of Arrogance. The Interlocking System of Arrogance can distract them from Bible Doctrine and this can be very difficult for the believer but NONE of these great believers entered Reversionism. However, the Divine Discipline resulting from involvement in the Interlocking System of Arrogance is equal to reversionistic Divine Discipline except for the termination of life by the Sin Unto Death. The principles of blessing for the mature believer continue unless, as a result of staying in the Interlocking System of Arrogance, they also come under Negative Volition toward Bible Doctrine. At this point the Interlocking System of Arrogance and Reversionism become 2 spiritual diseases racing to destroy that person.

One spiritual victory on does not guarantee victory the next day in any other adverse or pressure situation. At the peak of service to the Lord and of spiritual advance the believer is most susceptible to his greatest failures. Being successful in one situation does not mean he will be victorious in his Spiritual Life the next minute. He can make one decision in the midst of great pressure and have spiritual victory and immediately go rapidly to total defeat the next minute. Satan is an incredible counter attack genius. It is not muscle which makes the Spiritual Life successful but focus, concentration and self discipline. One's ability to think and

function in his soul is what counts in the Spiritual Life much more than whatever physical ability he might have or not have. His mental status is what is most important and one can observe that in the physical realm even cowardice can motivate extra ordinary physical effort. Motivation, momentum and fulfillment of the Plan of God for one's life is the primary issue in the life of the believer. The issue is doctrinal motivation, perceptive momentum, leading to fulfillment of the Purpose and Plan of God for one's life. The believer can quickly move from success in the Spiritual Life to failure, from courage in his function to total cowardice when involved in the Interlocking System of Arrogance.

### **Interlocking System of Arrogance & Reversionism**

Some believers have problems in life and recognize them from Metabolized Bible Doctrine in their Stream of Consciousness of the Soul and use the Rebound Procedure and the other **Problem Solving Devices** to solve them. Other believers have problems and do not even recognize them. This occurs because they are involved in the **Arrogance Skills**. This leads to a retrogressing status in the Spiritual Life resulting from his consistent Negative Volition toward Bible Doctrine as the believer moves through the **Stages of Reversionism**.

The Interlocking System of Arrogance is NOT Reversionism BUT it can lead to or interlock with Reversionism. Reversionistic believers never see the big picture when a controversy exists and are always involved in Pettiness, **Jealousy**, implacability and vindictiveness as part of **Mental Attitude Arrogance** and thus no solution is acceptable to them. This is the tenacity of Reversionism. Reversionists are always ungrateful and their lack of **Gratitude** expresses itself in running roughshod over and bullying others. Therefore, anything one does for a reversionist will never be appreciated. It is in fact most often resented because Reversionism harbors Mental Attitude Arrogance and great resentment. The reversionist does not have the power for appreciation nor the capacity for love which are supposed to go together in the soul. With capacity for love one has appreciation for others and what they do for him. If one has no capacity, no matter what people do for him, there is no appreciation for it. This is what is observed in spoiled children. Children are not spoiled by giving them things but by NOT training and disciplining them in their childhood and by allowing them in childhood to manifest and express the **Pettiness** of their Mental Attitude Sins and by permitting these to go unchecked. Children are never spoiled by receiving things but by the development of Mental Attitude Arrogance Including resentment, pettiness and Jealousy. Arrogance invariably blinds believers and one must realize that the only hope for any child is Metabolized Bible Doctrine in the Stream of Consciousness of their Soul as a foundational resource for the soul. When a people are saturated with Arrogance and harbor Jealousy and one tries to help them, they react in Arrogance with Jealousy and Hate for the help which has been offered and then will try to destroy him. As a result of trying to constantly help or bail out the poor, downtrodden in the United States and in fact throughout the world, those in charge of this nation have aroused Jealousy, Hatred and total antagonism from the entire world and have inspired the people in this country to revolution because of socialism. This is the total depravity of Man. It is man's self determination which has placed him into this total depravity and condemnation as a result of the decisions of Adam and Eve in the garden. This complete depravity as a result of possession of an Old Sin Nature, causes man to be totally dependent on God for solutions.

Arrogance cannot ever see this truth and always wants to help God solve problems or thinks it can impress God with personal solutions. Humility is always what orients man to Grace. Man's total depravity and condemnation must be understood before man can understand the Wisdom of God.

Reversionism is clearly manifest in the ones who make the worst decisions imaginable always assuming that they have made the best decisions. Only Divine Discipline can bring them to retrospection of the relative importance of these decisions. They will suffer disasters for which they should take the full responsibility and which are specifically provided to awaken them. However, the society in the United States of America today is preventing the people from taking responsibility for these terrible decisions they make. Once a person makes a really bad decision, thinking it is a good decision, it is amazing how they stick with it tenaciously because it is reinforced by EVIL influence in their Stream of Consciousness of the Soul. When one reaches the reversionistic stage of [Black Out of the Soul](#) they are so filled with the false doctrines and principles of Evil that they are certain they have made right decisions when they have in fact made ghastly errors. Such a reversionist is never sensitive to Divine Discipline designed to awaken him to his loss of momentum and his Reversionism and, therefore, there is no reversion recovery. Arrogance is not NECESSARILY Reversionism but Reversionism always involves the Interlocking System of Arrogance. In Reversionism once the believer begins to make decisions, which are for the most part bad decisions, he cannot stop. The believer in Reversionism creates his own disaster step by step without any outside help. The judgments delivered to the reversionist are brought on by the nature of his Reversionism and the decisions he has made.

### **Arrogance and Modern Man**

Arrogant People lie and deceive, are conspiratorial, hide behind a facade of hypocrisy and think they are better than any other believer and thus try to discredit these others and this is a tragic character flaw. The issue for every believer IS his personal relationship with GOD or LACK of it and not where he stands with or in comparison to his peers. Peer pressure is never an issue for the advancing believer and to make it an issue is to become SELF conscious and totally Arrogant being inordinately preoccupied with self. Therefore the fallacy of "Peer Pressure" problems is that they are not problems from peers but PROBLEMS OF Arrogance. Therefore, it is the use of the [10 Problem Solving Devices](#) which removes, for the believer, all concern about peers. Therefore, being overly conscious of peers is to lose the concept that all human beings of all ages can be wonderful friends and wonderful people but to only stick with or strictly support one's peers is STUPIDITY.

As an example, the entrance into Arrogance by the modern man has distorted the concept of the labor union, the Guild, originally designed to IMPROVE quality of work, into a system of power and authority which they have no right to wield. These people are miserable and their greatest misery occurs for them on Monday and Friday the beginning and end of their work week and also is the days, in the auto industry, of completion of the worst car to buy. There is no integrity in the majority of these workers because their unions or the government protects them and they do not need to have integrity in doing their jobs. When labor, management,

government or a student body have no integrity the nation is in great trouble, and this has been the Status Quo of the United States of America for many decades. Therefore, happiness is not found in the functions of labor, management, government or student activity but those involved in all of these today seek happiness other functions or their social life. This demonstrates that social life today is lawless without honor, integrity and effective thought. When even this pales and fails to bring enjoyment these people start looking for stimulation in crime, violence and revolution. Thus these people become totally animalistic, and may be the person who lives next door and their 'fun' is found in hurting other people. (See the "Purge" series of films) The animalism in society today is everywhere because 'society' on a global perspective has relatively shrunk and anyone can see, hear and learn anything anytime because of the improper rise of technology.

### Characteristics of the Arrogant Person

People who have a lifestyle of Arrogance have a FLAWED character. Humility only comes to individuals through consistent residence in the Divine Dynasphere and as a result of consistent Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine as the Laws of Divine Establishment and Divine Institution for unbelievers and the entire realm of Bible Doctrine for Believers. Arrogant conspirators use Arrogant STUPID DUPES, who can be found everywhere in any walk of life. For the believer, if he fails to humble himself under the powerful hand of God he will SLIP easily into the degeneracy of the Cosmic Dynaspheres the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred.

Arrogant people lie and deceive, Arrogant people are conspiratorial, Arrogant Believers hide behind a facade of hypocrisy. They think they are better than other believers and try to discredit the others. They disregard the issue for every believer which is his personal relationship with GOD but put emphasis on where he stands with or in comparison to his peers. Involvement in Cosmic Dynasphere I by believers is tantamount to a life of spiritual death ([Eph 2:2](#)), but believers are not spiritually dead having made Salvation Adjustment to the Justice of God and received a regenerated Human Spirit. Therefore this Lifestyle of the KOSMOS, a reference to Satan's Cosmic Dynaspheres, has 3 categories of Motivation for the unbeliever as a result of:

- ▲ Psychological Living
- ▲ Demon Possession
- ▲ Demon Influence

When residing within the Cosmic Dynaspheres the Christian can do any SLIMY thing any unbeliever can do and very often do it to a greater intensity and this is the majority of Christians today. Religious Legalism including Christian Legalism is a means of using Arrogance to subvert or recruit others into the devil's system of conspiracies and for any believer to become involved in [Conspiracy](#) the only thing necessary is to become involved in Arrogance.

Emphasis must be placed on the individual's VOLITION as the means of entrance into the Cosmic Dynaspheres and into carnality because the individual personally chooses to PULL the pin and activate the Arrogance grenade detonating the grenade in his own soul. ([Prov 16:18](#)). In Arrogance the believer pulls this pin and enters Arrogance and carnality but always tries to

blame others and avoid responsibility for these decisions. This results in the individual being obnoxious and impossible to tolerate all of his life. Tragically many Christians in a lifestyle of Arrogance ([Blind Arrogance](#)) do not even know it. About 90% of all Christians are [LOSER Believers](#) because of this 1 subject and they do not lose their eternal salvation but because they fail to execute the Protocol Plan of God they have a life of great misery. This is the lifestyle of the Christian in imitation of the unbeliever. ([Prov 11:2](#), [Prov 29:23](#)) The issue for the believer is making decisions from a position of weakness or position of strength to engage in a lifestyle of Arrogance or a lifestyle of Humility. A Lifestyle of Arrogance always emphasizes people and things over God finding something obnoxious in others making them the villains therefore always blaming others for one's own failures and one's self fragmented life. Many of the people who THINK they are humble are the most Arrogant of all and are very often considered spiritual giants by those surrounding them. The whole idea that one is better in any way than any others and has no failures in his life or character must be ERASED from one's thinking.

### Anti Establishment Acceptance in Arrogant People

When people become Arrogant there will be an overall acceptance of things in their society which are totally anti-establishment such as:

- ▲ Homosexuality and other deviant sexual involvement
- ▲ Live ins vs Marriage
- ▲ Accepting Welfare and other Government Subsidies
- ▲ Anti Military attitudes
- ▲ Anti Law Enforcement attitudes
- ▲ Anti Capital Punishment attitudes
- ▲ Anti Free Enterprise attitudes

In these situations the people who have authority become irresponsible and are intimidated by these groups which in the overall society generally represent less than 1% of the citizens. This is also a result of mass Arrogance.

### Arrogance vs Humility

Some of the dangers of the Interlocking System of Arrogance include [Pseudo Morality](#), [Self Righteousness](#) and Social Engineering, everything which has occurred in the United States of America from at least the 1960's to the present day. This is the result of children being reared and growing into adulthood without developing enforced humility and lacking any [Authority Orientation](#). This results in these people having the idea that they are owed a living and that no one has the right to "put them down" or criticize them for any reason.

Humility is a system of thinking and way of Life. As a system of thinking Humility is freedom from both subjective and objective Arrogance related to Christian degeneracy in Satan's Cosmic Dynasphere I, the Interlocking System of Arrogance. Humility is recognition of and submission to Authority, and for the believer this is the Word of God and it occurs as a result developing Capacity for [Reciprocal Love for God](#) as motivational virtue and therefore Happiness in Life from eventually [Sharing the Happiness of God](#). For the believer in The Lord Jesus, The Christ, Arrogance must be avoided at all costs. Primary motivation in the Spiritual Life must come

from the [Motivational Virtues](#) developed as part of consistent residence in the Divine Dynasphere. Reciprocal Love for God is based on the fact that in Eternity Past when God developed his Plan and decided to create and knew he would have to put man in it, he did so from his LOVE and provided everything that believers would need to succeed, therefore He loved mankind first and believers are to reciprocate that love when they have accumulated a maximum level of Metabolized Bible Doctrine into the Right Lobe of the Stream of Consciousness of their Soul. When one has reciprocal love for God he will avoid all the aspects of Arrogance, however, pseudo love for God not based in Metabolized Bible Doctrine becomes a system of [Religious Arrogance](#). There can be no motivation for advancement in the Spiritual Life when the believer is involved in Arrogance. All promotions for the believer in the Spiritual Life are the result of the consistent functions of Post-salvation Epistemological Rehabilitation which is the result of consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. God always promotes based on Motivation and Motivational Virtue includes Reciprocal Love so without Reciprocal Love, [Metabolized Bible Doctrine](#) runs astray, is distorted and becomes legalism and the believer is therefore not qualified for promotion. Without Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, Reciprocal Love becomes silliness and [Emotionalism](#). Reciprocal Love for God gives us the motivation to keep on plugging with Bible Doctrine and to allow it to build up in our souls for the glorification of God.

Humility must never be defined in terms of Legalism, Self Effacement, or any other form of Subjective Arrogance especially the [Arrogance Skills](#) nor any other Arrogant motivation in life. This includes [Unrealistic Expectation Arrogance](#), [Role Model Arrogance](#), [Iconoclastic Arrogance](#), [Self Righteous Arrogance](#), [Crusader Arrogance](#), or any other part of the Cosmic Dynasphere I, the Interlocking System of Arrogance. Arrogance is an old sin nature production not related to social status nor income whereas Humility is the capacity for life, awareness of things outside self and recognizing God's blessings as Grace while Arrogance is lack of these attitudes. For the believer loss of humility results in the loss of the ability to live life. Humility is in no way related to financial depravity or self deprecation. The Humility mandated in [James 4:10](#) is Christian Virtue not hypocrisy. [Poise](#) is a synonym for Humility and is the expression of Humility or Grace Dependence under Pressure. Humility orients everything in life to the Grace of God, while Arrogance orients everything in life to SELF. [Bitterness](#) is a terrible sin of Arrogance and involves the believer in a terrible system of Evil. Bitterness is not the right of anyone no matter how much they have been wronged and it is [Emotional Arrogance](#). NO ONE ever learns anything without humility since learning REQUIRES submission to authority. Humility is a mental attitude which recognizes that God has provided everything which one will ever need and therefore one does not have to compete with others nor does he have to criticize other people for his self advancement. Humility is the Road to Blessing and Grace while Arrogance is the Road to misery and destruction. Promotion comes from God for the one who functions with Humility and never from Arrogance and Humility comes only as a result of Volitional functions and no one can ever force humility into another's soul and his thinking.

The major distractions for the believer in the church age are the sins of and involvement with

the Arrogance and Emotion systems. The Person who has developed and deployed [Impersonal Love for Mankind](#) always functions in Humility and no one involved with Arrogance or under human self esteem has Impersonal Love for Mankind. ([James 4:6](#), [1Pet 5:5](#)) The desire and ability to concentrate on what another person is saying is a sign of Grace Humility and Arrogance never concentrates on what others say because Arrogance does not listen. Therefore, Humility is one of the major keys to the Spiritual Life. Humility is Authority Orientation, Grace Orientation, Bible Doctrine Orientation and functioning under the [Problem Solving Devices](#) with consistent residence in the [Divine Dynasphere](#), all combined and functioning together. Humility is the capacity for the accurate function of the Problem Solving Devices deployed on the Forward Line of Troops of the SOUL which cannot be accomplished under Arrogance. The more the believer advances in the spiritual life the more sophisticated and complex will be the experiences he has and he may misjudge the experience if he is not founded or based in humility. Arrogant preoccupation with self excludes reality by adopting [Maladaptive Defense Mechanisms](#) instead of learning and using the 10 Problem Solving Devices of the Protocol Plan of God.

### [Arrogance & Age](#)

When an older man threatens the function of the Local Church then the Pastor Teacher should simply have him removed. Between members of the congregation there should be deference for age when there is a small problem arising. When a younger person is free from [Blind Arrogance](#) he can easily appeal to the older person because of being a Grace oriented person. There is no reason for young and old people not to get along in the Local Church if they simply have some respect for each other. There must be recognition of the principle of Respect for Age. Young men as Pastor Teachers must have great wisdom in dealing with older men who are under their authority. One of the very important characteristics of leadership and proper use of authority is thoughtfulness to those under one's command and authority. [Humility](#) and [Grace Orientation](#) provide younger people with objectivity toward older members of a congregation. It is at best shocking and at worst angering for older people to be ridiculed or criticized by younger people. Younger people should never speak up and be disrespectful to older people even if they may be wrong since this is a matter of thoughtfulness and courtesy beyond the pseudo 'loving the brethren' attitude. At some time a conflict may arise with an older man for some innocuous reason but the younger man in this situation must simply let the matter go and defer to the older man. This is where Grace comes into play and where the believer becomes smarter about life and grows up. When older age comes to one, in his sunset years, he desires, and has a right to, his tranquility and, if every believer will think back and remember, youth by nature is NOT peaceful nor tranquil and therefore it is a Grace function to demonstrate peace and tranquility toward those in their sunset years.

Thoughtfulness and courtesy toward older men helps keep them concentrating on bible teaching in the sunset years of their lives. Young people full of [Ambition](#) and Arrogance often distort their own perceived importance into a system of bullying and abusing of older people in the congregation. Unless the older man is just a total jackass he is entitled to a certain amount of respect and veneration simply because of his advanced years. This emphasizes the importance of a young Pastor Teacher establishing his authority by correct bible teaching rather than by

becoming ‘rank’ focused. This also provides Grace emphasis since God has provided the authority for the Pastor Teacher under the Grace system of the Spiritual Gift and through his accumulation of Metabolized Bible Doctrine. No Pastor Teacher ever earns nor deserves the authority given him by God therefore he must use that authority in a Grace oriented manner. Since the authority of the Pastor Teacher is the only pure authority in the world of Satan it should be guarded by Grace functions rather than by embarking on ego trips and getting focused on one’s own self importance. In the case of contemporaries of age in the congregation, if they have avoided Blind Arrogance and acquired some Metabolized Bible Doctrine in their Stream of Consciousness of the Soul then they will respect the privacy and individuality of every member of the Royal Family of God at all times. They will respect them without regard for their age, younger or older, and without any interference with their life, not causing them any harm, worry or concern.

### **Arrogance & Humor**

A sense of humor and capacity for life always go together and only the Religious Legalist is totally devoid of a sense of humor. The Divine Viewpoint very often is overpowering therefore the advancing believer should accept it as reality often through the use of humor and use this escape valve to allow him to take God’s blessing by degrees so that it will not hit him all at once. This is the principle that God can do exceedingly beyond what we can ask or even imagine. A sense of humor and laughter as its expression is a safety valve for handling the awesome thoughts arising in the Stream of Consciousness of the Soul as a result of the accumulation of Bible Doctrine. This humor of the believer in Maturity Adjustment to the Justice of God is totally free from Arrogance. He never laughs at the expense of someone else but most often at self and the believer who can laugh at himself today will NOT cry tomorrow when under pressure. This demonstrates the Relaxed Mental Attitude and capacity for life of the mature believer from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul.

### **Arrogance & Rejection of Truth**

There is encouragement in the Spiritual Life for those who use the mechanics of Spiritual Growth namely the 2 Power options, [4 Spiritual Skills](#), [10 Problem Solving Devices](#), to move toward the 4 Spiritual objectives. In the Spiritual Life the [Filling of God the Holy Spirit + Operation Z](#) (the Grace Apparatus for Perception) results in [Bible Doctrine Orientation](#) and development and deployment of all of the Problem Solving Devices onto the Forward Line of Troops of the soul. It is the Filling of God the Holy Spirit + Operation Z + Problem Solving Devices which result in the formation and use of the Spiritual Skills which oppose the [Arrogance Skills](#).

The person in [Reversionism](#) or in the Interlocking System of Arrogance who has rejected truth and believed the LIES of the Cosmic Dynaspheres is the one who takes pleasure in “wickedness”. There are 2 SYSTEMS of wrongdoing or unrighteousness for the people in the client nation to God, the Degeneracy of the Interlocking System of Arrogance and the Apostasy of Reversionism both which are involved in rejection of Absolute Truths. This is not the individual wrongdoing related to Sin, Crime or Human Good from influence by Evil but these

are SYSTEMS of wrongdoing. Once a person rejects Absolute Truth he can only believe the Cosmic Dynasphere LIES and thus enter into a system of wrongdoing.

Ignorance cannot exist in the Protocol Plan of God for the Church. It can, however, coexist with Arrogance as in Blind Arrogance, Strong Delusion, etc. Ignorance of Bible Doctrine evades the reality of The Divine Plan, Will and Purpose for the life of the believer. Without the reality of Metabolized Bible Doctrine circulating in the Stream of Consciousness of the Soul the believer inevitably enters into the cycling of the Arrogance Skills by interlocking with Maladaptive Defense Mechanisms in Self Deception and the Lust functions of the Old Sin Nature. (John 4:9-14, 1st John 5:5) The portfolio of Irrevocable Invisible Assets provided for the believer by God at Salvation Adjustment to the Justice of God is designed for the support of his own individual spiritual life and no one can live that life for him. Only Metabolized Bible Doctrine in one's own Stream of Consciousness of the Soul can provide the Problem Solving Devices and only with the Problem Solving Devices on the Forward Line of Troops of the Soul can he deal with life's pressures.

When one becomes involved in Negative Volition toward Bible Doctrine as part of the Degeneracy which is Arrogance involvement he also most often then enters the Stages of Reversionism which is Apostasy. He moves through the stages of reversionism and eventually builds the first layer of Scar Tissue of the Soul and the more Negative Volition he expresses the more he layers Scar Tissue over and over on itself in the soul. This prevents the PERCEPTION stage of the Faith Rest Drill (5 Stages) from operating at all, which, as a result, prevents the other 4 stages of Faith Rest from even being able to be engaged. While this occurs the Arrogance factors are intensifying in his life. When he is in a state of prosperity he is operating under Self Righteous Arrogance and when in adversity under Self Pity and under certain adversities these combine to introduce Shame leading to Regret resulting in Guilt Complex functions. Unless the believer remains focused on Bible Doctrine he will fall into the trap of the Interlocking System of Arrogance and most likely also enter into Reversionism. When Bible Doctrine is taught in a sequential categorical fashion and the believer misses parts of the sequence in the studies then ultimately a point of doctrine will not be understood and UNBELIEF will be expressed at that point. Lack of understanding is honesty and between not understanding and not believing Arrogance SLIPS INTO THE PICTURE. When the believer says to any doctrinal point that he does not believe it then he has moved into the Interlocking System of Arrogance and WILL believe the next LIE which comes along. In the Angelic Conflict, Satan has been and must continue to be demonstrated to be wrong and his concepts and principles of function false. His fall is based on Arrogance and the Interlocking System of Arrogance is the foundation for his policy and strategy for ruling this world and is very much permeating this country today which is supposed to be a CLIENT NATION to God, serving God and preserving, protecting and disseminating His Word.

### Arrogance & Divorcement from Reality

Arrogance divorces the believer from 3 categories of reality:

- ▲ Personal
- ▲ Historical

## ▲ Spiritual

Regarding Personal Reality, being able to evaluate self is not a bad thing and upon reaching the status of Spiritual Self Esteem it is a very good thing for the believer to engage in. This is the proper use of the MIRROR of the soul developed from consistent accumulation of Metabolized Bible Doctrine to reflect on WHO and WHAT one really is. However when it is irritating that someone is prettier or smarter or stronger or receives more approbation from people, then there has been a loss of personal reality. This loss is the beginning of involvement in [Psychopathic Arrogance](#).

Regarding Historical Reality, as a result of MASS Arrogance in a people or nation where all must understand HISTORY and what it can teach about human events, the fact is that MOST people involved in Arrogance do not and cannot truly understand history at all. Most people do not even understand freedom and how this nation was founded and how its failures have been corrected and can be corrected even today. A total lack of Historical reality today in the United States of America has allowed the media and government bureaucracies with their plethora of Marxist reporters and non-public servants to influence and propagandize the people into believing false concepts. This is demonstrated by the widespread concern over the Russian invasion of Ukraine and their threats of Nuclear War in 2022. Every person in this country who is afraid of nuclear war and thinks that the United States can go to Russia or China and make treaties with them or sanction them economically, and that these nations will stop their aggressiveness, IS IN A STATE OF HISTORICAL UNREALITY. There will always be Hot WARS and Cold WARS as JESUS said until he returns and if people think they can have peace or control EVIL in other nations by disarmament or by using economic pressure they are TOTALLY divorced from reality HISTORICALLY. Historical reality is found in scripture when the bible refers to this type of situation with a reference to the “STRONG MAN IN THE HOUSE”. This is the nation who is prepared to defend itself with a strong military and law enforcement system under an effective and HONORABLE judicial system. The system of taxation and function of the IRS in the United States is an affront to Freedom and is again Historical Unreality. Socialism is the greatest area of Historical Unreality in the world today and a clear and absolute function of EVIL. The only people in Russia, China, North Korea and Cuba or any communist nation or Islamic Nation who are happy are those who are in power and can do anything they want to do. Therefore the people in the United States of America, especially today, are saturated with historical unreality as they constantly push for more and more socialism. They do not understand that between socialism and communism the only difference is HOW those in control exercise their control, and communism uses VIOLENCE whereas socialism does not.

Regarding Spiritual Reality, there is total divorcement from the reality of the Spiritual Life of Christianity when the believer becomes a loser involved in the Cosmic Dynaspheres. True spiritual reality only comes to the believer in his execution of the Protocol Plan of God. The believer who is able to analyze his own life and recognize Arrogance and recover from it using the [Rebound Procedure](#) is the believer who has grown up spiritually with knowledge of Grace and The Lord Jesus, The Christ. This spiritual reality will balance out and realign the other 2

areas of unreality in that believer's life.

### **Arrogance and Application of Bible Doctrine**

Bible Doctrine is designed to keep the believer sane and give [Spiritual Common Sense](#) and orient the believer constantly to reality. Louis Talbot had one weakness as a Pastor Teacher, that was to allow the NUT BALLS, the mentally unstable, to run loose in his church but he was a good bible teacher. The teaching of Bible Doctrine does help idiots and unstable people but it is foremost designed to bring the believer around to the reality of the [Angelic Conflict](#). If a believer cannot come to recognize the reality of Bible Doctrine and quit trying to engage in the Arrogance of teaching the teachers of doctrine, when pressure occurs in his life, as it inevitably will, he will simply FALL APART emotionally and psychologically. This is basically because of his entanglement in the Interlocking System of Arrogance. In the Christian life the advancing positive believer will come into contact with these kinds of people and when he does he must recognize that he is faced with a very WEAK person who is saturated with Arrogance.

Metabolized Bible Doctrine, (gr) "Epignosis" doctrine, must not be allowed to remain as academic knowledge, (gr) "Gnosis", in the Left Lobe of the Soul but must be transferred by FAITH into the Right Lobe of the Stream of Consciousness of the Soul by means of the [Grace Apparatus for Perception](#). Bible Doctrine which remains in the Left Lobe and is not transferred as Epignosis to the Right Lobe of the Stream of Consciousness of the Soul because the individual rejects the authority of the doctrine and / or the right Pastor Teacher is USELESS to him. In addition these believers often get their focus on people, their attributes or actions, instead of the Bible Doctrine. As a result they do not have the Faith based Positive Volition nor the Filling of God the Holy Spirit to make the transfer of Gnosis to Epignosis for advance in the Spiritual Life with consistent spiritual growth. With unmetabolized Bible Doctrine in the Left Lobe the believer is not prepared for any conflict or adversity in life since this doctrine cannot be applied to situations of life. Bible Doctrine must be transferred to the Right Lobe of the Stream of Consciousness of the Soul through Faith Acceptance under Positive Volition and the Filling of God the Holy Spirit. Arrogance or Negative Volition will keep Bible Doctrine in the Left Lobe or completely out of the soul and this believer will easily be defeated by his own Old Sin Nature. With Bible Doctrine retained ONLY in the Left Lobe of the soul, he can become neurotic, Arrogant and blasphemous toward God eventuating in consistent and persistent suffering in his life and then dying the [Sin Unto Death](#) by committing suicide or as a result of some other horrendous means of dying.

One of the greatest solutions to the problems of life is to understand and have the Doctrine of Logistical Grace embedded as an Epignosis doctrine in the Stream of Consciousness of the Soul and have the ability to apply it to experience. Having this potential, as all believers do, and failing to use it in reverse concentration because of known or unknown Arrogance is one of the greatest failings of believers. Arrogance is most likely the basis for most if not all sin and it is almost a synonym for the Old Sin Nature. This along with the fact that Arrogance destroys the potential, courage, talent and ability, both human and spiritual, of all people involved in it, should instill within every believer the desire to know as much as possible about Arrogance in order to avoid it. Because the average believer does not really understand how to even define

Arrogance there is almost a universal involvement by Christians in Arrogance which demonstrates that this a truly tragic time to be living in. Facts are always distorted by Arrogance when there is preoccupation with disaster. This is demonstrated by the universal FEAR involved with the Wuhan Virus debacle of 2019 which is STILL ongoing today and which has been added to with the threats of a new “avian virus”. Distraction results from a lack of concentration and a lack of concentration inevitably results in cowardice because cowardice is absence of thought under pressure. In contrast, courage for the believer is the ability to think under pressure using reverse concentration based on Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. However, reverse concentration malfunctions as a result of all aspects of Arrogance especially self pity, self righteousness and selfcenteredness and therefore must be avoided at all costs.

**Guilt Complex** Arrogant Reaction is the basis for the liberal trying so hard to produce world peace and help the “downtrodden” in society. In considering Arrogance one must come to the conclusion that all members of the Human Race live life in 1 of 2 places, either in the Cosmic Dynaspheres, the Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred or outside of it. If one is outside of Cosmic Dynasphere I, the Interlocking System of Arrogance he is out because of at least 1 if not all of these reasons:

- ▲ Organizational Humility
- ▲ Enforced Humility
- ▲ Genuine Humility

Enforced and Genuine Humility are developed in the **Authority Envelope** of the Divine Dynasphere and are the only means of the initial development of the foundation of Virtue which occurs when a person responds to authority and tries to do a good job even and especially when the authority is unfair. This is the visible demonstration of the influence of invisible Metabolized Bible Doctrine in the Stream of Consciousness of the soul. This occurs for the believer with Positive Volition toward Bible Doctrine and for the unbeliever who functions under the doctrinal principles of the Laws of Divine Establishment and Divine Institutions.

### **Categories of Failure of Bible Doctrine Application**

With regard to the application of Bible Doctrine to experience in life, the Categories of Failure usually come from the negative side and involve the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred and total Problem Solving Incompetence. There are 6 Principles of Failure in application of doctrine to life:

- ▲ Application without Truth is FALSE
- ▲ Application without Fact is FOLLY
- ▲ Application from Emotion is IRRATIONALITY
- ▲ Application from Arrogance is DISTORTION
- ▲ Application without Doctrine is DEGENERATION to the status of loser believer
- ▲ Application without Virtue is total Arrogance

## Introduction to Motivational Arrogance

All functions in life, with only the exception of motor reflex actions, especially those in the Spiritual Life whether one resides in the Divine Dynasphere, the Power System of God, and or the Cosmic Dynaspheres, the Power System of Satan, begin with thinking. When considering failure in the Spiritual Life one must recognize that EVERY failure begins with thinking and making a decision which results in failure. Also, therefore, every success in the Spiritual Life must also begin with thinking. Success in the Spiritual Life begins with thinking in terms of Humility as basic virtue which builds and develops from the consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine into more Advanced Virtue. Advanced Virtue in the Spiritual Life can be divided into 2 categories, Motivational Virtue and Functional Virtue where the Motivational Virtue is the THINKING processes directed toward GOD producing motivation which results in the FUNCTION of proper behavior and production in the Power System of God directed toward Mankind. Therefore, failures in the Spiritual Life, which means there is residence of this believer in the Cosmic Dynaspheres, also begins with Arrogance as Motivational Arrogance, the THINKING which drives the person to engage in production under Functional Arrogance. In this way, entering the Cosmic Dynaspheres by means of Mental Attitude Arrogance as Motivational Arrogance, one becomes hopelessly entangled in Functioning within the Arrogance Complex and then producing Human Good from his own efforts. For the believer this is the production in his life which is totally repugnant to God and totally devoid of all Spiritual value and which will be destroyed during his Evaluation for this Church Age at the Judgment Seat of Jesus Christ. Therefore, Motivational Arrogance is the THINKING which moves the believer OUT of the Plan of God and into the Plan of Satan and is basically every category imaginable of Mental Attitude Arrogance with all the Mental Attitude Sin.

Motivational Degeneracy or Motivational Arrogance is what one thinks while Functional Degeneracy or Functional Arrogance is what one does! Motivational Arrogance or Motivational Degeneracy is thinking derived from the principles and policies of Evil as is Functional Arrogance or Functional Degeneracy derived from the production aspects Evil as Human Good. Mental Attitude Arrogance with its Mental Attitude Sins is the primary source of this Motivational Degeneracy. Therefore, Motivational Degeneracy is initiated in the believer by some level of Negative Volition toward God, His Grace, Bible Doctrine and The Lord Jesus, The Christ. From this come the fragments of the Arrogance Grenade blowing into one's life, involving all the gates of the Interlocking System of Arrogance which can be considered Functional or Operational Degeneracy from Evil. Arrogance being the demonization of the Soul of the Believer, a system of thought which is abnormal, is in contrast to thinking as a system coming from Ego as a normal function in life. It is a basic system of failure and sin and is from Motivational Degeneracy as Mental Attitude Arrogance and Mental Attitude Sins derived from Evil which inevitably push the believer deeper into the Cosmic Dynaspheres. There are 2 systems of EVIL developed in the both of the Cosmic Dynaspheres:

- ▲ Motivational Degeneracy from functioning in Cosmic Dynasphere I under some aspect of Mental Attitude Arrogance and also in the enhancement of various levels of Mental Attitude Arrogance when this Arrogance is converted to Antagonistic Emotional Hatred in Cosmic Dynasphere II.
- ▲ Functional Degeneracy from functioning in the production or operational areas of both

the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred in the production of Human Good.

Motivational Degeneracy derived from Evil can be likened to a fragmentation grenade with a myriad of Fragments. Mental Attitude Arrogance and all Mental Attitude Sins are fragments of the Arrogance Grenade and there should be considered also an Antagonism Grenade involving all Mental Attitude Sins of Antagonistic Emotional Hatred. Involvement in Mental Attitude Sins such as hatred are not only sins but an abnormal mental function under Arrogance or Antagonism. “I Hate You” means one has attached to self an importance which he has no right to have. Self Pity is another area and exemplifies the preoccupation with self which is the Modus Operandi of Cosmic Dynasphere I.

Therefore, the saturation of the LIE from Evil in the soul of the believer basically results in total entanglement into the Cosmic Dynaspheres. Therefore, Motivational Degeneracy, Motivational Arrogance from Evil drives the believer into an Operational or Functional Modus Vivendi which is Functional Arrogance or Functional Degeneracy of Cosmic Dynasphere I or the Functional Antagonism of Cosmic Dynasphere II. Therefore, for the believer, failure in the development of Functional Virtue in coordination with Motivational Virtue in the Divine Dynasphere results in Functional Degeneracy being developed as a result of Motivational Degeneracy from functioning consistently under the Mental Attitude Arrogance of Motivational Arrogance. ([1John 2:15-16](#)) Therefore, Arrogance as basic Motivation in human life is the foundation for the production of all categories of sin and human good as the result of the overwhelming influence of EVIL. It therefore involves both moral and immoral degeneracy.

Motivational Arrogance includes pride, jealousy, bitterness, hatred, vindictiveness, implacability, revenge motivation, self-pity, guilt reaction, and operation overthink, resentment, self-righteousness, hypersensitivity, guilt reaction, selfcenteredness, egotism, self-conceit, anything that is related to preoccupation with self to the point of abnormality. This Motivating Evil is thought directed primarily toward self which combines to form in the soul a total subjectivity. Therefore, Motivational Arrogance is the believer being entangled by his own volition and improper mental attitude; and the divine command is to now get out of it! As a result of involvement in Mental Attitude Arrogance with its mental attitude sins, believers inevitably get the wrong perspective on life. It is the perpetuation of the Mental Attitude Arrogance and Mental Attitude Sins over generations which is the most destructive factor in a national entity.

All Arrogance starts with thinking, moves into motivation, and from there moves into decisions resulting in actions. By definition, Motivational Arrogance is a complex of mental attitudes and sins, all of which are related to Arrogance or have their foundation in the basic concepts of Mental Attitude Arrogance. As an illustration, Pride (often the only thing considered when thinking of or discussing Arrogance) is defined as inordinate self-esteem, unreasonable conceit, preoccupation with self, insolence, rejection of authority, vanity, self-justification, an inflated concept of self, and the exaggeration of one's own self-importance. Vanity, pride, along with conceit was the original sin of the greatest genius creature of all time: Satan, Lucifer the Son of the Morning. [Is 14:12-14](#) and [Ez 28:14-17](#) reveal Satan's vanity of thought in his fall.

Therefore, it is Arrogance which is the original sin of the prehistoric angelic conflict, and became the MOTIVATION for the woman's original sin in the garden. This was the Arrogance which is the Motivational stimulation of a believer's lust for ascendancy in life which destroys right priorities of the Christian way of life and replaces them with a false Scale of Values and false Norms and Standards which bring false goals into his life. The Arrogant emphasis of a lust for power, drives toward Conspiracy, Revenge, Revolution, etc., from the motivation of Jealousy or Bitterness. This becomes a tragic flaw which neutralizes the beauty, genius, ability, and potential of anyone so involved.

I have again attempted the impossible in trying to separate the parts of the Interlocking System of Arrogance into the 2 major categories of Motivational Arrogance and Functional Arrogance. It is obvious that every aspect of production or function in life requires some level of THOUGHT to begin to engage in it. Remember that this is a study of the **INTERLOCKING** System of Arrogance and it cannot truly be separated or segmented BECAUSE it is constantly interlocking and interacting with many other categories of Arrogance once involvement is achieved. Consider a type of Arrogance such as REVENGE. This MUST have motivation generally from Jealousy or Hypersensitivity Arrogance which are part of Mental Attitude Arrogance but one is often said to have Revenge Motivation but in fact that would be referring back to another category of Mental Attitude Arrogance or Mental Attitude Sins as the Motivational Arrogance. Therefore, this Volume I concerning Motivational Arrogance is an attempt to put together the types of Arrogance which involved Mental Attitude Arrogance and Mental Attitude Sins as MOTIVATION in Cosmic Dynasphere I, separated from the activities involved in the Production under Functional Arrogance.

### **Gate #1 – Angelic Arrogance**

Satan's mechanism of control in ruling this world is a system developed by his genius derived from his own personal failure in ARROGANCE. The system is EVIL and its operational categories are Cosmic Dynasphere I, the Interlocking System of Arrogance and Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred. Too much importance cannot be attached to the truth that Lucifer's first sin resulting from his Arrogance of Pride was a willful ambition against or in competition with God, from which he ultimately proposed the Cosmic Dynasphere systems for this world after God granted his appeal at the Angelic Conflict Trial. This is the norm or pattern of all functions and operations of life in this world since the fall of Adam and assumption of rulership of this world by Satan. All human beings, acting independently, who are not concerned to fulfill the divine purpose for them, are re-enacting this same sin complex, and their destiny is that of Satan and his fallen angels ([Rev 20:10-15](#)), unless they come under the saving grace of God.

This "Angelic Arrogance", although it is not a type of arrogance the individual human can become involved in, is in fact where arrogance had its beginning and is a pattern for all

defined human function in this world since it is now ruled by Satan. Angelic Arrogance began with the thinking of Lucifer with the negative volition of Lucifer toward the Plan of God creating a vacuum in his Arrogant being, and thereby the delusion of Evil was developed in his soul as a plan to rule in place of God. In this same manner, demon possession never occurs in any unbeliever before delusion possession occurs based on one's volitional choices. Therefore, Satan's thinking and policy of Evil is or results in STRONG DELUSION. ([Is 14:12-14](#))

Up to the point of Satan's Arrogance the angelic population had never had to face the Justice of God nor the Righteousness of God. Their primary point of contact had always been the Love of God. Therefore, after his fall, trial and condemnation, Satan's appeal of God's judgment on him and fallen angels focused on the Love of God being his point of contact until he had opposed God. In his arrogance SATAN refused to take the responsibility for taking himself out from under the Love of God and forcing the Righteousness of God and Justice of God to deal with him because of his revolution. Also, in his arrogance, Satan's appeal impugned the character of God saying that God could not be God if he placed all of the rebellious angels into the Lake of Fire. He inferred by this that to execute this discipline God would have to overlook his LOVE. However, if God had acquiesced to this contention it would require God to overlook the Justice of God and Righteousness of God as his own protective attributes. This would require God to place his Love above these other aspects of his essence. Neither Human nor Angelic creation in fact not even GOD can ever change his Essence or Character, not even the Love of God because of anything any creature can do or DOES NOT do. The Essence of God is the unchangeable and totally integrated Whole of God so that the Love of God is intricately and irreversibly interwoven with the Immutability, Eternity, Veracity, Righteousness, Justice and all other aspects of the Character of God. It is the Quintessence of ARROGANCE for any creature to assume that anything any creature can do can change the Love of God. This was the ultimate failing of Lucifer. For the believer, being good, honorable, virtuous, etc., does not get the Love of God to bless him. Being Bad, Sinful, Evil, etc., does not get the Love of God to curse him. God Blesses and Curses man based on the requirements of the Righteousness of God and execution by the Justice of God MOTIVATED by the Love of God as expressed through his POLICY for Humanity in History called GRACE. In other words one's failures cannot diminish the Love God has for him nor can his successes increase the Love God has for him. The Love of God for the believer is constant and God has established a policy under which he is to function in order to develop the capacity for his potential blessings from God. If the believer follows the policy and procedures of God's plan and advances in the Spiritual Life and the plan then he receives increased blessing motivated from the Love of God, approved by the Righteousness of God, provided through the Justice of God, according to the Grace Policy and Plan of God. If the believer rejects God's policy and procedures and reverts to a status similar to the unbeliever in his Spiritual Life functioning under the Plan of Satan, EVIL, then he receives increased discipline or punishment motivated from the Love of God, approved by the Righteousness of God, provided through the Justice of God according to the GRACE policy of God, as a result of his functioning OUTSIDE OF THE POLICY and PLAN OF GOD. A prime example of this function of the Love of God is that for all believers God is **REQUIRED** to provide blessing motivated by His Love according to the approval of His Righteousness and through His Justice in the form of [Logistical Grace](#) support

for life in time NO MATTER what the believer may think, say or do, good or bad, honorable, Arrogant or antagonistic. This is the **OBLIGATION** of God to take care of his family in this world ruled by Satan under the policy and plan of EVIL.

The profile of Satan, the Devil, shows us that he was one of the highest (not THE highest) of all angelic creatures and became the ruler of all fallen angels. He is a prehistoric super creature and one of the greatest creatures ever to be created by God. He has 3 falls or ultimate failures. (**Is 14, Ez 28, Rev 12, 20**) His first fall occurred before man leading to the Angelic Conflict and the creation of man. Ultimately, his final fall is at the end of Human History when he is placed into the Lake of Fire for all eternity. He has 2 advents to the Human Race. The first in Genesis 3 where he came to tempt the Human Race and the 2<sup>nd</sup> is his return to lead the final revolution of all of history, the Gog – Magog revolution. His original fall was based in Arrogance initiated through Pride, the original sin of all creation, and while he used arrogance as pride to appeal to the woman, the real appeal to the woman was opposition to the very basis of authority set up for the human race in marriage between the man and woman where the man is the authority in marriage. Therefore, inside the Interlocking System of Arrogance, as Motivational Arrogance, is the first sin committed by any creature, Satan's original sin of Pride. The first sin committed by a human creature was Rejection of Authority or Disobedience. Both are a result of ARROGANCE.

It was in fact the Original Arrogance of Satan which began the whole problem of arrogance in the Human Race. As a result of Satan taking rulership of the earth from Adam at his fall, arrogance became a part of the failing of the Human Race being an integral foundational part of the plan and policy of Satan to rule mankind called EVIL and GOOD. Thus, Angelic Arrogance (**Ez 28:14-17**) is the origin of all arrogance, both angelic and human since it is the policy of Satan in ruling this world which has insinuated arrogance into mankind. God in his GRACE PLAN offers to mankind something FREE which has no price, requires no payment of any kind and absolutely no effort on the part of man. This is the gospel of The Lord Jesus, The Christ, which is a manifestation of the PERFECT POWER of God. Satan, in his incredible Arrogance, has opposed such omniscient genius with EVIL, the accumulation of satanic Arrogance, which is found in both angels and man and rejects the gospel which God has provided free. Since the Gospel is Doctrine it is totally and completely opposed by Evil.

Because this world is under the rulership and Power System of Satan, from physical birth until physical death, man is inundated with the propaganda of Arrogance. Therefore, from birth ALL people are Arrogant since all people have an Old Sin Nature as a result of Adam's Fall in the garden and all people are constantly trained to be more arrogant. Arrogance is the most basic and common function of the Old Sin Nature. People can express Arrogant Pride of their own pseudo humility and can even be functioning under true humility for great periods of time but inevitably arrogance pops up in them at some time. This is clearly illustrated by the person who had the record for the greatest humility, MOSES, the most humble person in history but in Arrogance he did not follow the command of God and instead of speaking to the Rock for

Water for the People he STRUCK it a 2<sup>nd</sup> time with his staff. He was so aggravated by the people that he made an issue of SIN instead of GRACE. As a result MOSES was not permitted to enter the land with the Jews.

### **Angelic Arrogance and EVIL**

There is Evil influence constantly directed toward all humanity and it is from false doctrine which is both derived from Evil and is true insanity. ([Eccl 9:3](#)) Grace and Bible Doctrine represent the Omniscient genius of God in relationship to the Human Race whereas EVIL and its false doctrine represent the genius of Satan in relationship to the Human Race. Evil causes a distortion of Bible Doctrine, the Laws of Divine Establishment and the Divine Institutions all which came into being long before Evil. Evil as principles and policies comes in many forms including Religion, Legalism, Reversionism, Socialism, Political Internationalism, Brotherly Love, Social Security, Welfare, Governmental abuse of power, Government Interference with industry, Government curtailing the military, Government legislating against firearms, Government catering to ‘minorities’ which under the American constitution DO NOT EXIST. Over all else, attempts to abolish the problems of this world apart from God, Bible Doctrine, the Laws of Divine Establishment and Divine Institutions is EVIL. This includes all systems of Christian function outside of the Local Church including denominations, service groups, etc. Therefore, the worst thing which can happen to any believer is to be under the influence of Evil from any source and thereby become subordinated to the EVIL plan and policy of Satan.

Return to the [Table of Contents](#)

### **Gate #2 – The Arrogance of Negative Volition**

Negative Volition toward Bible Doctrine, God, The Lord Jesus the Christ and Grace always result in entrance into some aspect of the cosmic systems of Satan. Negative Volition Arrogance begins as indifference, neglect or overt rejection of Bible Doctrine. This puts the believer instantly into the Interlocking System of Arrogance and begins his demise as he inevitably falls down through the levels of [Reversionism](#). Only after he reacts to any challenges to his function in arrogance does the believer convert his indifferent Negative Volition into Antagonistic Negative Volition and enter into the Interlocking System of Antagonistic Emotional Hatred. With this involvement in Cosmic Dynasphere II, ALL aspects of Arrogance now become antagonistic toward Bible Doctrine, God and his Grace Plan. Negative Volition occurs in 3 areas of the Cosmic Systems of Satan:

- ▲ Indifferent Negative Volition toward some aspect of Bible Doctrine
- ▲ Simultaneous Entrance through Negative Volition into the 8 stages of Reversionism
  - This begins as indifference or rejection putting the believer into the Interlocking System of Arrogance
  - This becomes more intensified when arrogance is challenged and the believer has erased Metabolized Bible Doctrine from his own soul having reached the later stages of Black Out of the Soul and Scar Tissue of the Soul in Reversionism.

▲ Antagonistic Negative Volition entering him into the Interlocking System of Antagonistic Emotional Hatred

- Every aspect of Arrogance is intensified as an antagonism toward God, Bible Doctrine, and his Grace Plan.

The key to function and advancement in the Christian Way of Life is the accumulation of maximum Metabolized Bible Doctrine into the Right Lobe of the Stream of Consciousness of the Soul. Therefore, one of the biggest problems in the Christian Way of Life is the believer thinking that he does not have time for Bible Doctrine for whatever reason, thus not being consistent in Perception, Cognition, Incultation and Metabolization of Bible Doctrine, not making it Priority #1 in his life.

Therefore, the most obvious and simple way to enter the Cosmic Systems of Satan including the Interlocking System of Arrogance is some level of the rejection of Absolute Truth. Inevitably, Negative Volition toward TRUTH opens a vacuum in the soul for information so that the LIE from EVIL comes through and saturates the structures and modifies the content of the soul. In addition, consistently hearing TRUTH, no matter how it is presented, and constantly rejecting it also results in entrance into [Reversionism](#) and progression down through the stages into the realm of Black Out of the Soul and Scar Tissue of the Soul where only FALSE Doctrine or the LIE from the Cosmic Dynaspheres can be absorbed and believed. When there is a saturation of the soul of the individual with the LIE from EVIL and this receives opposition from the TRUTH, this results in entrance into Cosmic Dynasphere II the Interlocking System of Antagonistic Emotional Hatred. When this believer consistently rejects Truth, though he may know nothing about anything, he becomes very combative, irritated and argumentative about the Truth when his belief in the LIE is challenged. He looks for any excuse to Argue down what he does not like and becomes obsessed with himself having made self the umpire to determine the validity of any Truth or Fallacy in life. This is the TROUBLE MAKER found in life because one cannot reject truth without becoming deeply involved in [Mental Attitude Arrogance](#) and Mental Attitude Sins. Therefore, it takes some aspect and level of Negative Volition Arrogance and initial [Motivational Arrogance](#) to become involved in Mental Attitude Arrogance or any other aspect of [Functional Arrogance](#). Then, when Negative Volition Arrogance or any other aspect of Arrogance in this believer is challenged by TRUTH in any form and he REACTS to this challenge, he then becomes ANTAGONISTIC in his Negative Volition toward ALL TRUTH. Then any aspect of his arrogance involvement now blends from indifference into antagonism with its focus on TRUTH as Bible Doctrine, God, The Lord Jesus, The Christ, and the GRACE Plan of God.

Therefore, Negative Volition Arrogance is the first and easiest way to enter Cosmic Dynasphere I, the Interlocking System of Arrogance and Reversionism. Therefore, the importance of understanding Bible Doctrine cannot be emphasized enough and sticking with the consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine even when the believer reaches Maturity Adjustment to the Justice of God because he MUST NEVER EVER neglect doctrine. Once the believer neglects Bible Doctrine in Spiritual Maturity he will slip instantly into the Interlocking System of Arrogance and once in this system he will parlay the inevitable influence from the principles of EVIL into Sin, Crime or Human Good. Once personal sin is

derived from a system of EVIL not only does he receive Divine Discipline for putting himself outside of the Plan of God, but so do all those closely associated with him and those who are loved ones in family, because this Divine Discipline for Negative Volition toward Bible Doctrine goes down for generations. This system is from the Justice of God because the believer proclaiming that he is Loving God is not enough to restrain the Interlocking System of Arrogance in his life and he obviously cannot love what one does not KNOW. It is integrity which restrains the Arrogance and the mature believer can be under Occupation with the Person of The Lord Jesus, The Christ and still let him down by falling into the Arrogance system as a result of Negative Volition as neglect of Bible Doctrine intake. At Salvation Adjustment to the Justice of God the believer receive ½ of the Integrity of God as the imputed Righteousness of God. From that point it is his responsibility throughout his life as a believer to accumulate the other ½ of the Integrity of God the Justice of God. This can only occur as a result of consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine which is the thinking or mind of Christ. ([1Cor 2:16](#))

The underlying principle is that one cannot apply Bible Doctrine that he has not learned because if he has not learned it he cannot remember it and therefore cannot apply it. If a believer has no [Authority Orientation](#) there will be a lack of the ability to concentrate under pressure. Failure to concentrate and recall Bible Doctrine under pressure infers that the believer failed to learn the Bible Doctrine as a result of lack of concentration while it was being taught. Application of Bible Doctrine under pressure demands the same concentration under the [Filling of God the Holy Spirit](#) as was used to assimilate that Bible Doctrine. Failure of recall of Doctrine implies alternatively that there is a malfunction under the [Faith Rest Drill \(5 stages\)](#) because of involvement in the Interlocking System of Arrogance or [Reversionism](#). It is the Interlocking System of Arrogance which makes the greatest contribution to malfunction of the Faith Rest Drill and malfunction in the later stages of the Faith Rest Drill (5 Stages) most often results when ignorance of Bible Doctrine exists.

Negative Volition Arrogance most often begins as a subtle involvement in Arrogance where the believer becomes preoccupied with himself and hedonistic seeking personal happiness above all bible doctrine standards. He begins to rationalize anything in life before Bible Doctrine but he is not antagonistic toward Bible Doctrine or God but consistently NEGLECTS the intake of Bible Doctrine when it is available. The key and reality of the Christian Way of Life is that Bible Doctrine must be so important to the believer that he never lets a day go by without the refreshment and challenge which comes from the intake of the Word of God. In order to be able to consistently think in terms of Truth the believer must be exposed to TRUTH every day of his life because living in this world ruled by Satan since the fall of Adam, he is constantly exposed to the LIES of the Cosmic Dynaspheres. There is a very subtle function within the Interlocking System of Arrogance which allows the believer who neglects or rejects Bible Doctrine to slip quietly into the thinking of Human Viewpoint derived from EVIL.

Therefore, the major problem in the Spiritual Life is that at some point believers begin to reject or resist Bible Doctrine teaching and therefore they ultimately begin to build up a [Black out of the Soul](#) which results in [Scar Tissue of the Soul](#) from prolonged involvement with the stages of

Reversionism. When Scar Tissue of the Soul is developed as the result of some level of Negative Volition toward the Truth it immediately ignites Arrogance. The first layer of Scar Tissue of the Soul occurs when the believer still understands the Bible Doctrine in view but they reject it. Each succeeding rejection of Bible Doctrine pulls them further into [Reversionism](#) and develops greater Black out of the Soul and additional Scar Tissue of the Soul. Ultimately the Scar Tissue of the Soul becomes so dense that Bible Doctrine cannot reach the Left Lobe of the Soul from the transfer by God the Holy Spirit of it from the Human Spirit. Since Bible Doctrine never gets to the Left Lobe of the Soul where it is understood clearly it cannot ever be involved with FAITH Perception and become metabolized into the Right Lobe of the Soul. The result is that the believer can only assimilate and believe the LIE of the plan and polity of Satan, EVIL. This ultimately produces slavery to the circumstances of Life. This is how liberalism is born and how people become divorced from reality and during this time there is a constant build up of Arrogance as they say no to Bible Doctrine or Truth in any category. This intensifies the Arrogance factors and it manifests as:

- ✧ [Self Righteousness](#) in prosperity.
- ✧ [Self Pity](#) in adversity or under pressure.
- ✧ A combination of these to form a [Guilt Complex](#).

This build up of Arrogance does very strange things to people and results in total divorcement from reality especially in the spiritual realm. The point is that what one rejects in prosperity he distorts in adversity. Those who reject Bible Doctrine from Negative Volition Arrogance or Entrance into [Reversionism](#), which is where the Interlocking System of Arrogance can merge into Reversionism and when it is strong enough provides entrance into the Interlocking System of Antagonistic Emotional Hatred, always believe the LIE from EVIL under pressure. When pressure comes from testing, especially dealing with [Logistical Grace](#), the reaction to this pressure is manifest as Self Pity. When the pressure is off and prosperity returns then the reaction to this prosperity pressure causes Arrogance to manifest itself in Self Righteousness. In oscillation between Self Pity and Self Righteousness there develops an incredibly unstable situation as far as one's Christian Life is concerned. It is by this means that the greatest failures which can come to the believer under Negative Volition to Bible Doctrine in [Y Radical](#) result in taking him into the 8 stages of Reversionism. ([2Thes 2:11-12](#)) This ultimately leads him to the [Sin Unto Death](#) or dying Divine Discipline. This was Pharaoh Amenhotep of the Exodus generation and will also be the Dictator of the Revived Roman Empire. He will have lived in an area where the gospel and Bible Doctrine will be taught in the Church Age in the last gentile client nation and will have heard and then rejected ALL levels of Absolute Truth. Rejection of Bible Doctrine in normal times results in believing the LIE from EVIL in times of adversity, catastrophe and disaster. The believer must have enough [Metabolized Bible Doctrine](#) in the Right Lobe of the Stream of Consciousness of the Soul in order to avoid the [Fear Panic Ploy](#) so he can think and get back to the [Faith Rest Drill \(5 stages\)](#). He must take the Bible Doctrine he has been taught in the past and through reverse concentration apply it to what is actually happening in order to resolve any problems or difficulties he may be experiencing. When under the Fear Panic Ploy doctrine learned is of no use to believers because they are operating under malfunctions of the Faith Rest Drill (5 stages).

There must be consistent desire and motivation to learn and understand the Word of God and the believer must be persistent and consistent in his drive to do so, this is what is called Positive Volition. People in Arrogance don't want to understand and they reject Bible Doctrine because they don't or cannot understand it and such people can be said to be living their life in a deep sleep. They become entrapped in the [Equation of Despair](#). The more Absolute Truth is taught and the more these people reject it the more Arrogant and enmeshed in the Interlocking System of Arrogance they become and the more they become susceptible to opening up, developing and functioning under [Dormant Faculties](#). This is the Arrogance observable in the United States of America everywhere and in everything seen today in American society. Believers MUST remain open minded about Bible Doctrine and drop the self centered ideas they might have in order to move from [Infancy to Adolescence](#) in the Spiritual Life and then with persistence to [Maturity Adjustment to the Justice of God](#). In order for there to be national preservation and prosperity there must be Maturity Adjustment to the Justice of God in all believers not self centered Arrogance distorting of Bible Doctrine.

### **Negative Volition & Free Will Decisions**

“The decisions one makes determines the life he lives”. The false rationale of Arrogance for the degenerate believers is always, “Why does God let this happen to me? It is all God's Fault”. The reality is that every individual is the product of his own decisions and God has given all FREE Will, Volition, to CHOOSE what he wants to do, therefore, he must take responsibility for every decision in life and NOT EVER try to pass the responsibility off onto others. Man has Free Will and is free to accept or reject the Absolute TRUTH made available by God for man whether he is a believer or an unbeliever. Absolute Truths occur in 3 categories:

- ▲ The Laws of Divine Establishment – for protection and preservation of both believers and unbelievers in Human History.
- ▲ The Gospel of Christ for Salvation – for Unbelievers
- ▲ The entire realm of Bible Doctrine – the Thinking of Christ ([1Cor 2:16](#)) for Believers

The believer must recognize that because he can make his own decisions about everything in life he is therefore the product of his own decisions and his primary purpose for existing at all is to CHOOSE for or against God, The Lord Jesus, The Christ, and ultimately the Absolute Truth of Bible Doctrine. He can either think in terms of Grace from Metabolized Bible Doctrine accumulated into the Right Lobe of the Stream of Consciousness of his Soul and develop a Divine Viewpoint system Frame of Reference and Norms and Standards for his life. OR he can think in terms of EVIL from the Influence of the LIES of the Doctrines of Demons in the Cosmic Dynaspheres accumulated into the Right Lobe of his Soul and develop a Human Viewpoint system Frame of Reference and Norms and Standards for his life. GOD does not coerce the volition of man, EVER. However, God does reward or punish free will choices under a system of Laws and Authority, the Laws of Divine Establishment & Divine Institutions, Category I Truths. For the believer only the system of God involves orientation to the Authority of, God, Bible Doctrine, and the one teaching the Bible Doctrine. This is the mechanic of shaping the soul of the believer, where he, as the lump of clay, comes against the GRINDING of divine

authority.

The designed function of the believer in the Spiritual Life is that one first learns a principle of Bible Doctrine from the Pastor Teacher and once he learns the principle then by functioning under the principle he VERIFIES the value of that principle in his own soul. There is a contingency factor involved in this function and it is determined in the privacy of the individual believer's soul where he alone can decide to learn and use the principle. This Contingency connotes DECISIONS as functions of the Volition of the believer. Good decisions inevitably create options for MORE and GREATER Decisions while Bad Decisions destroy options for any decisions. Good Decisions for the believer are made from a position of Strength while residing under the [Divine Dynasphere](#) while Bad Decisions are made from a position of Weakness residing under the Cosmic Dynaspheres. Therefore, ALL Good Decisions made from a position of strength relate to residence and function in the [Power System of God](#), the Divine Dynasphere. Then, ALL Bad Decisions from a position of weakness relate to residence and function in the Power System of Satan, the Cosmic Dynaspheres. If one can think OBJECTIVELY, it is awesome to realize that each individual is the cause of his own situation in life. The fact is that the average individual rarely ever addresses the FACT that it is HIS OWN personal decision to neglect or reject Bible Doctrine which results in his miserable status quo and which, in fact, is the cause of his client nation, Unites States of America, falling. The primary issue in the Christian Way of Life is that the individual believer must use Positive Volition not Negative Volition to consistently continue to execute and obey the mandates of God. The believer is to consistently use the system which God provided for him when he entered his plan, the operational Divine Dynasphere. Within this Power System of God the major factor is the provision of [Logistical Grace](#) to maintain the believer's life in the devil's world. This plus the techniques of "[Rebound](#)" and proper prayer with the power for execution coming through the ministry of God the Holy Spirit so that the difficulty of adhering to these mandates is MINIMIZED. Therefore, any intensification of the difficulty of this process of execution and of the individual's misery is caused ONLY by the believer's own Negative Volition toward Bible Doctrine. This produces the inevitable result of the production of a Human Viewpoint in life derived from EVIL, which he then follows for success, achievement and happiness which, unfortunately, cannot ever be permanent. When the believer functions under Positive Volition with Positive Decisions from a Position of Strength he eventually produces a [Personal Sense of Destiny](#) within the Divine Dynasphere. However, when he functions under Negative Volition with Negative Decisions from a Position of Weakness he produce instability and uncertainty within the Cosmic Dynaspheres.

The issue for the believer is always the same and is "WHO will control his soul". Who controls the soul depends entirely on one's personal decisions from the use of his personal volition. When the Lust Patterns of the Old Sin Nature stimulate the Trends of the Old Sin Nature to engage the Area of Weakness or Area of Strength of the Old Sin Nature to produce TEMPTATION for Sin, Crime or Human Good directed toward the volition of the soul and the believer passes the temptation into the soul it becomes the PRODUCTION from the influence of EVIL. Whether one succumbs to these temptations knowingly or unknowingly, he is still responsible for the DECISION and in making these bad decisions he therefore allows his Old Sin

Nature to control his soul. This is the status quo of Carnality and places the believers instantly into residence and function under the Power System of Satan. However, when he resists these temptations or uses the [Rebound Procedure](#) as an IRF (Instant Reaction Force) to recover from succumbing to temptation, he allows God the Holy Spirit to control his soul and is thus said to be Spiritual, under the Filling of God the Holy Spirit. This is a major issue in the Spiritual Life of the believer after Salvation Adjustment to the Justice of God and it is an ongoing struggle as to WHO controls his soul. **Galatians Chapter 5** explains this constant inner conflict and antagonism between God the Holy Spirit and the Old Sin Nature for control of the believer's soul. Therefore, the primary function of the Volition of the believer after making Salvation Adjustment to the Justice of God is to determine through personal decisions who controls the soul and the believer is therefore the product of his own decisions. When Negative Volition is the predominate attitude after Salvation Adjustment to the Justice of God, where the believer started in the Divine Dynasphere, then this believer has moved himself OUTSIDE of the Divine Dynasphere the Power System of God and into the Cosmic Dynaspheres the Power System of Satan. When Positive Volition is the predominate attitude after Salvation Adjustment to the Justice of God, where the believer started in and remains consistently in the Divine Dynasphere, this believer's soul remains under the control of God the Holy Spirit. Therefore, this believer is both indwelt by God the Holy Spirit and under the Filling of God the Holy Spirit, he is SPIRITUAL. It is the individual believer's personal DECISIONS therefore which determine where he lives and functions in his life, in the Divine Dynasphere or in the Cosmic Dynaspheres.

The new believer who has no interest in Bible Doctrine and no organization available to him at the point of salvation to provide Bible Doctrine for him, instantly enters into the Interlocking System of Arrogance the Satanic Power System and fragments his life prior to learning anything about the Christian Way of Life. This is the Fragmented believer who is ignorant of the Mystery Doctrine of the Church Age and has no concept of the unique Christian Way of Life for the believer in the Church Age. He is ignorant of the [Edification Complex of the Soul](#), the [Divine Dynasphere](#), the [10 Problem Solving Devices](#) and the [4 Mechanics of the Spiritual Life](#). He inevitably fails to execute the Protocol Plan of God and ultimately cannot be distinguished from the unbeliever. He is totally destabilized in his life, and not able to cope with either adversities and disasters nor with prosperity and success. He thus becomes a LOSER believer who has destroyed his own life with progression through the later stages of [Reversionism](#) to Emotional Revolt of the Soul, Black Out of the Soul, Scar Tissue of the Soul even into Reverse Process Reversionism where he is inevitably subjected to the finality of Divine Discipline as the [Sin Unto Death](#). However under his consistent Negative Volition he has destroyed his own Spiritual and temporal life and, LONG before Divine Discipline comes to him, he has provided himself with extremely INTENSIVE Self Induced Misery.

### **The Arrogance Grenade & Negative Volition Arrogance**

Negative Volition Arrogance always interlocks with [Mental Attitude Arrogance](#) which is the totality of [Motivational Arrogance](#). The pin on the arrogance grenade is loosened by initial involvement with Negative Volition Arrogance where the believer does not see the need for consistent intake of Bible Doctrine but does not dislike or reject it. This attitude interlocks

almost instantly with the Motivational Arrogance of Mental Attitude Arrogance and its Mental Attitude Sins thus pulling the pin on the grenade of arrogance resulting in it exploding and fragmenting both his temporal and spiritual life. This then interlocks with [Authority Arrogance](#) as a Functional Arrogance where the believer rejects the authority of a dogmatic pastor and thus the authority of the Bible Doctrine he teaches. As a result he is MOTIVATED from EVIL in Arrogance so that he begins to become involved in [Crusader Arrogance](#) to right the wrongs of this world as a result of having locked into some aspect of [Self Righteous Arrogance](#).

The Principle of the Arrogance Grenade is that involvement in ANY ASPECT of Arrogance results in a penetration by a myriad of fragments of the Arrogance Complex into one's life once any of the various activating pins are pulled. Within the Interlocking System of Arrogance any of the 80 plus categories of Arrogance, many overlapping and INTERLOCKING with others, are in fact pins which will activate the totality of Arrogance in the life of the believer. The most likely first fragment of the Arrogance Grenade is invariably Negative Volition Arrogance with its indifference to or rejection of Bible Doctrine which most often also instantly puts this believer into the 8 stages of [Reversionism](#) and eventually into the Interlocking System of Antagonistic Emotional Hatred, Cosmic Dynasphere II. Negative Volition Arrogance is a tragic fragment because it inevitably results in the believer having NO Metabolized Bible Doctrine in his Right Lobe to apply to situations in his life. This means that he has voluntarily thrown away the only system of stability and support for his Christian Way of Life. This may be from complete ignorance of Bible Doctrine as a result of never having been exposed to it or it may be from learning Bible Doctrine and entering a reversionistic attitude where any and eventually ALL Metabolized Bible Doctrine is ultimately ERASED from the Stream of Consciousness of the Soul because of his rejection of it as Absolute Truth. As a result there can be NO recall of Bible Doctrine and NO practical application of Bible Doctrine and NO understanding, development or deployment and use of the [10 Problem Solving Devices](#) nor building up of the [Edification Complex of the Soul](#) and NO residence in the power system of God, the [Divine Dynasphere](#). Thus, the believer picks up false teaching and false doctrines because a fragmented life is always drawn to false doctrine as a result of the development of [Black Out of the Soul](#) and Scar Tissue of the Soul from his rejection of Truth. ([1Tim 6:3-4](#)) This is pulling of the pin of the Arrogance Grenade where Negative Volition Arrogance rejects Bible Doctrine at the [Reception](#) stage of the [Grace Apparatus for Perception](#) by failing to expose self to Bible Doctrine teaching or by overtly rejecting what is taught when exposed to it. In addition, Negative Volition Arrogance rejects Bible Doctrine at the Retention stage of the Grace Apparatus for Perception, by rejection of the Bible Doctrine learned as academic knowledge or Gnosis, therefore, failing to accept or metabolize it by faith into the Right Lobe of the Stream of Consciousness of the Soul. Finally, Negative Volition Arrogance rejects Bible Doctrine at the Recall stage of the Grace Apparatus for Perception by failing to apply it to experience though the development, deployment and use of the 10 Problem Solving Devices of the Protocol Plan of God onto the Forward Line of Troops of the soul. This results in a total failure of the believer at the Resistance stage of the Grace Apparatus for Perception where he cannot bring any Bible Doctrine to bear to resist or reject the strategies of Satan laid out in EVIL and found in the Cosmic Dynaspheres. ([Eph 4:14](#))

### The 4 Rs of the Grace Apparatus for Perception

The principle of the 4 Rs of the Grace Apparatus for Perception is that one cannot forget what he did not know in the first place and if he cannot forget what he did not know he cannot remember or accept what he did not know thus he cannot make progress in the Spiritual Life and therefore has no resources with which to deal with the Cosmic Dynaspheres. Many Christians try to think through pressures and adversities in their life but they have nothing to think with because they have not stored up the Absolute Truth of Bible Doctrine in their Stream of Consciousness of the Soul and therefore cannot recall it to think with. What is the value of sitting and thinking about problems unless one has the solutions available from Metabolized Bible Doctrine to match the situation? Whether it involves adversity or prosperity, unless Truth is known it cannot be applied to resolve any situation in life. This is the status quo of believers in Negative Volition Arrogance.

In the Spiritual Life, all believers have equality of privilege and opportunity to learn Bible Doctrine and therefore have NO EXCUSE for not having it available to solve problems and pressures in life. The amazing thing is that being ignorant of Bible Doctrine the believer will not be able to handle any level of either prosperity or adversity in life. There are 3 Stages of Post Salvation Epistemological Rehabilitation in the Spiritual Life and 1 stage of passive opposition to Satan and all are related to cognition of Bible Doctrine under the [Grace Apparatus for Perception](#), Operation Z ministry of God the Holy Spirit.

#### Stage 1: Reception

The believer must learn Truth to be able to apply Truth therefore in order to engage in reception one must first find a “right” Pastor Teacher who teaches Bible Doctrine in an expository manner. This then includes consistent daily exposure to bible teaching by FACE TO FACE teaching with this Pastor Teacher or some non face to face system under his teaching in order that Perception, Cognition, Incultation and Metabolization of Bible Doctrine can occur on a regular basis. The principle in Reception is that “the Rate of Learning MUST exceed the Rate of Forgetting” therefore, the believer must be consistently exposed to Bible Doctrine in order for this to occur. This will mean that the believer under such consistent Positive Volition toward Bible Doctrine is seeking the Truth and that the Perception, Cognition, Incultation and Metabolization of Bible Doctrine will have Priority #1 in his life and nothing will ever take precedence over it. Reception requires concentration during bible study and avoiding all distractions so that there can be consistent residence and function within the [Divine Dynasphere](#) where God the Holy Spirit teaches the Human Spirit Bible Doctrine.

#### Stage 2: Retention

This involves the spiritual function of converting (gr) Gnosis, the academic understanding of knowledge concerning Bible Doctrine into (gr) Epignosis, Metabolized Bible Doctrine, which is accepted as Truth into the Right Lobe of the Stream of Consciousness of the Soul. This Metabolized Bible Doctrine is the only source which can provide spiritual growth and momentum in the Protocol Plan of God and is the only mechanism for executing the plan, purpose and Will of God for the believer’s life. This Metabolized Bible Doctrine is the only

means of altering or modifying the Right Lobe of the Soul with changes to the mentality, the Norms and Standards and Frame of Reference, etc., to enable Divine Viewpoint thinking to occur based on this Absolute Truth.

### **Stage 3: Recall**

This is the development of (gr) Sophia, Wisdom which is the application of Metabolized Bible Doctrine to the various multifarious experiences of this life. It is the practical use of Bible Doctrine which contributes to the functional and experiential spiritual growth of the believer including the understanding and fulfillment of the Grace Plan of God. This is the use of all of the promises, principles and rationales of Bible Doctrine to come to conclusions and solve one's problems by means of the **Faith Rest Drill** (5 stages). Thus to meet adversity as well as prosperity and have perfect inner happiness and stability in either situation.

### **Stage 4: Resistance**

Functioning effectively in the first 3 stages of the 4 R's of the **Grace Apparatus for Perception** results in the believer who has put on the **Full Armor from God (Eph 6:11)**. This enables him to resist the strategies of Satan to distract him from Post Salvation Epistemological Rehabilitation and Perception, Cognition, Incultation and Metabolization of Bible Doctrine. This distraction would lead him directly into spiritual failure and residence and function in the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred driving him down through the 8 stages of Reversionism to an ignominious death under the Sin Unto Death Divine Discipline.

### **Negative Volition, Cosmic Dynaspheres vs Divine Dynasphere**

There are 4 areas of potential Negative Volition toward Bible Doctrine under the Power System of Satan:

- **Preliminary Negative Volition** – the entrance into the 8 stages of Reversionism and Apostasy of the Christian.
- **Locked in Negative Volition** – the interlocking of stage 5 of Reversionism with the Interlocking System of Arrogance and eventually with the Interlocking System of Antagonistic Emotional Hatred where antagonism toward Bible Doctrine and the Grace Plan of God is developed.
- **Negative Volition Arrogance** – Negative Volition in Cosmic Dynasphere 1
- **Negative Volition Hatred or Antagonism** – Negative Volition in Cosmic Dynasphere II

With residence in the Divine Dynasphere the believer is under the **Filling of God the Holy Spirit** however making a decision to Sin or commit Crime, using one's volition to accept and engage in the Area of Weakness aspects of Old Sin Nature temptation, puts the believer immediately into Cosmic Dynasphere I where he is grieving God the Holy Spirit (**Eph 4:30-32**). This may also put him into Cosmic Dynasphere II where he is said to be quenching God the Holy Spirit (**1Thes 5:19**). **Mental Attitude Arrogance**, along with **Negative Volition Arrogance** in Cosmic Dynasphere I provides many Pins of the Arrogance Grenade which when pulled causes the life of the believer to fragment and causes him to become involved in any aspect of the Interlocking System of Arrogance. **Negative Volition Arrogance** as resistance to or rejection of

Bible Doctrine from indifference or failure of exposure to Bible Doctrine results from [Self Centered or Egocentric Arrogance](#). Once in this situation the believer is involved in Neglect of Bible Doctrine based on distraction from Bible Doctrine by the enticements of the Interlocking System of Arrogance. *Negative Volition Antagonistic Hatred* as active antagonism toward Bible Doctrine resulting from persistent carnality, persistent Arrogance involvement and degrading function within the 8 stages of [Reversionism](#) to the point of Locked in Negative Volition, is the believer actually becoming ANTI Bible Doctrine and ANTI God. This is Rejection of Bible Doctrine based on antagonism toward the Truth from unrestrained sinning or arrogance involvement and being in a perpetual state of carnality. When involved in the locked in Arrogance of Negative Volition the believer listens to Bible Doctrine ONLY for the purpose of distorting it.

Negative Volition Arrogance rejects 2 principles in the process of effective bible teaching:

- The Authority vested in the Pastor Teacher and Bible Doctrine
- The Discipline which requires Silence and Concentration for inculcation

Silence is related to concentration and no one can be talking and listening at the same time. Bible Doctrine is the [Essential of the Christian Way of Life](#) and the believer in The Lord Jesus, The Christ without Bible Doctrine cannot be successful in the Spiritual Life and will have a miserable temporal Life. His life will be one of constant and intensive Self Induced Misery and when needed as a wake up call, Divine Discipline. Negative Volition toward Bible Doctrine inevitably results in bad decisions from a position of weakness which results in terrible misery and suffering from the Law of Volitional Responsibility. ([Gal 6:7](#)) One of the great secrets for success in any area of life is to be able to concentrate on what is important and to do this there must be a system of priorities established. The right priorities for the Spiritual Life require that Bible Doctrine be first. Arrogance rejects Bible Doctrine and so becomes a distractor to inculcation and application of Bible Doctrine therefore, Arrogance rejects the combination of 2 areas of Authority in the Spiritual Life:

- The Word of God or Bible Doctrine
- The Pastor Teacher

No matter how much of a loser the believer may be in time he will be part of the greatest victory of all time called the “rapture” of the church, the resurrection of all Church Age believers in the Royal Family of God. Many believers fail, despite all the Bible Doctrine which is available to them, as a result of neglect or rejection of it. Some having reached Maturity Adjustment to the Justice of God, even then enter into the Interlocking System of Arrogance like David who was involved in sexual Arrogance and Cowardice even before Bathsheba. Negative Volition Arrogance emphasizes the Believers total subjectivity.

Being negative to either the communicator of Bible Doctrine or the Bible Doctrine itself inevitably results in rejection of the other. In each case there is lack of thought and concentration with distraction and, unfortunately, the great issue in life, the ability of the person to think, is destroyed. Individuals must have a vocabulary in order to think and thereby be able to form concepts and principles from that vocabulary but very often inculcation

of a technical vocabulary to think with is rejected out of hand. Unfortunately Arrogance always sprouts up where Authority is involved. The believer cannot be Arrogant and learn Bible Doctrine because he invariably must overlook the personality of the communicator and focus only on the content of that being communicated. Believers must constantly remind themselves that the message is important not the man who is presenting it. Very often people reject the content and / or the communicator because they become disillusioned with him or it. Negative Volition Arrogance when persistent invariably results in entrance into and the [5th Major Stage of Reversionism](#) causing a [Black out of the Soul](#) and thereby builds [Scar Tissue of the Soul](#) effectively preventing any Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Negative Volition toward Bible Doctrine intensifies the Arrogance factors in the soul and the intensification of Arrogance rejects the authority and spiritual gift of the communicator of Bible Doctrine. The combination of intensified Arrogance + Scar Tissue of the Soul causes the believer to only be able to believe the LIE of the Satanic Policies of EVIL. This results in acceptance of false doctrine from the LIE resulting in strong delusion ([2Thes 2:11](#)), along with slavery to circumstances of life and instability and oscillation between the results of Arrogant involvement during periods of prosperity and in adversity.

### **Rejection of Truth**

Arrogance and the Old Sin Nature are almost synonymous terms and Arrogance is the underlying foundation of almost all categories of sin. A person can be brilliant and continue to say no to Truth and thereby become stupid. One must have Truth in order to effectively think. The acceptance of the LIE of false doctrine results in any pressure in life causing [Self Pity](#) and any prosperity in life causing [Self Righteousness](#) which is total instability in life. When the believer is inconsistent in Perception, Cognition, Incultation and Metabolization of Bible Doctrine and misses a part of a sequence of doctrinal studies, he will ultimately not understand some point of doctrine and express UNBELIEF toward that point. Inability to understand a principle or point of doctrine is honesty and between not understanding and not believing Arrogance invariably SLIPS INTO THE PICTURE. When anyone says to any doctrinal point or principle that he does not 'believe it' then he has moved into the Interlocking System of Arrogance and WILL believe the next LIE or principle of EVIL which comes his way. The only way to avoid this self destruction and involvement in the Interlocking System of Arrogance is to accumulate a maximum amount of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. The formation of a [Guilt Complex](#) from oscillation in the Spiritual Life between Self Righteousness and Self Pity relates directly to or coincides with the entrance into and function of the believer in Reversionism and links the degeneracy of Arrogance with the Apostasy of Reversionism. This is the place where the Interlocking System of Arrogance links with the degradation of the spiritual life in Reversionism. This person will have nothing of Bible Doctrine to apply to pressure and adversity in life and the inability to appreciate and enjoy the prosperity of life.

Those who believe the LIE from EVIL take pleasure in unrighteousness because believing the LIE motivates them to find pleasure in their unrighteousness. Therefore, their norms and standards are standards of UNRIGHTEOUSNESS because all standards are based on what a person believes. If he rejects Truth then he can ONLY believe the LIE and his norms and standards

are compatible with the LIE and are standards of Arrogant Degeneracy and Reversionistic Apostasy. In society being 'SCUM' is not a state of birth, financial status or environment but a state of MIND or THINKING. 'SCUM' may manifest itself in males who maintain LONG hair or wear EAR RINGS but forcefully cutting off their hair or ripping out the ear rings will not change their thinking nor their status as "SCUM". In order to resolve this kind of problem in an individual, Absolute Truth has to move into the soul of the individual and change things there. Therefore, the only way to change thinking is to present Truth in order that the person can use his OPTION of accepting or rejecting it. Very often people can be made to conform to imposed standards by applying pressure to them but this DOES NOT CHANGE THEIR THINKING. This is, in fact, a function of EVIL and it is accomplished by it in many cases and places. The best solution to correcting false norms and standards in an individual is to simply present the Truth of the Gospel of Christ and Bible Doctrine including the Laws of Divine Establishment and Divine Institutions and allow God to stimulate them and the person to use their own volition to accept or reject it. Engaging in a crusade to make people change never works. For the people who have rejected Truth, believing the LIE from EVIL also destroys their capacity for LIFE in all categories. The [Crusader](#) wants to take away shocking pleasures from these individuals but when the pleasure is removed the LIE which was believed in the first place remains and has not changed.

"YOU SHALL KNOW THE Truth, BIBLE DOCTRINE, AND THE Truth, BIBLE DOCTRINE, SHALL MAKE YOU FREE". Everyone has a soul and everyone has an Old Sin Nature and everyone USES their Old Sin Nature functions freely and in many varied ways. So of what consequence is it when people think unkindly about one personally, SO WHAT! The thinking of the criminal, the obnoxious office member, uncooperative team member can only change when they come to believe Truth. Criminals must have their activities forcefully restrained but this does not change them and only their believing Truth can do this. ONLY Truth can change anyone and even then they can ONLY change by choosing Truth for themselves. By accepting Truth into the soul as a believer and reaching some semblance of maturity in the Spiritual Life this Truth in the soul forms proper Norms and Standards. Believers very often fail in relation to their Norms and Standards but if they have learned how to use the [REBOUND Procedure](#) after their failures they can continue to function under the Truth and move forward to learn MORE Truth. The only Truth which is of any help in life is the Truth that is BELIEVED and therefore there must be persistence in the Perception, Cognition, Incultation and METABOLIZATION or ACCEPTANCE of the Absolute Truths of Bible Doctrine in order to learn more and accept more. IF people could be FORCED to believe Truth there would be NO Angelic Conflict and mankind would not be here on this planet in the first place. The KEY and primary principle in Human History is FREEDOM to choose or reject TRUTH.

Those who believe the LIE derived from EVIL destroy all possibility for true happiness or prosperity because their pleasure is only in being WRONG. By believing the LIE from EVIL their pleasure is built on the LIE. This does not infer in any way that Christians do not have any FUN in life. The fact is that believers with maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul, as a result of having executed the Plan of God for their life, have ALL THE FUN IN LIFE. As a result of having the capacity for FUN,

they, in fact, have a monopoly on persistent fun and good times. A person can only have capacity for life, freedom, happiness, love and prosperity by believing Truth. The more Truth that is believed the more Truth he possesses and the more Truth he possesses the wealthier he becomes. Therefore, the Truth of Bible Doctrine when resident in the Right Lobe of the Stream of Consciousness of the Soul is the secret to LIFE for both believer and also for the unbeliever in the form of the Laws of Divine Establishment and Divine Institutions. This Metabolized Doctrine which results from Positive Volition cannot ever be FORCED into the soul of others. Trying to force Truth onto another person is very often why personal witnessing fails when the believer tries to pressure the unbeliever with some emotional approach to salvation.

It is inevitable that the Interlocking System of Arrogance will overtake any believer who ignores or rejects Bible Doctrine. Inevitably [Black Out of the Soul](#) and [Scar Tissue of the Soul](#) resulting in the blinding of perception comes to all categories of people who persistently reject Absolute Truth especially Bible Doctrine and as a result have fallen into Reversionism. This causes the intelligent one to be just as much in error as the imbecile. The Stream of Consciousness of the Soul has self consciousness which is being aware of one's own existence. When this is tied to the Interlocking System of Arrogance in the general population, as it is today in the United States of America, there then is a great portion of the population who are totally divorced from reality. They become afflicted with insanity, psychoses, neuroses, sociopathic and psychotic behavior because self consciousness has been destroyed by the Interlocking System of Arrogance. In rejecting Truth and developing Scar Tissue of the Soul the only thing which survives in the Soul is [EMOTION](#). Self consciousness by becoming involved in the Interlocking System of Arrogance is thereby under the control of Emotion and totally divorced from reality. When people live by emotion in [Emotional Revolt of the Soul](#) they lose the ability to reason and lack ability to handle any pressure situation in life because there is NO THOUGHT in Emotion. Emotion controlling the soul results in the male becoming effeminate and the female becoming masculine. Therefore, both Insanity and [Criminality](#) originate from involvement in the Interlocking System of Arrogance with the resultant divorcement from reality. Degeneracy is not just some form of immorality but is in fact a disease of the soul involving Interlocking in the Arrogance System and rejection of Truth. Both the believer and unbeliever are susceptible to these destructive processes because even the unbeliever can, and very often today does, reject the Absolute Truth found in the form of the Laws of Divine Establishment and Divine Institutions.

### **[Negative Volition, The Jews & The Big Blot Out](#)**

In general, all the Jewish people and all unbelievers are, in fact, blotting out of their minds and thinking the 1<sup>st</sup> advent of The Lord Jesus, The Christ because of Negative Volition at God Consciousness or Gospel hearing. By blotting out the 1<sup>st</sup> advent they set up a system of Arrogance which causes them to depend on Self Righteousness and human works righteousness in keeping the law or functioning under some system of legalism. The fact that gentiles can be and are saved is a constant confusion for Jews. The fact of reality is that only those who accept the Righteousness of God will be taken to heaven. When the Jew develops Self Righteousness as basis for being justified by God as a result of his keeping the tenets of the Mosaic Law, he also develops Arrogance. This Arrogance is based on the feeling that he is

totally superior to the gentiles, and although this is not without reason, it is carried into the realm of unreality by his [Self Righteous Arrogance](#). This Arrogance is so great that when he discovers that the gentile is going to heaven this only magnifies his Arrogance so that he may say something like “I would rather be in hell”. As a result of this he develops more Black out of the Soul and Scar Tissue of the Soul to contribute to his Big Blot Out of totally rejecting and erasing from his thinking the 1<sup>st</sup> advent of The Lord Jesus, The Christ. He fails to realize that all gentile races originate from the X radical of the [Equation of Hope Plan of God](#), while the Jewish race originated from the Z radical of the Equation of Hope. This is the true point of their race and their spiritual heritage which is their true superiority.

Arrogance, in its 80 plus categories, produces a special kind of Divine Discipline which is Divine Discipline by [Inversion](#). [Inversion Divine Discipline](#) always takes what you want and gives it to someone you do not like. This is a fantastically beautiful type of Divine Discipline and this is what people entangled in Arrogance get from God. The greatest inversion in history is the Negative Volition of the Jews under the Big Blot Out rejecting The Lord Jesus, The Christ. The Jew with his Self Righteousness is going to end in the Lake of Fire as a result of his being motivated by Arrogance. The humility of the gentile who instantly responded to the gospel of The Lord Jesus, The Christ results in him receiving the Righteousness of God. When the Arrogant Jew wakes up and realizes that the gentile has the Righteousness of God and he does not and the gentile is saved and he is not; instead of coming around to the proper orientation to Grace and having faith in The Lord Jesus, The Christ he instantly becomes jealous and more deeply entrenched in [Mental Attitude Arrogance](#). This is also the status of the individual who rejects the gospel of Christ or the believer who is persistent in his Negative Volition toward the necessity for consistent intake of Bible Doctrine.

The alertness of any nation is found in its thinking, a nation is alert through effective thought or non alert through lack of effective thought. The level of greatness of nations cannot exceed the greatness of the thinking or failure of thinking in its collective Mental Attitude. The nation which is saturated with Arrogance has national selfcenteredness and thus a state of insensibility with mass [Self Pity](#) fused with Self Righteousness for [Guilt Complex](#) functions. The state of mind of insensibility comes from [Scar Tissue of the Soul](#) and maximum Negative Volition toward Bible Doctrine and The Lord Jesus, The Christ in any dispensation of history. NO ONE CAN IGNORE CHRIST in history and GET AWAY WITH IT. Israel, nationally, has blindness of the soul and Scar Tissue of the Soul from their own free will negative decisions and the result is the Big Blot Out. This is clearly demonstrated by the persistent unbeliever and by the believer who has Negative Volition toward Bible Doctrine in this client nation United States of America today. The Negative Volition of the Jews persists today from their past and they still only have eyes for the purpose of NOT seeing the Truth of the 1<sup>st</sup> advent of The Lord Jesus, The Christ. Under their persistent Negative Volition the eyes and ears are not functioning in the Jews nor in any gentiles who function under Negative Volition at God Consciousness or Gospel hearing. For these there is no concentration and no reception of information regarding the Gospel and Bible Doctrine. The Big Blot Out continues from the Age of Israel and down through the change of dispensations for the Jews, into the Church Age, the dispensation of the Royal Family of God. The Jew says no over and over and thus believes ONLY the LIE from

EVIL which is today the functions and principles of welfare and socialism. Believing these lies from the intensification of his Arrogance he sets himself up for instability. Anyone who persistently functions to believe the LIE from EVIL along with intensification of Arrogance becomes unstable and vacillates between Self Pity and Self Righteousness combining them at times into Guilt reactions but always missing the point of Truth. For these people the greater the revelation of Truth the greater their resistance to it becomes and therefore the greater the Scar Tissue of the Soul and thus the more intensified is their Arrogance and Black Out of the Soul erasing any Truth which was in the soul. The eyes and ears of those individuals with a high IQ which would normally pick up correct information now will only pick up erroneous information because of Emotional Revolt of the Soul and Scar Tissue of the Soul. This combined with Arrogance makes the person highly unstable and susceptible to being destroyed by their own Modus Operandi.

The Big Blot Out is maximum Negative Volition by the Jews, who as unbelievers, break even the record of Negative Volition of Amenhotep II when confronted by Moses. The Big Blot Out is believing the LIE from EVIL as a result of Truth being unable to enter the soul to shed light on any subject because of life long built up Scar Tissue of the Soul. As a result, when anything false comes along it is accepted and is believed being sucked into the information vacuum created in the soul by Black Out of the Soul. Because of the Jews believing the LIE from EVIL combined with their Arrogance and the darkness and vacuum in the soul from [Black Out of the Soul](#), there results a complete lack of understanding of the terrible nature of the holocausts of history and their causes. Under this Big Blot Out the Jews may accept the Old Testament Scripture God of Israel but reject his first advent in Hypostatic Union as The Lord Jesus, The Christ, Their own Messiah.

Therefore, the same Arrogance and impudence of Amenhotep II is reproduced in the mind of every Jew who blots out the 1<sup>st</sup> advent of The Lord Jesus, The Christ, thereby remaining an unbeliever and making themselves subject to incredible Divine Discipline. Up to the point of borrowed time pharaoh said no and when God allowed him more time he still continued to say no and this would have continued no matter how long he would have lived. Paul challenges the unbeliever Jew and gentile in telling them all that there is no difference between them as unbelievers and the greatest arch villain of Israel, Amenhotep II. He is saying to the unbeliever especially the Jew that NO matter how long they have to live they would still do what Amenhotep II did and still say no, blotting out the 1<sup>st</sup> advent of Christ. Only the Jew who makes Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ, the God of Israel, alone, will have and benefit from the great spiritual heritage and life that all Jews think and talk about. However Jews cannot have this heritage by keeping the law and building up morality or [Self Righteousness](#) or human effort good works righteousness in some system of legalism. Once the 1<sup>st</sup> advent is bypassed in the thinking, as the Jews have done, and continue to do, and is ignored, along with its implications, it is inevitable that Arrogance builds up. When this Arrogance builds up it increases the [Scar Tissue of the Soul](#) and the Jew returns to his culture and heritage and picks up the Mosaic Law and tries to keep these rules perfectly in order to further build up his self righteousness. He then demands God accept him into heaven and the millennium on the basis of his Self Righteousness.

Unfortunately for the Jew and all unbelievers God says NO because they have rejected the entire 1<sup>st</sup> advent of The Lord Jesus, The Christ from His incarnation to the ascension.

While  $X + Y + Z$  in the [Equation of Hope](#) equals the Plan of God,  $X - Y - Z$  equals [Black Out of the Soul](#) and [Scar Tissue of the Soul](#) as a result of consistent Negative Volition toward Bible Doctrine. The millions of neural circuits which print information into the brain are completely short circuited in Scar Tissue of the Soul. Because of persistent Negative Volition to the Truth and the resultant short circuited neural circuits from Scar Tissue of the Soul any Absolute Truth which had been stored in the Stream of Consciousness of the Soul is then ERASED. Scar Tissue of the Soul also means loss of capacity for life, love, happiness, mental stability and blessing. Scar Tissue of the Soul has no pleasant memories so that Arrogance becomes bitterness, pettiness, implacability, vindictiveness and hatred. People with a maximum Scar Tissue of the Soul like Amenhotep II and the unbeliever Jews of history destroy themselves long before they are destroyed by historical disasters such as the holocausts. The holocausts are demonstrations that God must provide catharsis of persistent Negative Volition for the perpetuation of the Human Race and the ultimate resolution of the Angelic Conflict. Historical disaster is merely a divine vacuum cleaner to sweep away the dust so that future generations with their own free will can have a chance to use that volition freely and properly. This must occur because the contamination of Scar Tissue of the Soul is totally destructive to the perpetuation of freedom the absolute necessity in the history of the Human Race.

The Lord Jesus, The Christ is the God of Israel and the Integrity of God judges the Big Blot Out in both time and eternity. First in sequence is [Divine Discipline](#) judgment on those involved in the Big Blot Out. Such Divine Discipline demonstrates that Israel has heard and has understood what they have heard with regard to the Gospel, the Plan of God and Salvation and have totally rejected it as a result of persistent Negative Volition leading to Blackout of the Soul and Scar Tissue of the Soul. Having rejected the Gospel, which they clearly understood and understand from Codex II of the Mosaic Law, they came to believe the LIE from EVIL that there was no 1<sup>st</sup> advent of the Christ, the Messiah, and this, the Big Blot Out, results in maximum Scar Tissue of the Soul. The Big Blot Out is dramatized by the [Great Inversion](#) and is demonstrated in the Old Testament Scripture where the reversal of positions between Jew and gentile became the basis for punishing the Jew and blessing the gentile. No one can even be humanly mature until he takes responsibility for his own decisions, whether they are good or bad. This is what is lacking in people who are Arrogant from Negative Volition and jealous when they see others being blessed and want that blessing. God desires to bless Israel but the Point of Reference for all mankind is the Justice of God and God is always fair and even uses the jealousy of Israel to help turn things around for them.

In the Age of Israel the gentiles were dependent on Israel for normal evangelical mechanics whereby missionaries were to be sent to wherever there was Positive Volition at God Consciousness. Eventually the Jews did not send out missionaries falling into a state of apostasy under their Big Blot Out. However, there still were gentiles who had at God Consciousness Positive Volition and they could not progress with the knowledge from the needed missionary functions, knowing nothing about Salvation Adjustment to the Justice of

God. The Jews had all the information and the salvation heritage with Codex II, their history and all the prophet ministries. Yet, with this perfect spiritual heritage they were still persistent in declaring a resounding “NO” to the Plan of God and Gospel of Christ, building up phenomenal Scar Tissue of the Soul under the Big Blot Out. God would never let this gentile Positive Volition die without giving the opportunity for faith in The Lord Jesus, The Christ and then spiritual growth. Therefore, he used other means and circumstances to reach these people with the Gospel of Christ. Gentiles were thereby blessed from God entering into the [Equation of Hope](#) Plan of God while the Jews, who possess the phenomenal spiritual heritage for Salvation Adjustment to the Justice of God were, and still now are, under Divine Discipline for rejection. As a result there was and is a cursing for the Jew and blessing for the gentile under momentum in the Plan of God. This inversion and Jewish apostasy caused the Jews to build up Arrogance and jealousy as small petty Mental Attitude Sins but the ultimate origin of this is Arrogance and this is not petty in its ramifications. Arrogance is the source of all [Jealousy](#) and of all heinous sinning starting with [Bitterness](#).

The Big Blot Out and failure of Jews to accept the reality of the Hypostatic Union of The Lord Jesus, The Christ does not abrogate and cancel the Plan of God for Israel. However, the Plan of God for Israel is LIMITED TO THOSE JEWS WHO MADE SALVATION ADJUSTMENT TO THE JUSTICE OF GOD DURING THE AGE OF ISRAEL THROUGH FAITH ALONE IN THE LORD JESUS, THE CHRIST AS HE WAS REVEALED. This is the same as the Plan of God for our client nation United States of America whose perpetuation depends on the attitude of the people toward Christ and Bible Doctrine. The Jew who accepts the Alpha Glory of Christ as God of Israel but rejects the Omega Glory of Christ as savior is excluded from the Plan of God for Israel. This is also true for the believers in The Lord Jesus, The Christ in the United States of America who have accepted ritual without reality in the form of:

- ✧ Religion
- ✧ Legalism
- ✧ Self Righteousness
- ✧ Arrogance
- ✧ Reversionism

It is not having a High or Low IQ which blinds the individual to Truth and allows the use of Negative Volition but Arrogance. No one can reject The Lord Jesus, The Christ as savior and get away with it whether Jew or gentile. Just because the Jew is under the 5<sup>th</sup> cycle of Divine Discipline does not mean that God has transferred Jewish blessing to the church. The believer must understand the 2 elections of scripture which include Israel and the Church and that God has not canceled Israels future blessing because of the insertion of the Church Age. This Church Age insertion simply emphasizes [Inversion](#) and reminds Israel that even though they are in the Plan of God when they reject the Plan of God, GOD can and certainly will still get along very well without them. This should also clearly remind the believer in this Church Age that he has no right to claim, in Arrogance, that God cannot get along without him. He should clearly know the fallacy of the concept that if he fails as a believer, the Plan of God may fail also, therefore, he must to do this good thing or act this socially proper way or that way to keep the Plan of God going. This is Arrogance and puts him in line for his own Inversion

Divine Discipline. The Jews had in the past, and continues to this day, to say no to the Doctrines of the Gospel of The Lord Jesus, The Christ over and over again resulting in a vacuum forming in the soul causing vast levels of EVIL to enter in. In their Arrogant darkness of soul, they say their thoughts are better than the thoughts of the Christ, the Messiah of the Old Testament Scripture, which are in fact Biblical Doctrine. ([1Cor 2:16](#))

Jews guilty of the Big Blot Out being punished by the Great Inversion experience one of the worst things ever to happen to a smart person, to have an inferior mentality outdo them in some way. This is what happens to Israel throughout every generation because of the Big Blot Out having as its underlying foundation Arrogance. It is extremely easy for the intelligent person to become Arrogant and smart people always face some temptation of that kind and are thus destined to live out their lives in inversion misery UNLESS they are wise enough to orient to reality and develop [Humility](#). Reality is that being smart does not really mean anything and it is only a vehicle to learn and being smart is nothing until it is converted to wisdom by learning and applying Absolute Truth without Arrogance involvement. The Jewish super race, having great intellect, talent and IQ, is constantly hampered by Arrogance. A great IQ and Intellect must function on the fuel of Truth and when this Truth is rejected then the Arrogance which causes this inevitably destroys that person and this is what the Big Blot Out has done and continues to do to the Jew.

[Jealousy](#) is a primary part of Motivational Arrogance and no one can allow self to become jealous for any reason in life. To the extent to which one is jealous about anything in life, he has entertained prior unreality which produces jealousy and this unreality is the overestimation of self in some way which is very often unknown to him. Arrogant people always find something about which to be jealous and Jewish Negative Volition and [Scar Tissue of the Soul](#) built up in their Big Blot Out results in jealousy about the Great Inversion. Therefore, Gentiles without client or priest nation status and without the spiritual heritage of the Jews, accepted the Substitutionary Spiritual Death of The Lord Jesus, The Christ thus making Jews with priest nation status very jealous. Then, when these gentiles followed their Salvation Adjustment to the Justice of God with advance to Maturity Adjustment to the Justice of God and received the promised Super – Grace blessings, this jealousy was expanded. The Jews could not have become jealous unless they first rejected Truth and engaged in some Arrogance. No one is ever jealous without [Pride](#) from involvement in Mental Attitude Arrogance. No one is ever jealous apart from [Abnormal Self Consciousness](#), therefore, it is, has been and always will be true that interlocking in the Arrogance Complex always accompanies Jealousy. Jewish involvement in the Interlocking System of Arrogance and their creation of the Big Blot Out in their souls came from their own Negative Volition to the gospel of The Lord Jesus, The Christ. The Jewish Big Blot Out results in their jealousy of theocratic inversion and resulted in Jewish antagonism toward the 1<sup>st</sup> advent of The Lord Jesus, The Christ. However, this does not mean that the blessing of the gospel has passed from Jew to gentile in the Church Age. The great spiritual heritage of the Jews is not in the rituals of Israel which merely illustrate Biblical Doctrines. However, in their Big Blot Out the Jews reject the Doctrines and accept the ritual. They scoop off the ritual which they still follow in Self Righteousness and reject the Doctrines behind the ritual. In contrast many gentiles believe the Doctrines and thereby received the Righteousness

of God at Salvation Adjustment to the Justice of God.

The spiritual heritage of Israel includes the Laws of Divine Establishment in Codex I & III of the Mosaic Law and the Gospel of The Lord Jesus, The Christ in Codex II and therefore is based in regeneration through faith in Christ the God of Israel and the only savior. While the Big Blot Out is related to Israel it is also pertinent for any gentile client nation to God and is why, in this client nation United States of America, there is now imminent historical disaster in the form of Divine Discipline from God, The Lord Jesus, The Christ who controls Human History. The Lord Jesus, The Christ, the God of Israel is found in the New Testament Scripture in [Rev 1:7-8](#), [Rev 21:6](#), [Rev 22:13](#) and is taken from the first and last letters of the Greek alphabet, Alpha and Omega. This expresses who and what Christ is. Alpha is The Lord Jesus, The Christ as eternal God the 2<sup>nd</sup> person of the trinity coequal with God the Father and God the Holy Spirit. Omega is The Lord Jesus, The Christ in Hypostatic Union as the God man being true man and true deity. The Big Blot Out is maximum Negative Volition toward the 1<sup>st</sup> advent of The Lord Jesus, The Christ, primarily in the Jew but also in any gentile unbeliever. Under the Big Blot Out the Jews accepted the Alpha glory of The Lord Jesus, The Christ as God of Israel and at the same time separated and rejected any other members of the trinity existing and thus became monotheistic. Many passages describe the Big Blot Out and the 2 best are [Is 29:9-14](#) and [Rom 11:8-10](#). Every failure of Israel from the Jews standing in line to die under the NAZI holocaust to submitting meekly to pressures which occur against them in history can be explained by their being under the Big Blot Out distortion and the resultant Divine Discipline.

There are 3 principles which allow us to understand the Jews and why client nations to God in the Church Age fail:

The Big Blot Out

The Interlocking System of Arrogance

[Reversionism](#) with Black out of the Soul & Scar Tissue of the Soul

The Big Blot Out started out with the total rejection of the first advent of The Lord Jesus, The Christ BEFORE he came in Hypostatic Union. The Interlocking System of Arrogance at times came first in the souls of the unbeliever Jews but at times was a result and part of the intensification of Negative Volition toward Bible Doctrine. Reversionistic Scar Tissue of the Soul is a result of rejection of the Truth of Codex II and the Truth of the writing of the prophets like [Is 53](#). The seal closing the book is Scar Tissue of the Soul and the Jew can read the words but does not understand their meaning. Lacking the ability to read and understand the words there cannot be the acquisition of the Truth. In the holocausts of history the smartest people in the history of the Human Race, the Jews, are removed and destroyed in situations such as demonstrated by the Nazis from 1932 to 1945 and in communist Russia under Stalin. The Alpha the Jews could understand, recognizing God as eternal and the source of all their being, and the Jews memorized their scriptures especially [Deut 6:4](#). The Jews rejected the final phrase of this passage forming it to reflect their monotheistic distorted viewpoint instead of the uniqueness of The Lord Jesus, The Christ, as the God of Israel becoming true humanity and son of David in Hypostatic Union. This is what disturbed them from the beginning of their nation and destroyed them and even though they memorize this passage they

reject the uniqueness of Jesus as The Christ.

It can be a very dangerous thing to live in a client or priest nation because in the client nation to God the gospel is presented frequently and the more the unbeliever hears it and says no to it and the more people who say no to it the more they accept the LIE from EVIL. In the client nation United States of America this is socialism, liberalism, big government, government regulation of industry, confiscation of personal property, etc., which today is the generally accepted LIE and it is ALL from EVIL. The oil companies and all large corporate businesses are the victims of Arrogance and liberalism and [Black Out of the Soul](#) and [Scar Tissue of the Soul](#) in the general population and especially in those in government service. It is very dangerous to live in a client nation because every rejection of Truth in the client nation results in Blackout of the Soul of the people involved and builds up more Scar Tissue of the Soul. To live in the wilderness where one never hears the gospel and the local chief has the most wealth and power and the Old Sin Nature of individuals functions but where one is not in a client nation to God, the danger is not nearly as great because there is less involvement under EVIL.

Anyone who tries to gain salvation by Self Righteous works or good deeds such as by keeping the law is saturated with Arrogance and considers himself a superior person possessing a heritage superior to all those around him. His motivation in life is to prove his superiority from his Arrogance by attempting to keep the law or some other system of legalism for salvation. As a result his [Egotistic Arrogance](#) he moves into [Self Righteousness](#) and anyone who can do anything better than he brings on his Jealousy. In this historical case the gentile did it better than the Jew without following all the rules of the Mosaic Law and simply expressed faith alone in The Lord Jesus, The Christ alone and thereby came away with the Righteousness of God. If the Jew recognizes this he becomes Jealous, bringing to him his first Divine Discipline from this inversion. The Jew in the Big Blot Out totally rejects The Lord Jesus, The Christ but, in his Arrogance, he thinks it is enough that he has the Torah and all the commandments and functions which he follows as best he can, however, all of this gets him nothing from God. Then the gentile comes along with faith alone in The Lord Jesus, The Christ alone and immediately gains the Absolute Righteousness of God and obvious overt blessings from God. What starts out in the Jew with Negative Volition and Arrogance becomes Jealousy and the combination of Jealousy plus Arrogance results in intense soul Divine Discipline.

### **Negative Volition, Gentiles both Believer & Unbeliever**

Historical disaster is tailor made to be addressed by Stages 3-5 of the [Faith Rest Drill \(5 stages\)](#) in the application of Bible Doctrine. Learning Bible Doctrine has 2 objectives, spiritual growth with advance to [Maturity Adjustment to the Justice of God](#) thereby enabling the believer to receive Escrow Super – Grace blessings and the application of Bible Doctrine to experience. One cannot apply what he has not learned and if he has not learned it he cannot remember it and therefore cannot apply it. Application under pressure demands the same concentration under the [Filling of God the Holy Spirit](#) as was used to assimilate Bible Doctrine in the first place. Failure of [Recall](#) implies that the doctrine was not learned when taught or the believer malfunctioned under the Faith Rest Drill because of involvement in the Interlocking System of

Arrogance or [Reversionism](#). It is the Interlocking System of Arrogance which makes the largest contribution to malfunction of the Faith Rest Drill especially in any level of Recall of Metabolized Bible Doctrine. If a believer has no [Authority Orientation](#) there will be no ability to concentrate when learning Bible Doctrine and therefore none when under pressure to apply it. Malfunction of the Faith Rest Drill is what always results when ignorance exists. God will never permit any individual suffering, pressure or collective historical disaster without FIRST giving the chance to prepare for it with the inculcation of pertinent Bible Doctrine. The principles are:

- ✧ **Grace ALWAYS precedes Judgment.**
- ✧ **Bible Doctrine ALWAYS Precedes Disaster.**

Before any disaster strikes in life the believer will have the opportunity to accumulate the needed Bible Doctrine to handle it. He will be able to come through it as a result of [Sharing the Happiness of God](#) and being under Advanced Personal Love for God as [Occupation with the Person of The Lord Jesus, The Christ](#). He will have proper Historical Orientation and even Leadership Dynamics. Therefore, when the accurate presentation of Bible Doctrine is available the believer can fail to remember the doctrine under pressure for 2 reasons:

**Absence** – he was not there when it was taught as a result of Negative Volition from Interlocking System of Arrogance (degeneracy) or [Reversionism](#) (apostasy).

**Disinterest** – he was there but not concentrating or not focused on what was being taught therefore did not learn it or did not understand it.

This is very often what is seen in the ritual of attendance in church without the reality of concentration and this Ritual without Reality results in Bible Doctrine becoming MEANINGLESS. Perception and Application of Bible Doctrine is the only solution to adversity, pressure, catastrophe or disaster and therefore the importance of PRE-Disaster Bible Teaching, the Grace Interim. Obviously, Bible Doctrine inculcation is essential for the function of the Faith Rest Drill <sup>(5 stages)</sup> especially Stages 3-5 and especially in time of catastrophe or disaster. Reverse Concentration is what is required for the application of Bible Doctrine to personal suffering or collective disaster. It is also part of the ministry of God the Holy Spirit to give the ability to apply what has been learned under the [Filling of God the Holy Spirit](#), IF IT HAS BEEN LEARNED during Bible Doctrine teaching. No believer is prepared for disaster apart from the accumulation of Bible Doctrine in the Stream of Consciousness of the Soul **PRIOR** to the disaster. God never permits suffering for blessing without first providing through [Logistical Grace](#) the needed doctrinal teaching for effective reverse concentration. Therefore, God never punishes or destroys the client nation without giving them the opportunity to accept Truth and Repent, ‘change their minds’. In other words, His Grace always precedes DISASTER and DIVINE DISCIPLINE. Believers in this Client Nation to God, United States of America, like the Thessalonian Believers who had received the needed Doctrine to understand and handle their suffering, failed to assimilate the doctrine and thus demonstrate gross spiritual failure as:

- ✧ Interlocking System of Arrogance involvement which is degeneracy.
- ✧ Reversionism from negative volition toward Bible Doctrine which is apostasy.

Whatever the form spiritual failure may be, whether honest rejection or simply neglect, the needed Bible Doctrine was and always will be taught prior to disaster. Necessary Bible Doctrine teaching which provides solutions to disaster always precedes historical or personal

disaster or testing.

The teaching of Bible Doctrine does not help idiots who reject it nor unstable people who distort it but it is foremost designed to bring the positive believer around to the reality of the Angelic Conflict. If a believer cannot come to the reality of Bible Doctrine and stop trying to engage in Arrogance and teach the teachers of doctrine then, when pressure occurs in life, he inevitably will FALL APART because of his saturated involvement in the Interlocking System of Arrogance. When these people are encountered it is clear that they are very WEAK persons saturated with Arrogance. God never punishes or destroys an individual or client nation without giving the opportunity individually or collectively to accept Truth or change their mind regarding it. One must never blame his own Negative Volition toward Bible Doctrine on others but only on self. Overreaction in any pressure situation is Arrogance and Arrogance is blindness to Bible Doctrine and Bible Doctrine in the Stream of Consciousness of the Soul is the primary ESSENTIAL of life and only solution to pressure in life. Arrogance is destructive to concentration and concentration is necessary for effective Post Salvation Epistemological Rehabilitation through Perception, Cognition, Incultation & Metabolization of Bible Doctrine under Filling of God the Holy Spirit. Concentration is also the only means for application of Bible Doctrine to life also under the Filling of God the Holy Spirit. It is the epitome of Arrogance for a believer to neglect Bible Doctrine and then expect someone, like the Pastor Teacher, to spend his valuable time explaining what that believer has missed. NO ONE should ever sit and try to explain to some cluck what he should have gotten by spending his time learning doctrine when it was taught.

The story of the Rich Young Ruler is a story of the Arrogance of the physical seed of Abraham distorting the Truth of spiritual regeneration. When God administered the 5<sup>th</sup> cycle of Divine Discipline to Israel he removed the Arrogance of Israel as well as their past spiritual monopoly. The unbelieving Jew, even to this day, clings to the Mosaic Law and ritual of the past resulting in ritual without reality and no Salvation Adjustment to the Justice of God. Ritual without reality produces Arrogance in many categories especially Self Righteousness along with the assumption that Salvation Adjustment to the Justice of God can be accomplished by some human thought, motivation, word, action or function. This aspect of Self Righteousness deludes one into assuming he is doing the Will of God by all his human efforts. The spiritual heritage of Israel in the past focused attention on The Lord Jesus, The Christ as Jehovah Elohim the God of Israel. The unbeliever Jew, even to today, has accepted the superficialities of ritual without accepting the reality of faith in Christ as Messiah, the only savior. Therefore, the Self Righteous Jew in keeping the law is religious without being regenerate, as a result of lacking faith alone in Christ alone. These Self Righteous Jews try to keep the law for salvation but this Arrogance is inconsistent because it is not possible to keep the law yet the Jew still will not come to Faith in The Christ, who is the reality behind the ritual of the law.

One is never in control of his life unless he has options. The 6 Thinking Skills are basically Human IQ in life and must be converted to Spiritual IQ under Operation Z of the Grace Apparatus for Perception to gain spiritual momentum in the Plan of God. Options are decreased and destroyed when the believer is out of Fellowship with God, out from under the

Filling of God the Holy Spirit, in carnality or under the influence of EVIL and functioning in the production of Human Good. This takes the [Problem Solving Devices](#) off of the [Forward Line of Troops](#) of the soul and allows Stress to penetrate the soul where the Old Sin Nature then controls the soul. To increase options to recognize and function under the Protocol Plan of God it is necessary to develop the 10 Problem Solving Devices and deploy them onto the Forward Line of Troops of the SOUL. The greatest danger as hindrance of these efforts is involvement in the Interlocking System of Arrogance and the [Arrogance Skills](#), as well as having a lust for instant solutions. The Entanglement in the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred, Ignorance of Bible Doctrine and Negative Volition toward Bible Doctrine all destroy Options in life for the believer.

Law of Volitional Responsibility tells us that all individual believers are totally responsible for everything they think, say and do and this responsibility is directly to God BECAUSE they are not members of the Royal Family of God. Whenever a believer sins, he will be disciplined as members of the Royal Family of God for putting himself out of the Plan of God, but he also will already have been under incredible self induced misery. ([Prov 3:12](#)) [Rev 3:14-20](#) documents believers who have advanced in the Spiritual Life and been given prosperity from God and who have passed the prosperity test and are not failing in any one of the 5 temporal Categories of their escrow blessing package. What very often occurs in failure of the advancing believer is that their Scale of Values changes from what has been developed based on Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine to other ideas developed from other areas as a result of influence from EVIL with Bible Doctrine being forgotten. This results initially in failure to be consistent with the intake of Bible Doctrine, then overt neglect and finally rejection of It. Some fall into involvement in the Arrogance System which allows the pressures of life to become stress in the soul. This then results in a dependence on temporal things, the details of life and other people, as solutions instead of the Metabolized Bible Doctrine which should be residing in the Stream of Consciousness of the Soul. As a result whatever prosperity they may have takes over in their life as first priority instead of Metabolized Bible Doctrine controlling their life. If they lack prosperity the adversities of their life drive them to Reactions where they enter Reversionism and [Frantically Search](#) for some detail of life to bring them some level of happiness.

It is a marvelous blessing to break off friendship or any association with people who are so Arrogant, often involved in blind Arrogance, that they never see their stubbornness, intensity, implacability and lack of humor all of which are related to their incredible Arrogance. Life is too short to associate with these types and they are so full of themselves that the only person who would want to associate with them is someone twice as dumb as they are. People we know who are stubborn, Arrogant and self centered demonstrate that the more [Scar Tissue of the Soul](#) one builds the greater the Arrogance and the more this person is divorced from reality. The longer a person is divorced from reality the more [Mental Attitude Arrogance](#) they have and their [Jealousy](#), [Bitterness](#) and implacability pulls them into [Psychosis and Neurosis](#). Once people get away from reality under this system they drag with them anyone who wants to be their friend. By dragging these “friends” away from reality and the importance of reality they start a [Mutual Admiration Society](#) with its Arrogant and Inadequate relationships. This,

very rapidly, results in all the Arrogant ones becoming inadequate and vice versa and they all live in the dream world of personal self importance.

When too many believers in any area become totally divorced from reality and involved in religious legalism, having resisted or rejected Bible Doctrine, there will always be some sort of a disaster or catastrophe to kill them off. This is God, wiping them out under the [Sin Unto Death](#) Divine Discipline, removing their miserable persons from this life into a place far better for them and for the world as a whole. Very often, God has to remove believers of this type for the betterment of the DEVIL's world because they having resisted Bible Doctrine and become locked into the Cosmic Dynaspheres would cause the destruction of the Human Race. With their [Scar Tissue of the Soul](#) and [Blackout of the Soul](#) having accepted false systems and concepts from EVIL, their Arrogance grows beyond toleration and threatens the viability of the Human Race. It is a gross failing of any government to try to save these people in disaster situations instead of just preserving their freedom, privacy and property from criminality.

The origin of liberalism in this United States of America is based on people saying NO to the Truth so long that they can ONLY believe the LIE from EVIL. The more one accepts the LIE the more his IQ operates within the framework of the LIE. This is true for people of both Low and High IQ. This is why it is impossible to understand why government representatives think so stupidly and leave aware people wondering why they do not have enough common sense to realize what is True, beneficial and right and know that is wrong, detrimental and from EVIL. The Truth is that they do not know Truth from fallacy because they are blinded by the Degeneracy of Arrogance and by accumulated Scar Tissue of the Soul from the Apostasy of [Reversionism](#). The human mind was designed to think in terms of Truth and it was designed that way by God. When the human mind rejects the Truth it can ONLY believe the LIE and operate within that framework of the LIE which is derived from all aspects of EVIL. This is part of the system for the choice between GRACE and EVIL, the ultimate purpose of mankind.

Rejecting any doctrinal information as Absolute Truth is the cause of the individual or nation being subject to incredible and intensive Divine Discipline. When this occurs repeatedly the individual or nation is rejecting the Bible Doctrine and also the authority of the communicator so that when something derogatory or degrading is proclaimed about the communicator or positive members of the congregation which is a LIE, he will believe it. This always involves Arrogance and always is a rejection of authority and the principles in the Laws of Divine Establishment and Divine Institutions which represent and reflect authority. Therefore, any “anti-establishment” attitude is Arrogance to the core as demonstrated by the hippies of the 60's and 70's in this country and the ‘black lives matter’ and ‘antifa’ movements of the early 21<sup>st</sup> century. The source of Arrogance is always rejection of some authority and it could start with rejection of parents or contemporaries or school authority and build into rejection of all authority except SELF. By saying no to authority, Bible Doctrine and other Laws of Divine Establishment and Divine Institution Truths, this person divorces self from reality by his own consistent negative attitude. As a result he then believes the LIE from EVIL such as ‘once you get on illicit drugs or smoke pot or down acid or speed you will have a better understanding of things in life’. This is the LIE millions of people believe today which has resulted in the

incredible drug problem and drug culture in the United States. Therefore, the whole principle of the degradation which occurs in Reversionism is extremely important in life. The more one says no to Truth in any of the 3 categories, the more he will be divorced from reality. The further one descends into Reversionism and builds Black Out of the Soul and Scar Tissue of the Soul the more the vacuum of the blacked out soul is filled with the LIE from EVIL as a basic motivator of life and the more likely it is that this person will always believe what is false.

### Negative Volition to Truth is Arrogance, Reversionism & Antagonism

Arrogance in the individual when in prosperity and its resultant Self Righteousness means Negative Volition to Bible Doctrine in times of prosperity. Arrogance in the individual when in adversity and its resultant Self Pity means Negative Volition to Bible Doctrine in times of adversity. **Therefore, all Negative Volition toward Bible Doctrine in all of the varying circumstances of life can be related to Arrogance.** This is the interaction and interlocking between Arrogant degeneracy, Reversionistic apostasy and Emotional antagonism. Therefore Arrogance, whether its manifestations occur in adversity or prosperity, produces strong Negative Volition. Although there may be other circumstances and attending difficulties in life all Negative Volition toward Bible Doctrine and the Grace Plan of God is therefore primarily a matter of Arrogance. Therefore, the vast majority of Negative Volition to Bible Doctrine is the direct result of some form of Arrogance. As a result, in the Arrogant individual, the greater the revelation and clear lucid presentation of the Truth of Bible Doctrine including the Gospel for the unbeliever, the greater the resistance to that Truth. Therefore, the communicator, the Pastor Teacher who makes Bible Doctrine lucid and perspicuous and the Evangelist who presents an accurate and lucid explanation of Salvation will have the greatest resistance to the Bible Doctrine he teaches. Thus the primary difference between Positive Volition and Negative Volition in the individual is HUMILITY and objectivity in contrast to Arrogance and subjectivity.

In the Status Quo of the individual which causes him to develop Scar Tissue of the Soul “the eyes don’t see and ears don’t hear” and once the perceptive system is shut down by Negative Volition not only does Arrogance resist doctrine but it falls back onto pseudo empiricism or false rationalism. This is the difference between a philosopher, a rationalist, who is anti-doctrine and a scientist, an empiricist, who is anti-doctrine and entertains theories which can make him pro-evolution. Once a believer rejects Bible Doctrine and the nonmeritorious means of perception of Bible Doctrine, Arrogance must select a system of perception which is compatible with whatever Arrogance is resident in the Stream of Consciousness of his Soul. The one’s available are Rationalism or Empiricism and this is the Arrogant philosopher or scientist. This is why the Pastor Teacher who is lucid in presentation of ‘existentialism’ or the ‘cultural’ aspects of Christianity in ancient times will have a very large congregation because he does not antagonize their Arrogance. Once you develop rationalism or empiricism you develop a shell for Arrogance thereby allowing the Interlocking System of Arrogance to crystallize into a life of tragedy, heartache and the distracting of others from the Spiritual Life. Arrogant people always assume that they are always right and the Pastor as the communicator and Bible Doctrine as the subject are from their perspective always wrong and to prove this they must gain converts to their system of thinking involving rationalism or empiricism. This is what makes a cult, an Arrogant rejection of Truth and acceptance of a system of perception involving

empiricism, rationalism or emotionalism. The more difficult the cult system is to comprehend the more acceptable it is to the Arrogant person and thus the Arrogant person divorces self from reality by this involvement, going from being sociopathic to neurotic to psychotic. This is why the “tongues” movement groups are not Christianity at all but are an empirical cult emphasizing their emotion, what they feel, over the Truth of Bible Doctrine. The pseudo Christian emphasis on brotherly love is the same emotional thing.

### **Negative Volition & Scar Tissue of the Soul**

When involvement in Reversionism persists long enough and Black Out of the Soul and Scar Tissue of the Soul occurs in the individual or the population in general, the restraint on Negative Volition is almost totally removed so that people ignore all warning signs that they are moving in the wrong direction in history. This is what occurred with the Jews standing in line to die under the Nazis and what I perceive as having occurred when people were standing in line in the United States of America 6 feet apart, with gloves and masks on, to get into Walmart to shop, during the fake news hype regarding the Wuhan CCP Virus of 2019-21. This in reality was the Design from EVIL, a part of the communist conspiracy, to overthrow the FREEDOM of this client nation to God. One part of the Interlocking System of Arrogance includes Depression and Discouragement which comes out of Self Pity involvement in a time of adversity.

The Arrogance factor involved in people's lives changes people and nice or pleasing people are changed or destroyed by it. Arrogance is stronger than anyone's personality and anyone with persistent Arrogance in the Stream of Consciousness of the Soul can and eventually will be changed and possibly destroyed. What a person is, is what he thinks and if he thinks and functions primarily in Arrogance he WILL be changed. ([Prov 23:6-7](#)) Many generations in the United States have been propagandized by radio and television and in fact all the media, especially the entertainment media which has been used to propagandize the people with principles of Liberalism derived from EVIL. College professors are mixed up and confused because they are saturated with Arrogance having rejected Truth and built up [Scar Tissue of the Soul](#) and cannot believe Truth but only the LIE from the policy of EVIL. When one rejects Truth he not only builds up Scar Tissue of the Soul and simple [Mental Attitude Arrogance](#) but also a complex of attitudes which wait to respond or react to every situation. These attitudes respond to greater LIES from EVIL such as considering islam and communism to be good and beneficial and everyone should treat the moslems and communists nicely. This attitude however reacts to and totally rejects Absolute Truth in all 3 categories of the Laws of Divine Establishment and Divine Institutions, the Gospel of Christ, and all of Bible Doctrine. This is believing the LIE which is in fact the policy structure of EVIL devised by Satan to rule this world under the Cosmic Dynaspheres. These people believe that signing treaties with communist countries or allowing refugees from islamic countries into the United States of America are NICE things to do and as a nice country the United States must do them. The whole time they fail to realize that the objective of both islam and communism is one of universal conquest and the methods they are using are much less expensive than overt war.

When a person says no again and again at God Consciousness, Gospel hearing, Bible Doctrine

presentation, any delineations of the Laws of Divine Establishment and the Divine Institutions and at any manifestation or representation of divine power they open up the (gr) ‘mataiotes’ or a vacuum in their soul. The more they reject God, the Gospel, Bible Doctrine or the Laws of Divine Establishment and Divine Institutions the stronger the vacuum becomes and the more it sucks into the Stream of Consciousness of the Soul all the false doctrine and principles of EVIL in this world. This is the reason some believers become holy roller Pentecostals, some communists, some liberals, some just plain stupid, some religious and all totally saturated with EVIL. This occurs in an evolving pattern:

- ✧ Once a person rejects Absolute Truth it becomes vastly easier for them to accept error and falsehoods.
- ✧ The more easily they accept error the greater becomes their acceptance of error and the more it saturates the Stream of Consciousness of the Soul.
- ✧ The more error saturates the Stream of Consciousness of the Soul the easier it is to say no to the plan, will or purpose God may have for their life on this earth.
  - God keeps both the believer and unbeliever in this category alive so that as they continue to say no to Bible Doctrine and as a result they build up a greater rejection or calcification against all categories of Truth.
- ✧ The more these believers reject Truth the more they accept error and they think, talk and act like communists, socialists or holy rollers and are completely mixed up and confused ultimately destroying themselves.

These people who are consistent in their function under Negative Volition simply do not understand the greatest issue of life which is that ‘*what you are is what you think*’. Therefore, what one thinks is dependent on acceptance or resistance to and rejection of Absolute Truth in any of the 3 categories, especially Bible Doctrine for the believer in The Lord Jesus, The Christ. Whenever a believer resists any kind of accurate Bible Doctrine it develops a callous in his soul and as the callous grows and expands the Stream of Consciousness of the Soul becomes blind to that category of Truth. With persistence in this resistance to Bible Doctrine, they therefore become blind to any and all categories of Truth or applications of Truth to historical reality dealing with the subjects related to these Truths. This has become a far reaching trend today in American society and for Christians it often starts with rejection of the [Rebound Procedure](#) or any other category of Grace Truth and this inevitably leads to [Emotional Revolt of the Soul](#) even [Psychosis](#). Then as other Doctrinal principles are continuously rejected the believer moves deeper into the setting of apostate [Reversionism](#) where false doctrines presented will strengthen their [Blindness](#). Accepting false Doctrine or rejecting divine Truth will both build up callous in the Stream of Consciousness of the Soul and result in blindness to many aspects of Truth from Bible Doctrine. The Jews, for instance, were clear on the Truth of the Laws of Divine Establishment in areas such as income tax, functions of authority, universal military training, functions of law and evidence but those parts of the Old Testament Scripture dealing with The Lord Jesus, The Christ they rejected and built up a callous there. They rejected Christ in the 1st advent and therefore reject the whole concept of Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone in this dispensation of the Royal Family of God.

The ultimate factual result is that believers who reject Bible Doctrine are without a doubt the worst, most vicious, vile people on the face of the earth. There is nothing worse than a believer who rejects Bible Doctrine and has maximum Scar Tissue of the Soul resulting in his coming to only be able to believe the LIE from EVIL. A perfect example is demonstrated by the believers and unbelievers involved in distortions of the spiritual gift of Speaking in Tongues who reject Bible Doctrine. When one rejects Bible Doctrine he rejects the delegated authority of God and saying NO repeatedly results in entering the apostasy of Reversionism and degeneracy of Arrogance. The “LIE” encompasses every policy, principle and distortion from Satan found in his Cosmic Dynaspheres. The LIE, for the people involved in the tongues movement, is having an experience for salvation and for spirituality by speaking gibberish thus feeling emotionally stimulated. The true spiritual gift of Tongues was specifically designed to be used for 40 years, from AD 30 up to AD 70 only, to warn the Jews who lived in foreign lands, USING THEIR LOCAL LANGUAGES, of the coming of the 5<sup>th</sup> cycle of Divine Discipline to their nation with its total destruction. This gift was discontinued in AD 70 when the 5<sup>th</sup> cycle of Divine Discipline was administered to Israel and NO ONE has legitimately spoken in tongues for almost 2000 years. These people become involved in this distortion because they reject the Truth of Bible Doctrine and come to believe the LIE that how they feel is what determines their salvation or spiritual level. No matter how smart or dumb, rich or poor they are, with Arrogance and Scar Tissue of the Soul they believe the idiocy of this and many other LIES from the policy and plan of Satan. Once smart people with a higher IQ start believing a LIE from EVIL, IQ is no longer any value and common sense is discarded along with the ability to reason which results in their being divorced from reality.

Invariably, the less a person knows about Truth the more they are critical of it and this results in a greater build up of Scar Tissue of the Soul dragging them further into Reversionism. The more Scar Tissue of the Soul there is the greater the Arrogance of the person so that as a rule people who are always overtly critical are always interlocked into [Personal Opinion Arrogance](#). This Blindness to Truth in the soul of the believer or unbeliever is simply the Scar Tissue of the Soul, a later stage of Reversionism so that:

- The more one says no to God, the Gospel, Bible Doctrine or the Laws of Divine Establishment and Divine Institutions, the more he is blinded to any Truth.
- The more one is blinded to Truth the greater becomes their Arrogance
- The more their Arrogance builds up the more they become divorced from reality.

God never brings to anyone greater Negative Volition but at times simply gives them more opportunity to say NO or YES but if they are totally divorced from reality they can only continue to say NO to all that God has for man. Saying no over and over again is what develops Scar Tissue, hardness, of the Right Lobe of the soul or [Inflexibility](#) and God, being a gentleman, never reaches in to adjust volition to be more or less Negative. God, having given man VOLITION to resolve the Angelic Conflict, NEVER tampers with anyone's volition but simply gives them greater opportunity to say no or change their own volition, when they exhibit consistent, persistent Negative Volition. Very few people have ever sassed God and lived but God, occasionally allowing this, uses it to evangelize the entire world, as he did with Amenhotep II. With regard to Absolute Truth:

- ✧ The more one says no to doctrinal Truth the more they become divorced from reality and thus the greater becomes the expression of their Arrogance.
- ✧ The greater one's expression of Arrogance and their disassociation from reality the more they move toward becoming psychotic.
- ✧ All psychotic people are totally Arrogant and their Arrogance is so great that they are totally divorced from reality and can only think of themselves and their own problems.

A person so blinded from a build up of Scar Tissue of the Soul has no sense of time except as it relates to themselves. These people are inflexible and totally out of touch with reality. Scar Tissue of the Soul always results in inflation, increase and expansion of human Arrogance so that:

- ✧ The more Scar Tissue of the Soul that develops from saying NO to God and resisting God the greater the Arrogance
- ✧ The greater the Arrogance the greater the Pettiness.
- ✧ The greater the pettiness the greater the superficiality.
- ✧ The greater the superficiality the more **IRRELEVANT** becomes the thinking of that individual.

Thus, their assuming that God does not know what he is doing is the greatest possible Arrogance and that he is unfair is even greater Arrogance adding vindictiveness and implacability to their picture of God, all which is incredible blaspheme.

The principle of Negative Volition leading to Scar Tissue of the Soul is clearly demonstrated when a person says 'NO' to the gospel, like the Jew who says no to something which he understood from the sacrifices and rituals of the Mosaic Law, and does this again and again so that all he has left is ritual without reality. He then no longer even understands those things which were perspicuous to him when they were first presented to him. This is the same thing which is occurring in the United States of America with regard to Freedom. Freedom is totally misunderstood by the people of this nation and freedom today in the United States of America is basically ritual without reality. This is what is demonstrated in the tongues movement where these people may have understood certain Bible Doctrines but have said no to them and consistently resisted Bible Doctrine. As a result of their Reversionism, as they built up a Blackout of the Soul and Scar Tissue of the Soul, they opened the door for uncontrolled emotion and this destroys their Spiritual Life. However, they will still be present face to face with the Lord in heaven after their death. It is an enormous tragedy for anyone with any potential, who has great perspicacity, to lose out in the Spiritual Life because of being self starved of the Truth. The Human Brain does not work properly without Oxygen or the Absolute Truth of Bible Doctrine including the Laws of Divine Establishment and Divine Institutions. The fantastic result is that the more the Truth of Bible Doctrine resides in the Stream of Consciousness of the Soul the greater the capacity for life a person will have.

There is nothing which can be done when others attack the believer who has strong Positive Volition toward Bible Doctrine, by their rejecting the Truth, especially when they are attacking the Pastor Teacher teaching the Truth of Bible Doctrine, as a result of their Arrogance. The believer under Positive Volition must simply ignore these attacks. He must set and live by the priorities developed through inculcation of Bible Doctrine placing its Absolute Truth first in his

life. Never should he join with anyone who attacks those who teach the Truth. These types should BEWARE for they will suffer incredible Divine Discipline and those being attacked will receive incredible divine blessing as a result. When one encounters people who are vicious and vindictive and want to malign those who teach Bible Doctrine or who are learning Bible Doctrine, he should avoid them by separation and NEVER get involved with any violence they may propose. Violence is not a problem solution and is of no use whatsoever and NEVER solves anything. Attacks regarding Truth are a soulish matter and it will never fix anything to engage in violence. These WILL be handled by the Supreme Court of Heaven and the positive believer involved must stay out of them for as soon as he involves himself in this antagonism he will share their Divine Discipline and life is far too short for this.

### Scar Tissue of the Soul & The Jew

No disaster can ever cancel either the present blessing to the Jewish remnant nor future blessing to restored Israel of the millennium and this answers the question of whether God has set aside his people; Definitely NOT! God is faithful and keeps his word and the faithfulness of God is based on the Integrity of God and which is composed of the Love of God, Righteousness of God and Justice of God. At the point of Salvation Adjustment to the Justice of God, whether by Jew or gentile, the Righteousness of God is imputed to that believer. God has not set aside his people and still has a plan for the Jew but in this Church Age when the Jew accepts the Substitutionary Spiritual Death of The Lord Jesus, The Christ and makes Salvation Adjustment to the Justice of God he becomes a member of the Royal Family of God as well. He also receives the Righteousness of God, that which Abraham, Isaac and Jacob had received at their salvation, ([Gen 15:6](#)) and God is therefore completely faithful. Divine judgment, no matter how devastating or wide spread, on degeneracy and apostasy never hinders blessing to the pivot of mature believers nor does this type of historical disaster hinder the momentum of their advance to [Maturity Adjustment to the Justice of God](#) and beyond. Disaster very often makes acquiring a source of Bible Doctrine more difficult but for the believer with Positive Volition the message of Bible Doctrine will always be there to be learned for his spiritual growth to enable him to reach Spiritual Maturity or to go beyond it. Many times in Human History Jewish declension and apostasy have been so great that alarming segments of the world's Jewish population have been destroyed by Divine Discipline but this is not without their cognizance of divine nature and their having great opportunity to exercise Positive Volition toward the Plan of God. When these situations have occurred, those many Jews who died have said no to the Substitutionary Spiritual Death of The Lord Jesus, The Christ more times than Amenhotep II in the time of the exodus. When catastrophes occur such as the Nazi Holocaust or the Russian Executions, the Jews involved have had many chances to say YES to the Gospel of Christ but have consistently rejected all of the opportunities given them. Then, under the concept of the Scar Tissue of the Soul and intensification of Arrogance causing deep entanglement into the Interlocking System of Arrogance, these Jews have been removed. Historically gentiles also have suffered this way. In the Church Age both Jews and gentiles, at Salvation Adjustment to the Justice of God, become Royal Family of God and are neither Jew nor gentile any longer. This is a demonstration of the greatness of the Plan of God and provides an explanation for all the great tragedies to the Jews including those which occurred under the domination of socialism under Hitler or under Russian communism or the

tyrannical rulers of Spain or many other situations. Such disaster and destruction doesn't abrogate the Plan of God for TRUE Israel, that is those in the Age of Israel who have believed in Christ, nor does it hinder the future restoration of Israel at 2<sup>nd</sup> advent of Christ. Individual or collective Jewish failure cannot destroy the Jewish future, therefore, failure of Israel cannot hinder the Plan of God nor abrogate the future for Israel. In the Church Age God seeks through gentile believers those who are Jews and the Church Age is a reverse or Inversion of the processes of the Age of Israel where the Jews were missionaries to gentiles. Today many Jews in the world are the richest and most successful people of the world but their wealth and success cannot ever replace for them their spiritual heritage. This is their true wealth, which was and continues to be rejected, so that in their past this rejection has resulted in the 5<sup>th</sup> cycle of Divine Discipline administered to Israel for the last time in AD 70. Only when a Jew believes in The Lord Jesus, The Christ can he begin to understand and appreciate these words: (heb) Shamah Israel, Adanai Elohenu, Adanai Echod, "Hear, Listen and Concentrate Israel, The Lord is God, The Lord is UNIQUE". This is again a clear statement of the uniqueness of The Lord Jesus, The Christ, the God of Israel, the God / Man in Hypostatic Union at the 1<sup>st</sup> advent, totally rejected by the Jews. However, the Jews translate this to mean ONE instead of UNIQUE to reinforce their distorted ideas involved with their religion of Judaism which makes MONOTHEISM their focus rejecting the trinity of God.

When the racial Jew rejects The Lord Jesus, The Christ as savior he goes through a great deal more effort than the gentile does when he says NO to the gospel. First, he has all his spiritual heritage of the God of Abraham, Isaac and Jacob, and all the Old Testament Scripture documentation, then he hears the Gospel which indicates that his spiritual heritage is related to and fulfilled by The Lord Jesus, The Christ. In rejecting this he must use a great deal of Negative Volition Arrogance to do so and once he uses this level of Negative Volition as an unbeliever to reject Christ he locks himself into the Interlocking System of Arrogance and starts a slide down through Reversionism, interlocking with many of the other areas of the Arrogance System. This person, designed and selected by God, to become a blessing to himself and all mankind in his periphery, CANNOT have true happiness, blessing or prosperity in life. Once in the system of Arrogance he will be the passive Jew who lines up to die in some historical holocaust system which is the basis for removing him BECAUSE OF HIS NEGATIVE VOLITION TOWARD CHRIST AND DOCTRINE. This is yet another reason for the Jews not resisting their own destruction and succumbing to the Divine Discipline holocaust disasters.

### Negative Volition leading to Reversionism

When one stops taking responsibility for his own sins his thinking is no longer normal and he is no longer normal. Bitterness, malice, vindictiveness, vituperation, etc., is not normal because in all these and all other sinful situations the Old Sin Nature controls the soul and therefore the life. The believer therefore has 2 personalities, the personality which uses the mirror of the soul to self evaluate and correct personal dysfunctions and the one which rejects the evaluation of his soul mirror. When the Rebound Procedure is used, normalcy in the soul is reestablished but when rebound is rejected this can produce neurotic conditions which take the believer farther and farther from life's reality. Believers in the Royal Family of God must take responsibility for all their actions. They must remember that when they acquiesce to the

pressure from the Old Sin Nature to do something which is outside the realm of doctrinal Virtue and Values they must not cover it up with self righteous Arrogance. They must acknowledge it to God using the Rebound Procedure and return to normalcy. Without the rebound procedure a believer cannot be normal and will not live a normal life and will continue to find an excuse for his life so that his Self Justification, as a result, lies to him continuously whereby he eventually locks all sense of responsibility out of his life and decides he can do no wrong. Without Metabolized Bible Doctrine circulating in the Stream of Consciousness of the Soul the believer tends to think of self in the terms of Locked in Arrogance. This invariably results in his DIVING HEAD FIRST into the 8 stages of Reversionism through some level of Negative Volition rejection or resistance to Bible Doctrine. The progression down in the Spiritual Life in reversionism leads to Black out of the Soul and Scar Tissue of the Soul resulting from Emotional Revolt of the Soul. This prevents previously learned Bible Doctrine from being usable because it is covered over with Scar Tissue of the Soul and eventually erased from the Stream of Consciousness of the Soul as the LIE from evil systematically replaces it. As a result he becomes like a person who has heard no Bible Doctrine ever.

In the development of or falling into Reversionism the beginning is a resistance to or rejection of some point of Absolute Truth especially Bible Doctrine for the believer. This causes a 'Reaction to Life' which involves discouragement, Disillusion, disenchantment, boredom, frustration and loneliness thus he develops a great instability in his life. In this stage, with Negative Volition, the believer meets with the Interlocking System of Arrogance as a means of being involved in both Reversionism and in the Arrogance complex. This reaction stage often involves the Interlocking System of Arrogance connecting with various mental, verbal and overt sins such as operation Vengeance or some reaction to the trends of contemporary history. The believer must avoid both, Reversionism and the Interlocking System of Arrogance from Negative Volition to Bible Doctrine which leads to involvement in any stage of the Arrogance Complex because as a believer in The Lord Jesus, The Christ he is here to MAKE CONTEMPORARY HISTORY not react to it. Ultimately when involved in Reversionism with a persistent Negative Volition toward Bible Doctrine there eventually occurs a Black Out of the Soul from lack of exposure to or acceptance of Bible Doctrine with the resultant infiltration of the false doctrines of demons labeled as the "LIE" from EVIL. Continued persistent Negative Volition toward Bible Doctrine and its Black Out of the Soul develops a callousness or hardening of the soul toward Truth called Scar Tissue of the Soul. Scar Tissue of the Soul as a blocking of both the Left Lobe of the Soul and Right Lobe of the Soul is the prevention of both inculcation and acceptance or metabolization of Bible Doctrine ultimately leading into deep entanglement in the various categories of the Interlocking System of Arrogance. When Bible Doctrine or any category of Truth is taught and Negative Volition rejects it then there is a subsequent build up of this Scar Tissue of the Soul. Every rejection of Absolute Truth in any category results in this building up of Scar Tissue of the Soul so that ultimately TRUTH cannot be understood and learned and therefore cannot be accepted or metabolized. In order for the individual to be able to continue to say no to Truth, Arrogance becomes a major issue and motivator. There is Arrogance in rejection of the Truth or the communicator of Truth and this is intensified until it becomes in time of prosperity Self Righteousness or in periods of adversity Self Pity. This is

another relationship or interlocking between the degeneracy of Arrogance and the apostasy of Reversionism.

Truth can be available from any area of life and rejection of it from any source causes one to build more Scar Tissue of the Soul. Legalism always takes a superficial approach to the Truths of sacred things such as the Eucharist, the original purpose of circumcision and the doctrines of the Mosaic Law. It skims off from the top those things which are acceptable to Arrogance and compatible with the function of legalism. Arrogance only ever accepts what appeals to Arrogance. Arrogance never accepts the true authority of the Mosaic Law, as in Codex I, the Decalogue, which demonstrates man's sinfulness and the necessity for his condemnation and, in fact, is not designed for mandated adherence. Arrogance believes that keeping these 'rules' of the Decalogue will give a permanent relationship with God. Arrogance looks at Codex II, the Spiritual Code, which is designed to demonstrate the Plan of God for salvation through faith in Christ and instead always uses human rather than divine ability to try to align with that plan. Arrogance relegates these Grace principles of doctrine to mere formalism and by so doing loses the significance of these doctrines including the Levitical offerings, the tabernacle furniture and the feasts in Codex II of the Mosaic Law. Christian and religious Legalism is one of the worst forms of Reversionism whereby one convinces himself, and is falsely certain in his Arrogance and pride, that he is absolutely right about everything regarding eternal salvation and spirituality apart from the Plan of God.

Whenever and for whatever reason the Rate of Learning of Bible Doctrine exceeds the Rate of Forgetting the Believer advances in the Spiritual Life under the Functions of the [Spiritual Skills](#) and deals with the [Problematic Battles](#) of Sin, Stress, Arrogance, Etc., in the soul properly. When the Rate of Forgetting, from rejection or neglect of Bible Doctrine, exceeds the Rate of Learning there is rapid decline in the Spiritual Life and entrance into Reversionism and the Interlocking System of Arrogance. The Arrogance of legalism cannot stand the Grace policy of God. Wherever legalism is found it is a distraction from the Spiritual Life for the Church Age and the Grace provisions of God for the Double column advance to the high ground of Maturity and Advanced Maturity Adjustment to the Justice of God and the resultant Pleroma Status with Maximum Glorification of God in time. The Double Column Advance combines Metabolized Bible Doctrine in the Stream of Consciousness of the Soul of the soul with [Reciprocal Love for God](#) as motivation. This motivation results from the (gr) 'Epignosis' Doctrinal Knowledge of the Love which God had for the Human Race in Eternity Past before man even existed motivating Him to provide a process for man's salvation and spiritual advance. Legalism lives in fear that Grace principles will somehow corrupt Believers where as, ironically, it is in fact legalism which corrupts Believers.

When the church age believer, makes Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone he is ELECTED into the greatest plan in human history the Protocol Plan of God. The Final objective of this plan is the believer's growth to Advanced Spiritual Maturity with its Cognitive Invincibility and then his participating in and passing [Evidence Testing \(2 categories\)](#) resulting in Maximum Glorification of God. As in any other system of FREEDOM every believer has the opportunity to use their volition to become a

loser or a winner by virtue of their own decisions. When people excuse their bad decisions they get into a system of Arrogance and loose their objectivity about themselves. When the believer looses [Objectivity](#) as a result of Arrogance he has cracked the mirror of his soul and does not see himself in the light of the Metabolized Bible Doctrine in his Stream of Consciousness of the Soul. It is the function of the [10 Problem Solving Devices](#) to prevent Arrogance from overwhelming the soul and distorting the mirror of the soul. In the drive toward Maximum Glorification of God the [7 Categories of Momentum Testing](#) for the believer include Providential Preventative People, Thought, System, Disaster, Prosperity Testing and Evidence Testing regarding Relationship with God or People & Life. When the believer encounters People Testing at any level he must first deal with it using the [Faith Rest Drill \(5 stages\)](#), Problem Solving Device #3, for a while and that can take his mind off of the testing but only for a while. When he finally acquires the blessing of [Sharing the Happiness of God](#), Problem Solving Device #9, he can pass people testing and put it behind him. In addition Sharing the Happiness of God also passes the Thought Testing with regard to the unkind things others think and say about him such in their resentment, bitterness, jealousy, maligning, gossip, etc., and all of the myriad of failures possible in thought testing. System Testing occurs where organizational injustice causes the administrators of an organization to be conspired against by the labor and this brings the potential for the conspirators to gain the believer's support which, when this occurs, moves that believer into Status Quo [LOSER Believer](#). Unless the believer has acquired Problem Solving Device #9, Sharing the Happiness of God he cannot ever truly pass this test. Ultimately Disaster Testing can only truly be passed with the blessings which come from Sharing the Happiness of God and being at a level of cognitive invincibility in Maturity Adjustment to the Justice of God where he has developed advanced Personal Love for God as Occupation with the Person of The Lord Jesus, The Christ. So that when the believer passes these tests he is securely in the status of Spiritual Maturity. Upon reaching Maturity Adjustment to the Justice of God and receiving his 5 temporal categories of Super - Grace Escrow blessings he will inevitably experience Prosperity Testing which requires the application of the Advanced Problem Solving Devices in order to pass it. With persistence in Post Salvation Epistemological Rehabilitation he will continue [Progressing](#) from Maturity Adjustment to the Justice of God with support from Logistical Grace and his Escrow Super – Grace blessings through the No Man's Land of Intermediate Spiritual Maturity toward Advanced Maturity Adjustment to the Justice of God where he receives his Ultra Super – Grace blessings and where he is then subjected to Evidence Testing because of having attained the status of Invisible Hero. ([Phil 1:20-21](#))

One reason that the believer can become distracted in his function in the Spiritual Life is that IF he enters the Adult Spiritual Life with his own agenda, rejecting God's agenda, he is functioning within the [Arrogance Skills](#). When he functions through the Arrogance Skills he basically LIES to himself. When he LIES to himself he finds excuses for everything and goes through life with an impudence toward God which is reflected toward people. As a result of this he moves to functioning under the [Self Deception](#) Arrogance Skill. As a result of this level of function on his own agenda and ignoring God's Agenda he can have no happiness in life. The Negative Volition of the believer or unbeliever which moves him into the 8 stages of [Reversionism](#) also results in entrance into the Interlocking System of Arrogance and when

persistent enough into the Interlocking System of Antagonistic Emotional Hatred. This occurs along with other negative emotions, crowding out thought and as a result syndromes are developed from Reversionism including:

- ✧ Socialism
- ✧ Cowardice
- ✧ Inadequacy
- ✧ Guilt
- ✧ Legalism
- ✧ Anti Establishment-ism
- ✧ ETC.

Therefore the rejection of Absolute Truth which interlocks with the Mental Attitude of **Pride** leads to eventually and inevitably destroying freedom. So often quoted, by so many in academics who do not understand the ramifications of it, is this paraphrased principle; ‘You shall know the Truth and the Truth shall make you free’. This biblical phrase is, in fact, saying that **IF** you decide, maybe you will and maybe you will not, under Positive Volition, to accept Absolute Truth in the 3 categories of the Gospel, Bible Doctrine, and the Laws of Divine Establishment and Divine Institutions, this will make you Free and preserve your FREEDOM. It is Negative Volition Arrogance which rejects Truth and the authority of the communicator of it or makes an issue of the personality of the communicator over the content of his message. Collective accepting of the LIE from EVIL, as a result of rejecting these Truths, is the overriding destructive factor which ultimately destroys client nation functions and calls for the Justice of God to execute the cycles of discipline on that nation. The problems which have faced the Jews in their history in Israel and in the United States of America today start with both believers and unbelievers believing these LIES from EVIL. All principles related to Absolute Truth are found in the Bible Doctrines of scripture which include the Laws of Divine Establishment and Divine Institutions. Under the Laws of Divine Establishment there is the principle of Free Enterprise. Under Free Enterprise there is the concept that motivation for business is PROFIT. When a person goes from rags to riches under this principle, it motivates others to go into business and start small and face the problems and difficulties of being in business and generating an income then parlaying this into something bigger and making a profit small or big. This is part of an Absolute Truth and when a society or group says no to this and desires the greatest good for the greatest number in socialism and its welfare state functions, it builds COLLECTIVE Black out of the Soul resulting in COLLECTIVE Scar Tissue of the Soul. This collective increased Scar Tissue of the Soul opens a vacuum in the COLLECTIVE soul which brings in these LIES from EVIL. Arrogance + Believing the LIES of the Plan and Policy of Satan, results in the problems which exist today in government, bureaucracies, foreign & domestic policies and Americans departing from the true American way of life. This produces great instability in the nation and the individual which is demonstrated as:

- ✧ Self Righteousness in time of prosperity
- ✧ Conversion of Self Righteousness to Self Pity in time of adversity
- ✧ Oscillation as prosperity and adversity cycle forming a great instability in life resulting in Guilt.
- ✧ Slavery to details and circumstances of life

Therefore, Negative Volition Arrogance inevitably manifests itself as Self Righteousness and Self Pity oscillating and cycling while moving from Prosperity to Adversity and as a result producing total instability in life.

### **Arrogant Subjectivity in Perception of Bible Doctrine.**

Another personal tragic flaw involves Arrogant Subjectivity with overemphasis of one's personal problems when involved in Bible Study whether one is being taught in a congregation or sitting in front of a recording device. Saturation with and total focus on one's personal problems makes his interpretation of any passage of scripture fit into his personal problems and as a result the believer does not hear the actual interpretation nor can he therefore understand the proper application when it is presented. When the believer begins bible study with what he considers to be an insurmountable problem hanging over him, he is so full of subjectivity that he cannot assimilate the information being presented. Bible Doctrine is the **ESSENTIAL** of life and it DEMANDS Perception, Cognition, Incultation & Metabolization and absolute **INFLEXIBILITY** in determining the reality of life. EVERYTHING ELSE IN LIFE IS A DETAIL OF LIFE. (**Proverbs**) Attitude toward Bible Doctrine must be inflexible and what the bible says about any given thing must be the believer's reality. (**2Pet 1:12-21**) When there is a difference between what the bible says and what the believer is experiencing, the bible is right and his experience is wrong. Personal problems are 'nonessentials', **DETAILS** of life, which only demand application of Bible Doctrine and at the same time personal exercise of flexibility, pliancy, manageability therefore regulation, restraint and relentlessness during functions under the Grace Apparatus for Perception.

The believer must never get sloppy about his Post Salvation Epistemological Rehabilitation from Perception, Cognition, Incultation & Metabolization of Bible Doctrine or he will be sloppy in his thinking and fail the momentum tests of life as a result of failing to make the divine perception recovery system work for him. In almost every case without exception the only thing left to the believer after his failure is personal Arrogance, sin, emotion and **Reversionism** which can only be removed by the consistent intake of Bible Doctrine after proper and consistent function under the **Rebound Procedure**. Attitude toward Bible Doctrine on any given day will be what determines if a believer has advanced or retreated for that day in his Spiritual Life and when the day ends he will be either better or worse but NEVER the same. When the believer drifts off from concentration on the Bible Doctrine being taught, it is a loss for him and when he loses this concentration then all his talent, ability, good deeds, sweet personality, etc., are absolutely USELESS to him and are simply the characteristics of a loser. Women have a greater difficulty than men in concentrating when there is repetition of principles and information and women as responders are naturally more Arrogant than men (however as we readily know men also are immensely Arrogant in their own right) and theirs is almost a vicious Arrogance.

The believer must RESTRAIN self when listening to bible teaching and must never only tune into the bible teaching when something seems to be applicable to his problem nor when he can distort a scripture for personal reasons. He must listen to the interpretation, which is essential before the application, and he must not spend any time thinking about personal problems otherwise the **Grace Apparatus for Perception** will not function for his edification. When a

believer attends bible study and complains that “doctrine does not work”, the Grace Apparatus for Perception is not providing him with any saturation of Bible Doctrine into his soul because his focus and attention is on his personal problems and how to solve them and not the Bible Doctrine. His shortcoming is in his own lack of self discipline, self regulation, self restraint and ultimately a saturation with total Arrogance. This believer thinks that his personal problems are more important than anything in life and he is totally inflexible about them and as a result disassociated from reality, especially the reality of the function of the Grace Apparatus for Perception. Personal problems must not ever be a distraction to objectivity in approaching bible teaching whether bible study is accomplished in a local church or in front of a recording device. The reality of life is that everyone has personal problems but one must be flexible about his problems in order to accumulate the doctrine provided by God needed for his personal SOLUTIONS. Every believer will always have personal problems but he must remain totally flexible, pliable and know when to think about problems and when to ignore them. The person who trains himself to think only about his problems is involved in Selfcenteredness and [Egocentricity](#) even to the point of Megalomania. One of the most important aspects of having capacity for life is timing and knowing when to address problems in life and when to set them aside and concentrate on something more important.

If one’s focus is on his problems to the exclusion of all else he lacks self discipline which is provided under the [Filling of God the Holy Spirit](#) during the function of the Grace Apparatus for Perception. Moving out of problem focus and into the self disciplined doctrine focus is the reason for silent prayer and use of the Rebound Procedure before bible study begins. Therefore, under the principles of self discipline and [Authority Orientation](#) the believer must be REGULATED under the Filling of God the Holy Spirit to approach Bible Doctrine with objectivity and concentration. He must set aside personal subjectivity when under bible teaching in order to function under the Grace Apparatus for Perception and assimilate all the doctrinal information. No matter how beautiful the face or perfect the body when there is total subjectivity in a person they are not a truly beautiful person. The Filling of God the Holy Spirit restrains occupation with personal problems as a non essential during bible teaching and provides the self discipline needed to regulate focus onto Bible Doctrine to the exclusion of all else. ([Rom 12:2-3](#))

Objectivity or sanity means that when in bible study the believer must listen to the interpretation of any given passage and the principles elucidated to the exclusion of any other thought focus. When rational and without illusion, believers are flexible in the non-essentials and inflexible about the essentials of life. The proper process of Perception, Cognition, Inculcation and Metabolization under the Grace Apparatus for Perception allows rationalization and therefore the removal of the problem consideration but not the solving of the problem. Therefore, erroneous concentration on personal problems during bible study is inflexibility with regard to non-essentials. In fulfilling the function of the Grace Apparatus for Perception, Cognition, Inculcation & Metabolization of Bible Doctrine the believer must understand the interpretation of a passage of scripture in terms of grammar, syntax, exegesis, isogogics, and of course contextual application. Bible Doctrine was given to man for the purpose of providing and developing problem solutions and in fact will solve all personal problems but the believer

must first LEARN IT. Failure to set aside personal problems when under bible teaching results in the believer injecting Arrogance into the function of the Grace Apparatus for Perception and subjectivity in his approach to the word of God. Inflexibility toward the nonessentials divorces one from the reality of what any passage of scripture is actually teaching. The passage must be understood based on what it is actually teaching and not based on what one wants it to teach. Bible Doctrine is not designed for the convenience of the believer but for his edification and advance to Maturity Adjustment to the Justice of God. Correct interpretation of Bible Doctrine is essential while subjective distortion of Bible Doctrine to justify self or solve personal problems is nonessential. It becomes Arrogant presumption and Egocentric subjectivity to presume that every scripture is related to one's current personal problem. Consequently, instead of objectivity in approaching doctrinal teaching for the purpose of receiving the correct interpretation and application, believers often subjectively distort what is heard to relate it to their immediate problem so that their approach is subjective and they do not profit from the teaching at all. This tragic flaw neutralizes Positive Volition and hinders spiritual advance and produces both [Self Centered](#) and [Sociopathic Arrogance](#) tying directly into Reversionism. To be inflexible about the essentials of Bible Doctrine and flexible about the nonessentials of application of that doctrine the believer must comply with [2Cor 10:5](#). Therefore, the believer MUST function under a relentless motivation to objectively pursue Bible Doctrine constantly and consistently in order to move from the spiritual infancy of Salvation Adjustment to the Justice of God to Maturity Adjustment to the Justice of God and thereby glorify God.

It is inevitable that in bible study believers will hear something with which they may violently disagree and are tempted to react to strongly in their soul. The poise and manners and ability to not react is the development of objectivity in life. One always hears things in life with which he does not agree and to react to them is the beginning of subjectivity. Often, despite being right in a disagreement, reaction can develop a subjectivity which destroys the ability to recognize, understand and appreciate the Truth. As subjectivity develops it is an entrance into the Interlocking System of Arrogance and there is a very close relationship between subjectivity and selfcenteredness. The reaction of thinking or saying "That is wrong or That is crazy" produces subjectivity and one may be right or wrong but in both cases he loses. He is a loser because he lacks the poise in his thinking to give something with which he disagrees an objective hearing or to approach it with a sense of humor. Once one learns to hear things which are foreign or contrary to his thinking or something of which he is suspicious or that which he outright rejects, but he maintains the ability to continue to listen and concentrate on it, this is objectivity which linked with poise will provide the opportunity for success in many areas of life. The believer especially must learn to listen to things with which he disagrees and without 'off hand' reaction in order that he might maintain the essentials of objectivity. One often fails in this, having too much subjectivity in the Stream of Consciousness of the Soul, and he must not develop a habit of saying 'this is right' or 'this is wrong'. When he declares something is wrong in his Stream of Consciousness of the Soul and reacts violently by mouthing off to others, this, in effect, becomes [Institutional Arrogance](#). He must learn to keep his mouth shut recognizing there must be a good reason for the principle or policy he rejects and if there is not then that policy will die by itself but he must maintain his objectivity above all else. Failure in this area is what causes the destruction of leadership abilities in any organization.

Therefore, believers must learn from Bible Doctrine to not react when something is presented with which they disagree. Academically, even though disagreeing, one must always listen and give the subject a hearing. If the concepts are false they will die and being false one will know they are false after giving them a hearing. When one reacts after initially hearing only a part of a subject one does not agree with he can never have the whole picture of the subject, and this is true of anything and everything in life. The television program “Mash” is the best presentation of the liberalism of 1979 and the throw away lines there are better than any dialogue in any movie and the remarks they make on the way to the latrine are better than any current movie. “Mash” as humorous and entertaining as it actually is could not be enjoyed when a reaction is made to every line that one disagreed with. This reaction system is why many people will never make good leaders and why some never make it at all in life. Believers do not compromise doctrine when they hear things which are obviously wrong but ONLY when they react violently to the things they disagree with. If one constantly reacts in his soul to things he hears or observes, he is not hearing what is being said or why things are being done. It does not compromise doctrine, even if the things are absolutely wrong, when one is calm about them and gives them a complete hearing, this is objectivity in practice. Many times one will discover that he did not understand correctly the subject in the first place, in fact this very often happens when learning Bible Doctrine. When one becomes Arrogant he becomes universally very wrong because Arrogance takes everything personally and loses objectivity and produces a subjectivity which is [Hypersensitivity](#).

One never gets anywhere by overreacting to or renouncing the pleasant or even the adverse things in life but must simply recognize them for what they are and remember that they are no substitute for consistent intake of Bible Doctrine. One can enjoy these things or be nauseated by them but must never renounce life because he has been having too much enjoyment of life or because he has been under too much pressure and failed. The believer must have priorities in place to make sure that maintaining and increasing the inner residence of Bible Doctrine is Priority #1 and that this supersedes all other considerations in life. After any great failure in the Spiritual Life Bible Doctrine must be relearned from the beginning because entrance into and function down through the stages of reversionism ERASES Bible Doctrine from the Stream of Consciousness of the Soul. When Bible Doctrine is relearned after failure this is to ensure that it becomes the highest priority and that the focus of concentration on it is the order of the day for learning it. All superficialities of life are not to be discarded by the believer but recognized as superficialities and enjoyed when pleasant or avoided or tolerated when adverse. Some distraction of the past must be recognized as what it is, superficial, and not be renounced but avoided as a probable recurrent distraction. When there is overreaction to whatever causes distractions and they are renounced this builds up the Arrogance of legalism instead of spiritual momentum. The believer then becomes [Proud](#) of having given up something which distracts them from Bible Doctrine. There must never be overreaction to that which distracts from Bible Doctrine because it is Arrogance to “give up” things which distract from doctrine. In so doing the problem has been recognized but has been solved in the wrong way.

When something distracts from consistent intake of Bible Doctrine the blame must fall squarely

on the believer not the thing which distracts since putting blame on the distractor builds the greatest case of Arrogance imaginable. This Arrogance becomes apparent when the doctrine taught in repetition is ignored because the believer has “heard it before”. There is more pride and Self Righteousness in fundamental Christianity than almost any other group today and it comes from over reaction to and compensation for or attempted elimination of, failures or distractions. When the believer uses these processes to solve distractions he has made self the weakest person around since Arrogance is more vulnerable to involvement in producing Sin, Crime or Human Good from EVIL than anything else. The believer must be very careful in giving up things in life, whether sins or pleasures or even legalistic taboos because when one brand of a thing is set aside another brand of a similar failure is picked up and usually is worse. Overreaction is Arrogance and Arrogance is blindness to Bible Doctrine and Bible Doctrine in the Stream of Consciousness of the Soul is the Essential of life. Arrogance is destructive to concentration and concentration is the essential means of Perception, Cognition, Inculcation and Metabolization of Bible Doctrine under the Filling of God the Holy Spirit and the Grace Apparatus for Perception. In addition, Concentration is essential as the means of application of Bible Doctrine to life which also must occur under the Filling of God the Holy Spirit.

Until the believer in Maturity Adjustment to the Justice of God or Advanced Maturity Adjustment to the Justice of God, like Elijah, understands that his Arrogance produces false information in his Stream of Consciousness of the Soul he will not be able to recover. Understanding the Truth as a mature believer with maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, but, because of Arrogant subjectivity and hypersensitivity, making an issue of self instead of recognizing that whatever one’s purpose is in life, it is in fact GOD’s purpose, he thereby destroys himself. This demonstrates that even one who may be as great as Moses or Elijah can be leveled by Arrogance and subjectivity. It is not the individual believer, especially when under selfcenteredness, which preserves his nation, it is the entire collective pivot of mature believers. It is essential in every generation for a maximum number of believers to respond to Bible Doctrine and grow in Grace and enter the pivot because it is the pivot which is the key to the function of the client nation to God. When one reaches the pivot area of Maturity Adjustment to the Justice of God he must avoid this danger of Arrogance. To the extent that disaster or prosperity becomes a major issue to the believer, to that extent, HE IS SUBJECTIVE and loses the application of bible doctrine. A major hindrance to growing in Grace in the Spiritual Life obviously then is involvement in the Interlocking System of Arrogance or the abuse of some type of Human Good Production assuming this will bring salvation, spiritual growth or blessing from God. Both human effort works and Self Righteousness compete with and exclude Grace provision as the principle of the Plan of God. Spiritual momentum and motivation is based on Grace while the degeneracy of Arrogance and the apostasy of Reversionism are based on human works or talent.

Divine principles from Bible Doctrine are the basis for true wealth in life and Bible Doctrine focus’ on the source, God, so that Logistical Grace and Super – Grace blessings do not become distractions to believers. The believer must identify security as the Integrity of God not the provisions from his integrity. In the process of engaging in Giving, there should be occupation

with the source not with the money or whatever is given. Once one comes to the point in life of saying “so be it” then he understands that Christ is the source and agent of all that he has. This is spiritual objectivity. Everything is for his purpose in time and eternity and Arrogance, as the underlying fundamental part of the plan and policy of Satan, is the major detractor from this principle. Therefore, involvement in Arrogance results FROM, and is designed to produce, rejection of or distraction from learning Bible Doctrine. As unusual as it may seem, an advancing believer can become so proud of what he has learned in Bible Study that he distorts it into a form of entry into the Interlocking Systems of Arrogance. Since Bible Doctrine cannot be applied with the [Faith Rest Drill \(5 stages\)](#) unless one actually has learned and knows doctrine, the secret of this doxology is to relate one’s life, function, motivation, thoughts, decisions and actions to the principle of Perception, Cognition, Incultation & Metabolization of Bible Doctrine. As a believer in The Lord Jesus, The Christ until one can objectively move to the formation and use of [Doctrinal Rationales](#) from the Metabolized Bible Doctrine accumulated in the Right Lobe of the Stream of Consciousness of the Soul in stage 5 of the Faith Rest Drill he has nothing to actually SOLVE problems with.

### [Gate #3 – The Arrogance of Ignorance](#)

The Arrogance of Ignorance always motivates for violence and often totally destroys a good cause or right viewpoint. An illustration was John Brown the fanatic from Connecticut who was out to free slaves and went to Kansas and made raids on Missouri until he was finally destroyed. On one of his “famous” attacks in Kansas he murdered the blacks he was supposed to be helping to free. This man was totally preoccupied with himself and only related himself in arrogance to his crusade to change the world and free the slaves in his own way, by Violence. When one resorts to violence as a solution he inevitably destroys his own cause whether it is a right cause or a wrong cause.

This is not Negative Volition to Bible Doctrine but the RESULT of Negative Volition to Bible Doctrine. This is the Arrogance of living without the soul being saturated with the Absolute Truth of Bible Doctrine. The Arrogance of Ignorance corrupts power, authority, talent, success, promotion, genius, wealth, social life, sexual life, business life and spiritual life. It relates to client nation concepts and the history of peoples but is interlocked with every level of [Negative Volition Arrogance](#) which results in [Reversionism](#) and Strong Delusion. As the result of Negative Volition Arrogance it is therefore a contrast to the Christian Way of Life in that it is living life without Absolute Truth resulting from involvement in Reversionism or Negative Volition at God consciousness. Therefore, the Arrogance of Ignorance comes from failure in Reception, Retention or Recall of Bible Doctrine, thus failure to use the [Grace Apparatus for Perception](#), Operation Z. The Arrogance of Ignorance is the believer living his life in time without Bible Doctrine and without its application to his life. In the Right Lobe of the Stream of Consciousness of the Soul there are 2 kinds of accumulations of Bible Doctrine:

- (gr) [Epignosis](#) being moved by God the Holy Spirit into the Right Lobe when (gr) [Gnosis](#)

Bible Doctrine in the Left Lobe of the Soul is metabolized or accepted by faith.

- (gr) [Sophia](#) which is wisdom moving out of the Right Lobe in application to conditions and situations of one's life.

In the fragmented life if there is any epignosis in the soul of the believer it is buried by the influence of Evil in [Reversionism](#) and entanglement within the Interlocking System of Arrogance, and will eventually be ERASED totally from the Right Lobe of the soul and replaced by the principles and doctrines of EVIL. As a result there is and can be NO (gr) Sophia or wisdom for application to life. This inevitably results in the fragmented life becoming a disaster in itself where every conceivable aspect of life is destroyed. However, Absolute Truth is found in 3 categories:

- The Laws of Divine Establishment and Divine Institutions for all of mankind
  - Guaranteeing freedom in a nation
- The Gospel of The Lord Jesus, The Christ for the unbeliever
- The entire realm of Bible Doctrine from the Word of God for the believer
  - Guaranteeing advance and fulfillment of the Plan of God

The trend of the Arrogance of Ignorance explains much of African history and the problems of many pristine societies. This Arrogance of Ignorance, having been caused by Negative Volition at God Consciousness, results in one becoming involved with the LIE from EVIL, the policy of Satan for ruling this world. There is then continued function under this policy based on the Modus Operandi of strong delusion. This therefore includes rejection of free enterprise systems for proper economic function in a nation and all other divine establishment principles along with rejection of all the concepts and functions of the Divine Institutions. This is the Status Quo of the general population of the United States of America today.

The Arrogance of Ignorance results in 4 problems in the soul related to [Reversionism](#):

- [Black out of the Soul](#)
- [Scar Tissue of the Soul](#)
- Strong Delusion from locked in [Negative Volition](#) which is the peak of demon influence which results in neuroses, psychoses, psychopathic behavior, mental disturbances, moodiness, ETC.
- [Emotional Revolt of the Soul](#)

As one is degrading and destroying his life by moving down through the stages of Reversionism Black out of the Soul and Scar Tissue of the Soul are built up through rejection of Bible Doctrine, or any Absolute Truth, either deliberately or INADVERTENTLY. Accompanying this build up of Scar Tissue of the Soul is Arrogance where [Pride](#) increases in proportion to the level of Scar Tissue of the Soul. Arrogance is not necessarily Reversionism but Reversionism invariably leads directly into the Interlocking System of Arrogance. This Scar Tissue in the Soul begins in the Left Lobe of the Soul where it distorts the Frame of Reference and Norms and Standards to the point that when absolute truth is presented, one cannot comprehend its significance and thus cannot set it up for a decision to accept or reject it. Thus Absolute Truth is never able to be transferred to the Right Lobe of the Stream of Consciousness of the Soul where it can be integrated for the construction of Sophia, wisdom for application to situations and circumstances in life. This Scar Tissue of the Soul builds up sealing off the frame of

reference, memory center, vocabulary and categorical storage, norms and standards and thus emphasizes the Black Out of the Soul and creation of the Vacuum in the soul for information. This vacuum will allow only the LIE from Evil to penetrate the soul and the build up of these conditions ultimately results in the individual ONLY being able to believe the fallacy of the LIE. The Scar Tissue of the Soul also covers the self consciousness and results in the narcissus complex and slides over the volition causing constant wrong decisions and thereby allows the Old Sin Nature to continuously control the soul by feeding into the emotion which then mutinies in the soul in Emotional Revolt of the Soul. As a result of all of this interaction in the soul, Black Out of the Soul and Scar Tissue of the Soul constantly increase creating a stronger and stronger vacuum in the soul for the LIE, which when it is drawn into the soul ERASES any resident Bible Doctrine from the Stream of Consciousness of the Soul, all of which intensifies Arrogance. It causes the believer to pick one personally attractive entrance and move rapidly and gleefully into the Interlocking System of Arrogance even as a mature believer. A person may be under Positive Volition to Bible Doctrine and often still have great areas of Ignorance since this is inevitable and it will produce at some time a level of Arrogance called Blind Arrogance in contrast to deliberate rejection of Bible Doctrine which results in obvious vanity. Consistency and Persistence in the Perception, Cognition, Incultation & Metabolization of Bible Doctrine destroys the potential of Arrogance because it eradicates any spheres of Ignorance.

If, however, Arrogance is caused by rejecting or neglecting Bible Doctrine then it is deliberate and coincident with involvement in the apostasy of Reversionism. If Ignorance is the result of spiritual immaturity then it is inadvertent but still real and can result in blind Arrogance if the motivation for the intake of Bible Doctrine waivers. Arrogance is always involved when there is any function of comparing oneself to others. Since Jews are most often much smarter than gentiles, gentile believers often suffer from inferiority complex feelings which can only be assuaged by proving themselves better than Jews and this results in the Arrogance of Antisemitism. The Big Blot Out by Israel and Jewish Scar Tissue of the Soul results from rejection of The Lord Jesus, The Christ as savior. This Big Blot Out resulted in the 5<sup>th</sup> cycle of Divine Discipline for the Jews in AD 70. The Lord God of Israel has given the gentile believer in the Church Age the opportunity to fulfill the functions of a client nation which were taken from the Jews under this current 5<sup>th</sup> cycle of Divine Discipline. However, opportunity must never be converted to Arrogance and with promotion, success and new opportunities there is also greater responsibility and the believer must constantly beware of the creeping infiltration of Arrogance into the soul. Great opportunity often makes one vulnerable to Arrogance and when combined with Ignorance produces stronger Arrogance. In both cases believers must avoid this and in every case avoid Antisemitism which is devastating Arrogance which has been demonstrated in the politics and past policies of the United States of America and clearly demonstrated by the Obama administration.

As long as the mystery doctrines of the Church Age remain a mystery and believers remain ignorant of them Arrogance is inevitable. The United States of America has been and still is the most arrogant nation in the entire world. This has not always been true in American history. Americans have had opportunities for true greatness but the Arrogance factor has

caused a national decline to the point of being on the brink of self destruction and invasion. When Americans forget for even a moment the spiritual factor of this nation's heritage and life, individually and collectively, they will have a totally miserable time in life. If the believer loses track of spiritual values even for a day or two his capacity for life will leave him. Even though he may have advanced in the Spiritual Life because of consistent Perception, Cognition, Incultation & Metabolization of Bible Doctrine he must remember he is just as vulnerable to the degeneracy of Arrogance and apostasy of Reversionism as any other believer. The Status of Reversionism is extremely high today in Americans but the level of involvement in the Interlocking Systems of Arrogance is far greater and will do, for the advancing or mature believer, what the apostasy of Reversionism does for others and will result in that believer being totally disoriented to reality. Under these conditions all Divine Punishment and Divine Discipline is a memorial to the believer's Ignorance of Bible Doctrine and the destructive power of Arrogance in the believer. This, when combined with emotionalism, eliminates the accumulated knowledge of Bible Doctrine, the Thinking of Christ. ([1Cor 2:16](#)) In other words believers are supposed to LEARN from Divine Discipline that one cannot say he is right about things when he is wrong, this is Legalism, Arrogance and Emotionalism.

The Arrogance of Ignorance is also based on failure in following the transition in the temporal realm of authority in the home to functioning under freedom in life. In the spiritual realm it is failure to move from Ignorance at Salvation Adjustment to the Justice of God to invincible cognizance at Spiritual Maturity. The Arrogance of Ignorance is failure in either or both of these 2 areas since in both these transitions require moving from Ignorance to Cognizance. In the home the individual must learn the rules of Life from parents and in the Spiritual Life he must learn the principles of Bible Doctrine from his RIGHT Pastor Teacher. This transition requires the [Basic Virtues](#) resulting from function under Organized Humility, Enforced Humility and Genuine Humility in order to move smoothly through these transitions and enable him to engage in successful Perception, Cognition, Incultation, Metabolization of Bible Doctrine. This is the means to develop basic Virtue in the Spiritual Life. Failure to function in learning and applying Bible Doctrine or the Laws of Divine Establishment and Divine Institutions is failure to make this transition.

The transition of going from Ignorance to Cognizance with regard to Bible Doctrine, the Divine Institutions, or the Laws of Divine Establishment requires, Motivation, Objectivity, Concentration and Self Discipline. Failure to make the transition from Ignorance at Salvation to Cognizance in the Spiritual Life results in the believer living without knowledge of Bible Doctrine and results in inevitable involvement in the Cosmic Dynaspheres and being subject to severe Divine Discipline. The Arrogance of Ignorance is the result of the interlocking of [Negative Volition](#) [Arrogance](#) and the Function of Pride in [Mental Attitude Arrogance](#) under strong delusion, Reversionism, and Scar Tissue of the Soul. The Arrogance of Ignorance is an incredibly corrupting influence and has the potential to destroy the believer's entire life. This can result in his equating self sacrifice with spirituality or with salvation and this is a truly serious Arrogance problem which is demonstrated when under pressure as [Self Pity](#) and self inflicted torture and when under prosperity or success in life as [Self Righteousness](#).

### Criminals, Crusaders & Arrogance of Ignorance

Living a LIE is living under the Modus Operandi of Strong Delusion in the Arrogance of Ignorance and is closely related to Crusader Arrogance. This is illustrated by any effort or function which tries to improve or white wash the devils world. The war between the states was caused by the Civil Rights movements of William Lloyd Garrison. He and Harriet Beecher Stowe brought on the current Civil Rights movement distortions as demonstrated today with the 'black lives matter' ideology. This Arrogance resulted in violence which combined with the Arrogance of Ignorance has resulted in the continual problems of pseudo racism today. The abolitionist movement against the Southern States was based totally on EVIL because most of the Slaves were already being freed. John Brown was a fanatic who was totally focused on using violence to free slaves, but when he was captured, a black man addressed him and told him he was wrong in what he was doing and Brown replied that he was doing this for him, and that black man then said "I am already free", then shot and killed Brown. Crusader Arrogance always inevitably results in violence. The civil rights movement begun in the 1960s is one of the greatest attacks on human freedom ever to be perpetrated and it does not help promote freedom nor rescue the downtrodden. It was and continues to be politically motivated arrogant exploitation of the downtrodden and the minorities. The Abolitionist movement before the 2<sup>nd</sup> War for Independence, the American War Between the States, included some of the most Evil based crusaders ever to live and some of the greatest criminals as well. William Loyd Garrison was a government servant who would tear up the United States Constitution during his arrogant speeches. Henry Ward Beecher and Harriet Beecher Stowe (Author of Uncle Toms Cabin) were among the greatest perpetrators of Sinful, Human Good and Criminal activity based totally on EVIL in their day.

The War Between the States was a wrong application of violence in the United States of America. It was violence used to solve a problem and violence NEVER solves any problem. Abraham Lincoln violated the Constitution of the United States by calling for violence to solve a FALSE problem perceiving as totally wrong anything involved with SLAVERY. He again violated the Constitution by issuing the emancipation proclamation which he did not have authority to do and, in fact, he had no authority to free slaves either. All this violated the constitution and consequently Lincoln did not mind violating the constitution again by calling up 50,000 volunteers to use more violence nor by blackmailing Indiana with federal tax payers funds to keep them in the union. He violated the constitution many times in many different ways and America has never to this day recovered from this. He did not consider the black man his equal (read the Lincoln Douglas Debates to see his attitude toward blacks) and he was one of the biggest hypocrites in history, he was truly a "politician" not by any stretch of the imagination a statesman. Lincoln tried to play God and tried to solve a problem only God can solve. The fact was that Manifest Destiny was the overruling concept in the war between the states and the United States of America needed to be consolidated from the Atlantic to the Pacific oceans and from the Rio Grand river to Glacier National Park as a client nation. Forced Slavery is not humanly right but it is only how one solves a problem which ultimately makes it right or wrong. Man attempts to solve problems result in inevitably creating other greater problems; God solves problems, PERIOD. Man is told to cope with problems while God tends to the solving them.

It is the judicial imputation of the Righteousness of God and real imputation of Eternal Life to the home of the regenerated Human Spirit which brands the new Christian as a SLAVE to The Lord Jesus, The Christ. While freedom is essential for function during the Angelic Conflict Appeal Trial, it is not necessary in the relationship of the believer with Christ. In fact, all great relationships in life include the concept of slavery, whether it is the believer's relationship with God or the woman in marriage or the individual in his chosen area of employment. This is where Arrogance becomes the basis for destroying capacity for life, including the Spiritual Life. Slavery is the basic concept of authority over others vested in one individual. The best parents follow this pattern in using their good judgment to teach children to orient to life. Such slavery means security and security means blessing and there is no real blessing in life unless there is security. Therefore, security and blessing cannot ever be associated with any accouterment of life but only with God as a result of being a slave to God and having his guaranteed security. Anything which can be seen as overt security in life can be lost in an instant thereby resulting in a loss of all associated blessing. Therefore, NO government nor governmental system can ever provide security or blessing to the individual citizen, EVER. Using freedom to make decisions for the Plan of God and Bible Doctrine results eradication of ignorance and blessing far greater than anything which one can imagine. Such slavery is the basis for God providing MORE than Ish, ADAM and Ishah, EVE lost in the garden. Such slavery requires a rigid schedule of learning Bible Doctrine under the function of the [Grace Apparatus for Perception](#) and the Filling of God the Holy Spirit. Therefore, clearly, the actions of Abraham Lincoln during the American 2<sup>nd</sup> War for Independence, were based on his personal ignorance and arrogance and both unconstitutional and anti-God.

The Arrogance of Ignorance + [Power Lust Arrogance](#) results in demanding rights which don't exist and distorting freedom. These demands are designed to give the arrogant ignorant crusader a free ride in life which is a total distortion of reality. Freedom demands Responsibility; Equality in life is a myth because there is NO semblance of equality anywhere in life. This is Strong Delusion, and a form of Christian Reversionism. The Arrogance of Ignorance rejects Absolute Truth in any category but especially the Absolute Truth of Bible Doctrine and this inevitably results in [Blackout of the Soul](#). The Arrogance of Ignorance when combined with Power Lust results in disaster for self and all who are related. Today the "civil rights" movement, as did the Abolitionist movement of the mid 1800s, includes both criminals and crusaders, both attracted to a cause which will benefit both INDIVIDUALLY. For the crusader it is Arrogance of Ignorance for the criminal it is the Arrogance of Power. Therefore, the civil rights movement of the 20<sup>th</sup> and 21<sup>st</sup> centuries reflect the abolitionist movement both which follow the inevitable road of the Arrogance of Ignorance which results in:

- ✧ Violence
- ✧ War
- ✧ Revolution

- overall Destruction of Freedom

### **The Doctrinal Side of the Arrogance of Ignorance**

God is infinite and is Absolute Truth and this Veracity is an essential and eternal part of his Essence. It is the application of Absolute Truth to one's own life which causes him to grow and advance in the Spiritual Life. God being TRUTH or Veracity means that the Arrogance of Ignorance totally rejects this principle and God. God is infinite and without boundary and limitation and unites within himself those perfections which belong to his character such as Veracity. Because this is true of GOD he cannot be complicated by the Arrogance of Ignorance and the resultant absurdities of the life of this type of believer. When the Arrogance Grenade is activated by pulling the pin of some aspect of Motivational Arrogance, the believer inevitably moves deeply into the Interlocking System of Arrogance. This believer must remember that GOD cannot be complicated by Ignorance nor ABSURDITY and therefore he has put himself under the horrible Divine Discipline of the fragmented life. However horrible that Divine Discipline may be the believer has not and cannot lose his salvation but he WILL have a miserable life. Because God is Veracity he cannot be complicated by Ignorance or absurdities but the life of every believer is constantly complicated by both Ignorance and absurdities. The believer's IQ is meaningless unless exploited in learning Bible Doctrine, the Laws of Divine Establishment and the Divine Institutions and no matter what level of IQ he possesses, if he is complicated in life by Ignorance he WILL BE complicated by absurdities and constantly relate his life to these areas. Therefore God makes war against the Arrogance of Ignorance and the absurdity of the Arrogance of Power. ([James 4:4](#), [1Pet 5:5](#))

God can therefore NOT accept the Absurdities of what man tries to insert into the Christian Way of Life. It is impossible for the believer to execute the Protocol Plan of God and glorify God apart from (gr) Epignosis and (gr) Sophia gained from the consistent Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine. Divine motivation is related to his own Glory and He pursues His Glory in the interest of his Absolute Truth. God is true to himself, both his essence and personality, therefore any revelation from God is TRUTH. This includes any of the facts about Himself, the Angelic Conflict, Human History, this dispensation of Human History the Church Age, the Protocol Plan of God for this Church Age, The [Irrevocable Assets](#) for the believer's Spiritual Life, Logistical Grace, Equality of privilege and opportunity for the believer, and much more which is revealed to mankind and classified as Bible Doctrine. Because GOD has revealed these things to mankind, the Believer can LEARN these TRUTHS but GOD IS TRUTH an all encompassing TRUTH and believers MUST receive this truth under Post Salvation Epistemological Rehabilitation, this is the only means to avoid the Arrogance of Ignorance.

God designed his Protocol Plan to function and be executed by means of the Absolute Truth of Metabolized Bible Doctrine residing in and functioning from the Right Lobe of the Stream of Consciousness of the Soul of the individual believer. This Metabolized Bible Doctrine is a wall of protection for the believer from:

- **Demon Influence** – the transfer of Satanic Propaganda and Human Viewpoint thinking and policy into the Right Lobe of the Stream of Consciousness of the Soul of the believer

through his living and functioning within the Cosmic Dynaspheres

- **Involvement in the Cosmic Dynaspheres**
- **Involvement in the 8 stages of Reversionism**

The Absolute Doctrinally based Truth of the Laws of Divine Establishment and the Divine Institutions does this for the unbeliever thereby protecting him from:

- **Demon Influence**
- **Demon Possession**

Therefore, believers, under the principle of rightly dividing the Word of God, must distinguish between the information about History which is not always true and the Absolute Truth of Bible Doctrine which is always true. These include all the recorded or preserved thoughts, motivations, decisions and actions of every human being mentioned in history, which, in fact, is mostly false and includes:

- Truth & Lies
- Failures & Successes
- Opposition to & Glorification of God
- Things Good & Bad
- Things Honorable & Dishonorable

However ONLY Bible Doctrine is the actual truth of history because it is the Veracity of God which reveals and therefore guarantees the truth of Bible Doctrine and the absolute accuracy of what is recorded in the bible as HISTORICAL. Therefore, historical facts are given in the bible accurately but are not always Bible Doctrines, however, the Bible Doctrines given in the scripture IS Absolute Truth. God does not condone false information or false doctrine but at times this IS recorded in the bible as INFORMATION and FACTS in history but only Bible Doctrine is TRUTH in history. The Arrogance of Ignorance is the means by which believers distort the doctrines and policies of God and thereby enter into the Interlocking System of Arrogance as a result of making hundreds of Negative Volition decisions against the truth. This believer thus lives his life under the LIE of EVIL, the policy of Satan, becoming a loser while still under the equal privilege and opportunity of the Plan of God.

### **Arrogance of Ignorance vs Divine Veracity**

Arrogance of Ignorance is the greatest enemy to the Veracity of God. God gives grace (what cannot be earned nor deserved) to the humble because the humble believer has learned Bible Doctrine and the humble unbeliever has learned the Laws of Divine Establishment and Divine Institutions and abides by them. [Humility](#) is the status quo of the believer under the consistent Perception, Cognition, Inculcation, Metabolization & Application of all types of Bible Doctrine. The Arrogance of Ignorance is strong delusion, Reversionism with its Black out of the Soul and Scar Tissue of the Soul and is the result of [Negative Volition Arrogance](#). Also, the result of rejection of the Laws of Divine Establishment and Divine Institutions is the Arrogance of Ignorance for both believer and unbeliever so involved.

God has infinite energy and power and infinity characterizes all that he is and does, the function of his integrity, his eternal truth and his policy of Grace. God is obviously motivated because of his divine essence and His motive is for His own glory and this is always related to Absolute Truth which means God is true to Himself, His essence and personality, which are

infinite and unchangeable. God's glory can only be advanced in the Human Race by FREEDOM. Arrogance is the enemy of freedom. Man often says he speaks the truth but God IS THE TRUTH. God does not hold the truth as being perceived or acquired He is the truth and He is eternal and his Veracity combines with his Immutability to make God infinitely consistent. In God every truth and all knowledge dwells in absolute perfection. The Arrogance of Ignorance combines with the [Arrogance of Power](#) to attack and destroy the truths of God in every category.

- ✧ The Laws of Divine Establishment – this attack is toward both authority and the principles of freedom.
- ✧ The Gospel of The Lord Jesus, The Christ – this attack occurs by the proposing of salvation by works or human efforts.
- ✧ Bible Doctrine – this attack comes through the distortions of the Plan of God and [Royal Family Honor Code](#).

The only cure for the Arrogance of Ignorance is the acceptance or metabolization of truth and this can start in any of 3 ways:

- ✧ Parents teaching establishment principles to children
- ✧ Accepting the gospel of The Lord Jesus, The Christ
- ✧ Temporal Adjustment to the Justice of God after salvation through learning the basic doctrines of God.

As a result of these principles, Humility becomes the greatest virtue in life fulfilling [James 4:6](#) and [1Pet 5:5](#). The Psalm of Prosperity through humility, **Ps 25**, teaches the incredible benefits of humility for the believer.

### **[Arrogance of Ignorance & Power --> Disaster](#)**

When ignorant and arrogant people seek to control and impose their thoughts and motivations on others this is the Arrogance of Ignorance complicated with the absurdity of the Arrogance of Power. Americans consistently elect people to the presidency and congress and all aspects of government who suffer from the Arrogance of Ignorance and then when they are in office they add to that the Arrogance of Power and this builds through their actions into national disaster. The Arrogance of Ignorance rejects Absolute Truth and the resultant Scar Tissue of the Soul and strong delusion incorporate all categories of the Interlocking System of Arrogance in the process and problem. The Arrogance of Ignorance combines with the Arrogance of Power to use violence to gain power and destroy freedom. This is the current drive of the Democratic Party to force the United States of America into a 1 party government. The disaster which occurs from this combination is what results in a loss of freedom for everyone even the perpetrators. The crusaders in America want to take away freedom for the “greater good” and the “greater good” is defined in terms of social, familial and national life levels of prosperity. The more choices made FOR the individual under the functions of [Crusader Arrogance](#) the more his own choices shrink and today this occurs and increases in the United States of America on a daily basis. The American system of electing people to government service is fine as long as the franchise for voting is limited to people who have demonstrated in life that they are responsible. This was the original intent of the founding fathers of the United States. If the voting franchise is extended to all in the population, as it has been today, it inevitably results in the Arrogance of Ignorance combining with the Arrogance of Power in the irresponsible

people who now can cause changes in the society for their personal benefit inevitably resulting in national disaster.

### **Arrogance of Ignorance, Power & Lucifer**

When the ignorant seek power the result is disaster for everyone. Power corrupts and absolute power corrupts absolutely. This is true because of Arrogance and any involvement in the Interlocking System of Arrogance is the corrupting factor in possession and use of power and authority. Before Human History Lucifer had great power as the anointed Cherub and the greatest of all angels but as a result of constantly receiving approbation for his functions and personal beauty Arrogance corrupted his power and resulted in the Angelic Conflict. Thus this Arrogance of Ignorance is a biographic sketch of Satan. Now that Satan is ruler of this world as a result of the fall of Adam, Arrogance still corrupts his power and he constantly abuses his authority. This corruption has spread throughout the world and is only opposed by Bible Doctrine. Because the Arrogance of Power corrupts in both angelic and human realms, humility is man's only protection against the corrupting influence of power, authority, fame or success. The epigram does not explain the problem since it is really Arrogance which corrupts power and then having power corrupts the individual. Arrogance corrupts power, authority, success, even physical beauty, mental genius, wealth, talent, social life, sexual life, business life, professional life and above all spiritual life. Arrogance corrupts and the Arrogance of Ignorance corrupts absolutely.

### **History & Arrogance of Ignorance**

The national council of churches reflects exactly what the abolitionist movement was in the years preceding the 2<sup>nd</sup> War for Independence. Civil war is a national admission that the nation cannot solve its problems apart from violence and it clearly says to the world that it is acceptable to set aside freedom and establishment and KILL those who disagree with you. If functions under the constitutional system set out originally by our forefathers in the United States of America had been continued, slavery would have been abolished while bringing the black man into society having a sense of responsibility. The reign of terror in the French revolution is another example of the Arrogance of Ignorance. The Arrogance of Ignorance creates terror and uses the resulting violence to gain power and is clearly seen in the analysis of the French, Russian, and Chinese revolutions and in Vietnam with the function of the Vietcong and in Cambodia under Pol Pot and today in the United States of America under the functions of democratic party politicians, "black lives matter" and "antifa". A good book for reference with regard to this concept is "War in the Shadows", by Robert B Asprey. If the Arrogance of Ignorance is combined with the Arrogance of Power this always produces national disaster.

God the Holy Spirit has caused to be written into scripture some facts of history which are based on Evil and are false concepts in order to teach TRUTH. The Arrogance of Ignorance and the Arrogance of Power demonstrate negative lessons. With regard to the facts of history and their causes, both Grace or Evil, the Omniscience of God has always known these facts and therefore the truths of history in 4 categories:

- Thoughts – Evil vs Grace

- Motivations – Evil vs Grace
- Decisions – Evil vs Grace
- Actions – Evil vs Grace

Some of these thoughts, motivations, decisions and actions are LIES formulated under the plan and policy of Satan, EVIL. Some of the people involved will be thinking and motivated to do things which are LIES, deceptions and sin. God knew all these things and in fact in all cases authorized them by placing them in his Divine Decree for certain situations. When God puts certain facts of history into scripture while others are left out, the ones included are related therefore to understanding and application of Bible Doctrine. The ones left out are inconsequential for spiritual growth. The omniscience of God fed all the FACTS of Human History into the divine decree. These facts include the realities of volition both good and bad, lies and truth, causes and results, honorable and dishonorable deeds, true and false motivations, etc. God, however, is truth and the source of truth and his veracity guarantees the genuineness of divine revelation in the canon of scripture from the book of Genesis to the book of Revelation. God always honors any truth in Human History. This explains the consistent deliverance of a client nation as a result of the existence of a pivot of mature believers. God always honors truth thus the pivot, which is composed of believers in Maturity Adjustment to the Justice of God with maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, IE Absolute Truth, can deliver the client nation. This is also why unbelievers are greatly blessed when they observe the Laws of Divine Establishment and Divine Institutions. Also as a result of this many nations are prospered for long periods of history because of establishment thinking, policy and Modus Operandi.

God also punishes Evil and its fallacies and this explains the 5 cycles of Divine Discipline to the degenerate client nation and all national disasters in general. Only divine truth, namely Bible Doctrine, can advance the believer in the Spiritual Life while the Arrogance of Ignorance hinders the believer from fulfilling the Plan of God. Therefore the Arrogance of Ignorance is any system of thought which hinders the believer from advancing in the Plan of God. As a result the Arrogance of Ignorance hinders the believer from glorification of God in time. God always must honor and vindicate his word and he honors and vindicates the believer who learns his word and applies it to life and Human History.

#### **Gate #4 – The Mental Attitude Arrogance of Pride**

Pride, the Mental Attitude of Satan which caused his fall, not only a Mental Attitude Sin but a complete system of Human Viewpoint thinking which hinders or obfuscates objectivity so that through the Mental Attitude Arrogance of Pride the Cosmic Dynaspheres keep the believer off balance. The Mental Attitude Arrogance of Pride is not only exaggerated self-respect and conceit, but is a total preoccupation with self, which divorces the believer from the realities of life. However, it is the believer, above all others, who needs to face the realities of life! The

believer in Jesus Christ is given by God, the ability through Bible doctrine, to see things as they really are, and to avoid the head-in-the-sand attitude of overlooking contemporary historical trends. Thus Pride as a prime illustration of all aspects of Arrogance is a real or imagined sense of superiority which distorts life and the true perspective of human frailty, resulting in a presumptuous self-righteousness and a false sense of destiny. Mental Attitude Arrogance is a thinking error including a system of Sin from a saturation of Evil in the soul. Motivational Arrogance or Motivational Degeneracy is Mental Attitude Arrogance & total preoccupation with Self illustrated by:

▲ Jealousy

- This results from Mental Attitude Arrogance as a Mental Attitude Sin which is the fanaticism of Motivational Arrogance.

▲ Bitterness

- This results in making issue of self based on some real or imagined injustice.

▲ Vindictiveness, Implacability and Hatred.

- These are Mental Attitude Sins from a system of thinking based on Evil as Motivational Arrogance.

▲ Self Pity

- Is a Motivational Arrogance based on self centered thinking from Evil.

Arrogant people are most often satisfied with self but always make an issue of self as in Self Pity or Self Righteousness. To the extent they are satisfied with self in any area of life they are dissatisfied with others and in competition with the whole Human Race and themselves. Vanity and Conceit is the result of Arrogance and is the emptiness of Life after becoming involved in Arrogance. Arrogance is a great open wound in the soul which creates a vacuum which develops after the expression of Negative Volition toward God or Bible Doctrine, which pulls in all the LIES and corrupting ideas from the Cosmic Dynaspheres. No one can become arrogantly preoccupied with self without having a myriad of silly ideas and totally lacking proper priorities in life. The longer one lives under the Motivational Arrogance of Mental Attitude Arrogance the more he moves into unreality so that eventually these believers become entangled in Psychopathic Arrogance. The condition of many people who are psychotic has nothing to do with circumstances and pressures in life but with their total preoccupation with self. Preoccupation with self results in the believer becoming DULL and losing all the rivals for his self love along the way. As Self Righteous individuals they are looking down on others who they consider immoral individuals while in fact they themselves possess the worst category of failure in the Human Race, Motivational Arrogance from saturation of the soul with Evil.

Motivational Arrogance which is Mental Attitude Arrogance encompasses many aspects of Arrogant preoccupation with self which have been separated from Mental Attitude Arrogance as a category in this book because of the need to describe and understand them in greater detail. These include the Arrogance of:

▲ Jealousy

▲ Vindictiveness

▲ Revenge Motivation

▲ Bitterness

▲ Implacability

▲ Negative Volition

- ▲ Psychopathic
- ▲ Scale of Values
- ▲ Unhappiness
- ▲ Emotion
- ▲ Pseudo Intellectual
- ▲ Unrealistic Expectation
- ▲ Egocentric
- ▲ Grief
- ▲ Self Righteousness
- ▲ Self Vindication
- ▲ Hypersensitivity
- ▲ Regret
- ▲ Insecurity
- ▲ and possibly many other areas
- ▲ Personality
- ▲ Ignorance
- ▲ Disenchantment – Disillusion
- ▲ Pseudo Generosity
- ▲ Pseudo Love
- ▲ Evil Obsession
- ▲ Inflexibility
- ▲ Demand Syndrome
- ▲ Self Pity
- ▲ Condemnation
- ▲ Guilt
- ▲ Shame
- ▲ Transference

Therefore, when there is any discussion of the problems with regard to Motivational Arrogance and Mental Attitude Arrogance any or all of these areas of categorical arrogance must be considered and included.

Mental Attitude Arrogance is a thinking error and includes a system of Sin as a result of saturation of the thinking with the influence of Evil. The only real means of thinking in terms of sanity can be found by residence, function and momentum in the [Divine Dynasphere](#). Therefore in the Power System of Satan, Motivational Arrogance which is Motivational Degeneracy is derived from the influence of Evil by way of Mental Attitude Arrogance and total Preoccupation with Self. Some clear illustrations are found in Jealousy as a Mental Attitude Sin which results in a fanaticism of Motivational Degeneracy from Evil leading to many verbal and even overt sins to the point of physical violence even murder. Bitterness results in making a total issue of self. Vindictiveness, Implacability, Hatred are sins involving Emotion and a system of Thinking based on Evil as Motivational Degeneracy. Therefore Mental Attitude Arrogance is Motivational Arrogance or Motivational Degeneracy from Evil and is what one thinks.

Under system of religious legalism the individual very often gets away from the OBVIOUS overt sins and inevitably become personally involved in the more subtle sins (which are considered by God to be far worse) and become fanatics condemning the others who are involved in the overt sins. In the Unites States of America in this time period of our history they call themselves the “Moral Majority” when they are in reality the spiritually arrogant. As members of a legitimate society the individual should only be involved in the condemnation of crime and the overt sins involved with it. Apart from situations involving the violation of the Laws of Divine Establishment and Divine Institutions NO ONE is given the right to condemn any other person.

Some people enhance their feelings of self importance when they can look down on and ridicule others, this is the Motivational Arrogance of Motivational Degeneracy from Evil and more than sin. This is in fact a terrible system of thinking under the influence of EVIL and once this begins in the believer his life will become miserable and remain so until his recovery or removal under the Sin Unto Death.

One cannot become obsessed with self without changing his priorities in life. When the believer moves from the Divine Dynasphere into Cosmic Dynasphere I under Motivational Arrogance of Mental Attitude Arrogance he has reduced or eliminated the priority of Bible Doctrine in his life. In this trend, the message of Bible Doctrine and messenger of Bible Doctrine are not rejected and there is no overt antagonism toward either, simply an indifference or lack of interest. This is the individual who eventually becomes critical of the message of Bible Doctrine and the one presenting Bible Doctrine thus setting self up as an expert on Bible Doctrine and what the Pastor Teacher should be teaching or doing. This begins without overt hatred or antagonism which comes only with time from residing in the Cosmic Dynaspheres. As one becomes more and more critical of the Pastor Teacher and his message on the few occasions one may in fact attend bible study, he then changes and lowers the priority of Bible Doctrine in his life. As this believer lowers the priority of Bible Doctrine he divorces self from more and more the absolute truth of Bible Doctrine with distortions invariably occurring concerning:

- ▲ The Gospel of Christ
  - ▼ Although he, himself, has made Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone.
- ▲ The Laws of Divine Establishment
  - ▼ Becoming a fanatical inculcated crusading bleeding heart liberal.
- ▲ The entire realm of Bible Doctrine.
  - ▼ Distorting the principles of Bible Doctrine to suit concepts involved in religious legalistic taboo functions.

As these things occur he looks for new things to take the place in his priorities thus he develops a new or different Frame of Reference and new Norms and Standards and new friends and a totally new Modus Operandi in his life. This all occurs in the stages of involvement in the Interlocking System of Arrogance, Cosmic Dynasphere I. As he persists in residing and functioning under these principles of arrogance and when any of his pet areas or arrogance are challenged by TRUTH, he then completes this phase and moves into the ANTI stage of Cosmic Dynasphere II the Interlocking System of Antagonistic Emotional Hatred. This is the eventually the result of the interlocking between 2 aspects of the Interlocking System of Arrogance, Mental Attitude Arrogance and Negative Volition Arrogance and is simply a drop in the ocean regarding the ramifications of Arrogance Involvement on the LIFE of the Christian.

In the technical sense with regard to the Interlocking System of Arrogance when the singular terms “Arrogance” or “Pride” are used they refer to the Motivational Arrogance of “Mental Attitude Arrogance” which is the complex of Mental Attitude Sins including Pride which is the basic Mental Attitude Sin in creatures. (Is 14, Ez 28) Pride is a Mental Attitude Sin which begins with the temptations of Old Sin Nature under the influence of the emotion in its revolt

against the Right Lobe of the Stream of Consciousness of the Soul. It is an Arrogance in which a sense of superiority, real or imagined, distorts one's perspective of life resulting in an overbearing manner and grand assumptions of [Self Righteousness](#). This includes the Mental Attitude Sins of Vanity or empty Pride, it is the pomposity of vain glory with supercilious haughty contempt for others overestimating one's person, attainments, possessions and power coupled with an excessive desire for notice, attention, approval or praise from others. The Mental Attitude Sin of Pride is a major trigger from the Old Sin Nature and causes interlocking with many other Arrogance levels and activities. In addition, frustrated Pride is the trigger which releases the fury of all the mental, verbal and overt sins in life. On the other hand, Humility is [Authority Orientation](#) not the generally perceived self effacement which, in fact, has great Pride involved with it. ([Prov 11:2](#))

Believers who reject the TRUTHS of Bible Doctrine are always in a state of Arrogance as well as very often entering into the 8 stages of the apostasy of [Reversionism](#). It is true Arrogance for the believer to think he can get along without the daily spiritual food of Bible Doctrine which God has provided. Both the believer and unbeliever reversionist when producing slander are engaged in attempting the bullying of others. ([Rom 1:30](#), [James 4:4-7](#), [Prov 3:34](#), [1Pet 5:5-6](#)) In many professions highly qualified persons are put down or run down by the Arrogant less qualified individuals with whom they have to deal. This occurs almost any time one has contact with other people. God strongly opposes the Arrogant or PROUD persons. In the varied professions and social or business interactions in life there can be lifelong friendships and also lifelong enmities because of these interactions as a result of Pride and its counter parts. Pride can be a reaction to a person or event who wrongs one in reality or allegedly. If the believer reacts to these situations then he, himself, is full of Pride and is the loser in life. If one is in a state of being Prideful there is no right opposite person for him in this life. Therefore, once Pride is brought into any aspect of life it will ruin that life. The major cause of crime, is Pride as a production of Evil stimulating the Area of Weakness of the Old Sin Nature and the major factor in individual and collective adversities in life is also Pride.

God gives believers great varieties of undeserved suffering so that they can accelerate spiritual growth. The most important of these are the testings of the Mental Attitudes of the soul. The most destructive thing to the mental attitudes of the soul is succumbing to the influence of Evil which activates the Lust patterns of the Old Sin Nature to stimulate the trends of the Old Sin Nature driving the individual into an entanglement in the Interlocking System of Arrogance and the [Arrogance Skills](#) as a result of his accepting the temptations from the Area of Weakness or Area of Strength of the Old Sin Nature. The believer can destroy his proper and effective scale of values simply by failing to keep his focus on God and allowing his focus to drift to PEOPLE or THINGS and thus distort and destroy his Mental Attitude.

Discord and contention in any area of life is the result of rejection of authority in life. This rejection of authority by children is rejecting parents or teachers, by labor is rejecting the boss and especially by the wife is rejecting the husband. This is Arrogance and [Jealousy](#) which can be stronger than volition. This results from Mental Attitude Sin and when it occurs one cannot control his thinking under this Arrogance as a result of a total saturation with Mental Attitude

Sins. No 2 people get into the Interlocking System of Arrogance in the same way but once in all become the same. Pride is one of the easiest ways in and even being alone a person can become entangled in the Arrogance complex as a result of Pride. Laziness is directly related to Arrogance and there can be no laziness if the mind is properly motivated and when the mind ceases to be motivated very often that lack of motivation is the result of some level of Arrogance. With regard to the Pastor Teacher, involvement in the Interlocking System of Arrogance results in a mentally lazy Pastor. When there is a blindness of perception this removes all restraint from [Negative Volition](#) and as a result this blindness plus any Interlocking System of Arrogance involvement results in the fantastic tragedy of apostasy and degeneracy in the Mental Attitude of the individuals so involved.

Esprit DE Corps is Pride related to reality while Arrogance is Pride divorced from reality. Pride divorces people from reality both historically and personally. It destroys perception ability, rejects authority, results in irrationality and destroys the exploitation of personal abilities and God given talents. It demands flattery and attention as a result of its function. It is the greatest area of the Believer's disorientation to reality in the Spiritual Life. Believers generally do not think about the far reaching depths of these aspects of Arrogance but they justify their involvement in them based on some personal maltreatment either real or imagined. To become involved in the Arrogance of Pride, the believer must succumb to the influence of Evil which then results in Mental Attitude sin, the first motivation for function in Cosmic Dynasphere I, the Interlocking System of Arrogance. This may involve trying to resolve a personality conflict by trying to relate self to other things and to justify self in some way. In the Motivational Arrogance of Mental Attitude Arrogance the first thing the believer will lose is Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. This is the invariable result of Rejection of Truth from the Laws of Divine Establishment, the Gospel of The Lord Jesus, The Christ or Bible Doctrine for the Church Age. Therefore, this results in entrance into the apostasy of [Reversionism](#) under some degree of Negative Volition to Bible Doctrine which produces [Blackout of the Soul](#) and [Scar Tissue of the Soul](#) and which can under the proper conditions cross into Cosmic Dynasphere II the Interlocking System of Antagonistic Emotional Hatred, the Complex of Emotional sin.

### **Mental Attitude Arrogance, Motivational Arrogance from Evil**

Failure to avoid the distractions resulting from Mental Attitude Arrogance obviously then enters the believer into residence and function within Cosmic Dynasphere I. This puts him under [Motivational Arrogance](#) or Motivational Evil from involvement in Mental Attitude Arrogance and Mental Attitude Sins or in fact any motivating area of Arrogance and is termed Grieving God the Holy Spirit. Cosmic Dynasphere I is therefore divided into Motivational Arrogance or Motivational Evil and [Functional Arrogance](#) or Functional Evil components. ([Is 14:12-14](#), [Ez 28:14-17](#)) All Cosmic Dynasphere I testing allowed by God in the Spiritual Life is Distraction Testing attempting to prevent one's spiritual advancement. All the aspects of Mental Attitude Arrogance and Mental Attitude Sins are functions of the believer under Motivational Arrogance or Motivational Evil including Negative Volition Arrogance which ultimately is preoccupation with self, loss of values, loss of personal identity, loss of spiritual advancement and any aspect of Spiritual Self Esteem, Spiritual Autonomy, or Spiritual Maturity. The remaining areas of

Arrogance are Functional Arrogance or Functional Evil. This is the direct result of APATHY and INDIFFERENCE toward Bible Doctrine. Motivational Evil with its Motivational Degeneracy derived from the Influence of Evil involving Mental Attitude Arrogance with its Mental Attitude Sins results from Arrogant Negative Volition toward Bible Doctrine, God, and Grace often in very subtle ways. ([Prov 29:23](#))

Motivational Arrogance as Mental Attitude Arrogance which includes all aspects of Emotional Arrogance is demonstrated by FEAR in the believer. Therefore, the principles involved in Motivational Arrogance or Motivational Evil are elucidated and illustrated by FEAR, Worry and Anxiety and include:

- The more one surrenders to Fear, Worry and Anxiety in his life the more fear, worry and anxiety he will have.
- The more he surrenders to FEAR the more things he will actually FEAR.
  - ◆ Every time one has fear or worry about anything he simply increases his capacity for FEAR, WORRY and ANXIETY in his life and destroys any capacity for happiness.
- To the extent he surrenders himself to fear worry or anxiety to that extent he increases the power of fear worry and anxiety in his life.
  - ◆ Thus instead of developing and maintaining Spiritual Self Esteem, Spiritual Autonomy or Spiritual Maturity he is moving in the opposite direction in Reversionism under [Emotional Revolt of the Soul](#).
- The more things which acquire the POWER to cause him fear the farther he will flee from Spiritual Self Esteem, Spiritual Autonomy or Spiritual Maturity and the secondary battery of Problem Solving Device, Motivational Virtue and Functional Virtue, ie. the Hope – Confidence battery, in his life.

Fear makes one herd bound and thus he will come to depend on others and fail to use his own intellect and his own priesthood under the functions of Spiritual Self Esteem, Spiritual Autonomy and Spiritual Maturity to address and handle his own problems. When anyone declares, in this Church Age, that he is a priest and the congregation is NOT, as often occurs in religion and legalism, the congregation inevitably depends on him and he often instills great fear in them in order to be able to control or “GUIDE” them. In the Church Age every believer is his own priest and believers can sit in a congregation being their own priest yet be frightened to death by someone who is trying to establish a system of fear to control them and get them to function the way he wants them to under his Arrogance. When the people in the congregation surrender to these myriad of religious fears they are ruled by FEAR and they are constantly caused to do things and make sacrifices in order to overcome their fear and thereby attempt to get to heaven. Fear like anger is not only a Mental Attitude sin but involves emotion and generates and is generated by Emotional Revolt of the Soul thus subverting any possibility of developing or maintaining Spiritual Self Esteem, Spiritual Autonomy or Spiritual Maturity. Fear is LACK OF THINKING or INABILITY TO THINK under pressure and in the Christian Way of Life it is essential that the believer THINK from the Metabolized Bible Doctrine content of his own soul in the privacy of his own priesthood in any pressure situation. Thinking under pressure the believer parlays the [Faith Rest Drill \(5 Stages\)](#) into the Hope –

Confidence Drill of using the [Motivational Virtue](#) of Confidence in God to deploy the [Functional Virtue](#) of Courage toward Man and the Circumstances of life as Problem Solving Device. This process includes using any of the other Motivational Virtue – Functional Virtue combinations to address the pressures in one's life, whether they are from adversity or prosperity. This process prevents the development of Motivational Arrogance or Motivational Evil and Functional Arrogance or Functional Evil in the Cosmic Dynaspheres.

Another illustration is the involvement in Motivational Arrogance or Motivational Evil as Mental Attitude Arrogance with its Mental Attitude Sin of hatred. This is not only sin but an abnormal function under Arrogance. "I Hate You" means the one hating has attached to self an importance which he has no right to have. [Self Pity](#) is another area and exemplifies the preoccupation with self which is the underlying Modus Operandi of all of Cosmic Dynasphere I. Thus all aspects of Motivational Arrogance or Motivational Evil are Mental Attitude Arrogance including Mental Attitude Sins and these develop into functions under the Interlocking System of Arrogance as Functional Arrogance or Functional Evil. ([James 3:14-16](#))

[Bitter Jealousy](#) as a Motivational Arrogance is a sign of a total lack of Spiritual Self Esteem, Spiritual Autonomy and Spiritual Maturity and is also a sign of carnality and deep Cosmic Dynasphere I entanglement and that one is spiritually and even mentally still a child. This is a sign that one cannot handle his own life and needs a keeper. [Jealousy](#) can flare and wane in the mentality but with BITTER Jealousy the [Bitterness](#) is directed toward self subjectively under the idea that he is being treated unjustly by another either realistically or in some imagined way. The Jealousy itself is directed OUTSIDE of self toward others whom he perceives as receiving the treatment he, himself, deserves, and the combination of these 2 destroys any function of his soul as a Royal Priest.

### **Mental Attitude Distortions**

Vanity, Pride, Conceit is the Arrogance of the original failure of Satan. ([Is 14:12-14](#), [Ez 28:14-17](#)) As a result of having an Old Sin Nature a believer can have everything just as Satan did and not be satisfied. The Woman in the garden was attacked by Satan because she, having everything she could imagine, was dissatisfied in her Arrogance. The woman was deceived because she was not happy being SMART but wanted to be SMARTER THAN. She did not know what Good was nor what Evil was but understood what knowledge meant and she believed what Satan said, THE LIE, that she could be as smart as God and therefore SMARTER THAN her husband Adam. The pin in her Arrogance Grenade was her Pride, dissatisfaction and ambition just as it was in Satan and SHE PULLED THE PIN and ate of the fruit from the Tree of the Knowledge of Good and Evil. She then handed the fruit to ADAM, who did not even have to walk across the street of the garden to get it. This was all part of a very complex conspiracy and it was a much greater decision of independence by Adam to take the knowledge of Good and Evil from the hand of the woman. He looked at the first sinner now spiritually dead and he had to choose the woman OUT of the garden or GOD in the garden. He chose the creature rather than the creator. This is one means by which Arrogance enters one's thoughts, decisions and leads to actions. Believers invariably emphasize PEOPLE over GOD and this is the same tragedy as occurred with Adam in the Garden. The woman was deceived,

tricked or deluded by Satan but the Man knew exactly what he was doing and made a volitional based choice for the creature and not for the creator. In any organization even good organizations there will be Arrogant people who only want to get to the top and control others and be well thought of for what they do and THIS is involvement in Cosmic Dynasphere I. Living in the Cosmic Dynaspheres is “Vanity of Vanity all is Vanity says the man with the message” or “Emptiness of Emptinesses all is Emptiness says the man with the message”, King Solomon.

### **Pride & It's Counterparts**

Pride is the most basic of all Motivational Arrogance and Mental Attitude Arrogance and Sin and is the quality or state of ELEVATED self esteem, LOFTY self respect, HIGH esteem of self based on some real or imagined superiority. Vanity is a synonym for Pride and is used to emphasize the emptiness of Pride. Pride is lofty self-respect, high esteem for one's self, where one always is making an issue out of self. Vanity is empty Pride in respect to one's person and merely means there is Pride without even having an excuse for being proud. Pride or Vanity is used with respect to ones own person, possessions, attainments, the way one looks and is coupled with an excessive desire for approbation, attention, notice or approval from others. Arrogance is often used as a synonym for Pride and other synonyms include haughtiness, vainglory even megalomania. Pride is a human sin and as such is one of the greatest enemies of having any true capacity for life and love. In the Human Race Pride always eliminates any sense of integrity, justice or fairness. Lacking a sense of justice the person is totally subjective and subjective people can have no true capacity for love and they can share no rivalry thus are always involved in narcissism. On the contrary, people with a good sense of justice will also have a good sense of humor. People without a sense of humor cannot relate humor to their own soul, their own person.

Categorically Pride is the basic mental attitude sin and Pride is the worst of the mental attitude sins because it always has a counterpart but it is not the most powerful Mental Attitude Sin which is [Jealousy](#) and very often these go together. ([1Tim 3:6](#); [1Tim 6:3-4](#)) Pride never stands alone, it is never an island, it becomes a part of a counterpart pair and is always joined or connected with some other sin. Pride as a sin manifests itself when there is no pressure on the individual, but as soon as there is pressure then up comes the counterpart, which may include Jealousy, cowardice, maligning, judging, vindictiveness, implacability, etc. All people entangled in the Interlocking System of Arrogance are totally different when they are under pressure because that is when their counterpart sins surface. Long before Satan's Pride showed up his approbation lust became his motivation leading to his fall. ([Is 14:12-14](#), [Ez 28:14-17](#)) As he moved around in heaven and the universe everyone was impressed with his beauty, accomplishments, station and intelligence. Satan was constantly hearing these expressions of his “impressiveness” long before his Pride ever showed up. However, the Arrogance of Pride was the original sin of Satan, but Pride is always combined with a counterpart, in this case it was approbation lust and these led to the development of the entire Arrogance Complex, the Interlocking System of Arrogance as Cosmic Dynasphere I designed to control angelic creation APART FROM GOD. When Pride is show in the expression of contempt it is superciliousness.

Pride is also closely related to personal reversionism and is not only a sin but is also a degrading spiritual condition. ([Ps 10:2-4](#)) Believers who reject Bible doctrine are in a state of Arrogance because they think that they can get along without the daily spiritual food which man has been designed to consume and which God has provided. The unbeliever in reversionism is described in [Rom 1:30](#) where he is said to be a slanderer. This is one verbal sin which is a counterpart to Pride. Possessing personal hangups results from one being extremely subjective and results in being easily offended by inconsequential things. The greater the subjectivity and sensitivity in the Stream of Consciousness of the Soul the easier it is to offend this person in his soul. The more easily offended he is in his soul the greater the relationship between Pride and Jealousy. This combination results in being totally subjective, offended and focused totally inside of self so that one often cannot separate between his Pride and other aspects of the Interlocking System of Arrogance he may be involved with. In addition no one is ever involved with or influenced by Evil (the plan and policy of Satan) without a marriage between Pride and Jealousy. In this case when pressure is put on one the other shows itself and when both show up in the person he has become a true monster. Pride becoming a counterpart with many other Mental Attitude Sins leads to a weakness of the soul. Pride as a complex of sins and the worst Mental Attitude Sin has many scriptural warnings about avoiding Pride. ([1Tim 2:6](#), [1Tim 6:3-4](#), [2Tim 3:2](#))

Pride precedes destruction, ([Prov 16:18](#)) and it is even related to national Reversionism and National destruction. ([Lev 26:19](#)) There are five cycles of discipline in national reversionism and the second cycle of Divine Discipline is divine judgment against the economy of the nation. At this stage of Divine Discipline, Pride is mentioned as the most extensive characteristic of the people (Stop, Look, Listen, this has been the USA for DECADES). In this second cycle of Divine Discipline when there is a depression or recession with the economy disintegrating the chief national sin related to it is always the sin of Pride. (Lev 26:19). Very often the reason there is a depression or a recession is the result of government officials interfering with the economy. In their PRIDE, they think they can juggle interest rates to control inflation growth and failure of the economy and along with this they also grossly interfere with businesses. There is a divine law that says that in a legitimate economy in a legitimate national government system, which must be based on understanding and adherence to the Laws of Divine Establishment and Divine Institutions, free enterprise must prevail. Therefore, wherever there is an economic recession or depression under free enterprise it is specifically to eliminate the unfit businesses and to improve the quality of services rendered in labor. ([2Chron 32:26](#)) There is a proper path which should be taken by Legitimate Government at all times, especially during economic pressures, and it comes in the form of [HUMILITY](#) in government. ([Is 9:9](#)) National Pride is also closely associated with the administration of the fifth cycle of Divine Discipline when there is to be destruction of the nation. ([Is 28:1-3](#), [Hos 7:10-14](#))

With Pride in the Stream of Consciousness of the Soul, when pressure is put on that Pride, it compresses down into the soul and if the pressure is great enough and some trigger is activated in the soul, this inevitably explodes and causes many other Mental Attitude Sin fragments to surface including Jealousy, Bitterness, vindictiveness, implacability, etc. Jealousy inevitably is ineffective and with added Old Sin Nature temptation is converted to some level of additional

sin which puts the believer deeper into the Motivational Arrogance of Mental Attitude Arrogance and / or Functional Arrogance in Cosmic Dynasphere I. Once in this system all the other entry gates of the Interlocking System of Arrogance, sooner or later, appear very inviting. Therefore, once the believer is involved in Mental Attitude Arrogance he has invariably interlocked with Negative Volition Arrogance putting himself into the Apostasy of [Reversionism](#) and then into many of the other areas of both Motivational Arrogance and Functional Arrogance. Therefore, Pride is the basic Mental Attitude Sin and has many counterparts and motivations for functioning in life. ([Ps 10:2-4](#), [Prov 16:18](#)) When a person is free from Pride (Arrogance) he is a stable person. [Jealousy](#) is a Mental Attitude Sin of concentration totally on self with devotion to self to the exclusion of every other thing in life and is never apparent in a person until pressure is put on their Pride. This combination of Arrogant Pride and Jealousy is related to all the Mental Attitude Sins and is especially related to [Bitterness](#) as well. Pride often has as its counterpart [Hypersensitivity](#) with its totality of selfcenteredness. To the extent that this combined interlocking of Pride with other Mental Attitude Sins exists to that extent there can be no capacity for LOVE in any category.

Pride under pressure triggering Mental Attitude Sins causes the individual to enter into a situation where by they resist Bible Doctrine to the point of rejection thus strengthening the interlocking of Mental Attitude Arrogance with [Negative Volition Arrogance](#). Therefore Pride and Jealousy as a part of Motivational Arrogance and sin is closely related to entrance into [Reversionism](#). Reversionism always results from the believer being under some level of the influence of Evil. Therefore, Pride + Jealousy initiating rejection of Bible Doctrine characterizes Reversionism and motivates legalistic religious involvement and is the basis for destruction of capacity for Life in every category. Nothing destroys a relationship between a man and woman better than Jealousy added to Pride which has moved into the Right Lobe of the Stream of Consciousness of the Soul and destroyed the capacity for love. Therefore, Jealousy, which is related to the suppression of Pride, is part of a trigger producing both false motivation and discord. ([Phil 1:15](#))

Pride is the quality and basis for Conceit, and is a non-pressure Mental Attitude sin and occurs when there is no pressure on the individual. The individual who constantly complains about personal problems is Arrogant and has entered the Interlocking System of Arrogance through Pride. When Pride is functioning in the soul the result depends on whether there is pressure on the individual or NOT!

***No pressure***

- ✧ Haters of God
- ✧ Insolent
- ✧ Boastful
- ✧ Disobedient to Parents

***Pressure is on***

- Slanderers, Gossips, All Verbal sins
- Blindly Arrogant
- Liars, Inventors of Fallacies
- Violent or Criminal, All Overt sins

Believers often become involved in bleeding heart liberal functions because of this pressure / no pressure system of Arrogance. God is at war with Pride and the believer who is Prideful and Jealous and has become entangled in the Interlocking System of Arrogance is almost always in Reversionism from rejection or neglect of Bible Doctrine. However, consistent Positive Volition toward Bible Doctrine Insulates the soul against Pride and all Motivational Arrogance.

Therefore, Pride is a ‘no pressure’ manifestation of a type of Arrogance complex where without pressure Pride shows up and when pressure is put on the individual in any situation where the proud person is presented with the Truth, offend or criticized, unintentionally or intentionally, then one or more of the counterparts come to the forefront.

In the military environment in the barracks these types men display their Arrogance, but when they are on the battlefield their cowardice then shows itself. Most people don’t think or know they are Arrogant because they are involved in [Blind Arrogance](#), and if pressure is put on them their counterpart sins readily come to the surface. Therefore, these people being subjective always make an issue of self in their souls but never overtly since that would demonstrate their Pride to everyone. However, objective people are never Arrogant and one must always remember that Arrogance is not speaking your mind, saying what you believe or standing with poise and demeanor, but it is generally the person who calls others Arrogant. Understanding the reality of this Arrogance Complex will then enable the believer to always have something to confess or acknowledge to God when he functions under the rebound procedure and since Arrogance is the most devastating state a believer can enter he should make it a habit to ALWAYS confess or acknowledge his own personal Arrogance.

The Jews involved in Blind Arrogance would take credit for their own efforts which resulted in combat victory and then would fail in subsequent battles then had to be kept out of the Battle. Blind Arrogance makes a poor soldier, and a worse military leader and it frequently appears in men who are dying. For the one saturated with Pride, to the extent he carries this Mental Attitude Arrogance in his soul, to that extent he is a coward. The more Arrogance one has the bigger coward he is and cowards must be eliminated. This was the military policy of Israel from the Word of God. [Cowardice](#) only shows up under pressure and Mental Attitude Arrogance with its Mental Attitude sins always develop a strong cowardly trend in the individual. Therefore, Pride and Cowardice are 2 sides of the same coin. When under pressure the Arrogant one is cowardly, and without pressure the cowardly are just blindly Arrogant or Prideful. A coward swings from pride to cowardice in total instability. Pride and Jealousy are also 2 sides of the same coin. When the Arrogant person is not under pressure his Pride shows through but when he is under pressure Jealousy shows through. Therefore, both Jealousy and Cowardice are basically motivated by Pride along with other aspects of Mental Attitude Arrogance.

The Motivational Arrogance of Mental Attitude Arrogance is itself, therefore, a complex where the individual is a WEAK, person saturated with Evil and includes Mental Attitude Sins such as:

- ✧ **Pride** discussed in detail in this section
- ✧ **Jealousy** which is a monstrous sin and results in total preoccupation with itself. A jealous person cannot settle himself and have a normal relationship with others. It has a system of [self righteousness](#) by which it justifies itself in being jealous.
- ✧ **Bitterness** which is derived from and just as bad as Jealousy when Jealousy cannot bring the attention of some other to the jealous one.
- ✧ **Vindictiveness** which is created from the combination of Jealousy and Bitterness where the rejection of a Jealous person results in bitterness and then vindictiveness and

vindictiveness always results in implacability.

- **Implacability** is what vindictiveness feeds on and develops into Revenge Motivation.
- **Revenge Motivation** which is various combinations of Motivational Arrogance or Mental Attitude Arrogance devising ways to avenge any personal hurt and is then followed by Revenge Modus Operandi as an overt manifestation of one's Arrogance.
- **Revenge Modus Operandi** results in the Jealous person who has been rejected taking the devised means and methods of HURTING those who have rejected him and putting them into action. This results in many other Mental Attitude Sins and often Verbal sins and at times even Overt sins and violence.
- **Self Pity Arrogance** is directly related to conceit and is feeling sorry for self or for one's "plight in life".
- **Conceit or Egotism** is preoccupation with Self and is the person who has self pity which is fed by Jealousy. This person becomes vindictive and divisive and attempts to engage in ways to destroy those who reject him.
- **Inordinate Ambition** causes jealous, bitter and conceited persons to develop into a group of sorts but this usually does not last too long because any group requires a leader and these people cannot ever agree on who should be the leader.
- **Inordinate Competition** is the person competing in various areas of the Spiritual Life and in temporal life especially in Social Life under Category II and III love, Romance and Friendship.
- **Slander, Gossip, Maligning, Criticizing, Judging** are a whole sin group which operates in a single person. Very often these result in the person becoming religious.

In addition Motivational Arrogance of Mental Attitude Arrogance includes, Guilt, Operation Overthink, Subjectivity, Preoccupation with Self, Pettiness, Nit Picking, Exhibiting Cowardice and Being Dishonorable and all other aspects of Motivational Arrogance or Mental Attitude Arrogance.

When one examines his life and sees a counter part sin for Pride when pressure is applied to him then he knows he is in the Arrogance system. Pride often shows up as sweetness, loving everyone, a pseudo humble self effacing presentation of self, and these are great manifestations of entanglement in Arrogance. This idea of loving everyone permeates Christian fundamentalism and espouses that believers should love the communists, moslems and all criminals and this is a very dangerous form of Arrogance which sets aside the Laws of Divine Establishment and Divine Institutions in the name of pseudo LOVE. Obviously then the biggest problem with many people is their overrated opinion of themselves, their Pride, and is why some become very hypersensitive when their problems or failings are addressed in bible study and they assume the analysis of these problems is personally directed only toward them. Bible Doctrine is obviously designed to be personal and it hits every believer very hard at one point or another in their spiritual advance. However, during bible study, in the local church, in a congregation, the pastor most likely knows nothing about an individual believer and even if he did he should never direct comments to them personally.

Life is too short to get into push-pull situations but this is what occurs when a person has

Prideful Arrogance in the soul with one of its innumerable counter parts. These counter part sins to Pride obviously come in 3 categories: ([2Tim 3:2](#))

**Mental** – Almost any of the Mental Attitude Sins are counter part to Pride when the pressure is on

**Verbal** – Ungratefulness, gossip, maligning, slander, judging, and all possible verbal sins.

**Overt** - (In the extreme situation) Disobedience to Parents, Violence, bullying, even murder. ([1John 2:15-16](#))

The believer is not to love this Evil influence from the world as ARROGANCE else he will have no capacity for life.

Pride is, very often, the basis for verbal sins including gossip, maligning, judging, etc., and causes these to emerge when others make the Prideful one feel inadequate. Being made to feel inadequate injures one's Pride and puts Pride under pressure and results in the injured person maligning, judging and gossiping and by engaging in these things, he ignores the principles of privacy in life. This is the same thing which occurs when overt sins of violence, hurting someone physically or even murder are engaged in, very often as the result of injured Pride. Most believers never break out of this cycle as a result of being too spiritually incompetent and lacking an understanding of the necessity for the [Rebound procedure](#) and for consistent function under the [Grace Apparatus for Perception](#). Often, the only way they attempt to break out of this cycle is to try to falsely destroy their Pride by making a public ass of themselves through self humiliation. This is one of the key reasons the Pentecostal holy rollers do what they do in getting in front of a group of people and pretend to become emotionally saturated in the Spiritual Life, acting like children and jumping around. These people are deliberately attacking their own Pride.

This is also why Asceticism enters the life. Asceticism and the fallacy of “speaking in tongues” does effectively destroy Pride because the individual now becomes proud of what they are doing differently than others. In one case abstinence or separation and in the other an emotional experience or a pseudo relationship with God. This is simply retraining Pride and making it stronger while setting up a new set of reactors resulting in totally losing touch with reality. This rebirth of Pride always occurs in this type of individual and it takes about 2 rebirths of Pride in order for that person to succumb to some form of mental illness, this being one of the main sources of the [psychoses](#). This often results in the believer oscillating between asceticism and promiscuity, from promiscuity to asceticism, from sweetness to destructiveness and conspiracy against others and back. Pride is therefore a very complex sin though it seems simple to talk about and is closely interlocked with entrance into personal Reversionism. ([Ps 10:2-4](#))

### **The Origin of Pride**

It is imperative to understand [Angelic Arrogance](#) in order to appreciate the origin of Pride. Pride is a BASIC Mental Attitude sin which began with Satan and this can be called ‘Antecedent Arrogance’. ([Is 14:14](#)) Pride was the original sin of Satan and the motive for his fall and thus it is the most basic aspect of Motivational Arrogance and Mental Attitude Sin. ([Is 14:12-14](#), [Ez 28:14-17](#)) It was the motivator also of Ish (Adam) and Ishah (Eve) in their

original sin. Once the believer learns sufficient Bible Doctrine and becomes Spiritually Self Sustaining he is able to resist the Interlocking System of Arrogance and thereby avoid succumbing to Pride. ([1Tim 6:3-4](#), [Prov 11:2](#), [Prov 29:23](#), [Job 33:16-17](#), [Is 13:11](#), [Ps 10:2-4](#)) Pride as the quality or state of conceit, inordinate self esteem and inordinate self consciousness of the soul, magnifies itself in irrationality away from reality into something the person is not. Vanity is EMPTY Pride, having no real reason for pride, in respect to one's person, attainments, possessions, coupled with [Approbation Lust](#). When Pride is carried to the extreme it leads to [Psychosis](#). Consider that of all the sins possible in the Human Race those which one will pay for the most under Divine Discipline are the Mental Attitude Sins. More believers are severely disciplined for Interlocking System of Arrogance involvement than any other activity and most of these are not even aware of their status and that they are a great pain in the neck for God. For most of these believers there has to be one real crisis or unusually tragic event to awaken them to their being given one more chance to straighten themselves out.

Motivational Arrogance of Mental Attitude Arrogance is a complex of failure caused by the influence of Evil on the soul. It is wrong thinking as a sin motivated by temptation from the area of weakness of the Old Sin Nature. All Mental Attitude Sins are related to the influence of Evil in some way since Evil is the policy of Satan, ie. his system of thinking, to rule this world APART from God. Since Pride as part of Mental Attitude Arrogance is a process of thought it blends with the Evil influence in the soul and is often the source of the production of Sin, Human Good or Crime derived from Evil, just as it was in the fall of Satan. Satan blended the Arrogance of his Prideful thoughts, which was his original sin of Pride, with its counterparts of [Ambition](#) and [Jealousy](#), into ideas to run creation APART FROM GOD, forming it into Evil as his policy and plan. Therefore, Motivational Arrogance as Mental Attitude Arrogance is a complex which is closely related to and results from the influence of satanic Evil on the soul of the believer in Cosmic Dynasphere I. Pride is, above all else, the antithesis of Grace and total blindness to the Grace Plan of God. Therefore, Satan originated the Arrogance which now permeates the human race and potentially destroys the Spiritual Life of the Believer, as is his intention.

In the origin of Evil as the plan and policy of Satan, there is Pride or Motivational Arrogance as Mental Attitude Arrogance resulting in the total abuse of his power and authority provided for him by God. His Arrogance led to his abuse of power which led to revolution which led to the evolving of Evil as his policy and plan for control of angelic creation. Thus the policy and plan called Evil, originated as Arrogance within Satan himself. Lucifer at some point thought under anti-authority concepts that he could do just what God did with regard to creation and the angelic realm. [Is 14:14](#), tells us that he thought or said "I will make myself like the most high". He therefore became known as 'Satan', the antagonist of God. He knew he could not be equal to God by whom he had been created, the only way he could be like the most high was to bring God down to his level. Therefore Lucifer set himself against the absolute authority of God and thus became the adversary of God. Therefore, Arrogance, as a corrupter of the believer's soul, can destroy the Christian Way of Life and lead the believer into the Legalistic syndrome, Cowardice Syndrome, Inadequacy Syndrome, and Socialist Syndrome and at times irrevocable entanglement in the Cosmic Dynaspheres, Satan's Power Systems. At times,

when a believer is full of Arrogance and has failed and is irrationally frightened, he may even ask God for death. This is divorcement from reality since he has run for his life in fear and then asks God to kill him. This inconsistency exists because the interlocking of Arrogance guarantees an inability to think and as the inability to think under pressure this brings on his cowardice.

### **Mental Attitude Arrogance as Motivational Arrogance**

One PIN of the Arrogance Grenade is Motivational Arrogance which is a complex of Mental Attitude Arrogance with its Mental Attitude Sins. This is a STINKING Mental Attitude in the believer and today about 85% of all believers, no matter how long they have been saved, fit into this category and have made absolutely NO Progress in the Spiritual Life. This motivational Arrogance results in a total fragmentation of the life of the believer by his becoming involved in many, if not all, other aspects of Arrogance. Motivational Arrogance as Mental Attitude Arrogance always resists Bible Doctrine in 2 categories:

- The Content of Bible Doctrine
  - This Arrogance is indifferent toward and disinterested in any subject which might be critical of or condemn the believer's Arrogance or expose the nature of his Vanity.
- The Communicator
  - This Arrogance enters into personality conflict with whomever is the Pastor Teacher teaching Bible Doctrine whether he is presenting it accurately or not.

Motivational Arrogance does not see the necessity for the daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine seeing it as a gross inconvenience. This Arrogance can and does listen to Bible Doctrine teaching but usually for the sole purpose of distorting it or justifying some erroneous course of personal action through that distortion. Therefore, Motivational Arrogance resists Bible Doctrine because it rejects the authority of both the Bible Doctrine and the Pastor Teacher teaching it and the idea of learning in silence with concentration is abhorrent to these people. ([1Tim 2:11-12](#)) This applies to both men and women and NO ONE can learn anything when they are talking. ([1Cor 14:35](#)) Silence in listening and concentrating on the teaching of Bible Doctrine is essential provided that it is not Arrogance and resentment or resistance to the Bible Doctrine.

### **Results of Mental Attitude Arrogance**

Any Mental Attitude Sin as a part of the Motivational Arrogance of Mental Attitude Arrogance will distract the believer and cloud his alertness so that Bible Doctrine cannot be applied. Mental Attitude Sins are carnality resulting from the influence of Evil on the soul, and also will destroy any effectiveness of prayer. With Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, the soul is not cluttered up with Motivational Arrogance and Mental Attitude Sin and the believer will have freedom, alertness, wisdom, objectivity and initiative so that then when the right time comes the right action comes with it immediately.

Selfishness and Selfcenteredness are the twin facets of Pride. Selfishness destroys capacity for life, love and happiness and Selfcenteredness cannot cope with adversity nor establish correct solutions to the problems of life. If one thinks more of self than of Bible Doctrine then he will

think more of self than of those he allegedly “loves”. In this way selfishness and Pride are inseparably linked so that one thinks more of self than God, doctrine or others. An application of Pride is selfishness and often people, when they are very happy, become Prideful and very selfish desiring to perpetuate forever the circumstance which brought this happiness even at the expense of the whole Plan of God. It is almost inevitable that people in love will have a blind side of Arrogance and desire that their love moments would last forever which is a very selfish attitude.

Very often when people move up in one area of life they feel that there is nothing anyone can teach them in any area of life no matter the subject. People who have been great in a profession with great intellectual accomplishment often get to where they believe they know everything. These people often are extremely unteachable and the Arrogance of Pride is a major part of this problem. Because they are very knowledgeable in one subject they assume they are expert in every subject. However, being expert in one or even many fields does not ever mean that they cannot learn more in the spiritual field. This is how Arrogance displaces the principle of making Adjustment to the Justice of God and that Justice Demands Justice.

Pride is NOT normal self consciousness or confidence it is inordinate self esteem and disorientation to the Grace of God. The only time a believer can possess what is needed to glorify God on earth is in Phase II of the Christian Way of Life using that which God has provided for this purpose, but, in this Church Age, he is in an intensified hidden spiritual conflict. ([James 4:13-15](#)) Each and every day the Believer is commanded to avoid Motivational Arrogance with its Mental Attitude sins which inevitably result in incredible Self Induced Misery. ([Prov 17:1-8](#)) Pride produces this self induced misery so that when one enters into this stage of Arrogance he must rely on his own resources to support him, which are grossly inadequate for the task. The believer in this Church Age faces daily spiritual conflict in wildly varying degrees and in these situations also faces the Arrogance of Pride as a problem to be overcome. As Royal Family of God, believers are given incredible [divine resources](#) to face the daily problems present in the Intensified Stage of the Angelic Conflict Appeal Trial, all based on the Grace of God, BUT Pride will keep the believer from being able to use these provisions from Grace. It is usually very apparent when the Lord chooses to use a believer since he is usually the biggest jackass around and if the Lord takes him and makes a great hero or Divine Good producer of some sort using him, it is because that believer has been prepared by the Lord for it with [Humility](#). Therefore, the believer must never become Arrogant or Proud of himself when the Lord begins to use him.

### **ALL Pride is based in THOUGHT**

Pride is a Thought, this thought results in decisions, then these decisions result in Actions. When one cannot handle problems of thinking he allows the Old Sin Nature to gain control of his soul and enters into Cosmic Dynasphere I the Interlocking System of Arrogance. Most people who gossip, malign and Judge do so because of their own Mental Attitude of [Self Righteousness](#) as a result of their Motivational Arrogance of Mental Attitude Arrogance. People who judge others are Arrogant and Self Righteous and bogged down with the influence from Evil. By this means, Arrogant Pride makes one vulnerable to any function of the Old Sin

Nature for which there is not a natural or lawful restraint from police, judges, systems of discipline, etc. Arrogance takes the creature, the believer, and removes him from a rational and civilized attitude toward life and makes him a creature only restrained by fear of personal reprisal, ie. his being hurt in some way. This status can include all believers from [Spiritual Infancy](#) to Advanced Maturity Adjustment to the Justice of God. Self Righteousness, interlocks with and, in fact, is an integral part of Pride and an easy means of vast entanglement in the Interlocking System of Arrogance. The fact is that the most predominant sin which results from Evil influence in the soul is Pride or Self Centered Arrogance. The overt production of Evil, when it influences and saturates the soul, can be Sin or Crime or Human Good, which is trying to solve man's problems by man's own efforts Apart From God. Evil as the plan and policy of Satan will infiltrate the soul of the believer or unbeliever who is under any level of Negative Volition to Bible Doctrine and / or the absolute truth of the Laws of Divine Establishment and Divine Institutions. The result is that Evil, as a system of thought, when processed or accepted in the soul inevitably results in temptation from the Old Sin Nature which allows the production of Sin, Crime or Human Good. The production of Motivational Arrogance or any of the Mental Attitude Sins reflects overt satisfaction with SELF and dissatisfaction with all others, instantly and deeply entwining self into Cosmic Dynasphere I, the Interlocking System of Arrogance. The solution to this dissatisfaction with others is Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine and development and deployment of the [10 Problem Solving Devices](#) especially Grace Orientation and Impersonal / Unconditional Love for Mankind. Dissatisfaction with others invariably results in dissatisfaction with Bible Doctrine and therefore strengthened or enhanced [Negative Volition Arrogance](#) where Bible Doctrine is rejected or neglected and by this means entry is gained into the Apostasy of [Reversionism](#).

Pride is the Arrogance which develops and reinforces a sense of superiority in one's thinking. It is either a real superiority resulting from achievement or a false sense for which there is no achievement to back it up. Whether real or imagined it distorts the perspective of life and results in selfcenteredness which brings out an overbearing manner and a presumption called Self Righteousness. Pride being a system of thought causes all Mental Attitude Sins to have their root in it. Motivational Arrogance as Mental Attitude Arrogance therefore distorts, rejects and ridicules Absolute Truth but never accepts Truth. The principle is that the believer must be informed by Absolute Truth but never distracted from Absolute Truth. The human mind is always susceptible to this type of failure which results from distraction and entrance into this complex of Arrogance apart from the development of [Humility](#).

The Old Sin Nature by causing temptation to this involvement has the potential to corrupt the individual through inordinate Self Consciousness resulting in Vanity and Pride, and a Mentality saturated with Motivational Arrogance, Mental Attitude Sins, [Human Viewpoint](#) thinking and Sin, Crime or [Human Good](#) production resulting from the influence of Evil. Human Arrogance in competition with the Integrity of God is the source of Terrorism in the world and is manifest by the various systems Satan uses to control the world.

- ✧ **Socialism** which will destroy the Believers relationship with God through a mass narcissistic complex.
- ✧ **Communism** as an atheistic pseudo religious world domination ideology using violence to

control people and preserve itself.

- **Welfare State Functions** under humanism, socialistic redistribution of wealth, and terrorism.

These systems of Arrogance allow egocentricity to make demands on God for Equality, Civil Rights, Recognition, Power, and Wealth all without responsibility or the ability to attain any of them by one's own efforts.

### **Pride & Rejection of Authority**

Anyone who is saturated with Pride cannot handle any authority given to him in any situation. Pride, therefore, limits capacity to handle [authority](#) or function in leadership. Pride rejects the authority of bible doctrine and the Pastor Teacher and refuses to attend or does not concentrate during bible study, therefore, it results in malfunction of the [Grace Apparatus for Perception](#) for learning Bible Doctrine.

Pride always results in rejection of the systems of authority setup by God which include:

- [Laws of Divine Establishment](#) – This includes authority delegated to government so that freedom can be perpetuated in the Human Race during the Angelic Conflict Appeal Trial.
- [Divine Institutions](#) – Providing organization and structure in Human Life and Human History to enable the fulfillment of the purpose of Man in history to make decisions.
- **Spiritual Authority** – Starting with the Gospel of Christ and the realm of Bible Doctrine and then going down the line from the Pastor Teacher through the administration in the local church.

These systems provide the environment of freedom, in the nation or world in general, to choose for The Lord Jesus, The Christ or not, and for Bible Doctrine or not. Pride also rejects the freedom of others and any system of temporal authority, personal, civil or spiritual authority. It undermines the pastor or the law of the nation, rejecting the authority which has been delegated and exists there. Social authority when rejected can lead to ridicule and rejection of Law, Judicial functions, Law Enforcement or Military functions or can result in turning to a life of Crime, but this authority structure is in fact set up to be the basis for one entering into society as a functional part of it. This authority is delegated by God as well and includes:

- Husband over the wife
- Parents over children
- Limited government over the people
- And many other levels

Pride as part of Motivational Arrogance is the enemy of spiritual growth and is that which causes a believer to reject the authority of the communicator of Bible Doctrine, the spiritual gift of communication, and the actual doctrine which is communicated, which is in fact the Authority of God. This is the basic cause of one entering into [Reversionism](#) through the use of Negative Volition toward Bible Doctrine or any Absolute Truth. This Arrogance therefore distorts or destroys perceptive ability. One primary problem in the world today is not that people are ignorant but that people believe so much that is not true, the LIE of EVIL, the plan and policy of Satan. The combination of intensified Arrogance plus the rejection of the authority of Absolute Truth and thus the inevitable resultant [Black out of the Soul](#) and [Scar](#)

Tissue on the Soul as stages of Reversionism, causes that believer to ONLY be able to believe the LIE of False Doctrine and the Evil of the Satanic Policy. The results of this Arrogance and believing the LIE is characterized as strong delusion. (2Thes 2:11)

Pride in rejecting Spiritual Authority is basically saying, “I am more important than God” or “I am God” and therefore not subject to any authority. This sense of superiority distorts all perspective in life. People reject authority because they invariably react to the people who have the authority. Authority must be viewed as an organizational system not a person carrying authority. Standards of life and orientation to self must be set as the basis for social life with focus on the limited sense of that life. Therefore, when one has developed and is functioning under Humility and encounters a person in authority, deference is then applied to that person. People who have authority are those in a system or organization which must be respected. If one is full of Pride then he will react to the person in authority instead of respecting the system of that authority. When put into a position of authority one must always remember that the secret to running an organization with people who are involved in Arrogance is good discipline. Discipline is an imposed system of poise which allows the organization to function properly by overcoming individual Pride and Arrogance. In addition, one cannot ever use authority to become popular because being in authority is NEVER a popularity contest. Some individuals, when put into positions with authority having Arrogant people under them, often use their power to get the people to like them assuaging their approbation lust and Pride. When these things occur in any area of life in a society then it is inevitable that the 4 cycles of Divine Discipline must occur for that nation. This is why America is where it is today and why Americans are no longer representative of the American Way of Life.

Being rebuked by authority does not mean one is not loved and receiving discipline from adults does not mean a child is not loved. God may rebuke the believer with Divine Discipline but it does not mean he does not love him as a part of the Royal Family of God. Some believers when under pressure get their feelings hurt and their Pride injured, having entered into Arrogance as a result of persistent Negative Volition toward Bible Doctrine and then build Scar Tissue of the Soul and eventually they die the Sin Unto Death but even under the incredible Divine Discipline of the Sin Unto Death they still belong to God and He still loves them.

### **Pride & Rejection of Truth**

Pride is a basic disorientation to reality thus to life. (Ps 10:2-4) All Arrogance, especially the Self Centered Motivational Arrogance of Pride, is therefore a primary corrupter of the soul and motivates rejection of All Categories of Absolute Truth. Any form of Arrogance is therefore a distraction to spiritual growth which can only occur through Perception, Cognition, Incultation and Metabolization of the Absolute Truths of Bible Doctrine and this ONLY under a status of Humility. Therefore, the believer must never be distracted from Truth because the mind is helpless and useless without Truth and placing oneself above Truth is the epitome of Arrogance. The absolute concerning the human mind is that it cannot effectively cope with life apart from Absolute Truth.

Both believer and unbeliever can reject Truth and in this rejection it always involves Arrogance whether it is known or unknown. Therefore, Arrogance motivates rejection of the Truth and distracts those who have accepted Truth. Arrogance divorces the believer from reality both personal and historical and it destroys capacity for life, love, happiness, blessing etc. In one's life, to the extent that one lacks capacities for life, to that extent, Arrogance is involved. For the believer when there is a lack of the TRUTH of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul it is most likely the result of some aspect of Arrogance being a distractor. Arrogance, especially Pride, rejects, ridicules and destroys Truth and therefore never accepts Truth nor approaches it with objectivity. Arrogance thrives on flattery and also causes both the believer and unbeliever to believe the LIE of EVIL as a result of having rejected Truth. Once the individual rejects any category of Truth it is like mixing sugar into the gasoline of a car. Liberalism, socialism, greatest good for greatest number, communism, welfare functions, man by his efforts seeking to solve his own problems are all sugar for the gasoline of the mind.

Thus, Pride ([1Sam 2:3](#)) is expressed so that when there is pressure put on Pride it results in conversations which involve verbal sins but the believer must be constantly aware that the omniscience of God has evaluated ALL human actions. Pride also rejects the principle that Jesus Christ controls history ([Dan 4:37](#)). Nebuchadnezzar recognized that when he was involved with Pride he had rejected this principle, and because of this he was caused to be grossly humbled. The principle of Pride related to Jesus Christ is given in the dissertation on blind arrogance. ([Matt 19:27-30](#), [Matt 20:30-34](#)). However, consistent Positive Volition toward Bible Doctrine insulates the soul against Pride. Do Good, Bleeding Heart, Liberals rejecting the Laws of Divine Establishment and Divine Institutions and all Absolute Truth, are in the Cosmic Dynaspheres and function under the false thinking of their Arrogance which is highly detrimental to their soul because Pride always produces false or erroneous thinking, the expansion of the LIE from EVIL.

Pride, in short, destroys perceptive ability, rejects authority and any category of truth, results in irrationality and destroys personal capabilities resulting in the Proudful one resenting the capabilities of others. When one destroys his abilities, talents and potentials for greatness through Pride he always resents these talents existing in others. Pride never approaches Truth with reverence and the believer involved in Pride rejects the Truths of Bible Doctrine, especially the principles of [Eternal Security](#), and assumes his sins are greater than the Plan of God and he must WORK in order to be deserving of Heaven. Eternal Security is the one doctrine which the believer should CLING to especially when he falls into [Reversionism](#). Many believers actually hold onto this principle even up to the very end of Reversionism. They think they can do what they want in life and will never lose their salvation, which is true. However, for some believers, when the intensive Divine Discipline they receive becomes so painful and causes incredible misery then they think they possibly have LOST their salvation. It is Arrogance and rejection of the Truth of Bible Doctrine to say that you can commit any sin or get into any system of Evil that will cancel the Plan of God. Reality is that since God is perfect, so his plan, coming from him, is also perfect and therefore man, being imperfect, cannot ever have any input into this perfect plan and can only meekly follow it or be ROLLED over and crushed by it. Therefore, NO ONE CAN SIN SUCH A BAD SIN OR BECOME SO SATURATED WITH

EVIL THAT THEY CAN CANCEL HIS PLAN.

The Truth of the security of the believer's life is that he is born with 'LIFE SECURITY' having Soul Life imputed to the format soul at birth and the soul may go to the Lake of Fire with soul life in it and burn forever or it may alternatively go to heaven to be face to face, or in the presence of, God for eternity. NOTHING can take Soul Life from the Soul not even God. It is total absolute Prideful Arrogance to think there is some thing that one can do to remove that which God has imputed to his soul, namely, Soul Life. Therefore, this same principle also pertains to Eternal Life and Eternal Security. The believer who rejects Absolute Truth assumes, in his Pride, that his particular Modus Operandi, his personal efforts or functions for spirituality are the real thing and that his practices of human effort good works or his asceticism are greater than the Filling of God the Holy Spirit for spirituality. The believer who depends on emotion, which is a substitute for proper thought, is trapped in this pattern of Pride. Thought is the energy of objectivity and Pride destroys this objectivity allowing emotion to take over and this traps Prideful people under [Emotional Revolt of the Soul](#). Thus, the person saturated with Pride assumes his feelings or experiences are greater than any organization, system or Truth in life.

### **Pride & Fluctuation of Standards of Life**

When the historical and social climate in a nation results in a maximum number of people being involved in the Interlocking System of Arrogance one of the things which occurs outside the general functions leading to this collective degeneracy are wide fluctuations of the norms and standards in society. Standards of thinking are most often completely learned in the first 25 or 30 years of life. As long as one is developing vocabulary and his experiences are varying, his standards are still fluctuating. As long as standards fluctuate one cannot be humanly mature. Most people marry between ages 20 and 30 (if before that they are already losers), and if the marriage is successful this is purely the result of the Grace from God. Due to the retardation of thought and lack of vocabulary, the person whom one would love at age 20-30, one would laugh at upon reaching age 40. Some people even stay in a state of fluctuation of their standards all of their lives and actually never mature. Women develop more rapidly both mentally and physically than men and since they do not like bawdy language they develop more vocabulary with euphemisms to replace vulgarity. Today in the United States of America general involvement in the Interlocking System of Arrogance has pushed male human maturity almost to age 40. Therefore, males in an Arrogant nation fluctuate more in their standards until they reach or go beyond age 40. Most men would therefore do well to get married at or after age 40 since this is where they stabilize their thinking and their norms and standards.

The problem with collective national involvement in the Interlocking Systems of Arrogance in the 80's and more so now, is there is a general lack of response to Christian evangelism. In the United States there is an all time high in the number of Unbelievers and also Believers under Negative Volition to Bible Doctrine. The unbelievers are disoriented to the Laws of Divine Establishment, the Divine Institutions, the Gospel of The Lord Jesus, The Christ, and all aspects of authority and this all makes it impossible for them to grow up or Mature. These

people still make lifetime decisions which they have no intention of standing by. When a person does not take responsibility for their decisions they are Proudful and entangled in the Interlocking Systems of Arrogance. If a Right Man meets his Right Woman or vice versa and they are not mature at that time it will guarantee that their marriage is going to fail. Right Man + Pride or Right Woman + Pride == the marriage never succeeding as a result of instability in their norms and standards.

The most important thing for the believer to consider is whether he is thinking [Divine Viewpoint](#) as a result of Bible Doctrine in his Stream of Consciousness of the Soul or under the influence of Evil in the Cosmic Dynaspheres and therefore THINKING [Human Viewpoint](#) from Evil with a distorted Frame of Reference and a distorted set of norms and standards. Altruism is divorcement from reality as seen in the ongoing American foreign and domestic policies which are totally psychotic. Altruism is not love but it is the Arrogance of the welfare state and socialism and socialists and altruistic persons cannot ever have happiness. In altruism, the wealthy person will give all he has to some one who stimulates his Arrogance in his status of altruistic CONDITIONAL love. Very often such noble deeds are related to Social Action and [Self Righteous Arrogance](#) in prosperity as [Human Good](#) in [Reversionism](#). These deeds are not accomplished under the Filling of God the Holy Spirit nor motivated by Bible Doctrine or Spiritual Growth. The value of all the production in the Christian Way of Life by the believer is based on who controls the soul, how much spiritual growth is involved from Metabolized Bible Doctrine and what system of thought motivates the deed. As a result it is obvious that efforts toward or functions in social action, welfare state operations, communism, socialism, or revolution combined with Self Righteousness will confuse any believer. People much too often look at the deeds of man while God looks only at the thoughts. The Angelic Conflict and the Christian Way of Life are primarily functions involving what the believer thinks.

### **Pride & Alcoholism**

There is one kind of person who cannot ever handle alcoholic beverage and it has to do with his soul not his metabolism. This person cannot even drink in moderation because of the Arrogance of Pride in the soul preventing him from being able to handle any alcohol. Pressure on this person's Pride turns him to alcohol as a counter part to his Pride making him an alcoholic apart from metabolic addiction. Being an Arrogant person, even having a good metabolism for alcohol, he will wind up as an alcoholic because of soul dysfunction. Proud people never enjoy drinking and alcoholics never enjoy the drinking they are bound to. When one has a soul filled with Arrogance he cannot ever drink because his drinking will develop into problem drinking as a result of being without capacity for life and without sense or self discipline, therefore, it is inevitable that he will become an alcoholic. In order to properly deal with alcohol a person must have capacity for life, self discipline and self control in order to drink in moderation, a completely acceptable practice for the Christian. When one goes past drinking in moderation and into any level of drunkenness he has entered into that which is sin. People who have a counter part for Pride involving the sin of drunkenness have no self control and cannot function by drinking in moderation and have no control even over what they are drinking therefore they are the alcoholic.

## **Pride vs Ego**

There must be a distinction made with regard to common terms used with reference to Pride:

- **Ego** is man considered as the union of body and soul thus the self consciousness of soul, therefore, it is NOT Pride or Mental Attitude Arrogance.
- **Egocentric and Egocentricity** is selfcenteredness and depicts everything in relationship to self and therefore involves Pride.
- **Egoism** is excessive love or thought about self therefore Pride and can be operation overthink or the point at which the Arrogance of Pride begins and might even become a narcissus complex.
- **Egotism** is the conceit or practice of overemphasizing self, also Pride.
- **ID** is a technical word, an abbreviation for 'Idioplasm' and in psychoanalysis is considered the fundamental mass of an individual's life tendencies.

Pride is Mental Attitude Arrogance and the mental attitude sin of inordinate self esteem and is the antithesis of Humility. Pride is excessive delight in one's mentality, achievements, abilities or status in life. The Arrogance of Pride is an exorbitant overestimation of ones value or worth. This is a link between the mental attitude sin of Pride and [psychoses](#), therefore is basically unreality. Having total love of self is maximum egotistical Arrogance or maximum Pride but having great CONFIDENCE is a kind of love of self based on a full knowledge of what one is capable of doing, and what one desires to do in specific cases. This self confidence is not Arrogance but is a consideration and acceptance of facts related to ability. In the Spiritual Life designed and provided by God for the Royal Family of God in this Church Age Arrogant believers MUST be humbled by God, while humble believers are REQUIRED to be Blessed by God. ([1Pet 5:5-6](#)) Rapport with God, which requires knowledge about God, MUST precede any lasting relationship with people and very often believers who allege to have self esteem are simply involved in the Mental Attitude Arrogance of Pride. Arrogance Focus' attention on self and ignores any concept of knowing God, having or developing a relationship with God or functioning under his Plan.

In the varied situations of life Arrogance will show itself under pressure and if one cannot think under pressure he can blame it on Arrogance which results in personal distraction. A person with good posture, confidence who expresses dogmatic principles is not necessarily Arrogant but simply confident about what he knows, can do, and does. People who are superficially stupid always assign Arrogance to that which they don't understand and often assign Arrogance to that which they don't possess. The believer cannot depend on anything in life which is superficial and the superficialities of life must never interfere with the inculcation of the Absolute Truths of Bible Doctrine. In overreacting to superficialities of life believers create in their own lives [Self Righteous Arrogance](#) and this becomes part of their pseudo Christian Way of Life. Arrogance is subtle but also pervasive in life because it is the underlying foundation of Satan's plan and policy to rule this world since the transgression of Adam in the Garden. Many believers [Deceive Self](#) and call Arrogance spirituality and call Self Righteousness being a good Christian. This simply neutralizes any possibility of assigning the proper priority to Bible Doctrine so that it can be inculcated and then applied to situations and circumstances in life for solutions. The believer must NEVER allow the [Nonessentials](#) of life to interfere with consistent

Perception, Cognition, Incultation & Metabolization of Bible Doctrine. Most believers are asleep in life from overemphasis on nonessentials, involvement in Arrogance and perpetuating their own stupidity where the next step for them is their own destruction. The believer with true Humility knows what he is doing, is adaptable and flexible while the Arrogant person simply thinks he knows what he is doing and is totally inflexible about the nonessentials in life.

### **Pride & Emotional Revolt of the Soul**

Emotion and [Emotional Revolt of the Soul](#) are the bedfellows of Pride. Prideful people emote and enter the apostasy of Emotional Revolt of the Soul as part of their [Reversionism](#) and then live their life according to their emotions. This results in their being involved in all sorts of difficulties in life and in overestimating their value and not relating their true value to their integrity. This is also what occurs very often in marriage and in employment situations and if one overestimates his value in any area of life he will inevitably jump from job to job or wife to wife looking for a better situation. Military service uses a system of strict discipline to focus a person, train them and remove their reliance on emotion under Arrogance, and then only uses them for just a few years. However, the experience provided by military service will last a lifetime enabling the individual to see past his own emotions.

### **Pride & Guilt**

The ability to produce a guilt syndrome in another person is one of the strongest powers in life. People often manipulate others by nagging and producing guilt in them because they do not comply with their wishes or desires. The power of Pride to manipulate is almost beyond description. This is, in the United States of America, the [Tyranny of the Federal Government](#) and its bureaucracies. This manipulative power is very often expertly handled by the weakest people on earth, producing guilt in others. From 2019 to 2023 there had been the production of both fear and guilt in the citizens of this nation caused by the government propagandizing them to think that if they physically get too close to other people this would cause them harm or increase the chances of them dying from the CCP Wuhan Virus. In addition they have promulgated the idea that wearing a face covering will prevent the spread of this virus and protect others from getting it and therefore dying from it. Guilt as a complex of interlocking sinfulness can easily result from looking back at any former or contemplated sins or failures after having used the rebound procedure and this results in extreme entanglement in the Interlocking System of Arrogance from Guilt Reactions. Guilt in the Spiritual Life will destroy the Spiritual Life very quickly because it is not just another SIN but a complex of Arrogance Involvement and heinous sins.

### **Pride & Honor**

Arrogance always distorts HONOR into legalism. A lack of [Impersonal or Unconditional Love for Mankind](#), Problem Solving Device #8, enters one into the Motivational Arrogance of Mental Attitude Arrogance and destroys personal relationships. The [Integrity](#) which results in Impersonal Love for Mankind also allows the believer to be totally alone and yet Totally Happy. It is impossible for any Believer in this life to be happy without functioning under Impersonal Love, Honor and Integrity and no relationship in life works without these things. It is impossible to have integrity and / or honor without [Humility](#). Lacking Honor or Integrity

one cannot face disaster as a result of being involved in Arrogant Pride. These individuals are the ones who are always whining and Complaining in disaster. (Prov 11:2, Prov 29:23)

Sooner or later the Arrogant wickedness and lack of honor and integrity of those in other nations, the Russian and Chinese communists, moslems, Pakistanis, North Koreans etc., and that of the leaders in the democratic party WILL catch up with them. The Lord Jesus, The Christ controls human history and the Justice of God will right wrongs one way or another in HIS TIMING. Before God disciplines a person or nation there is always Pride or some other form of collective Arrogance permeating the people first and this invariably precedes National Destruction in the 5<sup>th</sup> cycle of Divine Discipline. The principle is that before any kind of a fall there is always Arrogance underlying it (Prov 16:18) and a lack of honor and integrity from the lack of the Absolute Truth of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. This applies individually and collectively to all people.

In employment situations something is owed to whomever trains the individual in any area. Therefore, changing jobs ONLY for better pay or a better situation is a Prideful person demonstrating that they have no character and no integrity and feel no loyalty to the person or group who trained them for their profession or occupation. Making the decision to change a job for better pay is to lose integrity and honor and gain Pride. The individual leaves behind his integrity along with his sense of value and honor when he leaves a company which has trained him ONLY to go to another position simply for better wages. This is the overestimation of one's personal worth to industry. No matter what pay one receives he owes responsibility to the ones who trained him. These principles apply to everything in life. Right or wrong companies to work for, right or wrong friends to associate with, etc.

### Pride vs Grace

The Battlefield of the Angelic Conflict is in the THINKING of the Soul. (James 4:6, 1Pet 5:5-6) Pride is a part of a system of power, the Cosmic Dynaspheres, which is greater than anything in life with the exception of Bible Doctrine and the Divine Dynasphere. If man can do even one meritorious thing in the Plan of God that plan is no longer perfect because man is imperfect. Man, therefore, cannot contribute to a perfect plan under the principle that imperfection cannot contribute to perfection. This is the basic concept of what is involved with Pride, it is imperfection trying to or thinking it can contribute to perfection. Therefore, as imperfect beings, humans can make no contribution to perfection but perfection must contribute to humans, THIS IS GRACE. This is the difference between the Divine Viewpoint of Grace and Human Viewpoint of Evil as systems of thinking. God can contribute to mankind through his Grace policy and plan but never can man contribute to him nor add to that plan. All religious legalism and Human Good production are always associated with the great Mental Attitude Sin of Pride and this Mental Attitude Arrogance is where Evil interacts in the involvement in Arrogance and Sin as the MOTIVATOR. Therefore, influence of EVIL is now, in effect, the Motivator of Arrogance in man. In the satanic revolution against God Arrogance was the motivator for the formation of Evil and at the fall of man in the garden the Arrogance developed in Ishah and Ish both, motivated their involvement with Evil and then their production of Human Good. God's Grace Plan and Policy, because it is a plan formulated by a

perfect God thus is a PERFECT plan, excludes all human merit, ability, [Human Good Production](#), [Legalism](#), [Self Righteousness](#) and all other aspects of Arrogance. Religious Legalism is the enemy of Grace because religion is Satan's greatest system of distraction from the Spiritual Life and Human Good is the production of the individual while under the Plan and Policy of Satan, EVIL. Therefore, there is no place for any aspect of Religious Legalism nor Human Good in the Plan of God. All Legalism and Human Good is associated with the greatest sin in creation, originating in Satan himself, Arrogant Pride and there is no place for this in the Plan of God. There are 4 areas in which Arrogance rejects Grace.

- ✧ The Pride of the believer who rejects the Bible Doctrine related to [Eternal Security](#).
  - To reject Eternal Security one must be the most fat headed Arrogant believer in history. This is having the idea that it all depends on 'ME' whereas in reality nothing depends on any believer but only on God.
- ✧ The Pride of the believer who succumbs to pressure or adversity.
  - He always thinks his suffering and adversities are greater than the Plan of God. He goes through life whining and [Complaining](#) about every little thing in life. This is Arrogance and any believer who constantly whines about life is in [Reversionism](#). ([2Cor 12:7-10](#))
- ✧ The Pride of [Human Viewpoint](#) thinking from Evil Influence which is also the Pride of Reversionism.
  - This believer assumes that his thinking, his [Opinions](#), are more important than Bible Doctrine and that what he thinks is more important than what the word of God says. He assumes with his persistent Negative Volition that his form of Reversionism is greater than Grace blessings from God. He assumes that his emotions and ecstatic experiences and functions under religious legalism are more effective than Bible Doctrine.
- ✧ The Pride of Pseudo Spirituality
  - This believer thinks his system of human efforts or deeds for spirituality are greater than the true function of God the Holy Spirit in the life. In Arrogance he becomes a Pentecostal holy roller or enters into a system of legalistic taboos, asceticism or some point program which impresses him and others while assuming it impresses God.

### **[Pride vs Humility](#)**

Pride rejecting the [Authority](#) of Bible Doctrine results in malfunction of the Grace Apparatus for Perception and is the motivation toward involvement in syndromes such as Religious Legalism, Guilt, Cowardice, Inadequacy, Socialism, etc., and it thereby releases the fury of mental, verbal and even overt sins in life. On the other hand, Humility is [Authority orientation](#) and is not the Self Effacement often found in Pride. No one ever dies the Sin Unto Death or enters into Intensive Divine Discipline apart from using his volition in making poor determinations from the basis of his own Pride. Every person can attain honor through development of the [3 categories of Humility](#), Organized Humility, [Enforced Humility](#) and [Genuine Humility](#). Both believers and unbelievers can attain honor in their function in organizations under Organized Humility, by means of systems of structured discipline under Enforced Humility or through personal initiative, incentive and motivation through self discipline under Genuine Humility. Most Divine Discipline in life is related to lack of Humility and involvement in the Interlocking

System of Arrogance. Pride as a corrupter of the soul, is a corrupter of thought and destroys or erases Truth from the Stream of Consciousness of the Soul thereby preventing the development of Humility.

Humility in the Spiritual Life is strength. For someone to voluntarily subject themselves to another person is true Humility. This divine strength with its attitude of Humility avoids [Bitterness](#) because of failed plans in one's life. Personal plans rarely work out the way one would like them to because they are HUMAN PLANS. The believer MUST be secure in the fact that he is in HIS, GOD'S, plan. This avoids Arrogance and selfcenteredness which are the greatest of weaknesses. No matter how great a believer may become spiritually he must not ever assume that the plan of God revolves around his successes or failures. That is just total human Arrogance! Humility is probably one of the greatest mental attitude systems that could ever be devised to enable the believer to stay on the positive side of the plan of God. Arrogant people cannot even subject themselves to official secular or civil leadership. True Humility is a Mental Attitude, a way of thinking and a way of life. As a way of thinking it is freedom from Arrogance and Human Viewpoint. Arrogance is an old sin nature problem not related to social status nor income. It always involves the loss or absence of Humility which in turn results in the loss of capacity for life and the ability to live life to the fullest. Human Viewpoint is the Mental Attitude which occurs when there is saturation of Evil, the plan and policy of Satan, within the soul and thinking of the believer or unbeliever as a result of neglect or rejection of Absolute Truth. Humility is the capacity for life, awareness of things outside self, recognition of God's blessings as coming from Grace, etc. Humility is never in any way related to financial depravity.

All systems of self elevation are Arrogance and legalism while Humility in the believer is Grace Orientation. The Greatest Humility in all of Human History was needed by The Lord Jesus, The Christ in His part in the Plan of God. By his demonstration and exhibition of Humility, submitting himself to the imputation, judgment and Substitutionary Spiritual Death payment for all human sins, believers can see the value placed by God the Father on Humility. One can easily see Arrogance constantly operating throughout this world, because Satan's fall and his ultimate rulership of earth as a result of Adam's Fall, are the result and demonstration of his absolute Arrogance, whereas the activities of The Lord Jesus, The Christ are absolute Divine Good and result from his total Humility. Satan's original sin was one of Prideful Arrogance and The Lord Jesus, The Christ demonstrated the opposite in His Humility during his Substitutionary Spiritual Death on the Cross for all human sin. Any participation in any aspect of Arrogance entangles the believer in Cosmic Dynasphere I, the Interlocking System of Arrogance, while operating under Humility moves him into and in fact is the result of his operating within the Divine Dynasphere and moving through the Plan of God to Maturity Adjustment to the Justice of God. Thus motivation and function in the Spiritual Life is intimately connected with the attitude of Humility. The Humility of Christ is the badge of victory over the Arrogance demonstrated by Satan and man. The Humility of Christ and any Humility developed and expressed in the Protocol Plan of God is an expression of Grace and Authority Orientation. [Grace Orientation](#) always results in Humility as the believer comes to recognize what God has done for him through Christ. The Lord Jesus, The Christ went to the cross despite the shame

involved in it, doing so under total Humility. In His Humility throughout his 33 years of life he stayed totally within the Plan of God. In Humility He won the strategic victory of the Angelic Conflict thus defeating and retaking what Satan had acquired as a result of total Arrogance. Arrogance caused the fall of Satan, the fallen angels, and also mankind while Humility provided salvation and retook the kingdom of both heaven and earth.

### **Pride & Pettiness**

In life it is often the ones who seem overtly humble who are the most Arrogant people. There are far more Arrogant people in the lower class poor of society than in the rich upper classes. Poor people often resent rich people mostly because of the Pettiness of the poor. It is acceptable to be POOR but it is very bad manners to be either rich or poor and PETTY. Adding **Jealousy** to pettiness causes the poor person to become completely enmeshed in Arrogance. Poor people all have Old Sin Natures and are therefore prone to being petty and jealous of those with wealth and they generally have a stronger tendency toward Pride in Arrogance than the wealthy. However, often both the poor and new rich tend to be Arrogant about their relative Status Quo in life. In the Royal Family of God the mature or maturing believer must never fall into the communist, satanic, Evil trap of resenting people who are truly wealthy or even apparently wealthy. However, for those who during their lifetime become very wealthy, this rapid acquisition of and possession of great financial wealth can also bring the real danger of Arrogance. Wealth, however, NEVER indicates in any fashion or under any circumstance SUPERIORITY and for wealth to be properly handled there must be ingrained Humility in the individual.

Pettiness is emphasizing something which is, in reality, of small importance or consequence and which has, invariably, been blown out of proportion by functioning under EVIL in Human Good Activism or **Crusader Arrogance**. An application for avoiding the Mental Attitude Sin of Pettiness is demonstrated where, while under the Prototype Spiritual Life for the Church Age, the Humanity of The Lord Jesus, The Christ magnified his word, Bible Doctrine, above his Person, Name and Reputation, so that under the Operational Spiritual Life of the Church Age the believer has the opportunity of magnifying Bible Doctrine above his own person. The believer cannot ever do this so long as he is petty. In fact, one sign of advancing in the Spiritual Life is the break off and separate from one's favorite area of personal Pettiness. Pettiness is always associated with mean spirited, spiteful persons, even Christians, who are filled with Arrogance and Emotional Sins in place of the Humility of the Spiritual Life from Bible Doctrine. Pettiness is therefore, the sponsor of the Interlocking System of Arrogance and the **Arrogance Skills**. Therefore, Pettiness, as Motivational Arrogance, is outside the boundaries of the Spiritual Life of the Church Age Believer. Pettiness inevitably involves **Jealousy** and **Bitterness**, which mostly hurts the one who is bitter and destroys any who retain it in their soul. Pettiness functions to bring the believer under Vindictiveness and all the Interlocking System of Arrogance Sins along with the Arrogance Skills of Self Justification, which is Lying about Self; Self Deception, which is lying to others and Self Absorption, which is lying about others.

The military type always has an attitude of the love of peace and friendship because he

understands the horrors of war where innocent and guilty both suffer from this organized violence. War is violence and violence always inevitably means both the innocent and guilty suffer. The Humility of the smart professional soldier is always prepared for war but avoids it in every situation as long as possible. Arrogance, however, causes implacability and this rejects both friendship and peace. In the 1970's the Russians were implacable toward the United States and America should never have made any treaty with them. Today the Arabic moslems and both the Chinese and Korean Communists are in the same status if not categorically worse. Negotiation with these types of people is useless and meaningless and negotiation without beating them into total submission is meaningless. Their Arrogance is rash and maltreatment and violence follows their message of comfort and peace. Petty people cannot ever understand the honorable motivation of great people because they are blinded by their own Arrogance. Jealousy and pettiness always live together, therefore, a Jealous person is always petty and filled with implacability.

### **Pride & Thanksgiving**

Blessing by association is part of the Super – Grace blessings for the believer in Maturity Adjustment to the Justice of God and molds the believer into a pleasant memory for others. One should always remember how many times he has tried to impress someone else and failed totally and how these others ultimately became totally disgusted with him. It is a tragedy that believers don't realize that all their hangups regarding Arrogance and all attempts to impress others are the source of their failures with people. Arrogant people in addition to their true hangups in the Stream of Consciousness of the Soul never have the true [Humility](#) of [Grace Orientation](#) needed to be grateful for anything. This is not sending out “thank you” notes or gushing over someone who gives one some small thing. This is true appreciation of others and being in a relationship with them. Therefore, thanksgiving is more than an attitude of gratitude but is a form of true Humility and an expression of honor. To be thoughtful of someone else and grateful for someone else are Mental Attitudes which erase the hangups of the soul and the things which make people so subjective, so boringly introspective and therefore real duds wherever they go. Thanksgiving is being alive and thankful for life without Arrogance and hangups and having gratitude as Humility. Thanksgiving is an act of rendering thanks and gratitude to God and an appreciation of others with whom one has a relationship. Thanksgiving should be a normal part of the Mental Attitude of the Royal Family of God. Thanksgiving and gratitude of soul are a part of the [Royal Family Honor Code](#) and the integrity of the Royal Family of God. The honor and integrity of the Royal Family of God is tied into Humility in its true sense as a Mental Attitude in contrast to Arrogance which is the underlying basis of the satanic package of Evil formed into the Cosmic Dynaspheres. ([Eph 5:20](#)) The father of Arrogance is Satan himself and he is the author of the plan and policy called Evil which is designed to strongly influencing believers being a source of infiltration into the soul which drives out any Absolute Truth of Bible Doctrine when they fall into [Reversionism](#). ([1Thes 5:18](#)) The believer who is totally divorced from the concepts of Grace and does not have [Metabolized Bible Doctrine](#) in the Stream of Consciousness of the Soul will have a very difficult time being GRATEFUL to God for the PRESSURES and DIFFICULTIES of life.

There are many things which tie together in life and the principles of memory and thanksgiving

tie together in a person who is totally relaxed and has great capacity for life. This person is one who has maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. With this he has the wonderful freedom of capacity for life with No hang ups, No Arrogance and No problem with approbation or other lust pattern nor any thinking of self in terms of self importance. Rather he is focused on thinking about God and who and what He is and what a fantastic plan He has provided. This is the normal Mental Attitude of the believer who has reached Maturity Adjustment to the Justice of God.

Praise for God is the antithesis of Arrogance and therefore freedom from Arrogance and praise is thinking about someone else and being delighted by the glory of someone else. The believer must, at some point, become delighted over the promotion of The Lord Jesus, The Christ and, as a result of having maximum Metabolized Bible Doctrine in the Stream of Consciousness of his Soul, come to love him. Because of this love the believer should be unable to keep himself from praising him genuinely from his soul. He is King of Kings and Lord of Lords with battlefield royalty and Church Age believers are his battlefield Royal Family. This is the same thanksgiving and gratefulness one must have when someone who is dearly loved has been promoted, successful, blessed and made happy. When one has this true attitude of praise and gratefulness toward the Lord it will overflow to the other members of the Royal Family of God. When one sees another believer who has received success or promotion beyond one's own level or has something he does not have in life he should be totally delighted to see them have it as part of their Super – Grace blessing package. Even their fantastic experiences when under dying Grace should be a source of delight for the observer. This should not produce Jealousy, as it often does in people with hangups who have no concept of the principles of capacity for life. There is, or at least should be, nothing more enjoyable in life than to see a believer who has been greatly blessed by Grace and to then praise God for these blessings and have gratitude for the blessings recognizing God as the source.

### **Pride & Psychology**

Pride is related to subjectivity and can be demonstrated by psychology as Character Flaws or Hangups.

#### **Character Flaws**

Flaws in one's character occur in 2 categories:

- Real Flaws resulting from a LACK of virtue.
  - ▲ Inherent Flaws resulting from volition acquiescing to the lust patterns and trends of the physical body as the result of the possession of the genetic Old Sin Nature causing one to function under the control of the Old Sin Nature.
  - ▲ Acquired Flaws resulting from volition acquiescing to environmental stimuli which feed the inactive lust patterns and trends of the Old Sin Nature again resulting in functioning under the control of the Old Sin Nature.
- Pseudo Flaws where flare as personality expression is mistaken for Arrogance or a Flaw
  - ▲ These have nothing to do with Cosmic Dynasphere Involvement.

Unfortunately very often in fundamental Christian social circles if a believer has any kind of personality flare he is instantly judged and condemned while in fact the one at fault is the one doing the judging. However, there is no such thing as an Inherent Flaw of Old Sin Nature

origin or Acquired Environmental Flaw, which cannot be solved by the proper function of human VOLITION. It is the VOLITION of the believer which succumbs to and accepts the temptations from the Old Sin Nature in both cases therefore it is ONLY volition which can solve or overcome these flaws. The indomitable will of the believer functioning consistently under the Filling of God the Holy Spirit with maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul can overcome any genetic inherent or environmental acquired flaw in life.

### **Physiological – Genetic Flaws**

Any time any suffering comes to the believer it is generally (not always) related to his own volitional self determination and his character flaws. It must be recognized that there are inherent physiological flaws in the physical body, which cause various illnesses and diseases to occur and from this can come terrible personal suffering. The individual has no control over these physiological genetic flaws. However, when this individual makes Salvation Adjustment to the Justice of God he is no longer under the control of the flaws or weaknesses of the physiological genetic structure over which he has no control but he is under a new factor in the Plan of God. This new factor which comes into focus at Salvation Adjustment to the Justice of God is Logistical Grace, the Obligation of God to provide for those in his Royal Family. When considering believers living under Logistical Grace the first thing noticed is that many very weak, puny, people live a long time, much longer than their antecedents ever lived. This occurs, especially for consistently positive advancing believers, because in that longer time under Logistical Grace support they are able to advance to Maturity Adjustment to the Justice of God and beyond and thus glorify God. This allows them to build the capacity to receive the phenomenal Escrow Super – Grace blessings from God for time, which overcome their Physiological Genetic Flaws and all things which physiologically make them uncomfortable. In addition their effective use of the opportunity to advance in the Spiritual Life also provides for them in Eternity a higher Status Quo than many healthy believers. All human beings are born unequal from the standpoint of physiology and health and some make bad decisions when they have health in their youth and then lose it early. GENERALLY speaking therefore, the individual brings on his own suffering with the only exception being the Physiological Genetic Flaws passed to him from his ancestors. At birth the Physiological Genetic Flaws one does not personally make decisions to have as weaknesses, potentially and in reality, cause his suffering. However, whatever those weaknesses or flaws may be, at the point of Salvation Adjustment to the Justice of God, Logistical Grace support overcomes these flaws.

### **Hangups**

Hangups are obstacles in the normal life and related to involvement in Motivational Arrogance under Mental Attitude Arrogance and Scar Tissue of the Soul from **Reversionism**. These result in the person becoming snagged by abnormal subjectivity which is a pressure manifestation in Arrogant People with **Scar Tissue of the Soul** from reversionism who are involved in the Cosmic Dynaspheres and is indicative that they are losers in life. There are 2 categories of Hangups in life:

- Blind Hangups – resulting from Blind Arrogance, the expression of arrogance without personality identity.

● Known Hangups – resulting from one's self consciousness related to Pride.

Hangups of either kind often result when one has some level of power or authority which is challenged so that the challenge always causes some form of abnormal behavior. Pride, with its flaws and hangups, is the condition while the symptoms exhibited by those who are Proudful are [Jealousy](#), [Bitterness](#), vindictiveness, etc., the entire realm of Mental Attitude Arrogance and Mental Attitude Sin. In addition hangups add another dimension to the problems in the Spiritual Life related to teachability in that they hinder learning Bible Doctrine. Hangups reject the [Authority](#) of the Pastor Teacher and often simply cause failure to attend bible class or cause one to only come to bible class to criticize the Pastor Teacher and form [Conspiracies](#) against him. Whenever these believers do attend bible study the message content puts them under pressure. This pressure results in triggering the eruption or explosion of Evil in their soul from the detonation of the Arrogance Grenade which then totally fragments their entire life.

Therefore, all hangups are manifestations of Motivational Arrogance, from Pride or any Mental Attitude Arrogance. They are a part of Pride such that when Pride or Mental Attitude Arrogance is under pressure then the hangups or the real character flaws of a person appear. Pride always triggers other forms of Motivational Arrogance from Evil in the thinking processes when pressure is put on Pride. The hangups of the soul are areas where the person's Pride is vulnerable to attack and injury and these people are nice until one opposes with their subjective hangups. When Pride is injured or attacked then in comes the monster of the subjectivity of the hangup syndromes.

Pride as an expanded opinion of self and things related to self sits in the soul content with the expanded image it has created of self. Pride enjoys life under conditions similar to being high on some stimulant, and if no one offends or challenges or antagonizes this Proudful high, then the individual can enjoy life and is sweet and nice to be around. However, Arrogance, especially Pride, creates maximum hypersensitive spots in the Stream of Consciousness of the Soul called HANGUPS. A hangup is an obstacle in the normal function of life related to Pride or Mental Attitude Arrogance. A hangup exists because of some area or form of subjectivity or abnormality in the soul. These hangups in the soul become a source of Pride stimulating the development of false motivation in life. Hangups are highly sensitive areas which exist on the periphery of Pride and highly vulnerable spots susceptible to being the source of injury to Pride. Having hangups in the soul surrounding one's Pride and [Blind Arrogance](#) protects the pseudo 'YOU' which is expanded in one's thinking and any contradiction to them is considered an attack on the PSEUDO EXPANDED 'YOU'. Hangups, therefore, protect Pride and keep it inflated and expanded. Hangups in the soul within the Arrogance complex are like a lot of floats on the water around the REAL PERSON. These are areas of sensitivity floating around in the water where Pride is vulnerable and as long as no one bothers them they remain floating. When any of these are challenged or attacked by Absolute Truths they then sink and as they submerge they come under greater and greater pressure and thereby a trigger is set. In this challenge Pride has been attacked and as a result of one of these hangups coming under pressure the process of compression in the soul starts.

This injury to Pride is what makes a person a monster and these people are nice until they are

attacked at their hangup points. This can be called frustrated Pride. In this situation the real person, the SELF, suddenly appears as insignificant in their own eyes and they totally resent whatever or whoever has caused the attack. This could include a person, principle or circumstance in life but whatever it is the expanded self is suddenly gone having been totally compressed and the real person appears totally insignificant to themselves. When Pride is attacked, challenged or Injured and is compressed and under pressure it also increases the overall pressure in the soul to the point of detonation. Therefore, anything which attacks or challenges Pride, compresses Pride, creates incredible internal pressure which must at some point expand violently so that when Pride is squeezed down until the pressure is maximum it must then explode. This is part of the Arrogance Grenade in the soul. Therefore, when these hangups, which produce false motivation, are reversed by the pressure on Pride a chain reaction of Motivational Arrogance of Mental Attitude Arrogance with Mental Attitude Sins occurs from the influence of Evil placing the reversionistic believer or the unbeliever directly under the command of and in slavery to Satan and the Cosmic Dynaspheres. When the believer has some system of hangups in one field in life these WILL overflow into other areas of his life as well. Therefore the sooner he gets enough Metabolized Bible Doctrine in his Stream of Consciousness of the Soul to cause him to relax the better it will be for him. No one can force self to be relaxed but it can and must be accomplished by consistent Perception, Cognition, Inculcation & Metabolization of Bible Doctrine. One cannot ever be truly relaxed as a person and have capacity for life, which is in fact total freedom from hangups, without reaching Maturity Adjustment to the Justice of God from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. The believer should NEVER feel like he has to justify self to anyone and he cannot EVER allow Pride to RUN HIS LIFE.

Hangups in the soul also cause the individual to not properly orient to [Authority](#) and as a result he is not be able to hold a job; he blames other situations and people for this inability, while in reality it is his own Blind Arrogance, hidden Jealousy, rejection of authority, rejection of policy, REJECTION OF BIBLE DOCTRINE and often much more. The same thing which causes people to change jobs or churches, with their rejection of the authority in these areas, also causes them to move into a life of [crime](#).

### [Syndromes](#)

There is also the problem of a persistently indulged Flaw becoming a Hangup and that Hangup then becoming a Syndrome as one becomes more and more mired in the Cosmic Dynaspheres. Symptoms of Arrogant hangups are involvement in any level of Motivational Arrogance as Mental Attitude Arrogance with its Mental Attitude Sins derived from the Evil Policies of the Interlocking System of Arrogance. Therefore, the symptoms resulting from having hangups in one's soul are called Syndromes and Syndromes are symptoms typical of Pride or are the manifestations of the result of "pressures" being put on Pride. There are occasions when a proud person attends a church service of some kind and only looks for something to resent and this puts them under pressure so that their Pride is submerged and their hangups are revealed as the other side of that coin. This is a great enemy of momentum in the Divine Dynasphere, the Power System of God and a hindrance to fulfillment of the Plan of God. The syndromes which may exist include but are not limited to such things as:

- ▲ Legalistic Syndrome
- ▲ Guilt Syndrome
- ▲ Emotional Syndrome
- ▲ Fear Syndrome
- ▲ Cowardice Syndrome
- ▲ Inadequacy Syndrome
- ▲ Socialist Syndrome
- ▲ Liberal Syndrome
- ▲ Anti Establishment Syndrome
- ▲ Anti Antisemitism Syndrome
- ▲ Prejudice Syndrome
- ▲ ETC.

All these are directly related to the function of the believer within the Interlocking System of Arrogance. Believers who function under these syndromes have great difficulty in interactions with other Christians. These syndromes can all be solved by spiritual advance to Spiritual Adulthood and developing Spiritual Self Esteem, Spiritual Autonomy and Spiritual Maturity from consistent Post Salvation Epistemological Rehabilitation.

### **Mental Attitude Arrogance vs Relationship with God**

One of the greatest problems among Christians is **Blind Arrogance** and many fundamentalists involved in the Tongues or Pentecostal Holy Roller movements think that their principles and concepts are equivalent to law and that what they think is the absolute and they then try to superimpose this on all others around them. This is their refusal to live their life as unto the Lord and to allow others to do so as well, and they constantly try to relate self to other people and this is true Arrogance. The believer is commanded to only relate self to GOD not ever to people and fundamentalism in Christianity cannot and has not done this for a very long period of time. As Royal Family of God in this Church Age the job of the believer is to relate his life to God ONLY, and ONLY by means of Metabolized Bible Doctrine and he is never to relate to who or what any other people are or what they may think whether good, bad or indifferent. When one relates life to God he is thereby safe from the Influence of Evil from the Cosmic Dynaspheres but when he relates life to people he becomes more and more Arrogant, entangled deeply into the Interlocking System of Arrogance, Cosmic Dynasphere I. No one can relate their life to people without becoming saturated with all types of Arrogance especially discouragement which is both sinful and involvement in succumbing to Evil Influence. This idea of relating life to people is the satanic thought behind much of the mental therapy conducted by psychology in group therapy sessions which is getting into a group and trying to orient to life by orienting to the group. In this respect, group therapy sponsors Evil in the name of good and the name of healing and is in reality one of the functions of communism and their 'CELL' process of indoctrination and brain washing for compliance.

### **Pride, the Original Sin & the Woman**

Pride, was the motivation for and source of the Sin of the Woman, Ishah or Eve, but the Man, Ish or Adam, did not sin from Pride. Pride or Mental Arrogance always combines with some other failure or sin and a person not under pressure who is Arrogant always has many other

serious problems. These types cannot be trusted with subordinate levels of command or situations which demand self discipline and leadership ability nor with business deals. They do not make good partners in military or Law Enforcement, nor good subordinates in business and there is actually NO PLACE in life where they are helpful, especially when they are picking out a lifetime partner. When looking for a spouse the man must be very cautious of the Arrogant Woman. Women are much more prone to Arrogance than men because they are under the illusion from birth provided by their mothers or grandmothers that women are smarter than men, one of the biggest illusions of history. Some women are smarter than the men they marry but this is the result of either a bad mistake or wanting to marry someone whom could be dominated and controlled. Women are generally not smarter than men and never will be but are prouder than men and more prone to Pride and other areas of Arrogance. They don't have a "macho" demonstration of this, like some men, because they generally are more subtle in their Arrogance. However, never be fooled, the original failing of Pride in the Human Race began in the woman. She wanted to be smarter than Adam and as smart as God and this is why she ate from the Tree of the Knowledge of Good and Evil but then, in fact, only discovered her incredible stupidity not how smart she had become.

Involvement in the Interlocking System of Arrogance by mankind is a link directly with Evil which came into being as a result of Satan's Prideful Arrogance. Arrogance in mankind always is a part of Evil having been the source of the development of EVIL in the beginning and also meets with [Reversionism](#) at the point of [Negative Volition Arrogance](#). At any given stage of Reversionism as a result of entanglement in Arrogance, Evil is the influencing motivation. The original sin of Satan was Pride or Arrogance from which his policy of Evil was developed. When the woman, as first sinner of the Human Race, fell from Grace it was because of her Arrogant thinking that she could be as smart as God and thus smarter than her husband, Adam. Satan's original sin was Arrogance and therefore he knew how to tempt the woman who tended toward Arrogance as well. Satan did not try to tempt Adam because he was NOT Arrogant. Therefore, the ORIGINAL Pride in the Human Race had its beginning with the FEMALE. Although the woman was created very SMART, because she was Arrogant she became very stupid as a result of her Arrogance. HOWEVER, make no mistake, this is not an exclusive characteristic of the female and too many times to count, women have been able to wrap a male around their finger because the male was Saturated with Arrogance. Satan simply appealed to the Pride of the woman, which was a simple thing, to cause her to fall. He knew he could not appeal in this way to the Man but was sure that if he was able to get to the woman she would then get to the man and he would choose to follow her.

The human male, throughout history, has always retained greater objective sensitivity than the female and the male should instinctively always have and display good manners. The Woman has very great subjective sensitivity unless she is responding to her Right Man. Without having her Right Man there with her, Ishah should not be carrying on any conversation with the serpent and with this conversation Satan transferred his own weakness to the soul of the Woman and she came under [Blind Arrogance](#). The Woman's Soul thus overflowed with Pride and Ambition and was ready for revolt. Therefore, God, as The Lord Jesus, The Christ, had to come in Hypostatic Union as a MAN not as a woman because of this function of Female Pride.

In Arrogance Ishah manufactured Sin, the transgression of the mandate of God, in her Fall. The Woman was viciously Arrogant, while the man was STUPIDLY humble. The Woman had no pressure living in the Garden, until Satan put pressure on her Pride by deceiving her about the Tree of the Knowledge of Good and Evil. With the pressure of the potential for vastly increased knowledge from eating the Fruit of that Tree she developed the Ambition to be better than Adam and equal with God.

The principles of the Plan of Satan contained in Good and Evil are not only Satan's policy in ruling this world but his greatest weapon against the believer in the Angelic Conflict. When the [Reversionistic](#) believer seeks his own interests he becomes vulnerable to the lies and prevarications from the Pastor Teachers who never study to teach but are in fact con artists for Evil. These pastors give nice sermons on being good to your neighbors and being kind and doing good deeds or they preach about the greatness of the United Nations or gaining more brotherhood or helping the downtrodden or cutting down the military to give more to welfare. Both the pastors and the congregations who believe these things are in Reversionism. These reversionists are easily led astray by various categories of false doctrine and legalism because these things appeal to their Arrogance and Emotion deeply entangling them into the Cosmic Dynaspheres. Attempting to engage in changing one's life, personality or lifestyle is a major tenet of legalism and is based totally on Arrogance. This is again thinking that something which the believer can do, change his personality or habits to be more pleasing to others, will gain appreciation from GOD! Therefore, the believer who seeks his own interest in the Spiritual Life is vulnerable to the subtleties of Arrogance. The only protection he can have from Arrogance is maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. In addition, the building up of the level of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul is the only way some people will ever have a sense of humor, especially about themselves.

When a woman or child tries to break through the authority structures set up for them they are under the influence Evil and involved in terrible Arrogance. In the original temptation of the woman Satan used the Tree of the Knowledge of Good and Evil relating it to the woman's Prideful Arrogance. Satan wanted to get the woman involved in the subjectivity of Arrogant Pride so as to be able to deceive her and he did this by making her feel superior with his statements of [Gen 3:1-3](#). Under the pressure of the conversation with Satan, she could not think in terms of spiritual things therefore assumed that the properties of the tree itself were deadly and did not realize that death did not lie in the tree itself, but only in the *[Act of Disobedience to God](#)*. Pride always has some counterpart which is exposed when it is placed under pressure causing it to submerge and the counterpart as an antithesis of some category of [Virtue](#) or as some category of Mental Attitude Sin to pop up. In the Case of the woman, Satan, by encouraging her Arrogance, Pride, [Jealousy](#), [Ambition](#), etc., and challenging it, caused her to reject the authority of her right man, Bible Doctrine and God, thus allowing her pride counterparts to surface.

A woman always feels good if she is correcting someone and it is a magnificent thing to see, she very often has thus forgotten about sex and all the things which happen between a man

and woman in so doing. The woman, in the garden in conversation with the serpent, immediately got on to a stronger Pride function by correcting Satan in the serpent. Satan wanted her to be functioning under Pride and entangled in Arrogance because having used this method successfully with angelic creatures, he knew that all humans are deceiveable when under Arrogance. This is another very good reason to avoid Arrogance aside from the other spiritual implications. A person can be deceived so very quickly simply by their staying involved in Arrogance and this is the fastest way for the believer to allow someone to make a fool of him. In this way, God made a fool out of Satan based on this same principle. When she was present during the lectures in their bible classes with The Lord Jesus, The Christ “in the cool of the evening”, about the Tree of the Knowledge of Good and Evil, she was supposed to learn it’s uselessness in having a relationship with God and it’s being useful only to cause focus on and orientation to Grace. God said simply “DO NOT eat of this tree”. Being unable to think in terms of spiritual things, because she was not concentrating on what was taught, she thought the property of the tree was such that it was poisoned and if you touched or ate from the fruit you will die either way. In this manner, she added her ideas to Bible Doctrine based on her Arrogance.

The woman, at this point, was already under Negative Volition to God and was resisting Bible Doctrine and rejecting the authority of her husband Adam, Bible Doctrine and The Lord Jesus, The Christ. She should not have been talking to the serpent, ie. Satan, but should have first cleared this conversation with her husband Adam prior to engaging in it. She was, however, already breaking out from under the rule of her husband, who was the ruler of the world, and was going to believe what Satan said because she was already functioning under Arrogance and pleased teaching the serpent about the tree and to be able to learn something Adam did not know. Satan only had to keep fanning the fires of her Arrogance since a woman is actually 2 very different people, one, her true self, the other, under the influence of Evil in Arrogance. Under Arrogance a woman, and any person in fact, is vulnerable to anyone who can appeal to their Pride. Satan told her that God did not want her to eat from the Tree of the Knowledge of Good and Evil because He did not want her to be as smart as He is. This appealed to the Arrogance of the woman who in her thinking said, “How dare him, I am going to be smarter than Adam and as smart as God and I WILL eat from that tree”. All Satan had to do was get the woman leaning in the right direction and when she had strong enough Arrogance she would go ahead with it on her own. In a state of innocence in the garden, man needed to know Bible Doctrine to orient to Grace and the blessings he constantly received from God, but did not need knowledge of either Good or Evil which only existed to provide understanding and orientation to the plan and policy of Satan. As a result, ALL Human Good, as the production of Evil, the Policies and Plan of Satan, is dead to the Plan and Policy of God which is Grace. ([Gen 2:17](#), [Heb 6:1](#)) After Salvation Adjustment to the Justice of God the Believer must change his mind about the benefits and greatness of Human Good Efforts or Dead Works derived from the principles of EVIL which are production ONLY in the plan and under the policies of Satan. There can be Human Good production which is beneficial to the Human Race but it only occurs as production based on adherence to the Laws of Divine Establishment and Divine Institutions by the unbeliever or believer who is out of fellowship. However this Human Good based on the Laws of Divine Establishment and Divine Institutions produced out from under the Filling of

God the Holy Spirit is of no spiritual value for the believer. Spiritual Death includes all the Evil that the unbeliever THINKS and all the Human Good which the unbeliever DOES and all the Evil and Human Good the reversionistic believer accomplishes based on the policies of EVIL. Thus the production of Human Good is linked with Arrogance to produce Boasting ([Eph 2:9](#), [Rom 4:2](#)) which always stimulates Arrogance.

### **Pride & False Motivation**

Arrogance is responsible for almost all false motivation in life. Many believers witness for Christ from pure Arrogance and many serve in both Christian and social organizations purely from Arrogance. Many professionals become saturated with Arrogance, the motivation, being from their inordinate ambition, is not to be professional and have excellence in their profession, but to move up in the field and gain greater approbation. They accomplish this at the expense or neglect of their organization, by false training or making the members of their organization miserable, whether it is a military organization or any other organization. People very often in their Arrogance are proud of their pseudo Humility and their “suffering” for God. However, the reality of the Christian Way of Life is that whatever ambitions or desires were present when they were an unbeliever, to the advancing believer God says “go for it”. God does not stifle or destroy the ambition of the believer but in his plan he divorces it from Arrogance. This is done so that ambition is something out in front of one’s life that he is driving to get but it is low keyed and merged into Bible Doctrine as he puts his life in the hands of the Lord and advances as a result of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of his Soul. Being thereby motivated from Bible Doctrine to do a better job and work harder and longer hours doing whatever it takes to perform to one’s best the doctrinal motivation has put glorification of the Lord as the ultimate goal in this believer’s plan. So wherever the Lord takes the believer in life is where he belongs and he is therefore never disappointed when he is not at the same level as anyone else. When the believer passes a point of advance in the Christian Way of Life he then forgets about being better than anyone else in any field and never considers others to be “LUCKY” in what they have accomplished. As advancing or mature believers the primary function is focused on the Plan of God and there is never any gambling with the intake of Bible Doctrine but he is secure in the knowledge that he is in a precisely perfect and accurate plan.

False motivation in life always destroys good production. Good motivation can only exist from Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Arrogance produces false motivation and therefore no Christian Human Good Crusader production can ever glorify God but only the one involved in the production who therefore has the unfulfilled potential to do so. The unbeliever is almost constantly under the function or influence Evil and displaying Pride, or some other aspect of Arrogance, unless he has come to recognize and adhere to the principles and authority in the Laws of Divine Establishment and Divine Institutions. Pride’s pressure resides in the Stream of Consciousness of the Soul as a watch dog and is how Satan controls people and motivates people. When involved in any organization there is legitimate Esprit DE Corps but there can also be Pride in the organization and these are not synonyms. Pride always results in erroneously motivating the individual to pursue his own greatness while Esprit DE Corps motivates teamwork for the benefit of the organization.

Pride as the most basic Mental Attitude Sin immediately joins with some erroneous thought process from Evil. Satan's objective is to control every creature he can APART from any involvement with God and Evil is his method for accomplishing this. Satan's Arrogance arose because he was one of the most perfect creations of God and assumed he had the capacity to administer angelic creation just as good as God. As a result of this pattern there developed the relationship between his Arrogance and distorted Motivation thus producing his genius policy of Evil. Evil as Satan's genius policy represents the thinking of one of the smartest creatures ever to have lived and his intelligence is vastly beyond that of any human being. His plan and policy of Evil is in operation in all the functions on this earth since the fall of man and this policy of Evil is what all humans live from their birth to their physical death. However, God has provided safeguards for mankind against this policy in the form of Bible Doctrine and the functions of the Divine Institutions and the Laws of Divine Establishment. These principles of Christian and Establishment doctrine must be inculcated and metabolized into the Stream of Consciousness of the Soul and adhered to by mankind in order to be useful to protect and preserve the Human Race. Pride, therefore, is a sin of Motivational Arrogance which like all Mental Attitude Arrogance lines up with thinking under Evil, Satan's plan and policy for ruling this world and which therefore IS a system of thought based in Arrogance.

The greatest issue with Evil motivation is that most believers in [Reversionism](#) under the influence of Evil have the primary dysfunction of their soul being Pride or some other aspect of Motivational Arrogance as Mental Attitude Arrogance. Their Pride is always foremost with them and they always have Evil motivation and Pride blinds them to the Evil in their motivation. This then causes them to fail to see their [Human Viewpoint](#) perspective and irrationality and therefore they always distort their Evil motivation into something considered by mankind to be "good". The believer in [Advanced Maturity Adjustment to the Justice of God](#) who has received his Ultra Super – Grace blessings is a constant challenge to any aspect of the Pride or Arrogance of anyone in his periphery. This is what begins the cycle of the challenging of Pride and it submerging and then exploding into a myriad of Mental Attitude Sins and these joining to activate greater Motivational Arrogance from Evil. These reversionistic believers all think they are doing good things in life while, in fact, they are functioning under Evil and totally [BLIND](#) to the actual result of all that they do. When the Old Sin Nature generates a temptation for Mental Attitude Sin and it is accepted by one's volition, this immediately draws strong motivation from Evil and this becomes a very strong system of false motivation in life. As a result it is an apparent absolute that:

- Mental Attitude Arrogance with Mental Attitude Sins + Influence of Evil == Strong False Motivation

Unfortunately this usually results in some very extensive [Human Good](#) activity which is the overt function or production of Evil. False motivation in the soul provides a tremendous stimulus to the nervous system and a great deal of nervous energy is generated and people become vigorous in DOING THINGS and it is all because of the nervous energy generated from this Evil motivation. When person's nervous energy generated is the result of false motivation then the nervous energy becomes totally involved in Human Good production and this human

good energy is therefore the individual functioning in the satanic plan. Therefore, the believer, in this way, makes self totally vulnerable to and a slave of Satan by means of his own Arrogance or Pride.

One of the greatest pressures to one's Arrogance is to have something which belongs to one, which he has built up in his soul contributing to his idea of personal greatness challenged by someone else or to have someone he loves or thinks he loves taken from him. This causes Pride to scoop down into the soul and bring up [Jealousy](#), Vindictiveness, Retaliation, etc. Jealousy becomes the strongest false motivator in this individual's life because Pride under pressure triggers it and while Pride is the basis for all pseudo or false motivation this motivation is not always manifest by Pride itself but may be manifest through one of the other counterparts to Pride. Jealousy has motivated many things in life and Jealousy is from Pride under pressure when Pride is offended, hurt or destroyed. This is one means of Satan controlling individuals and subverting the Plan of God whenever it is possible and this is where PSEUDO or FALSE MOTIVATION originates.

There is a principle to be considered regarding resistance to Bible Doctrine, when people resist Bible Doctrine they will inevitably get into some form of because they have in effect used their volition in a negative way to enter the Interlocking System of Arrogance by Negative Volition Arrogance and eventually will enter into Reversionism as well. This involvement in Arrogance will inevitably expand their distorted concept of SELF in one or more areas. This is a form of pseudo prosperity of the soul whereby they reject Bible Doctrine by resisting or neglecting it and this is the process of the self aggrandizement of Pride. When this is advanced and expanded it will eventually become a hangup in the soul or precursor of a [Hangup](#) or syndrome. This can be called the Resistance to Bible Doctrine Syndrome. Sooner or later the teaching of Bible Doctrine or even the idea of attending regular bible study classes, offends or challenges the Pride of the negative believer in some way or area of his thinking. When this occurs Pride undergoes the compression activity whereby it becomes a trigger mechanism starting the whole process of false motivation and disintegration of his Spiritual Life.

The area of weakness of the Old Sin Nature is the source of all temptation to sin including these Arrogant Mental Attitude Sins. Falling into Reversionism and succumbing to the influence of Evil merely inflames these temptations to Mental Attitude Sins to the point where they become a lifetime pattern producing false motivation, vengeance, the Pride or boasting of overshadowing other people, having hangups of all sorts in the soul with subjectivity and a variety of psychological dysfunctions. Almost every failure in life goes back to a combination of the fact that challenged Pride compresses and forms a strong pressure in the soul which when it explodes and triggers all sorts of Motivational Arrogance of Mental Attitude Arrogance with Mental Attitude Sins. Once these Mental Attitude Sins are released they merge together in a sphere of Evil and are related to Pride. ([1Tim 6:3-4](#)) This pressure placed on Pride with the release of Mental Attitude Sins then motivates Verbal and Overt Sins even causing [Emotional Revolt of the Soul](#) as a result of prolonged involvement in Reversionism. Therefore, as Pride explodes and releases these Mental Attitude Sins which bombard the Right Lobe of the Stream of Consciousness of the Soul they eventually alter the Frame of Reference and Scale of Values

and combine to put on the launch pad of the soul discord, gossip, maligning, Jealousy and retaliation in all forms against the attack on the initial area of sensitivity regarding Pride. This is the believer who leaves the Plan of God and policy of God and merges into and combines with EVIL, the policy and plan of Satan. All believers who put forward their areas of sensitivity under the function of Blind Arrogance always become the slaves of Satan. However, this is not a permanent status and it will be terminated by either their recovery from Reversionism and Arrogance or the Divine Discipline of the Sin Unto Death.

This is true of believers and unbelievers as well and these people may spend their entire lifetime trying to destroy the one who challenged their Pride. This is why people are attracted to and choose to function in a “Christian” system which has them working for God, witnessing, engaging in long prayer time, joining Christian organizations all which are or have functions which can restore their Pride and show others that they were wrong about them. This is where people get into Reversionism and don’t even know they are in Reversionism. These believers are sweet, pious and moral EXCEPT when you bring up that which challenges their Pride and this releases their Mental Attitude Sins motivated by Evil and this forms a lifetime of false motivation. This Christian monster causes dissension and strife in the name of the Lord. ([Phil 1:15](#)) They resist Bible Doctrine properly taught by their right Pastor Teacher as well as the authority of the Pastor Teacher and by this reaction produce strife and discord in the Local Church. As a result of the false motivation in their soul, legitimate functions such as witnessing, prayer, service in the Local Church become an operation of the production from Evil and many times a system of retaliation. This Evil is what causes the strife and discord which undermines the Pastor Teacher and his authority and ends with divisions in the Local Church. When these believers are reprimanded by the Pastor, their friends or associates, they gather their coterie of followers, their social clique, and lead them into a labyrinth of confusion and a maze of [Reversionism](#) from which recovery is almost hopeless since they have entered into a battling network of wrong turns.

True sensitivity and thoughtfulness of others is based on Grace thinking and [Grace Orientation](#) which produces it and insulates the believer from building hangups, [Inordinately Competing](#) with other believers and thinking of other believers in terms of Arrogance and Pride. The believer should not and cannot have the attitude of constantly competing with others nor have hangups in the soul carrying around Arrogance in the soul while crossing the “No Man’s Land” under Super – Grace B support. With these failings he will lose spiritual momentum every time and as a result end with neglect of Bible Doctrine and in Reversionism. Hypersensitive believers are totally subjective about themselves and totally insensitive to others and this is one true sign of their Arrogance. This is lack of thoughtfulness for others and they are the people who stand around and wait for someone in a group to speak with them and if no one does they claim the group or church is not friendly. Out of this comes the principle that ONE CANNOT BUILD HIS HAPPINESS ON HIS OWN ARROGANCE JUST AS ONE CANNOT BUILD HAPPINESS ON THE UNHAPPINESS OF OTHERS. When one is insensitive and thoughtless toward others he is building happiness on the unhappiness of others.

Beware of this type of person who cannot ever be satisfied and has a facade of sweetness

which is phony and who is a fraud under that facade. This hypersensitive type is like the carbide used to polish diamonds having a facade of piousness and sweetness over their Arrogance and insensitivity. This hypersensitive Arrogant person is going to be demanding as long as they live and are totally insensitive to the one to whom they make demands. This type of woman cannot properly handle children making servants out of them using motherhood to alienate the affections of the children. She disciplines them because they don't satisfy her [Hypersensitivity](#), and in addition she despises and disciplines her husband by pouting and nagging and making him miserable in every possible area of life because she is a hypersensitive Arrogant creature. However no one will ever recognize her as Arrogant because she is mealy mouthed and full of pious phrases. On the surface these people appear attractive but underneath their facade they are hard, cruel, Arrogant, selfish, implacable, vindictive and demanding and cannot ever be satisfied. Such a person, male or female is like a day laborer and must feel the fist of some strong man in authority. The Husbands of this type of woman cannot ever treat their wives in a nice sweet way because the minute he does he has a monster on his hands. This hard woman appears very fragile and attractive on the exterior and can destroy a powerful man with her pall of gloom and pouting and if he succumbs to this system he will become a weak pathetic person from the constant nagging of such a woman. She will constantly nag and put pressure on this man until he is a slave to her whims or until he breaks her down making life so miserable for her that she straightens up or they spend their entire married life fighting every day. Some men will have to constantly fight for their freedom and authority every day and the worst enemy they have in the world is the woman they married.

Therefore, Pride is an extremely strong Mental Attitude Sin ([1Tim 3:6](#)), and a person can build their whole life around trying to refute someone else who has injured their Pride. In our scientific based society this is why professors and researchers publish article after article in order to be able to place themselves above others. This is why pastors and church members think having or being a part of a large congregation is a great thing, it is for them an impressive thing, a status symbol. The size of any congregation has nothing to do with a man's ministry and God uses prepared men in every conceivable way. There are very large congregations which often act as the stimulus of false motivation for other pastors who become Jealous of the one who has such a large congregation following him. This Jealousy occurs because Pride is hurt by someone else having more people in their organization than they have. If one has hangups related to Pride, unless he grows up in the Spiritual Life and moves to Maturity Adjustment to the Justice of God or beyond, all of his life he will think he is motivated by God the Holy Spirit or Bible Doctrine but in fact is only being motivated by Arrogance. Some men talk about and devote their whole lives to serving God when in fact they actually are not and their Pride under pressure triggers this whole system of Arrogance. This system starts with Mental Attitude Sins such as Jealousy and implacability and from there goes into every aspect of motivation and function under Evil. These Mental Attitude Sins as Mental Attitude Arrogance develop from and move one deeper into the Evil principles and policies of Cosmic Dynasphere thinking, which is the whole system and policy of Satan. In this way complete ministries in the history of fundamentalism have had nothing more than pseudo motivation and Human Good production resulting from influence by absolute Evil.

The only hope for hypersensitive believers is a return to effective Post Salvation Epistemological Rehabilitation from consistent Perception, Cognition, Incultation & Metabolization of Bible Doctrine but to do so they must accept the authority of their right Pastor Teacher which they generally will not do. Consequently they live life making one wrong decision after another and live in the labyrinth of Reversionism for the rest of their lives until they exit under the Sin Unto Death. The correct decisions in life demanded for recovery are unthinkable to such Arrogance because this demands recognition of the authority of the HATED right Pastor Teacher and concentration on that very Bible Doctrine which condemns their thoughts and motivations. It is in fact the Proudful Arrogance of the reversionist which is put under pressure by accurate teaching of Bible Doctrine which begins the whole process of degradation and disintegration of their life.

### **Pride vs Maturity Adjustment to the Justice of God**

The Motivational Arrogance of Mental Attitude Arrogance with its Mental Attitude Sins requires exclusive devotion and is therefore totally intolerant of rivalry. Consequently [Jealousy](#) is the basis for strong motivation and many of the syndromes, hangups and subjectivity in life, all these being directly related to Jealousy. There is Blind Arrogance where people are Arrogant and do not recognize it and therefore there is also HIDDEN Jealousy, a strong part of Mental Attitude Arrogance and where people don't face up to their arrogance tendencies and remove them from their thinking they inevitably have a miserable life. Obviously then, a person who can face and get rid of his Mental Attitude Arrogance and Mental Attitude Sins is a person who invariably has great capacity for life. Many believers are hindered in their advance to Maturity Adjustment to the Justice of God because of hangups developed in their soul where they try to prove or demonstrate something to the one they feel is their judge in life, the one who has challenged their Pride in some way. This forms a whole system of false motivation and a system of false capacity for life which hinders reaching, moving into and maintaining Maturity Adjustment to the Justice of God. These people can listen to Bible Doctrine for a long time and be on a cycle of bible teaching which never covers this point and wonder why they are not making progress. Unfortunately, if one cannot look into his own soul and see the Blind Arrogance and hidden Jealousy residing there, he cannot remove them and therefore cannot make any progress in the Spiritual Life.

Pride in relationship to God is one of the most ghastly things ever, ([1Sam 2:3](#), [Job 33:16-17](#), [Prov 8:13](#), [Prov 11:2](#)) and the Christian Way of Life is not designed to tolerate these kinds of hangups in the soul. The beauty of moving ahead in the Spiritual Life to Maturity Adjustment to the Justice of God is that once the believer breaks through into Maturity there will remain NO appreciable hangups in the soul just the capacity to enjoy his Escrow Super – Grace blessings in the 5 temporal categories. As he starts across the [No Man's Land](#) of continued spiritual advance after Maturity Adjustment to the Justice of God by using [Bravo Grace](#) provisions, he may develop some slight hypersensitivities, not necessarily Pride, but still areas where he is vulnerable to attack. However, as he comes under and utilizes Bravo Grace support, which results from the combination of Living or Logistical Grace and his Escrow Super – Grace blessings for time, which have merged into constant logistical support for this advancement, he will counter act this attack. For this very reason having reached Maturity

Adjustment to the Justice of God and then moving into the No Man's Land of [Intermediate Maturity Adjustment to the Justice of God](#) it is so very easy to crash in the Stream of Consciousness of the Soul and fail and even fall down through all the stages of [Reversionism](#). However, IF one is persistent and reaches Advanced Maturity Adjustment to the Justice of God and receives his Ultra Super – Grace blessings, he will then be totally free from any hangup of any kind and everyone else around him will be hung up about him and as a result will be attacking him. Because of this they will be being cursed for it and he will be receiving maximum blessing from it. The person who thinks that pushing ahead in the Spiritual Life to reach Maturity Adjustment to the Justice of God and beyond is ONLY to be able to receive the rewards of Super – Grace and Ultra – Super Grace is involved in the Interlocking System of Arrogance through Pride or Mental Attitude Arrogance and is in fact a stupid subjective disoriented individual functioning totally apart from the Plan of God.

Pride or Mental Attitude Arrogance is always frustrated by someone coming along who is in authority and who exercises that authority effectively or who has done what the Proudful individual is doing but much better. This can only be assuaged by the proudful believer attacking the one who pressures his Pride. If there is success in this attempt to ridicule, discredit or destroy this one who attacked his Pride then up comes greater Pride and the interlocking with more categories of Arrogance. Once a believer begins the move into the No Man's Land of Intermediate Maturity Adjustment to the Justice of God their Mental Attitude and motivation will constantly be under fire from every Cosmic Dynasphere corner while they continue to advance across this No Man's Land of grossly intensified pressure. There is no greater test for Mental Attitude and Motivation than when a believer is crossing the No Man's Land of Intermediate Maturity Adjustment to the Justice of God. However, once he reaches Advanced Maturity Adjustment to the Justice of God and receives his Ultra Super – Grace blessings there is no irresolvable difficulty of any sort for this believer. This is the most wonderful place in life where all pressures, opposition and attacks only bring GREATER blessing and happiness and result in GREATER suffering and misery from Divine Discipline for the attackers.

Pride very often also causes a complex to form in the soul of the believer causing him to lose contact with the reality of his Logistical Grace support. Any aspect of Pride along with a predilection to instigating Strife or Contention among others eliminates Logistical provision support for that believer while crossing the No Man's Land of Intermediate Maturity Adjustment to the Justice of God. This believer having moved himself out of the Plan of God now fails and falls immediately into [Reversionism](#) and comes under the aspects of Divine Discipline in 3 categories which can eventually end with the Sin Unto Death if his status is not rectified. There is no way to cross No Man's Land with the delusions of Pride or any aspect of the Interlocking System of Arrogance in the soul since this divorces the believer from the reality of [Bravo Grace](#) as his lifeline. His failure to use Bravo Grace in crossing No Man's Land inevitably results in the systematic destruction of his Spiritual Life. A key part of using Bravo Grace is that the believer must have indomitable [Grace Orientation](#), Problem Solving Device #4, developed as an [Adolescent Believer](#). In fact, there never is a greater demand for Grace Orientation than when one is crossing the No Man's Land of Intermediate Maturity Adjustment

to the Justice of God and moving toward Advanced Maturity Adjustment to the Justice of God. It becomes crystal clear then that orientation to Bravo Grace is the antithesis of Arrogance or Pride. The person with Grace Orientation is free from Pride but also has total self confidence, which is based on maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of his Soul and the Filling of God the Holy Spirit, and is not linked to Arrogance, therefore this believer has a completely Relaxed Mental Attitude. He does not try to prove himself better than anyone else and is not hung up on the ability or success of others and is not in competition with other believers with whom he serves and thereby he has the means of crossing No Man's Land successfully.

Maturity Adjustment to the Justice of God and its developed capacity for life is perpetuated by persistence in Post Salvation Epistemological Rehabilitation through the constant function under the [Grace Apparatus for Perception](#), Operation Z. When the wealthy believer, who has reached Maturity Adjustment to the Justice of God and received his temporal Escrow Super – Grace blessings, begins to neglect Bible Doctrine he inevitably becomes occupied with his wealth and riches. He becomes occupied with the BLESSINGS from God, instead of being under Occupation with the Source of those blessings, the Person of The Lord Jesus, The Christ. He becomes occupied with self and develops or strengthens the Arrogance of Pride, which he has been constantly warned of during his spiritual advance to Maturity Adjustment to the Justice of God. ([1Tim 6:17](#)) Love for the blessing, the source of blessing, causes the believer to continually enjoy all of his blessings. This Category I Love of The Lord Jesus, The Christ is the result of maximum [Metabolized Bible Doctrine](#) in the Stream of Consciousness of the Soul. Enjoyment of one's Escrow Super – Grace blessings, received as a result of reaching Maturity Adjustment to the Justice of God, is due to the capacity developed from acquiring maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Therefore the confidence of the believer must always be in the SOURCE of blessings in order to actually enjoy the content of the blessings.

Mental Attitude Arrogance and its Sins merge into a thought process directly from the influence of Evil and this inevitably slows down or terminates the spiritual advance of the individual until there is an actual challenge to this Evil Influence or until specific doctrines remove it from the soul and the believer becomes a truly relaxed person under the principle of Grace. Once the believer moves into Maturity Adjustment to the Justice of God there can remain no hangups in the soul. All subjectivity of the soul must be replaced by objectivity and total Occupation with the Person of The Lord Jesus, The Christ. The believer cannot have capacity for love and be under Occupation with the Person of The Lord Jesus, The Christ under Category I love and retain inner hangups. If the believer has no capacity for loving Christ who is unseen, he obviously does not have capacity for loving those visible in Category II or Category III Love.

Rejecting the principles and mechanics of reaching Maturity Adjustment to the Justice of God finds the believer in [Blind Arrogance](#) and functioning under the Motivational Arrogance of Mental Attitude Arrogance involving [Jealousy](#) and this is a result of rejecting doctrine and / or the teacher of Bible Doctrine. This is ultimately why believers become subjective, reactive and as a result of their moving into the Interlocking System of Antagonistic Emotional Hatred,

antagonistic to the teaching of Bible Doctrine. Pastors and others who teach false Bible Doctrine and do not concur with True Bible Doctrine, in their Arrogance become intensely involved with the false doctrine, think in their minds that true doctrine is wrong therefore for them it becomes wrong and this is Blind Arrogance. These people Pride themselves on knowing all there is to know about Bible Doctrine and when they hear a doctrine which they are not familiar with, this challenges their Pride eliciting a reaction from them. This forms a lifetime pattern of reaction and rejection of authority and develops all the possible hangups of life and invariably moves this believer into Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred. The detailed study of Maturity Adjustment to the Justice of God is always a challenge to those who desire to be moving in that direction. However this also becomes a source or stimulation for reaction to those whose Pride is offended when they realize that they are NOT in nor moving toward Maturity Adjustment to the Justice of God. This reaction is then directed against the communicator and the Bible Doctrine related to this subject. As a result this doctrine is perceived as being too technical or boring or offensive to their Pride in some way. This results in the development of a morbid obsession with refuting Bible Doctrines, especially when the Bible Doctrine becomes more complex. This morbid obsession is the result of a combination of many categories of the Motivational Arrogance of Mental Attitude Arrogance with its Mental Attitude Sins from and forming into thinking processes totally from Evil in the Stream of Consciousness of their Soul. By this mechanism they immediately set self up as an authority and enter into controversy with the Pastor Teacher, friends or anyone who follows the true Bible Doctrine.

### **Pride in Weak vs Strong Believers**

Pride is a subtle sin, equally as subtle as the originator of Pride which was Satan or Lucifer the son of the morning. Pride creeps into bed and seduces the sleeping non alert believer whether weak or strong by means of his **Tragic Flaws**. However, Pride manifests in different ways in the strong vs the weak believer because Arrogance as a problem to be dealt with in the Spiritual Life always has different manifestations in the weak vs the strong believer. For the weak believer, Pride is demonstrating by his judging others, and engaging in maligning and expressing bitterness through revenge and retaliation. For the strong believer Pride is seen in his intolerance of the weak believer because of his lack of **Doctrinal Orientation**. The weak believer has the **Arrogance of Ignorance** while the strong has the Pride of cognizance and **Achievement**. False standards are then used and combined with Arrogance by the weak believer to turn him into a spiritual tyrant or fascist bully while true standards from Metabolized Bible Doctrine in the Stream of Consciousness of the Soul are linked with Pride in the strong believer to vent sarcasm and intolerance toward the weak believer.

### **Pride vs Confidence**

Most believers have never stopped to really look at the comprehensive text book on Pride, the BIBLE, which has a great deal to teach about Pride and Arrogance whereas the study of Pride by psychology has about 1% of what is available to understand about it and Arrogance. There is, at times, a very fine line between true confidence as appropriate self confidence and sinful Pride as inordinate self confidence. The advancing believer will have a certain level of confidence in relationship to things of life, unfortunately, when he exhibits this in public those

who lack any confidence in themselves inevitably claim he is Arrogant and proud, but this simply demonstrates their stupidity and insecurity. There is an immense difference between Arrogance and having a strong character with confidence. Confidence with a strong character emphasizes Flexibility while Arrogance emphasizes and demonstrates stubbornness and Inflexibility. Neither stubbornness nor the Pride of inordinate self confidence is reflective of a strong character but only shows inflexibility and Arrogance. Furthermore, Arrogance + stupidity + inflexibility does NOT represent strong character either. Arrogance blinds one to reality so that Self Righteousness + any other Arrogance == total divorcement from reality. People who are divorced from reality but who are taken seriously by others are extremely destructive. They assume they are smart even brilliant and may very well be but their Arrogance renders them stupid. They are very often also paranoid, thinking they have many enemies when in fact no one knows them or cares about them. Inconsequential People who think they have many enemies and are paranoid have such intensified Arrogance that it causes them to be totally divorced from reality. Women tend to call men who are overbearing with them or simply smart about women, Arrogant or PROUD. This is a reaction to the true confidence in a man. A woman who RESPONDS to true confidence in a man sees stability and nobility in him not Pride or any other aspect of Arrogance. The fact is that many individuals, who are seen by others as Arrogant are not at all Arrogant but have great Poise, confidence and capacity for life. Women who have great capacity for life are often envied by other women and called proud or Arrogant but no one should ever judge another from what can be seen on the outside and in fact should never judge at all. The proudest people ever to be seen are often round shouldered, mealy mouthed, self effacing, pseudo humble people and their Arrogance is most vicious as demonstrated by their INORDINATE Competition.

### Mental Attitude Arrogance & Testing

When under pressure the believer should think in terms of the principles of Grace such as where the Logistical Grace rationale says, 'I am alive and therefore God has a plan for my life'. The basic purpose of pressure in the life is to test the believers understanding and reliance on the simple principles of Bible Doctrine beginning with Logistical Grace. "Eternal God is our refuge and underneath are the everlasting arms", is a promise given to every believer with regard to his logistical support. The believer must NEVER WORRY about anything since worry is fear, cowardice and Self Centered Arrogance. After Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ, alone, ***GOD is totally responsible for and obligated to sustain the life of every believer on this earth with whatever is necessary for him to be able to advance in the Spiritual Life and execute the Protocol Plan of God.*** The believer will live as long as God has a purpose for his life in the Divine Plan and when that purpose is completed GOD alone will remove that believer to be with Him for eternity. Therefore, the pressures on the believer from Divine Testing always emphasize Grace while Divine Discipline only emphasizes FAILURE TO REMAIN IN THE PLAN OF GOD and the 2 can be differentiated by their tolerability.

People Testing occurs when people become a distraction to momentum through either personal love or hatred. The Reaction of the believer in LOVE testing is disillusion and bitterness followed by implacability and vindictiveness. The Reaction of the Believer to personality

conflict is hatred, revenge motivation, personal insensitivity, and the expression of all sorts of Arrogance in the form of hostile subjectivity. All reaction uses human volition to convert temptation to sin and entangle the Believer more deeply into Cosmic Dynasphere I, the Interlocking System of Arrogance or move him into Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred. The solution to people testing is [Impersonal or Unconditional Love for Mankind](#) under the mandates of the [Royal Family Honor Code](#). The Pastor Teacher is authorized and given authority in the local church to control the gossip, maligning and judging which can occur there as a reaction to people testing. The Pastor Teacher thus emphasizes the Privacy of the Royal Family of God and Impersonal or Unconditional Love for Mankind and by this eliminates or controls the Arrogance and selfcenteredness of his congregation preventing them from succumbing to people testing.

[Thought Testing](#) is generally related to some level of [Negative Volition](#) to Bible Doctrine where in the Interlocking System of Arrogance self is made the primary Arrogant issue and there is basic indifference to Bible Doctrine while in Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred, there is overt antagonism toward Bible Doctrine. In either case this Negative Volition also eventually places the believer into [Reversionism](#) where he has complete frustration in his Spiritual Life. Thought distraction is related to Arrogant preoccupation with self, Hypersensitivity or results from prejudice and [Inflexibility](#) in resisting Bible Doctrine teaching.

[System Testing](#) is related to [Authority](#) and [Institutional Arrogance](#) and is the inability of the believer to properly function in an organization.

[Disaster Testing](#) is generally related to the calamities, catastrophes, disasters and personal losses of Life.

There are many things which can keep the believer from advancing in the Spiritual Life. Some are reactions to personal, natural or historical disaster, others have to do with Arrogance, hypersensitivity, etc. Many believers claim they are doing their job as unto the Lord but in reality they only seek approbation and recognition having blatantly obvious known Arrogance or completely unknown Blind Arrogance. This hinders spiritual advance and many who think they are moving ahead in the Spiritual Life are in fact moving backward. The Mental Attitude of these believers carries them backward and the believer must be constantly aware of his Mental Attitude status in order to remain focused on the reality of his position and situation as a believer. While Advancing from Maturity Adjustment to the Justice of God to Advanced Maturity Adjustment to the Justice of God the greatest problem for all believers will be Mental Attitude testing since this is where the greatest Mental Attitude tests in all of life will occur. If this testing is failed it can throw the believer instantly out of Maturity Adjustment to the Justice of God and into deeply into Reversionism. The issue is that any time a believer moves into a high sphere of the Spiritual Life and glorification of The Lord Jesus, The Christ he must have the best possible Mental Attitude of his entire life. This necessary greatness of Mental Attitude is challenged in many ways of which Arrogance is the greatest but also where other distractions combine with Arrogance as well.

Undeserved Suffering is the mechanism directed to the believer to TEST his inculcation of Bible Doctrine and to eliminate the occupational hazard of Pride or Mental Attitude Arrogance. ([2Cor 11:24-33](#), [2Cor 12:7-10](#)) Undeserved Suffering in the Spiritual Life as testing for blessing begins as the believer moves from spiritual youth to the early stages of Spiritual Adulthood. It continues in progressive stages through spiritual adulthood with a rest period at the point of reaching Maturity Adjustment to the Justice of God. The greatest testing of Undeserved Suffering occurs in the No Man's Land of Intermediate Maturity Adjustment to the Justice of God as the believer is moving toward Advanced Maturity Adjustment to the Justice of God. The believer moving toward Advanced Maturity Adjustment to the Justice of God has to meet this test of Undeserved Suffering and pass it mentally, physically and spiritually. However, the greatest Undeserved Suffering is Mental Attitude testing and many fail in this area, falling from Maturity Adjustment to the Justice into Reversionism and becoming neurotic or psychotic. This type of testing is the greatest test of objectivity and many believers become totally distracted from true objectivity by their social life or business life or many other aspects of life, all which can destroy objectivity. As objectivity in life shrinks Arrogance increases and it is impossible to pass Undeserved Suffering testing at any level with growing Arrogance in the Stream of Consciousness of the Soul. In fact it is the Undeserved Suffering testing which is designed to REMOVE a maximum concentration of Arrogance from the believer's soul.

### **Defense Mechanisms leading to Maladaptive Defense Mechanisms**

Unfortunately the Defense mechanisms often needed in childhood can form the basis for [Self Righteousness](#) and result in the child never quite growing up in his soul. This often results in entrance into the Interlocking System of Arrogance and function under the [Arrogance Skills](#) from reaction to injustice in life. This reaction results in [Black out of the Soul](#) and [Scar tissue of the Soul](#) and a deep involvement in Reversionism for the believer. Everyone faces injustice in life and it is much better to face injustice as a true mature adult than as a never grown up child. Plaintiff Function before the Supreme Court of Heaven requires that in any and all cases of injustice the believer must present the problem to God and allow the Supreme Court of Heaven to deal with the problem and by this means avoid involvement with the [Arrogance Skills](#), Arrogance Sins, and [Emotional Sins](#). The unbeliever understands in mental maturity that there is injustice in life and learns to deal with it on the basis of functioning under the Laws of Divine Establishment and Divine Institutions. The Believer who has grown in the Spiritual Life understands that injustice is to be dealt with using the [Problem Solving Devices](#) which are developed as a result of consistent Post Salvation Epistemological Rehabilitation from daily Perception, Cognition, Inculcation and Metabolization of Bible Doctrine and then deployed onto the Forward Line of Troops of the SOUL. The child, however, does not have this orientation to the world nor does he have the saturation of Metabolized Bible Doctrine which can produce the Forward Line of Troops of the soul to deal with injustice. Injustice perpetrated on the child often wipes out Faith and [Humility](#) and this sets the child back tremendously in his maturity development. If the Maladaptive Defense Mechanisms are added to the reaction of the child toward injustice, and these then persist into adulthood, it becomes extremely difficult for the adult-child, who was involved in injustice early in his life, to solve the problems arising from injustice and the persistent defense mechanisms because of a lack of faith and teachability.

Whether the individual has carried the fact of injustice with him for many years or has just discovered the possibility or reality of it after many years as a result of some form of recall, he must not react to the past problem. He must allow the Supreme Court of Heaven to judge it and HE MUST use the solutions which God has provided for the believer from Eternity Past in the [Problem Solving Devices](#). Human Solutions of any kind, even when the believer is not at fault at all, puts him straight into compound sinning and involvement in the Interlocking System of Arrogance and / or Interlocking System of Antagonistic Emotional Hatred. Human solutions to the problems of life produce Arrogance while divine solutions produce [Humility](#), happiness, contentment and tranquility. One cannot ever have true happiness with Arrogance in the soul. Tranquility means absence of Arrogance which results in inner happiness and stability in the soul. Poor manners in any individual are a strong sign of Arrogance and selfcenteredness. Good manners often indicate Humility, thoughtfulness of others and recognition of the fact that one does not have to share his burdens or failures with everyone else, EVER. This is unfortunately exactly the problem which arises as a result of public confessions in a local church and in group therapy under psychology and is total [Self Absorption](#) on the part of the one confessing. There is almost nothing worse for the Spiritual Life than Self Absorption and this increases as the believer moves through each of the 8 Stages of [Reversionism](#).

#### Forward Line of Troops in the Child

Parents are supposed to be the Forward Line of Troops for the soul of their children and if a child reacts with guilt, shame, etc., to situations in life, the result is that it is difficult if not very rare for the child to ever come to Salvation Adjustment to the Justice of God. This child becomes very self centered after experiencing these difficult adverse situations in life and it becomes very difficult for that child to see REALITY or have OBJECTIVITY and there is a strong predilection to involvement in the Interlocking System of Arrogance.

#### Maladaptive Defense Mechanisms & Arrogance

Biblical terminology for the Stream of Consciousness of the Soul is (gr) 'Kardia' or (heb) 'Leb' and is always translated 'Heart' and refers to the conscious mind in the Right Lobe of the Soul. The subconscious is the location or collecting point or 'dump' for the Garbage from the conscious mind which includes the Emotional Sins, Arrogance sins, Trauma, etc. Both Emotional and Arrogance sins as well as major trauma can be repressed into the subconscious mind as garbage. In situations of trauma and abuse in childhood, the Child uses dissociation, repression, denial, etc., as Defense Mechanisms to repress these events and protect his mentality but in the adult these same defense mechanisms become Maladaptive and will destroy the person if they persist by causing excess garbage accumulated in the subconscious which then bleeds over into Stream of Consciousness of the Soul. Garbage in the subconscious which has been developed before Salvation Adjustment to the Justice of God does not remain in the subconscious but persistently bleeds or leaks back into the Stream of Consciousness of the Soul. It is one's involvement in the Interlocking System of Arrogance which often acts as a catalyst to bring garbage from the subconscious back into the Stream of Consciousness of the Soul to conflict with Metabolized Bible Doctrine.

The defense mechanisms are functions to reduce, eliminate or alleviate the mental conflicts or stresses in the soul which cause anxiety, fear or primarily guilt in the child. One of the worst sin complexes and also the greatest builder of garbage in the subconscious is [Guilt](#). These defense mechanisms are designed to rid the child of any lack of self esteem or any impulsive behavior patterns or any focus on failures in his life. Old Garbage is what has occurred from childhood to Salvation Adjustment to the Justice of God while new Garbage is what occurs from Salvation Adjustment to the Justice of God to physical death.

The mechanics of this Maladaptive Defense process can follow a pattern similar to what occurs when one engages in [Bitterness](#). Bitterness, as an Arrogance sin, creates Garbage in the Stream of Consciousness of the Soul and under its influence one blames others for his own faults. He suppresses all his own faults into the Subconscious in [Denial](#) which is tantamount in the computer vernacular to 'Garbage In'. Then when he encounters a difficulty in his life he blames others for these problems and he takes his own flaws or sins, which he does not recognize as being his, and [Projects](#) them onto others in his periphery, this is 'Garbage Out'. This becomes Judging, Maligning, and Gossiping about others. When one begins judging others he also builds up in his soul Guilt, [Jealousy](#), etc., and then he dumps this personal garbage onto some one else with projection. These Maladaptive Defense Mechanisms are not, by any means, substitutes for the [Problem Solving Devices](#) provided in the Protocol Plan of God. For the adult believer Garbage is accumulated in the Stream of Consciousness of the Soul and originates as a result of his moving into and through the 8 Stages of [Reversionism](#) and is for him a post Salvation Adjustment to the Justice of God experience.

Garbage in the soul is:

- ✧ Related to involvement in the Interlocking System of Arrogance.
- ✧ Related to involvement in the Interlocking System of Antagonistic Emotional Hatred.
- ✧ Related to acquiescing to the Lust Patterns of the Old Sin Nature including, power, approbation, social, pleasure, sexual, chemical, monetary, criminal, crusader, and is where rationalization enters with its flaws and imposes these onto others.
- ✧ Related to stress in the soul
- ✧ Related to stage 4 of Reversionism, [Emotional Revolt of the Soul](#)
- ✧ Related to stage 6 of Reversionism, [Blackout of the Soul](#)
- ✧ Related to stage 7 of Reversionism, [Scar Tissue of the Soul](#)
- ✧ Related to the Maladaptive Defense Mechanisms
- ✧ Related to the Old Sin Nature control of the Soul and the functions of the Essence of the Old Sin Nature with its, Lust patterns, Trends toward Self Righteous Arrogance and Legalism or Antinomianism, Lasciviousness and Malice and its Area of Weakness and Area of Strength generating temptation to throw against one's volition.

### **Maladaptive Defense Mechanisms**

Ignorance cannot exist in and is excluded from the Protocol Plan of God but ignorance coexists with Arrogance. Ignorance of Bible Doctrine evades the reality of God's Plan, Purpose and Will for the believer's Life. Without this reality he will when under pressure in life readily enter

into the Maladaptive Defense Mechanisms. The Interlocking System of Arrogance makes a believer, even one who has reached Advanced Maturity Adjustment to the Justice of God, vulnerable to intimidation, selfcenteredness, fear, self pity and a distortion of facts in his own mind. When the facts of one's life are distorted with [Self Justification](#) and [Self Righteousness](#) recovery is extremely difficult if not impossible. The Interlocking System of Arrogance always destroys the spiritual priorities of the believer in time. Problem solutions for believers do not ever need Psychological solutions nor Maladaptive Defense Mechanisms. The Maladaptive Defense Mechanisms are the 4th and greatest battle of the soul and include:

### [Denial](#)

Which is a person burying in the subconscious mind some part of reality which is uncomfortable to them and this results in a false perception of reality related to the concepts of the Scripture, especially related to Hamartiology and the Mystery Doctrine of the Church Age which delineates the Protocol Plan of God. A primary function of the Old Sin Nature is involvement in Arrogance and one of the fastest ways to become entangled deeply into the Arrogance system is through Denial. This becomes a necessity for those people who always think that they must be good, self righteous, and can never be wrong, and therefore are very strong with regard to [Self Justification](#). This is a defense mechanism which occurs when customary feelings of a persons reality are lost and there are feelings substituted which are an unreality. This is loss of contact with the reality of life and loss of contact with the human race. It is a disorientation or rejection of reality related to one's own behavior. It is divorcement from the reality of the [Divine Institutions](#), the [Laws of Divine Establishment](#), the Attributes and Essence of God, especially the Integrity of God, therefore denial is the environment for Arrogance Skill #1, [Self Justification](#). ([Hosea 8:7](#), [Gal 6:3](#)) The individuals so effected stop caring about what others feel and are only concerned about how they feel. Denial destroys dependence on parents or siblings and replaces it with feelings of independence which are part of the [Arrogance skills](#). Projection, as a defense mechanism, results from this false perception of reality and a false perception of self and this person becomes blinded to their flaws and only see flaws in others. These people never take responsibility for bad decisions only for good ones. If this person succeeds in functioning under denial and enters into Self Justification he has basically become truly stupid as a result of actually lying to himself. The perceived flaws in others are, for the most part, his own failures which have been DENIED and thus Denial becomes and is directly tied into Projection. Denial is failure to recognize the true reality in life which is apparent to others. This therefore results in reacting to Life with the resultant accompanying irrationality. The believer is commanded to avoid reaction to people who cause difficulties for him. "Feed your enemy" is a command to enable the believer to avoid reacting to life which causes him to become flawed and hardened to life. When one reacts to life he becomes bitter, implacable, involved in Malice, Hatred, and other destructive Mental Attitude and Verbal Sins. Once a believer becomes involved in this area there will always be someone who will tell them they are great and right and will lie to them and agree with them with the result that their flaws build up in the soul and the lust pattern of the Old Sin Nature grows. Denial thus inevitably results in soul flaws and therefore, being divorced from reality when in any situation of Stress, this believer

looses his Scale of Values and develops very strong soul flaws.

### Projection

Is Transference Arrogance involving ascribing to another person ones own thoughts, motivations, attitudes, flaws, and failures. It is a direct result of involvement in Denial and results in and from the function in the 2<sup>nd</sup> Arrogance Skill, Self Deception. This is where one buries all his own bad decisions and falsely attributes to others all his sins, failures and flaws which accumulate as garbage in his Subconscious. (**James 3:14**) This is where the person develops extreme callousness of soul and takes personal failures and projects them onto individuals or groups where he thinks he has been maltreated. As a result he thereby sees in others the cause of all his problems.

### Rationalization

Is the development of self serving functions in the believer by his giving reassuring but incorrect and false definitions or explanations for his own motivations, behavior or relationships with others. As a result Metabolized Bible Doctrine in the Stream of Consciousness of the Soul is damaged or erased by his entering into functions of Denial, Projection, and Rationalization. Rationalization results in a self serving strengthening of the 1st Arrogance Skill, Self Justification which becomes his life and total focus and is an integral part of Arrogance Skill #3, Self Absorption. It results from damaged, distorted or destroyed Bible Doctrine in the soul caused by his function under the Maladaptive Defense Mechanisms.

### Dissociation

Is a person sustaining a temporary alteration of the integration functions of the Stream of Consciousness of the Soul ie. their personal identity. Projection and Suppression are parts of its application and it is the major pipeline for moving things which cannot be dealt with in the Stream of Consciousness of the Soul into the Subconscious. It is a reaction which is the result of engaging in Denial, Projection and Rationalization using the Arrogance Skills of Self Justification, Self Deception, and Self Absorption. It is a substitution for thoughts, feelings or behavior which are opposed to one's own accepted norms and standards. This results in and from the believers entrance into the 8 Stages of Reversionism. As a part of Self Deception it results in a person sustaining alterations to or covering up of the integrity functions of the integrative processes of the Stream of Consciousness of the Soul for self awareness. This results in his moving away from normality and suppressing, damaging, even destroying Metabolized Bible Doctrine in the Stream of Consciousness of his Soul. In other words he makes his self awareness fit his self deception not that which is described under Bible Doctrine. This results in a complete loss of any Virtue or Scale of Values derived in any way from Bible Doctrine. As the Arrogance Skills blend with involvement in the 8 stages of Reversionism Self Absorption becomes the volatile vapor of cycling in Reversionism functions.

Various personalities emerge from Locked in Negative Volition toward God and Bible Doctrine. Lack of Grace orientation in the believer results in the cohesive soul eventually

splitting into many personalities when that believer has “Come short of the Grace of God”. The bitter personality includes in the bitter soul its contagious pollution of others. ([Heb 12:15](#))

In dissociation, the cohesiveness, integration, and unity of the soul is destroyed. In dissociation, certain aspects of the personality escape from the control of the individual. They become separate from the stream of consciousness and they function in opposition to the cohesive soul. Dissociation causes split personality and follows the pattern of the primary and secondary personality, the split personality in the psychotic believer. Believers ACQUIRE a split personality through Negative Volition to doctrine, they are not born with it. A normal personality is cohesive; it coordinates within the seven parts of the stream of consciousness. Dissociation causes a split off from the cohesive personality, and part of the personality splits off and forms a separate personality. In dissociation, that part of the personality which is the source of the stress may be eliminated by separation from normal consciousness. Dissociation is the split off from reality. By the time dissociation has completed its work in the soul as part of the stress factor, there are two or more personalities vying for control in the individual so afflicted. Dissociation is meaningful in the formation of some form of primary and secondary personality.

Dissociation often results from departure of thinking from any Metabolized Bible Doctrine which has accumulated in the soul's stream of consciousness. The reality of the Bible Doctrine which has been metabolized into the Right Lobe of the soul is destroyed so that the believer can only deal with the pressures of life through dissociation which is the beginning of the splitting of his personality. Outside pressures of stress are met with emotionalism and Mental Attitude Arrogance. The Old Sin Nature puts pressure on the volition of the soul with constant temptations and the believer makes decisions to react to this pressure with Arrogance or Emotional sinning. This causes the fragmentation of the spiritual life and when persistent over long periods splitting of the personality.

### Delusion

Is a false personal belief based on incorrect inference to external reality which is firmly sustained in the soul despite what the Bible teaches. Reality must come from Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, accumulated by function under the [Grace Apparatus for Perception](#) and by consistently residing under the Filling of God the Holy Spirit and includes the development and use of the [10 Problem Solving Devices](#) to come to an understanding of Reality. Delusion is most likely the final step before the believer enters the Neurotic or Psychotic degeneration of his life and losing all of the Metabolized Bible Doctrine in the Stream of Consciousness of the Soul.

### Autistic Fantasy

Is the ultimate function of the 3 [Arrogance Skills](#) and is extreme withdrawal into one's own fantasy world. It is a person substituting excessive daydreaming for the pursuit of social relationships which is much easier for him than direct social intercourse or the use of the [10 Problem Solving Devices](#) in personal relationships. This is avoidance of reality

and a totally false mechanism for dealing with problems after salvation. It is total Self Absorption and Self Centered Arrogance frozen in place, resulting in extreme withdrawal into fantasy, and divorcement from human relationships and normal social functions as a result of extreme day dreaming.

### Pseudo Self Esteem

Occurs when there is reversal of the cycle of the Arrogance skills and Self Justification arrives with the strong delusion that the believer is never wrong and never has to take responsibility for motivations, decisions or actions and is then able to assign all these to others.

### False Memory Syndrome

Is where the believer is under some type of mental or psychological treatment and is told that all his problems may be the result of something from his past such as child abuse, abandonment, being dropped on his head by mother, etc., and he seizes on that and then blames parents or other past situations for his present status quo and failures.

### Acting-Out

Is a person acting without reflection or regard for the negative consequences of his actions primarily to get his own way or focus attention on himself.

### Idealization

Is assigning to self and others qualities which they do not have which are idealistic. This includes Self Righteous Arrogance where one makes a role model out of self and Iconoclastic Arrogance where one makes a Role Model out of others.

### Intellectualization

Is engaging in an excess of abstract thinking to avoid the reality of realizing or experiencing disturbing things about self. It is reactionary thinking to avoid the discomfort of responsibility under the Law of Volitional Responsibility. The Law of Volitional Responsibility is designed to bring the believer back to reality with Self Induced Misery and very often, in addition, the Supreme Court of Heaven gets into the picture with Divine Discipline. There can be numerous other factors which bolster the failing of this believer due to his lack of use of the doctrine related to the Attributes and Essence of God.

### Isolation

Is a person who is unable to perceive or experience simultaneously the cognitive and effective components of an experience and as a result dumps the effects of the cognition into the Subconscious to avoid dealing with the reality of a trauma. This is what often occurs with regard to the components of previous spiritual advance when application of that information blocked or erased out from the Stream of Consciousness of the Soul where Metabolized Bible Doctrine was previously circulated and stored.

### Repression

Is the person being unable to be consciously aware of disturbing lusts, wishes, feelings, thoughts or experiences related to sin. As a Maladaptive Defense Mechanism and part of Self Deception it is where the believer fails to take responsibility for his own wrong decisions from the influence of Evil. (Rom 13:1-10) This is the basis for Christian Activism where believers become influenced by Evil for the production of Human Good and Sin up to and including murder.

### Suppression

Is where disturbing thoughts and feelings are intentionally blocked or not thought about.

### Reaction Formation

Is the believer in Reversionism substituting thoughts, feelings and behaviors which are opposed to the principles of Bible Doctrine which he has learned. Reaction to adversity including unfairness from people means that Arrogance has taken over one's life and has gone beyond his capacities thus is degrading and destroying his Spiritual Life. This hurts more Believers than any other problem today. One cannot spend his life in a state of reaction to people and circumstances or he WILL destroy his entire Spiritual Life. The tragedy of destroying the Spiritual Life by reaction is that it does not involve, people who seek to harm one or people who are antagonistic in any way to one, and never people in adverse circumstances. Without the Filling of God the Holy Spirit the believer cannot metabolize Bible Doctrine and without this in the Stream of Consciousness of the Soul he cannot form and maintain the 10 Problem Solving Devices on the Forward Line of Troops of the Soul. Without the 10 Problem Solving Device on the Forward Line of Troops of the Soul he is Defeated, Destroyed, and Overwhelmed by people and circumstances in this life. Believers must be on the side of the Lord not just their own side in order that they are able to receive fantastic blessings and support from his Grace.

All of these adaptations give a false view of life and self where believers become locked into thinking of self only in terms of rightness and all others in their periphery in terms of wrongness. This whole system feeds soulish excrement into the subconscious and inevitably destroys the Spiritual Life. It involves a pattern of thinking and behavior which eventually completely reverses the pattern of function of the Arrogance Skills recycling them repeatedly. The believer starts this reversal with Self Absorption and then Deceives self by assuming his own rightness, and becomes totally involved in Justifying self and this results in anger reactions and that stimulates greater feelings of rightness and eventually he only wants to hurt those who have hurt him in malice or revenge.

These factors, either independently or collectively, result in total failure of the believer to execute the Protocol Plan of God. There are many more Maladaptive Defense Mechanisms not mentioned here. When the believer enters into the use of any of the Maladaptive Defense Mechanisms he begins with Denial which results in some level of Negative Volition toward Bible Doctrine as rejection or indifference to it resulting in Reaction and Distraction (Stage #1 of Reversionism) from normal explanations for situations and from Metabolized Bible Doctrine

in the Stream of Consciousness of the Soul. Then he continues through Projection and Rationalization allowing the Old Sin Nature to Control his soul which results in the [Frantic Search for Happiness](#) (Stage #2 of Reversionism) through the Old Sin Nature's trends and lust patterns which inevitably results in [Operation Boomerang](#) (Stage #3 of Reversionism) which is an intensification of his reaction to life's situations and an intensification of the Frantic Search for happiness. Operation Boomerang eventuates in [Emotional Revolt of the Soul](#) (Stage #4 of Reversionism) from persistent Old Sin Nature control of the soul and where the total frustrations in life then engage in further use of the 3 [Arrogance Skills](#). If this is not cut off by the use of the [Rebound Procedure](#) and a return to consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine but continues it will cause [Locked in Negative Volition](#) toward Bible Doctrine (Stage #5 of Reversionism) which is a rejection and results ultimately in an erasure of all prior learned Bible Doctrine. After entering Locked In Negative Volition the 7 compartments of Stream of Consciousness of the Soul are covered with a FOG obscuring the Absolute Truth of Bible Doctrine, which is in fact [Black Out of the Soul](#) (Stage #6 of Reversionism). This is followed by the building up of [Scar Tissue of the Soul](#) (Stage #7 of Reversionism) preventing the intake of Bible Doctrine and Metabolizing of Bible Doctrine, resulting in a vacuum building up in the soul which is only able to draw in the LIE or FALSE DOCTRINE of the Satanic plan and policy of EVIL, leading to [Reverse Process Reversionism](#) (Stage #8 of Reversionism). The Believer here substitutes all of the Arrogance Skills for the Spiritual Skills and abandons all Doctrinal principles for the rest of his life. He lives in total misery and ends his life with the greatest Divine Discipline imaginable in the Sin Unto Death. The Sin Unto Death results for a believer when God decides that this believer is no longer of any use in demonstrating a tactical victory in the Angelic Conflict, in effect he is useless as a witness for the prosecution in the Angelic Conflict Appeal Trial, and therefore God takes him out of this life with a final smack of Divine Discipline. Loser believers can often be ones who react and engage in the irrational aspects of Motivational Arrogance. Jealousy, Bitterness, hatred, malice, vindictiveness, implacability, are irrational aspects of the Motivational Arrogance of Mental Attitude Arrogance and its Mental Attitude Sins and can be combinations of functions in the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred as mechanisms of this reaction.

True Spiritual Dynamics require that the believer involves self in consistent Post Salvation Epistemological Rehabilitation from daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine and then apply that Bible Doctrine to self and NEVER involve self in applying or trying to apply doctrine to the Life of another person. Applying or attempting to apply Bible Doctrine to the life of another will in effect, place that believer into the Maladaptive Defense Mechanism pattern of Projection or Denial or some other part of the Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred which are definitely not part of the Spiritual Life.

#### **The 4 Major Battles in the Soul of the believer** **Stress**

Stress in the Soul results from Old Sin Nature control of the Soul as a result of allowing the outside pressures of Life, which include adversity, prosperity or both, into the soul.

Resistance to these pressures penetrating the Stream of Consciousness of the Soul is by the use of Metabolized Bible Doctrine and the developed [10 Problem Solving Devices](#) under the Filling of God the Holy Spirit.

### Sin

Sin in the Soul results from losing the first battle so that when stress penetrates the Stream of Consciousness of the Soul then the Old Sin Nature is able to promote temptations which center around it's Lust Patterns, Trends and Area of Strength or Weakness where involvement occurs because of volitional acceptance of these by the soul.

### False Doctrine

In the Soul is the result of losing the first 2 Battles so that by maintaining sin in the Soul and allowing the Old Sin Nature to continue to control the soul the invariable result is Negative Volition toward Bible Doctrine and failure to maintain the Filling of God the Holy Spirit so that this believer moves into [Reversionism](#) and ultimately opens a vacuum in the soul which draws the LIE of FALSE doctrine from the satanic plan and policy of EVIL into the soul.

### Maladaptive Defense Mechanisms

This is the greatest battle of the soul between the Problem Solving Devices and Maladaptive Defense Mechanisms. The defense mechanisms which help the believer to survive in childhood will destroy him in adulthood. The believer must always see self in the light of the Word of God and he must be objective about situations in life because this gives him the readiness to start living the Spiritual Life again after some failure, adversity or disaster. Many of life's worst experiences are related to the vindictiveness and implacability of other believers toward one. If the believer carries antagonisms in the soul this becomes soul garbage and when one has been around garbage long enough it no longer smells at all bad and he gets used to wallowing in it. With minimal Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul [Bitterness](#) can be expressed in terms of [Activism](#) and / or Civil Disobedience as well as any other aspect of Arrogance. This causes Garbage instead of Metabolized Bible Doctrine to accumulate in the Right Lobe as a result of losing the conflict between the Cosmic Dynaspheres and the Protocol Plan of God, the Divine Dynasphere.

Involvement in the Satanic Arrogance and Antagonism complexes destroy the strength, integrity and [Virtue](#) of a people, both believer and unbeliever. Unbelievers in the rejection of [Authority](#) and principles of Establishment, convert Outside pressures of life into inside pressures of Stress in the soul. Believers in rejecting or neglecting Bible Doctrine come under Divine Discipline from God and Self Induced Misery and this also results in the increased outside pressures being converted to stress in the soul, as a result of totally lacking Bible Doctrine to stabilize themselves. The Law of Volitional Responsibility demands that the believer blame self for all shortcomings or failures in life without repression or denial.

It is the purpose of the believer to understand the whole realm of Bible Doctrine and then circulate that doctrine into and through the Stream of Consciousness of the Soul to build the [10](#)

**Problem Solving Devices** and deploy them on the Forward Line of Troops of the Soul to be victorious in the Battles of the Soul. God has designed the Christian Way of Life for the believer to SOLVE HIS OWN PROBLEMS in life and for him to win the Battles of the Soul, however, in order for him to accomplish this he must engage in consistent Post Salvation Epistemological Rehabilitation from daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Garbage deposited in the soul of the believer is developed in 2 Areas:

- The Stream of Consciousness of the Soul
- The Subconscious of the soul

Garbage in the Stream of Consciousness of the Soul when it accumulates in specific areas of the soul causes the believer to begin to reject Doctrines as they are presented and this results in not Metabolizing Bible Doctrine because of the Garbage. Garbage in the Subconscious can occur early in life when children are traumatized in some way, or mistreated or abused by the person on whom the child thinks he can depend. This results in the child entering into the use of the Defense Mechanisms such as Denial, Repression, Dissociation, etc., which become Maladaptive when they persist into his adulthood. Denial, as an example, forces one to lose the perception of who and what he is, and to regain it he must hold self up to Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and see, by self evaluation, who and what he truly is as a person. This is the function of the Mirror of Metabolized Bible Doctrine in the Soul.

When a person has Garbage in the Stream of Consciousness and Subconscious of the Soul, Perception, Cognition, Incultation and Metabolization of Bible Doctrine can occur but it runs into conflict in the Stream of Consciousness especially in the wisdom compartment where Bible Doctrine is supposed to be set up to be applied to experience. There is in fact conflict in all the compartments of the Stream of Consciousness of the Soul and it requires a great deal of time and determined persistence to get this trash out of the soul and refill the compartments of the soul with Metabolized Bible Doctrine. Metabolized Bible Doctrine will clean out soul garbage but it takes time to do so and the believer will be given the time in life to accomplish it IF he has the Positive Volition to do so.

### **Maladaptive Defense Mechanisms & The Psychotic Christian**

The Psychotic Christian is a contradiction of the unique Spiritual Life of the Church Age and the Modus Operandi of the Royal Family of God. When a believer functions in Dissociation certain aspects or activities of personality escape the control of the Believer because they are separated from the Stream of Consciousness of the Soul where Metabolized Bible Doctrine is supposed to be located. Therefore they function in opposition to cohesion of the SOUL. Only Metabolized Bible Doctrine in the Stream of Consciousness of the Soul through it's force of cohesion produces an integration of the Christian personality so that there is One person and One Personality. As a result of Dissociation because of involvement in the Interlocking System of Arrogance and / or the Interlocking System of Antagonistic Emotional Hatred, certain mental processes move into the subconscious independently by Dissociation from the main stream of consciousness. The Subconscious then includes certain aspects of the persons life which are NOT an immediate part of the individuals conscious mind. This results because the Arrogant and Antagonism complexes will not permit the garbage of the Subconscious to surface in order

to be removed. Within the normal personality as these obstructing repressions are lifted or the subconscious garbage leaks into the Stream of Consciousness of the Soul and emerges into awareness, the result is that the primary personality of the Believer, which is acted upon by this enhanced stress in the soul under Old Sin Nature domination of the Soul, is disregarded or eliminated by dissociation. As a result there can be 4 concepts or results as Dissociation:

- ✧ Dissociation FROM the Cohesive Personality.
- ✧ Dissociation FROM the Integrative Personality.
- ✧ Dissociation FROM the Unified Personality.
- ✧ Dissociation FROM Reality and Normality.

Dissociation therefore results in a total loss or absence of Metabolized Bible Doctrine circulating in the Stream of Consciousness of the Soul because of all of these results. The mechanics for the reality of this occurring are found in the 8 stages of [Reversionism](#). Therefore, dissociation follows the pattern of split personalities, alternating personalities, or primary vs secondary personalities.

### **Arrogance & Integrated vs Dissociative Personality**

Arrogance in any form including [Jealousy](#) and all other types of the Motivational Arrogance of Mental Attitude Arrogance cannot coexist in the soul with Filling of God the Holy Spirit, [Sharing the Happiness of God](#) or [Occupation with the Person of The Lord Jesus, The Christ](#). Sharing the Happiness of God is not only a defense to stress in the soul but also a defense against involvement in the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred and the [Arrogance Skills](#). The believer must know what the problem is before he can know and use the solution. The Divine solution is the only solution the human solution is NO solution; this is the 'relative' conclusion of doctrine. Carnal Christians are contradictions in the Spiritual Life of the Church Age. The Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred complexes plus Old Sin Nature control of the soul result in perpetuated carnality for any Believer so involved. Only Metabolized Bible Doctrine in the Stream of Consciousness of the Soul through its force of cohesion produces the magnetism and cohesion of soul which God ordained for this Spiritual Life to resolve the difficult situations in life.

A Combination of the Old Sin Nature control of the soul and stress in the soul without support from sufficient Metabolized Bible Doctrine in the Stream of Consciousness of the Soul results in a withdrawal from the conscious perceptive aspects of the Spiritual Life. This results in loss or erasure of Metabolized Bible Doctrine from the thinking and loss of objective reality. This loss of objective reality results in the substitution of involvement in the Interlocking System of Arrogance and / or the Interlocking System of Antagonistic Emotional Hatred which destroy the spiritual strength of the Soul. Therefore, there develops a necessity for the recognition of the solution which is found in submission to the authority of God the Father, God the Son, and God the Holy Spirit bringing [Humility](#) into the soul and the function of reciprocity. There is also a necessity to constantly and consistently keep short accounts with regard to sin by use of the [Rebound Procedure](#) for spiritual recovery. The believer must then keep moving forward in the Spiritual Life with consistent Perception, Cognition, Inculcation, Metabolization and Application of Bible Doctrine so that Humility may prevail and bring the believer under

Occupation with the Person of The Lord Jesus, The Christ. If the believer can function under these processes and conditions he need not worry about having a double soul or psychoses in the soul. However, failure to follow through with these solutions results in locked in Arrogance which is the greatest enemy of the believer. The believer is, therefore, mandated to avoid this double minded nature which comes from Arrogance and Emotional Antagonism saturating the soul.

The Integrated Cohesive Personality is described in terms of sanity, while the dissociative or multiple personality is described in terms of Arrogance or Illusion. Even though the Plan of God is perfect, it is designed for and implemented by IMPERFECT mankind therefore Arrogance can always result in a split personality and is therefore a contradiction to the Spiritual Life of the Church Age which is designed to result in an Integrated Cohesive Personality. The Interlocking System of Arrogance is a complex just as the Interlocking System of Antagonistic Emotional Hatred is a complex. Both of these result in fragmentation of the life of the Believer and always are combined with degrading of his Spiritual Life in [Reversionism](#), which is 8 sure steps to becoming a split personality and psychotic Believer. Therefore, in the Spiritual Life, especially in this Church Age, the Issue should always be Reciprocity over Personality

### **Solutions to Maladaptive Defense Mechanisms**

In the case of child abuse or any other injustice situation which is recalled to awareness in adult life, the abused person always has volition to choose whether or not to use the proper solutions for dealing with the abuse or injustice. Defense Mechanisms are temporary solutions at best, designed for the survival of the abused child only. The real culprit in this status is the Old Sin Nature's reaction to the abuses or injustices of life when awareness of the abuse occurs. This inevitably results in involvement in the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred and functioning under the [Arrogance Skills](#). In addition, any stress in the soul becomes a lost battle along with any sin in the Soul. Therefore, believers must be very careful to avoid sinful involvement with the injustices of the past in life when awareness of them occurs.

The infant believer who rejects Bible Doctrine as the source of [Problem Solving Device](#) functions in the life always becomes a loser. This believer REACTS to life and injustice under 2 circumstances:

- The first case is where the child never loses cognizance of the abuse he has received and has reacted to it for many years. This is total preoccupation with self in Arrogance. This child uses the defense mechanisms to cope with the abuse in his life and these become Maladaptive as the child gets older. This results in failure to develop and deploy the Problem Solving Devices due to Suppression, Denial and the lack of intake and metabolization of Bible Doctrine.
- The second case is where the child used the defense mechanisms to seal the abuse in the subconscious and then later in adult life recalls it and reacts to it. This believer finds instant [Self Justification](#) for carnal or psychopathic behavior as a result of the recalling of past trauma. This self justification causes garbage accumulated in the subconscious to combine with Arrogance in the Stream of Consciousness of the Soul and build a stone

wall against the function of Perception, Cognition, Incultation and Metabolization of Bible Doctrine, [Scar Tissue of the Soul](#).

Reaction to child abuse is a continuous retrogressive problem during the life of the believer until the problem is recognized and Positive Volition to Bible Doctrine is able to clean out the Garbage from the subconscious and Stream of Consciousness of the Soul replacing it with [Divine Viewpoint](#) and Divine Solutions. Bible Doctrine must be metabolized and used to destroy the garbage of the Stream of Consciousness of the Soul including any involvement in the Interlocking System of Arrogance and any function under the Arrogance Skills and any other false values of the SOUL. Unfortunately, very few people ever destroy the erroneous Scale of Values which they learn as a result of the circumstances of child abuse.

In the recovery from or solution to injustice of any kind, the Stream of Consciousness of the Soul of the advancing believer must have a doctrinal build up. This Metabolized Bible Doctrine in the Right Lobe of the soul must not only deal with the issues resulting from the activities of the Old Sin Nature but must progressively clean out the garbage which has accumulated in the subconsciousness from any and all injustice suffered in the past. In addition Metabolized Bible Doctrine resulting in [Divine Viewpoint](#) must eliminate the saturation of [Human Viewpoint](#) thinking from the influence of Evil, the policy of Satan, from the Stream of Consciousness of the Soul. It takes time to clean out the Garbage accumulated in the Subconscious and the Trash in the Stream of Consciousness which has accumulated from involvement in Reversionism or reaction to injustice. This garbage and trash in the soul includes the Subjective Arrogance of [Self Absorption](#), [Emotional Revolt of the Soul](#), [Black Out of the Soul](#) and [Scar Tissue of the Soul](#) as parts of the stages of Reversionism, and the development of a false scale of values related to the Evil of satanic inspired Human Viewpoint thinking.

### **[Solution to Pride](#)**

Pride is very often a problem for those who become wealthy in their own lifetime. However, Pride is or can be a problem for any believer and may manifest itself in many different situations. Wealthy believers have this as an occupational hazard as a result of their swelling Pride from accumulating wealth just like poor believers can be proud about their abilities despite their circumstances. Positive volition toward Bible Doctrine insulates the soul from Pride. ([Matt 19:27-20:4](#)) In his famous speech Elihu in [Job 33:16-17](#) expresses that the function of the Grace Apparatus for Perception and Metabolized Bible Doctrine saturating the right lobe is the way in which God stops His discipline and protects from Mental Attitude Arrogance and the Pride complex. Therefore, the answer to Pride and all Mental Attitude Arrogance is Wisdom derived from persistent Post Salvation Epistemological Rehabilitation by Perception, Cognition, Incultation and Metabolization of Bible Doctrine, which removes Pride. ([Prov 8:13](#); [Prov 11:2](#)) This is the only answer to breaking up the counter part sins in the Pride complex. ([Job 33:16-17](#)) Under the function of the [Grace Apparatus for Perception](#) God seals the instructions for believers with Metabolized Bible Doctrine in the Stream of Consciousness of the Soul in order to turn aside the Divine Discipline of the proud.

Even though, after Salvation Adjustment to the Justice of God, God the Holy Spirit indwells the

body of the believer and, after carnality the use of the rebound procedure for restoring the Filling of God the Holy Spirit for controlling one's soul must be consistent. The Filling of God the Holy Spirit only works through Metabolized Bible Doctrine in the Stream of Consciousness of the Soul to produce solutions to the problems of Arrogance. God the Holy Spirit brings Doctrinal thought or Divine Viewpoint thinking into focus in the soul and it is this thought in the Stream of Consciousness of the Soul, which eliminates the cobwebs of Pride and Arrogance. People who have a great many hangups are the cause of many bad marriages where people have married in Blind Arrogance. Soul rapport in marriage demands 2 souls totally CLEAR of Arrogance which can only result from Salvation Adjustment to the Justice of God and consistent Temporal Adjustment to the Justice of God.

### **Gate #5 – The Arrogance of Failure / Flaw Transference**

Transference Arrogance is taking one's own failures and flaws and transferring them to someone else. The most subtle and awful form of the [Self Righteous Arrogance](#) trends is Transference Arrogance. God often uses the stand alone [JESHURUN](#) believer to control human history. Joseph's Brothers assumed in Arrogance that once their father Jacob died Joseph would take revenge on them for selling him into slavery. This was Transference Arrogance and these brothers had tragic flaws which never left them and 10 of the 11 brothers were living fragmented lives. In Jealousy they pulled the pin of the Interlocking System of Arrogance grenade fragmenting their lives and sold Joseph into Slavery. Many years later when Joseph, whom they had sold into slavery, who had become Prime Minister of Egypt after Jacob their father Died, delivered them, they all assumed that Joseph was waiting for this to take his revenge. However, they were the ones with motivation for [Revenge](#) in their souls as a result of having totally fragmented their lives. They transferred to Joseph their flaws assuming that because they were motivated for revenge that Joseph was this way also. In their own minds and their own thinking they transferred their own Arrogance and motivations from Evil to Joseph but Joseph was NOT the same as his brothers. Joseph did not live under the principles and policies of the Cosmic Dynaspheres, he did not have a fragmented life, he did not fear RETALIATION for some real or imagined injustice. [1Pet 5:5](#) states clearly that "GOD makes War against the Arrogant but Gives GRACE to the Humble". The believer under Transference Arrogance pulls his own Arrogance grenade pin by assuming that because he fears or worries about something then the object of his antagonism is also afraid of and worries about the same things. Joseph however was not living in Cosmic Dynasphere I under the Interlocking System of Arrogance functions but functioned under [HUMILITY](#) and received phenomenal GRACE blessings from God even in slavery.

Evil is totally based on Arrogance having originated with Lucifer and his Arrogance, thinking he could be LIKE GOD, when he decided to revolt against God and this is the origin of this Policy and Plan of Satan. Transference Arrogance is the believer knowing his own sins, faults, failures and flaws and transferring them to others. Then he thinks ill of them for possessing these

flaws and slanders and maligns them under Transference Arrogance for failures they may not even have. The believer is to know his own **Limitations**, recognizing his own sins, flaws and faults but NOT EVER attempt to transfer or assign them to others in any way. The involvement in Transference Arrogance as a part of Motivational Arrogance begins to occur through **Mental Attitude Arrogance** and its associated sins. **Bitterness**, as an example, results for the believer in a permanently fragmented LIFE apart from the **10 Problem Solving Devices**. Any and all aspects of Mental Attitude Sin, Verbal Sin and Overt Sin can result from entrance into the Interlocking System of Arrogance by engaging in any level of Negative Volition Arrogance and then becoming involved in Transference Arrogance and assigning these personal flaws to others. So Transference Arrogance is living the exploded life which takes one's own flaws and transfers them to someone else thus making one's own life miserable, confused and horrible. The development of humility in one's life results in knowing self, admitting one's failures to self, and knowing one's own personal limitations and not becoming involved in transferring these to others nor involved in exceeding one's own limitations in Limitation Arrogance.

### **Projection**

This is the psychological term used for describing involvement in Transference Arrogance. It is defined as ascribing to another person one's own thoughts, attitudes, flaws, and failures and is where the transferor develops extreme callousness of soul and takes personal failures and projects them onto individuals or groups where he thinks he has been maltreated. As a result he thereby sees in others the cause of all his problems. This requires function under the 1<sup>st</sup> Arrogance Skill, **Self Justification** and results in involvement in and function under the 2<sup>nd</sup> Arrogance Skill, **Self Deception**. (**James 3:14**) These Arrogance Skills, in conjunction with **Denial**, are the Old Sin Nature's means of adjustment to failure in human relations. This is the believer taking his own flaws, sins and failures, which he may not even be consciously but only subconsciously aware of, and assigning them to any object which engages in personal antagonism toward him. This rids him of these inadequacies by assigning the flaws to another. He takes the failures from his subconscious and passes these failures onto others and bypasses his Stream of Consciousness of the Soul, except for the purpose of judging, maligning, vituperation, etc., directed toward these others. This creates a conflict in the Stream of Consciousness of the Soul which blocks out **Metabolizing of Bible Doctrine** or destroys that which is already there. This is one of the great battles fought by the Believer in the Soul. **Projection** results in the believer having the same kind of soul as Pharaoh Amenhotep of Egypt often with multiple personality disorders and **Psychoses**. This is therefore, reinforced **Self Justification** where the believer attributes the flaws he has to others in his periphery thereby strengthening his Self Justification which results in Pseudo Self Esteem where all flaws and failures, real or imagined, are assigned to others.

Return to the **[Table of Contents](#)**

## Gate #6 – The Arrogance of Jealousy

Jealousy is a Mental Attitude Sin of concentration totally on self with devotion to self to the exclusion of every other thing in life. It is a total intolerance of any rivalry toward self and a chagrin or discontent toward blessing, success or achievement by someone else. It is strong resentment of the attractiveness of or great approbation directed toward any other. If one is inclined to be Jealous he IS Arrogant because if he was not Arrogant he would never become Jealous. Jealousy is part of the Motivational Arrogance of Mental Attitude Arrogance and is considering self more important than some rival in life. Jealousy is never apparent in a person until pressure is put on their Pride. The more Arrogance exists in one's life, the more he divorces self from reality in life thus the closer he gets to Psychosis. The more time one spends in Jealousy, which is, in fact, an abnormal neurosis or psychosis, the more he loses orientation to reality in his life. Jealousy is an unpleasant Mental Attitude Sin wherein a person is totally possessive of the one or ones closest to him. It is a manifestation of the worst of the 3 Arrogance Skills, Self Absorption. The Arrogantly Jealous person becomes very possessive of his territory or his lover and fears rivalry and losing his possessions or the other's affections, etc.

### Jealousy & Anthropopathisms

An anthropopathism is a human characteristic assigned to God in order to provide a basic understanding of a characteristic or attitude of God toward man in terms which man can understand and relate to. In the old English language Jealousy also had the connotation of ardent devotion such as when God would say, "I am Jealous of my people". Therefore, Jealousy in the old English language has two antithetical meanings, one is a mental attitude sin and the other is a synonym for love. Therefore, Jealousy is only legitimate when it is used as an anthropopathism assigned to God, who demands all of the Christian's attention and concentration when he reaches Maturity Adjustment to the Justice of God and beyond.

"I the Lord thy God am a Jealous God." Jealousy is a sin, and God does not sin. Jealousy in reference to God is an expression of possessiveness based upon the fact that God is free. Therefore, IF the believer is going to respond to God, he must be free to do so. God is possessive of that freedom. When God said, "No other gods beyond me," God is saying, "Beyond me there is nothing". This infers that God stands with His arms open, the believer has to be free to come, as it were, into His arms. Therefore, in order to maintain freedom, the Source of its origin, God, must be recognized. God's possessiveness is based on the fact that He has purchased every believer from the slave market of sin, and not incidentally, at great cost to him.

### Technical Definitions

The word for "Jealous" in the Hebrew means "to permit no rival.", The Noun, (gr) "zelos" = zeal, Jealousy, Envy, and in Rom 13:13, 1Cor 3:3, James 3:14, James 3:16 and in 2Cor 12:20 it is Envyings, in Gal 5:20 it is Jealousies and emulations, in Acts 5:17 it is indignation, in Acts 13:45 it is Envy, in 2Cor 11:2 it is used in "with a Jealousy of God". The verb (gr)

“zeloo” = akin to, to be Jealous, to burn with Jealousy, to seek or desire eagerly, it is “moved with Jealousy” in [Acts 7:9](#); [Acts 17:5](#), it is “moved with Envy” in [1Cor 13:4](#), it is “envieth (not)” in [James 4:2](#).

The Noun (gr) phthonos = “Envy,” is the feeling of displeasure produced by witnessing or hearing of the advantage or prosperity of others; ([Matt 27:18](#), [Mark 15:10](#), [Rom 1:29](#), [Gal 5:21](#), [Phil 1:15](#), [1Tim 6:4](#), [Titus 3:3](#), [1Pet 2:1](#)); in [James 4:5](#), where the question is rhetorical and strongly remonstrative, signifying that God the Holy Spirit, which was made to dwell in us as believers, was certainly not so bestowed that we should be guilty of “Envy”. (gr) Zelos which is “zeal or Jealousy” is translated “Envy” in [Acts 13:45](#), [Rom 13:13](#), [1Cor 3:3](#), [2Cor 12:20](#), [James 3:14](#), [James 3:16](#), is to be distinguished from (gr) phthonos and apart from the meanings “zeal” and “indignation” is always translated “Jealousy”. The distinction lies in this, that “Envy” desires to deprive another of what he has, “Jealousy” desires to have the same or the same sort of thing for oneself.

True Envy is one of the most insidious concepts from Evil that can afflict a civilization. Envy is not mere covetousness, not just a desire to steal or illegally obtain another person’s goods. Envy is that grinding resentment of another person’s advantages; it is the sin that cannot be placated and is, therefore, a destroyer. Jealousy or Covetousness in effect says: He’s got it; I want it; I’ll steal it; I’ll use it for myself. But Envy in effect says something far worse: He’s got it; I want it; I know that I can never get it; I’ll destroy it so that no one else can have it.

“Envies” means Jealousies, and every time there is a list of sins where Mental Attitude Sins are involved this is always prominent because it is very common and very dangerous. Jealousy is total disorientation to the Grace of God. Jealousy in unbelievers is disorientation to life and has as a background of true or pseudo inadequacy. It is always the button that starts an [Emotional Revolt of the Soul](#) and therefore, Jealousy has great power just as the FEAR, especially of death, has great power. “Envyings” the plural of (gr) zeloo means Jealousies. Jealousy is a great motivator for discord or emotional outbursts of anger; “backbiting or maligning” or to speak down or speak against someone. The Greek word for “Strife” means means discord which among believers in the local church is motivated by Jealousy, ie. operation sour grapes. ([2Cor 12:20](#))

The Verb (gr) parazeloo = “to provoke to Jealousy” is found in [Rom 10:19](#) and [Rom 11:11](#), of God’s dealings with Israel through his merciful dealings with Gentiles; in [Rom 11:14](#) it is “I

may provoke to Jealousy” with regard to the Apostle's evangelical ministry to Gentiles with a view to stirring his fellow nationalists to a sense of their need and responsibilities regarding the Gospel; in [1Cor 10:22](#) it is used of the provocation of God on the part of believers who compromise their Divine relationship by their involvement in the Cosmic Dynaspheres; in [Gal 5:20](#) it is used for Human Good efforts apart from God.

Mental Attitude Sins are considered by the scripture to be the worst sins of all, and high on the list of Mental Attitude Sins is Envy and Jealousy. Mental Attitude Sins always produce reaction toward people and not response to the Lord. Envy and Jealousy are terrible sins and ones that make the Envious or Jealous individual miserable and also makes its object miserable as well. Therefore it is Jealousy which represents a mental attitude sin as a function of Evil resulting eventually in depravity. Jealousy is a self-destructive Mental Attitude Sin, ([Job 5:2](#), [Prov 14:30](#)), and it is the strongest of the Mental Attitude Sins. ([Prov 27:3-4](#))

Jealousy is occupation with self to the exclusion of all else causing total divorcement from reality. It includes an overbearing manner and presumptive [Self Righteous Arrogance](#) with total subjectivity. It is a sin causing distraction, loss of concentration thus inevitable rejection of the Absolute Truth of Bible Doctrine. Jealousy is Motivational Arrogance as Mental Attitude Arrogance and a manifestation of complete arrogant inconsistency. Jealousy is irrational fear, suspicion, resentment derived from mistrust of another. It becomes obvious then that the state of Jealousy or Envy is a part of the Arrogance complex and also the Antagonism complex and is an Emotional Sin. Envy is always an attitude or feeling of discontent. It is Envy which is discontent with regard to another's advantages or successes or possessions or how they have mistreated one in his imagination or in reality.

### **Principles Related to the Doctrine of Jealousy**

Jealousy is a mental attitude sin which destroys one's norms and standards. Very often it is seeing another person's standard of living which is above one's own which develops a desire to have that same standard. However, because he does not have the financial background to maintain that standard, and still he tries to do so, this is the production of Jealousy. This is the old concept of KEEPING UP WITH THE JONES'S. Many people want to have THINGS in life because others have them and don't consider their other responsibilities in life, because of which they cannot maintain the desired higher standard of living. Some people cannot tolerate the success of others and they can't stand anyone getting more credit than they are getting for accomplishments, and consequently their Jealousy destroys any possibility of their having a relaxed mental attitude thus destroying possibility for friendships. In Category III, the love toward friends, the Jealous person wants them to be friends only with him and gets upset, Jealous, when they associate with other people. It was the Jealousy of the Pharisees directed toward The Lord Jesus the Christ which destroyed them under the 5th cycle of Divine Discipline in 70 AD. ([Matt 27:18](#); [Mark 15:10](#)) Jealousy can also be resentment of the physical

attractiveness of another person or the approbation which they receive.

Jealousy is a combination of Arrogance and Emotion and establishes self as the subject and another as the object. Self is always glorified and always right while the OTHER is always condemned and wrong. Therefore, jealousy results in domination and attempted control of another's life. The intense Self Justification from reversal of the [Arrogance Skills](#) allows the justification of jealousy and [Bitterness](#) and all sin and every influence of Evil in the life. What is worse, at the same time, the Spiritual Life of the Church Age is also destroyed for this believer. Jealousy destroys everything which is worthwhile in life, therefore, Jealousy like Bitterness is related to hatred. These are Twin Sins related to hatred. Since Jealousy and Bitterness are both Emotional sins and Mental Attitude Arrogance, they are therefore related to irrational hatred and resentment of others. Hatred is the motivation for revenge, anger is the mood beginning of jealousy, gossip is a sideline of jealousy, slander is a full blown event, and maligning is reaching the peak of non-violent revenge. Ultimately the capacity to love another person from whom love is desired is destroyed by Bitterness which leads to Jealousy which leads to vindictiveness where something is going to be done about the Bitterness as Revenge. Then there is the implacability which is being unable to see personal stupidity and back away or recover from it. Then Hatred again crops up and is now ready to go into action first by gossip which is lying about a person, then by slander which is creating a greater public lie trying to destroy the other person, then Maligning which is an even greater lie leading to Judging which with maligning leads to Revenge.

Jealousy and contentiousness always go together so that once a person becomes jealous about another then there is also contention with this other person and this very often keeps people from learning Bible Doctrine. Complaining about others is most often motivated by JEALOUSY and there cannot be Category II true or romantic love nor Category III love in friendship when jealousy exists. Jealousy is a motivator for Discord in ANY organization or group and between Jealousy and Discord in an organization or group there is always slander, maligning, judging and all the verbal sins. If one has a personal problem with verbal sins the sooner he finds out that this is his problem the sooner he will discover JEALOUSY in his soul. The sooner he discovers jealousy in his soul the sooner he can reach the solution. The longer he goes on in [Blind Arrogance](#) and [Ignorance Arrogance](#) the less likely he will ever understand why he does not have any friends and why he cannot function in any group effectively. There must never be allowed, in the assembly of the Royal Family of God, verbal sinning. The prevention or quelling of verbal sins will prevent discord from rising up in any organization especially the congregation of a local church. Every believer who desires to go to a local church has a right to do so without anyone judging, maligning or being jealous of them. There is absolutely no reason to tolerate people who cannot control their tongues and constantly engage in verbal sins. If a person gets to the place where they find it necessary to gossip or malign others they must be removed from the local church.

### [The Source or Causes of Jealousy](#)

Some people are born with an Old Sin Nature trend or tendency toward Jealousy, and it only takes environmental pressure to bring it out. Therefore, the basic source for all Mental Attitude

Sins including Jealousy is the area of weakness of the Old Sin Nature which produces the temptation to Jealousy and all Mental Attitude Sins and this results or emanates from the believer being involved in [Reversionism](#) and under the influence of Evil. ([1Tim 6:3-4](#)) Jealousy is the typical consistent sin of all reversionistic individuals ([Ps 12:4](#)) when they seek to emulate others and don't have the means of doing so. They lack capacity of soul, the background and / or the means to do so:

- ▲ In unbeliever reversionism as in [Rom 1:28-29](#)
- ▲ In believer reversionism as in [James 3:14-16](#)

### Characteristics of Jealousy

Jealousy and contentiousness always go together so that once a person becomes Jealous about another then he also develops various areas of contention with this other person as well. Therefore, Jealousy is a sin related to the antagonistic Negative Volition of the Interlocking System of Antagonistic Emotional Hatred. A Jealous person always attacks the object of his Jealousy and this always results in conflict. Whenever there is conflict in any organization or social setting always look for the fire of Jealousy as its origin. This contentiousness very often distracts believers from consistently learning Bible Doctrine. In addition traumatic experiences or involvement with obsessions can often also set up [Emotional Revolt of the Soul](#) and produce the Mental Attitude Arrogance with its Mental Attitude Sins of Bitterness, Jealousy, Vindictiveness, Implacability, etc.

Jealousy rejects Bible Doctrine thus characterizes reversionism. ([Acts 13:45](#)) Jealousy always causes social disturbances and attacks authority. ([Acts 17:5](#)) Jealousy of authority motivates those who don't have authority to resentment and involvement in other principles and practices from Evil. To the extent that anyone resents authority this person is entangled in the Interlocking System of Arrogance. ([Acts 7:9](#)) The Mutual Admiration Society is a combination of Arrogant and Inadequate individuals who form an organization or conspiracy where the weak attack the strong. This society represents the function of Evil in combination with Pseudo Love which holds the society together. This Evil combines in the pseudo love of opposites in personality for the expression of their mutual Jealousy, [Pride](#), Hatred, Bitterness, Implacability and Vindictiveness.

Jealousy also motivates one become involved in religion, the devil's Ace Trump card, for the deception and distraction of the Christian. Religion is unequivocally the absolute worst thing ever to happen to the Human Race and it deceives and distracts individuals from the Gospel of Christ and the Plan of God for the life of the believer. ([Mk 15:10](#)) Nearly all religious functions are based on Jealousy which produces in those people who become involved in religion, [Inordinate Competition](#). Religious Legalism ([Gal 3:15](#)) can only produce defeat and results in a mind that is filled with Hatred, Jealousy, antagonism Bitterness and frustration. This results in believers sniping at each other and scheming toward one another as a result of their insatiable Jealousy. The worst people in the world are believers out of fellowship, and the worst believers out of fellowship are the legalists; the persons with the phony facade of spirituality and the tabooistic concepts, proud of their behavior pattern and insanely Jealous of anyone who appears to perform under the same legalism better than they.

As a result of the incredible miraculous healings performed by the apostles there developed a huge paradox so that such genuine benevolence did not evoke universal praise for God and respect for the apostles, especially from the religious leaders in the nation Israel. Instead, these healings aroused Jealousy and enmity, primarily from the self-righteous Sadducees who considered demons, miracles, heaven, and hell as mere superstitions to be shrugged off or ridiculed. Yet here was something they could not refute; the apostles were not charlatans or magicians and the authority of the apostles was too obvious to be denied. Consequently the Sadducees “were filled with Jealousy” ([Acts 5:17](#)). Corrupted by the mental attitude sin of Jealousy, these sophisticated rationalists became irrational. In their opposition to the early Church they seized, abused, jailed even killed the apostles unjustly. ([Acts 5:18](#)) They ignored the Mosaic Law they so revered and were a prime example of malevolent self-righteous legalism blinded to the truth. There is nothing as illogical as reason distorted by Envy, Jealousy or Hatred. Legalism always attacks Grace; but Grace always triumphs. The apostles were delivered by an angel that very night ([Acts 5:19](#)) and continued to disseminate doctrine in Jerusalem. ([Acts 5:28](#))

Jealousy can cause the split of any organization and in fact was the cause of the split of the nation Israel into the northern and southern kingdoms. ([Is 11:13](#)) So great was the sin of Jealousy in Israel a special offering was designed for it in the Levitical code and it is the ONLY Levitical offering designed for 1 single sin. ([Num 5:14-18](#)) Jealousy is very often the primary basis for the destruction of Category II Love, romance or true love. ([SS 8:6-7](#)) “Othello” is a perfect example of this. In Category II, love toward a member of the opposite sex, the Jealous person can be so possessive they smother the other person’s love and destroy it. There cannot be Category II or III love of true romantic love or friendship when Jealousy exists. Jealous people are always making other people miserable.

As goes the Mental Attitude very often so goes the health of the individual. This is the basis for Psychosomatics where the soul has an effect on the health of the body. As the strongest Mental Attitude Sin Jealousy eventually destroys one’s health. ([Prov 27:3-4](#)) Therefore, there are in fact several things which can destroy one’s life:

- ▲ A huge bolder dropping on one and squashing him.
- ▲ Being buried in sand.
- ▲ A FOOLS Anger directed toward one is vastly more destructive to one’s life than both of these.
- ▲ A person who is always angry about everything is like sand pouring onto their own life and this destroys them slowly.
- ▲ Also uncontrollable Anger, which can be like a flood, which smashes one completely.
- ▲ However, Jealousy is far stronger even than any of these.

Jealousy never stands alone as a Mental Attitude Sin but always causes other Mental Attitude,

Verbal or even Overt sins even to the point of Murder. ([Ps 5:8-9](#)) Jealousy is related to the suppression of Pride, which is part of a trigger mechanism producing both false motivation and discord. ([Phil 1:15a](#)) Therefore, much of the discord among people is caused by Jealousy and if one looks long enough at someone with Jealousy he WILL find something to malign, this is DISCORD. Jealous persons are sowers of discord in every aspect of their lives and they always involve themselves in maligning others. ([1Tim 6:4](#)) Complaining about someone else is most often motivated by Jealousy which is the result of pettiness which is the little sister tagging along with Jealousy. Therefore, Jealousy removes all happiness from the believer since it results in intensive Self Induced Misery under the Law of Volitional Responsibility. Jealousy is the most cruel of all sins because it takes an ordinarily sweet person and turns him into a monster by changing his behavior pattern into one of Vindictiveness, maligning, judging, etc.

Jealousy is the most cruel mental attitude sin; it results in deep entanglement in the Interlocking System of Arrogance and very often involvement in the Interlocking System of Antagonistic Emotional Hatred. Therefore, Jealousy is not just a sin, it is moving toward insanity, becoming a psychopathic believer. As a result intensive Jealousy can also destroy the normal functions of the soul and is the explanation for some cases of neuroses and psychoses. ([Job 5:2](#), [Prov 14:30](#))

Jealousy motivates revenge as seen when his Brothers sold Joseph into slavery. ([Prov. 6:34](#), [Acts 7:9](#)) Therefore, Jealousy takes real or imagined wrongs out of the hands of the Lord for repayment and intrudes on the divine prerogative of judgment ([Deut 32:35](#), [Rom 12:19](#)). Inevitably, continuous Negative Volition toward the Gospel or Bible Doctrine manifests itself in Jealousy. ([Rom 1:28-29](#)) Jealousy, therefore, rejects the teaching of Bible doctrine, ([Acts 13:45](#), [Acts 17:5](#)) so that the absorption of false doctrine and the resultant apostasy produce more intensive Jealousy. ([1Tim 6:4](#)) More poor people are involved with Mental Attitude Arrogance than ever can be seen in the rich. When people are entangled in any area of Arrogance and involved with Jealousy and one tries to help them they react to this offered help from their Arrogance in Jealousy and hate him for it and then try to destroy him.

### **Jealousy & the Old Sin Nature**

The greatest Enemy to Spirituality is the thought pattern resulting from the Old Sin Nature controlling the soul. ([Rom 8:5](#)) Thinking according to the standard of the sin nature is living according to the standards of the Old Sin Nature based on one's Lust Patterns and the Trends. The genetic Old Sin Nature is described in scripture as having lust patterns, trends of function, an area of weakness and an area of strength. The lust patterns, the desires of the body, drive the individual's trends of function to activate either the Area of Strength or the Area of Weakness to generate temptation which it throws up against the individual's volition for

acceptance or rejection. The Area of Weakness is the source of temptation to commit sin or crime (sin basically as violation of the Laws of Divine Establishment). The Area of Strength is the source of temptation to commit Human Good production, human effort good deeds APART FROM GOD or the Plan of God. The initial temptation from the Area of Weakness logically must be involving some aspect of Mental Attitude Sin leading to or resulting from Mental Attitude Arrogance especially related to Jealousy, Pride and Bitterness. If these temptations are accepted it inevitably results in the development of Vindictiveness, Implacability, Hatred, Antagonism, etc., leading the believer into a complex of sinning all related to [Emotional Revolt of the Soul](#) as he moves deep into Reversionism. All people have their own Area of Weakness stimulated by their very own trends of function activated by their individual lust patterns and their reaction to outside stimuli in life may start with Jealousy or Bitterness or Self-Pity, but it moves inexorably into a compound series of failures when there is no self-restraint. This results in entanglement in Blind Arrogance, Implacability, and Maliciousness.

The problem with people in general is that they are polarized by their two trends, the trend toward Legalistic Self Righteousness and the trend toward Lascivious, Licentious Lawlessness. People are naturally self-righteous and being self-righteous they are usually moral and their sins are for the most part very subtle. They have sins related to Jealousy, [Pride](#) and [Inordinate Ambition and Inordinate Competition](#). Therefore they become very critical of those whose sins are in the licentious or lascivious lawless area. As a result, they spend their time actually judging and criticizing these people. These sins of the tongue are motivated and sponsored by the Motivational Arrogance of Mental Attitude Arrogance with its Mental Attitude Sins, especially Jealousy, Pride, Bitterness, Vindictiveness, Implacability, Hatred, etc. ([Ps 5:9](#)) Christians, generally, have the tendency to excuse the sins of the mind and think they are spiritual because they do not commit overt sins yet the scripture clearly states that the sins of the mind are the most devastating of all sin. ([Prov 6:16-19](#))

It can be what one says which destroys his relationship with God, because what he says is what he thinks. Words are formed in the mind, and so speaking is inevitably what one already has been thinking. And if he is thinking Envy and Jealousy then he is going to Malign, Judge and Gossip; and if he is thinking implacable hostility then he is going to Criticize and attempt to destroy another. If the Old Sin Nature controls the soul and the life then the person thinks only in terms of Envy, Jealousy, Hatred, Hostility, Pride, Legalism, etc. The believer must recognize clearly that one major difference between religion and Christianity is that religion always places the emphasis on the externals in life, the overt activities and functions, not what the believer is thinking.

When the sin nature is in control of the soul the believer develops a smug and pompous mental attitude. Being in Emotional Revolt of the Soul he is Jealous of those in his periphery who have or whom he imagines to have more in life than he has in any area. Jealousy develops into [Bitterness](#) and as a result of neglecting to use the [Rebound Procedure](#), his Bitterness turns to Anger, Hatred, and Implacable Vindictiveness. This believer thus begins a pattern of

Arrogance Skill functioning with Self-Justification, Self-Deception, and Self-Absorption. Once this patterns begins to function the believer can no longer be distinguished from the unbeliever. He is capable of functioning without any regret under malice, revenge motivation, vituperation, vilification, violence, even to the point of committing murder. The tragic thing is that even the most mature believers are susceptible to traveling this road to ruin if they neglect the consistent use of the Rebound Procedure.

The Saducees were strong for human freedom in Israel, they were strong advocates of the law, but they violated their own law in their Jealousy because, Jealousy leads to mental attitude murder which results in overt Murder where both are a violation of the law. As Saducees saturated with Jealousy and Envy they stooped to that which was contrary to their own standards. They want to destroy Christianity instead of allowing those who were Christians to worship according to the dictates of their own Bible Doctrines. They refused to stand on their own standards once they embraced their Jealousy.

When a believer is filled with Jealousy, Self Righteous Arrogance, Guilt, Self-Pity, Antagonism, Hatred, Bitterness, or Implacable Vindictiveness, he is not in control of his life. Involvement in Mental Attitude Arrogance with Mental Attitude Sins is a sign of having relinquished command of the soul to the Old Sin Nature, and by this succumbing to the devil's influence from Evil. When the Old Sin Nature takes over and controls the soul, the mind is filled with Jealousy (or any Mental Attitude Sin from Mental Attitude Arrogance), which pushes this believer into the 8 stages of Reversionism so that invariably emotion revolts in his soul. This starts wide emotional swings, Psychosis, Neurosis, and incredible Self Induced Misery.

### **Jealousy, Negative Volition & Reversionism**

Any rejection of principles of Bible Doctrine by the believer in some way as some level of Negative Volition toward Bible Doctrine can result from antagonism or personality conflicts with other individuals. This believer could attend bible study regularly yet still be negative to Bible Doctrine because he has some antagonisms with other believer and has become Jealous, bitter or competitive concerning someone in the congregation. This believer who is functioning under Negative Volition is in a certain motivational mental status which includes Disillusion, boredom, loneliness, Discouragement, Self-Pity, frustration, Bitterness, Jealousy, etc. For one reason or another one or more of these aspects of Motivational Arrogance as Mental Attitude Arrogance are in his life and form a Reactor Factor which is stage #1 of Reversionism. (Acts 13:45, Acts 17:5) In any given situation everyone responds positively but reacts negatively. These negative reactions result inevitably in a Frantic Search for Happiness as stage #2 of Reversionism. Stage #3 as the intensification of reversionism occurs when the Frantic Search for Happiness produces no positive results for the believer and results in Operation Boomerang in which the particular type of frantic search merely intensifies the original Reactor Factors without resolving any of the difficulty involved with the Reactor Factors. The frustration becomes greater frustration, the Bitterness becomes greater Bitterness, Jealousy becomes extreme Jealousy to the point of

being psychotic, and so on.

The 'root of Bitterness' draws an analogy between the root from Mental Attitude Arrogance and Mental Attitude Sins and the root which develops from a seed. The seed is dead and buried in the ground, illustrating SIN which has been confessed, acknowledged to God and has been permanently forgiven. ([1Cor 15:36](#)) The reaction arises if the believer begins to think about the sin after it is confessed so that the root of remembering the sin sprouts another mental attitude sin cluster of more Bitterness, Jealousy, Vindictiveness and Implacability and the devastating GUILT. This sprouting upward of reaction to a previously forgiven sin has 3 devastating results.

- ▲ The enhancement of the believer's potential for causing trouble for himself by relapsing into reversionism.
- ▲ The self-induced misery of involvement in reversionism.
- ▲ The potential for devastating Divine Discipline from God.

Therefore, by moving into reversionism this believer gets into operation overthink. His sin is blotted out, he is supposed to forget it, but he didn't because he is legalistic and reversionistic and in operation overthink. He begins to think about the other person against whom he has committed the sin, but only in a vicious way through Jealousy, Bitterness, Implacability, Antagonism, etc. So in operation overthink his Motivational Arrogance of Mental Attitude Arrogance starts to germinate and this begins his chain sinning resulting in interlocking with more mental attitude, verbal ([Psalm 5:8-9](#)) and even overt sins. In the backlash and the reaction of overthink he then sprouts these sin clusters.

All Mental Attitude Sins, as part of the Motivational Arrogance of Mental Attitude Arrogance, come in clusters and [Pride](#) is often the trigger that releases them. Under normal conditions Pride may not be evident, but pressure exposes the existence of the original sin by drawing out a corresponding counterpart sin or sins. The counterparts to Pride can either be mental sins, verbal sins ([Psalm 5:8-9](#)) or a composite of both. When the Pride is compressed by some criticism or overshadowing of the individual by another's success or popularity, out will pop Jealousy, Cowardice, Self-Pity, Vindictiveness, Pettiness, Maligning, Gossip, Judging or operation Vengeance as a reactor factor. Reaction creates a veritable "Pandora's box", a prolific source of troubles from Self Induced Misery and the potential for Divine Discipline in reversionism.

The reaction period, stage #1, of reversionism has both primary and secondary phases. [Disillusion](#) is often the initial challenge to confront the soul and basically is a reaction to people. Disillusion gives rise to personality [Hang-Ups](#) where the individual begins to assume that some other has let him down. If he reacts to these assumed circumstances, he becomes discouraged and withdraws from those who have disillusioned him or departs from the local church or group entirely. This is [Hypersensitivity](#) which totally lacks objectivity and result in leaving a void in his life and invariably leads to boredom or the inability to cope with loneliness. Unchecked, it activates secondary reactive factors including Frustration, [Self-Pity](#),

and many of the other accompanying Mental Attitude Sins including Jealousy, [Bitterness](#), Pride, Implacability, Vindictiveness, [Guilt Complex](#), etc. These trigger Operation Vengeance or the attempt of the believer to build his happiness on someone else's unhappiness through Gossip, Maligning, judging, etc. Thus when a believer starts to enter into reversionism he is plagued by Mental Attitude Arrogance and its Mental Attitude Sins and though he ordinarily is not Jealous he becomes Jealous.

Satan has in fact in this Church Age trained his sights on the Royal Family of God. From the fall of Adam in the garden to the ascension of The Lord Jesus the Christ all satanic attacks were against The Lord Jesus the Christ in attempts to prevent his 1<sup>st</sup> advent or prevent him going to the Cross to provide his Substitutionary Spiritual Death as payment for our sins. [Heb 12:3](#) explains that Satan's guns are now, in this Church Age, the intensified stage of the Angelic Conflict Appeal Trial, leveled against the believer's soul in an attempt to cause fainting in the soul, the fatigue of reversionism, with its incipient Reactor Factors. The believer must remain alert to all the dangers of involvement in the Cosmic Dynaspheres as he presses toward the high ground of Maturity Adjustment to the Justice of God. When his victory is within his reach, then pressure begins to mount and the enemy intensifies his search for chinks in his spiritual armor. ([Eph 6:10-17](#)) He searches for what might cause the Reactor Factors of Discouragement, Despondency, Bitterness, Self-Pity, Jealousy, Vindictiveness, Implacability, Boredom, Loneliness, and by this involvement keep this believer from the Word of God. He seeks what is more attractive or important to the believer than Bible doctrine. He pushes to find what is his breaking point to separate him from Bible Doctrine. As these are discovered, Satan then exploits those frailties and potentials for production through Old Sin Nature control of the soul in an attempt to soften that believer's defenses and weaken his soul.

Loneliness is not a sin but it can produce a whole batch of sins when one reacts to it. There are within Mental Attitude Arrogance the Mental Attitude Sins like Jealousy, Bitterness, Vindictiveness, Implacability, all Antagonisms, which also double as Reactor Factors. Frustration is not a sin but as a reactor factor it can lead to sin. So some of these reactors are actually sins and some are not, but when one reacts to any of these situations he comes to the [Frantic Search for Happiness](#), and the Frantic Search for Happiness perpetuates carnality in the life on a very extensive basis. The Frantic Search for Happiness also leads to [Emotional Revolt of the Soul](#) which inevitably places soul control firmly in the hands of the Old Sin Nature. Once the emotion revolts it further intensifies whatever Reactor Factors are involved.

Reversionism cannot produce anything of value in the Plan of God. [James 3:14](#) clearly emphasizes that if one has bitter Jealousy and is always antagonistic and looking for a fight then he WILL have wide emotional swings and instability of soul. Jealousy or Envy is always encompassed in or accompanied by Bitterness and always produces contentiousness, looking for an overt fight or argument leading to clusters of Mental Attitude, verbal ([Psalm 5:8-9](#)) or overt sins. This results in wide emotional swings and total and complete instability of

soul. Therefore, Jealousy, which is the clear sign of involvement in reversionism, is also the motivator for it. Jealousy causes the reversionistic believer to quote and distort doctrine and scripture in such a way so as to discredit the pastor and his authority. This reversionist gains adherents from the congregation on the basis of his distortions of these doctrines. However, those who join with him are not aware of his motivation from Jealousy, they are only convinced because of his distorting of the doctrine. This brings on revolt or the challenge to the authority of the Pastor Teacher by the congregation and results in quarreling and fighting.

Upon reaching the ultimate and inevitable degradation of his Spiritual Life to the point of [Reverse Process Reversionism](#), the 8th and final stage of reversionism, the believer will be saturated with Envy and Jealousy, his [Lust](#) patterns will run rampant through his soul, he will Judge and even [Murder](#) without ever having or acquiring the authority he sought. However, if the desired authority is obtained through his Jealousy, Lusting or Killing, he still has nothing. Therefore, Jealousy is a sign of reversionism. ([Prov 3:34](#)) This is a warning to the believer because God KEEPS ON BEING the enemy of the proud, the arrogant, this is the reversionistic believer in enmity with God. Notice carefully that the reversionist is always described in terms of Mental Attitude Arrogance and Mental Attitude Sins including Jealousy and Pride.

There is a principle here, Jealousy takes things by violence and Murder takes things by violence, and that is why they have common counterpart aspects between them. Jealous people are very often violent in their Jealousy. In other words, Jealousy results in people trying to get something that they want by violence, and this is the believer in reversionism. He may Lust for something or someone and is Jealous because he is not able to acquire it or them. He may murder to keep others from acquiring what he Lusts for but even in this he is also not able to acquire either. A believer in reversionism wants self-gratification through some form of pleasure but the very thing that he seeks he destroys by his attempts through violence to acquire it. Therefore, Mental Violence is Jealousy; Overt Violence is Murder and they have much in common. ([James 4:2](#))

Therefore, the reversionistic believer wants certain things, and there are certain pleasures which he thinks will bring him happiness. Therefore, he aggressively pursues any means of acquiring these pleasures and invariably fails. However, if he gets what he is pursuing, there are two things that inevitably happen:

- ▲ By means of violence toward himself, he will lose what he has sought.
- ▲ Having obtained what he wants by violence, he in fact won't have anything.

This is the pattern of a believer in reversionism seeking happiness in stage 2 of the Frantic Search for Happiness. Anything acquired through actions resulting from Jealousy, Lust or Overt Violence these things are not worth having and will never bring happiness. No matter how hard one works or to what lengths one goes, whatever he obtains in reversionism or through reversionism is not worth having and can only bring misery. Therefore, believers are warned regarding Jealousy. ([Ps 27:4-6](#)) The person who is guilty of Envy or Jealousy is the most miserable but even the object of it often becomes miserable because he becomes the

object of [Revenge](#) tactics. So whatever capacity for love exists with this believer, it is destroyed by the destructive power of Jealousy or Envy. Therefore, reversionistic believers will be deeply entangled in Arrogance, some having [Blind Arrogance](#) with morbid obsessions about controversies. Reversionism thrives on pseudo controversies and likes to be involved in controversies and stir up controversy because of their Jealousy and they use Slander, Maligning or Implacability to provide them with a sense of victory in these controversies.

In the 6<sup>th</sup> stage of reversionism, [Blackout of the Soul](#), the believer is moving directly toward total Satanic influence from Evil and everything that is anti-God and anti-establishment. This is the direct result of persistent or [Locked In Negative Volition](#) toward Bible Doctrine regardless of how that Negative Volition is expressed. He thus becomes a bleeding heart liberal, a hippy of the 60s, or gets himself into some activity involving socialism, welfare, communism, etc. In this phase Blackout of the Soul leads to greater Pride, Bitterness, Jealousy, Vindictiveness, Implacability, etc., and is also the stage at which [Criminal](#) activity becomes quite extensive.

This Blackout of the Soul is the direct and accumulated result of all previous stages of reversionism. It is directly related to the opening of the vacuum into the left lobe as a result of consistent Negative Volition toward Bible Doctrine and is that which prevents the unbeliever from accepting the gospel of Christ and the believer from accepting the truths of Bible Doctrine. It results first from the Reactor Factors in the life which then result in a Frantic Search for Happiness which in turn causes Emotional Revolt of the Soul, which places greater emphasis on Negative Volition as apathy or indifference to Bible Doctrine with Bible Doctrine taking second place to everything else in life. This enhanced or Locked in Negative Volition causes a Black Out of the Soul where by any Light of Bible Doctrine in the Stream of Consciousness of the Soul is systematically erased from the soul. This results in the opening of a vacuum in the soul for information which draws into the Left Lobe of the Soul the LIE of Evil as false doctrine and false principles from Evil ([1Tim 4:1](#); [2Tim 4:14](#)) the general condition which results is the development of Scar Tissue of the Soul which prevents any Truth from entering the Left Lobe of the Soul and being metabolized into the Right Lobe of the Soul.

This [Scar Tissue of the Soul](#), stage 7 of Reversionism, results from the accumulation of false information the LIE from Evil and prevents further intake of any TRUTHS and includes the concept of “hardening of the heart”. It is accumulated first on the left bank of the soul through Negative Volition toward the Gospel and / or Bible Doctrine thus preventing the comprehension of the Truth. The heart or right lobe then becomes “hardened” toward God, his Grace and Bible Doctrine, and the result is that the believer loses his capacity to love God IF he had it in the first place. This Negative Volition also results in entering into involvement in the Interlocking System of Arrogance and when any part of one’s Arrogance is challenged by truth the Negative Volition results in Antagonism, involvement in Cosmic Dynasphere II the Interlocking System of Antagonistic Emotional Hatred. Scar Tissue of the Soul must begin on the Left Lobe of the Soul before it can accumulate on the Right Lobe of the Soul. Therefore,

there are certain parts of Arrogance or Antagonism and their accompanying sins that will put scar tissue on the right lobe of the soul if one already has scar tissue on the left lobe. These sins include, but are not limited to, promiscuity or adultery ([Prov 6:32](#); [Eph 4:19](#); [Eph 5:3](#)), which hinder Category Two love; and involvement with Motivational Arrogance as Mental Attitude Arrogance with Mental Attitude Sins ([1John 2:9-11](#)), including Pride, Envy, Jealousy, Bitterness, Vindictiveness, Implacability, Hatred, Fear, Worry, Anxiety, etc. and these will hinder the development of any category of love.

### **Jealousy & Emotional Revolt of the Soul**

The Right Lobe of the Soul of the believer saturated with Bible Doctrine in the Frame of Reference initiates to the emotions and which then responds with appreciation for Bible Doctrine, for who and what Christ is, for what God has given him in this life. However, when the [Emotions Revolt](#) and become the initiators of function in the soul the emphasis becomes how one feels based on personal experience rather than on how one THINKS based on Absolute Truth. Then the Mental Attitude Sins derived from temptations from the Old Sin Nature hinder the capacity for life as well as for love. ([Prov 23:15-17](#)) The Right Lobe of the Stream of Consciousness of the Soul should initiate Impersonal, Unconditional Love; but when the emotions revolt, Jealousy, Bitterness and Implacability come into play. When there is Mental Attitude Arrogance and Mental Attitude Sins, Jealousy or Envy backs up and seeps into the emotion. If Mental Attitude Sin is not handled promptly through the [Rebound Procedure](#) of [1John 1:9](#), they back up further, so that eventually Jealousy infiltrates the Right Lobe of the Soul, and this becomes the “deceitful heart,” or the “desperately wicked heart.” The Old Sin Nature in effect says, “Hey, emotion, don’t you get tired of being kicked around by the Right Lobe? Don’t you get tired of being a responder all the time? Arise and revolt!” So up from the Old Sin Nature comes the temptation to Jealousy; and once Jealousy is accepted and established in the emotions as a strong Motivational Arrogance or Mental Attitude Arrogance and Mental Attitude Sin there begins wide emotional swings resulting in this believer becoming frustrated and miserable, and in the extreme, neurotic or [Psychotic](#). This is the development of a sick soul with soul “Hatreds” that come from Jealousy. ([Ps 73:21-22](#)) Therefore, Jealousy is not only a part of Motivational Arrogance but also part or the initiator of negative emotion which blots out thinking. No believer can think or concentrate in order to apply Bible Doctrine under pressure when negative emotion dominates the soul. All negative emotions are produced by living in the Cosmic Dynaspheres, the Interlocking System of Arrogance and / or the Interlocking System of Antagonistic Emotional Hatred.

The [Emotional Arrogance](#) with its Emotional Complex of sins includes Bitter Jealousy, Fear, Worry, Anxiety, Hysteria, Anger, Hatred, Loathing, Malice, Tantrums, Irrational Violence, Murder, Egotistical Irrationality related to arrogant [Self-Righteousness](#), Insensitivity about self

but [Hypersensitivity](#) about the attitudes of others, Denial, Projection, [Self-Pity](#) and [Guilt](#). When emotion becomes one's god, he is fragmented and ripe for the emotional distractions of pseudo Christianity. ([Phil 3:18-19](#)) Such a believer's unrestrained or uncontrolled emotional pattern is the basis for all aspects of [Criminality](#) including violence and even Murder with complete and deep entanglement within the Interlocking System of Arrogance.

When the emotions revolt and Fear arises in the soul Fear cannot cope with any situation in life because FEAR as an emotional sin out of control prevents thinking. Fear can only increase weakness and cowardice, resulting in irrationality as a result of causing the inability to THINK in terms of Absolutes. Consequently fear opens the way to other aspects of Mental Attitude Arrogance and Mental Attitude Sins in every category. From fear comes many manifestations of Mental Attitude Arrogance and Jealousy results when one is afraid of losing someone, and it occurs when this other shows any favoritism toward anyone else. Fear as a Mental Attitude Sins is removed by spiritual advance to Maturity Adjustment to the Justice of God along with its Pride and Jealousy. Within the stability of the mature spiritual life the believer has no fear as to what anyone in mankind might say about him or do to him proportionate to his development of [Problem Solving Device #10](#), Occupation with the Person of The Lord Jesus, The Christ, Advanced Personal Love for God, which eliminates all fear and thus overrides all Mental Attitude Arrogance and Mental Attitude Sins. ([Prov 23:17](#))

When Emotional Revolt of the Soul occurs, which often results from engaging in Jealousy or Envy, it results in producing BAD EMOTION in many categories which include Vituperation (as gossip, slander, maligning, and judging), Vilification (which is the creation of a public lie about someone who is the object of Jealousy), Hatred, Vindictiveness, or Implacability. [Revenge](#) is also a potential, which itself includes Malice, (the lust to inflict injury or suffering on others), which can result in Violence and even [Murder](#).

### **Jealousy & The Cosmic Dynaspheres**

The cosmos is a vast order or system that Satan has devised and promoted, which conforms to his ideals, aims, and methods designed to prevent his eternal residence in the Lake of Fire. In Human History it is civilization functioning apart from God in which none of its promoters expect God to share in its functions, who assign to God no consideration in respect to their projects; nor do they ascribe any causality to Him. It is this SPHERE in Human History in which man lives. It is what man sees, what he employs and to the uncounted multitude it is all they ever know so long as they live on this earth. It is literally a cosmos diabolicus, the Policies and Plan of Satan.

### Jealousy & Interlocking System of Arrogance

Mental Attitude Arrogance includes all Mental Attitude Sins such as Pride, Jealousy, Bitterness, Vindictiveness, Implacability, Hatred, Self-Pity, Guilt, Operation Over-think, etc., because all Mental Attitude Sins are subjective preoccupation with self. Negative Volition Arrogance always interlocks with Mental Attitude Arrogance because the person who becomes negative to Bible Doctrine always becomes involved in Jealousy and other Mental Attitude Sins. The rejecting of the Truth of Bible doctrine communicated by one's own pastor-teacher comes from the rejection of the authority of the pastor and his doctrinal message as well and both are the cause AND result of Jealousy or other Mental Attitude Sins.

When there is rejection of the Laws of Divine Establishment and Divine Institutions and the substitution of human viewpoint as solutions these individuals, therefore, become involved in the Satanic administration system under his rulership of this world. Instead of freedom there is a demand for Equality, but Equality can only be approached through coercion and slavery. Equality demands the full mobilization of Envy and Jealousy, and therefore to promote equality there must be taxation of the successful, confiscation of property, the nationalization of industry, all which are based on Evil, the Plan and Policies of Satan.

Jealousy, as one function of Mental Attitude Arrogance is a part of Motivational Arrogance. Jealousy is one of the basic reasons why people of great potential never realize their potential. Everything that is great in a person is destroyed by Jealousy. Jealousy in squeezing the greatness out of one is the destroyer of capacity for life, and a person who has any kind of a Jealousy problem will never have capacity for any level of happiness. Whatever Jealousy achieves Jealousy immediately loses. Jealous people are miserable people; Jealous people become the villains of life because Jealousy is one of the strongest areas of Motivational Arrogance. So when the bible says literally, "Do not be Jealous of Evil men" it merely indicates that Jealousy puts the individual involved on a par with those saturated with and totally functioning under the principles and policies of Evil. Whatever potential one might have and whatever he has attained in life is neutralized by Jealousy. So Jealousy is far greater than just a Mental Attitude Sin, it is the basis for the initiation and involvement in most Motivational Arrogance, driving to and entangling the believer in, the Cosmic Dynaspheres.

Jealous people always have unfulfilled desires and Jealousy gravitates to Jealousy; in other words, Jealousy produces the desire for association with Jealousy. Therefore Jealousy is a self-destroyer. Jealousy may appear to be innocuous on the surface but Jealousy is always the beginning of a life saturated with Evil from persistent residence in the Cosmic Dynaspheres. A

life lived under the principles of Evil cannot, by any stretch of the imagination, fulfill the plan of God, cannot function under the principles of leadership, and is a wasted life. This believer may destroy his life totally but cannot destroy his eternal salvation. His options and opportunities exist in time and inevitably Jealousy destroys all options so that a Jealous person becomes a dried up prune with a dried up soul.

This all starts as Motivational Arrogance which has many sides and many facets. For example, Jealousy is Arrogance or preoccupation with self. To the extent that people are Jealous, to that extent they become vulnerable to total entanglement in the Cosmic Dynaspheres. This does not mean that every Jealous person is going to be a convert to some Satanic religion but it does mean that this is a beginning of his own self destruction. There is a very close relationship between Jealousy and [Emotional Revolt of the Soul](#) and these totally stifle thinking so that Jealous people are never able to think rationally. Once one loses the ability to think rationally then he falls back on emotion, and emotion as the basis for function results in a total disorientation to reality. So we have Jealousy, and from the Jealousy there is always frustration and the frustration factor further destroys the ability to think and therefore there is [Bitterness](#) and more thus driving the individual further into [Reversionism](#) and deeper into entanglement in the Interlocking System of Arrogance.

Jealousy as a manifestation of Arrogance is a part of [Inordinate Ambition](#) and Inordinate Competition and is irrational in its resentment of others. ([Gal 5:25-26](#)) Jealousy is directed toward self as the subject and toward people as the object and is a major stumbling block in the attainment of Spiritual Self Esteem in Spiritual Adulthood. Jealousy is also a major contributor to [Self-Righteous Arrogance](#), and therefore, a major motivating factor in Christian Immoral Degeneracy. Jealousy is the handmaiden of [Religious Legalism](#) and as such is tyranny in its simplest form. Where Jealousy persists, it destroys human freedom because basic Jealousy does not permit people to love from their own volition; it demands love and attention. ([James 4:5-6](#))

As a contributor to [Emotional Revolt of the Soul](#), emotion based on Jealousy builds a wall in the soul that prevents the application of Bible Doctrine to life. This wall can be built by the various categories of emotional sin including Fear, Hatred, Self-Pity, Guilt and especially Jealousy. Being Jealous, as emotional or irrational Arrogance (James 4:5-6), will result in any of the following reactions involved with Jealousy:

- ▲ Bitterness
- ▲ Vindictiveness

- ▲ Implacability
- ▲ Inordinate ambition and competition
- ▲ Revenge
- ▲ Verbal sins
- ▲ Overt sins

A total focus on self is Arrogance and it comes from [Unrealistic Expectations](#) and from the overestimation of self. When one is not being treated the way he wants to be treated his eyes are focused on himself. He is frustrated because of his Jealousy and becomes Implacable making consistent bad decisions from a position of weakness as a result or residing in and functioning under the Cosmic Dynaspheres. The more he is preoccupied with self, the greater are his expectations and demands from people around him. His reaction, while residing in the Cosmic system, is inevitably Jealousy, Bitterness, Guilt, Vindictiveness, Implacability, Self-Pity, Hatred, Anger, and which are all encompassed as Revenge Motivation. With these things in one's soul as a believer, he is guaranteed to have a totally unhappy life.

### **Jealousy & Soul Fragmentation**

Fragmentation is defined as the action or process of breaking something into small parts or of something being broken up in this way. The believer who fragments his own life pulls the pin of the Arrogance Grenade through such categories of both Motivational Arrogance and Functional Arrogance as Envy, Jealousy, Bitterness, Hatred, Vindictiveness, Implacability, Self-Pity, Revenge, Inordinate Ambition, Inordinate Competition, resulting in Slander, Maligning, Gossip, and Judging. Fragmentation occurs in six categories:

- ▲ Self-fragmentation or personal fragmentation.
- ▲ Polarized fragmentation.
- ▲ Fragmentation as subjective preoccupation with self or others in Arrogance
  - ▼ Unrealistic Expectation is subjective preoccupation with self.
  - ▼ [Role Model Arrogance](#) is subjective preoccupation with others.
- ▲ Human relationship fragmentation.
- ▲ Emotional fragmentation
  - ▼ [Emotional Revolt of the Soul](#) with complexes of emotional sin including Fear, Worry, Anxiety, Anger, Hatred leading to Violence and even Murder.
- ▲ God relationship fragmentation.
  - ▼ Failure to learn and to use the [10 problem solving devices](#).

### **Implosion**

Implosion is defined as undergoing a catastrophic failure, to collapse or compress inward violently with great force as a result of external pressure. Thus to implode in the Spiritual Life means to succumb to the outside pressures of one's environment or the inside pressures of the

Old Sin Nature in one's life resulting in temptations to produce Sin, Crime or Human Good. Implosion is used here in a technical sense for succumbing to the Old Sin Nature's trend toward Religious Legalism and / or Self-Righteous Arrogance or its trend toward Antinomianism and Lascivious Lawlessness. Implosion which follows the trend toward religious legalism includes many heresies which result from Self-Righteous Arrogance such as salvation by human efforts or good deeds, spirituality by human efforts or good deeds, relativity regarding spiritual advancement, erroneous views about the Christian way of life and God's protocol plan, total lack of Grace Orientation, substituting taboos from distortion of Doctrine for divine mandates, erroneous views about the actual canon of Scripture, not accepting the principle of verbal plenary inspiration of Scripture, ETC. Therefore, Implosion is the first step toward moral or immoral degeneracy and is Internal Fragmentation which if unchecked by rebound and doctrinal orientation, becomes explosion. Implosion in the Spiritual Life is generally the result of Motivational Arrogance involving Mental Attitude Arrogance and its Mental Attitude Sins.

### Explosion

Explosion is defined as a very rapid increase, a breaking up or bursting into pieces violently often with a loud noise, or causing something to do this: to show something to be wrong; to react suddenly with a strong expression of violent emotion such as anger. Therefore, in the Spiritual Life, Explosion is the reaction of the individual to the pressures of life, internal and external and is external fragmentation. This is caused by the believer pulling the pin of the Arrogance Grenade initially by engaging in the Motivational Arrogance of Mental Attitude Arrogance and its Mental Attitude Sins which results in Functional Arrogance and uncompensated entanglement in the Interlocking System of Arrogance. Explosion usually results in polarized fragmentation. When it is unchecked by the use of the rebound procedure, explosion will lead the believer to either moral or immoral degeneracy and apostasy which cultivates a tyranny of Evil in his soul and life. The pin of the Arrogance Grenade involves any aspect of the Interlocking System of Arrogance but usually and logically begins with some level of Motivational Arrogance from Mental Attitude Arrogance which includes such Arrogance sins as Jealousy, Bitterness, Vindictiveness, Implacability, Self-Pity, Hypersensitivity, Hatred, Anger, Revenge, Slander, Maligning, Gossip, Judging, Inordinate Ambition and Competition which ultimately undermine love, affection, friendship, romance, and marriage.

Fragmentation generally results in the believer when there is failure to execute the protocol plan of God through consistent post-salvation epistemological rehabilitation. This results from failure to learn and to use one's own portfolio of invisible assets. Failure to advance in the Spiritual Life and develop a Personal Love for God and Occupation with the Person of The Lord Jesus, The Christ, the priority solution. Failure to understand and apply the unique

characteristics of the Church Age. Failure to comprehend the unique commissions of the Royal Family of God in this dispensation of the Church Age as Royal Priest and Royal Ambassador for Christ.

Life is always complicated by reaction when it involves self-fragmentation. When the believer is rejected by those whom he loves, respects, or admires, he reacts by pulling the pin of the Arrogance Grenade and fragging himself. Sometimes the believer is rejected because he is already living a fragmented life in the Cosmic Dynasphere system and deeply involved in the Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred. Reaction to rejection leads to many of the problems that destroy any possibility of having an effective and functional spiritual life. Reaction is always the result of some outside pressure in life which demands the use of Problem Solving Devices which invariably this believer has not developed. Outside pressures in life are inevitable but reacting to them to produce stress in the soul of the believer is totally OPTIONAL. Stress in the soul from reaction to any level of rejection means complete malfunction of the spiritual life. Reaction can include anything from being emotionally hurt to engaging in Bitterness, Jealousy, Vindictiveness, Implacability, or being filled with Self-Pity inevitably resulting in self-fragmentation of the spiritual life.

### Illustration of Implosion and Explosion

Irritation, to irritate means to incite to impatience or anger, to cause to induce impatience or anger, to exasperate, to annoy, to antagonize to the point where self-control is lost. Therefore, irritation is a good illustration of implosion and under the Protocol Plan of God, the believer should not become ever irritated because of other people, only because of self and one's own failings. When one is irritated by some situation or some other person it is common to blame the object for the irritation. However, irritation is an emotional sin resulting from Implosion, and one does this to oneself and therefore Self-irritation is implosion. However, in the implosion or internal fragmentation stage of post-salvation sinning, the believer inevitably blames his irritation on the object of his Mental Attitude Arrogance and Mental Attitude Sins such as Jealousy, Bitterness, Vindictiveness, Implacability, Anger, Gossip, Slander, Maligning, or Judging. Under the mandates and priorities of the Protocol Plan of God the believer MUST take the responsibility for his own irritation, for his Mental Attitude Arrogance. Thus, Self-irritation, self-Jealousy, self-Bitterness, etc., is the personal decision of the believer to pull the pin of the Arrogance Grenade. He always does it to himself, although there is always an object for him cast blame onto and thus avoid taking responsibility for it. Self-irritation combines the function of implosion with the function of explosion, so that one totally fragments his own Spiritual Life by using his volition to initiate the Motivational Arrogance and then use this as momentum to move forward with it into Functional Arrogance. By allowing this process

to go unchecked by his failure to use the rebound procedure he inevitably ends deep in the stages of Reversionism and either the moral degeneracy or immoral degeneracy of the Interlocking System of Arrogance.

Cain as the eldest son was about to lose his status and inheritance potential because he was not acceptable to God. He was about to be disinherited but he could have still ruled over Abel by accepting Christ as savior. But Cain's continued failure to find acceptance with God eliminated this completely and therefore his brother, Able, would rule him, his brother would become the priest, and would retain all of the family heritage. Therefore, Cain determined that he had to eliminate his brother. So his reaction to being unacceptable to God resulted in and from Jealousy which led him to Hatred and this Hatred led to [Murder](#). Cain intended to be first regardless of the cost, even if it meant killing his brother. This is self fragmentation and self destruction.

Envy which is tantamount to but greater than Jealousy is a part of Motivational Arrogance and Mental Attitude Arrogance and is a Mental Attitude Sin. When one envies sinners, that means he has pulled the pin in the Arrogance Grenade and fragmented his own life, so that his emotions now dominate the right lobe of his soul. Jealousy or Envy as [Emotional Arrogance](#) and sin is totally irrational and cannot possess any aspect of real thought. It is strictly Arrogance and preoccupation with self. Therefore, the believer dominated by his emotion will regularly pull the pin of the Arrogance Grenade by engaging in any aspect of Motivational Arrogance as Mental Attitude Arrogance especially Jealousy, Bitterness, Hatred, etc. In other words he does this by being totally preoccupied with self to the exclusion of the plan, purpose, and will of God for his life. ([1Tim 6:3-4](#)) Every time the believer becomes angry, Jealous, Bitter, Vindictive or Implacable he surrenders his happiness to someone else. Therefore, the pin of the Arrogance Grenade, Motivational Arrogance, Mental Attitude Arrogance including Jealousy, is the basis for establishing an inherent flaw in one's life. Production under or from Evil is the result of the believer constantly living in a status of being flawed. Deeds, like crusading using civil disobedience, come from these flaws. However, if the believer makes decisions to maintain consistency in the Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine he will inevitably have faults but he will not develop inherent flaws. Therefore, Self-fragmentation as a substitute for human self-esteem is invariably caused by Motivational Arrogance, the Mental Attitude Arrogance of Bitterness, Jealousy, Vindictiveness, Implacability, Hatred, even Self-Pity, all motivation leading to Revenge.

### **Jealousy, Arrogance & Split Personality**

The Split Personality From the Standpoint of the Bible is the basis for being divorced from the reality of life. When one has Mental Attitude Sins including Jealousy in his soul, he has a split personality. There is no justification for any mental attitude sin no matter how one has, or thinks he has, been mistreated. Therefore when one's personality is split, it is split by sin in the life.

God's plan for creatures always starts with a cohesive, integrated, and unified soul, with no split in the personality. The unified personality of the unbeliever is formed by faith alone in Christ alone for Salvation Adjustment to the Justice of God, and is maintained for the believer by consistent Perception, Cognition, Inculcation, Metabolization and Application of Bible Doctrine in Temporal Adjustment to the Justice of God. When the Old Sin Nature controls the soul the individual is one person, and when God the Holy Spirit controls the soul, he is another person. Satan used his own volition to become arrogant and to split his personality. This split caused the greatest spiritual warfare of all time. Ish (Adam) and Ishah (Eve) sinned and created for themselves split personalities. God created both Satan and mankind, Ish and Ishah, with unified souls. However, God also gave creatures volition so that they could make decisions some of which often split their soul. A split personality can be mended by the believer easily in the early stages by the consistent use of the rebound procedure, but in the advanced stages, that same one may want to see a psychiatrist. Therefore, every time one sins he splits his personality. This does not mean he is psychotic from the beginning, but if he becomes consistently entangled in the Interlocking System of Arrogance, generally the major reason why believers become psychotic, neurotic, and have personality dysfunctions, he is in grave trouble.

Therefore, involvement in the Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred invariably results in or from a split personality. The Arrogance complex is a contradiction to the protocol plan of God. ([Prov 11:2](#), [Prov 16:18](#), [Prov 23:29](#), [Rom 12:3](#)) This lifestyle under Arrogance can easily convert one into the psychopathic believer and Rom 12:3 clearly says that one cannot be consistently arrogant and be sane at the same time. When one consistently thinks of self in terms of Arrogance, he is thinking in terms of Jealousy, Bitterness, Anger, Hatred, etc. As a split personality, one becomes two people, whatever he was by way of Bible doctrine and what he becomes by way of Mental Attitude Sins especially Jealousy. Therefore, if the believer harbors Jealousy and Bitterness in his soul, it is a guarantee of his having a split personality. His secondary personality will take him away from reality and into illusion and self destruction. The antithesis of this secondary personality is found based on the Humility developed in the Divine Dynasphere in the normal, integrated cohesive soul of the advancing believer. ([1Pet 5:5-6](#))

### **Jealousy & Lust**

Ananias and Sapphira ([Acts 5:1-10](#)) were making a most vicious attack on the church, and at this point they were the worst enemies of the church. They were starting into the game of king of the spiritual mountain; they were Jealous of Barnabas. Now Barnabas had entered into this unwittingly, he gave to the church as unto the Lord. He sought no approbation nor any ascendancy in the local church, he was simply giving from his prosperity as unto the Lord.

But because of the tremendous approbation that came his way which did not cause him to act superior, Ananias and Sapphira went absolutely crazy. In their Jealousy they entered into a transaction where they sold a valuable piece of property and were supposed to bring part of the profit and give it to the church just as Barnabas did. However, they were deceitful and contended that they were giving the whole of the profit but did, in fact, hold back part of the profit. This is the New Testament equivalent of Achan's sin. ([Josh 7:1](#)) Their problem, like Achan's problem, was [Lust](#), only in their case it was Approbation Lust in which they desired the praise of the Jerusalem church. The mental attitude which was behind this was Envy and Jealousy because their life and happiness revolved around possessing status symbols and receiving approbation from others. There was nothing wrong with keeping back part of the price of the sale. There is no regulation as to how much a believer should or should not give. The sin was in telling the lie resulting from the Envy and Jealousy, the mental attitude behind it. They were totally saturated with Jealousy. ([Acts 5:16](#)) Then being filled with Jealousy this led to inconsistency. ([Acts 5:17](#)) This all resulted from Jealousy being motivated by LUST for approbation and no one can be Jealous without being inconsistent with himself and his best motives.

### **Jealousy & Pride**

[Pride](#) is the most basic Mental Attitude Sin, and as such, it attracts and links with many other mental sins. For example, the arrogant person always sees someone who has more of what makes the arrogant person Proudful, such as beauty, personality, or ability. This causes Jealousy. These two mental sins always travel together. All Proudful people are Jealous and when pressure is put on their Pride it causes Jealousy to pop up. Invariably, this person will be [Petty](#) in the area of his Pride and Jealousy. If he is petty, he also becomes Vindictive and if he is Vindictive, he becomes Implacable toward those whom he is Jealous of. Pride, Jealousy, Pettiness, Vindictiveness, and Implacability generally always go together. Pride also becomes the counterpart to weaknesses of the soul resulting from Cowardice. People who are saturated with Pride are totally different when under pressure, the pressure acts as a sensitivity point hiding the Pride and bringing out the counterparts. Counterparts to Pride can fall into any of the various categories of Sin:

- ▲ Mental Attitude Sins such as Jealousy
- ▲ Verbal Sins such as Gossip and Maligning
- ▲ Overt Sins such as Vengeful Violence

Thus frustrated Pride is like nuclear fission and the chain reaction releases Jealousy and other categories of sins. This is generally the motivation for Retaliation, Revenge, Vengeance, motivation by reversionists to do good deeds, motivation to change occupations, and motivation to upstage someone in some area of function. Pride is in fact defined in terms of Jealousy. ([Jam 3:14-16](#)) No one is ever Jealous without prior involvement in Pride which is inordinate or abnormal self-consciousness. Since Pride is an unrealistic and expanded opinion of self it

resides in the soul under normal circumstances in a state of contentment with the expanded image it has created. But when normal circumstances give way to the pressures of life, then Pride cannot stand the suppression caused by this pressure. The suppression of Pride cocks the trigger which when released it produces Jealousy, and potentially all other aspects Mental Attitude Arrogance and Mental Attitude Sins. ([Prov 26:12](#)) These Mental Attitude Sins which originate from Pride OR Jealousy are actually the greatest hindrance to the Christian way of life. This kind of a person is worse than the fool who simply goes back to his pleasures, he becomes a trouble-maker in any organization or group he may reside in.

### **Jealousy & Bitterness**

Jealousy always leads to [Bitterness](#) and Bitterness is actually a mental attitude which results from Jealousy. This is called Bitter Jealousy in Jam 3:14, because Jealousy and Bitterness are two sides of the same coin. Jealousy most often comes first and results in Bitterness. Bitterness is refusal to take the responsibility that the Jealousy came from one's own volition. Bitter Jealousy combined with [Inordinate Ambition](#) is one voluntarily pulling the pin of the Arrogance Grenade which inevitably results in a Fragmented Life. (Jam 3:14-16) Malice then is the desire and the motivation of the fragmented believer to inflict suffering and injury on others. Thus Malice is motivated by Jealousy, Bitterness, Hatred, and other Mental Attitude Sins. Therefore, one cannot entertain Jealousy without inevitably flipping to the other side of the coin and engaging in Bitterness which invariably consolidates [Denial](#) and [Projection](#). The first result of Bitter Jealous reaction is Denial, the second result is Projection. Bitterness is therefore, a projection which comes from Jealousy. Most failures in marriage are a result of unresolved Mental Attitude Sins. Bitterness in marriage results in the rapid decline from spiritual adulthood to loser believer which destroys any possibility of a successful marriage. Bitterness in marriage means that Personal Love is outside of the integrity envelope and no one can have Jealousy and Bitterness and at the same time capacity for true love. ([Col 3:19](#))

When under [Unrealistic Expectations](#), the believer blames others for the consequences of his own Jealousy, Bitterness, and other Mental Attitude Sins, even though he uses his own volition to pull the pin of his Arrogance Grenade and totally fragment his life. The Arrogance of subjectivity, Pride, is constantly trying to change other people to conform to one's unrealistic expectations. Consequently, having unrealistic expectations causes the believer to never realize that he can only change himself and no one else. This results in the use of a double standard formulated by self-righteous Arrogance to express Jealousy, Envy, Bitterness and other Mental Attitude Sins and to justify these expressions of sin in self while condemning them in others. ([James 3:14-16](#)) Therefore, Bitter Jealousy and selfish ambition result in a total function under Mental Attitude Arrogance where the believer is preoccupied with self to the extent that he rejects Bible Doctrine that he has previously understood, metabolized, and even applied.

According to the Greek of the New Testament Scripture, Bitterness is a term which really refers to a cluster of Mental Attitude Sins. There first must be Jealousy or Pride and these then lead into the myriad of other Mental Attitude Sins and all of these work together to motivate Revenge Tactics which starts a war against someone under operation vengeance. Bitterness and Jealousy always have an object and when one expresses either of them toward an object he intensifies his sinning thus produces other categories of sin which in effect are all trying to build one's happiness on someone else's unhappiness.

### **Jealousy & Blind Arrogance**

**Blind Arrogance** is characterized by total ignorance of one's status in Arrogance. It is the inflation of a person's opinion of himself beyond his true status under Arrogant Pride which inevitably results in Jealousy. Under this thin veneer of Pride lurks a multiplicity of inner Mental Attitude Sins, as counterparts to this unrecognized Pride, especially Jealousy along with a variety of morbid obsessions. Once these latent antagonisms are brought to the surface, they are expressed as Verbal and even Overt Sins.

### **Jealousy & Hypersensitivity**

**Hypersensitivity** is best described as a subjective Arrogance related to self. It is a **Self-righteous Arrogance** toward others and often manifests itself in the Arrogance of **Religious Legalism** and the function of many of the Mental Attitude Sins, especially Jealousy, Bitterness, Hatred, etc. While one's Mental Attitude Arrogance is invisible inside the soul, hypersensitivity is one manifestation of the presence of that Arrogance. Hypersensitivity motivated by Jealousy or Pride along with Self Righteous Arrogance is manifest in Gossip, Maligning, Judging and many other Mental and Verbal Sins. Sensitivity with regard to others is legitimate; sensitivity with regard to self is not legitimate. Grace Orientation and Grace Function takes care of sensitivity toward others allowing one to avoid the Mental Attitude Sins related to others. Instead, there is gentleness, thoughtfulness of others, courtesy and good manners, which is the "meekness" of the relaxed mental attitude in action. Thus this subjective thinking of hypersensitivity has manifestations involving all aspects of Mental Attitude Arrogance and its Mental Attitude Sins.

### **Jealousy & Suffering**

Self induced misery invariably results from engaging in Mental Attitude Sins and most often Divine Discipline never gets to the believer because of the intensity of his own self induced misery. It is from the functions of one's own soul that he brings upon self much of the misery and suffering he will endure in this life. This is the principle of how to make oneself totally miserable without really trying. (**Eccl 9:4-8**) When Bible Doctrine is not first priority in the believer's life then he is never going to reach a point of having Occupation with the Person of The Lord Jesus, The Christ, advanced Personal Love for God, and therefore any disaster situation is going to bring total misery to him. He will be "filled with his own devices", referring to the various Mental Attitude Sins especially Fear, Envy, Jealousy, Pride, etc. These

Mental Attitude Sins result in his falling apart, panicking under any type of pressure in life thus succumbing to his own devices.

[1John 5:16b](#) explains that while one is dying, he can still sin and this is the type of sin which intensifies the suffering in dying. This is a reference to sinning when you are in the death shadowed valley ([Ps 23:4](#)). When going through this “valley of death”, there are certain sins that one can commit face-to-face with dying that are going to make the journey unimaginably miserable including: Jealousy, Bitterness, Self-Pity, Fear, etc. These believers are those who sow to the wind and reap the tornado in their death-shadowed valley. Thus one aspect of the sin “face-to-face with death” is the believer creating for himself his very own dying misery in the death-shadowed valley God has provided for him. This is fair and final discipline for the reversionist believer, it is painful, and terminates in his physical death.

### **Jealousy vs Love**

There are 2 categories of Love, Personal Conditional Selective Love and Impersonal, Unconditional Universal Love. In the Greek these are differentiated by 2 different words:

- ▲ (gr) Philos = Personal Conditional Selective Love where those who are loved are selectively chosen from among all people and who have a close personal or intimate relationship with the “lover”.
  - ▼ It is based on some aspect of personal attraction or rapport with the one loved.
  - ▼ Thus it emphasizes the merit or attractiveness of the object to the subject.
  - ▼ It is extremely conditional and based totally on the attributes of the object.
  - ▼ It has no built-in or inherent virtue.
- ▲ (gr) agapao = Mental Attitude love, Impersonal, Unconditional Universal Love where those loved include ALL PEOPLE.
  - ▼ It infers freedom from all Mental Attitude Arrogance and Mental Attitude Sins regarding those loved.
  - ▼ It displayed by the believer is unconditional because of the Grace orientation which results from Metabolized Bible Doctrine accumulated into and resident in his soul.
  - ▼ It emphasizes the virtue of the subject not the attractiveness of the object or LACK of it.
  - ▼ It is unconditional not at all dependent on any attribute of the object.

This Impersonal, Unconditional Love perpetuates its own honor, its own integrity, its own virtue in every stage of the spiritual life, and it does so without Retaliation, Revenge, Prejudice, Discrimination, Pride, Hatred, Self-Righteousness, Self-Pity, Jealousy, Implacability, Vindictiveness, Slander, Gossip, Maligning, Manipulation, and without Judging. Impersonal, Unconditional Love has to be accompanied by Grace Orientation and Bible Doctrine Orientation, [Problem Solving Devices](#) #4 + #5. Impersonal, Unconditional Love begins to function on a more or less regular basis once the believer reaches the point of Spiritual Self Esteem as he enters into the stages of [Spiritual Adulthood](#). There can be no Impersonal, Unconditional Love where there is Reaction, Frustration, Retaliation, Revenge, etc.

### Personal Love Vulnerabilities

Personal Love minus the virtue of Impersonal, Unconditional Love is the weakest and most unstable status quo in life. It is vulnerable to the entire realm of both the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred. Personal Love is especially vulnerable to Pride and Hypersensitivity in the Arrogance Complex. Impersonal, Unconditional Love is totally free from entanglement in the Interlocking System of Arrogance at any level. There is a strength and a weakness in category #2 love, Personal Love. ([SS 8:6+7](#)). The strength is the actual love itself, and the weakness, the great enemy, is the Mental Attitude Sins which can accompany it which are perfectly illustrated by Jealousy.

Personal Love is a system of human attraction which is related to and emphasizes the object of that attraction and is not virtuous in itself, because any person without virtue can fall in love or have a friend. Because Personal Love has no inherent virtue, it often results in vulnerability to the tragic flaws of life related to the degeneracy of the Interlocking System of Arrogance and apostasy of [Reversionism](#). Therefore, Personal Love can motivate the production of such failings as Jealousy, Bitterness, Vindictiveness, Self-Pity, Anger, Slander, [Self-Justification](#), Revenge, etc. In addition, Personal Love complicates life by combining the problems of two people, which intensifies the outside pressures of life. The weakness of Personal Love is generally related to the attraction stage and the object must remain attractive for Personal Love to be perpetuated. Therefore, Personal Love based on attraction always fades because ATTRACTIVENESS always fades with age. Lack of reciprocation in Personal Love frustrates it and causes Bitterness, Disillusion, Reaction, and Self-Justification.

Personal Love is manufactured from a human viewpoint in the mentality of the soul from one's emotion, lust, vanity, or the pattern of Christian degeneracy involving Mental Attitude Arrogance such as Jealousy from involvement in the Interlocking System of Arrogance. The instability of Personal Love is the source of many difficulties and problems in life, most of which are self-induced, such as:

- ▲ Conflict and antagonisms
- ▲ Pride and Jealousy
- ▲ Guilt
- ▲ Self-Pity and Hypersensitivity
- ▲ Disorientation to life and reality
- ▲ Marital incompatibilities
- ▲ Personal Interaction Antagonisms
- ▲ Self Induced Misery

Therefore, Personal Love in romance can be the motivation for Jealousy, Vanity, Bitterness, Hatred, Self-Pity, Implacability, [Guilt](#), Revenge and any other aspect of Mental Attitude Arrogance and Mental Attitude Sin. Illustration: falling in love with a member of the opposite sex is most often a matter of libido. Being physically attracted to someone or being motivated by libido is totally devoid of virtue and tantamount to following one's lusts. Libido is all too often devoid of conscience, and is therefore TOTALLY minus virtue and integrity, without a sense of responsibility, and is selfish and self-serving. For this very reason, Personal Love in romance or marriage often has no stability and no perpetuation and is extremely susceptible to Jealousy or any of the aspects of Mental Attitude Arrogance as Motivational Arrogance.

Therefore, Personal Love minus Impersonal, Unconditional Love can result in interlocking with all the aspects of the Arrogance complex, all the irrationality of the emotional complex of sins especially Vanity, Jealousy, Bitterness and Hatred and everything that makes life miserable for others as well as for oneself. Weak believers, lacking sufficient Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul, are subject to all the failings involving Personal Love with Jealousy being a prime example. Pride plus Jealousy = Insecurity therefore, these people tend to be possessive in any group and in any social situation. They feel inadequate and threatened by any form of attractiveness or scintillating personality that challenges them, and especially when everyone in the group is paying attention to someone else. Consequently, in their subjective Arrogance they call attention to themselves in a negative way as an expression of possessiveness and control resulting from their obvious Jealousy. Mental Attitude Arrogance with the Mental Attitude Sins like Jealousy destroy capacity for love. This is perfectly illustrated by the Northern Kingdom of Israel Historically which never had the basis or capacity to love God because it was founded on Jealousy of the Southern Kingdom. A kingdom or nation founded on [Motivational Arrogance](#) or [Emotional Revolt of the Soul](#) will invariably and inevitably destroy itself. There can never be true friendship or category #3 Personal Love where Mental Attitude Arrogance and Mental Attitude Sins exist.

When one holds a grudge, Retaliates, seeks Revenge, expresses Jealousy, Hatred, Vindictiveness, Implacability, or any aspect of Motivational Arrogance or Functional Arrogance in reprisal for perceived injustice he has abandoned his standards of Impersonal, Unconditional Love for the lower, Evil standards of his antagonist. Discord and contention come from Mental Attitude Arrogance and Mental Attitude Sins resulting in one not being able to control his thinking, and when he cannot control his thinking he becomes Jealous or displays some other aspect of Mental Attitude Arrogance. If one is Jealous of someone else it is the result of a lack of Self-Discipline and Spiritual Self Esteem and this lack in his soul causes him to attack the object of his Jealousy instead of directing Impersonal, Unconditional Love toward that object.

### Impersonal, Unconditional Love Strengths

Impersonal, Unconditional Love is manufactured from the wisdom derived from maximum metabolized bible doctrine accumulated in the Right Lobe of the Stream of Consciousness of the Soul of the LOVER. When the believer is under the Filling of God the Holy Spirit the love which is produced in the Right Lobe of the Stream of Consciousness of the Soul is totally free from Jealousy and all aspects of Arrogance. Impersonal, Unconditional Love is the only perpetual debt for the Christian because he always has the means of paying through Metabolized Bible Doctrine, Spiritual Advance and the Filling of God the Holy Spirit. This debt of Impersonal, Unconditional Love, denotes the duty of love which is a responsibility on the part of all members of the Royal Family of God. This Impersonal, Unconditional Love always includes a Relaxed Mental Attitude, total lack of Arrogance directed toward another believer, therefore no Mental Attitude Arrogance of Jealousy, Bitterness, or any other Mental Attitude Sin.

There is a legitimate love which is Impersonal, Unconditional Love which is based on one's character, integrity, and Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and the Filling of God the Holy Spirit but it does not mean one is required to pretend to be a sweet jackass and allow himself to be pushed around. This love is a Relaxed Mental Attitude with freedom from all Mental Attitude Arrogance and Mental Attitude Sins. This Impersonal, Unconditional Love is true love directed toward ALL people and it is also HONOR and INTEGRITY. This true love must have a sense of sacrifice and be devoid of selfishness which includes Jealousy and Pettiness and other reactionary Mental Attitude Sins lest one's capacity for love be destroyed.

### Jealousy & Category 2 Love, Romance

While true category #2 love is said to be as strong as death and cannot be quenched by any pressure of life, death does destroy pseudo category #2 love and its resultant Mental Attitude Sins. (Eccl 9:5-6). These people cannot go back and remember the difficulties of life on earth, they did not live well and died poorly, and were full of Mental Attitude Sins, and therefore could not, even if they found their right man or right woman, enjoy them because they didn't have the capacity for true Personal Love. They were filled with Jealousy, Bitterness, and all other Mental Attitude Sins. When one tries to build category #2 love on Mental Attitude Sins the only thing he has to look forward to is dying because in dying he gets away from the illusion that he can love someone under category #2 and at the same time entertain Mental Attitude Sins. These people now are dead and they missed their opportunity for true love in life. Happiness from True Category #2 Personal Love is available even to unbelievers, and unbelievers in time when they find the right woman or the right man, and when they have the capacity for true love, have wonderful happiness together. But death for the individuals who lack capacity for true love cuts off the possibility of them ever knowing how wonderful category #2 love can be. Therefore, the only chance of ever knowing the incredible nature of category #2 love is to be free from Mental Attitude Arrogance and the resultant Mental Attitude Sins. In addition there are certain functions in life, often motivated by Mental

Attitude Arrogance and Mental Attitude Sins, which can destroy the allotted time to have any category of love. These include promiscuity or drug addiction, which is the chemical destruction of the soul and which destroys capacity for all categories of love. ([Eccl 3:8](#))

Jealousy as the strongest of all Mental Attitude Sins [Pride being the worst] ([Prov 27:3-4](#)) always motivates a person to revenge tactics thus destroying capacity for Love in any category. ([Prov6:34](#)) Jealousy rejects Bible teaching and Bible doctrine ([Acts 13:45](#), [Acts 17:5](#)) driving the believer into Reversionism which is a spiritual maladjustment always characterized by Jealousy. ([Rom 1:28-29](#); [James 3:14-16](#)) This opens the believer's soul to false doctrine which then enhances his Jealousy. ([1Tim 6:4](#)). Jealousy is said to be "as cruel as the grave" because the grave robs one of his loved ones and Jealousy has the same level of cruelty, when it robs him of the one he loves the most in category #2. Thus it is plain that Jealousy can destroy with finality the love between a right man and a right woman. Jealousy causes the same type of bereavement as death, except that one becomes hardened in his soul rather than soft. When one loses a loved one through death, he is tender and compassionate. However, when one loses a loved one as a result of Jealousy, he becomes hard and cruel. The principle of Right man / Right woman is something God designed in eternity past; but Jealousy is something the individual does to himself and he can foul up any aspect of Love with Jealousy and totally destroy God's design.

Category #2 love can produce an exclusive and perfect happiness which is self-sustaining and partner-sustaining ([Prov 15:17](#)), and it is protective even in the absence of right man, right woman relationship. ([SS 1:13](#), [SS 2:4](#), [SS 4:6](#)). It also illustrates relationship between believers and the Lord, in Israel ([Jer 2 & 3](#), [Ez 16 & 23](#)), in the Church Age ([Eph 5:23-33](#)) and therefore this also can be destroyed by Mental Attitude Arrogance and Mental Attitude Sins. ([1John 5:18](#))

### Jealousy & Category 3 Love, Friendship

The illustration of Joseph and his brothers ([Acts 7:9](#)) demonstrates that Jealousy is a motivator that destroys category #3 Personal Love relationships. Category #3 love provides pleasant and relaxing environment ([Prov 10:12](#)), but there can be no true friendship where Mental Attitude Arrogance and Mental Attitude Sins exist. Mental Attitude Arrogance and Mental Attitude Sins such as Jealousy, drive the individual into [Reversionism](#) where he becomes susceptible to Emotional Revolt of the Soul leading to [Psychosis](#) which makes it impossible to have true friends. ([Rom 13:10](#))

### Personal Conditional Love vs Impersonal, Unconditional Love

True love must be sensitive to the object of love and any love which is possessive is no love at

all. When one becomes possessive and Jealous, inevitably he destroys the wonderful love he could have. Just as with everything in life, Love does not stand still and is either moving forward or backward so that those close to one are loved either more or less than before. Being possessive about loving strangles and smothers love and possessive lovers are like uncontrollable horses and this is a true tragedy.

Personal Love intensifies the difficulties in intimate human interaction resulting in Disillusion, the [Feet of Clay Syndrome](#), Jealousy, and Disappointment in the object of Personal Love. A man has many things to give a woman but if he is going to give from the ultimate source of himself he must start from what he is in his mind, with what he thinks. Therefore, in marriage, the husband must give from the ultimate source of his mental attitude. This means that no man can have the capabilities of being a good lover until he excludes from his mind such things as Jealousy, Envy, Pride, Hatred, [Egotism](#), Self-Pity, Childishness, etc. Therefore, it is absolutely imperative, as a basic development toward capacity for love, to be free from Mental Attitude Arrogance and Mental Attitude Sins because they are the destroyers of Grace and the capacity for love.

[Impersonal, Unconditional Love](#) is only a virtue when it is directed toward all mankind. Impersonal, Unconditional Love is only manufactured inside the Divine Dynasphere, the Power System of God, from Perception, Cognition, Incultation and Metabolization of Bible doctrine. But it isn't the perception that manufactures the Impersonal, Unconditional Love, the perception of doctrine manufactures the Personal Love toward God which motivates as Motivational Virtue the development of Impersonal, Unconditional Love. The principle is that Impersonal, Unconditional Love is not sustained by the object of love but by the doctrinal content in, the Integrity of, the soul of the LOVER. Impersonal, Unconditional Love functions whether the object person is attractive or not, therefore Impersonal, Unconditional Love does not depend on rapport with the object nor the attractiveness of the object fulfilling the Norms and Standards of the Lover. For this reason Impersonal, Unconditional Love is a virtue, and it is to be directed toward all mankind. It cannot be corrupted or deceived by flattery or emotion or approbation nor exploited by Arrogance. In other words, Impersonal, Unconditional Love is a relaxed mental attitude derived from spiritual momentum in the Divine Dynasphere. But more than that, it is the application of Metabolized Bible Doctrine to people in widely varying circumstances. Therefore, Impersonal, Unconditional Love becomes the antithesis of Mental Attitude Arrogance. Therefore, the object of Impersonal, Unconditional Love can be an enemy or a friend, a person who is unworthy or worthy, a person who is attractive or unattractive, a person who is virtuous or Evil. In addition, Impersonal, Unconditional Love functions consistently whether faced with animosity and antagonism on the one hand or love and

admiration on the other hand. Just having this stable base of Impersonal, Unconditional Love means that one has the ability not to be distracted in his Christian life functions by people.

With the initiation of Jealousy where one may have once said, “I love you”, now there comes the expression of various aspects of Evil; because Jealousy is simply Arrogance and Jealousy and all Mental Attitude Arrogance is simply Motivating Evil or Motivational Arrogance. Therefore, whether it is Jealousy, Bitterness, Vindictiveness, Implacability, Revenge or Hatred, where once there were the allegations of love, now there exists only Arrogant reaction. This is an excellent illustration of the fact that there is no virtue in Personal Love. The virtue resides only in Impersonal, Unconditional Love. Solving the problems of life related to people and circumstances demands the possession of virtue, for it is the virtue of Impersonal, Unconditional Love that forms the base for solving life’s problems. Virtue eliminates all Arrogance and is Motivational directed toward God which stimulates the development of Functional Virtue directed toward mankind including, as a primary aspect, Impersonal Unconditional Love for Mankind. Personal Love for God in one’s soul cannot co-exist with any aspect of Arrogance. To the extent that one entertains Jealousy or Bitterness, he has no respect for God. To the extent one enters into Mental Attitude Arrogance or Mental Attitude Sins he enters into irrationality and does not have respect for God. This, in itself, destroys any possibility of fulfilling the spiritual life and possessing capacity for Personal Love because these people are irrational people and cannot love.

### **Jealousy & Relationships**

Jealousy is related to and integrated with many aspects of Arrogance but basically it involves FEAR:

- ▲ Fear of losing another’s affection or love
- ▲ Fear of rivalry
- ▲ Fear of unfaithfulness
- ▲ Fear of being thought 2nd best
- ▲ Fear of being a “Have – Not”

This is the reason Jealousy is anti-freedom; Jealousy does not permit people to love from their own volition. Jealousy intrudes into the privacy of others and becomes destructive of human freedom and demands love and attention based on the Lover’s volition, not on the volition of loved one. Therefore, Jealousy is possessiveness which stifles the volition of another person; therefore, Jealousy is tyranny and anti-freedom.

There are three basic enemies or destroyers of marriage: Jealousy, Bitterness and Anger. These 3 represent all the emotional sins and all aspects of Motivational Arrogance. Involvement in

the Interlocking System of Arrogance is actually the greatest destroyer of marriage, not the “other man” or “other woman”. Adultery is a bonifide basis for divorce ([Matt 5:32](#), [Matt 19:9](#), [Luke 16:18](#)), because adultery destroys the compatibility between the husband and wife, both in the soul and in the body and it invariably also results in Jealousy which destroys the marriage relationship. As part of Mental Attitude Arrogance Jealousy is related to Hatred. Jealousy is irrational in its Hatred and resentment of others. Jealousy can be considered “mood” Arrogance; hence this individual is troubled by suspicion that a person’s love has been diverted to a rival. Jealousy as part of Motivational Arrogance becomes the motivator all aspects of Arrogance and Antagonism the 2 parts of the Cosmic Dynaspheres.

In [SS 8:6](#), the Mental Attitude Sin of Jealousy deprives one of capacity for true love. Mental Attitude Sins attack all forms of true love and destroy capacity for love in any category. In [1John 5:18](#), the believer is said to have the “right God”; he is “born again” into the Royal Family of God, but if he has Mental Attitude Sins, he will not appreciate God and not be able to develop a Personal Love for God.

Jealousy is the basis for [Inordinate Competition](#) in love, in family relationships, business relationships, social life, athletics, professional life, and in religious or spiritual life. Jealousy is discontentment with the blessings, successes, or status symbols of other people. It is resentment of the attractiveness or approbation that a person receives. It is total selfishness and is incapable of true love. Jealousy plus power and approbation lust produces strife, [Conspiracy](#) and [Revolution](#). Therefore, Jealousy is more than a mental attitude sin, it is a saturating Mental Attitude which demands exclusive devotion and is intolerant of rivalry; it motivates for and interlocks into a huge complex of Arrogance and Sin.

Whenever people are not treated or loved the way they want to be treated and loved by other people, they develop ingrained frustration. This frustration leads to an illegitimate move to another church, another job or another spouse and is based totally on false application. This frustration makes them emphasize relationships with people over relationship with God. Such people never stop searching; they’re always looking for that one individual, group, job or social life where they will be treated the way they want to be treated. As a result, their lives are very unstable. Virtue-Love is brought into focus at this point as Personal Love for God and Occupation with the Person of The Lord Jesus, The Christ, plus Impersonal Unconditional Love for Mankind, which takes up the slack for the frustrations and reactions of Arrogance, IF the individual has been consistent in his Post Salvation Epistemological Rehabilitation. This kind of frustration becomes a major motivation in the life of these people. People select their

relationships and associations based on the frustration of not being treated or loved the way they want. They select their local church, personal love relationships, social life, and occupation on the same basis. This results in tremendous instability in the life. It is only the [Functional Virtue](#) of Impersonal Unconditional Love for Mankind with its underlying [Impact Virtues](#) which can provide capacity for relationships with people under such categories as Christian fellowship, friendship, romance, and marriage. In all human relationships one must establish and function strictly under a principle related to privacy of the individual. One cannot change another person, the only person he can change is himself. One cannot and usually will not get fulfillment from any other person of his unrealistic or even realistic expectations. People possess and will always demonstrate some flaw or failure that will disappoint. The attempts at trying to change another person to align with one's own desire for treatment or love only intensifies the problems of that relationship and invariably NOTHING IS SOLVED. The Old Sin Nature solution to these things is to go out and find people who will treat one in the desired manner, and find people with whom one is compatible. However, this only intensifies his problem because he will always be disappointed by people until he attains Virtue Love with Personal Love for God and Impersonal Unconditional Love for Mankind. The believer must develop and deploy the [Advanced Problem Solving Devices](#) of a Personal Sense of Destiny, Sharing the Happiness of God and Occupation with the Person of The Lord Jesus, The Christ in order to establish and maintain proper relationships with people and avoid Jealousy and all Mental Attitude Arrogance and Functional Arrogance.

To pretend to be friendly and to have the Motivational Arrogance of Mental Attitude Arrogance is sheer unadulterated hypocrisy. One cannot build happiness on someone else's unhappiness, as in the case of the Jealousy, illustrated by the resultant maligning and accusation of Shadrach, Meschach and Abednigo. Like the problems in marriage, the problems in personality conflict are caused by Arrogance, which includes Jealousy and all other aspects of Mental Attitude Arrogance, along with many parts of Functional Arrogance. Therefore, when one is involved in personality conflict with another believer, he must evaluate his own life. The development and deploying of the Advanced Problem Solving Devices, will help the believer to avoid personality conflicts IF he applies them.

### **Jealousy & Stress**

Stress in the soul amplifies any involvement in the Interlocking System of Arrogance or the Interlocking System of Antagonistic Emotional Hatred with the Arrogance complex of sins and Emotional complex of sins. Jealousy becomes operational, motivated by increased stress in the Stream of Consciousness of the Soul, and then manifests itself in many forms of Arrogance, Antagonism and Sin including. There are people who will do nice things for another but who

resent doing them. When the recipient recognizes the resentment and IF the givers Jealousy, Bitterness and other aspects of Mental Attitude Arrogance overflow to the recipient then IF he continues to associate with the giver over a long period of time the stress will cause the recipient to become just like the giver is. He will enter into and maintain his residence in the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred.

There is a strong point of doctrine relating to mental stress and physical health which says that the quickest way to lose one's good health is through engaging constantly in Mental Attitude Arrogance and its Mental Attitude Sins. ([Prov 14:30](#)) The positive believer who accumulates a maximum level of Bible Doctrine into his soul is going to have good health because the mind is free from those things that destroy health, Motivational Arrogance of Mental Attitude Arrogance and Mental Attitude Sins. These failings destroy health because the pressures of the mind overflow into the body and disrupt its physiological functions.

### **Jealousy & Psychosis**

Jealousy when it persists eventually leads to mental illness in the Jealous person. This Jealous person becomes critical, vindictive, implacable, petty, etc., involved deeply in Mental Attitude Arrogance and Mental Attitude Sins and as a result they destroy their own soul. The principle is that one cannot maintain residence and function under the principles of the Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred and be sane at the same time. ([Rom 12:3](#))

It is possible for the believer to have 2 distinctly separate personalities, one legalistic and one antinomian following the both of the trends of the Old Sin Nature. It is also possible for the believer to develop 2 distinct personalities based on whether he is functioning in his soul under the control of God the Holy Spirit or the control of his Old Sin Nature. This is the believer who has a split personality and the believer like any other person who is plagued by mental illness may have as many as 100 personality states. "PERSONALITY" is defined in psychology as the function of the soul in thinking about one's environment and one's self in relationship to that environment. Therefore, [Dissociation](#) results in two or more personalities existing in one person where that person thinks of self in relationship to his environment in distinctly different ways. This is a pattern which develops over some period of time, frequently as the result of abuse in childhood. This creation of multiple personalities is a defense mechanism to retreat from the reality of abuse and neglect. The resultant prolonged Bitterness, Vindictiveness, Anger, Implacability, or Hatred which occurs in the soul opens the door to the outside pressures of adversity being converted into stress in the soul. This weakens the soul and is the beginning of the destruction for the believer of his spiritual life and development of Christian psychosis. Prolonged Old Sin Nature control of the soul also opens the door to stress in the soul and enters the believer into the stages of [Reversionism](#) which also leads to dissociative multiple personality disorder.

Psychopathic believers are characterized by the saturation with Motivational Arrogance with its Mental Attitude Arrogance and Mental Attitude Sins, and they express this especially their Jealousy, Hatred, fear and anxiety through Functional Arrogance and are constantly seeking Revenge. Some believers, whose function under Mental Attitude Arrogance within the Interlocking System of Arrogance is unchecked become prone to manic depressive or schizophrenic activity. In some cases, they become so frustrated and disoriented to reality they commit suicide. Suicide is a maximum expression of Mental Attitude Arrogance but it does not cancel the salvation of the believer. In pulling the pin of the Arrogance Grenade some believers will take their own lives motivated by their Motivational Arrogance of Mental Attitude Arrogance.

Psychiatry has developed a whole system of giving people a means of [Self-Justification](#) for their sociopathic and psychopathic behavior, but there is no real justification for any of this. All psychopathic behavior is a matter of one's own decisions. It can begin with Jealousy leading to Self-Pity when under pressure followed by the wide emotional swing to Self-Righteousness in prosperity. It is often the continuous swinging between these two areas of Arrogance which causes an intensification of Stress in the soul that results in some level of psychosis or neurosis.

Jealousy inevitably divorces the person from reality and leads to total stupidity, ignorance, and irrationality. Jealousy creates adversity and the person involved in Jealousy has already converted that adversity into stress in their soul which perpetuates Old Sin Nature control of the soul and frequently results in dissociation of the personality. In addition, the person who is the victim of Jealousy can also convert this outside pressure into stress in his soul. Jealousy desires love based on the [Demand Syndrome](#) and as such is one of the quickest ways to become a psychotic believer.

### [Jealousy & Self-Justification](#)

The process of involvement in the [Arrogance Skills](#) with Self-Justification removes the believer from reality and contributes to the status of the psychotic Christian. The function of Self-Justification includes the acquiescing to temptations from the Old Sin Nature initiated by the lust pattern. This is using Jealousy as justification for vilification, reaction to real or imagined wrongs with Hatred, Bitterness, Implacability, Self-Pity, Revenge, Unfaithfulness or Fornication even Murder. The more reactionary sins one accumulates in his soul, the greater the stress factor in the soul, and these two form a psychotic or neurotic believer. These functions of Self-Justification are involvement under the influence of Evil in the Arrogance Skills of the Interlocking System of Arrogance. They intensify the spiritual failures of the person who has been wronged, not the person who committed the wrong. The functions under Self-Justification divorce this believer from reality and result in a split personality from dissociation. Therefore, one can justify Mental Attitude Arrogance and Functional Arrogance by blaming someone else who from his perspective has been cruel, unkind, unfaithful, or hostile without a cause.

Sometimes this is imagined; sometimes it is a reality however, the resulting effect is the same. The only difference is that if one has not really been wronged but only thought that he was being under Hypersensitivity, then he has taken a second step in divorcing self from reality, which is one step closer to becoming a Christian psychotic.

### **Jealousy & the Laws of Divine Establishment**

The [Laws of Divine Establishment](#) are designed by God for both believer and unbeliever in order to protect and preserve the Human Race in this world now ruled by Satan. They are basic laws of freedom which permit Evangelism, Bible teaching, and Missionary activity. The Laws of Divine Establishment balance freedom and authority so that the axiom is, Freedom without Authority is anarchy; Authority without Freedom is tyranny. The unbeliever involved in anti-establishment functions or activities is described in [Rom 1:28-32](#) and [2Tim 3:2-7](#).

Authority Arrogance one of the greatest enemies of freedom, privacy, property, and life. Privacy is destroyed through verbal and overt sinning such as gossip, maligning, judging, which stems from Mental Attitude Sins such as Jealousy, Bitterness, Vindictiveness, and Hatred. Freedom is destroyed through the malfunction of the Divine Institutions in the attack of Arrogance on Authority. In addition, inequality is the greatest challenge in life and therefore, it boils down to the fact that Arrogance in whatever form it exists, fails to adjust to life and therefore Arrogance fails to adjust to inequality. Reality is that inequality in life is the normal status quo and should not present any problem in life for anyone. Inequality certainly DOES NOT demand nor require legislation to alleviate or correct it. As the NORM in the self-justification process of Human Life INEQUALITY must and should demand personal motivation from the individual. The Jealousy of those who have succeeded where one has not, results in Mental Attitude Arrogance with its Mental Attitude Sins, all which obviously are attitudes which allow one to be completely defeated by inequality.

Liberals and socialists put forth and promote the idea that great success in life and the existence of royalty are part of Evil; that members of the nobility should feel guilty about having privileges; that the thinking of aristocrats is Arrogance, greed, insensitivity to others and tyranny. But the opposite has been historically shown to be true. Socialism is Arrogance. Socialism refuses to admit the existence of the Old Sin Nature in every human being, and it champions sin, human good productions apart from God, and every imaginable aspect of Evil. As a means of gaining power for a few elite individuals, it encourages and foment the sins of Jealousy, Greed, and all other Mental Attitude Sins from Mental Attitude Arrogance and drives the masses of people to violence as those who arrogantly presume themselves to deserve something for nothing. To those who do not understand human freedom or appreciate the proper function of man's soul, socialism sounds good; equality and prosperity for all, ends which it has historically been shown to NEVER ACHIEVE!

Another anti-establishment concept which is hugely detrimental to any society is deeply

ingrained prejudice. Prejudice is a pattern of preconceived opinions excluding reason or fair discernment of facts. Prejudice is a manifestation of intensive Jealousy and Pettiness motivated by entanglement in all aspects of Mental Attitude Arrogance. Intolerant people are quick to believe hearsay, especially when it is damaging to others because this always makes them appear to be superior to these others and such prejudice, whether it is carefully ingrained or superficially acquired, is extremely difficult to overcome.

Stephen in speaking to the Sanhedrin, who, when they thought of Egypt thought in terms of slavery, but because of their Jealousy of Christ were in fact in slavery or bondage themselves to Evil and its Religion. As a result they failed to operate properly as a supreme court and administer justice as was clearly illustrated by the execution of The Lord Jesus the Christ and the martyrdom of Stephen. They were driven by their lust to maintain their supremacy as leaders of Israel even to the point of rejecting the Plan of God.

### Jealousy & Authority

Jealousy of authority ([Acts 7:9](#)) motivates the individual to function under the influence of Evil in Functional Arrogance. Joseph's brothers, because of their Jealousy of his authority, were motivated to sell him into slavery. Jealousy can and often does disrupt normal functions even splits organizations and Jealousy actually split the nation Israel which devolved into the northern and the southern kingdoms because of Jealousy ([Is 11:13](#)).

### Jealousy & Conspiracy & Revolution

Evil as the plan and policy of Satan is a reaction and antagonism to all aspects of Bible Doctrine including the Laws of Divine Establishment and Divine Institutions. Impetus which comes from Evil for conspiracy and revolution results from involvement in Motivational Arrogance as Mental Attitude Arrogance and its accompanying Mental Attitude Sins and is very often driven by the Lust Patterns of the Old Sin Nature for power or approbation. ([Jude 11](#))

Therefore, Jealousy very often causes revolution. Again, it was the Jealousy of Ephraim which split the nation of Israel. ([Is 11:13](#)) When Jealousy, Hatred and all aspects of antagonism from Mental Attitude Arrogance are aroused it inspires [Revolution](#) often through Socialism as is occurring in the United States of America today. Jealousy is a dominate part of the Arrogance complex and the derived Guilt from Inordinate Ambition wants to conquer or control all those who are greater or more prosperous. This is what often results in [Conspiracy](#), Revolution and ultimately War. Therefore it is Jealousy from Mental Attitude Arrogance which initiates conspiracy.

Conspiratorial [Criminals](#) at all levels have never learned the most basic principle of life; If God does not promote one then he is not promoted and If God does not demote one then he is not demoted and NO ONE CAN DEMOTE HIM based on any aspect of conspiracy or revolution. The fact is that when God promotes a person there is nothing in this world that can demote him. Inevitably the attempts by individuals or groups to demote others is usually from Arrogant Jealousy. Trying to demote a person who has been promoted by God will invariably and inevitably bring incredible Divine Discipline to all those involved.

SINCERE Human Good is where man by his own efforts, mentality, power and authority seeks to solve the problems of life. This sincerity often drives people individually and in groups to conspiracy and revolution. ([Gen 49:6](#)) These people are called plotters and their secret plotting is always underhanded, always working secretly behind someone's back, and this is the expression of their Mental Attitude Arrogance involving Jealousy, Cruelty, Implacability and Hatred. They persist in attempting to make others completely miserable and work each other up into an irrational frenzy when they get together and talk about some supposed "bad" occurrences. Then, when the object of their focus walks into their periphery they both mentally and verbally completely destroy them with their irrationality.

There are 2 Factors are involved with Conspiracy Arrogance:

- ▲ A total sense of inadequacy
- ▲ A keen sense of competitiveness

In the competitiveness there is an attempt to compensate for the lack in one's inadequacy by criticizing, maligning or judging others. The people who try to improve self by engaging in this pattern of function inevitably become involved in conspiracy Arrogance. It is the Jealousy of others as Motivational Arrogance which impels them to criticize or malign these others or to attempt to destroy the one who has achieved greater than they have. This is the attempt of the inadequate to destroy the achievers in the Mutual Admiration Society which is a combination of Arrogant and Inadequate individuals. This is an organization where the weak attack the strong to destroy them. This is their function under Evil influence and motivation in combination with the Pseudo Love which holds them together. Thus, Evil influence makes strange bedfellows, combining in pseudo love as opposites in personality for the expression of their mutual Jealousy, Pride, Hatred, Bitterness, Implacability and Vindictiveness. People LOVE to discredit others because they are Jealous of them and they also love to discredit others because of personality conflicts driven by their Jealousy which leads to Vindictiveness and Implacability which also is Mental Attitude Arrogance.

The believer who puts himself under the influence of Evil by functioning persistently under [Negative Volition](#) toward Bible Doctrine and the Protocol Plan of God driving himself deeply into the Interlocking System of Arrogance and down through the stages of [Reversionism](#) when he reaches [Reverse Process Reversionism](#) is saturated with frustration which produces factions and antagonisms. These factions cause believers to attempt to establish themselves as an authority in some area. These believers often distort doctrine or Scripture to attack or discredit the authority or ministry of the pastor. On the basis of the Scriptures which they distort, they then gain others as adherents to their ideas, who are not aware of the motivation from

Jealousy behind the distorted principles of doctrine being used by them only to gain authority. The result is revolution in the congregation of a local church.

The Word of God does not ever justify revolution. ([Rom 13:1-7](#); [1Pet 2:13-14](#); [Num 16](#)) Revolution involves lawless uncontrolled mobs of people which can neither think nor achieve anything compatible with the Laws of Divine Establishment and Divine Institutions. Revolution invariably results from the Apostasy of Reversionism and thus a lack of Bible doctrine, ([Is 1:3-5](#); [Is 59:13](#)), therefore, all Revolution is anti-God. ([Is 31:6](#)) Revolution is caused by a failure of proper function in the Right Lobe of the Stream of Consciousness of the Soul, ([Jer 5:23](#)) therefore, the revolutionist always suffers from an [Emotional Revolt of the Soul](#). Revolution, or any revolt against authority, always has a motivator driven by the lust pattern of the Old Sin Nature with Jealousy as a prime motivator. ([Is 11:13](#), [1Kings 12:19](#), [2Chron 10:19](#)) Therefore, it is only the accurate communication of Bible Doctrine which is designed to stop revolution. ([Ez 22:3-10](#)) Therefore, Heathenism is often the result of revolution, ([Rom 1:19-26](#)) where the revolution results in the degeneracy of involvement in the Interlocking System of Arrogance. ([Rom 1:27-32](#))

In summary regarding revolution, it is approbation and power lust from the Old Sin Nature which seeks to gain power by the destruction of authority, individual and collective rights, freedom, privacy and property. Jealousy is the motivator from Mental Attitude Arrogance and inevitably involves the degradation of the individual in Reversionism into Emotional Revolt of the Soul. Therefore, revolution is a brilliant Satanic device in the Angelic Conflict Appeal Trial to establish or maintain his cosmic kingdom and superimpose his will over human beings. The principle of revolution is therefore, the function of Reversionism derived from Approbation and Power lust implemented by Mental Attitude Arrogance and Mental Attitude Sin clusters as a result of Jealousy, and thereby destroys the freedom, rights, privacy, property and often even the life of individuals.

The French Revolution, for example, was a conflagration of trends from Evil that had crystallized in the long reign of Louis XIV. The Sun King, as he was called, destroyed the pivot of mature believers in France by revoking the Edict of Nantes and, furthermore, reduced the French aristocracy to sycophantic courtiers. The disappearance of a spiritual pivot and the absence of a vigorous aristocracy destabilized every level of society. As a result, unrestrained middle-class Jealousy incited lower-class violence. Ultimately, French society was destroyed in the Reign of Terror, and a new order was established under Napoleon Bonaparte. The Russian Revolution also vented the Evil that had built up for many years before overt violence broke out. Therefore, motivation for revolution is always from Evil and is derived from Motivational Arrogance of Mental Attitude Arrogance with Mental Attitude Sins such as Jealousy,

Vindictiveness, Implacability, etc., and this stems from the Lust pattern of the Old Sin Nature stimulating the trends of the Old Sin Nature resulting in temptation to revolt to assuage the power and / or approbation lust; OR it can be derived from Evil as a SINCERE desire to do good things to solve the problems of the Human Race.

### **Jealousy & Murder**

There is a very close relationship between the violence of **Murder** and the violence which occurs in the soul as reaction from Jealousy, Hatred, Bitterness, Vindictiveness, etc., and murder begins first as a Mental Attitude Sin derived from Jealousy + Hatred.

Every criminal is arrogant and totally **inflexible** about self and totally preoccupied with self to the exclusion of any form of law or any **Establishment** or **Divine Institution** principle. Therefore, Mental Attitude Arrogance is the motivation of the criminal personality. Remember the criminal is a walking Arrogance Grenade and he pulls the pin of his Arrogance and then keeps it out. Therefore his soul, personality and functions are constantly exploding and his pin is the Mental Attitude Arrogance involving Jealousy, Bitterness, Vindictiveness, Hatred, Self-Pity, etc. No argument, persuasion, reason, logic, or even punishment can modify the inflexible and subjective Arrogance of the criminal, for he rejects all authority in fear of entering the zero state and becoming a nothing.

Murder is crime as a violation of the Laws of Divine Establishment and a sin from **Emotional Revolt of the Soul** and Murder is related to sins that are emotional, Jealousy, Bitterness, Frustration, Vindictiveness, etc. The bible describes murder as “Hands that shed innocent blood” and thus indicates that Christians can and do commit homicide. The murderer weaves his way through a path involving Mental Attitude Arrogance and Mental Attitude Sins culminating in murder. (**Prov 6:17**) When a person has the **Lust** to kill they are completely disoriented to certain principles in life, and the lust to kill is always based on Mental Attitude Arrogance and Mental Attitude Sin especially Jealousy. When the lust pattern of the Old Sin Nature is frustrated and not assuaged, it intensifies the driving lust pushing the individual forcefully into a cycling in Reversionism under the **Frantic Search for Happiness** moving him deeply into reversionism to the point of **Reverse Process Reversionism**. The reversionist is in a constant state of frustration; he keeps on lusting and he does not have. So when he is constantly frustrated, he kills that which is frustrating him, he MURDERS! This is a maximum attempt under reversionism to assuage lusts by gaining the desired wealth or power or gratification of some other inordinate desire.

Murder, therefore, is the overt sin and crime driven by the strongest Mental Attitude Sin of Jealousy. Both are vicious sins derived from the strongest influence of Evil and anything one acquires based on Jealousy, Murder or any aspect of assuaging lust will never bring any level of true happiness. Therefore, Envy or Jealousy is a ghastly aspect of Mental Attitude Arrogance as Mental Attitude Sin and the religious leaders of Israel were so Jealous of Jesus Christ and they conspired to kill Him because of their Jealousy driven by their lust to maintain their

power and position in Israel. Therefore, in effect, Jealousy has two weapons of assassination, one is the tongue through verbal sins and the other is violence resulting in Murder. ([Matt 27:18](#)) Therefore, Murder is always preceded by Mental Attitude Arrogance and the Mental Attitude Sins especially Jealousy. ([Rom 1:29](#), [Gal 5:21](#))

### **Jealousy & Ambition**

If God doesn't promote the believer, HE IS NOT promoted, PERIOD. He can only be promoted through residence, function, and momentum inside the [Power System of God](#), the Protocol Plan of God, the Divine Dynasphere. [Inordinate Competition](#) can be found in social, sexual, and spiritual spheres of life and is a sign of Mental Attitude Arrogance involving Jealousy, Pride, Insecurity, etc. The inordinate competitor is insecure socially, sexually and spiritually. The believer MUST recognize that his promotion is in the hands of the Lord and is always based on Grace; it is a sovereign decision; and he must at all costs avoid seeking to promote himself. He also must consistently avoid the Mental Attitude Sin of Jealousy toward those whom God has promoted. The believer's only job is to be faithful to the Lord.

The principle of divine promotion is addressed in [Josh 3:7](#); [1Peter 5:5-6](#). John the Baptist said to the religious crowd that they were complaining about the type of success that Jesus is having but no one has this type of success unless it comes from heaven. He said that the source of this divine promotion is the sovereignty of God. If the ministry of Jesus is increasing and the ministry of John the Baptist is decreasing this is God's business, not John's, not the religious crowd's, and not that of John's disciples. John's job is to remain faithful and to be stabilized through Metabolized Bible Doctrine and oriented to Grace. Therefore, all promotions for believers come from reciprocity, Reciprocal Love for God motivation derived from the accumulation of maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. Therefore the only believer who is ever promoted is one who is strongly Grace Oriented and God never promotes a believer functioning under any aspect of Mental Attitude Arrogance and its Mental Attitude Sins.

Where motivation for Christian service and good deeds includes any aspect of involvement in the Interlocking System of Arrogance driven by the lust pattern of the Old Sin Nature, the result is always "dead works", Human Good production under the driving principles of Evil. The believer must never attempt function in Christian service to produce in the Christian Way of Life until the advanced skills of the Christian way of life are developed as the [10 Problem Solving Devices](#) and he has reached advanced Spiritual Adulthood or [Maturity Adjustment to the Justice of God](#). The principle of Christian Service is that Achievement belongs to God; happiness belongs to the believer. This principle is only true when the believer is functioning consistently within the Divine Dynasphere the [Power System of God](#), so that the believer living inside the Divine Dynasphere will have degrees of happiness compatible with his spiritual growth. But the believer living in the Cosmic Dynaspheres will be confused and bored,

basically miserable. Within the Cosmic Dynaspheres he will try to achieve by his own ability and by his own wiles, which inevitably results in temporary success but overall failure. He fails to recognize that if he advances in the Divine Dynasphere where God will promote him then he has really achieved and that this is permanent achievement. Achievement is like human life: they both belong to God and God will only give achievement when the believer advances to a point where his achievement is compatible with his capacity, so that his achievement will not make him miserable. ([Luke 14:11](#))

Self-Exaltation, Self-Promotion, includes all the facets of Mental Attitude Arrogance and drives the individual believer into [Christian Activism](#). Christian service performed from residing in the Cosmic Dynaspheres glorifies self, while the same Christian service performed while residing in the Divine Dynasphere glorifies God. So the difference is not what one does in his service, but where he resides when he is doing it and what is in control of his soul at that time, the Old Sin Nature or God the Holy Spirit.

### **Jealousy & Malice**

The term “malice” (gr) kakia often is translated “wickedness” is actually referring to a secondary mental attitude which is derived from Jealousy. Therefore, Jealousy leading to malice describes a systematic mental attitude antagonism toward another person. Jealousy is the motivation which causes a person to malign or gossip or vindictively criticize another person. Very often pressure put on one’s Pride results in Jealousy, which motivates lying and [Self Deception](#) and people who consistently lie are unstable and destructive to their own soul. Being a rejected person, one cannot become subjective about others without becoming subjective about self, and above all, about Bible doctrine. Subjective Arrogance grows under the pressure of rejection so that Bible doctrine is distorted to [Justify Self](#) under the Arrogance Skills. By this means this believer enters into a system of Malice which is the intense desire to hurt or inflict suffering on the apparent or real rejector, the object of one’s Jealousy.

There is some level of maligning which is first engaged as a Mental Attitude Sin and which then expresses itself as a Verbal Sin, which is deliberate, malice of forethought, and which has as its content either known facts, or facts not actually known, but in either case one is still willing out of Jealousy, Hatred or Bitterness to assassinate the character of another. Therefore, Malice is the function from the motivation and desire of the fragmented believer to inflict suffering on others. It is activated by the pins of the Arrogance Grenade being pulled initially as [Motivational Arrogance](#) and inevitably resulting in [Functional Arrogance](#). The believer has the mandate to utilize the [Problem Solving Devices](#), which are necessary to recover from the fragmented life and cease his involvement in Malice and recover from his Jealousy. ([Titus 3:3](#), [Eph 4:31](#))

### **Jealousy & Revenge**

The Mental Attitude Sins of Jealousy or Bitterness motivate overt **Revenge** tactics. In other words, one can start from different Mental Attitude Sins, which then lead to a series of activities whereby the Jealousy or Bitterness must be expressed and are often expressed in Revenge. Jealousy and Bitterness are therefore Motivation for Revenge and they always have an object and when either is expressed toward an object the sinning involved is vastly intensified. Under the intensification of these sins one then produces sins of Vengeance and various types of social sins. In effect, all of these expressions of Jealousy are designed to try to build happiness on someone else's unhappiness, an impossible effort at best.

### **Jealousy vs Unity**

Emphasis on people rather than on Bible doctrine, especially the mystery doctrine of the Church Age, has destroyed unity among members of the Royal Family of God, the body of Christ. Unity regarding the Christian Way of Life is defined in five different ways:

- ▲ It is the status of being combined with other believers to form a greater whole.
  - ▼ The Church Age believer has been combined with other believers through the Baptism of God the Holy Spirit at the moment of salvation placing each into union with Christ positionally and forming all into the Royal Family of God.
- ▲ It is the status of being harmonious with other members of the Royal Family of God.
- ▲ It is the state of being complete as part of the Royal Family of God.
  - ▼ This means execution of the Protocol Plan of God and becoming an invisible hero.
    - A maximum number of invisible heroes in the pivot of the nation not only changes the nation, but it also provides a tremendous amount of toleration among believers.
- ▲ It is complete accord among believers regarding divine viewpoint concerning the mystery doctrines of the Church Age.
  - ▼ This is NOT necessarily complete agreement about other aspects of life, but it does mean there is a general consensus about divine viewpoint in these areas among mature believers.
- ▲ It is complete unanimity among believers regarding mental attitudes, motivations, decisions, and actions related to the Protocol Plan of God.
  - ▼ This is the absence of prolonged fragmentation of the Spiritual Life, the general overall absence Motivational Arrogance and Functional Arrogance.

The two greatest enemies of unity among the members of the body of Christ which always bring fragmentation to the Spiritual Life are ignorance of Bible Doctrine and prolonged life in the Cosmic Dynaspheres especially the Interlocking System of Arrogance. Ignorance of Bible Doctrine is the cause, entanglement in the Interlocking System of Arrogance is the result. The ultimate result of ignorance of doctrine and Arrogance involvement is a life where the believer constantly "Grieves God the Holy Spirit".

### Unrealistic Expectation, an Enemy of Unity.

Unrealistic Expectations in life result in the frustration of people who are not treated the way they think they should be treated or loved the way they think they should be loved and inevitably results in fragmentation of the Spiritual Life. Unrealistic expectations causes three serious problems of focus which inevitably hinder the execution of the protocol plan of God:

- ▲ Eyes on self.
- ▲ Eyes on people.
- ▲ Eyes on things.

Unrealistic Expectations always react with a rash of sins related to the Arrogance complex, including Jealousy, Bitterness, and many other Mental Attitude Sins and Verbal Sins. Any time a believer reacts to people with Jealousy or Bitterness he immediately grants them control over his life. Then in an irrational attempt to regain control, he may vent his antagonisms in the revenge expressions of gossip, maligning, false accusation, or even physical violence. But by attacking the person to whom he has surrendered his happiness, the believer attacks his own happiness. Each antagonistic reaction carries him deeper into self-induced misery and more tightly entangles him in the Interlocking System of Arrogance.

### Jealousy & the Public Lie

The source of the public lie is involvement in the Interlocking System of Arrogance. The fact is that those who propagandize through the public lie are the most flawed people one will ever find in this life. The public lie is motivated by power and approbation lust from the Old Sin Nature and it brings a very strong lust to control others and invariably enters these people into Revenge. Vindictive and implacable people are always ready to believe anything they learn about someone they hate, despise, or someone they Jealously think is keeping them from controlling others. The primary protection one has against the public lie is not defending self but observing and functioning under Divine Viewpoint Doctrinal Principles. ([Isa 44:20](#)) In this verse “ashes” represents the result of the fire of Jealousy. The person who uses the public lie very often mixes a little Truth from Bible Doctrine with distortions of the doctrinal principles because of their Jealousy and they almost never recover and they usually die the Sin unto Death, final Divine Discipline, as a result.

In addition the reason for one believing the public lie is often found in the sins of the Arrogance complex including Jealousy, Bitterness, Hatred, etc. Therefore, there is Evil motivation and Sinful production in the origin of the public lie, and there is Evil motivation and Sinful production in believing the public lie. Many times the false accusations which are put forth in the public lie are based on hallucination or delusional mental activity and other mental and personality disorders. Many times the accusations are malicious rumors or deliberate manufacturing of the public lie to assuage Jealousy and express power or approbation

lust as revenge.

### **Jealousy & Human Viewpoint**

Adding to God's words at any time is looking at life from the human viewpoint. This is actually the involvement in **Motivational Arrogance** and its Mental Attitude Sins. Human viewpoint invariably brings into play sins involving Envy, Jealousy, Pride, and other Mental Attitude Arrogance with all of its Mental Attitude Sins. These are the motivators to add to the Word of God but, if one uses and relies on the Absolute Truths of Bible doctrine he ultimately eliminates these Mental Attitude Sins from his life. If the believer does not live his life according to the principles of Bible Doctrine then he lives by these LIES from the Cosmic Dynaspheres. This choice for every believer results in either inner happiness or self-induced misery.

### **Jealousy & Religion**

Once one is trapped in Cosmic Dynasphere I, the Interlocking System of Arrogance he loses the ability to think in terms of the Absolute Truths of Bible Doctrine. He cannot think in terms of virtue, in terms of things that are rational as far as the Word of God is concerned. Various types of flaws from Motivational Arrogance under Evil bring this about, including all of the Mental Attitude Sins. This Mental Attitude Arrogance and its Mental Attitude Sins are the ways in which religion expresses itself and often involves violence or the condoning of it and ALL of the various facets and aspects of the Interlocking System of Arrogance driven by Mental Attitude Arrogance especially Jealousy. This results in a loss of the ability to think rationally and once this occurs one has developed the ability to over extend his emotions beyond his thoughts resulting in **Emotional Revolt of the Soul** in Reversionism. At this particular point he also destroys the greatest principles involving his life and something he has often been attempting to store up in the Stream of Consciousness of his Soul, his inventory of Bible Doctrine. Once this inventory of ideas and principles is destroyed or erased from the soul, he is now open for new thoughts as a result the formation of a vacuum in the soul. These thoughts come in many forms with deep involvement in the Cosmic Dynaspheres and the stages of **Reversionism**. Arrogant persons, inevitably, in order to be satisfied with themselves, must find a new identity. They get involved in the Interlocking System of Arrogance in the first place because they have lost their identity, and this leads them into the **Functional Arrogance** of Religion which provides them with a false identity. Jealousy becomes the preoccupation of their life along with other Mental Attitude Arrogance and Mental Attitude Sins. One of the biggest systems for evangelization into religion is **Guilt** and **Self-Pity** and the "new" American culture is now lending itself to Self-Pity and extreme Guilt. Every person is constantly encouraged to feel sorry for self if they lack anything they desire and guilty if they have more than they need, thus they are encouraged to be TOTALLY preoccupied with self.

### **Religious Legalism results in Moral Degeneracy**

Arrogance involvement is Degeneracy and therefore Moral Degeneracy inevitably expresses itself in the various sins of the Arrogance Complex. These include the Motivational Arrogance sins

such as Jealousy, Bitterness, etc., while seeking to change others to conform to this pattern of legalism. Jezebel's organization was religious, therefore it had to have justifications from Evil, for self-indulgence, Arrogance involvement, sins including Jealousy, Hatred, Bitterness and Implacability. These things had to be justified in the religious system, just as islam today does the exact same thing. The moslems are involved in a religion which justifies their violence as a part of evangelizing into islam and serving their god. The simple reasoning is that there must be an underlying doctrine, a system of principles, no matter how false they may be, to justify unjust violence. One of the interesting things about terrorism at the present time is that many of the terrorists are anarchy groups who have no rhyme or reason for what they are doing. Others have an organized system of doctrines and they are the ones that seem to do the most destruction based on their personal orientation.

### **Jealousy & Anger**

In the New Testament Scripture Greek (gr) ORGE means anger, generally caused by Jealousy. Anger inevitably motivates Jealousy and cruelty. ([Prov 27:4](#)) A person can't be angry without being cruel and unfair and this type of sin complex is the result of the believer consistently living in the status of [Reversionism](#). It is this Arrogance which is generally motivated by other Mental Attitude and Emotional sins. Therefore, Anger is the other side of the coin of Jealousy. Criminal activity is generally the function of the person involved in some other area of Arrogance and uncontrollable Anger. Anger always adds wrong to wrong, sin to sin therefore, one of the manifestations of Jealousy is anger and this emotional anger is an expression of Emotional Revolt of the Soul. Considerations of Emotional Anger must also include soul turbulence, tantrums, and hysteria. Hysteria may or may not be sinful and sinful hysteria is a sin by association when it is caused by Jealousy, Bitterness, Vindictiveness, Hatred, Pride, etc.

### **Jealousy & Old Age**

One of the most wonderful periods in life is supposed to be old age. It is often the real and clear indication as to whether a person has used his time provided by God under Logistical Grace and accumulated maximum Metabolized Bible Doctrine into his soul or not. The finest people in the world are the older people who have learned and actually understood Grace, lived by it, and used it. The worst people in the world are believers in their old age who are legalistic, self centered, vicious, implacable, and filled with Envy, Jealousy, Pride and the other things that destroy any of their remaining inner beauty.

### **Jealousy & Leadership**

[Prov 24:1](#) commands the believer to NOT become Jealous of men who are completely motivated by Evil. One cannot ever be a good leader and function based on Mental Attitude Arrogance with its Mental Attitude Sins. Therefore, one cannot be a good leader and be Jealous because it then leads to Pettiness which completely destroys any leadership ability one may have. So,

inevitably Jealousy results in a totally distorted view of reality and life.

Collective disaster in a society or nation is the product of collective bad decisions when the demand for power, exceeds the need for power, and thus the acquisition of power becomes the manifestation of Envy, Jealousy, and all Motivational Arrogance and promotes the antithesis of Leadership. Socialism and the redistribution of wealth is very popular today because it offers security instead of freedom and allows the rich to assuage their guilt for being rich. Also it gives those who have failed in life a chance to exercise and express the Motivational Arrogance of Jealousy toward others in the Functional Arrogance of Revenge. Disaster then occurs when these Arrogant individuals never see their own consistencies and inconsistencies, only the inconsistencies of others.

Those who are involved in Egotistical Arrogance or Inordinate Pride do not ever accept authority, they resent it in any form. They are invariably Jealous of authority and set up a barrage of Motivational Arrogance and Mental Attitude Sins against Authority that cause them to engage in Jealousy which leads to becoming completely unstable. These are the people who cannot tolerate anyone's authority but their own and they are the least capable of administering authority at any level. In fact one criteria for involvement in Arrogance systems, whether in angelic creation or human beings, is the lack of proper RESPONSE to authority. Arrogance is a heinous COMPLEX failure, the result of Evil motivation providing Evil thinking. When Pride is put under pressure, its counterparts inevitably rise to the surface including, Jealousy, Cowardice or some other aspect of Mental Attitude Arrogance and Mental Attitude Sin that has always lurked behind the facade of Pride. Under the influence of Evil, national arrogance in the United States has reached unprecedented proportions, as demonstrated by its citizens' almost total rejection of divinely constituted authority under the Laws of Divine Establishment and Divine Institution. The police officer is despised, judges are no longer respected, the uniforms of the armed services are ridiculed. Criminals go unpunished, while labor unions are permitted to practice extortion against the owners of industry. Students riot on college campuses and demand rights totally incompatible with the academic processes. Pastors are turned into "beanbags", husbands are not revered by wives, and children do not respect the authority of their parents. This results from Pride motivating Jealousy of any and all authority and thus rejecting it, reacting to it instead of responding to it with humility. Strong leadership is needed in this nation but is impossible to develop under the current social status and because the very national existence depends on the reversal of this trend, the United States of America has reached a stage in which the only solution is the individual inculcation of Bible doctrine! This is the only thing which can bring about a response to leadership and acceptance of both Establishment and Divine Authority.

Good spiritual leadership recognizes that only Bible doctrine can change any person, and that all individual believers must take the responsibility for their own decisions regarding perception of doctrine or NOT. Through fulfillment of the divine rules for marriage, the husband becomes a leader with the full use of impersonal or virtue-love toward the wife. However, when the husband, having neglected or rejected principles of Bible Doctrine, becomes an arrogant

bureaucrat, a bully in marriage, he then seeks to impose his false standards on his wife. The principle he is lacking is that a husband cannot change his wife, he can only change himself. Thus in order to establish proper leadership and proper response to the leadership in marriage, each individual may have to modify their personal standards as they persist in learning Bible Doctrine and developing the Divine Viewpoint on life. Correct authority orientation and thus response to leadership demands that both husband and wife conform to God's rules and policies in marriage. The wife is under both the authority of her husband and Bible doctrine. If there is a conflict, then she must put the matter in the Lord's hands, while obeying her husband who must persist in the Perception, Cognition, Incultation and Metabolization of Bible Doctrine in order to develop proper leadership functions in marriage. Men are generally hypersensitive when involved in arrogance this very often leading them directly into Jealousy. Leadership can never afford to be Jealous because Jealousy results in Inordinate Ambition and Competition, and the relaxed mental attitude necessary for proper leadership in the function of authority is then lost.

### Jealousy & Loyalty

One must never tamper with the loyalty and integrity of a person who is properly oriented to authority and the principles of Bible Doctrine. Jealousy makes one resent proper loyalty to another person or ideal, Envy makes one seek to destroy this loyalty and integrity. Trying to destroy loyalty and integrity in another person will bring onto this believer the intensified triple compound Divine Discipline. When considering directing one's loyalty always reject involvement in Mental Attitude Arrogance and always remember that, not everyone who opposes is the enemy and not everyone who is supportive is a friend.

### Illustrations of Jealousy

Jealousy is a Most Vicious Mental Attitude Sin. The Northern Kingdom of Israel was established as a result of a revolution, based on their Jealousy of Judah, the Southern Kingdom. ([2Sam 19:40-43](#)) The Mental Attitude Arrogance and Mental Attitude Sins which include Jealousy destroy capacity for love. The Northern Kingdom never had this basis and thus did not develop the capacity to love God because it was founded on Jealousy. A kingdom founded on Emotional Revolt of the Soul will inevitably destroy itself.

The 2<sup>nd</sup> and 3<sup>rd</sup> sons of Jacob, Simeon and Levi by the same mother, Leah ([Gen 49:5-7](#)) had the exact same pattern of life and the same mental attitude derived from Evil. They were cruel ([Gen 34:25-26](#)) demonstrated by the Shechem incident, and specifically where in their anger and their Hatred they sought to destroy a tribe that lived in the same area of the country. These two brothers had one thing in common. They were totally responsible for their own misery. When a believer fails to take the responsibility for his own actions he guarantees that he will be miserable for life. By avoiding responsibility for one's own actions he cannot come to the place of using the Rebound Procedure, he cannot get back in fellowship with the God, and therefore the blessing and the happiness that belongs to the believer as a monopoly of his

relationship with God eludes him constantly. This happiness is always just out of his grasp, he is always off-balance, always unstable, and consequently makes himself miserable without help from anyone else. These brothers were plotters, underhanded, always working behind someone's back, as an expression of their cruelty from a mental attitude of Jealousy, Implacability and Hatred. They were always trying to make someone else miserable. These brothers were egotistical and in their minds everyone else was always wrong and they were always right.

Jacob though vicious in his younger days, didn't want anything to do with his two sons, Simeon and Levi. Here is a father who will have nothing to do with two of his sons. He knew no good would ever come from their plotting and he avoided involvement with them. In their anger they killed a man and in their self-will, Egotism, Jealousy, Hatred and Implacable Vindictiveness they severed the tendons of all the oxen of the Schechemites to prevent them being used in agriculture. ([Gen 34:25-26](#)) This was a matter of Revenge as an expression of their mental attitude Jealousy.

[Dan 3:8-12](#) presents "Certain Chaldeans" who were of the priestly caste who served as advisers to the king. These men resented, were Jealous of, the fact that four of the highest offices in the land had been given to Jews who had been the hostages of captivity. They demonstrated their pettiness and Jealousy by seeking to rid the empire of these brilliant men. The believer must NEVER be foolish enough to retaliate against Jealous people; the Lord will always handle them; and the believer must not get in His way. ([1Sam 17:47](#), [Rom 12:19](#)) These Chaldeans were consumed with Jealousy, so they brought charges, malicious accusations, against these Jews. The Chaldean priests in their Jealousy were not merely attempting to accuse them; they wanted to see these Jews condemned to death. So they catered to the king, flattering him and spoke of "certain Jews" of implying that these men were of an inferior race. Ultimately the Jews in question were identified as those whom the king had appointed over the administration of the province of Babylon. The Chaldean priests implied that these Jews were unworthy of their high positions and perhaps Nebuchadnezzar had made a mistake and also implied that the accused were ungrateful for the appointment the king had conferred upon them. They had proven this by their disobedience to royal command. By the time of the "fiery furnace" in Daniel 3, Nebuchadnezzar's normal clear thinking had been obliterated by Jealousy motivating Rage and other Mental Attitude Sins.

Saul's Envy and Jealousy caused him to prejudge David without a right to do so. Following David's spectacular victory over Goliath, the young shepherd-warrior became a national hero. His tremendous popularity infuriated Saul. ([1Sam 18:6-9](#)) Driven by insane Jealousy and Hatred for David, King Saul had but one ambition to kill David, God's choice as the next monarch ([1Sam 18:10-12](#)).

The carnality of the Corinthian believers began with the mental attitude sin of Jealousy. vicious, rampant Jealousy among these believers spawned the "strife" which was Inordinate Competition and Ambition motivated by their unconfessed Jealousy. As a result, Paul describes a sin which the Bible condemns many times, Jealousy. Jealousy is a mental attitude sin that

produces a chain of sins and once this begins it results in dissension and fighting among believers. Because a person is Jealous, he may become Implacable and then seek Revenge. Such a person wants to hurt, to malign, to ostracize, to judge; he generates an attitude of total antagonism. Therefore a Mental Attitude of Jealousy never stands alone, but always leads to many other categories of sin.

Dr. William Cooke quotes the following from Plutarch: “It was a very ancient opinion, that there are certain wicked and malignant demons, who Envy, are Jealous of, “good men”, and endeavor to hinder them in the pursuit of Virtue, lest they should be partakers at least of greater happiness than they enjoy” (*Christian Theology*, 5th ed., p. 628). L. S. Chafer in his Systematic Theology states: “The fact that there is no redemption for himself or any other fallen angel, cannot but create an incredible magnitude of Jealousy and offense, and engender extreme Hatred on Satan’s part toward God and His saints, the believers who are set apart by Salvation Adjustment to the Justice of God.” (paraphrased)

### Jealousy Invents Accusations

This is what occurred when the commissioners and satraps of the Chaldeans began accusations against Daniel regarding government affairs but they could find no grounds or evidence of corruption. (**Dan 6:4**) There were 2 causes for the dissatisfaction and Jealousy of these subordinates of Daniel, Daniel’s racial heritage and the accelerated promotion of Daniel ahead of these Persian noblemen. Their petty Jealousies were the inevitable result and they began trying to obtain any pretext for accusing Daniel. Jealous people are intense and relentless, they have no sense of humor and cannot relax. These Chaldean noblemen actively conspired to have Daniel removed from office. They put Daniel under constant surveillance in the hope of catching Daniel in some level of disloyalty to the King, Nebuchadnezzar. Daniel made no secret of his faith and he had proclaimed the Gospel message to many of these men and they knew that his first loyalty was to his God. They sought to have common law modified by a Royal Statute which had to be signed by the king personally and once ratified, the statute was irrevocable and applied to king and commoner alike. The new law established a prohibition against “petitions” to anyone but the King thus they could accuse Daniel of disloyalty because of his practice of praying three times a day.

### Results of Jealousy

Jealousy is a part of the Interlocking System of Arrogance as Motivational Arrogance and is closely related to Bitterness, Vindictiveness, Implacability, Inordinate Ambition and Inordinate Competition, and IS Revenge motivation leading to Functional Arrogance with both verbal and overt sins including Maligning, Gossip, Judging, Criticism, Nagging, Nitpicking, and other Verbal Sins and may even lead to Overt Sins toward the object of one’s Jealousy. All of this results from one’s failure to recognize the concept of privacy and that ONLY God has the right to criticize or discipline believers. Jealousy, as an emotional sin, has two directions:

- ▲ Arrogance toward self, subjective arrogance.
- ▲ Possessiveness of others, objective arrogance.

As Motivational Arrogance, Jealousy is and motivates sins of emotion

- ▲ Jealousy becomes irrational and motivates the hysterical category of emotional sins

including:

- ▼ fear of rivalry
- ▼ fear of losing someone's affection
- ▼ fear of unfaithfulness in some form
- ▼ worry
- ▼ anxiety
- ▼ panic
- ▼ consternation
- ▼ irrationality
- ▼ dissociation
- ▼ therefore, Jealousy becomes irrationality in its resentment and Hatred of others.

▲ Jealousy motivates the Hatred category of emotional sins and includes:

- ▼ uncontrollable anger
- ▼ implacable Hatred
- ▼ bitter resentment
- ▼ implacable Vindictiveness
- ▼ loathing
- ▼ animosity
- ▼ tantrums
- ▼ violence
- ▼ even murder.

▲ Jealousy motivates the self-centered category of emotional sins including:

- ▼ Self-Pity
- ▼ egotistical irrationality
- ▼ expressions of dissatisfaction
- ▼ gossip
- ▼ slander
- ▼ maligning
- ▼ vilification
- ▼ other forms of verbal sins
- ▼ Arrogant preoccupation with self
- ▼ irrationality
- ▼ implacability toward the object of Jealousy

▲ Jealousy motivates the reaction category of sin combining the emotional sins with the Arrogance complex and initiates a reaction factor called Guilt. In this motivation of the guilt category of emotional sins so that Jealousy results in irrationality where the person often regrets and feels guilty about the things he has done long in the past. This guilt is failure of the believer to recognize his own sins and failures in the right perspective that Jesus Christ was judged for ALL human sins on the Cross and that he is to accept responsibility for them and to acknowledge or name those sins to God the Father and by this means alone receive TOTAL forgiveness. A Guilt Complex is the worst sin of all and results when one is engaged in the function of perpetuating something that God has blotted out. It involves the Mental Attitude that the believer's sins are greater than God's capacity for Forgiveness.

Jealousy is a major factor in the function of self-righteousness and crusader arrogance, and therefore, a producer of [Religious Legalism](#) and thus Christian Moral Degeneracy. Cosmic panaceas demand a full mobilization of the Functional Arrogance within the Interlocking System of Arrogance along with Pride, and Jealousy, so that Self-Righteousness, Religious Legalism, [Personality Arrogance](#), [Authority Arrogance](#), and [Christian Service Arrogance](#) can be expressed through Crusader Arrogance. Therefore, Jealousy becomes both legalism and tyranny though possessiveness. Jealousy causes the believer to develop a facade of self-righteousness which he uses as a system of legalism. He develops a superior pseudo self-identity and then says that what he does is spirituality. He makes himself a role model for what Christianity should be and then tries force others to accept and follow his role model pseudo self-identity. Jealousy is, therefore, a major factor in the failure to execute the protocol plan of God for the Church. Jealousy is a Self-Justification system and entanglement in the [Arrogance Skills](#) and one cannot ever solve his own problems as long as he is justifying self. Jealousy and the Filling of God the Holy Spirit are OBVIOUSLY mutually exclusive and therefore, Jealousy keeps the believer from glorifying God. Eventually Jealousy becomes a contributing factor in Christian [Psychosis](#).

Hatred, Hostility and Jealousy often combine and / or lead one into the other. Perhaps at some time in the past you lied to a person. You confessed your fabrication, but you perpetuated the sin by Jealousy and Hatred of that person. When you allow a sin to nurture Jealousy, Jealousy becomes an even worse sin; and if it goes unchecked, you move under perpetual divine discipline. However, you will be disciplined for the current sin of Jealousy removing you from the Plan of God but not so much for the original sin of lying! Therefore, greatness in the individual and Jealousy never live together! The believer must ignore what others may have or may have achieved because it is totally inconsequential, it is one of many DETAILS of Life. In Jealousy, Hatred or Bitterness, one will follow one of these avenues which will put him on the road to a miserable life.

Verbal sins which result from Jealousy involve maligning, gossip and judging at a vicious level where the Jealous persons want to HURT the object of their Jealousy and will use any means at their disposal to do so. Verbal sins always indicate a motivation from Mental Attitude Arrogance and Mental Attitude Sins especially Jealousy and inevitably result in discord among believers. Prayer is not answered because of involvement in any sin, or crime and it is often Jealousy, and false motivation, which neutralize prayer. [Jam 4:2-3](#) is addressed to believers who engage in following their lust patterns and even commit murder because of Jealousy.

All Mental Attitude Sins break the chain of gracious response to any kindness with a reaction inserted so that the result is devastating to the Spiritual Life. This leads to Triple Compound Divine Discipline which is the worst type of self-induced punishment from God. This begins with the believer's decision to become involved in Mental Attitude Sins as motivation for sins of the tongue or overt sins. This motivation is from Mental Attitude Arrogance and may include Pride, Jealousy, Bitterness, Hatred, Vindictiveness, Implacability, Self-Pity, guilt syndrome, and revenge tactics.

[Matt 6:22-24](#) explains that it is possible for a believer, who is supposed to have inner beauty from maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul, to in fact have inner ugliness from Evil influence which involves Mental Attitude Arrogance and its Mental Attitude Sins. These believers start out being arrogantly indifferent to God and his plan and grace but systematically move themselves into a status of Antagonistic Hatred of Him. Therefore, the believer is either drawing upon the resources of Bible doctrine or he is drawing upon the resources of Mental Attitude Arrogance with mental attitude sinning as the result because mental attitude sinning is the Old Sin Nature's means of adjustment to life.

### [Solutions to Jealousy](#)

To avoid problems of Mental Attitude Arrogance and Mental Attitude Sins especially Jealousy the only mechanism available to the believer involves consistent Post Salvation Epistemological Rehabilitation from Perception, Cognition, Incultation and Metabolization of Bible Doctrine and then applying it under Impersonal Unconditional Love for Mankind thus avoiding Mental Attitude Sins. This then allows one to also avoid all reactionary Verbal and Overt Sins and to respect the privacy of others and Mind his OWN business.

The courage derived from thought under pressure is the Modus Operandi of the 5 stages of the [Faith Rest Drill](#) where Claiming Promises from the bible results in setting aside negative emotion such as Jealousy, Fear, Cowardice, Hatred, Bitterness, Implacability, any and all Motivational Arrogance so that proper thought can continue. The promises of God are designed to give the believer some way of priming the pump in the soul in order to get rid of negative emotion in the Stream of Consciousness of the Soul. This results in the reassertion of Divine Viewpoint thinking from Metabolized Bible Doctrine which must dominate his soul.

Virtue Love, (gr) 'Agape' is Mental Attitude Love and is freedom from Mental Attitude Arrogance and Mental Attitude Sins. Therefore there can be no Mental Attitude Arrogance when functioning under Mental Attitude Love which is Impersonal, Unconditional Love. Mental Attitude love must come first before emotional or (gr) 'philos' love because this Personal, Conditional Love makes one susceptible to of all sorts of negative emotion, especially Jealousy. Therefore, Personal love minus the virtue or Impersonal, Unconditional Love very often results in Jealousy. While, Impersonal, Unconditional Mental Attitude Love only comes from maximum Metabolized Bible Doctrine saturating the Stream of Consciousness of the Soul and the consistent Filling of God the Holy Spirit as a result of consistent use of the Rebound Procedure. This Impersonal Unconditional Love is the only system to avoid Motivational Arrogance of Mental Attitude Arrogance with Mental Attitude Sins and therefore negative emotion in the soul. Evil motivation as Motivational Arrogance from Mental Attitude Arrogance and Mental Attitude Sins cannot coexist with Impersonal, Unconditional Love which is Motivational Virtue produced by the Filling of God the Holy Spirit. Impersonal, Unconditional Love is essential for the believer to be able to get a hearing in the supreme court of heaven when presenting his petitions of prayer. Impersonal, Unconditional Love is unconditional because of Grace orientation resulting from maximum Bible doctrine resident in the soul. Therefore, Impersonal, Unconditional Love perpetuates its own honor, its own integrity, its own Virtue in every stage

of development of the spiritual life, and it does so without any involvement in any facet of the Interlocking System of Arrogance. The development of Virtue earnestly begins at [Spiritual Self Esteem](#) where the believer no longer feels threatened by people who are better off or more prosperous in any area than he is. Under Spiritual Self Esteem one is never insecure in love and affection, and never feels threatened by others in any way which is the mental attitude which drives Jealousy, and therefore he never has the problems related to [Self-Pity](#). Spiritual Self Esteem combines with Impersonal, Unconditional Love to destroy any Jealousy which motivates the inordinate ambition and competition for someone's love, affection, or for their level of assumed greatness or prosperity in life. Spiritual Self Esteem subordinates emotion to intellect, so that objectivity and doctrinal perspective rule the believer's soul. Spiritual Self Esteem does not feel threatened by the Functional Arrogance from others as gossip, slander, maligning, or any forms of human antagonism including vituperation, vilification, Jealousy, Bitterness, Implacability, anger, Hatred, malice, revenge, etc.

Moving from Spiritual Self Esteem to Spiritual Autonomy further restrains Jealousy, possessiveness, defensiveness, and the inordinate desire to dominate others. Spiritual autonomy remains righteous without becoming self-righteous, and moral without entering into moralistic orgies of [Crusader Arrogance](#). Therefore, the believer in any level of Spiritual Adulthood does not seek to coerce or manipulate others. Being not possessive of those whom he loves he avoids the pitfall of Jealousy. He does not give expression to power lust but fully utilizes the privacy of his priesthood so that God is the primary focus of his life. Thus his Personal love for God motivates Impersonal, Unconditional Love for others.

The believer, in adhering to the command to separate from loved ones who reside in the Cosmic Dynaspheres follow the Lord's example of [Matt 10:36-38](#). This is not hurting or being spiteful or bitter toward family, friends or loved ones, but is switching from personal to Impersonal, Unconditional Love. By this function of mental separation the believer avoids ALL Motivational Arrogance and Functional Arrogance which potentially can destroy the believer's integrity and his Spiritual Life.

The advancing or mature believer has absolutely no cause for Jealousy since his own blessings are sufficient and perfectly timed for his maximum benefit. The principle is that the believer MUST concentrate on what he has, not on what he does not have. ([Matt 6:26-27](#), [Matt 6:34](#)).

### **[Gate #7 – The Arrogance of Bitterness](#)**

Bitterness is one of the most powerful and worst sins of Arrogance and it often turns love into hatred, happiness into malice, producing the [Lust](#) to hurt or destroy another or [Self-Pity](#), blessing into cursing, etc. Bitterness blames God and / or Man for one's own bad decisions, flaws and failures in life. It is the fuel which runs the 3 [Arrogance Skills](#) in fact Bitterness reverses the flow of the Arrogance Skills and then justifies the believer's failure to use the

[Rebound Procedure](#) and in their reverse cycling the Arrogance Skills move the believer into Revenge Motivation and eventually into [Revenge Modus Operandi](#). Bitterness produces BAD [Emotion](#) and by this means contributes to a state of perpetual carnality so that it always produces a way for the believer to remain carnal. Bitterness destroys the [Unique Spiritual Life](#) of the Church age which was tested and proven by The Lord Jesus, The Christ while he was in his Hypostatic Union. Bitterness is, therefore, the most horrible venom of the soul. ([Num 21:6](#)) Bitterness fills the subconsciousness with Garbage and this then overflows back into the Stream of Consciousness of the Soul. Bitterness is one means of maintaining residence in Arrogance and is the greatest of the sins of Arrogance and Emotion combines and this Mental Attitude Arrogance as a [Mental Attitude Sin](#) is the quickest way to destroy the Spiritual Life. It contributes to the greatest [Battle of the Soul](#) and destroys the Spiritual Life with perpetual carnality. It becomes part of [Black Out of the Soul](#) and blots out any Doctrine in the Stream of Consciousness of the Soul which when lost results in problems and solutions being rationalized. Bitterness combines self induced misery with the spreading of that misery to others. It has great strength as it develops in the soul and builds incredible stress in the soul and eventually destroys the Spiritual Life by destroying all the Metabolized Bible Doctrine in the Stream of Consciousness of the Soul.

The Will of God for the life of the believer is never to retain bitterness against anyone in life since this is Mental Attitude Arrogance and Mental Attitude Sin which feeds all the other aspects of Arrogance and will surely destroy him. If one has bitterness in his life at all he is a very Arrogant person and cannot be in fellowship with God under the Filling of God the Holy Spirit for any prolonged period of time. Therefore, if one is bitter he has no Spiritual Life, he is Arrogantly preoccupied with self, totally subjective and there is a strong possibility that he will become neurotic or [Psychotic](#). In the Christian Way of Life IF the believer does not have a good relationship with God he will not ever be able to have a relationship with other people not even fellow believers. Believers, therefore, must avoid the Motivational Arrogance of Mental Attitude Arrogance especially bitterness and vindictiveness. A person who lives with bitterness in the soul is not ready for anything in life. To analyze one's involvement with bitterness, the believer must constantly test himself to determine if HE HAS THE RIGHT to try to get even with another person or to be bitter toward them for what they have or might have done to him. Whenever one is in the situation of being a victim he always has a tendency to become self righteous and totally preoccupied with self and then become bitter and in his soul so that bitterness will push him to retaliation. When a believer is bitter in his soul he will always think of others in relationship to the flaw of HIS soul. Once bitterness sets in then the mental attitude shifts to the viewpoint that he has never been treated fairly in life in any situation, ever.

One is not spiritual because he treats people well but because he has harmonious rapport with God and this results in using [Impersonal Unconditional Love](#) to deal with people. If the believer succumbs to flattery he will become entangled in Arrogance and this will invariably lead to bitterness which will destroy his Spiritual Life when the [Rebound Procedure](#) for recovery is neglected. Bitterness is one of the greatest manifestations of Arrogance and takes every possible shortcut to [Self Absorption](#) and has no capacity for love allowing the 4 horsemen

of apostasy in [Reversionism](#) to overrun the soul destroying the Spiritual Life. As a result of Bible Doctrine being Rejected and having no exposure to Bible Doctrine the Rebound Procedure is forgotten and never used.

### **Bitterness in Marriage**

Marriages are destroyed by bitterness with love being replaced by hatred, and divorces are the function of bitterness which is derived Evil and the greatest sin of Arrogance, and this is what caused Satan to appeal his condemnation during the Angelic Conflict trial, which in fact, God graciously granted. This is what happens when a woman is disappointed with the husband or the husband is disappointed with the wife. It begins at varying times after marriage and it is easy to hide with the exception being the bitter one who gossips about the one they are bitter about. Bitterness destroys a marriage even if there is no divorce, it begins with whining and [Complaining](#) and once it is launched in the soul all love is pushed out of the soul. Bitterness launches anger which is an opening into [Emotional Revolt of the Soul](#). Bitter people NEVER take responsibility for the cause of their bitterness and from that point on will never take responsibility for their failures. Anger, as an emotional sin, is irrational and in this irrationality the only type of listening these people are capable of is that which reinforces their pseudo righteous indignation. Anger becomes wrath and this has its basis in an anger reaction based on bitterness which now includes hatred which when added to anger results in vindictive wrath. Clamor and slander are the logical results of wrath and it causes the building up of a house of cards of Arrogance where the slanderer sets himself up as perfect whereas in reality they are only in a much higher and less obvious echelon of sinning and failure. These all lead to Malice which as the lust to hurt someone, results in inflicting suffering and injury on the one toward whom they are bitter. Bitterness and Malice are competitive and cause more saturation in Arrogance than any other combination. The Only way to remove bitterness, malice, slander, etc., from one's soul is through the use of the Rebound Procedure as a believer and by making [Salvation Adjustment to the Justice of God](#) through Faith alone in The Lord Jesus, The Christ alone as an unbeliever.

Bitterness can destroy any personal relationship. ([Col 3:19](#)) No Husband has a right to be bitter toward his wife because the Husband is the ruler over the Wife, he is the Head of the Family, he is the leader of the Household, he is responsible for the household and above all the man has made his own free will decision to marry the woman. Where bitterness exists there is no LOVE and where true love exists there can be no bitterness. The principle to be aware of is that people are no better in marriage than they are as individual people.

### **Bitterness leading to Functional Arrogance**

Verbal Sins including, Slander, Defamation, Vilification, Vituperation, Maligning, Judging, Gossip, etc., are all related to the Motivational Arrogance of Bitterness as parts of Functional Arrogance. The people who demonstrate these failings should be avoided at all costs because they are perpetually carnal and will bring to the positive believer great distraction and trouble. When the root of Bitterness springs up in the life it causes the believer to be distracted from Bible Doctrine and the Spiritual Life. [Emotional Sins](#) such as Fear, Worry, Anxiety, Panic, Jealousy, Vindictiveness, Implacability, Guilt, Anger, Hatred, Animosity, etc., are aspects of

Motivational Arrogance initiated by or derived from bitterness and MUST be immediately corrected by using the [Rebound Procedure](#). Emotional Sins contain [Arrogant-Self Righteousness](#) and [Egotistical](#) Irrationality resulting in the destructive verbal sins of Vituperation and Vilification which with Gossip, Slander & Maligning create the fabrication of the [Public Lie](#) to destroy someone who is disliked. Bitterness also leads to the destructive side of [Iconoclastic Arrogance](#). When this bitterness leads to the mistreatment of others it results in them also becoming bitter. Bitterness is like a weapon which always seeks out its target. Bitter people start out reacting to other people and ending up hating them. The first thing that bitterness causes is (gr) thumos, Boiling Anger and Irrationality which motivates Violence and [Revenge](#), which is a Sin of [Irrational Emotion](#) and this starts the believer down the road to a terrible life of Self Induced Misery.

### **Characteristics of Bitterness**

Bitter souls are self destructive in expression. ([Job 7:11](#))

Women are often bitter because they do not have what other women have. ([1Sam 1:10](#))

Fathers and mothers can become bitter when their children are fools. ([Prov 17:5](#))

Bitterness is self induced misery. ([Job 3:20](#))

Bitterness is the wrong reaction to divine discipline. ([Lam 3:15-20](#))

Bitterness turns love into hatred.

Bitterness turns happiness into malice (the lust to hurt or destroy another).

Bitterness turns blessing into cursing.

Bitterness blames God and man for one's own bad decision, flaws and failures.

Bitterness is the fuel which runs the 3 [Arrogance Skills](#).

Bitterness produces bad emotion and thus contributes to the status of perpetual carnality.

Bitterness then obviously destroys the Spiritual Life.

True love resides in the Soul not the body therefore, bitterness is the venom of the soul which destroys True Love for both God and Man. The real tragedy of Bitterness occurs when death becomes more important than the values of life.

### **Panorama of Bitterness**

If a believer is bitter and does not use the [Rebound Procedure](#) to recover he WILL become implacable. If he becomes implacable he WILL become involved in great Evil and involved and entangled in the 3 Arrogance Skills, [Self Justification](#), [Self Deception](#), and [Self Absorption](#) from least destructive to the worst. However, when the order of Arrogance Skills involvement is reversed it is far worse and vastly more destructive to his Spiritual Life and bitterness does this. Self Justification ignores and rejects Rebound and moves to Self Deception which never rebounds and is filled with bitterness and hatred therefore failing to take responsibility for all the Arrogance involved including irrationality and unreality. Rebound is NEVER considered as an option for this believer. This moves him into Self Absorption which freezes the Metabolized Bible Doctrine he had learned, at this point he has moved down through Reversionism to the beginning of [Blackout of the Soul](#). As a result of degrading his Spiritual Life in reversionism to this level, all previously learned Bible Doctrine is then systematically forgotten, erased, removed from the Stream of Consciousness of the Soul and in fact replaced with the LIE, principles

derived from EVIL. Self absorption takes the bitter attitude of being always right, which justifies all REACTIONS and this begins concentrated self deception. This believer takes the attitude and position that his bitterness is justified and that he can do nothing wrong. The totality of this Self Absorption results in the Justification of Self Absorption with intensification of it and solidification of the attitude of ALWAYS BEING RIGHT. Self deception then enters him into [Self Righteous Arrogance](#) which justifies doing almost any thing at any time. Malice and Vindictiveness are thereby justified by the concept of always being right. This leads to total self justification which in turn begins vilification, abuse, violence, even murder, totally and permanently changing this believer. By this means all Metabolized Bible Doctrine and Reciprocity of Love for God are lost to him. The malice from this pattern leads back into a recycling or reversal of the Arrogance Skills and also to motivating [Revenge](#), with vituperation and revenge Modus Operandi and vilification with violent and abusive behavior. All this is justified under Self Deception and Self Deception convinces the individual that he has the right to hatred, jealousy, implacability, vindictiveness, etc., which become the basis for self justification. Intense [Jealousy](#) becomes the motivation for all the incredible Evil that is done in the name of self justification. This is in fact a degrading emotional decline where if a believer becomes Bitter he will be angry, and if angry he will be vindictive, and if vindictive he will have a soul filled with motivation for Malice and Revenge and NO RECIPROCITY with God.

When the believer cycles through the Arrogance skills ([Eph 4:31](#)) he can first start with bitterness and then go to anger because he is RIGHT and the other person wrong. Then he moves into vindictiveness and tries to get back at that person by maligning them or engaging in any process of vindictiveness including violence. Then he moves directly into the Arrogance Skills and cycles forward through them and then reverses his involvement in them and cycles them backward. ([James 3:14](#)) When moving backward he engages again in hatred for the other person who has caused him some real or imagined injustice. Then he moves back into implacability toward them and then into jealousy if they are in any way successful and then back to bitterness. This all occurs as the result of the lack of function using the [Rebound Procedure](#) which is the only thing which can stop it. In bitterness when the believer engages in initiating strife in a group it infers that if he even hears the name of the person about whom he is bitter come up in conversation, he will maliciously criticize them from the excrement of his soul which is his bitterness. This is what occurs when [Inordinately Competitive](#) people criticize others and is in fact what some 90% or more of the Pastor Teachers are contaminated with.

Bitterness is complete self absorption, self centered [Arrogant Egocentricity](#), with no regard for the opinions or feelings of others and therefore is the Arrogance of egotism and self conceit, making self the center of all things. Self conceit is often rationalized into pseudo self esteem and this is the down side of assumed egotism, and is based on Arrogance in the soul and is not true self esteem, which must be based on Absolute Truth. Therefore locked in Arrogance is the status quo of assumed or pseudo self esteem. Consequently, Bitterness is not a solution to anything but the greatest failure of the Spiritual Life and the quintessence of Arrogance. Bitterness contradicts the Plan of God in any dispensation but especially the Protocol Plan of God of this Church age.

The only thing one can do to accomplish a right thing is to be doing things in a right way. Therefore, one cannot build his happiness on someone else's unhappiness and therefore he cannot build happiness based on bitterness which is the motivator for malice and Revenge Modus Operandi. This is some real or imagined outside pressure of adversity in life being converted to stress in the soul and resulting in Old Sin Nature control of the SOUL which can eventuate in perpetual carnality. When one becomes involved in Self Deceit we will eventually become totally involved with self and completely Self Absorbed. When a believer moves from Self Absorption back to Self Deception he does not notice the transition and therefore spends his entire life being wrong. In reversing the cycling of the Arrogance Skills he becomes totally locked into Arrogance. Bitterness first opens the path for the cycling of the Arrogance skills and once opened then bitterness often reverses the cycling pattern and moves back to establish the HABIT of self justification. When the reverse process has been set in motion and becomes well established, [Maladaptive Defense Mechanisms](#) begin to destroy the Spiritual Life. This believer will tell anyone who will listen how absolutely right he is and thereby develop a pattern of Human Viewpoint from self absorption so that he will believe that he is always right and others are always wrong.

Bitterness destroys everything in it's periphery and it initially results from failure to take responsibility for one's own decisions to Sin, engage in Crime or produce Human Good from the influence of Evil and for Arrogance Skill involvement in Self Justification. The Core of all aspects of involvement in the Interlocking System of Arrogance is FAILURE to TAKE RESPONSIBILITY for one's own bad decisions leading to sins or failures. This is the result of one's function under Self Justification which is the first Arrogance Skill and TAKING RESPONSIBILITY FOR ONE'S OWN ACTIONS is what Satan Leaves out in all his arguments with God. This is a form of thinking only of self alone without regard for the thoughts or feelings of others, therefore, failing to take responsibility for one's own decisions. Despite not using the [Faith Rest Drill \(5 stages\)](#), this believer, being guilty of Arrogance, selfcenteredness, fear, panic and [Self-Pity](#), will still receive logistical grace support from God. Many believers as they draw closer to death develop an increasing problem of Arrogance regarding Self-Pity, and this Arrogance produces bitterness when there is no apparent improvement in whatever condition they are suffering from which is leading them to Death. These believers often operate for years in the realm of Self Righteousness, so that their Self-Pity amalgamates with Self Righteousness to produce a [Guilt Complex](#) related to their lifestyle.

For these believers lack of the use of the [Rebound Procedure](#) is the cause of locked in Arrogance. When people begin to think that whatever they do is more important than anything else and that they are never wrong this leads to violence and abuse in every aspect of society. This always leads to the emotional decline of the person in relation to his bitterness. In the reversal of functions under the Arrogance Skills he justifies three things which are wrong, therefore classified as 'wrongdoing':

- ✧ Grieving God the Holy Spirit ([Eph 4:30-32](#))
- ✧ Quenching God the Holy Spirit ([1Thes 5:19](#))
- ✧ Lying to God the Holy Spirit ([Acts 5:1-10](#))

This, therefore, becomes a way of life for the Believer who is locked into the [Arrogance Skills](#). As a result his Bitterness connects Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred with the Interlocking System of Arrogance. The principle of Quenching of God the Holy Spirit ([1Thes 5:19](#)) is too much Arrogance associated with learning along with ‘operation over think’, or speculation beyond what the scripture teaches and then false or wrong application of Bible Doctrine. What God wants us to know in this dispensation is only what is in writing in the Canon of Scripture. What God does not want us to know isn’t there and it isn’t there because, if it were, it would get us into constant trouble. Quenching of God the Holy Spirit is tantamount to Arrogance and selfcenteredness about scripture leading to a dogmatic stand on principles of false doctrine which is an extension of operation over think related to doctrinal distortions and doctrinal controversy. Quenching of God the Holy Spirit is the believer saturated with Arrogance moving into and functioning under the Interlocking System of Antagonistic Emotional Hatred where he is now antagonistic to God, Bible Doctrine, the Grace of God and the Plan of God.

When the believer reaches the point of engaging in malice and vituperation he has entered a position of extreme [Legalism](#) and will never be able to get back to Bible Doctrine unless he starts with Rebound and then consistently functions under the [Grace Apparatus for Perception](#) for Perception, Cognition, Incultation and Metabolization of Bible Doctrine. It is essential for him to get Metabolized Bible Doctrine back circulating in the Right Lobe of the Stream of Consciousness of the Soul. The whole system of soul destruction from involvement with bitterness and the Arrogance Skills is then reinforced by one’s operation under the [Maladaptive Defense Mechanisms](#).

### **The Functions of Bitterness**

Bitterness turns good emotion into bad emotion or just produces bad emotion and perpetuates carnality. More than any aspect of Arrogance Bitterness contradicts the Protocol Plan of God for the Church. [1John 5:16-17](#) describes the Sin unto death and the believer is commanded NOT to pray for the person under the SIN unto death because a person under this discipline is a BITTER PERSON. Bitterness leads to Malice, Slander and / or Jealousy motivated by Anger and destroys all those in its periphery. ([Heb 12:14](#)) A Bitter person lies to himself daily and believes all that he thinks and says and justifies these things constantly. ([1Cor 2:16](#), [Rom 8:5](#))

Bitterness is self induced misery for the believer and is related to divine discipline for the individual and the nation so that when the administration of the cycles of Divine Discipline occur in a nation, it results in bitterness in immature believers. Bitterness motivates the [Public Lie](#) by stimulating the soul and combining with and motivating Revenge. Bitterness produces a harshness, callousness or [Scar Tissue of the Soul](#) thus interlocking with reversionism and is motivated by malice and seeking revenge which can result in the rankling resentment of hatred. Only the consistent use of the Rebound Procedure can break this destructive cycle. Bitterness has no objectivity of soul, it is only involved in self serving self justification. Bitterness attacks its object when it is strong with vituperation, vilification, etc., any aspect of Functional Arrogance. Bitterness totally abandons any thought of being a plaintiff before the Supreme Court of Heaven and it is an irrational sin and very hard to deal with because it is extremely

deceptive.

### Seven Destructive Functions of Bitterness:

- ✧ Turns Love into Hatred wiping out capacity for true love.
- ✧ Turns Happiness into Malice attempting to destroy others by vilification and vituperation.
- ✧ Turns Blessing into cursing.
- ✧ Blames God and / or Man for all personal bad decisions.
- ✧ Is the fuel to run the Arrogance Skills
- ✧ Produces Bad Emotion and contributes to perpetual Carnality.
- ✧ Destroys the Spiritual Life

Bitterness is a rancid emission from the Stream of Consciousness, thus Bitterness is excrement of the soul. It will cover up and eventually destroy or erase any Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. Bitterness will then spill over from the Stream of Consciousness and fester as Garbage in the Subconscious. Bitterness is contagious and always results in one believer infecting another believer and then maligning others from the standpoint of being right. NO BELIEVER can afford this contamination of soul because a bitter person always lies to himself and thereby contaminates the whole family or group he is involved with. As a result of the bitter person lying to himself he is never able to tell the truth about anything concerning self. The root of bitterness is out of sight, it is in the soul and is not seen, one can even like a person who has it but at some point something will cause the bitterness to come up exposing itself, and then if that one goes along he will be contaminated with the same bitterness.

### Bitter Jealousy

Bitterness combined with Jealousy creates a “childish” person in the realm of the Spiritual Life. This creates a LOSER Believer and it can start with either bitterness or jealousy. Pulling this pin of the Arrogance Grenade results in fragmentation of that believer’s life and the fragmented believer is totally inconsistent and unstable and oscillates between stimulation in good times and discontentment under pressures in life. Bitterness is a fragment of the Arrogance grenade giving the potential for chain sinning and falling deeply down through the stages of reversionism. ([Heb 12:15](#)) Believers fall short of the Grace of God by pulling the pin of their Arrogance grenade with involvement in Bitterness which then fragments their life but also defiles everyone in their periphery. [Eph 4:31](#) is a concise description of this fragmented life. This fragmented life NEVER uses the standard of thinking from [Metabolized Bible Doctrine](#) in the Right Lobe of the Stream of Consciousness of the Soul.

The concept of blind love explains bitterness and the entanglement within the arrogance skills which results. When one is frustrated because of always keeping his focus on a few superficial things he admires in others, it is inevitable that he will fail in his spiritual life because he will eventually react with bitterness toward some failure or flaw he perceives in them. Anger from Bitterness minus rebound plus vindictiveness drives one into the Functional Arrogance of Revenge as an unforgiving function of Malice. The hatred involved in self-deception is so great that it often resembles insanity and is irrationality and hostility toward the object of bitterness.

Bitterness can become ruthless, giving no forgiveness then Jealousy and Bitterness interlock to form the strongest forms of Self Justification, Self Deception and Self Absorption in the Arrogance Skills.

### **Gate #8 – The Arrogance of Self Pity**

There are 2 strong trends toward Arrogance in the individual's soul, 1 is Self Pity and the other, its antithesis, is [Self Righteousness](#). Everything which causes pressure in the life of a Self Righteous person arouses the ire of their Self Righteousness and causes them to produce all forms of antagonism, mental, verbal and overt. These same pressures develop in other Arrogant people Self Pity and maximum subjectivity. Both Self Righteousness and Self Pity, while being antithetical, have one principle in common, they take a person totally away from reality with total disorientation to reality. Elijah said to God in his Self Pity "I alone" and left the area where he was supposed to be to hide and die. This is Arrogance and Self Pity. If one entertains a trend toward Self Pity he may feel he is the only one left, he may feel very sorry for himself and come to the place of being totally divorced from reality resulting in total inability to cope with life. Elijah, as a mature believer who was also a great prophet, came to this place in his life and even he, as a great man, failed because of Arrogance and Self Pity where he made an issue of himself.

The believer must relate Bible Doctrine to his personal situations and personal failures but he is not to become a whiner and [Complainer](#) feeling sorry for himself and he must not focus on Self Pity. Relating to life and friends or enemies with Self Pity is NOT the proper orientation for the believer growing in the Spiritual Life. To the extent that one spends time in Self Pity, to that extent, Satan succeeds in his tactical victory and the believer fails in his. Self Pity lines up with Satan's Modus Vivendi because he is the most Arrogant of all creatures ever created by God and the source of all Arrogance and Self Pity is one of the greatest fields for the function of [Pride](#).

Believers today generally have no respect for anything except themselves and that is a false orientation, a disorientation to reality and deep entanglement in Arrogance. The most miserable life possible on earth belongs to the Believer who rejects the doctrines of the bible. When this occurs and results in involved in Arrogance very often the thing that shows is not the various aspects of the Interlocking System of Arrogance but the results of entanglement in Arrogance which is a Self-Pity that has lost all capacity for life. This is the Self Pity often seen when there is [Inordinate Grief](#) from the loss of a loved one. This Self-Pity is totally divorced from the reality of the Plan of God as well as having total inability, even in a mature believer, to use reverse concentration to apply Bible Doctrine to experience. Therefore, Arrogance under pressure not only results in Self-Pity but also an erroneous evaluation of oneself. Attaining spiritual maturity does not warrant a vacation from the dynamics of the [Faith Rest Drill \(5](#)

stages). For if the believer fails to be consistent in his faith-rest drill functions Arrogance, of one form or another, infiltrates the soul like an opportunist probing for a weakness. And the next thing which occurs is this believer is completely under the control of the Interlocking Systems of Arrogance and his Old Sin Nature thus being a SLAVE to Satan.

### **Self Pity & The Woman**

Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, the source of the woman's inner beauty, is also the source of her drive to keep going when mentally and physically exhausted. Mental and physical exhaustion often results in Self Pity and when this occurs it opens wide the doors into every aspect of Arrogance. Self Pity in the woman, who is a responder, results in her always being inclined, when something is going wrong, to feel sorry for self. This is the inner ugliness of being depressed and full of Self Pity. When this is avoided by the ladies it is an avoidance of Arrogance. When a woman begins to feel sorry for herself she assumes she is the expert on life but not only her life but the life of everyone in her periphery. The woman wallowing in Self Pity, in her Arrogance, becomes bitter, vindictive, implacable, engaging in revenge and will hurt those who hurt her with maligning, judging, and if she is very intelligent she will even develop long range revenge tactics. This woman will be a failure and her dying will be miserable, horrible and disastrous for her.

### **Gate #9 – The Arrogance of Self Righteousness**

Arrogant Self Righteous people are always hypersensitive and one cannot be Arrogantly Self Righteous without having a thin skin and making an issue of self at all times. The believer must never be hypersensitive so that whenever someone says something derogatory to or about him, he never takes it as an insult because that is [Hypersensitivity Arrogance](#). Believers who are hypersensitive are so disoriented to reality that when anything goes wrong in their life they relate it to their personal sins. These are also those believers who think that if they fail the Plan of God fails also. Selfcenteredness causes these people to be preoccupied with their own self importance. As long as everything is going well through their [Logistical Grace](#) provision from God there will be no maligning nor display of hostility toward others. For this type of believer any and every innocent statement has a sinister meaning and is regarded as a conspiracy against them and these believers all have this subjectivity based on their own Self Righteous Arrogance and vanity. This results in no capacity for love and lack of ability to maintain friendships. Under these conditions when disaster strikes a sweet person becomes a raging monster impugning anyone around them as the cause of their suffering.

When such a person is so self willed this can quickly become neurosis or [Psychosis](#) and it starts in childhood and is developed more as life progresses. Even when there exists great ability and talent there is a loss of all the potentialities in life because of this Arrogance. This results from development of [Scar Tissue of the Soul](#) because of consistent rejection of truth but more than that it is the result of deep involvement in the Interlocking System of Arrogance which is where

insensitivity toward others is developed. Self Righteous Arrogant people can only think about self not about anyone else in life.

Very often people who are overtly very nice are filled with Self Righteous Arrogance therefore are totally motivated to help their fellow man, but only to establish their own greatness. Self Righteous Arrogance is Motivational Degeneracy, Motivational Arrogance, derived from the principles of Evil and is the Arrogant pattern of life resulting from consistent resident in Cosmic Dynasphere I. Self righteous people whether believer or unbeliever are always quick to judge others and always hasty to reach false conclusions. God is fair but any time one JUDGES another person he is being UNFAIR. Nice people, kindly, loving, hearts and flowers people who want to help everyone, lose their facade of sweetness and light when confronted by the truth of the Gospel of Christ and Bible Doctrine. THEREFORE, the advancing believer must beware of NICE people. Under the surface of the NICE facade is always found a very active Old Sin Nature with its own personal flaws. These people with their hypersensitivities are just whitewashed Old Sin Natures and the facade peels off very easily under pressure from Bible Doctrine. To avoid Self Righteous Arrogance in self, one must be very careful about judging others because of what they have or what he imagines they have done to him. Self Righteous Arrogance in people causes them to be unable to be accurate in their perceptions and therefore they are never correct in their evaluations of others.

Almost any involvement in the Interlocking System of Arrogance always produces an interlocking with Self Righteous Arrogance which is one of its most commonly discerned manifestations. Self Righteous Arrogance can be considered as Righteous Indignation out of control. This is the attempted super imposition of one's standards on others without their consent and is an interlocking with Crusader and Legalistic Arrogance. This is a conservative reacting against the government's inability to control Crime and the results of the collective Influence of Evil on the population and then taking the law into his own hands for his idea of justice as Revenge or Retaliation. Self Righteous Assumption and Self Righteousness are Arrogant rationalism and the fantasy of comparing one's strengths with someone else's weaknesses. Another absolute principle is that one cannot ever build righteousness on another's unrighteousness. From Paul's Jerusalem Reversionism the believer should learn that rationalism calls forth dormant Arrogance in the life. Paul as a believer in Maturity Adjustment to the Justice of God was free from Arrogance at this time. However, by rationalizing he opened the door for the Arrogance of his former self the Pharisee to come back and he was not even able to ride on the spiritual impetus from his own parishioners but failed as a result of his own Arrogance. The Self Righteous Arrogant person, unable to compete with God, seeks to justify his unrighteousness by contending that it promotes, sponsors or helps the Righteousness of God. However, NO system of Self Righteous Arrogance is acceptable to the Righteousness of God. Asceticism is such a system and is totally unacceptable to God. Therefore, one cannot be thankful for the Righteousness of God as long as he cherishes some illusion of Self Righteousness. He cannot be thankful for the Justice of God until he understands that there is more power in the Justice of God than there is in the Love of God for the believer in The Lord Jesus, The Christ. The believer's relationship with the Justice of God depends entirely on the verbalization of this understanding. It is blasphemous to assume that human unrighteousness

promotes anything from God. The Integrity of God, which is composed of the Love, Righteousness and Justice of God, has always existed from Eternity Past long before there was any pseudo righteousness or unrighteousness in the Human Race. Therefore, the righteousness of man cannot, by any stretch of the imagination, promote the Integrity of God which is ETERNAL and PERFECT. The only way for one to assume this is to be totally entrenched in the Interlocking System of Arrogance, full of [Pride](#) and personal Self Righteousness. Man demonstrates his incredible Arrogance when he tries to read himself into the picture regarding the successful function of the Plan of God and he forgets the perfection and eternity of God. Neither man's Self Righteousness nor his unrighteousness can add anything to or subtract anything from the Righteousness of God as part of the Integrity of God.

When involved in Self Righteous Arrogance the greatest stumbling block is that what is true or not true does not make any difference to a Self Righteous person. "I am Self Righteous don't confuse me with facts" is their motto. A Self Righteous person is not interested in Absolute Truth nor what is true and what is false in any situation but only on superimposing their standards on others. The Self Righteous person has standards and everyone must conform to their standards or be badgered to death. The building up of one's self righteousness based on another's unrighteousness and then maintaining it from involvement in Arrogance rather than functioning under Divine Establishment [Integrity](#) is no substitute for any aspect of the Spiritual Life. Such Self Righteousness feeds Pride, inflates the Ego and gives momentum to every aspect of Arrogance leading, inevitably, to the varied productions from this Evil. Life is very difficult for the person who has been building up his personal Self Righteousness on the immorality and unrighteousness of others, along with distorting the [Laws of Divine Establishment](#). He makes favorable comparisons between his Self Righteousness and the unrighteousness of others, to be informed by that comparison that he is better than the immoral man. However, even though he is impressed with his own righteousness, GOD IS NOT IMPRESSED AT ALL WITH HIM.

People are starving for attention and it takes very little to set them off into a system of Self Righteous Arrogance. Boasting is Self Righteousness so that the production of this Self Righteousness generally is [Human Good](#) motivated by the influence of Evil. Being involved in the Interlocking System of Arrogance is, in and of itself, also blasphemous toward the Integrity of God. The Righteousness of God and man's Self Righteousness are absolutely mutually exclusive. There is no place in any of the Adjustments to the Justice of God for man's Self Righteousness, pleasing personality, self effacement, human effort or any other aspect of human ability or function. In addition to these abuses with regard to making [Salvation Adjustment to the Justice of God](#), [Rebound Adjustment to the Justice of God](#) is also abused in the same manner. In distortion of the rebound procedure, people want to promise God they will never commit their sins again or they go through some system of penance to PAY for their transgressions, or they stand up and confess sins to the world, or various other systems of trying to EARN forgiveness. None of these is efficacious in obtaining forgiveness for one's sins from God. The principle involved in the rebound procedure is that The Lord Jesus the Christ died a Substitutionary Spiritual Death for ALL sins and naming or acknowledging one's sins to God is simply taking responsibility for them and acknowledging the Grace provision of Christ in paying for them.

The axiom is that 'Arrogant people are totally Self Centered and Self Centered people are incapable of having capacity for life'. In fact, giving Arrogant people all the accouterments of life makes them totally miserable. The self centered believer wants to hear the praise of man even more so than the praise of God. God is not in the business of praising man but His desire is to bless man from His justice. However, this cannot occur when there is involvement in the Interlocking System of Arrogance. Thus, Boasting as an Arrogant Expression + Self Righteousness + Human Good Production is a sign of total Maladjustment to the Justice of God and ignorance of the Integrity of God. Ignorance, in and of itself, generally is a disaster and ignorance in the believer regarding the Integrity of God is the intensification of disaster. Self Righteousness directed toward God is the blaspheme of assuming that the Righteousness of God is not 'good' enough. In this case man's Self Righteousness tries to help God while in fact it is totally incapable of even being acceptable to God in any way. One result of sinfulness is one's Self Righteousness seeking to justify his unrighteousness as promoting and glorifying divine righteousness and this is Legalism. Many people even become angry with God for things which happen to them in life because they cannot compete with Him.

The Arrogance of Self Righteousness blinds the unbeliever to the Grace of God. ([2Cor 4:4](#)) Self Righteousness is in effect the attempted superimposition of human standards over divine standards and human plans over the Divine Decree. Therefore entertaining Self Righteousness is an Arrogant blaspheme against the character and Plan of God. It is a self centered negative attitude excluding everything and everyone that does not comply with one's Arrogant ideas. People involved in Self Righteousness never admit they are wrong about anything and always find excuses for their wrong thoughts, words and actions. Everyone in their periphery is always wrong and they always blame others in order to promote their own Self Righteousness. They will always pass the responsibility for their Human Viewpoint thinking derived from evil, their failed decisions or their antagonistic words onto others or they will say they were only joking or making light of a situation. The Self Righteous person believes that he has been so good for so long that God will surely bless him in a special way. The Arrogance of Self Righteousness is also always found accompanying the [Martyrdom Complex](#).

All human beings, as a result of being born with a genetic Old Sin Nature, will inevitably sin personally. However, dishonor has to be cultivated in one's life and it is developed through consistent Negative Volition toward the Absolute Truth of Bible Doctrine, the Divine Institutions or the Laws of Divine Establishment and it is worse than many sins and is actually Self Righteousness. This, as with all Arrogance, is directly connected to the sin of the greatest angelic creature as a result of his Arrogance. Pride is what is behind Self Righteousness and human effort good deed works righteousness and this is dishonor. Honor is the Righteousness of God imputed at salvation by Grace as a result of faith alone in The Lord Jesus, The Christ alone. Human effort works righteousness is acquired by and functions through some system of legalism attempting to produce salvation or spirituality by one's own human efforts or by adherence to some system of morality, etc.

The moral or Self Righteous person was born with the same Old Sin Nature and the same

imputation of Adam's Original Sin as any other person, moral or immoral. The moral Self Righteous man is just as Guilty before God as the immoral one, BASED ON HIS POSSESSION OF THE GENETIC OLD SIN NATURE. The Self Righteous moral man has incredible Arrogance and Pride regarding his achievements expressing itself in Judging, Maligning, and Gossiping about others. This Self Righteous man does not want to deal with the Justice of God and only makes comparisons, favorable to himself, comparing with the immoral man. This allows him to rationalize self into a state of having presumed security as a result of his Arrogance by saying "I am better than these immoral others". This was the daily expression used by the Pharisees in Israel. By making comparable rationalizations of his morality against immorality he comes to the blasphemy of judgment presenting his own Self Righteousness as the basis for setting self up as the judge. He assumes that he is the one who should form opinions about others, this is from pure Arrogance directly derived from Evil. Therefore, Self Righteousness in the Norms and Standards of the Stream of Consciousness of the Soul plus Pride is what makes this person a self appointed judge. Self Righteous people often pick on people perceived as being helpless. These Self Righteous people in the name of doing their duty will, in any way possible, try to destroy others who are not in line with their own Self Righteous Arrogance. Judging others also reflects their degradation down through the stages of [Reversionism](#) especially Legalistic Reversionism. In addition, the Self Righteous type has [Inordinate Ambition](#) which demands the use of personal Arrogance related to his Self Righteous or Legalistic Modus Vivendi.

From the area of weakness of the Old Sin Nature man is tempted to produce Personal Sin while from the area of strength he is tempted to produce Self Righteous Human Good. The Justice of God judges and condemns both sinfulness, which is a manifestation of spiritual death, and Self Righteousness as a manifestation of involvement in the Interlocking System of Arrogance. Furthermore, Self Righteousness is a total lack of [Integrity](#) and is the reason there is no integrity in legalism where instead believers are saturated with Arrogance. Lacking integrity but possessing Arrogance, Self Righteous persons judge each other by the use of Slander, Maligning, Gossip and unfounded criticism all as a result of Evil saturating their soul. The Self Righteous believer regards himself as a favorite of the PARTIAL God, as a result of his conformity to the Evil forms of [Religion](#) which in the case of the Jews was adherence only to the prohibitions of the Mosaic Law. The Mosaic Law is perfect and has great spiritual value within the context of its proper use. However, it also is a vehicle for the Arrogant to pick up a set of false norms to strengthen his Self Righteousness by distorting it. Inwardly the Self Righteous person is sinful, saturated with the influence of Evil, vicious and despises the real manifestation of God in Bible Doctrine, the God of Grace.

Divine judgment inevitably always falls on those who are maladjusted to the Justice of God, many times through gossip and maligning of others. There is no profit to the believer who is saturated with Evil and is maladjusted to the Justice of God and is lacking Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. ([2Pet 2:22](#)) To be the kind of fool described in v22 there must be inordinate [Pride](#) and extensive involvement in the Interlocking System of Arrogance and [Reversionism](#). The Self Righteous unbeliever is one of the most Arrogant persons on this earth and this is only exceeded by the Self Righteous Arrogance of the believer in Reversionism. Self Righteous Arrogance is one of the most awful things with which

a member of the Human Race can be infected and it is a totally contagious condition. In order to not be ostracized, shunned or ill thought of, people will change their thinking, attitudes, language, dress and appearance, in order to be able to join into the Self Righteous Arrogant crowd.

If one is Arrogant and Self Righteous he lives in a world of fantasy and when this world collapses and he does not have the Integrity of God and has not engaged in consistent [Temporal Adjustment to the Justice of God](#) through Perception, Cognition, Incultation & Metabolization of Bible Doctrine as something to fall back on, he WILL collapse and mentally fall to pieces. When dealing with Arrogant Self Righteousness, Maladjustment to the Justice of God and blaspheme toward divine integrity, is never tolerated nor is racial or national Pride acceptable to God when linked in this way. Self Righteous Jews or many Americans in our time who are Maladjusted to the Justice of God are Arrogant in this way. This is the Arrogant American tourist traveling in Europe or Asia today. This is the melanoderm in this nation thinking that only “black lives matter”.

Arrogance is cognizant of personal Self Righteousness but ignorant of the imputation of the Righteousness of God as basis for His justification of the believer. Arrogance is very often strongly aware in all situations but this is subjective awareness and results in the Arrogant one being only aware of their own personal attributes and situation. This selfcenteredness is always sponsored by Arrogance where everything is related only to self and therefore is the worst part of human subjectivity. Arrogant people, therefore, have great areas of awareness with regard to self and they respond to this awareness in a way which appears to be objective but is in reality simply subjectivity building pseudo objectivity. This is why Arrogant people have no capacity for life because their entire life is selfcenteredness based on Arrogance. Distraction of the believer from consistent intake of Bible Doctrine results in selfcenteredness and when these people face strong adversity selfcenteredness is converted to [Self Pity](#) and this demonstrates their lack of capacity for life. However, as soon as the pressure is relieved their Self Righteousness is back again. It is amazing how fast an irrational person can make the transition from Self Pity to Self Righteousness and how fast they can return to Self Pity. One of the worst situations in life is to enter into category II or III relationships in which the individuals one is involved with are full of Arrogance. This type of relationship results in one doing all the giving and receiving nothing. Many individuals will build up a system of Self Righteousness and are very aware when people admire their Self Righteousness and how they adhere to systems of morality or some other system of legalism. Being very cognizant of admiration, when it is not forthcoming, they tend toward asceticism using this to attract the attention they desire.

Self Righteousness can be ecclesiastical, political, or social. Political Self Righteousness is seen in situations such as Watergate, or systems such as Socialism, Encroaching Environmentalism related to business, etc. Social Self Righteous people are the worst to be around and they totally lack a sense of humor. The relationship between God and man is distorted and destroyed by the presence of any Arrogance including Self Righteousness in man regardless of its source. Believers are not exempt from this and some of the worst cases of Arrogant Self

Righteousness belong to believers. [Humility](#) developed in man orients him to the Righteousness of God while the Arrogance of man orients him to his own Self Righteousness. Expressing Faith alone in Christ is the only true act of humility for the unbeliever to combat Self Righteous Arrogance. Self Righteousness can be so self centered and so Arrogant as to reject the Righteousness of God offered to man through simple faith in the Substitutionary Spiritual Death of The Lord Jesus, The Christ for All of man's failures as sin.

### **[Self Righteous Arrogance and Power](#)**

Self Righteous Arrogance has more power than [Criminal Arrogance](#) and the Self Righteous person in a Local Church, business, social group or profession always has more power and causes more disruption than the criminal does in criminal arrogance. Self Righteous Arrogance is morality without virtue thus the importance of the priority of Virtue First in the Plan of God. Morality minus virtue leads to Self Righteous Arrogance and is the path which leads to the Organized Systematic Evil of Religion and Legalism very often the means by which dictators rise to power.

Self Righteous Arrogance is one of the greatest manifestations of personal inadequacy thus is one of the greatest manifestations of Arrogance. Self Righteous Arrogance divorces the believer from reality and this often results in Self Righteousness under prosperity and in good times but becoming psychotic in the future when things turn bad and the believer switches to Self Pity Arrogance and cannot handle the bad times. Therefore, the believer involved in Cosmic Dynasphere I, the Interlocking System of Arrogance, where he is preoccupied with self, will look into himself until he finds something which pleases him and this will cause his Self Righteous Arrogance to rise up and crusade for changes which complement what pleases him in Self Righteousness. The Self Righteous individual reacts to any situation or condition which they think is unjust or unfair and although there is always some area in which they themselves have failed, these are ignored because, as an Arrogant person, they are ignoring reality. This is what pushes the Self Righteous believer into [Crusader Arrogance](#).

This is the function of Self Righteous Arrogance in opposition to the Grace Policy of God where the standards of God for Maturity Adjustment to the Justice of God and being a winner believer by executing the Plan of God are all set aside because of [Locked in Rejection](#) of his Plan. The Self Righteousness of this individual then devises his own system that involves spiritual achievement coming through some system of Human Effort Works. Therefore, Self Righteous Arrogance entangled with Blind Arrogance sets aside the priority in the Plan of God of Virtue First, developed in the Authority Envelope and Integrity Envelope of the Divine Dynasphere. In addition the whole concept of the importance of THOUGHT in the system of God is set aside and this believer will now become a great WORKER to help God and thus a wonderful person. This person becomes so divorced from reality that he becomes irrational and the inevitable malfunction of his Self Righteousness will eventually cause him to do something which will totally SHOCK himself. When this occurs, because he lacks Bible Doctrine and thus cannot use the Rebound Procedure to recover into the System of God, he therefore, cannot come back to Bible Doctrine. Thus he begins to rationalize the fragments of the arrogance grenade permeating his life, in a weak attempt to try to heal himself which only pushes him further

away from REALITY. Eventually some emotional experience will put this believer back up on his self created Self Righteous pedestal claiming the Plan of God succeeds or fails on the basis of what he does.

The reality is that a Self Righteous believer can be moral and also be right or wrong, so that whether one is truly right or wrong while being moral is only determined by whether he is functioning under the principles of the Cosmic Dynaspheres or the Divine Dynasphere. Morality in the Divine Dynasphere is Virtue Morality while Morality in the Cosmic Dynasphere is Arrogant or Evil Morality. Therefore, Self Righteous Arrogance is Motivational Arrogance or Motivational Degeneracy derived from the principles of Evil. In their Arrogant Morality these believers react to the failure of other believers whose sins are more overt and less sophisticated than theirs. They consider that these other believer may have believed in The Lord Jesus, The Christ but are not truly Christian because they:

- ▲ Did not make a commitment
- ▲ Did not enter into Lordship
- ▲ Were not baptized
- ▲ Have committed a shocking sin
- ▲ or some other overt expression or function.

In fact in the early precanon Church Age those who were not circumcised were often not considered believers, Christians. This is an entire system of compounding the mechanics of Salvation Adjustment to the Justice of God with all sorts of heresies by trying to ADD human efforts to Salvation which in fact nullifies it.

### **Self Righteous Arrogance related to Impulsive Arrogance**

The Interlocking System of Arrogance relates Impulsive Arrogance to Self Righteous Reactions. Self Righteous Reactions are a part of Self Righteousness in prosperity under Negative Volition but are also a manifestation of Arrogance where the believer has been awarded a great deal of power and authority. Self Righteousness is always in opposition to Grace. It is most likely that Saul of Tarsus, who was saved on the Damascus road, did not have any friends, having broken all personal barriers as a result of his Self Righteousness. Self Righteous people are not at all popular and do not attract friends and in fact they are repulsive to most normal people. The level of Self Righteousness in Saul of Tarsus is one of the things which made him the worst sinner in history. To have righteousness in the sense of having strong integrity and honor is wonderful but to have Self Righteousness from pseudo integrity and dishonor is terrible and the only thing worse is flaunting it. Self Righteousness interlocking with other categories of Arrogance can only be classified as indefatigably insufferable. Self Righteous Arrogance, therefore, is a Self Righteous reaction or a righteous indignation OUT OF CONTROL illustrated by:

A Conservative who reacts to the failure of the liberal government to control production from Evil or Crime and takes the law into his own hands. Taking the law into one's own hands is the Self Righteous reaction. This is what Elijah did in ordering the execution of the 450 prophets of Baal on Mt Carmel. (1Kings 18:40)

Today this is the righteous indignation of the law abiding citizen who is very moral and self righteous and has Laws of Divine Establishment norms and standards in his soul and with these + Arrogance reacts to the unfair system of income tax and therefore cheats on his income tax putting himself into Self Righteous Reaction. This is also the same flaw seen in the one who decides to NOT pay their taxes. This person does not understand “Render unto Caesar that which is Caesar’s”. ([Matt 22:21](#))

Contradiction of the Righteousness of God comes from Self Righteous Arrogance in the Believer, and this is the Arrogance of the [Activist](#) in “helping” God with his universal condemnation of others. When the person in command, the one who has the authority in a group or organization, has one ounce of Arrogance it can very easily be fanned into GREAT Arrogance and then manifests itself in Self Righteousness. A leader cannot ever have personal feelings about those under his command else it will manifest in the Arrogance of Self Righteousness. America is a nation of Self Righteous, Arrogant, prissy people focused on pseudo personal love while in fact the people today have no idea what love is really about. Liberalism emphasizes pseudo personal LOVE while conservatism emphasizes [INTEGRITY](#) which it acquires from following the Laws of Divine Establishment, the Divine Institutions and Bible Doctrine. The United States of America is composed generally of liberals who want to love everyone and help minorities and stick their noses into everyone else’s business but reject the integrity fostered by the Laws of Divine Establishment and the Divine Institutions.

### **Self Righteous Arrogance related to National Arrogance**

The Self Righteousness of both unbeliever and believer is the ultimate cause of national disaster in history. Today, in the United States of America, Americans have lost patriotic Pride and have been developing, from the time of Franklin Roosevelt, a [National Arrogance](#). This national Arrogance is clearly seen in the scum of society, whom are socially tolerated and supported by the government, and also in the regulatory bureaucracies of government, which constantly try to tell big business how to run itself and as a result have been destroying American free enterprise for many decades. In addition to these dregs of society there is labor controlled by criminal unions trying to run business and demanding wages, work conditions and security greatly beyond what they are worth.

National Arrogance truly began with the BLACKMAIL of the individual states by the Federal Government at the time of the 2<sup>nd</sup> War for Independence, the War between the States. The 55 mph maximum highway speed limits of the recent past or the judicial system requiring minorities as labor to complete construction of any government project contract IS blackmail of the states by the Federal Government. This starts with [EGOTISM](#) in the people based on personal and pious Self Righteousness and [Guilt](#) which arises from total misinterpretation of American history. This had been clearly revealed by the speeches of Jimmy Carter. American history has, since the formation and signing of the Declaration of Independence and Constitution, always been distrust of Central or Federal government and the constitution was written specifically with that in mind. All authority in this constitutional governmental system was written into the sovereign states and the federal government was to be the servant of the people and not the Tyrannical Blackmailer of the people. When this blackmail occurred it was

and still is as a result of federal funds offered or being withheld from states for considerations which the federal government wants implemented. These FUNDS are in fact taxpayer monies NOT FEDERAL MONIES. Communism in Russia, China, and other areas of the world along with moslems throughout the world even today continue to blackmail the United States of America into extreme weakness and many, many millions of people in the world have been enslaved as a result of America's capitulation. Many peoples and nations are learning from and practicing the blackmail principles found in the government of the United States of America and America has led people into a period of history where there is NO honor and NO integrity among people nor nations and only a saturation of [Reversionism](#). All this continued blackmail by the Federal Government would be impossible except for the fact that every person in the government today, the judges, the senate and congress, the president, and above all those in the bureaucracies, are all functioning within the Interlocking System of Arrogance. Every person in the government thinks that in their realm they are GOD. They think they speak as the voice of God. The only other time in history when this level of Self Righteous Arrogance has existed in any nation was in the few generations before the fall of the Roman Empire. The people of the United States of America have come to think of themselves in terms of spiritual narcissism. This has occurred as a result of the influence of [Religion](#) from the national council of churches and liberalism, where every liberal thinks he has the absolute panacea solution for the problems of the human condition. Therefore, every principle of freedom, privacy and free enterprise has been set aside. Labor is constantly blackmailing the federal government and the federal government is blackmailing the states and the states blackmail various groups within their jurisdiction and as a result there is a [Criminal Arrogance](#) started by the Self Righteousness in the people. It includes the Arrogance of the liberal in thinking that shutting down a business and destroying free enterprise is somehow related to solving a problem as one or more of his pet panaceas and that this is right and good and God certainly approves. The news media is also in the blackmailing business and thinking they have the power of God they ignore news and do not present truth and facts but present their own distortions rather than actually fulfilling the responsibility of the 4th estate and telling it like it is and letting the people decide what to do about it. This also applies to individual men and women who think they are the ultimate gift to the opposite sex. At every level of society there is such a saturation of Self Righteous Arrogance that it is almost beyond belief and today, in the early 21<sup>st</sup> century, America is in the midst of the disasters perceived and outlined in the biblical studies presented in the 1970-80 period by R. B. Thieme Jr. Everywhere and in every venue fundamental Christians, Politicians, EVERYONE, including and especially young people, are totally Arrogant.

The United States of America as a client nation to God in this early 21<sup>st</sup> century is facing the imminent disaster of the [5th cycle of Divine Discipline](#) in part as a result of the saturation of Self Righteous Arrogance in the people. There has been a false confidence from the 1960s to the present as to the place in history and the indestructibility of the United States. Under proper governmental function, based on adherence to the Laws of Divine Establishment and Divine Institutions, people are to have protection of the rights to life, volitional choice, privacy and property and be able to follow their own direction and desires in freedom. People are not by any stretch of the imagination born [EQUAL](#) nor are they equal in any aspect of life. The

American constitution is designed to guarantee protection of the divinely given freedom and rights and government legislation is not designed to, and in fact cannot, solve any of the problems of human living. The true purpose of government is to protect individuals and businesses or groups from infringements on FREEDOM which is what crime is. Legislation is supposed to guarantee one's freedom to function in any way desired as long as it does not interfere with another's freedom to do the same. Prior to the beginning of World War II the United States did not choose to help the nation of Hungary when it begged for help to prevent communism taking over. Now from the 1970's to the present America continually interferes with other nations without any request at all. The government has interfered with big business such as General Motors and the major Oil Companies to the point of taking over the industry totally in some cases or regulating them into failure. America is saturated with Self Righteous Arrogance and this is a liberal function which is clearly leading to national destruction. The total absolute Arrogance in the American people has caused the government to give to Russia, China and Middle Eastern moslem countries food and technical help in building vehicles and developing industry for THEIR prosperity. Americans have persisted in this Arrogance from the mid 1900's to the present and will be destroyed as a result of it. It is an incontestable fact that when people become Arrogant they become blind to reality. The average citizen in the United States of America thinks that as a nation America is God's gift to the world. The reality is that America cannot even begin to handle her own affairs but still, in her Self Righteous Arrogance, tells other nations how to handle theirs so that the world can be changed. Americans have learned from the communists how to blackmail smaller nations and extort them to the point of controlling them and the small nations have learned this from America and use it to control the United States.

When believers enter Reversionism in large numbers this results in the status quo of Collective APOSTASY in the nation. As a result then Self Righteous Arrogance prevails as part of Evil and when it occurs in the client nation to God, the client nation is ruined. Negative Volition toward Bible Doctrine also destroys the client nation and believers in the United States of America have become totally Arrogant and Self Righteous and are on the verge of self destruction as a result of all of this. Any time liberalism, in its broad ramifications, is entertained and followed by the citizens of a nation, the people are saturated with Self Righteous Arrogance and they and their government assume they can fill the role of God. ([Hos 4:1-6](#)) The survival of any [Client Nation](#) to God is totally based on the attitude of the people toward Bible Doctrine. There is a difference between being authorized as a priesthood for spiritual things in a nation and the authorization of a nation as God's priest or client nation to protect and disseminate his doctrines, and the latter has been the Status Quo of the United States of America since its birth. Unfortunately, the United States is and continues to be FAILING in its responsibility to God.

All forms of Arrogance will always display to some degree some selfcenteredness and subjectivity. The Arrogant person will take things as personal affronts which are not personal and may hear a bible message and think the Pastor Teacher is talking about him personally. This is subjectivity and incredible Arrogance and is the manifestation of one who is locked into the Interlocking System of Arrogance, thinking he is the most important thing for God in this

world. His whole life is based around being with or finding those who recognize him as the most important person in the world and those who do not are his enemies. This is the relationship between Criminal Arrogance and [Psychopathic Arrogance](#). All insane people are subjectively self centered and totally insensitive about other people. You can determine your own normalcy vs insanity by evaluating your concern for others. This type of Arrogance under pressure can result in committing crimes, going insane, becoming part of a conspiracy, revolting against some authority, being a poor or monstrous lover and trying to always prove something to others. Insane altruism as a part of Self Righteous Arrogance is [Human Good](#) production carried to the maximum and these are abnormal people having their Human Good expanded as a result of gross influence from Evil thereby engaging them in the production of crime. This altruism is the idea of wanting the government to provide food, shelter, clothing and other accouterments for the scum or RIF RAF in society. There are no true racial issues in the United States of America and insane altruistic people must always create a problem related to race and then solve it through their own Arrogance. By doing this they compound the problems of the nation and today this is demonstrated by the overt racism among the people promoted in the media and press. This type likes to find some down trodden or seemingly abused group, including criminals, homosexuals, Hispanics, blacks and especially today Illegal Immigrants and do something big for them saying that they should have special rights. This has resulted in the hamstringing of the courts with the proclaimed of rights to criminals. Think back to the principle of criminality, it is an INDIVIDUAL using his own volition to set himself outside of the RULES, the LAWS of society. So what are his rights? America used to have a few innocents who were unfortunately tried and convicted for crimes they had not committed but today thousands and thousands who are Guilty are released with only short liberal sentences and in effect no real punishment for their voluntary actions in crime. This is where the vast majority of crime in the nation comes from. This is the result of leniency of the judicial system toward criminals and the cause of ILLEGAL aliens non-citizens freely committing crimes and being allowed into every aspect and position in this country. This is the function of OSHA, EPA, BATFE, HEW, IRS and many other departments and bureaucracies in the government. This is even much of the legitimate government trying to make rules or laws to correct difficulties in society, including the judges in courts INTERPRETING constitutional law instead of simply enforcing it. This is the saving of society from pollutants by closing “bad” industries demonstrated by the closing of the last LEAD smelter in the United States of America because of the dangers of lead poisoning and this is INSANE Altruism. This is the closing of nuclear plants to protect the environment from radiation resulting from POTENTIAL melt downs. This is Obama preventing the keystone pipeline from going through the United States of America to protect the environment. One of the worst things about the Interlocking System of Arrogance is that it keeps the believer from recognizing his own failures and then using the [Rebound Procedure](#) to recover. As a result of taking too much time between rebound functions life becomes truly complicated and when this status is universal in the client nation, national disaster inevitably results.

### **Self Righteous Arrogance related to Salvation**

One of the most common systems of establishing personal Self Righteousness is to say NO to the gospel of The Lord Jesus, The Christ. This is rejection of the Substitutionary Spiritual

Death of Christ on the cross providing the potential for [Salvation Adjustment to the Justice of God](#). When a person says no to this he MUST link his Self Righteousness with some other system to justify his existence. Man inevitably does this through [Morality](#) or [Legalism](#) and the Jew naturally does this by trying to keep the Mosaic Law. In the United States of America people are loving the unlovely and trying to be nice to the down trodden and they try to appease blacks, Hispanics, illegals and moslems and any of the less fortunate in the world in general. America is and has been for a long time on a mad jag of Human Good Production and this is the Arrogance of seeking to establish personal collective Self Righteousness. Unfortunately the recognition of and function under the imputed Righteousness of God received at the point of Salvation Adjustment to the Justice of God can only be established for the believer by his daily Perception, Cognition, Incultation & Metabolization of Bible Doctrine, which is generally rejected today. In contrast, human Self Righteousness, being Motivational Arrogance, seeks and establishes systems of morality or spirituality by personal good deeds or adherence to taboos and both legitimate or illegitimate human effort works.

No one, including the Jew can possess the Righteousness of God without faith alone in Substitutionary Spiritual Death of The Lord Jesus, The Christ alone. For either Jew or gentile to try to substitute Self Righteousness through keeping the law or some other legalistic system, for the imputation of the Righteousness of God becomes the quintessence of blasphemy and [Blind Arrogance](#) by which they entangle themselves deeply in the Interlocking System of Arrogance. There is a historical trend of Jewish rejection of The Lord Jesus, The Christ in this Church Age dispensation where the majority of Jews will reject Christ as Messiah, Savior. These unbeliever Jews follow the pattern of the [Big Blot Out](#) and will have no participation in the covenant blessings from God for Israel. They understand but reject the gospel which results in [Reversionism](#) with maximum Scar Tissue of the Soul, and in their rejection they often move into the Interlocking System of Antagonistic Emotional Hatred and become totally antagonistic toward Christianity. This is not unusual in the United States of America in the Church Age and generally Jewish Christians are not tolerated and their families very often regard them as dead.

The Jews continue to ignore the Righteousness of God provided through Salvation Adjustment to the Justice of God by faith alone in Christ and continually try to gain salvation by MORALITY. Morality is not the Christian Way of Life, however, it is included in the Christian Way of Life along with God the Holy Spirit using the Protocol Plan of God to create [Virtue](#) in the believer. As far as Righteousness is concerned Christ is the termination of any system of human Self Righteousness since faith in Christ results in the imputation of the Righteousness of God as a result of [Salvation Adjustment to the Justice of God](#). 2 of the [40 assets](#) given us at Salvation by God include the imputed Absolute Righteousness of God the Father and sharing the Absolute Righteousness of Christ as a result of the [Baptism of God the Holy Spirit](#) placing us into positional union with Christ. Obviously no system of Human Self Righteousness can compete with the Absolute Righteousness of God. In a nutshell, Law Observance righteousness is no substitute for Faith righteousness. ([Gal 2:16](#))

Obviously then, God is not impressed with any human Self Righteousness ([Is 64:6](#)) and here Isaiah explains that human Self Righteousness in any form is like Filthy Menstrual Rags in

God's sight. God is impressed ONLY with the Substitutionary Spiritual Death of The Lord Jesus, The Christ on the cross under the principle of Propitiation. God, being satisfied with the Substitutionary Spiritual Death of Christ, therefore, imputes his own Absolute Righteousness to anyone who expresses faith alone in The Lord Jesus, The Christ alone. Faith in Christ is the end of Self Righteousness because human Self Righteousness cannot improve on the perfect imputed Absolute Righteousness of God for man. After Salvation Adjustment to the Justice of God only God the Holy Spirit controlling the life of the believer can produce the Virtue Righteousness of the Protocol Plan of God. (Gal 5:18, Eph 5:16) Therefore, the absolute dogmatic principle is that the imputation of Absolute Righteousness at the instant of making Salvation Adjustment to the Justice of God through faith alone in Christ alone replaces any system of human Self Righteousness or pseudo spirituality or any Arrogance from legalism. The perfection of the Plan of God is clearly demonstrated by the FACT that there is nothing which man can do to gain salvation and nothing man can do to LOSE it. No sin can ever nullify Salvation Adjustment to the Justice of God and it is BLIND Arrogance to assume any sin can cancel salvation. Sin, the Apostasy of Reversionism, the Degeneracy of Arrogance, the Antagonism of Emotionalism, Human Effort Good Deeds all from Evil cannot, even all together, cancel the Salvation Adjustment to the Justice of God of any believer. In addition no individual can establish 2 conflicting system of righteousness in his life and he will either accept his own Self Righteousness or the Righteousness of God in Christ. For the unbeliever the conflict is between Salvation by human effort good deed works or salvation by Grace through Faith in Christ. After Salvation Adjustment to the Justice of God the conflict for the believer is between legalistic pseudo spirituality by Self Righteous Human Good works or true Spirituality by Grace.

Saving Grace == instantaneous Adjustment to the Justice of God through faith alone in the Substitutionary Spiritual Death of The Lord Jesus, The Christ alone. People always want or need to take the doctrine of the gospel and add feelings, actions or doing something such as repentance or penance in order to believe they have EARNED their place in God's plan and thus DESERVE it. This is true Arrogance in this person and Arrogance wants to make a process out of salvation and share a part of the action and part of the credit and recognition, but this salvation GIFT is given to man by the Grace policy of the Grace Plan of God. The plan and policy of Grace from God is in actuality everything that the believer can receive from God which he CANNOT EARN and DOES NOT DESERVE. Arrogance always takes something which is right and perfect and, by adding to it, destroys it, resulting in, in the case of the gospel, NO SALVATION. There is and can be no credit for anyone in Salvation Adjustment to the Justice of God so that when one tries to gain credit for his efforts in salvation he fails in this Adjustment to the Justice of God.

The Arrogant Self Righteous Pastor Teacher's delusion is seen in the Arrogant emphasis on superficialities such as rituals or taboos and when they approach the bible with Arrogance instead of humility or with Self Righteousness instead of objectivity they can only scrape superficialities off of it. The primary purpose of the Mosaic Law is **condemnation** but the Legalistic pastor teacher, in Arrogance, turns this into **commendation**. The Mosaic Law reveals how to Adjust to the Justice of God but the legalistic Self Righteous believer rejects this means

and the gospel and bible doctrine, distorting the law and its content into a system of Self Righteous Arrogance totally derived from the principles of Evil. It is, therefore, obviously possible to take something true, good and wonderful and distort it under Evil resulting in Self Righteous Arrogance in the Stream of Consciousness of the Soul. All Self Righteous Arrogant people emphasize what they can do while minimizing what they fail to be able to do. The primary key to witnessing to the Self Righteous person is to first get him to stop judging others and start judging himself. The Self Righteous unbeliever will emphasize overt sins in which he does not participate such as stealing, fornication and idolatry, to the almost complete exclusion of other categories of and commandments dealing with sin. The emphatic inconsistency of Self Righteousness also misinterprets reality, and while being blind to their own sins they are acutely alert to the sins of others. The ironic thing about this Legalism is that these unbelievers, and often believers, emphasize keeping the law and being overtly moral but totally fail to do so themselves. ([Rom 2:22-24](#))

When a person rejects God at God Consciousness or The Lord Jesus, The Christ at gospel hearing it results in a vacuum created in the Stream of Consciousness of the Soul which needs information and therefore sucks in all forms of the principles of Evil and the false doctrines from Satan's Cosmic Dynaspheres. The fact is that after consistent rejection of [Absolute Truth](#) the individual is then only capable of believing the Lie of false doctrine and Evil. This same thing occurs in the believer who develops a system like the unbeliever of Self Righteousness which can in no possible way compare to the Absolute Righteousness of God. This is the reason that both believers and unbelievers think their [Personal Opinion](#) has any true value and is so very important. This is why Americans think that [Public Opinion](#), especially today, is so important and that everyone needs to know what the man on the street thinks. There NEVER was a nation in Human History which depended for blessing, prosperity and greatness on what the man on the street thinks. The “Man on the Street” is the sum total of idiocy and Arrogance and it should NEVER EVER be what the man on the street thinks but only what responsible people think and especially what believers with Maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul think about any situation. The only truly important thing in life is what the word of God says about any situation or circumstance since this is the Thinking of Christ. ([1Cor 2:16](#)) Self Righteousness is as Motivational Arrogance is blind to Absolute Truth. As a result, in the individual, Self Righteous Arrogance decides what is right and what is wrong and totally rejects all [Authority](#) outside of oneself. Theology and Bible Doctrine are systematic, logical, rational and categorical and everything of Bible Doctrine should fall into its proper place. When these principles are in place in one's Stream of Consciousness of the Soul as a mature believer, having shed all Self Righteousness, then he is functioning in the Protocol Plan of God. As the believer grows up in the Spiritual Life he becomes more and more particular about what he will believe or accept from life and from the Opinions of others. When believers advance in the Spiritual Life to [Maturity Adjustment to the Justice of God](#) or beyond, they are extreme in their thinking and particularly exclusive in their associations. If one comes to the bible with Arrogance he goes away thinking about how good he is but if he comes to the bible with [Humility](#) he goes away understanding how great God is. Arrogance always distorts concepts and principles from Bible Doctrine into Self Righteousness and this backed up by gross entanglement in other aspects of the Interlocking System of

Arrogance is the most devastating thing in the Spiritual Life.

Rejection of The Lord Jesus, The Christ often results in the unbeliever using some human effort system as an instrument of Self Righteousness and an expression of human Arrogance for pseudo salvation or pseudo spirituality. The greatest problems in life and the greatest sins in life are related to and associated with Arrogance and are often hidden and not obvious to the one using them. Arrogance keeps more people out of heaven than anything else in the life of man. This is true especially where Self Righteousness becomes the basis for engaging in some pseudo system of Salvation Adjustment to the Justice of God. The assumption that God will save a person because he is good, sweet, kind and helpful to the helpless is part of a phenomenal system of Arrogance related to Human Good production motivated by principles of Evil.

Therefore, Arrogance approves of human effort works performed by oneself and rejects the work of God called Grace, the Substitutionary Spiritual Death of Christ for ALL sin. Arrogance helps create the vacuum of the soul which sucks in every false doctrine and principle of Evil, accepting false as true and making true, false. It is inevitable that rejection of the Righteousness of God imputed to the new believer as a result of his faith alone in The Lord Jesus, The Christ alone will be replaced with Arrogant Self Righteousness. Rejection of Christ as savior always leads to the establishing of some form of Self Righteousness and this is historically simple for the Jews who consistently engage in distortions of the Mosaic Law. The continuous attempt to establish personal Self Righteousness is constant today from both Jews and Gentiles and especially “religious” individuals under Negative Volition toward Bible Doctrine. This also applies to believers under Negative Volition toward Bible Doctrine who want to establish their own Self Righteousness from involvement in some system of legalism. Every believer who fails in the Christian Way of Life fails because he seeks to establish his own Self Righteousness and make an issue out of his own life and this is involvement in the Interlocking System of Arrogance. Every believer fails in a myriad of various ways in life and they also have a pet area of ‘holiness’ which they consider successes and when they allow these to become the overriding issue in their life they thereby seek to establish their own righteousness through it. This is the greatest blasphemy a believer can engage in, seeking to establish personal Self Righteousness in this life while already possessing the Absolute Righteousness from God. This is the case with believers who are totally disinterested in Bible Doctrine and totally satisfied with their own lives and have, as a result, established their own Self Righteousness. They live a LIE from involvement under Evil and a blasphemy from every breath they take and every moment they live. This includes any believers involved in the “tongues movement”, the emotional Christians, all who are suffering from the worst kind of Arrogance, that of establishing their own Self Righteousness. Believers who choose to live ascetically have every right to do so but when they advertise it and thus seek approbation as a result of living this way and use it to establish their own Self Righteousness they have failed miserably in the Spiritual Life. When they decide that they are God’s gift to the world and have found the secret to Christian living and then seek to superimpose this system on others either subtly or sometimes obviously through the bullying of [Legalism](#) or [Crusaderism](#), this becomes a simple system of Self Righteous Arrogance.

**Justification** of the new believer is a demonstration of the magnificence of the function of the Integrity of God at the point of the unbeliever making Salvation Adjustment to the Justice of God. It was necessary to provide for man a receptacle for blessing from the Justice of God since man with his genetic Old Sin Nature does not qualify for any contact with God. The foundation of the believer's ability to receive blessing from God is justification which results from the judicial imputation of the Righteousness of God to each new believer at Salvation. Justification eliminates any need for or the purpose for human Arrogance. Boasting is an expression of Self Righteous Arrogance where a system of Self Righteousness, human works or having a pleasing personality, has attempted to intrude the efforts of man into the Plan of God. After receiving the Righteousness of God at Salvation Adjustment to the Justice of God many believers immediately become involved in a system of righteousness which is blasphemous to God. These systems are with the believer developing the illusion that God is impressed with what they think, say or do and this is very often because people around them are impressed with these things. These systems include **Human Good** efforts or works, Legalism, asceticism, tithing, overt or competitive witnessing, speaking gibberish as pseudo tongues, etc. God is only impressed with his own Divine Essence particularly his Absolute Righteousness and Absolute Justice. The real question is who does this believer think he is when he tries to set up a system which competes with the process of the imputation of the Absolute Righteousness of God to him at Salvation Adjustment to the Justice of God.

The only believers who glorify God in time and eternity are those who receive the imputation of blessing in time and who also will receive it in eternity. One can work oneself to death in life doing legitimate or illegitimate things, assuming or proclaiming that they are for God. However, these make no difference whatsoever to God and this one does not glorify God in any way by what he does BUT he is enhancing his Arrogant Self Righteousness and helping to improve the **Devil's World**. The reality of the Christian Way of Life is that God does not give a RATS ASS what the believer does EXCEPT in 2 areas. God expects and demands consistent use of the Rebound Procedure and consistent Post Salvation Epistemological Rehabilitation from Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. Arrogance is the origin of **Inflexibility**, Self Righteousness, **Cowardice** and **Pseudo Intellectuality**. Neglect of Bible Doctrine as a result of Self Righteous Arrogance results in cowardice and this results in this person being dead while alive.

At Salvation Adjustment to the Justice of God the new believer receives **39 Irrevocable Assets** including the Righteousness of God and as a result of this he, in effect, renounces any system of Self Righteousness and any motivation from Arrogance for Self Righteousness. Unfortunately, most believers, immediately after Salvation Adjustment to the Justice of God, become involved in some system of morality or doing good deeds and return to their Self Righteousness. They therefore, switch directly into Arrogance and thereby build up their own Self Righteousness ending by moving consistently down through the stages of **Reversionism** and ultimately leaving this life NOT glorifying God but under the extreme Divine Discipline of the **Sin Unto Death**. This is total inconsistency in the potential set up for the Christian Way of Life and why the book of Romans must be understood as quickly as possible after Salvation Adjustment to the

Justice of God. The cause for this is most likely what errors occur during evangelism or witnessing. Here, the one presenting the gospel of The Lord Jesus, The Christ erroneously brings into the picture sin, morality and other inconsequential things such as giving, doing good, loving the brethren, etc. Thereby totally distorting or obscuring the case for salvation. Self Righteousness includes any form of good deed or human effort righteousness for salvation and any form of good deed or human effort works for spirituality and is a major part of Motivational Arrogance. Self Righteousness is Motivational Arrogance and [Negative Volition](#) is the momentum for Self Righteousness resulting in a disorientation to reality as the result of this Self Righteousness. This is true for both false systems which function in the Christian Way of Life where both pseudo salvation and pseudo spirituality occur as a result of the good deeds or human effort works of the individual. Arrogance says it is what “I” do which counts for salvation and spirituality and thus Grace as the policy of God is totally rejected. The superficial and Legalistic Jew invents his own pivot for the Plan of God and tries to make the Plan of God move around his own Arrogance rather than seeing that the Plan of God moves ONLY around the Integrity of God. No one can substitute Self Righteousness for the Righteousness of God and even gentiles saved in the Old Testament Scripture times did not seek salvation based on their own Self Righteousness and did not try to be saved by pursuing their own Self Righteousness.

The many categories of Salvation by works all originate from human Arrogance and ignorance of Bible Doctrine. The Jews have the Mosaic Law and it's works, in the form of rituals, are often used today for salvation by both Jews and Gentiles. In addition there are psychological, verbal, corporate, religious, behavioral and emotional works to name but a few current systems. Self Righteous Arrogance is one of the greatest disasters in the history of the Church Age and it is basically boasting with regard to one's own accomplishments which is blasphemy against the Integrity of God. No human by thinking or planning can ever come up with anything which will rival the function of the Integrity of God directed toward man. Consider that Man at BIRTH is DEAD to God, cannot approach God, just like physically dead people cannot approach living people, yet GOD in his perfection and through his integrity found a way for man to regain relationship with him without compromise to His perfect character. Divine Good and Human Good are, therefore, mutually exclusive and the Work of God in Grace eliminates any system of human works and legalism under EVIL. Human Good or man's efforts to solve man's problems must always have a link and since it is not linked to the Integrity of God it must be linked to man through Satan's policy of Evil. Human Good based on Evil is linked to man through his Arrogance and as a result is the means of expressing Self Righteousness in boasting. Man is stimulated into pseudo happiness by boasting of his production but his Human Good is never acceptable to God whether it is legitimate Human Good based on the Laws of Divine Establishment and Divine Institutions or illegitimate Human Good based on Evil. ([Eph 2:9](#))

The Mosaic Law rituals like any other ritual system, when used as an instrument for Adjustment to the Justice of God produces Arrogance motivating a system of Self Righteousness. There is no place in Salvation Adjustment to the Justice of God for man's Self Righteousness or his human efforts or works righteousness from any source including the Mosaic Law. There is no place in the [Rebound Procedure](#) nor in the means of reaching [Maturity Adjustment to the](#)

Justice of God for mans Self Righteousness nor his works righteousness. Self Righteousness directed toward God is the blasphemous function of legalism presupposing that the imputation of God's Absolute Righteousness at Salvation Adjustment to the Justice of God ***was not sufficient*** and man must add his efforts and works righteousness in order to achieve and deserve salvation. Legalism is man trying to help God whereas God does not need help and everything that is necessary for salvation depends on God never on any human participation.

Man in his Arrogance, being ignorant of the Righteousness of God and Justice of God, has as his only alternative Divine Discipline. Self Righteousness is totally excluded from any phase of the Plan of God. Self Righteousness brings cursing from the Justice of God in the form of Divine Discipline while the imputed Righteousness of God is the recipient of all blessing from the Justice of God. Distortions of the Mosaic Law produce a Self Righteousness which is hostile to the imputed Righteousness of God. There is nothing man can do, individually or collectively by his efforts, in success or in failure, to destroy, abrogate or compromise the Integrity of God. Understanding this removes the potential for Arrogance and makes it clear that nothing in the Plan of God depends on any one but only on who and what the Lord is. In addition, man's Self Righteousness does not glorify God but, in fact, it is the Righteousness of God which Justifies man when God imputes it to the believer at Salvation Adjustment to the Justice of God, AND THIS GLORIFIES GOD and provides the potential for God to Glorify Man. The inevitable conflict in the Christian Way of Life is based on the fact that after receiving the Righteousness of God at Salvation Adjustment to the Justice of God the believer must choose between Positive Volition to the Plan of God and use of the Righteousness of God as his base of function or Negative Volition and become Self Righteous. Self Righteousness is like a foundation built on sand and the Righteousness of God in us is like a foundation build on solid rock. When one tries to make the Plan of God function around Self Righteousness this is Legalism, Arrogance and man by his efforts trying to gain approbation or blessing from the Justice of God. This is exemplified by the concept that the Christian should tithe 10% of his money to the church, or he should make every effort toward changing his personality to be more moral or pleasing, etc. The Integrity of God gains nothing from the righteousness of man but man gains everything from the Integrity of God so that when God imputes to man His Absolute Righteousness at Salvation Adjustment to the Justice of God this is all the potential he needs for this life.

### **Self Righteous Arrogance and Verbal Sins**

Self Righteous people have rejected the Grace standards presented through Bible Doctrine and as a result are Reversionistic, influenced by Evil and operate under a double standard of existence and function. (Ps 12:2) Self Righteousness is the source of slander which sets up a double standard of evaluation. On the one hand there is self vindication and on the other slander and maligning of others. These people in Self Righteous Arrogance function under the concept that it is their duty to destroy the ones in their periphery they consider to be below their standards. The quintessence of operating under Evil is the Self Righteous Arrogant Legalistic believer whose Arrogance assumes the prerogative of Christ as Judge of the Supreme Court of Heaven when judging others. It is neither the duty nor prerogative of the believer to assume the role of the judge in evaluation of others. It is the responsibility of every believer

to judge and evaluate HIS OWN LIFE in the light of Bible Doctrine and from the perspective of the Integrity of God. Bible Doctrine in the Stream of Consciousness of the Soul produces the true standards of Grace Righteousness which avoid both mental and verbal sins.

### Verbal Sins and the Mutual Admiration Society

As a result of Guilt reactions and development of the Guilt complex the believer is susceptible to becoming RELIGIOUS and as they move through the stages of Reversionism this is frequently the result. This is clearly observable in many of the American governmental representatives and presidents who catered to the communists and more recently also to the moslems and declared that these people are all for world peace. With the religious person there is always Self Righteous Arrogance involved. This is a moral degeneracy from involvement in the Interlocking System of Arrogance and it brings a readiness and willingness to listen to false teachers who always possess a phony facade (Rom 16:18), are involved in human public relations systems and legalism (Gal 4:17-18, 2Tim 3:5-7) and are always appealing to Pride and all aspects of Arrogance and start mutual admiration societies (2Cor 10:12)

For the Arrogant person, when his circumstances change from pressure to prosperity Self Pity is immediately parlayed into self righteousness because Arrogance holds the reins of his soul. The person who feels sorry for himself under pressure is the same person jumping up in bible school or church mouthing off his Self Righteous imprecations. A person who is Self Righteous in church, under pressure is a baby and has a core of Arrogance. Self Righteousness has 2 primary aspects:

- It always builds up self and runs down others.
- It is always trying to prove something to others.

Therefore, under the functions of Self Righteousness, in order to prove how good one is he must criticize those in his periphery by maligning and ridiculing them in some way. Self Righteousness always tries to build a Mutual Admiration Society. This Mutual Admiration Society is a distraction from Bible Doctrine with a Modus Operandi totally derived from Evil as opposed to the proper functions of the believer which are to be derived from the Royal Family Honor Code. Self Righteousness builds up and perpetuates Arrogance by maligning and judging other people and is a major Royal Family Honor Code violation. This is an easy way for an individual to function because everyone has his own areas of “holiness” and of “weakness”. To form or become part of the Mutual Admiration Society, all one needs to do is find who is holy where he is holy and who is weak where he is strong. He then consigns all the weak people to his maligning vituperation and at the same time he finds the chosen few who are worthy to be in the same category he is in, being righteous to an acceptable level similar to him.

Everyone likes to be complimented and both the men and women who are susceptible to flattery show uncontrolled Arrogance. The Mutual Admiration Society includes both the Arrogant and Inadequate individuals. The Arrogant one is full of Self Righteous Arrogance, is fat headed or Egotistical, strongly Opinionated, and is the initiator of the construction of the Mutual Admiration Society. The Inadequate one is insecure, susceptible to flattery, without opinions, receives and responds to flattery from the Arrogant one in becoming part of the

Mutual Admiration Society. No Mutual Admiration Society can ever stay together very long because the Arrogant one does not really like the Inadequate one since he considers him to be stupid. In addition, the Inadequate one soon discovers that the Arrogant one is way too Arrogant to continue to associate with. These individuals are opposites and when they attract there is something wrong, false, abnormal and based on Evil in the process. The Mutual Admiration Society must have a target to oppose and the target is someone who is strong and in authority over them or has mutually offended or wronged them. The Mutual Admiration Society is where the weak Arrogant and Inadequate attack the strong one in authority and it represents a function of Evil and the concept of pseudo love and Arrogant attraction between them. When an Arrogant person needs followers he picks weak people to draw to him. Coincidentally weak people need a strong person to follow and are attracted to an Arrogant person who flatters them. If they are going to stay together they select a target who is one which is not liked by the Arrogant one and who makes the Inadequate one feel MORE Inadequate. This Inadequate one is therefore the victim of the cobra strike of slander when he listens to and believes the gossip about the target. In reality the victim here is not the one being slandered but the one listening to the gossip. The one being slandered does not even receive the venom or the result of the slander. The principle is that gossips never talk to themselves and they have to have someone to listen to their slander. The venom does not enter the one being slandered but bores into the ones who listen to the slander or gossip. When one has to listen to gossip and maligning in order to feel superior or even good about self he is a miserable person. The Justice of God protects the ones being slandered but when one listens to gossip his soul is filled with poison and it does not hurt the one who is being gossiped about but hurts he who listens to it. When the believer is under Positive Volition to gossip, maligning, judging and slander he carries poison in his Stream of Consciousness of the Soul which may totally destroy his capacity for life.

### **Self Righteous Arrogance and The Law of Works**

Man's Self Righteous Arrogance does not glorify God but, to the contrary, the Integrity of God condemns the Self Righteousness of man. There is no point in either Angelic or Human History where the Integrity of God is compromised or gains anything from the personality, Self Righteousness or systems of creature effort works of any creature especially man. Therefore the believer involved in the Interlocking System of Arrogance is an eclectic Christian entrepreneur. Man often concludes as a result of his involvement in the Interlocking System of Arrogance and his Self Righteousness and boasting that he has done something to please God or that he has made God fall in love with him and this is certainly an erroneous viewpoint. Under the Law of Works or the Principle of Works, man strives for a status which makes him attractive or pleasing to God. Very often, even today, the Mosaic Law is used as the vehicle for these works. This striving of Self Righteousness eliminates the principle of faith as a result of having rejected the necessity to adjust to the Integrity of God. The provisions for man from the Integrity of God are Grace provisions which are totally and completely compatible with the Essence of God. The Self Righteousness of man is part of the Law of Works or can be considered 'works righteousness' which produces boasting as a system of blaspheme toward the perfect Integrity of God.

The mind or Right Lobe of the Stream of Consciousness of the Soul of the unbeliever, instead of receiving the message of faith, in Arrogance receives instead the false doctrine of works or Self Righteousness as the means for salvation by keeping the law or some other system of [Legalism](#). This Arrogance and the human effort works of Self Righteousness completely blots out the 1<sup>st</sup> advent of The Lord Jesus, The Christ. With false Doctrine in the Right Lobe of the Stream of Consciousness of the Soul it is not possible for the mind to express in words or sentences faith alone in The Lord Jesus, The Christ, to God the Father. Instead the mouth expresses the Arrogance and Self Righteousness of the mind for the pseudo salvation by works in keeping the law. If the mouth is not talking about the imputed Righteousness of God it will be talking about the Self Righteousness of keeping the law or some other legalistic morality system as had occurred with the Rich Young Ruler. ([Matt 19:16-26](#))

To seek salvation by any system of human effort works is the quintessence of Arrogance and the presence of Arrogance indicates rejection of the truth needed for [Salvation Adjustment to the Justice of God](#) through faith ALONE in The Lord Jesus, The Christ, alone. Rejection of the gospel or Negative Volition at God Consciousness eventually results in [Black out of the Soul](#) and inevitably [Scar Tissue of the Soul](#). This then builds up over time along with Arrogance and then the LIE from EVIL comes along as salvation by works and this is what is believed. The Jews in their phenomenal genius and incredible racial spiritual heritage set aside both and believed the LIE having said no to the truth and as a result built up Arrogance to the point of believing salvation was to occur by their efforts at keeping the Mosaic Law. It is a certainty that salvation by human efforts of any kind is human Arrogance and when these people, collectively in a nation, are put under the cycles of Divine Discipline, some of which are incredibly horrible, this is designed to break that Arrogance. Under this pressure of the 5 cycles of Divine Discipline when there is Arrogance the nation may vacillate between times of great adversity and some slight prosperity which causes collective cycling between [Self Pity](#) and Self Righteousness. As the cycles increase in intensity the stability of the people can be totally knocked out and they are left in a state of helplessness. This IS CURRENTLY the Statue Quo of the United States of America. Helplessness is not humility and the poor are often helpless but they are not humble although they may be poorly dressed or physically emaciated. The poor, in fact, are usually extremely Arrogant. Being helpless is not humility but it can put one onto the way to humility if he thinks properly and understands that helplessness is designed to emphasize who and what The Lord Jesus, The Christ is. Once one has emphasized who and what Christ is then, through accumulation of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, comes [Humility](#). People very often feel sorry for the poor when they see their expressions of Self Pity and think they are humble people but Self Pity is a category of Arrogance. The idea that rich are Arrogant and the poor are humble is one of the biggest lies of history as is the concept that Self Righteous people are humble and, unfortunately, both are Arrogant.

Many 'Christian' and 'religious' organizations propose that the human effort works performed by individuals are the basis for all the blessing they receive from God. Believers are designed to only must sit and take in Bible Doctrine consistently to the point of Maturity Adjustment to the Justice of God for their production to be valid Divine Good but even then this production

is not ever the basis for spiritual advance nor for blessing from God. The believer MUST remember that all human good works or efforts or what is termed ‘energy of the flesh’ will burn at the point of the resurrection evaluations of all believers from all dispensations. This will occur at the Judgment Seat of The Lord Jesus, The Christ for the Church Age believers because it is totally a production while residing and functioning under EVIL the Plan and Policy of Satan. In reality all of this ‘[Legalism](#)’ will be totally nonexistent in heaven and, in fact, must be removed before any believer enters eternity to live with God. The accumulated Metabolized Bible Doctrine in the Stream of Consciousness of the Soul is responsible for scraping all the legalism and Self Righteous Arrogance off of believers before allowing them into heaven.

Legalism and Legalistic believers, in their unmitigated Arrogance, try to tell God how to run his business but, unfortunately for them, he does not consult man on this subject. These are self appointed counselors because of their involvement in the Interlocking Systems of Arrogance and in their Self Righteous Arrogance they assume their counsel is desired by everyone including God. Human Privacy is thereby destroyed and so is freedom and when this occurs uncoerced volition along with privacy, property and freedom are ultimately destroyed together. This then destroys the basis for all human prosperity. Until one receives any semblance or degree of authority from God he remains nothing and the only thing that can be added to nothing to make it something is the thinking of God. ([1Cor 2:16](#)) Since man is nothing, knows nothing and has nothing before Grace found and regenerated him at [Salvation Adjustment to the Justice of God](#), it follows that no creature has ever advised or given counsel to God. It is Arrogance to think otherwise and this counseling toward God is manifest in gossip, maligning and judging others and these kinds of people, even believers, have very often taken it on themselves to try to tell God how to run his business, who to discipline and how to discipline them. They seek to take vengeance and often some form of [Revenge](#) by hurting or destroying another without any authorization for these actions and this is total Arrogance. This is the basis for the formation of the Mutual Admiration Society and for their complete entanglement in the Interlocking Systems of Arrogance.

The Grace principle of [Justification](#) by faith eliminates all boasting, Self Righteousness and the entire system of human good works which has been operational from after the fall in the garden to the present time. Boasting, as an integral part of Self Righteous Arrogance, erroneously concludes there will be divine approbation for the one boasting for any system of Self Righteousness or works righteousness he has engaged in. The Law of Faith recognizes that God only loves his righteousness, never human works, human Arrogance, human personality or human righteousness, and only his plan not man’s plans, only his works not the works of man. The proper response to the Plan of God and entrance into a relationship with God, is based on adjustment to HIS Integrity alone. At the point of Faith alone in The Lord Jesus, The Christ alone the individual has made his first Adjustment to the Justice of God where all the needed accouterments for salvation ARE PROVIDED WITHOUT HIS HELP by the Integrity of God.

The Integrity of God, as an integral part of the perfection of the Essence of God, is not maintained by the Self Righteousness of Man and many People think that if they sin or do

something wrong that God is disappointed or disgraced. Many think they can dishonor the Lord but don't realize that it is impossible to dishonor, disappoint or disgrace the Lord since he is not subject to these. Legalistic people invariably think in this manner and as a result cannot ever glorify God in any way. People can only dishonor themselves by their thoughts, motivations, decisions, words or actions. Morality as an essential to protect human society from self destruction is NOT MEANINGFUL in consideration with regard to failure before God. It is blasphemous to assume that either human Self Righteousness or human unrighteousness can have any effect on the Integrity of God. Man is not and cannot ever, under any circumstance, be promoters or demoters of GOD. This is an ingrained Arrogance in much of fundamental Christianity. The Integrity of God does not ever stand or fall based on one's thoughts, motivations, decisions, words or actions. ONLY what one thinks, says or does, when this depends totally on the Integrity of God, becomes at all meaningful to God and God on this basis alone promotes him. I like to say that God does not give a RATS ASS what the individual believer does, it has all been considered and adjusted for in Eternity Past when the Plan and the Divine Decree were set up. The only exception is that the believer is required to be absolutely consistent in the use of the [Rebound Procedure](#) to take responsibility for his own failures AND to be consistent in Post Salvation Epistemological Rehabilitation by Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine.

[Rom 9:30](#) emphasizes man's freedom of choice both the nonmeritorious expression of volitional in faith and meritorious expression of free will in availing oneself of expository Bible Doctrinal teaching. Man is a free agent and must choose between the Righteousness of God and his own self righteousness. Self Righteousness will carry the person to hell and the Righteousness of God will carry him to heaven. Ultimately, the issue is Evil vs Grace, the Plan of Satan vs the Plan of God. The one choosing Self Righteousness does so as a result of Evil motivation becoming involved in Motivational Arrogance while the one choosing the Righteousness of God does so as a result of Grace motivation becoming involved in Motivational Virtue. When a person has heard the gospel and rejected it he has Arrogance in his soul no matter what system or facade of humility he chooses to use. From this Arrogance comes the desire to accept such Evil as socialism and from socialism emerges the ability to find something nice and good about communism. This is why nice, good, kind people are supportive of socialism and communism and want to help and support the 3<sup>rd</sup> world nations. Built up Arrogance in the Stream of Consciousness of the Soul results in the big bubble of disoriented reality in their soul.

### **Self Righteous Arrogance and Weak Believers**

The Weak Believer is **Flexible** regarding doctrine and Inflexible regarding applications of doctrine to life while the Strong Believer is flexible regarding applications of Bible Doctrine to life but is inflexible with regard to the principles of Bible Doctrine. The greatest kind of Arrogance comes from inflexibility in the application of principle or bible doctrine with regard to **Non-essential** opinions or ideas. Inflexibility regarding non-essentials is characterized by Arrogance in the Stream of Consciousness of the Soul and total absence of any sense of humor. Arrogance of the soul is a terrible weakness and fails to recognize that individually no one can or will ever be perfect in life nor will anyone ever be free of sin or failure. It is the idea that one thinks he is or can be sinless or perfect which occurs when he has entered into some **Non-**

essential function and related it to salvation or spirituality.

People in every walk of life try to establish their own Self Righteousness because Arrogance is the most basic, awful and most beautifully disguised system of [Self Deception](#) and sin. Arrogance is, in fact, the underlying base, the foundation as it were, of the entire Plan and Policy of Satan to rule this world. It is possible to be under either Positive or [Negative Volition](#) to Bible Doctrine and still be building personal Self Righteousness. To function and advance in the Plan of God one can only be under Positive Volition to Bible Doctrine and build on the Righteousness of God and this is only a matter of cognizance vs ignorance. Weak believers are ignorant of Bible Doctrine because of their Negative Volition as rejection or indifference to Bible Doctrine and have emotion as their criterion for life. They are totally Arrogant and reject all authority except their own. They have abused Grace and distorted the Plan of God with involvement in antinomianism or Legalism. Being Arrogant people they are Guilty of [Mental Attitude Sins](#) and use Verbal Sins to malign, judge and attempt to destroy others. This type of weak believer is a [Reversionist](#) living life in some stage of Reversionism being implacable and vindictive and always carrying a grudge and seeking revenge for real or imagined personal affronts or wrongdoings. He is ignorant of the [Royal Family Honor Code](#) and the structure of the Plan of God including the imputations and objectives of [Logistical Grace](#) in keeping him alive in this life. Being ignorant of Bible Doctrine he is constantly positive toward anything which confuses doctrinal principles and issues. The weak believer is dogmatic about taboos and generally legalistic, usually practicing some sort of asceticism with either a misapplication of Bible Doctrine or no Bible Doctrine to apply. They are influenced by [Personal Opinion](#), secular ethics, Arrogance and Self Righteousness rather than Bible Doctrine and have become a source of strife to all in their periphery as a result of this.

When Bible Doctrine becomes secondary to secular morality and the background conventions of ethics the result is Arrogance in the Stream of Consciousness of the Soul and asceticism as the Modus Vivendi. The resulting controversy and strife in the local church makes Doctrinal teaching impossible because this strife creates an environment for overall rejection of Bible Doctrine. These are the people who only listen to Bible Doctrine taught in order to gain a point for their side of a controversy or argument. The subjective Self Righteous Arrogant conscience of the weak believer possesses Legalistic and Reversionistic standards which are not ever the issue in relationship with the Lord or fellowship with other believers. Weak believers have deficiencies of Bible Doctrine which they try to make up for with Arrogance by taking their own personal taboos, which under privacy they have a personal right to, but under entanglement in Arrogance they try to superimpose these on others. This Self Righteous [Hypersensitive](#) person is truly Arrogant and having taboos in his thinking means others should leave him alone to do what he wants. However, his incredible Arrogance tries to superimpose on all believers his ideas instead of allowing others to exercise their own free will choices.

However, the occupational hazard for the mature or strong believer, therefore, is Self Righteous Arrogance related to his superior knowledge of Bible Doctrine. After making hundreds of correct flexible applications of Bible Doctrine he finally succumbs to spiritual snobbishness and Self Righteous Arrogance and looks with disdain on the weak believer. He regards with

contempt the weak believer who is saturated with legalistic taboos or antinomian hangups. While the weak believer is a spiritual bully, the strong believer, in his Arrogance, regards with great contempt this antagonist. The problem with both is [Pride](#), but also, each has Arrogance in a different sphere. The Arrogance of the weak believer is his legalism and Pride of accomplishment in the field of taboos which compels him to judge the lack of these in the strong believer. This weak legalistic believer is the worst bully, being Self Righteous, petty, Arrogant, implacable and [Inflexible](#). The weak believer judges, maligns and vindictively criticizes the mature believer who must not ever lower himself to the legalistic standards of the weak believer by retaliation. Self Righteous Arrogance and [Jealousy](#) are the source of the implacability of the weak believer toward the strong mature believer. The underlying problem with both is Self Righteous Arrogance with contempt on the part of the strong and judging on the part of the weak.

Evil, which is a sphere of principles and a process of thinking, is related to and motivation for all Verbal Sins and Overt Sins so that all Self Righteous people have either rejected or distorted the Grace standards of Bible Doctrine, including the Laws of Divine Establishment and Divine Institutions, and thus are Reversionistic and totally under the influence of Evil. These Self Righteous people always have a double standard of Self Vindication or [Self Justification](#) while slandering and judging others. Therefore, the quintessence of functioning under the principles of Evil is the Self Righteous legalistic believer thinking that in his Arrogance he can assume the prerogative of replacing Christ as judge in the Supreme Court of Heaven. ([Rom 2:1](#), [Rom 14:4](#), [Rom 14:10](#)) It is the responsibility of all believers to evaluate and judge one's OWN life in the light of Bible Doctrine and this produces true norms and standards and a true Frame of Reference in the Right Lobe of the Stream of Consciousness of the Soul. To the Self Righteousness legalistic believer Guilty of slander, maligning and judging [Rom 14:4](#) & [Rom 14:10](#) are very pertinent. The Lord does not need man's help and counsel in handling the failures or successes of others and it is not the believer's duty to judge others since each believer must only live his own personal life as unto the Lord, not everyone else's. The Lord has not called the believer to judge others and He most certainly can handle this function without such assistance. ([Rom 11:33-34](#)) It is the quintessence of Arrogance and the epitome of blaspheme for the weak believer to judge other believers. It is therefore, Self Righteous Arrogance to indulge in verbal sins which imply self vindication while maligning others. It violates scripture and the doctrine of hamartiology (sin) to suggest by verbal sins that one is sinless, without blame and perfect while the object of his judging is the antithesis. ([1John 1:8](#)) These people are reversionistic and weak and their verbal sins inevitably lead to blaspheme and presumption and are an overt sign of their weakness.

The observation of or adherence to [Legalistic](#) taboos or functioning in asceticism in any aspect of life becomes a substitute for Bible Doctrine with the weak believer and for them Bible Doctrine does not have first Priority in life but is incidental. If Bible Doctrine agrees with a taboo then it is considered fine but if it disagrees then the teacher of that doctrine does not know what he is talking about. This reflects the Arrogant subjectivity of the weak believer who assumes and alleges that his standards are God's standards and as a result seeks to superimpose his legalism on the strong believer and in fact by attacking the strong believer he

seeks to superimpose his standards on GOD. The weak believer, at times not consciously, always sets self up as judge and jury of all servants of the Lord as if he were the Lord himself. In Arrogance he assumes that he is the personal representative of God to make sure that all believers conform to the standards he has from his pet taboos of legalism or his antinomianism. His general lack of Bible Doctrine in the Stream of Consciousness of the Soul results in the establishment of false standards which are used with Self Righteous Arrogance to make a life time habit of sinfulness in judging other believers. This is a blatant violation of the [Royal Family Honor Code](#).

The weak believer converts environmental influence and [Non-essential](#) opinions into rigid orthodoxy. He takes the non essentials and becomes inflexible regarding them while being totally flexible about all things of Bible Doctrine. He substitutes non-essentials and taboos for Bible Doctrine and labels others apostate when they do not comply or follow them. He has no right to any [Inflexible](#) attitude which may in fact be a part of an age old taboo most likely having its roots within oriental cults of the ancient east. Weak believers cannot distinguish between non-essential [Opinions](#) and Essentials regarding doctrine and therefore their standards and taboos are part of their Self Righteous paraphernalia. With a little Self Righteous Arrogance they are able to take the most petty things imaginable and convert them into orthodoxy. They always seem to forget that God accepted ALL humans with a variety of erroneous and inaccurate opinions, misguided zeal and stupid sincerity and provided for ALL human beings a potential for [Salvation Adjustment to the Justice of God](#) and Eternal Life with him.

The weak believer inevitably also has hidden Arrogance in many fields and he sets self up as an expert in these fields having succumbed to the Motivational Arrogance of Mental Attitude Arrogance with its [Jealousy](#), vindictiveness, hatred, [Guilt](#), etc., and as a result gossips and maligns others in his periphery and in that respect is sociopathic. He thinks the Christian Way of Life is some system of morality or asceticism. This is the [Negative Volition](#) believer who moves from Divine Discipline to Divine Discipline throughout his life until he reaches the Sin Unto Death. In contrast the Positive Volition believer continues to move out of his personal weaknesses eventually to [Maturity Adjustment to the Justice of God](#).

The Old Sin Nature has as one of its component areas the trend toward Self Righteous Arrogance or [Legalism](#). This is in part the basis for Moral Degeneracy in the believer and the production of Human Good under the influence of the Evil of the Cosmic Dynaspheres. This results in fragmentation of the life and involvement of the susceptible individual with:

- ✧ Legalism
- ✧ Personality Arrogance
- ✧ Morality Arrogance
- ✧ Authority Arrogance
- ✧ Crusader Arrogance
- ✧ Christian Service Arrogance
- ✧ Transference Arrogance
- ✧ Impulsive Arrogance

- Institutional Arrogance
- Conspiracy Arrogance
- Christian Activism
- Social Engineering
- Civil Disobedience
- even REVOLUTION.

Self Righteous Arrogance establishes in the soul of the believer false standards which are not Grace Orientated and NOT related to Virtue. Morality under the Laws of Divine Establishment belongs to the entire Human Race and is the only thing the unbeliever has going for him. Virtue is the result of the ministry of God the Holy Spirit during the consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine resulting in spiritual growth. This is the monopoly of the Protocol Plan of God and the believer's life and function within the Divine Dynasphere. The potential for true virtue exists for believers only and is in the development of the Spiritual Skills, Edification Complex of the Soul, Divine Dynasphere and especially the Problem Solving Devices. Self Righteous Arrogance produces a bully, a domineering person, who assumes he is never wrong in any human interaction. He is in a constant state of correcting others on mostly petty things and not giving them the chance for freedom and the inculcation of Bible Doctrine on their own basis to allow them to grow in Grace in their own time. However, this does NOT apply to parents related to children but people in a social periphery always correcting others with regard to petty little things which do not actually really matter. This domination is based on the fact that they are shocked in their Self Righteous Arrogance if one is even slightly wrong on something he says or does. Many of these bullies are disguised in Christian circles and accepted as great Christians and wonderful people and often are people others want to emulate. This results in the blind leading the blind and is the Self Righteous Arrogant believer leading a fragmented life while leading others into a fragmented life. Motivation for Emulation is to come through Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of one's own Soul and NEVER from the functions or appearance of other people. This is Personality Arrogance motivated by Self Righteous Arrogance rejecting privacy and attempting to force one's opinions and standards on everyone in his periphery. People have a right to fail and make their own mistakes before the Lord and correction should come from the teaching of Bible Doctrine which allows the individual to make his own corrections in his own life or correction can come through the HURT from Divine Discipline which is designed to wake the believer up to his failures.

Thus from Arrogance comes presumption and from presumption comes presumptuous Self Righteousness and a false sense of destiny. A false sense of destiny means the believer will never execute the plan or purpose of God for his life. The interaction with and involvement in the Motivational Arrogance of Mental Attitude Arrogance results in the MOST BASIC motivational sins of human life and the foundation for all the fragments in the life of the believer. It is inevitable that once the believer pulls the pin of the Arrogance Grenade that he will become interlocked with both Self Righteous Arrogance and other areas of Motivational Arrogance as Mental Attitude Arrogance. This is the person who considers himself righteous in his own estimation with his Arrogant reliance on this assumed righteousness. It is, therefore,

the Arrogant conviction that one's own righteousness is superior to that of others and this results in the conclusion that one's own righteousness is so great that intolerance of others becomes the acceptable Modus Operandi of their Blind Arrogance. This is not the Spiritual Self Esteem reached by the positive believer when moving into Spiritual Adulthood, which produces a non-destructive righteousness toward others.

### Self Righteous Arrogance & the Integrity of God

The problem for the Human Race is that man is under spiritual death from birth because of the possession of a genetically passed down Old Sin Nature and the imputation of Adam's Original Sin to it, NOT because of his personal sins which, in fact, are a result of this birth time condemnation and the functioning of his Old Sin Nature. Man actually demonstrates that he is under condemnation from God by committing personal sins. Therefore, one of the greatest problems of life is human Self Righteous Arrogance which is the Arrogance of saying "I will do it myself because I have a better way". In addition, to compounding the problem, the perfection of God cannot in any way go along with human Self Righteousness, because, He has Perfect Absolute Righteousness.

The imputation of the Righteousness of God to the new believer at the point of his making Salvation Adjustment to the Justice of God eliminates the necessity for any Self Righteousness in the Christian Way of Life. It is impossible for both the imputed Righteousness of God and the Self Righteousness of the Arrogant believer to function simultaneously. The Justice of God can only recognize and bless the Absolute Righteousness of God. There is no place for the Justice of God to even recognize the Self Righteousness of Man except in the realm of providing Grace Divine Discipline. The principle which must be learned and maintained in the soul is that ONLY Right + Right == Right and nothing else. Self Righteousness is excluded because it is Right + Wrong and this always == Wrong. The Self Righteousness of a person functions in all 3 areas as expressions of the Old Sin Nature:

- ✧ Sin == Violations of the character or the fundamental laws or rules of God for mankind as a result of motivation from Evil stimulating the lust patterns of the Old Sin Nature thus activating the trends of the Old Sin Nature to stimulate the Area of Weakness to produce Sin temptation.
- ✧ Human Good == The motivation from Evil stimulating the lust patterns of the Old Sin Nature which activate the trends of the Old Sin Nature to stimulate the Area of Strength to produce temptation to engage in Self Righteous Arrogant Crusading to solve the problems of the world by man's effort usurping the sole prerogative of God to solve problems.
- ✧ Crime == The motivation from Evil stimulating the lust patterns of the Old Sin Nature which activate the trends of the Old Sin Nature to stimulate the Area of Weakness to produce temptations to engage in violations of common law, the Laws of Divine Establishment or the Divine Institutions designed for man's protection and preservation, which can be either Sinful or Production of prohibited Human Good motivated by Evil.

All three of these are produced by the influence of Evil which is the sum total of the principles of the plan and policy of Satan to rule mankind including such systems as socialism, welfare, redistribution of wealth, big government and all levels of the destruction of freedom which

produce Human Good activities.

Moreover, Self Righteousness + Sincerity guarantees the concentration of Evil in the life of the one involved. However, this lack of integrity in mankind does not cancel the Integrity of God. Even man, who has cultivated and acquired great integrity and legitimate morality, is still not good enough for the Integrity of God. The self made man the Self Righteous person who acquires integrity through his own work, activities, plans and Self Righteousness is still not acceptable to God. He is, however, totally acceptable to man and this is the key to Arrogance in humanity.

Self Righteousness rejects the Plan of God for both Jews and Christians. Human Self Righteousness is an Arrogant rationalization and is the fantasy of comparing one's strength against the weakness of another. Righteousness cannot be built on unrighteousness, therefore, [Justification](#) can and must only be built on the imputation of the Righteousness of God to the believer. Everything God does to bless the believer is based totally on the foundation of the imputation of Absolute Righteousness to man at his Salvation Adjustment to the Justice of God and is most certainly not based on any Self Righteous system he develops. Self Righteousness is absolutely the wrong means of attempted function under the Plan of God and the Self Righteous Christian is simply trying to compete with God and this is blasphemous Arrogance.

Irrelevance becomes irreverence by the blasphemous maligning of the character of God as in [Rom 9:19-21](#). The believer with [Scar Tissue of the Soul](#) always finds fault with God and becomes critical of the policies of God. As Negative Volition toward Bible Doctrine builds up in the believer, [Black out of the Soul](#), then Scar Tissue of the Soul increases. As Scar Tissue of the Soul builds up it squeezes out or ERASES Bible Doctrine from the Stream of Consciousness of the Soul and replaces it with Cosmic Dynasphere false doctrine derived from Evil which produces Arrogance. The Greater the Scar Tissue of the Soul the greater the Arrogance of the individual involved. All one has to do is engage in a little Arrogance to find fault with God and with Scar Tissue of the Soul there quickly builds maximum Arrogance and Arrogance is blind to the truth of Bible Doctrine. Self Righteousness and Legalism result in the distortion of Bible Doctrine and as a result denial of the reality of the spiritual heritage for the believer in the Church Age, denial of the principles of Faith in Salvation Adjustment to the Justice of God and in spirituality without human effort works.

### **Self Righteous Arrogance & Flexibility**

In the failure of application of Bible Doctrine to produce Flexibility with regard to Non-essentials in life, a lucid example is the principle that too often the Arrogance of the man makes inordinate demands on the woman. He may, in being Self Righteous, be too hasty to correct the woman for some inconsequential shortcoming or he is Self Righteous with the woman over some trivial thing such as procedures or precedents in society life. Men involved in Arrogance are always too inflexible where women are concerned and this is a combination of their selfcenteredness, and self righteousness. Involvement in the Interlocking System of Arrogance with Self Righteousness plus a little knowledge can make an inflexible pompous jackass out of almost anyone. Just as flexibility in social life and manners demand that one

must think about other people so does any position of leadership require that one know and understand the people under him and that bending some rules does not always result in total disaster. The believer will never have flexibility with strength, the true manifestation of strength, and greatness as long as he is full of Self Righteousness and small bits of knowledge. He can be just as Arrogant as any Legalist and in this way can distract anyone from their relationship with God even destroy it.

It is Positive Volition toward Bible Doctrine which IS and MUST BECOME the great issue in life and this must be a free will choice. The believer MUST also choose whether, under Positive Volition to Bible Doctrine, he will build his life on the Righteousness of God imputed at Salvation Adjustment to the Justice of God or if he will select some form of Self Righteousness under Negative Volition toward Bible Doctrine and the Plan of God. He must choose whether he will live out of step with the Plan of God and disoriented to reality and life as a result of being Inflexible with regard to Non-Essentials and Flexible with regard to the Essentials, which ONLY include the principles of Bible Doctrine. This operation, based on some system of Self Righteousness, develops, along with involvement in the Interlocking System of Arrogance, an attempt to try to dictate to God what His plan should be.

Self Righteous people invariably have no sense of humor and are inherently inflexible about little things. Whenever a story is a little 'off color', because they are so inflexible and have no sense of humor, they are offended by it. To have a sense of humor one must have concentration, wit and flexibility but under the influence of Arrogance the self righteous person takes himself too seriously. Flexibility and a sense of humor always travel together. What occurs in Arrogance by trying to establish personal Self Righteousness, when disaster comes, results in the only thing available to fall back on being the Arrogance which started the movement down this path under Evil. Once on the path into saturation with Evil, which is motivated by Arrogance, one cannot handle instant disaster, adversity or catastrophe when it does come.

### **Self Righteous Arrogance and Zealousness**

The Self Righteousness of the unbeliever often results in a pseudo zeal for God which is in reality antagonism toward the Plan of God. True zeal for God cannot exist apart from Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. True zeal for God is the motivation and momentum from Metabolized Bible Doctrine resulting from the daily function under the Grace Apparatus for Perception. Whereas, Religious zeal results from an ignorance of Bible Doctrine. Religious zeal for God is a tyrant while Bible Doctrine based zeal for God is Grace Motivation and Modus Operandi. True zeal is, therefore, the momentum and motivation of the believer functioning in the Grace Plan of God. Metabolized Bible Doctrine in the Stream of Consciousness of the Soul as (gr) Epignosis doctrine brings an understanding of the Grace Plan of God and as a result perpetuates momentum in spiritual advance through that understanding. There is therefore, an obvious conflict between Self Righteousness and imputed Absolute Righteousness and therefore between ignorant zeal and cognizant zeal, Arrogant zeal and Humble zeal. In the believer the imputation of the Righteousness of God at Salvation Adjustment to the Justice of God has the potential for Humility Orientation. In the believer or

unbeliever under Negative Volition, the development of Self Righteousness results in Arrogant [Inflexibility](#), [Legalism](#) and mental blindness to Bible Doctrine. Mental blindness to Bible Doctrine results in ignorance of Bible Doctrine no matter how high the individual's IQ may be. Therefore the function of Self Righteousness is Arrogance resulting in neglect, rejection, resistance or indifference to Bible Doctrine.

Zeal can be a disaster unless connected with correct and accurate thought based on Bible Doctrine. This ignorant, Arrogant zeal for God is related to rejection of The Lord Jesus, The Christ as savior along with the Arrogance of Self Righteousness rejecting the Plan of God and substituting one's own ideas of what the basis of Salvation should be. This zeal is specifically religious and religious zeal is simply Arrogance plus Self Righteousness focused on God but substituting one's own taboos and rituals for the real Plan of God. This motivates, from the beginning of mankind to the present day, man seeking salvation through some system of Self Righteous good deeds such as the Jews attempting to keep the Mosaic Law. ([Rom 9:31-32](#)) The Self Righteousness obtained through keeping the Mosaic Law is no substitute for the imputed Absolute Righteousness of God gained by faith alone in The Lord Jesus, The Christ alone. When a person depends on personal Self Righteousness for relationship with God he has a huge area of Arrogance in his soul and is involved in perpetual sinning. The facts surrounding salvation and the Grace Plan of God are that Righteousness manufactured from religious zeal and human Arrogance cannot ever replace the possession of the perfect and eternal Righteousness of God which comes through faith alone in The Lord Jesus, The Christ alone.

This type of Self Righteousness has an area of awareness and it is from this area that one is [Self Justified](#) in being critical of others. Self Righteous people are always [Competitive](#) with others on an erroneous basis. They have the vocabulary of humility by which they disguise their Arrogance but behind this vocabulary is one who is competing for top place in the religious circle. Arrogance therefore, breeds false or pseudo zeal and Self Righteousness and all Self Righteousness results in [Human Effort Works Righteousness](#) motivated by EVIL. No one can be saved through human effort good deed works nor Self Righteousness but only through faith ALONE in The Lord Jesus, The Christ alone. ([John 3:16](#), [John 3:18](#)) This is the only mechanism which results in the imputation to the believer of the Righteousness of God, which is the only righteousness acceptable to God. Arrogance is amplified into zeal and zeal manufactured from Self Righteousness or Human Effort Works Righteousness is always in direct conflict with the Grace policy of God. Therefore, Arrogant Self Righteousness is always [Disassociated](#) from and disoriented to the Grace Plan of God.

Only the possession of the Absolute Righteousness of God is compatible with the Grace policy of God. As a result God cannot bless Self Righteousness since it is a negative righteousness. In the Integrity of God the Love of God motivates the Justice of God to bless what the Righteousness of God has accepted. The perfection of the Absolute Righteousness of God cannot accept the Relative Self Righteousness of Man. The principle is that what the Righteousness of God demands the Justice of God must execute. Therefore, the Justice of God can only bless the Righteousness of God which He imputed into the soul of each believer at [Salvation Adjustment to the Justice of God](#). Arrogance is aware of its own Self Righteousness

but ignorant of the imputed Righteousness of God and its implications. The righteousness manufactured from Religious zeal + entanglement in Arrogance cannot ever replace the Absolute Righteousness and Eternal Life acquired by the believer through faith alone in The Lord Jesus, The Christ alone. There is absolutely no substitute for faith in the Substitutionary Spiritual Death of Christ and only through this mechanism can one receive the Righteousness of God. Righteousness manufactured within the Interlocking Systems of Arrogance is, therefore, no substitute for the Righteousness of God and will never replace it nor grant the possessor Eternal Life. The imputation of the Righteousness of God at Salvation Adjustment to the Justice of God results in [Humility](#) and Grace Orientation while the development of Arrogant Self Righteousness results in inflexible Legalism and total blindness to Bible Doctrine.

When people make an issue of their zeal they make an issue of their Arrogance. The zealous person is the Arrogant person and [Grace Oriented](#) believers are not zealous. Grace oriented people do not have to run around and prove anything to anyone with zealousness. They know reality related to the Plan of God and having Grace Orientation produces a Humility of thought in the soul which knocks out Self Righteous Arrogance and stupidity which the Chinese communists called “Gung Ho”. The bible does not approve of nor authorize “Gung Ho” just as it does not go for communism in any form. Therefore, Bible school zeal is Arrogance and Self Righteousness and totally out of line with the plan and purpose of God. When the believer is well disciplined and Grace Orientated and under Grace discipline then he will align with the Plan of God and Will of God. A perfect illustration is Elijah who was obviously out of line thinking HE WAS THE ONLY ONE DOING THINGS FOR GOD. When the believer starts to believe any aspect of the LIE from Evil, the Plan of Satan, he switches instantly and totally to functioning in Arrogance. Once a believer becomes Self Righteous he becomes [Inflexible about Non-Essentials](#) in life and this is what “Gung Ho” actually is. People inflexible about non-essentials never come around to taking a courageous and totally inflexible stand for essentials. The Essentials of Life are contained in the entire realm of Bible Doctrine including the [Laws of Divine Establishment](#) and [Divine Institutions](#). It is very easy when one has attempted to serve the Lord in sacrificial ways to immediately become “Gung Ho” in the sense of [inflexible non-essential Arrogance](#). During World War II the Germans had this problem when “Gung HO” infiltrated the officer corps and they stopped thinking and also the Russians in their infantry were in this situation in the 70’s and may still be there. The American soldier in World War II did not have this problem and when they were in a jam they used thought and flexibility from their thought without Arrogance. In this period in the United States of America from the 1970s on the people have been consistently losing flexibility. The American government started turning the people into communist automatons by making them stand in line for gas and coupons and recently requiring they wear masks and stay 6’ away from each other when out of their homes and to stay in their homes and not even go to work and close their businesses and other such things. By making the American stand in line for what the government gives causes the individual to lose his flexibility and replaces this lost flexibility with Self Righteousness. **When a person or a people lose their flexibility they lose the ability to resist.** The only thing going for America now is Bible Doctrine and it is by and large universally REJECTED.

The system in much of the American military from the 1970’s has also been “Gung Ho” and

this is not a system of good discipline. Lou Diamond was a marine who was not able to be made “Gung Ho” and he was totally fantastic in combat and he never lost his flexibility even though coming through the same system of discipline. The poor military training system did not make him Self Righteous. Therefore, God must help a Christian or private citizen when they avoid the pitfalls of Self Righteous Arrogance. Self Righteousness destroys flexibility and the one thing which characterized the American people up through the 1930’s was incredible flexibility and if they had to stand in line then they did it humorously but when gas rationing started there was no humor in the lines. Now in the early 21<sup>st</sup> century, Americans having to wear masks in public buildings and stand 6’ apart from other people bring violence onto the person who refuses to do so possessing a total lack of humor. This is based almost totally on an inordinate emotional function under FEAR. To the extent that one is Arrogant and Self Righteous, to that extent they are immediately vindictive and implacable. People who are properly motivated and motivated by flexibility are incredible in what they can do. This is demonstrated by the function of the teachers in the prep school of Berachah church and their innovative ways of presenting the truths of Bible Doctrine to children. You cannot be Self Righteous or inflexible and get the job done when teaching children in any area. When teaching in any area, each teacher must have the leeway to teach within the framework of his communication ability, his imagination and his ideas regarding training aids, but must never teach false information. One cannot develop inflexible systems that shut the innovative nature of these people down so that their abilities to teach are lost through an inflexible system. There must be the maintenance of good discipline in all teaching situations but it must not destroy flexibility. This is CLEARLY demonstrated in the Clint Eastwood movie “Heartbreak Ridge” and his admonition to his wayward men to “Improvise, Overcome, Adapt”. This is flexibility, this IS the AMERICAN WAY!!!

In any area of life especially the military, especially in combat training and functions, there must be discipline and that discipline must be strong but it MUST allow flexibility. It is possible to have discipline and flexibility in any area by training people to think while they are being disciplined and to have them accept discipline but never shut down their thinking. This is what made the United States of America great and what took 10 million young men, a whole generation, and turned them into soldiers overnight though they had never seen a weapon and had no military experience and knew nothing about military functions, the manual of arms nor close order drill. Overnight they became not only citizen soldiers but great soldiers and it was done with good discipline which preserved flexibility. There were a few martinets who had their barracks always clean and whose men never offended anyone and this is what occurs in Christianity when believers become Arrogant. This is where the worst believers can be found, in Self Righteousness in Christianity, which is Arrogance and inflexibility with regard to Non-Essentials. A Self Righteous person is a martinet and has a standard which must be followed by all those under his command or authority. This person sees others who are not as strict as he is in his self discipline and in his self demanded performance as being not as good in any way as he is because they don’t function up to his standards of extreme discipline. When one becomes too “Gung Ho” in his thinking he will find it impossible to work in any civilian organization and to work on any team. As a result of this inflexibility about non-essentials a lot of things in life will never come his way and the failure of that to occur is, in his eyes, all

someone else's fault. The difficulty begins when one becomes overly enthusiastic, which he has a right to be and should be, but allows his enthusiasm to trigger a system of Arrogance. One cannot be a leader and allow his enthusiasm to trigger Arrogance so that his standards, when wrong, become unchangeable and as a result he looks down on everyone and treats them as his inferiors. This includes developing this attitude toward those who he is subordinate to, along with those at his level, who don't have his "good standards" so that in effect he desires and tries to superimpose his standards on everyone in life. This is the destruction of freedom, the very thing for which one must fight in the military and for which one lives as a primary priority.

The Jews with Negative Volition toward the Gospel of Christ have blotted Christ out of their minds through a system of thinking in terms from Arrogance. Arrogance tendencies may be hidden or not but always result from some level of [Negative Volition](#) toward the gospel or Bible Doctrine. To the extent that a believer is Self Righteous in prosperity and full of [Self Pity](#) in disaster, to that extent, he is Arrogant no matter how humble he may THINK he is. In addition, slavery to the details and circumstances of life and the resultant instability are derived from Self Righteousness in prosperity and Self Pity in times of adversity and the inevitable oscillation between these two. Any slight sign of Self Pity means this believer is an Arrogant slob and any slight sign of Self Righteousness means he is a fat headed, [Egotistical](#), Arrogant slob. As a result of the Jews, who reject the 1<sup>st</sup> advent of Christ and the means of making Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone, building up [Black out of the Soul](#) and layers of [Scar Tissue of the Soul](#), they prefer their own human effort works or Self Righteousness because Arrogance. Their thinking focus' on what is received MUST be deserved or earned, and they always prefers Self Righteousness to the Righteousness of God. This is the same thing which occurs today for many unbelievers and is also why some Christians spend so much time building up their Self Righteousness. Isaiah recognized that in every generation there would be Jews who blasphemously would reject The Lord Jesus, The Christ by blotting out the 1<sup>st</sup> advent. They would, did and continue to do so from Arrogance and in doing so and blotting this out and its significance they accept some part of the Mosaic Law which caters to their own Self Righteousness. In essence they reject Codex II of the Mosaic Law, teaching salvation and the 1<sup>st</sup> advent and go to Codex I, the Decalogue, and Codex III, the Laws of Divine Establishment and Divine Institutions, for their road to salvation. ([1Pet 2:6-8](#), [Is 28:16](#))

By defending the Self Righteousness of keeping the law or some other system of morality the unbeliever and the Jew have rejected the imputation of the Righteousness of God which only occurs as a result of faith in The Lord Jesus, The Christ. In their Arrogance they have established an imaginary orthodoxy which does not exist in the Plan of God but only in their Arrogant imagination derived from the strong influence of Evil on their thinking. Since Jesus Christ is the source of the imputation of the Righteousness of God they have excluded him from their imaginary system of orthodoxy and thus have maligned him with the blaspheme of rejection. This is seen under concept of the Big Blot Out started during the Hypostatic Union of Christ. This Arrogant Self Righteousness derived from the Mosaic Law is what motivated Jewish participation in the crucifixion of The Lord Jesus, The Christ. This Big Blot Out system

is the underlying basis for all the great persecutions of Jews throughout history. Such Arrogance and Self Righteousness is also the basis for the Jewish persecution of Christianity in the time of Saul of Tarsus. The Lord Jesus, The Christ prophesied that the Jews who stood on Self Righteousness rejecting the Righteousness of God would excommunicate Christian Jews from the synagogue and they would think they were offering a service to God by killing Christians. ([John 16:2](#)) Where Arrogance exists there is always Self Righteousness which is divorced from reality and gathers momentum through zeal to destroy those who know and witness and communicate the truths of God.

### **Self Righteous Arrogance vs Imputed Absolute Righteousness**

Without the Righteousness of God imputed to the new believer there could be no Salvation, no Logistical Grace blessings, no Super – Grace nor Ultra Super – Grace blessing in time and no Surpassing – Grace blessings for eternity. The Righteousness of God cannot be imputed to anyone without his expression of faith alone in The Lord Jesus, The Christ alone. No one can try to keep the rules or rituals of the Mosaic Law or engage in any other human effort works or Self Righteousness and also receive the Righteousness of God. Self Righteousness is always rejected by God and is the manifestation of both known and [Blind Arrogance](#).

There is no sense to developing Self Righteousness in the Christian Way of Life to compete with the Righteousness of God imputed at Salvation Adjustment to the Justice of God. When the believer perceives that he is developing Self Righteousness this is an indication of the level of Arrogance in his life. The greatest subjective enemy of the believer is the Interlocking System of Arrogance and to the extent he uses some system of Self Righteousness to that extent he IS entangled in this Arrogance. All systems of Self Righteousness are Motivational Arrogance, blaspheme and a denial of the divine policy of Grace. Self Righteousness is produced by volition involved in some system of [Morality](#) or [Religion](#) related to Arrogance apart from divine sponsorship. There is a place for legitimate morality in Christianity as a part of the Laws of Divine Establishment and Divine Institutions but never as a system of Self Righteousness. Most moral people are stuck on their own Self Righteousness and pseudo purity and are prideful, vain and critical of others and their Arrogance is abominable. They base their Self Righteous Arrogance on being better than others when, in fact, all believers have the same imputed Righteousness of God and He is obligated to bless them all under his system of Logistical Grace because of his Absolute Righteousness not their Arrogance involvement nor their Self Righteousness. The Interlocking System of Arrogance sets up one's own Self Righteousness which inevitably blasphemes and rejects the purpose and Plan of God related to the Righteousness of God. At Salvation Adjustment to the Justice of God the Righteousness of God is imputed to the new believer ***for the explicit purpose of enabling him to carry out the execution of the Protocol Plan of God for his life.*** The believer must NEVER try to create a system of Self Righteousness competing with the Righteousness of God. For the believer to establish Self Righteousness in his life is the [Arrogance of Legalism](#). For the believer to rely on imputed Absolute Righteousness is the [Humility](#) of [Grace Orientation](#) from inculcated and [Metabolized Bible Doctrine](#).

### You Are What You Think

The power of thought exceeds the power of deed and deeds only have merit as they relate to proper thought. Metabolized Bible Doctrine in the Stream of Consciousness of the Soul is the thought which motivates compliance with the Plan of God and produces Grace Orientation to life. Grace excludes all systems of Self Righteousness as a basis for merit or blessing from God. The believer can only build the Edification Complex of the Soul, his spiritual life and spiritual advance on the foundation of imputed Absolute Righteousness and this building results from consistent Perception, Cognition, Inculcation & Metabolization of Bible Doctrine, a totally Grace process. In the conflict of Self Righteousness with the Righteousness of God there is actually no contest and it is only the Arrogance of either believer or unbeliever trying to be saved or receive blessing from God by some system of their own efforts, which thinks that this is a proper function. People are constantly trying to be saved by a multitude of varying efforts but only human Arrogance erroneously concludes that this Self Righteousness, from observing some system of morality, taboo or religious system, such as trying to fulfill the Mosaic Law requirements, can provide salvation. The Plan of God and Grace Policy not only excludes Self Righteousness but provides a proper substitute for it with the imputed perfect Righteousness of God where there cannot be competition. The Righteousness of God precedes the existence of Human History and will exist long after Human History is completed and because of God's Immutability the Righteousness of God will NEVER change nor fail. One of the greatest failures of the Self Righteousness of man is Blind Arrogance which results in a perpetual state of sinning. The blindness of Israel was and is the Blind Arrogance that assumes that self achievement can impress God. Self Righteousness because of baptism, circumcision, emotional experiences, giving up things, separation from "worldliness", following taboos, is a daily problem for everyone and as soon as one thinks he has overcome Self Righteousness, BANG!, he gets Self Righteous about the Self Righteousness he has defeated. It is a never ending battle to be constantly aware of Self Righteousness especially when it is a manifestation of blind Arrogance.

### The Plan of God vs Self Righteousness

The Plan of God cannot be stopped, deterred, deviated or derailed in any way and nothing in the Plan of God depends on any individual but only on the divine policy of Grace. No system of human effort works or Self Righteousness can obtain Salvation Adjustment to the Justice of God nor raise the believer's level of spirituality. Whether it involves keeping the Mosaic Law or church baptism or any other system or program the only righteousness which Justifies is the Righteousness of God imputed at Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone. There is no substitute for the Righteousness of God imputed to the new believer and it sets up a secure, encapsulated pipeline for Logistical and all other Grace support and provisions from the Justice of God for the entire life of the believer. Substitute seeking only adds Scar Tissue of the Soul while sponsoring sinful Arrogance, selfcenteredness and human Self Righteousness which always competes with divine Absolute Righteousness.

In addition when there is built up Scar Tissue of the Soul there is intensification of Arrogance which occurs when Absolute Truth is rejected. The causes a 2 fold historically, individual and

spiritual result:

- The person involved comes to be only able to believe the LIE of the Evil plan and policy of Satan which today is manifest by the Human Good production found in welfare, socialism, communism and social action supported by believers.
- At the same time Arrogance strongly manifests itself in those who believe the LIE and emphasizes the selfcenteredness in their soul.

Self Righteousness is one of the greatest hindrances to the learning of Bible Doctrine and to spiritual growth. It is absolutely impossible for a Self Righteous person to grow spiritually and understand the Plan of God. This Self Righteousness exists in bible schools and local churches which do not expositively teach Bible Doctrine and in the United States of America today there is total Self Righteousness on the streets with gangsters, prostitutes and bar tenders who are all Self Righteous and it is also in government and the bureaucracies there. The only excuse and possible justification for the existence of bureaucracies comes from Self Righteousness linked to some [Crusade](#). [Self Pity](#) and Self Righteousness fuse in time of historical pressure or disaster to form a [Guilt](#) complex. This explains why the great composer Leonard Bernstein held a cocktail party for the black panthers. Wealthy people who have a Guilt complex have fused the Motivational Arrogance of their Self Pity and Self Righteousness and behind this is incredible entanglement in Arrogance.

### [Arrogance & Society](#)

Arrogance is found in very strange places in modern societies. It is found in the gutter as much as in the front pews of any church, it is everywhere and can be anywhere at any time. Arrogance is not necessarily a sin but a whole system of weaknesses including sin. The intensification of Arrogance under prosperity always produces Self Righteousness. When people engage in Salvation Adjustment to the Justice of God by faith alone in The Lord Jesus, The Christ alone and join some church and then clean up their overt behavior under pressure from this local church they become very Self Righteous and very often whole nations do this. The United States of America is and has been very Self Righteous because of her prosperity and this prosperity was acquired, not from Self Righteousness but as a result of Free Enterprise as a function under the Laws of Divine Establishment. In the past 6-7 decades of recent history America has been systematically destroying this hard won prosperity because of the Self Righteous Arrogance of those in government. As a result people now hate anything which is successful and there is constant talk about redistribution of wealth, helping the poor downtrodden, giving government handouts to illegal alien residents but it is only the existence of Free Enterprise which provides prosperity for any nation. People now have 2 cars in all garages and as a result of this great prosperity the people imagine that their thinking is surely right about everything. On the other side of this thinking comes the Guilt which says that since people have 2 cars 1 of them should go to the 3<sup>rd</sup> world countries for those poor people there. This is epitomized by the Arrogance of the individuals in the entertainment industry who render their opinions and think they are totally right and justified in doing so because of their material prosperity, while they spend their entire lives [PRETENDING](#) to be someone or something they are not. Although this is extremely idiotic thinking, Self Righteousness is too blind to see the truth of it. Some Self Righteous Arrogant people want to tell others what they should wear or how they should dress and others want cars to not use certain types of fuel and

others question why anyone needs guns and the truth is that none of these things are any of their damned business. These people are so Self Righteous that they think they know what is better for everyone and then try to tell everyone what to do in all areas of their lives. God does not now nor has he ever liked Self Righteousness in a believer. Absolute Righteousness and true Spirituality and Self Righteousness with pseudo spirituality are not even remotely the same and Absolute Righteousness emphasizes that which is imputed at salvation to the soul and Self Righteousness emphasizes the overt activities of an individual in life.

When someone is envious of another's talent and desires to degrade this person they must do so very subtly, being clever and innocuous in their efforts. This is the way to get at someone and it happens every day when people, moslems, peace niks, etc., reduce The Lord Jesus, The Christ to the level of a teacher or religious man and is totally based on EVIL. Their effort is directed to putting The Lord Jesus, The Christ at the same level of the common man because in their minds all people are equal and all are the same. This can be applied to the Jew where no one is equal to the Jew today, nor in the past, nor ever, the Jew is superior to every other race and those who envy him are those who degrade him and persecute him such as occurred under Ferdinand and Isabella in Spain and in Hitler's Nazis in Germany, etc. Everywhere one can turn, today especially, there are those who wish to take a great person and make them look like a jackass. This is clearly the concerted effort of the democratic party over almost a decade so far with their persecution of President Donald Trump. The believer must recognize others who have talent, ability or knowledge which he does not have and he must understand how to overcome them if and when needed. The Jews have a high IQ but their mental blindness to the true doctrines of the Old Testament Scripture results in what can be called the Big Blot Out. In Arrogance the Jews have establish an imaginary orthodoxy which does not exist in the Plan of God but only in their Evil influenced and vain imaginations. By rejection of The Lord Jesus, The Christ, *the God of Israel* and their only savior, the Jews have excluded him from their imaginary orthodoxy so that every rabbi thinks he is as good as Christ, the prophet. Arrogance and Self Righteousness in Israel is totally divorced from reality, as it always is, consequently the Jews distort what they consider the service of God as in [John 16:2](#) where they excommunicate from the synagogue those who accept Christ. Moslems think when they kill Jews and Christians today that they are also offering service to God. This, like all types of [Religion](#) and [Legalism](#), is based on Self Righteousness while all [Grace Orientation](#) and Grace function is based on the imputed Absolute Righteousness from God which only comes from faith in The Lord Jesus, The Christ alone. ([Rom 10:3](#))

### **Arrogance of Lifestyle for Salvation**

The function of the Jew in trying to keep the Mosaic Law is referring to the LIFESTYLE of the Jews and Lifestyle is not ever a means of Salvation Adjustment to the Justice of God. ([Eph 2:8-9](#)) Keeping the Mosaic Law did not, does not and cannot provide [Salvation Adjustment to the Justice of God](#) for the Jew or anyone else. Keeping the Mosaic Law produces moral Self Righteous Arrogance and Legalism not salvation. ([Rom 3:20](#), [Rom 3:28](#), [Matt 5:17](#), [Gal 3:24](#)) Only human Arrogance can erroneously conclude that any human effort within some system of religion or morality can result in Salvation Adjustment to the Justice of God. In the Theocentric dispensations of the Old Testament Scripture times NO ONE was saved by their

own human efforts or works righteousness or keeping the Mosaic Law or any other system of morality. This means that the policy of the Grace of God excludes, in every dispensation, Salvation by any system of human efforts or Self Righteousness. The Jewish unbeliever in the Age of Israel was blinded by Arrogant self achievement and the Self Righteous Arrogance resulting from his keeping the Mosaic Law and this is still a problem for Jews today. No lifestyle, including semi perfection in morality, can open the gates of heaven for Eternal Life. Doing is a lifestyle but Faith, Thinking, directed nonmeritoriously toward The Lord Jesus, The Christ is the means of eternal salvation and the morality of lifestyle must never be confused with eternal salvation. The failure of Israel is the same failure of all Self Righteous Arrogant people in choosing the WRONG righteousness. In Arrogance they choose personal righteousness and in salvation one must choose the Righteousness of God above all else.

There is nothing wrong with morality but there is nothing RIGHT with Arrogance in morality. Contrary to popular opinion where morality exists without Arrogance, freedom and privacy exist with self determination. Morality is and should be a LIFESTYLE in a client nation and does not refer to any system or means of salvation. Arrogance in distorting lifestyle into a way of salvation sets up the principle of competition between human Self Righteousness vs the Righteousness of God. While morality sponsors human freedom, to the believer it is neither salvation nor spirituality in itself. Hell will assuredly be filled with very moral people whose satisfaction with their own moral good deeds or Self Righteousness motivated them in Arrogance to reject the offer of God's Absolute Righteousness through faith alone in The Lord Jesus, The Christ alone. However, most immoral town drunks may wind up in heaven if they were caught drunk in church and expressed faith alone in The Lord Jesus, The Christ alone. Morality provides freedom which is the environment for evangelism and therefore nonmeritorious decisions which are the sole basis for salvation.

The means of Salvation Adjustment to the Justice of God is through faith in The Lord Jesus, The Christ and his Substitutionary Spiritual Death for all human sin on the cross but what the Jews did was take their own efforts, under a system of morality which was based on their Arrogance, and thereby set up their own Self Righteousness in opposition to the Absolute Righteousness of God and this is and has always been their major blind spot. Arrogance distorts lifestyle into a system of moral Human Good deed efforts and the believer must remember Eph 2:8-9. The failure of the Jews was improper function of will or volition rather than inability of Self Righteousness which was the cover for their inadequacy. The most Arrogant people in the world are Inadequate people. The ones who think they are ugly or poor and thus they cover their inadequacy with Arrogance. Since 1440 BC, for over 3000 years, the Jews have been covering their inadequacy with Arrogance. Jewish Arrogance rejects the gospel and substitutes personal Self Righteousness from attempts at adherence to the rituals and prohibitions of the Mosaic Law. The principle here is that NO ONE can ignore The Lord Jesus, The Christ and get away with it. The unbeliever always ignores Christ whether he is Jew or gentile. Therefore, the true reason that throughout the history of man the Jews have been periodically en mass destroyed and are constantly blamed for all the problems of mankind is the mentality which has resulted in this Big Blot Out. This applies to gentiles as well and the average believer today, and for a very long time in history, is so full of his own Arrogance,

self importance, emotion, morality and Human Good ideas, that he has no clue as to who The Lord Jesus, The Christ really is and what salvation is about. To this average believer today Christ is not real at all and will never be real until they are in a hopeless mess, deep in [Reversionism](#), facing the [Sin Unto Death](#) and only then they may think of Jesus Christ again.

This Big Blot Out by the Jews still exists today and periodically causes the disasters of the holocausts in history. Such Arrogance is blasphemous and disastrous and has resulted from their having blotted out the 1<sup>st</sup> advent and set aside the principle that one cannot ignore The Lord Jesus, The Christ and get away with it. In their false system of Self Righteous Arrogance only the person who attempts to be saved by the Self Righteousness of keeping the Mosaic Law or some other system of religion or morality shall go up to heaven. The Right Lobe of the Stream of Consciousness of the Soul, the source of faith, is also the source of the rationalization as to who should go to heaven. This rationalization in the Frame of Reference comes from Arrogance. This Arrogance in the Right Lobe rationalizes saying “My thoughts are better than divine revelation” thus Arrogance rejects faith and rationalizes. Rationalization thereby produces human Self Righteousness and the Legalism involved with keeping the Mosaic Law, whereas faith produces the imputation of the Righteousness of God. Arrogance finds or devises some thing which must be done for salvation such as adhering to some taboo system, or some system of morality or religion or some pattern of Self Righteousness etc. The reason many people have not acquired salvation is that they choose Rationalization from Arrogance above Faith from [Humility](#).

Arrogance always emphasizes the ritual while Grace always emphasizes the reality. The Jew represents a facsimile of the individual's soul in today and just as the Jew has blotted out the cross and the 1<sup>st</sup> advent of Christ so the unbeliever, in his Arrogance, rejects the cross with Negative Volition and in Arrogance sets up a system of [Human Good](#) works or Self Righteousness for salvation.

• Arrogance + Human Effort Works == pseudo salvation

Arrogance is also the way that liberalism is born, then comes rationalization and then Self Righteousness. The unbeliever Jew denies the efficacy of redemption resulting from the Substitutionary Spiritual Death of Christ by blotting out the 1<sup>st</sup> advent with Arrogance and rationalism in his Right Lobe.

### **Self Righteous & Blind Arrogance, Apostasy & Self Pity**

Hidden or [Blind Arrogance](#) is the source of most sins and 90% of all problems for the believer. A person who faces life and becomes discouraged has a basic problem of Arrogance since they would never be discouraged unless they think of self as greater in some way than they really are. People constantly make an issue of self rather than seeing the true issues of life. When involved in Arrogance one destroys his IQ and thus becomes stupid because this he is guided by the acceptance of information, either TRUE or FALSE, only on the basis of his Arrogance. If the one who provides the information does not personally please them or has not made obeisance to them in some subtle way, whether the information is correct or not is not the issue. These people are simply resentful and this comes from Arrogance. In England in 1979 ministers had to word their messages in a certain way so as not to offend the sensitivities of

anyone. This resistance to Bible Doctrine in England was the resistance to plain speaking and is the cult of vanity and Arrogance. This exists now in the United States of America and is continuing today with “politically correct” speech which aims to prevent offending anyone. Because truth is resisted by one, no matter how smart a person he is, this makes him immediately stupid. Because of vanity when people feel that the communicator of information is speaking down to them, even if the speaker is 100% correct, in their view from their Arrogance they consider the speaker 100% wrong. Truth may, in addition, disagree with pet ideas or offend one when a person is in a state of [Self Pity](#) and this becomes another basis for rejection of the truth.

It is very easy to parlay Self Pity into mental confusion and by this confusion become resentful of the truth or to take it subjectively instead of objectively. It is the ministry of God the Holy Spirit to cause the believer to be objective in the Perception, Cognition, Inculcation and Metabolization of whatever Bible Doctrine is taught so that it is taken as the Word of God, from God, in such a way so as to correct, change, enlighten, motivate and provide what is needed for the believer to orient properly to life. Having in past times had a good sense of humor and been able to have a good laugh now and again once a person takes himself too seriously, as a result of Arrogance, his sense of humor is immediately lost. Along with this loss goes the ability to take a verbal or mental berating from anyone despite these others being totally wrong, and ignore it and laugh about. This is a loss of the ability to orient to life and to mature as a human being and believer in Christ. Most problems Christians have are the result of them being immature people and immature believers. Self Pity is one manifestation of this and can be mistaken for many things often being disguised as pseudo spirituality or some level of concern for the well being of the Human Race. It is very easy to get a society to accept Self Pity. However, when society begins to accept the personal Self Pity of many people then society has lost its collective strength and cannot cope with the collective problems of life. This becomes an enervating terrible loss and weakness to any client nation.

Apostasy does not have to be related to antagonism toward the personality of the Pastor Teacher who is properly teaching doctrine which has been rejected nor to the obvious errors of teaching which will occasionally occur but it is always related to Self Pity and Frustration in the apostate believer. People who are unhappily married and attend “program” churches, try to compensate for failure in their personal life to adjust to each other by becoming very active in whatever activities or programs the church offers in terms of service. In so doing they avoid dealing with their personal problems and the reality of their own situation. By not relating their problems to Bible Doctrine they develop a very strong area of sensitivity. As a result they do not profit from doctrinal teaching but immediately react to it. Once they react from Arrogance they begin to use a name calling system to justify their frustration. Because of this, it is possible for them to be very regular in attendance at Bible class and never profit from it because Arrogance resists the truth. This was the case with Satan, who lived in the presence of God as the anointed cherub, who spent much of his time in the presence of The Lord Jesus, The Christ and Pride or Arrogance was his failure. Satan is one of the most attractive capable creatures ever created by God and has greater intellect and perspicacity than many other creatures but with all this and living in the presence of the Lord every day and seeing the

glory of God he still resisted the doctrine and the whole system of the Plan of God in Arrogance. Being smarter than humans can ever imagine being and more perceptive, living in the presence of eternal infinite God, seeing his attributes in action and hearing the wisdom of God, HOW COULD HE POSSIBLY FAIL? How could Satan say “I will be like the most high”? The answer is simple, [Prideful Arrogance](#).

Arrogance is the greatest enemy of the individual and causes him to make an issue of self when he is not even an issue at all. Arrogance causes him to overestimate self through selfcenteredness and also under estimate self through Self Pity both being incorrect positions. In both situations he starves his soul, which is designed to absorb and contain the Absolute Truths of Bible Doctrine, and feeds it only the LIE of EVIL as a result of his entanglement in Arrogance. When the soul fails to take in Truth, because of neglecting, resisting or rejecting Truth, no matter how strong, powerful or wealthy a person may be, he will degenerate to the point of death because he cannot survive without some aspect of Absolute Truth in the Stream of Consciousness of his Soul. People who constantly feel sorry for self cannot be consoled or helped and all they want is attention and they will suck dry anyone in their periphery, trying to increase the attention they are getting. This has destroyed many pastors who try to appease people and help them but they do not want help and will not allow their attitudes to be straightened out as long as anyone gives them attention. This, as a destroyer of many, is all a matter of involvement in the Interlocking System of Arrogance.

### [Gate #10 – The Arrogance of Approbation](#)

People divorced from reality cannot ever accept reality especially when reality is disaster and as a result they cannot cope with it. For one involved in the Interlocking System of Arrogance there is nothing greater and more stimulating than human approbation. However, the reality is that the worst thing which can ever happen to a human being is to desire the approbation of a crowd or an individual because this eventually destroys the people who desire it and is why the [phoniest people in the world are generally entertainers](#). Being a good entertainer requires that the actor or musician be divorced from reality and if he has talent and is going to play a part he must divorce self from the reality of his life and enter into the part he is going to play. Once he plays a few parts and receives approbation from the audiences he then becomes permanently divorced from reality and this is similar to a narcotic addiction where he must have it all the time. When they start to lose the attention of the crowds they have to go into wild activities to gain more attention. This is what drives people in show business to think that their [Personal Opinions](#) about issues in life have any value whatsoever. In addition, those who are strongly influenced by approbation cannot ever handle disaster. This is why American politicians are of no value in the world today because they are in the GAME of politics for approbation and though 90% may be smart people individually they are so divorced from reality they will be destroyed in the next big national disaster.

Mobs are individuals in a group which have no leader nor discipline and are always emotional, fickle, irrational and seek approbation from the masses around them. Mob involvement is a distraction for the individual to Perception, Cognition, Incultation & Metabolization of Bible Doctrine and becomes a breeding ground for complete entanglement in Arrogance. Those individuals who depend on the approbation of the mob or the big crowd will never have capacity for life and will lose their honor and integrity ending up with a distorted scale of values becoming a demagogue or politician. Approbation from the crowd, when taken seriously, destroys moral courage and distracts from Bible Doctrine and for the believer so oriented, guarantees a lifetime of misery and then a horrible death before being face to face with the Lord. Mob function demands equality while intruding into privacy, destroying property and rejecting authority, thereby it is a destroyer of human freedom. The Mob becomes an evil instrument and easily succumbs to rumor and propaganda and is always victimized by demagogues who promise the millennium and in reality give nothing. Freedom is lost in the mob and every person as a part a mob is a slave to irrational and insane emotion. The mob and its approbation is an incredible distraction to believers learning how to handle national or any collective disaster when it occurs.

### **Gate #11 – The Arrogance of Self Vindication**

Involvement in the Interlocking System of Arrogance renders a person unteachable and even a Pastor Teacher focused on expository teaching of Bible Doctrine cannot teach people in a congregation when they are constantly trying to [Justify](#) or vindicate themselves. This is where all conspiracies come into being and where there is an interlocking of Self Vindication with [Conspiracy Arrogance](#). There is only one person in the vindication business and it is gross arrogance, even blasphemy, to ever attempt to engage in Self Vindication. Only God is the true and accurate witness and ONLY God has all the facts. Others who Judge, Malign, Gossip, are abusive toward others, dislike others or try to discredit others for any reason, do exist, but, they have intruded upon the prerogative of God and have no right to their actions and are in fact responsible directly to God for trying to usurp his job. Therefore, and in addition, no one has any right to Self Vindication as a compensation for real or imagined wrong. The believer is to always live his life as unto the Lord and **NEVER try to justify self for any thing to any one, EVER!** The believer must ensure he is aligned with the Lord and the Grace Plan of God but must never try to justify self because if he does he will become the most unpopular person in the world, a [Self Righteous](#) prig. No one likes this kind of person and this is the most effective way to completely destroy one's own life. To constantly make Self Righteous pronouncements about how right one is, is Self Vindication Arrogance at its worst. ONLY God has the right of vindication for believers and the fact is that **GOD MUST VINDICATE HIS WORD WHEREVER IT IS FOUND** therefore the secret to vindication by God is consistent Post Salvation Epistemological Rehabilitation by Perception, Cognition, Incultation and Metabolization of Bible Doctrine to accumulate a MAXIMUM of his word, the thinking of Christ ([1Cor 2:16](#)), into one's soul.

### **Gate #12 – The Arrogance of Fanaticism**

When the attraction of the Interlocking System of Arrogance is allowed by the believer to distract him in his Spiritual Life because of his failures under [Motivational Arrogance](#) it has inevitably begun as a result of some level of [Negative Volition](#) toward Absolute Truth. Avoiding the attractions of the Interlocking System of Arrogance demonstrates that the believer is developing greater and greater faithfulness to God without becoming Fanatical toward God. Fanaticism is a category of Arrogance where the believer is inordinately preoccupied with self and is saturated with intensive Motivational Arrogance from [Self Righteous Arrogance](#) and [Pseudo Morality](#) which becomes Fanaticism. The believer is supposed to demonstrate true faithfulness toward God and his Grace Plan without Fanaticism which can only be accomplished by consistent function in the [Divine Dynasphere](#), the [Power system of God](#) which does not create Fanatics but does create Faithfulness. Fanaticism is also a distortion of Bible Doctrine and there is no place in Christianity for Fanatics. Fanaticism is:

- ▲ ZEAL without knowledge
- ▲ Excessive enthusiasm without [Motivational Virtue](#)
- ▲ Irresponsible Arrogance without [Functional Virtue](#)
- ▲ Subjective Concentration without Bible Doctrine Inculcation
- ▲ Arrogance as inordinate Zeal
- ▲ Bigotry
- ▲ Having Extravagant and Wild Notions
- ▲ Distortion and Misapplication of Bible Doctrine.
- ▲ Failure to regard Humans as PERSONS.

These areas of thought as [Motivational Arrogance](#) can start a whole system of Fanaticism involving the [Functional Arrogance](#) of:

- ▲ Inordinate Ambition
- ▲ Inordinate Competition
- ▲ Complaining
- ▲ Criminality
- ▲ Authority
- ▲ Crusader
- ▲ Conspiracy
- ▲ Political
- ▲ Revolutionary
- ▲ Antisemitism
- ▲ Achievement
- ▲ Legalistic
- ▲ Religion

The Divine Dynasphere, the Power System of God calls for [VIRTUE](#) and Bible Doctrine First NOT Fanaticism. To the extent one becomes a Fanatic he has failed in the Christian Way of Life and fallen headlong into Cosmic Dynasphere I under Motivational Arrogance and thus Fanaticism is Arrogance. Again, the believer must stop thinking in terms of Arrogance ([Rom 12:3](#)) to avoid becoming involved in the functions of the Interlocking System of Antagonistic Emotional Hatred, Cosmic Dynasphere II. Thinking in terms of Arrogance and Antagonism in these 2 systems results in a level of Fanaticism which is INSANITY and a DISTORTION of all Absolute Truth. In fact, one of the most obvious signs of being involved in the fragmentation resulting from pulling the pin of the Arrogance grenade is Fanaticism. There is no excuse for the believer to ever become a Fanatic because TRUE motivation within the Protocol Plan of God, the Power System of God, the Divine Dynasphere, is not Fanaticism but is the invariable result of placing:

- ▲ Bible Doctrine first
- ▲ Mandates First
- ▲ Virtue First
- ▲ Glorification of The Lord Jesus, The Christ first

Fanaticism is therefore both Illusion and Delusion from one's distortion of Bible Doctrine and the believer must therefore dismount from his Fanaticism.

Once the believer starts thinking in terms of Arrogance under Motivational Arrogance with [Mental Attitude Arrogance](#), his life will fragment along the lines of his predilection for subjective or objective manifestations of Arrogance. Therefore, the believer will become either a Fanatic or a FOOL or maybe even both. A good illustration is the Mental Attitude Sin of [Jealousy](#) which results from involvement in Mental Attitude Arrogance and which is a Fanaticism of Motivational Arrogance. This often occurs when Christians avoid and condemn the OBVIOUS overt sins, which in their thinking are the worst sins. They then always become involved in the more subtle sins, the Mental Attitude Sins, which are always considered by God to be far worse, and as a result they become Fanatics in condemning the others who are involved in the overt sins. ([Prov 6:16-19](#)) Then they proceed to call themselves the "Moral Majority" when they are in reality the spiritually arrogant.

Therefore, Arrogance as a system of thought in which there is a real or imagined sense of individual superiority, distorts life and the true perspective of human frailty, resulting in presumptuous [Self Righteousness](#) and a false sense of destiny which produces Fanaticism. These Self Righteous people with their strong personalities tend to dominate any group where they find themselves. When they hear some opinion with which they do not agree they step in for correction and express their opposing opinion seeking to impose their own Self Righteous Standards on all others. Because they have gone from Faithfulness to God in the Divine Dynasphere to Fanaticism in the Cosmic Dynaspheres they have a vernier of strength with a dominating personality from Motivational Arrogance and they thus reject Absolute Truth in any form especially Bible Doctrine. This is Fanaticism and a total obsession with self which motivates one to superimpose his personal false opinions on others, concerning Bible Doctrine standards which they have universally rejected. This inevitably interlocks with [Personality Arrogance](#) so that this believer picks something he does not like and distorts Bible Doctrine to

the point of supporting his ideas about this thing and his desire to stop its functions or destroy it, then he claims that the bible supports his position in areas such as:

- ▲ Abortion
- ▲ Equal Rights
- ▲ Homosexuality
- ▲ Transgenderism
- ▲ Women's Lib
- ▲ ETC.

These people are Fanatically trying to get others to accept their ideals so that they can become the Authority. Inevitably with this comes what they consider as righteous indignation which is out of control. This often occurs in a Reaction to some government administration overreaching the authority granted to them by the constitution of the nation. This is what occurred in the Reagan and Trump administrations when these true conservative presidents were vehemently criticized by both liberals and conservatives because they did not join the band wagon of the party and did not agree with the personal crusades of the conservatives to remain in power. There is one category of people who cannot ever stand or support any truly good legitimate, conservative, establishment oriented administration in the United States government, Fanatics. However, in any system of government when the leading ruler or administrator, like the American president, becomes a Fanatic, then the government will move to dictatorship and when in America Congress attempts to oppose him he will remove them or their power in some way and when the Judicial Branch opposes him he will do the same and take full control of the country. This is what Obama was trying to do and probably what Mr. Trump should have done. Fanaticism is TRUE Arrogance and arrogant people cannot think clearly and for clear thinking one must KNOW principle and have the practical, pragmatic application of, this was and is Mr. Trump.

Arrogant believers always have their own pet area of “holiness” or “spirituality” and Self Righteous Arrogance takes this pet area and runs with it in Fanaticism and tries to forcibly push it onto others. This Fanatic becomes so narrow with his tunnel vision that his pet area of “holiness” becomes his definition of morality but is in fact [Pseudo Morality](#). Therefore, once one becomes a Fanatic the only field of morality which is acceptable to him is his area of Fanaticism and all other areas or definitions are then not tolerated and degeneracy begins. This involvement in [Motivational Arrogance](#) in Cosmic Dynasphere I is engaging in what has been historically fulfilled through Arrogance in:

- ▲ The French Revolution
- ▲ William Garrison
- ▲ Henry Ward Beecher
- ▲ Harriet Beecher Stowe

The people involved here were functioning under [Crusader Arrogance](#) motivated by their Fanaticism and this arrogance attempted to bring the solution to varied systems of slavery by violence and warfare which was totally unnecessary. There are always many small arrogant people who will listen to a dominating arrogant person speak. In their small minded arrogance and their inflamed thinking these people were for violence to solve what they considered to be an insurmountable problem and they were Fanatical.

Therefore, Fanaticism is from and part of EVIL while Faithfulness is [Motivational Virtue](#) directed toward God. Faithfulness to God must be understood and developed from maximum [Metabolized Bible Doctrine](#) in the Right Lobe of the Stream of Consciousness of the Soul without developing Fanaticism for God. Fanaticism, therefore, is Motivational Arrogance from Evil within Cosmic Dynasphere I.

### **Gate #13 – The Arrogance Skills**

People, generally, are no longer teachable and the exact reason this system of Arrogance has to be explained and understood. The believer cannot learn the Christian Way of Life if he does expose himself to Bible Doctrine teaching because living in the Cosmic Dynasphere System under the rulership of Satan, he is constantly focused on Self. One cannot learn anything in life when he constantly tries to Justify self. In fact most people spend their entire lives in Self Justification because they do not regard themselves as PERSONS but as achievers or failures. Whether Achievers or Failures they constantly try to Justify themselves and their position and no one can learn anything while in this status quo. Therefore, obviously, the believer cannot learn Bible Doctrine in the [Power system of God](#) the Divine Dynasphere when he is involved in the Self Justification of the Arrogance Skills within the Interlocking System of Arrogance, Cosmic Dynasphere I. In the Power System of God, the Divine Dynasphere, the believer must remember that GOD HAS JUSTIFIED HIM at the point of his having made Salvation Adjustment to the Justice of God and has provided him with the imputation of the Absolute Righteousness of God. This is what opens the field for the believer's function within the Power System of God, the Divine Dynasphere, the Protocol Plan of God.

The Arrogance Skills are a subjective way of thinking based on principles and policies of EVIL and the believer must divest himself from them at all costs and remain objective in his thoughts and focused not on Human Viewpoint but on the Divine Viewpoint of Metabolized Bible Doctrine resident in his Stream of Consciousness of the Soul.

- ✧ **Prov 23:7**; “As a person thinks in the right lobe of his soul ([heb] nephesh = soul), so he is”.
- ✧ Marcus Aurelius; “Our Life is what our thoughts make it”.

False variables related to involvement in the Arrogance Skills include all of the totally false principles involved in the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred, the false doctrines of demons, the plan and policy of Satan derived from and called EVIL, saturating the Stream of Consciousness of the Soul.

### **Arrogance Skills Defined**

#### **Self Justification**

This is a world one lives in where he is always right and all others are always wrong. When distracted by Self Justification the believer then enters into functions under Self

Deception. Self Justification as one of the Arrogance Skills attacks the [Faith Rest Drill \(5 stages\)](#) and takes the matter of personal wrongdoing out of the hands of the Supreme Court of Heaven.

### Self Deception

Self Deception results in seeing self as a hero and close to being God. This Arrogance is a [Mental Attitude](#), a [Motivational Arrogance](#) and a deception of self so that a person who is Arrogant, no matter how intelligent he may be, becomes instantly truly stupid. This Arrogant person has created within himself a weakness which makes him vulnerable to every distortion in life, this is his Arrogance. When function in this area becomes a daily practice the believer then enters into Self Absorption. Self Deception as one of the Arrogance Skills attacks the reality of and need for the [Filling of God the Holy Spirit](#) and having [Metabolized Bible Doctrine](#) saturating the Stream of Consciousness of the Soul, thus very often the believer is totally ignoring both.

### Self Absorption

Inevitably Self Absorption results in totally leaving reality behind. Self Absorption attacks the reality of and need for developing [Personal Love for God](#) and [Occupation with the Person of The Lord Jesus, The Christ](#) as the source of the greatest blessing for the believer in [Maturity Adjustment to the Justice of God](#) and replaces this with total focus on self love.

Preoccupation with Self is always an indication of strong involvement in the Interlocking System of Arrogance and function within the Arrogance Skills. The Arrogance skills when used by a Spouse in his marital relationship will ultimately undermine and destroy the Marriage. [Impersonal – Unconditional Love](#) is an essential part of every marriage, and perpetuates [Integrity, Honor and Virtue](#) without any involvement of the Interlocking System of Arrogance or Arrogance Skills and without involvement in the Interlocking System of Antagonistic Emotional Hatred. Arrogance never takes responsibility for being Arrogant because of functions within the 3 Arrogance Skills. The Arrogance Skills of Self Justification, Self Deception and Self Absorption cycle in the negative believer's soul and cause him to LIE to himself because he believes the LIE of Evil and, as a result, become a [Psychopathic](#) liar.

The believer must beware of Justifying his sins ignoring the necessity for use of the [Rebound Procedure](#) as a result of his function under the Arrogance Skill of Self Justification. When involved in the Arrogance Skills and other aspects of the Interlocking System of Arrogance the only recovery for this and any carnality is the rebound procedure provided by God. Rehashing past sins, problems or failures results in Self Absorption, [Self Pity](#) and total involvement in the Arrogance Complex and Arrogance Skills. The Lust Patterns of the Old Sin Nature along with the involvement in the Interlocking System of Arrogance, the Arrogance Skills, and the Interlocking System of Antagonistic Emotional Hatred are the means of the believer's total abject failure in the Spiritual Life. These Arrogance skills cycle forward through each level and then, at times, in reverse, complicate the status of the believers soul with overwhelming Arrogance.

Arrogance Skill #1

Self Justification results in

Arrogance Skill #2

Self Deception results in

Arrogance Skill #3

Self Absorption

Once a believer gets into this cycle, if it is unbroken by his use of the rebound procedure, then when it recycles over and over without his not breaking out of the pattern, it ultimately results in psychosis. If the believer takes the undaunted position that he is never wrong he has obviously cycled through the Arrogance skills many times.

### **Exploitation & Blaming others for One's Problems**

One of the greatest hindrances to learning Bible Doctrine is the interference of well meaning Christians in one's life. Only those who are truly Grace oriented and have true [Humility](#) can avoid being exploited or used by those who function under the Arrogance skills. The believer must always beware of the condescending person since they are functioning under the Arrogance skills using pseudo compassion to exploit him. He need not concern himself about the other person's Modus Operandi but only concern himself with his function under the [Spiritual Skills](#). Every individual has his own free will volition and uses it regularly for both good and bad. No one else can use his volition and no one can coerce his volition, UNLESS HE LETS THEM, therefore the believer must NEVER BLAME SOMEONE ELSE FOR HIS FAILURES. In Arrogance one always accepts responsibility for his successes in life and therefore he MUST assume responsibility for ALL his decisions, whether they are good or bad, successes or failures and never, ever, blame another person for them. Instead of facing failures and saying it is "MY FAULT" very often believers act like cry babies saturated with Self Pity and, as a result, get weaker every day. In addition, no matter what another person does, one cannot take responsibility for them, nor can he maintain any Bitterness, vindictiveness, nor implacability toward them. If he does then he becomes the loser who is entangled in the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred.

### **The Origin of Arrogance Skills**

All SIN is preceded by Arrogance, Satan's original sin, and all human sin is followed up by the Arrogance Skills. Therefore, all precedents for the Arrogance skills come from the original sin of Lucifer in eternity past. ([Ezek 28:14-17](#)) Therefore, Arrogance Skills are 'reverse thinking:

- ✧ Self Justification is lowering oneself in life by not taking responsibility for personal decisions
- ✧ Self Deception is where one has hit bottom in life lying to self
- ✧ Self Absorption is where all one can do is think about self and how he feels about anything and everything, and who is saying good things about him and who is saying bad things, and who is telling him he is wonderful and who is not, etc.

Arrogance makes many people in this world their own God, and in their own Arrogance they also say, "I will be like the most high", when they infer, IF I am 'good' enough God will let me into heaven.

[Is 14:14](#) describes the ORIGINAL sin of Arrogance when the super genius, God's most perfect creation, turned against God. As a result of this sin and later Satan's acquisition of the rulership of this world, every human sin from then on involves some form of Arrogance. The Arrogance of Satan was and is that he wants to supplant God, in the person of The Lord Jesus,

The Christ, to rule the angels. His Arrogance is such that he was ready to and in fact did do battle with his creator. Satan assumed in Arrogance that the Human Nature of The Lord Jesus, The Christ in Hypostatic Union was His area of vulnerability for these attacks. In one's Spiritual Life, the temptations he comes to are related to either the Interlocking System of Arrogance, the Interlocking System of Emotional Hatred or the Arrogance Skills. Antagonistic Emotion and Arrogance are the greatest Distractions of the Spiritual Life. Every time one is guilty of gossip or maligning another and thinks he is right, whether he is wrong or even if he is right, he is under Arrogance and Emotional sinning and he is lying about others and to himself. The first revealed direct Satanic temptation of The Lord Jesus, The Christ was designed by Satan to bypass the prototype Spiritual Life and make food more important than the Spiritual Life. In this first temptation Satan solicits the Divine nature to rescue the Humanity of Christ from the state of Hunger. There is both a Value and a Sin issue involved here. The Sinful Function of Self Absorption the 3<sup>rd</sup> Arrogance skill could result in Jesus entering the 2<sup>nd</sup> Arrogance Skill of Self Deception with lying to self in order to Justify saving himself in the 1<sup>st</sup> Arrogance Skill of Self Justification. It was a temptation asking the divine nature to provide for the hunger of humanity of Jesus so that He would bypass the prototype Spiritual Life and the [Filling of God the Holy Spirit](#) and reject the principle of [Logistical Grace](#). Jesus recognized clearly and EVERY believer must also recognize that GOD is obligated to provide all his life sustaining needs until it is time for him to leave this life.

### **Loser Believer – Believing the Lie**

The Loser Believer does not lose his salvation but does lose the conveyance of his Escrow Super – Grace Blessings in both time and eternity. However both Winners and Losers as believers still receive Logistical Grace support from God but the loser remains a “childish” immature person as an adult as a result of his having in some way rejected Bible Doctrine. The concept of “MACHO” generally connotes that a person has grown up physically but is still a child or moron mentally or emotionally. He is a stupid, dumb, imbecilic person and this includes most believers with the wrong overall Human Viewpoint concepts of life from indoctrination in the Cosmic Dynaspheres. Macho people are totally Arrogant and completely entangled in the Interlocking System of Arrogance and they are the worst to try to live with. When this reflects the status of the believer they have, for one reason or another, failed to be consistent in Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. These believers, under [Negative Volition](#) toward Bible Doctrine, have no spiritual growth and no understanding of the [Problem Solving Devices](#), [Spiritual Skills](#), [God's Power System](#), God's Grace Plan and no cognition of the [Unique Factors of the Church Age](#). They are ignorant of the [Irrevocable Assets](#) provided by God for their Spiritual Life, the [Divine Dynasphere](#), the [Filling of God the Holy Spirit](#), the fact that they are in the [Royal Family of God](#) and that they are a new spiritual species. They have ABSOLUTELY no concept of the purpose for or the process of the [Rebound Procedure](#) or of their equality of privilege and opportunity in the Christian Way of Life. This status for any believer is tragic because it has a profound effect on Human History and there are way too many spiritually childish believers in this nation and in the world today, the definitive cause of the degeneracy evident here today. The childish believers have GREAT INSTABILITY in their Spiritual Life and in their temporal life and they are similar to a ship being tossed out of control by waves in a storm at sea. They are constantly agitated and

unstable spiritually and mentally as a result of their having a total lack of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of their Soul. Being tossed around by Heavy Seas or Waves refers to pressures, difficulties, problems, catastrophes, calamities, disasters, sorrows and any other extremities of life, even great prosperity. This believer is FAILING to use the [Problem Solving Devices](#) of the Protocol Plan of God obviously indicating an ignorance of their existence. This ignorance is the status quo of the believer who is ignorant of the:

- ✧ Mystery Bible Doctrine of the Church Age.
- ✧ Protocol Plan of God.
- ✧ 10 Problem Solving Devices.
- ✧ 39 Irrevocable Assets for the Spiritual Life.
- ✧ Grace as the foundation for the Plan of God.
- ✧ The Rebound Procedure
- ✧ How to maintain the Filling of God the Holy Spirit
- ✧ The mechanics of the Faith Rest Drill (5 stages)
- ✧ And much, much more.

This Ignorance results from some level of [Negative Volition Arrogance](#) toward Bible Doctrine which causes a malfunction of post salvation epistemological rehabilitation from a failure to be consistent in Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine. Therefore to be in the status of “destabilized” in the Spiritual Life is the absolute WORST thing that can happen to the believer, but it ONLY occurs because of his OWN CHOICES! As a result of his total ignorance regarding the 3 most basic Problem Solving Devices it is inevitable that he will enter into and become completely entangled in Cosmic Dynasphere I, the Interlocking System of Arrogance.

Therefore, to become a loser believer is to enter into Believing the LIE of the false Doctrine of Demons which is the principles of the Plan and Policy of Satan, EVIL, put into operation in the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred and the 3 Arrogance Skills. Becoming a loser believer is combining Emotional sins and Arrogance sins and functioning under the 3 Arrogance skills. This problem solving incompetence results in the perpetual carnality of this Loser believer. Therefore, this loser Believer functioning under Cosmic Dynasphere I, the Interlocking System of Arrogance, has severely neglected or totally rejected Bible Doctrine and as a result moves into the Interlocking System of Antagonistic Emotional Hatred, Cosmic Dynasphere II. There he becomes the Enemy of the Cross, the Enemy of God, and a Hater of God. ([John 15:23](#)) When the Adult believer who has developed Spiritual Self Esteem with a [Personal Sense of Destiny](#), from functioning in the [Divine Dynasphere](#), develops [Personal Love for God](#) and then moves from this status to loser Believer he has been distracted by 3 primary things:

- ✧ Arrogance
- ✧ Emotion
- ✧ Problem Solving incompetence

Therefore Problem solving incompetence becomes a permanent distraction to the Spiritual Life resulting in perpetual carnality through the distortion, neglect or total rejection of the [Rebound](#)

Procedure, a crucial aspect of the Christian Way of Life. This believer is therefore minus rebound which puts him on the road of decline to the status of loser status and into the **8 stages of Reversionism**. Therefore, distortion of the rebound procedure is one of the most destructive problems in the Spiritual Life. A person who functions in the 8 stages of reversionism and reaches the stage of Emotional Revolt of the Soul will at this point engage in a stronger use of the Arrogance Skills thereby pushing himself further into reversionism and false reality. The Believer who remains without recovery in reversionism substitutes all of the Arrogance Skills for the Spiritual Skills and abandons all Doctrinal principles for the rest of his life and lives a life of total misery ending with the Sin Unto Death as a final administration of Divine Discipline.

### **The Threat of Perpetual Carnality**

This is the Interlocking System of Antagonistic Emotional Hatred blending into the Interlocking System of Arrogance which leads to persistent function under the Arrogance Skills.

- **Reaction** to Outside Pressure in life, the 1<sup>st</sup> stage of Reversionism, with Emotional Sins firms up the Arrogance Skills and their destruction of the spiritual life.
- **Distraction** in the Christian Way of Life, again the 1<sup>st</sup> stage of Reversionism, from Bible Doctrine and the Protocol Plan of God which is the Spiritual Life of the Church Age which was the main reason that Judaism was so popular in the beginning of the Church Age.

Therefore, Reaction and Distraction place the believer into the 1<sup>st</sup> stage of Reversionism which very often leads to the destruction of the Spiritual Life completely. Distraction can occur at any stage of the Spiritual Life and results from involvement in the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred which eventually interact with one another when there is neglect of regular consistent use of the rebound procedure. This leads into functioning under the Arrogance Skills, of Self Justification, Self Deception and Self Absorption. Distraction creates a VOID in the Believers soul which is empty of Bible Doctrine as a result of non-participation in the processes of the Grace Apparatus for Perception for Post Salvation Epistemological Rehabilitation. On the other hand, the mature believer uses the Spiritual Skills to achieve promotion and thereby avoid these Arrogance Skills.

### **Arrogance Skills & Spiritual Life Distractions**

There are 3 things which result in believers being distracted from the Spiritual Life and Plan of God.

- Involvement with the Interlocking System of Antagonistic Emotional Hatred and the accompanying sins as a part of the distracted life.
  - The believer cannot ever free himself from these apart from the use of the rebound procedure.
- Involvement in the Interlocking System of Arrogance and the accompanying sins.
  - These will destroy the life, especially the Spiritual Life, in every imaginable way.
- Deployment of and function under the Arrogance skills.
  - No Believer can ever advance in the Spiritual Life while living under the Arrogance Skills.

When there is a lack of understanding of the True Spiritual Life there is a natural function

under the Arrogance Skills. First there is cycling through Self justification, Self Deception and eventually Self Absorption and then they reverse and cycle back intensifying their potential for destruction of the Spiritual Life. When involved in functioning under the Arrogance skills one is totally outside the realm of reality and being that there is no reality in Arrogance this is the greatest enemy of the Spiritual Life.

### **Cycling of the Arrogance Skills**

Implacability and Self Justification are found in the believer who has perpetual anger and **Self Righteousness** from the use of the Arrogance Skills and their constant recycling which results in a flawed believer. **James 1:22** explains that the flawed believer is a “Hearer” of the Word of God not a “Doer”. (**1Cor 3:12**) The limitations on the flawed Believer results in no function of the Spiritual Skills only function under the Arrogance Skills which, in fact, constantly function if there is no use of the Spiritual Skills. Arrogance Skills can start their function beginning at any of the 3 skill levels and then begin to cycle through all of them over and over, even in reverse. This results in entering the **8 stages of Reversionism**. Self righteous anger in the flawed believer does not receive justification from God. The believer cannot ever view self as being persecuted in any situation since this is Arrogance. If he is full of Self Justification then whenever he enters into an altercation or disagreement with anyone he will totally deceive himself and eventually cycle over and over through the 3 Arrogance Skills. When he is a loser, a “hearer of the word”, and he looks into the mirror of the Word of God in his soul he will turn away from the mirror which will have a distorted reflection because of his lying to himself. Thus he will forget all about Bible Doctrine, overlooking what has been taught, so that when this occurs repeatedly, he will claim rightness based on his false standards from Arrogance. When the believer can look into his own soul, and see self as he really is from the mirror of Metabolized Bible Doctrine then he AVOIDS the Arrogance Skills, subjective analysis from another’s counseling and any dependence on psychological analysis and functions. If he avoids Divine Viewpoint self analysis he automatically enters into the function of the 3 Arrogance Skills under Human Viewpoint self analysis. Therefore, the lack of the Application of Bible Doctrine to self results in Self Deception and further function in the Arrogance Skills. Therefore, when function under the Arrogance skills is practiced and continued this inevitably destroys the believers life. If the believer does not function under the 4 Spiritual Skills he IS Arrogant and it is inevitable that he will function under the 3 Arrogance Skills. As a result of moving into the 8 stages of Reversionism the believer lives a miserable existence and becomes status quo loser Believer in the Protocol Plan of God. These are people under the influence of EVIL through the Interlocking System of Arrogance who do not understand the word of God as a correction for their personal failures. These people are under occupation with personal problems, the details of life, and are totally subjective.

### **Arrogance & Stress in the Soul**

Arrogance always converts the ever present outside pressures of life into OPTIONAL Stress in the SOUL. Involvement with Arrogance, Arrogance Sins, Antagonism, Emotional Sins, and the Arrogance Skills will facilitate this conversion. The Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred + Stress in the soul + the Old Sin Nature domination and control of the Stream of Consciousness of the Soul results in entrance into these

Arrogance Skills by Dissociation. In this case certain elements of the Stream of Consciousness of the Soul take on an independent and separate existence manifesting as the Psychosis of alternating personalities. Therefore, without proper and consistent use of the Rebound Procedure being locked into the Interlocking System of Arrogance and the Arrogance Skills is inevitable. The Arrogance skills will lead one into Christian Activism and this is another mechanism which will lead to destruction of his Spiritual Life. The only true solution to function under the Arrogance Skills and the Interlocking System of Arrogance is consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine and advance in the Spiritual Life to Maturity Adjustment to the Justice of God or beyond and this totally depends on the consistent use of the Rebound procedure.

### Outside Pressures which contribute to Stress in the Soul

Arrogance is destructive to the Spiritual Life and without the Problem Solving Devices deployed on the Forward Line of Troops of the Soul outside pressure in life always results in Stress in the Soul and stress in the soul always results in involvement with the Interlocking System of Arrogance. The outside pressures of life include both situations and circumstances of adversity and prosperity, which are antithetical situations but both can lead to Stress in the soul. When the outside pressures of life become the inside pressure of Stress in the soul it signifies 2 things:

- There are NO Problem Solving Devices on the Forward Line of Troops of the SOUL
- The Old Sin Nature has control of the soul therefore there is involvement of this believer in the Interlocking System of Arrogance and possibly the Interlocking System of Antagonistic Emotional Hatred.

Therefore, it is obvious that when the Old Sin Nature takes control of the soul the individual's Scale of Values change radically and he begins to live based on false values. This results in the use of Maladaptive Defense Mechanisms to blame others for his failures.

The development of the Spiritual Life, and moving into Spiritual Adulthood from the development of a Personal Sense of Destiny, Problem Solving Device #6, and its deployment into the Stream of Consciousness of the Soul, is a prolonged process. This spiritual growth is never instantaneous, and it, along with the other Problem Solving Devices, are essential to avoid stress in the soul. Stress is any pressure of life outside the Soul which ONE VOLUNTARILY LETS INTO THE SOUL and therefore, can only be blamed on self. Outside Pressure in life of either Adversity or Prosperity is inevitable and is what circumstances do to one. Stress in the soul is what one does to HIMSELF by succumbing to these outside pressures. Until the believer takes responsibility for using his own volition to create the Stress, it will dominate the soul and be the cause of destruction of his Spiritual Life. The Outside Pressures of Life can be converted to Stress in the Soul through the Interlocking System of Arrogance or the Interlocking System of Antagonistic Emotional Hatred. The believer often begins by Self Deception, lying to self, and continues with Self Justification, lying to others and ends with Self Absorption and total conviction that he is all that matters and can do no wrong. *Always remember, OUTSIDE PRESSURE of one kind or another is INEVITABLE while stress from it in the soul is totally OPTIONAL, totally based on one's own decisions to allow it into the soul and to push out the correct viewpoint from Metabolized Bible Doctrine.*

When a Pastor Teacher and people in a congregation accept false doctrine they depart from the Spiritual Life. Arrogance always rejects accurate expository doctrinal teaching and blinds the believer to the Truth as a result of his being too preoccupied with self or others in relationship to self. Once a believer rejects Bible Doctrine the Pressures of Life make their way into the soul as Stress and the soul is overrun putting the Spiritual Life out of Action and creating a vacuum in the soul. Into this vacuum freely flows the LIE of the False Doctrines of Demons, the Satanic Policy of EVIL with motivations for Human Good production. These are believers who are only interested in personal profit from God and are not interested in the fantastic system which God has provided for them to use in all situations in life. The believer MUST remember that The Lord Jesus, The Christ, when in Hypostatic Union on earth, had outside pressures which were UNIQUE and included things one would never be able to totally understand nor withstand. He had and used 8 [Problem Solving Devices](#), which he pioneered for the Church Age believers, to prevent the pressures of His life from becoming stress in His soul. Sharing the Happiness of God, Problem Solving Device #9, prevents the outside pressures of life from becoming the inside pressure of Stress in the soul but requires reaching the final aspects of [Advanced Spiritual Adulthood](#) through consistent function under the [Grace Apparatus for Perception](#). Allowing Stress into the soul lets the Old Sin Nature control the soul with the resultant destruction of the Spiritual Life. It is extremely important for all believers to understand that SIMPLY BEING A BELIEVER results in GREATER PRESSURE in life than any other person has. One cannot ever handle the pressures of life as a believer without his functioning within the Sophisticated Spiritual Life reached at Spiritual Adulthood from consistent residence and function in God's Power System, the [Divine Dynasphere](#).

### Categories of Adversity & Prosperity Derived from Lust

There are 8 Categories of Adversity which lead to Stress in the Soul when the 10 Problem Solving Devices are not available and deployed to handle Adversities:

- ✧ **Historical or National Disaster**
- ✧ **Victim of Crime Disaster** such as Homicide, Rape, Burglary, Child Abuse, etc.
- ✧ **Victim of Vituperation and Vilification** when there is failure to put the vituperation on the docket of the Supreme Court of Heaven with the [Faith Rest Drill \(5 stages\)](#), Problem Solving Device #3.
- ✧ **Loss of Health**
- ✧ **Economic Disaster**
- ✧ **Natural or Weather Disaster**
- ✧ **Fear of** or not being able to handle **rejection or loneliness** which requires the 10 Problem Solving Devices on the [Forward Line of Troops](#) of the soul to overcome and provide the ability to entertain self without others present and without degeneracy.
- ✧ **Fear of Personal Or a Loved One's Death**

There are 5 Categories of Prosperity leading to Stress in the Soul when the 10 Problem Solving Devices are not available and deployed to handle Prosperity:

- ✧ **Financial Wealth and Riches**
- ✧ **Love and Romance** providing both real and imagined pressures which result in an

increase in the sins of Arrogance and Emotion.

- ✧ **Promotion and Power** when given more power that one can handle objectively with Leadership principles by being promoted beyond one's capacity as a result of [Inordinate Ambition and Competition](#) which provide additional pressures.
- ✧ **Achievement and Recognition**
- ✧ **Success and Approbation**

It is the motivation from the 7 lust patterns of the Old Sin Nature which builds these 13 categories of Outside pressure into Stress in the Soul. When the Old Sin Nature is in control of the SOUL the Lust Pattern drives take over the soul for both believer and unbeliever and no one can, at that time, distinguish between the believer and unbeliever except God.

- ✧ **Power Lust** resulting in, or coming from approbation lust.
- ✧ **Approbation Lust** which is very subtle as it takes a dummy and gives him power over another person who is usually smarter and more capable.
- ✧ **Social Lust** from approbation lust.
- ✧ **Sexual Lust** for those who never overcame the stimulations of the body.
- ✧ **Pleasure Lust** for those who can no longer think and just sit and watch TV from sheer boredom.
- ✧ **Chemical Lust** as a need for drugs and / or alcohol.
- ✧ **Crusader Lust** for those who want to change everyone and every thing for the better.
- ✧ **Criminal Lust** for those who refuse to follow the rules in society under the [Laws of Divine Establishment](#).
- ✧ **Inordinate Ambition and Competition** for those who must keep up with the Jones' or prove they are the most likely to succeed.

This results in the total and unrestrained function of the Old Sin Nature motivated by Evil and results in degeneracy, apostasy, Motivational and Functional Arrogance and Antagonism and very often neuroses even [Psychoses](#). Neurosis is a matter of attainment and is not genetic in its origin, where one can attain a state of neurosis by following his volition into Arrogance and [Emotional Sin](#). The only true genetic tendency is toward SIN, Crime or Human Good, productions from the influence of Evil derived from the operational mechanics of the Old Sin Nature. The believer under control of the Old Sin Nature's lust patterns moves inevitably toward the Degeneracy of Arrogance and the Apostasy of [Reversionism](#). Arrogance and Lust always combine to demand emotional solutions to life. Therefore, as a result of allowing these 13 Categories of outside pressure to become stress in the soul, the believer enters the 8 Stages of Reversionism. If he has capacity for love and happiness from spiritual advance as a result of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul he will avoid all the pitfalls of the lust patterns of the Old Sin Nature controlling the soul. Reaction to a "perfect" person in the [Feet of Clay Syndrome](#) results in a lust for stimulation from a variety of different sources including alcohol, drugs, illicit sex, revenge, etc.

God, in eternity past, provided solutions for all the problems which one can conceive of occurring in his life in the form of the [10 Problem Solving Devices](#). It is the believer's responsibility to learn Bible Doctrine under the [Filling of God the Holy Spirit](#) and [Grace](#)

Apparatus for Perception and then to develop, deploy and use these Problem Solving Devices stationed on the Forward Line of Troops of the Soul as solutions to ALL problems. If he does not do this, he will fail in the 4 battles of the soul as he allows the outside pressures of life into the soul to create stress in the soul. These 4 battles which occur in the soul of every believer include:

- **Old Sin Nature control of the soul** resulting in Stress in the soul.
- **Sin, Crime & Human Good vs Divine Good** production resulting from and in involvement in the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred and the 8 stages of Reversionism.
- **False Doctrine in the Soul** as a result of believing the LIE of EVIL and rejecting Absolute Truth of Bible Doctrine from GRACE.
- Maladaptive Defense Mechanisms used for solutions to outside pressures in life instead of the Problem Solving Devices functioning in the Soul.

### **Reaction, Distraction & Injustice**

Reaction to injustice in life, as the 1<sup>st</sup> stage of Reversionism, can result in entrance into the Interlocking System of Arrogance and function under the Arrogance skills. The Arrogance Skills conform the thinking and function of the believer to the systems of this world which are based on EVIL, while the Spiritual Skills become Renovation of the Thinking (Rom 12:2+3) and conform the believer's thinking to Divine Viewpoint from GRACE. The Arrogance Skills are often derived from interaction with people where there is real or imagined injustice or adversity apparently meant to purposefully hurt others especially the believer. This creates a bad soul environment while Metabolized Bible Doctrine in the Stream of Consciousness of the Soul provides good soul environment. Arrogance skills are designed to enable the application of the devices in the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred to experience without the person even being conscious of his Arrogance or Antagonism. The Arrogance Skills make it impossible to execute the Protocol Plan of God for the believer with the resultant total failure and loss of his Spiritual Life and loss of the most fantastic blessings for both time and eternity. Whenever the believer enters the Interlocking System of Arrogance and remains within the system in carnality for any length of time he begins to develop these 3 Arrogance Skills.

Reaction sins combine with the Arrogance Skills to give birth to other Emotional, Antagonistic and Arrogance sins, and in this way volition becomes divorced from responsibility for decisions in an Emotional Revolt of the Soul. This involvement in Reversionism leads to Bitterness which is a category of Motivational Arrogance as Mental Attitude Arrogance and drives the believer into greater Interlocking in the System of Arrogance resulting in involvement in maliciousness and an unforgiving attitude. Bitterness which is one of the worst Mental Attitude sins acts like a virus in the soul. It operates as Motivational Arrogance moving through the Interlocking System of Arrogance and leads to the individual functioning under these Arrogance Skills. When the believer is out of fellowship and his soul is under the control of the Old Sin Nature, no matter how meritorious he may consider his works they are not part of his spiritual life and he is ingrained in the Arrogance Skills.

### Arrogance Skills & Power

There is a function of power today where people discover that by being Self Righteous or putting someone on a pedestal then reacting to that person through Iconoclastic Arrogance it gives them POWER. This results in something that solidifies their Arrogance so that they never comprehend their intense involvement in and functioning under the Arrogance Skills. In Self Absorption they suddenly gain a tremendous stimulus because of the power they have developed to destroy a person based on their system of thinking which results from their own cycling of the Arrogance Skills. It has never been understandable to me why a person would want to control another person or group or nation under a system of slavery and tyranny. It is a clear demonstration of a lack of understanding that when one has authority it comes with responsibility to those under his authority. Suddenly, for this person, the approbation factor becomes incredible and the power grows with it and they see many others in their periphery which are like the one they have chosen to destroy and this is the origin of Tyranny and the destruction of many.

### Arrogance Skills & Maladaptive Defense Mechanisms

As a part of the movement through the 8 stages of Reversionism, reaction as the combination of the Arrogance Skills of Self justification and Self deception results in the Modus Operandi of the reacting believer entering the status of function within the Maladaptive Defense Mechanisms. Past skeletons of failures which rise up from one's closet of the subconscious must never interfere with present spiritual momentum. When the believer is distracted and haunted by past failures or inflated by past achievements, he becomes enmeshed in the Arrogance skills and this ultimately results in falling down through the levels of the Apostasy of Reversionism. When the believer gets to the point of Scar tissue of the Soul in reversionism, the mirror of the Soul and all the compartments supporting it on the Forward Line of Troops are smashed and fragmented. The #1 enemy of the Spiritual Life, Arrogance and Human Viewpoint thinking, then occupies the Forward Line of Troops of the soul. This begins a morbid brooding over past failures or reaction through projection of one's flaws onto others which only produces a confusion of interaction of the Arrogance Skills, the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred and Reversionism. Under the operational Status Quo of the Maladaptive Defense Mechanisms the reacting believer has entered into or accomplished 2 stages of unreality:

- ✧ They deny the existence of any problem regarding self and will not take responsibility for their problems and therefore they consider themselves always right and any others in their periphery always wrong.
- ✧ They assign all blame for their own faults and failures to the object of their projection and stand firm in that position.

This is the great Arrogance of Self deception combined with Self Justification and it results in total Self Absorption where they believe that they cannot do any wrong. Believers in the Royal Family of God, must always take responsibility for all Sin, Crime, Dead Human Good efforts and all Evil thought processes else they enter deeply into Self justification and Self Deception and ultimately Self Absorption the 3 Arrogance Skills. In addition to the involvement in Self Absorption, Self Absorbed people are vulnerable to deception by others because they become erratic and capricious like the woman who had a sudden change of thinking about the

prohibited tree in the Garden. This is the mechanism behind Cosmic Dynasphere Evangelism. Self Deception from the Maladaptive Defense Mechanisms of Denial and Projection is an Arrogance which makes one vulnerable to failure and thus totally indistinguishable from his unbeliever counterpart. Therefore, the only solution for the bad decisions to sin or commit criminal acts is the [Rebound Procedure](#) enabling the believer to take responsibility for his sin by acknowledging them to God.

### **Mechanics of Arrogance & Maladaptive Defense Mechanisms**

#### **Denial**

Is divorcement from the reality of the Divine Institutions, the Laws of Divine Establishment, all aspects of Bible Doctrine and the Attributes and Essence of God therefore it is the environment for Arrogance Skill #1, Self Justification. This occurs when the believer fails to acknowledge his own flaws, failures and sins and rejects the [Rebound Procedure](#) resulting in the reinforcement of Self Justification using projection. ([Hosea 8:7](#), [Gal 6:3](#))

#### **Projection**

Is [Transference Arrogance](#) involving ascribing to another person ones own thoughts, motivations, attitudes, flaws, and failures. It is a direct result of involvement in Denial so that he sees in others the cause of all his problems. ([James 3:14](#))

#### **Rationalization**

Is a self serving system of Self Justification, the Modus Operandi of giving incorrect, false definitions and explanations for one's own motivations, behaviors and relationships with others which results in functioning under Arrogance Skill #3, Self Absorption.

#### **Dissociation**

Is a reactionary alteration of the integration functions of the Stream of Consciousness of the Soul resulting from engaging in Denial, Projection and Rationalization using the Arrogance Skills of Self Justification, Self Deception, and Self Absorption and is also entrance into the 8 Stages of Reversionism. It occurs where the believer covers up or alters the integration functions of self awareness, often pretending a memory lapse which adds additional strength to self justification with self deception using that magic phrase 'I don't remember that'.

#### **Repressions**

Occur in situations where the believer fails to take responsibility for his own decisions and actions related to sin, crime and dead human good efforts derived from Evil and by this adds a pseudo strength to self justification by forcing knowledge of these failings into his subconscious and out of focus for his memory thus causing him to be unaware of these failings.

#### **Pseudo Self Esteem**

Occurs when there is reversal of the cycle of the Arrogance skills and Self Justification arrives with the strong delusion that the believer is never wrong and never has to take responsibility for motivations, decisions or actions and is then able to assign all these to others.

### Autistic Fantasy

Is total Self Absorption or Arrogance 'frozen in place', where daydreaming fantasy is substituted for human relationships and normal functions and is total divorcement from reality.

Maladaptive Defense Mechanisms found as a part of the Motivational Arrogance of Mental Attitude Arrogance contain greater expansions and more elaborate explanations of these processes.

### Arrogance Skills & Activism

Without the proper motivation from consistent function under the 4 Spiritual Skills Christian service becomes a distraction related to the Arrogance Skills and the Interlocking System of Arrogance and blots out the true purpose of the spiritual life. Grace teaching and Grace Orientation always attack Self Justification therefore Self Justification always rejects Grace. This rejection of Grace results in Self Deception which functions under Denial and this denial results in Self Absorption. Self Absorption moves along and produces the Activism of Human Good Efforts, and other Bleeding Heart Do Good efforts on the part of the believer. It is therefore possible to see a close interaction and interlocking of Crusader Arrogance with Mental Attitude Arrogance where the Arrogance Skills motivate activism but where this entire process can be destroyed by Grace Orientation, Problem Solving Device #4. Christian Activism includes involvement and functioning under a cycling of all of the Arrogance Skills which inevitably result in or from the Maladaptive Defense Mechanisms and inevitably lead to saturation of the believer within the Interlocking System of Arrogance and Reversionism.

The Old Sin Nature has a trend toward Legalistic Self Righteousness which results in or from Activism and the Arrogance Skills functioning together. The Arrogance Skills then cycle repeatedly until the Believer is caught inescapably in the web of the Apostasy of Reversionism and ultimately entangled deeply in the Degeneracy of the Interlocking System of Arrogance with only one Solution, consistency in the use of the Rebound Procedure and daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Activists will always find a Crusade of one sort or another to follow and in so doing put forth the concept that all others who oppose their crusade are wrong and they are always totally right as per their Self Justification. These individuals believe they have a right to change the Status Quo in any given area of life related to their crusade as a result of Self Deception. They come to believe that their viewpoint is the only possible correct viewpoint and will go to any extent and use any means to promote it or force it on others as a result of Self Absorption.

The sins involving or resulting from legalism which include malice, which is the lust to hurt someone in order to get at and destroy them or another, also result in the myriad of emotional sins. This allows Arrogance and Emotion to take over the mentality of the soul destroying the individual as a result of Emotional Revolt of the Soul and is in fact far worse than the sometimes shocking sin of adultery. Arrogance skills prevent the legalist from understanding Grace as the policy of GOD and prevent legalists from being able to understand and causes them even to fear Grace passages and principles from the word of God. Grace and Evil cannot

coexist, therefore, in the Protocol Plan of God Divine Good production from Grace cannot coexist with Human Good production from Evil. THEREFORE, Human Good production in any form cannot exist in Pre-salvation Grace, Salvation Grace, nor Post Salvation Grace functions of the Protocol Plan of God. Therefore Grace and EVIL, the human good efforts of legalism and Divine Good production of Spiritual Maturity are antithetical and mutually exclusive concepts. THEREFORE, Grace excludes the Arrogance Skills and the Arrogance Skills exclude Grace. Where the Arrogance Skills, as a part of the principles of EVIL, prevail among believers the pivot shrinks and the client nation suffers and is even destroyed by the Supreme Court of Heaven under the [5 cycles of Divine Discipline](#). Where Grace prevails the pivot of mature believers is formed and continues its advance in the Spiritual Life and its unseen support of the nation and the client nation is thereby prospered and preserved. However, even the smallest amount of [Activism](#) by the believer cancels and destroys any production from Grace. ([Gal 5:9](#))

Therefore, christian activism is a system of human solutions to the suffering and problems of mankind and results from the recycling of the Arrogance Skills. The ‘Elative’ use in the original languages of scripture emphasize the fact that the Divine Solutions are true Grace solutions and exclude all human solutions including the MISUSE of prayer. Grace solutions exclude the human solutions of activism which include legalism, psychological rationalizations, defense mechanisms, Arrogance Skills, the Interlocking System of Arrogance, leverage, manipulation, etc.

### **Arrogance Skills & National Destruction**

In any national entity the widespread function under the 3 Arrogance Skills results in the people of that nation being totally divorced from reality. OMG, this is the Unites States of America today! Therefore it becomes obvious that NO client nation to God is ever initially destroyed by an outside enemy but is destroyed from within by the Arrogance of the people first before being conquered. Believers involved in boasting focus on human achievements instead of the Spiritual Life and become totally divorced from the reality of the Protocol Plan of God because they use the Arrogance Skills in substitution for the [Spiritual Skills](#). Therefore, there is an obvious conflict between these 2 concepts in the Spiritual Life. The Spiritual Skills are designed to help the believer execute the Protocol Plan of God and complete the Spiritual Life while the Arrogance Skills are distortions of the functions of Mankind and result in divorcement from reality and destruction of the Spiritual Life. Widespread destruction of the spiritual life of the people in a client nation as a result of function within the Interlocking System of Arrogance, Interlocking System of Antagonistic Emotional Hatred, and under the Arrogance Skills results in THE REQUIREMENT of God to administer WAKE UP Divine Discipline in the form of the 4 cycles of Divine Discipline for the nation. When the people do not respond to the Wake Up Call, the inevitable result is total elimination of that nation under the 5<sup>th</sup> cycle of Divine Discipline. This is an essential function of GOD in the Protocol Plan of God to prevent the universal contamination of the Human Race with the Self Destructive Diseases of Arrogance or Antagonism toward God. Observe the status of life in the Unites States of America in the 1<sup>st</sup> Quarter of the 21<sup>st</sup> century. Where is she headed?

### **Arrogance Skills & Christian Suffering**

For the believer involved in the Interlocking System of Arrogance, suffering is very often designed for blessing to motivate him to eliminate the occupational hazard of involvement in Arrogance and relate him to the sufficiency of Grace. ([2Cor 11:24-33](#), [2Cor 12:1-10](#)) Arrogance is an occupational hazard for the Human Race and all situations in life must be related to the sufficiency of Grace in order to overcome it. Suffering and pressure is inevitable in life and it is also the means by which faith is strengthened and by which the [Faith Rest Drill \(5 stages\)](#) can operate. The trigger mechanism for the believer, to potentially cause him to apply Bible Doctrine to life experience, is found in the outside pressures of life. From the soul of the believer under Positive Volition the function of FAITH REST is then activated and it must be systematically developed and strengthened and this strength comes from using Faith under varying pressure from both prosperity and adversity in life. The Thorn in the Flesh type of suffering, such as that which Paul had to endure, has 2 purposes for the believer, a [Providential Preventative Momentum Testing Suffering](#) to offset Arrogance and the blessing of enhanced momentum for the Acceleration of Spiritual Growth. ([2Cor 12:7](#)) While nothing is known about the problem which Paul endured, it was so very painful that HE prayed 3 times for God to take it away. This prayer was not answered because the purpose of this suffering was to assist Paul in overcoming any residual Arrogance and to enter the highest area of the Spiritual Life available the [Adult Sophisticated Spiritual Life](#). This thorn hubris for the believer could be people testing, thought or pressure testing, injustice or persecution, or the troubles found in anguish. Whatever the mechanics of the suffering, the function of the thorn demon brought Paul to the point of preventative awareness of Arrogance, consequently the thorn demon suffering was for his benefit and blessing. In this situation prayer was the wrong solution and thus was not answered and Paul engaged in 3 useless prayers. The believer cannot ever become Arrogant without suffering horribly because usually this suffering is a “blind” suffering of Self Induced Misery from [Blind Arrogance](#) since most people won’t face up to the fact that they are Arrogant. The purpose of this level of Providential Preventative Momentum Testing Suffering for the believer is to eliminate, as much as possible, Arrogance and it therefore IS suffering for blessing.

There is far greater power in the [10 Problem Solving Devices](#) deployed for action against suffering than there is in the power of suffering to destroy the Spiritual Skills with the Arrogance Skills. There is greater power in the 10 Problem Solving Devices than even in the intensity of certain categories of prayer. Intense emotional prayer is very often an irrational prayer. Always consider, with regard to outside pressures in life of any kind, what God does not remove he intends for the believer to bear, through the use of the Problem Solving Devices especially [Grace Orientation](#). The Problem Solving Devices on the [Forward Line of Troops](#) of the soul are designed to handle every category of outside pressure in life and, for the advancing believer, every category of suffering in life is designed through the use of the Problem Solving Devices to increase spiritual momentum and blessing. Consider also when under pressure of some sort of adversity or suffering that removal of the suffering removes the intended blessing. If suffering is taken out of life then the blessings, based on using the provisions of God to deal with the suffering, are also removed. Suffering is a friend not an enemy. In addition, suffering is often a Field Training Exercise (FTX) in preparation for the

major crises which inevitably will come in life. Under the perfect Grace system of God, the believer gets to practice before he is really tested. It is crucially important to realize that in the function of that practice and under the actual testing HE DOES NOT PRAY TO GOD, he uses the Problem Solving Devices God has provided for him. Wanting the miracle solution for a problem is preoccupation with self under the Arrogance skills. Therefore, the removal of suffering from the life is not a solution in the Spiritual Life. ([Review the Reluctant Sparrow](#)) It is the mechanics of using the spiritual battalions which have been deployed on the Forward Line of Troops of one's Soul in the form of the 10 Problem Solving Devices which are the true solutions to all problems. If the believer has been consistent in listening to and learning the principles of the Word of God taught from his right Pastor Teacher and he has made Bible Doctrine the first priority in his life, then it is simply a matter of finding what God has ALREADY given him; THEREFORE, ONE DOES NOT PRAY FOR IT TO MIRACULOUSLY APPEAR AND TAKE AWAY THE PROBLEMS OF LIFE. In this way he avoids the Interlocking System of Arrogance and function under the recycling of the Arrogance Skills.

Prayer used as leverage toward individuals is [Legalism](#) while Prayer used as leverage toward God is blasphemy. As a result of spiritual growth, the believer must come to the end of self and stop taking good things and making them function in a wrong way. Believers must separate self from the Interlocking System of Arrogance complex and learn to rely on the Grace of God and the Judgment of God for ALL solutions to ALL PROBLEMS in life. This will allow all suffering to be transformed into Blessings. For the believer the concept of strength in weakness must be in his use of the [Divine Power System](#) for the Christian Way of Life. The [Filling of God the Holy Spirit](#) is Problem Solving Device #2 and is Power Option #1 and the entry and power gate of the Divine Dynasphere. [Operation Z](#) is the Grace mechanism for placing Metabolized Bible Doctrine into the Right Lobe of the Stream of Consciousness of the Soul and this results in [Bible Doctrine Orientation](#) which is Problem Solving Device #5 and Power Option #2.

True weakness in the believer is his always searching for a mechanism to use for solutions to the ever present problems of life. This search will always come up with human solutions which range anywhere from misuse of prayer, christian activism even the use of [Maladaptive Defense Mechanisms](#) or the Arrogance Skills. Divine solutions come from the Metabolized Bible Doctrine in the Stream of Consciousness of the Soul which results in the deployment of [Grace Orientation](#) on to the [Forward Line of Troops of the soul](#). When Grace Orientation is on the Forward Line of Troops of the soul and the believer encounters his weaknesses, Grace Orientation automatically searches out the Divine solutions. Grace Orientation motivates Weakness to search for Absolute Divine Strength. Therefore, the ONLY true strength for the Believer to rely on is the Divine Power of Power Option #1 the Filling of God the Holy Spirit and functioning consistently in the [Divine Dynasphere](#).

Therefore, this 'thorn in the flesh suffering' can be being the victim of someone else in one's periphery who functions under the Arrogance Skills and is using the Interlocking System of Arrogance to try to destroy him. This REQUIRES the use of the [10 Problem Solving Devices](#) which are developed as a result of consistent Post Salvation Epistemological Rehabilitation and

then deployed on the Forward Line of Troops of one's Soul. There are in fact many categories and ways of being victimized by the Arrogance Skills and the Interlocking System of Arrogance Sins in others. The Arrogance Skills inevitably are engaged by the believer who never humanly matures and in addition is one who rejects Bible Doctrine and lives under the Maladaptive Defense Mechanisms never taking responsibility for his own decisions. This results in his building up the Arrogance skills and cycling within them to his own self destruction.

### **Arrogance Skills & the Immaturity Hangover**

There are two stages in the "Immaturity Hangover" metaphor.

- ✧ INEBRIATION – the infant believer begins to use the Maladaptive Defense Mechanisms.
- ✧ HANGOVER – the defense mechanisms are retained resulting in the believer NOT being able to reach Spiritual Adulthood and forming into 3 categories of dysfunction:
  - The Maladaptive Defense Mechanisms link with the Arrogance Skills on a one to one basis.
  - The Arrogance Skills then lead into the consistent regular and often unconscious involvement of functions within the Interlocking System of Arrogance.
  - These perpetually immature believers make wrong decisions which result in wrong priorities which result in [Rejection of Authority](#) and Rejection of Responsibility.

As a result of rejection of responsibility for one's actions and decisions, good or bad, under the Laws of Divine Establishment, this believer will never mature as a person nor as a believer. Upon receipt of Bible Doctrine teaching he cannot accept the authority of Bible Doctrine and as a result he stays in 'Lag Time' as a believer and continually recycles the Arrogance Skills deeply interlocking in the Arrogance System creating his own horrific Self Induced Misery for life.

Rejection of authority under the laws of Divine establishment causes the believer to have extreme difficulty in learning and applying Bible Doctrine. This occurs because at some time in his youth or childhood he moved into one or more of the Maladaptive Defense Mechanisms to preserve himself from some abuse (peer pressure, abuse by a parent, rejected by the 'in' crowd, etc.) and in adulthood these defense mechanisms have been retained. Inevitably these combine with the Arrogance skills and divorce this believer completely from reality which results in his cycling through the Arrogance skills repeatedly. The constant recycling of the Arrogance Skills produces a resentment of contact with those in authority. This resentment then feeds into the Arrogance Skills which makes it very difficult, when this person makes Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone, to accept the truth of Bible Doctrine and the authority of the Pastor Teacher who properly teaches Bible Doctrine. The Bible Doctrine accurately presented from the pulpit of the local church is the source of the authority of the Pastor Teacher and if one rejects the Truth of the Bible Doctrine then he will reject the authority of the Pastor Teacher. This results in:

- ✧ Perpetuated Old Sin Nature control of the soul
- ✧ Arrogance skills driving the believer deep into the Interlocking System of Arrogance
- ✧ Degradation of the believer and his Spiritual Life because of moving through the 8 stages of the apostasy of [Reversionism](#)
- ✧ Decline under the Arrogance system into moral or immoral degeneracy

- Degrading into Antagonistic Emotional Hatred of God, Bible Doctrine, The Lord Jesus, The Christ and anything related to GRACE.
- Development of neurosis or **Psychosis**.

If these defense mechanisms are to be shed the authority of Bible Doctrine must be accepted and **Metabolized Bible Doctrine** must be converted into the **10 Problem Solving Devices** and deployed on to the **Forward Line of Troops of the Soul**, the **Edification Complex of the Soul** must be completed and residence must be consistently maintained within the **Divine Dynasphere**.

### **Arrogance Skills and Maturity Adjustment to the Justice of God**

It is possible to go from spiritual infancy almost to spiritual maturity and yet never become spiritually mature because of the inability to shed one's Arrogance. If a believer approaches maturity moving into the testings to show oneself true and helpless and he has not shed his Arrogance he will never pass the testing and never make it to Maturity Adjustment to the Justice of God. No Arrogant believer ever reaches Maturity Adjustment to the Justice of God. A person in Arrogance always overestimates their importance and does not realize nor appreciate the source of their blessing, everything meaningful in his life. This results in loss with regard to his relationship with The Lord Jesus, The Christ and also with people. No one can have capacity for life, love and blessing and maintain Arrogance. There is no way that any human capacity or ability can ever handle true disaster and it takes the Grace provisions of God from Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and the capacity from this doctrine to enable the believer to handle real disaster. It is the reverse concentration on the Metabolized Bible Doctrine in the Stream of Consciousness of the Soul that allows mature believers to handle adversity in the form of great historical or national disaster. Arrogance divorces the person enmeshed in it from reality and they always misinterpret history and underestimate others and overestimate themselves. Arrogance is an acquired weakness not inherent in the human being but it is the worst weakness in life and permeates every aspect of life because it is the basis for EVIL, the plan and policy of Satan for ruling this world and enslaving mankind.

In advancing in the Spiritual Life, the consistent believer eventually reaches the door of the **Personal Sense of Destiny**, **Spiritual Self Esteem**, the **Hope or Confidence** in the Sophisticated Spiritual Life. This can be a door which the believer passes through if he is on 'God's Agenda' or if his is not on 'God's Agenda' it can be an unknown invisible door which slams in his face. A Personal Sense of Destiny depends on and lives under or by the Grace provision of God and his divine power rather than the foibles and failures of the cultivation of human dynamics motivated by **Lust**. These success standards derived from the Old Sin Nature operating in controlling the soul from the influence of EVIL are created by **Unrealistic Expectations** are the inevitable result of and fortified by the 3 Arrogance Skills. This results in Unrealistic Expectations and **Negative Volition** toward Bible Doctrine. The Arrogance Skills in the life of the believer results in the miserable circumstances of unrealistic expectations which causes the reaping of the whirlwind of Divine Discipline. Unrealistic Expectations are the futile function of the Arrogance Skills, and a great distraction in the Spiritual Life of the advancing believer. The believer cannot ever glorify God by the use of Human Power but only through the use of

God's Power and the [4 Spiritual Skills](#). ([Eph 3:19](#)) Therefore, the move from [Spiritual Youth to Spiritual Adulthood](#) is a major vulnerability point in the Spiritual Life, even greater than that which occurs at the initial point of Salvation Adjustment to the Justice of God.

[Phil 3:16](#), explains that the high risk area of the Spiritual Life is reaching the stage of developing a [Personal Sense of Destiny](#) which brings the believer to the point of the NECESSITY for the massive application of Bible Doctrine to Life. Very often the adult believer distorts Truth and Bible Doctrine into a system of error and emotion from which even the strongest believers cannot extract themselves. This point of the distortion of Doctrine is the entrance into function under the Arrogance Skills. The point of the believer reaching Spiritual Self Esteem in Spiritual Adulthood is the point of the Spiritual Life where the [Rebound Procedure](#) most likely begins to be ignored, the point of attainment of a Personal Sense of Destiny. In **2<sup>nd</sup> Peter Chapter 1**, Peter explains that if there is a contradiction between what the bible says and one's empirical experience then experience is WRONG, therefore, there can be NO excuse for distorting doctrine to fit one's desires. When the believer tries to apply experience to Bible Doctrine he destroys the Doctrine and enters directly and immediately into the system of [Reversionism](#).

[Phil 3:15](#), entreats the believer to keep thinking according to the [Divine Viewpoint](#) derived from the Spiritual Skills and the [Problem Solving Devices](#) and thus continue the execution of the [Stages of the Sophisticated Spiritual Life](#). This passage is addressed to Adult Believers who are in danger of falling into Arrogance. Entanglement in Arrogance at any stage of the Spiritual Life will make the believer susceptible to losing all functions in his Spiritual Life. ([James 4:4](#)) The Adult Believer becomes a loser believer through the function of Arrogance when he neglects the regular use of the Rebound Procedure. Being in the status of minus rebound may mean that one has never been taught the rebound procedure, or he rejects the concept behind (gr) homologeo as the divine solution even though he understands it, or he distorts rebound from Emotion, Remorse, or Arrogance. He may also add a problem to the solution for another problem, thereby canceling Rebound by adding to the true Grace function of it.

(Illustration) [Jealousy](#) minus rebound results in [Bitterness](#). This intensifies the jealousy problem by adding Implacability, the 2<sup>nd</sup> Arrogance Skill of [Self Deception](#), and Anger which when minus rebound results in hatred and vindictiveness. Anger as a result of Bitterness engages the 3<sup>rd</sup> Arrogance Skill of [Self Absorption](#). Hatred and Vindictiveness when minus rebound result in function under the 1<sup>st</sup> Arrogance Skill, [Self Justification](#) and also the 3<sup>rd</sup> Arrogance Skill of Self Absorption when added to Jealousy. Vindictiveness results in all the Arrogance Skills being cycled over and over so that this believer becomes locked in where Self justification minus rebound results in [Denial](#) and moves the believer into Self Deception. Self Deception minus rebound then results in Self Absorption which returns to Bitterness and starts the cycle all over again. Vindictiveness also results Functional Arrogance as [Revenge Modus Operandi](#), first in the form of Vilification or Vituperation but eventually and inevitably leading to Violence and eventually Murder all which results in Loser believer status.

The Spiritual Life is therefore a system of THINKING to provide proper Motivation and Function

under the GRACE Plan of God and the rejection of the Spiritual Life, or any aspect of it, is also a system of thinking but this provides Motivation and Function which is FALSE and derived directly from EVIL. The Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred, the Arrogance Skills and the Stages of Reversionism all include both systems of thinking and function which result in overt actions. If the believer neglects using the Rebound Procedure, he then sinks into consistent function under the Arrogance Skills starting with Self Justification going to Self Deception, and ending with Self Absorption but being able to recycle and reverse cycle these functions. This is a believer, who will upon his death be in heaven face to face with the Lord despite his reversion to the status of LOSER believer and being indistinguishable from the unbeliever.

### **Arrogance Skills, Spiritual Maturity & Solving Problems**

The single greatest distraction the believer will ever have based on Emotion and Arrogance is trying to solve a problem with another problem. It is Arrogance to assume that man by his schemes, plans, abilities, policies and legislations can solve man's problems in history and this is a basic blasphemy against God. The reality of Human History is that only God can solve man's problems. Reaching Spiritual Self Esteem, the point of entrance into the **Adult Sophisticated Spiritual Life**, is the most high risk area of the Spiritual Life for the Advancing Believer since this is the point where he has solved or removed as many problems of life as possible and as a result is very susceptible to Arrogance, thinking he knows all there is to know concerning the Plan of God. When the Arrogance Complex combines with the 3 Arrogance Skills these form a pseudo system of Problem Solving. In this case the Adult Believer makes emotion a part of his Spiritual Life and part of the Rebound Procedure. Rebound has, in this way, distorted the Christian Way of Life into **Legalism** through Arrogance + Emotion so that this believer, is the one who falls out of ranks, is a casualty, and becomes the INEPTAZOID believer (the loser). Then this adult believer begins to solve the problems of outside pressures in life with other problems as a result of 'thinking differently'. This is building a system of Doctrine based on Experience, and Emotion which results in becoming a casualty to perpetual carnality. After having developed and deployed the **10 Problem Solving Devices**, when the believer reverses them to apply **Metabolized Bible Doctrine** from his Stream of Consciousness of the Soul to the experiences and circumstances of his life, then and only then is he functioning correctly. On the other hand, when he takes experience and applies it to doctrine he comes up with False Doctrine and False Experience and the Adult believer then becomes a Loser Believer. There are 3 systems resulting in producing disaster in the process of 'Thinking Differently':

- ✧ Interlocking System of Arrogance and Arrogance Skills + Arrogance and Emotional Sin
- ✧ Interlocking System of Antagonistic Emotional Hatred + Arrogance and Emotional Sin
- ✧ Incompetent Problem Solving using a problem to try to solve a problem.

To be uninformed is to be distracted from the **4 Spiritual Mechanics** of the Protocol Plan of God which include:

- ✧ The Filling of God the Holy Spirit
- ✧ Metabolized Bible Doctrine in the soul
- ✧ 10 Problem Solving Devices developed and deployed onto the **Forward Line of Troops** of

the soul

- Achieving or reaching the [Adult Sophisticated Spiritual Life](#) with development of Spiritual Self Esteem, Spiritual Autonomy, and Spiritual Maturity.

Being uninformed with regard to Bible Doctrine is the mechanism whereby the Arrogance Skills replace the [Spiritual Skills](#). Furthermore, to be distracted as a result of functioning under the Arrogance Skills causes one to be sucked into, completely entangled in and totally distracted by the Interlocking System of Arrogance. To be distracted by Arrogance then eventually and inevitably involves one in the Interlocking System of Antagonistic Emotional Hatred which results in Problem Solving Incompetence. Therefore, to be distracted results in being uninformed or misinformed about Bible Doctrine which results in making distortions concerning what little Bible Doctrine one is informed about. In this distracted and misinformed state Bible Doctrine is the first thing to be rejected. In addition, believers involved at any level in the Interlocking System of Arrogance, if this persists, will eventually become involved in the Arrogance Skills and totally self absorbed which completely destroys the spiritual life entering them into and progressing them through the [8 stages of Reversionism](#). Rejection of Bible Doctrine at any level begins this slide into the 8 stages of reversionism, into the Interlocking System of Arrogance and into the Interlocking System of Antagonistic Emotional Hatred, which eventually leads to the slide OUT OF THIS LIFE in a miserable way under final Divine Discipline from God, the [Sin Unto Death](#).

An example of the transition of a believer from the adult status at the point of reaching a [Personal Sense of Destiny](#) (Problem Solving Device #6), Spiritual Self Esteem (Entrance into the Adult Sophisticated Spiritual Life) due to tremendous vulnerability to Arrogance includes the sins listed below. This is mechanic of the failure of the Adult Believer:

- Jealousy & Bitterness – Rebound == Implacability & Anger
- Implacability & Anger – Rebound == Hatred & Vindictiveness
- Hatred & Vindictiveness – Rebound == 3 Arrogance Skills Cycled many times which support and sustain spiritual degeneracy in the Interlocking System of Arrogance
- 3 Arrogance Skills – Rebound == Malice, Revenge, Vituperation, Vilification, Violence, Abuse even Murder
- All of These – Rebound == loser Believer Status in the Apostasy of Reversionism and the Degeneracy of the Interlocking System of Arrogance

These represent involvement in the Interlocking System of Arrogance which then extends the believer into the realm of the Interlocking System of Antagonistic Emotional Hatred and are in fact a combination of Both.

For believers problems cannot be solved with other problems but only with the Divine Solutions. When any attempt is made to solve problems with other problems, the original problem is intensified to the point of irrationality and confusion as a result of involvement with emotion and results in emotional frustration and entrance into Reversionism. Very often Problem Solving Incompetence denies the reality of the problem and develops the concept or outlook that there is no real problem and the 3 Arrogance Skills become operational in the life through entrance into [Self Deception](#). Personal Self Esteem without the Spiritual function of

Bible Doctrine is true Arrogance. Self Esteem without spiritual support recognizes no limitations in one area of life or another and is the basis for Arrogance and lack of [Virtue](#). Whatever one may have in life which is attached to honor is worth having but without virtue and honor one inevitably tries to solve a problem with a problem or a sin with another which intensifies the situation to the point of becoming intolerable.

The Divine Solutions for problems in life enable the application of Metabolized Bible Doctrine from the Stream of Consciousness of the Soul to the circumstances and experiences of Life. False conclusions always provide the danger of using human solutions for problem solving. This occurs when the believer, in the Interlocking System of Antagonistic Emotional Hatred or in the Interlocking System of Arrogance, thinks he can help God solve the problems of life through the function of Human Ability or Human Power. This results from a lust for power provided by the Old Sin Nature when it is in control of the soul. This is one of the strongest motivations for those who are Adult believers as they decline in their Spiritual Life. The basic solution to this decline by the adult believer is the consistent use of the [4 Spiritual Skills](#) to advance to and function in the 3 stages of the Sophisticated Spiritual Life. These require the consistent and proper use of the rebound procedure to enable the believer to maintain the [Filling of God the Holy Spirit](#) and his function under the [Grace Apparatus for Perception](#), Operation Z, for consistent intake and metabolism of Bible Doctrine.

[2Cor 2:12-13](#), [2Cor 7:5-10](#), compared to [2Cor 12:7-10](#), compared to [Phil 3:15-16](#) clearly explains that failed Emotional Testing will take us to Arrogance Testing which when failed result in Incompetent Problem Solving Testing which when failed result in the rapid decline of the Adult believer. Emotional Testing results when the Old Sin Nature is in control of the soul and this Old Sin Nature testing is continuous through the entire Spiritual Life. In addition Arrogance Testing begins in the early Spiritual Life of Spiritual Infancy and persists through the entire Spiritual Life as well. (See [Progressions in the Spiritual Life](#)) The Winner believer sees the Solutions to all testing in the form of the Metabolized Bible Doctrine in his Stream of Consciousness of the Soul while the The Loser Believer sees only the Problems. The believer must be able to recognize the problems of the Spiritual Life as a result of using Metabolized Bible Doctrine for deploying the 10 Problem Solving Devices on to the Forward Line of Troops of the soul so that he WILL SEE the solutions. God gave each believer an individual portfolio of [40 Assets](#) and many other provisions to solve all the problems of life but they require Metabolized Bible Doctrine in the Stream of Consciousness of the Soul to become usable. For the loser believer wrong solutions involve 3 Interacting systems of thinking, the Influence from all aspects of the principles and policy of Evil motivating Arrogance and Antagonistic Emotion. Prayer is not a solution for problems in life, only the application of the resident Metabolized Bible Doctrine from one's own Stream of Consciousness of the Soul is where all solutions are found. If the believer comes to a problem but does not find a solution, it demonstrates that he has not used the time given him to inculcate the solution through consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. Therefore he has been ineffective in deploying the Problem Solving Devices and thus cannot apply them through the [Faith Rest Drill \(5 stages\)](#) to the Problem Experience.

## **Arrogance & The Sophisticated Spiritual Life**

When in the status of Historical or National adversity, catastrophe or disaster, believers must maintain residence solidly in and be functioning consistently in the [Sophisticated Spiritual Life](#) in order to weather the storm. God does not ever adjust to human failure but He has designed a perfect spiritual life for both maximum adversity and maximum prosperity. This Sophisticated Spiritual Life keeps the believer from engaging in Arrogance in prosperity and Emotional despair in adversity. When pressure is applied in life, from unjust treatment or other adversity the worst thing one can do is Justify one's own position. Under [Self Justification](#), which is involvement in the Arrogance Skills, even if that believer is in the right, he then becomes Arrogant, self indulgent, under [Delusion](#) and preoccupied with self. When under pressure in life if the believer is in the wrong he must simply use the [Rebound Procedure](#), change his direction and move on in life but NEVER take the time or effort to Justify Himself. Arrogance causes an individual to be completely and exclusively occupied with their own BORING Self. In this Country today the self indulgent, preoccupied with self, boring persons of our population have NO Capacity for prosperity nor for adversity which is clearly demonstrated by the overwhelming PANIC resulting from the spread of the "Chinese Wuhan CCP virus" in 2020. Obviously functioning under the Arrogance Skills means automatic involvement in the Interlocking System of Arrogance and the [Motivational Arrogance](#) of [Mental Attitude Arrogance](#) of being bitter, vindictive, implacable, etc., resulting in the [Functional Arrogance](#) of Verbal Sins of vilification, vituperation, slander, maligning, etc., even Overt sins to the point of Murder. This is a very serious problem in the United States today and the only solution is Salvation Adjustment to the Justice of God for the unbeliever and for the believer to Grow in Grace and in Doctrine by engaging in consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. Unfortunately for our nation the general population has rejected this solution out of hand. The Function of the Sophisticated Spiritual Life is countered by involvement in the Interlocking System of Arrogance, the Arrogance Skills and the Interlocking System of Antagonistic Emotional Hatred in the Plan of Satan, EVIL. This is the Disease of the Christian Way of Life caused by the infection of the Interlocking System of Arrogance and Arrogance Skills into the SOUL of the believer. When the believer functions under the Arrogance Skills in the Christian Way of Life he is "Off the Map" and not oriented at all to the Protocol Plan of God.

## **Stages of the Spiritual Life**

This is a comprehensive detailed discussion of the Spiritual Life of the Christian in the Church Age and a relatively complete and expanded discussion of the "[Progressions in the Spiritual Life](#)" can be found in this separate document which can be obtained at the link above and is far too long to include here.

## **Arrogance Skills vs Virtue Love**

In order to deal properly with the Arrogance skills and entanglement in the Interlocking System of Arrogance, the believer must have deployed on the [Forward Line of Troops](#) of the soul the Motivational Virtue of [Personal Love for God](#), Problem Solving Device #6 and Functional Virtue of [Impersonal Unconditional Love for Mankind](#), Problem Solving Device #7. Legitimate Personal Love for mankind is virtue dependent in the form of both Romantic love and

friendship, however, in the form of pseudo love it gains capacity from the Arrogance skills and this love is used for manipulation of the one being loved and is a major distraction to the Spiritual Life for the advancing believer.

In the Adult phase of the Sophisticated Spiritual Life Personal Love for God the Father is a [Motivational Virtue](#) and the basis for being able to maintain relationship with God and provides motivation for proper function in the Christian Way of Life and maintains the development and deployment of the advanced Problem Solving Devices. Impersonal – Unconditional Love for Mankind is the foundational [Functional Virtue](#) of the Spiritual Life where one can tolerate the obnoxious person and his personality and still allow all those in his periphery the freedom to do what they want when they want, with this love being based on HIS virtue not theirs. [John 3:16](#) is a prime example of impersonal love, “For God the Father loved the world So Much” is impersonal love for all mankind AS ENEMIES, AS SINNERS. Personal Love for man which is very selective and based on personal rapport or attraction derives its capacity from Impersonal – Unconditional Love for Mankind and depends on the virtue therein to sustain it. If one cannot think beyond life, love, and the accouterments of happiness he will never be able to get out of a shallowness in relationships with others in friendship, romance and worst of all marriage. Marriage is designed to be forever, for BETTER or for WORSE, but FOREVER. Thus all legitimate personal love relationships must be sustained by the virtue of the LOVER not the attractiveness of the LOVED one. Impersonal – Unconditional Love for Mankind also prevents others from gaining control of one’s life by preventing him from reacting to them because this love as a form of toleration is based only on HIS virtue.

Each stage of the Adult Sophisticated Spiritual Life has certain essential Problem Solving Devices which enable the believer to pass the Providential Preventative Momentum Testing Suffering for that stage. As an example, deployment of Personal Love for God the Father and Impersonal – Unconditional Love for Mankind provide a strongly organized system of [Humility](#), which includes respect for the authority and the infallibility of the Word of God along with the privacy of the individual. Any failure or vulnerability results from the residual Arrogance maintained after the promotion of the believer from spiritual youth to Spiritual Self Esteem. In Spiritual Self Esteem the believer has enough doctrine to understand principles but not enough to protect him from moving into a dependency on the factors involved in the Interlocking System of Arrogance and Arrogance Skills. At this stage of the Spiritual Life of the ADVANCING believer, Personal Love for God the Father deployed on the [Forward Line of Troops of the Soul](#) begins to dispel the first Arrogance skill of getting eyes on self in Self Justification. Therefore it becomes obvious that failure to systematically develop and deploy the Problem Solving Devices from total consistency in Perception, Cognition, Inculcation and Metabolization leads to vulnerability in the area of the Arrogance Skills. Spiritual Self Esteem is not discouraged by setbacks in life and therefore is free from [Self Pity](#) which is the ‘thumb sucking’ function of the 3rd Arrogance Skill of Self Absorption. The momentum derived from the development of Personal Love for God in Spiritual Self Esteem eliminates the 3 High Risk factors of the Sophisticated Spiritual Life:

- ✧ Interlocking System of Arrogance
- ✧ Interlocking System of Antagonistic Emotional Hatred

## ✧ Incompetent Problem Solving

Satan devours unsuspecting believers by working through the Arrogance Skills and Interlocking System of Arrogance mixed with the Interlocking System of Antagonistic Emotional Hatred resulting in problem solving incompetence. The mandate for the believer, to “advance in ranks” means for him to subordinate himself to [Authority and gain Humility](#). All spiritual advance must be accompanied by humility which forms the antithesis of Arrogance.

[Humility](#) begins with Volition and Values which give Priority #1 to consistent use of the [Spiritual Mechanics](#). Humility includes respect for authority and the Word of God and therefore teachability along with freedom from both Subjective or Motivational Arrogance and Objective or Functional Arrogance. All believers, before reaching Spiritual Self Esteem have some level of Arrogance in some area of their life. No one is born with Humility and it is necessary to be born again into the Royal Family of God to gain true Humility. Humility orients all believers in the Protocol Plan of God and to His Grace while Arrogance always only orients one to [Self Absorption](#). In addition all promotion in the Spiritual Life of the Church age believer is accomplished in the sphere of Humility. For every believer who reaches the Adult Spiritual Life there are 2 great opposing options to be considered. Each believer must either Learn and USE the first 2 Adult Problem Solving Devices in the [Integrity Envelope](#) or in Arrogance go down the road to becoming a Loser believer.

### **Arrogance Skills and Hypersensitivity**

Hypersensitivity is disorientation to self and is Self Absorption resulting in vulnerability to:

- ✧ The Interlocking System of Arrogance
- ✧ The Interlocking System of Antagonistic Emotional Hatred
- ✧ Continued persistent function under the Arrogance Skills
- ✧ Negative Volition toward the principles of Rebound
- ✧ Rapid Reversionistic decline from Spiritual Self Esteem to Loser Status ERASING any doctrine previously learned
- ✧ Perpetual carnality resulting in [Reversionistic](#):
  - Emotional Revolt of the Soul
  - Black out of the Soul
  - Scar Tissue of the Soul

Hypersensitive believers are always unteachable because they constantly are:

- ✧ Making an issue of Self
- ✧ Making issue of the Pastor Teacher's personality
- ✧ Involved in ‘operation overthink’ where they are in Subjective Arrogance
- ✧ Accumulating frustration because Bible Class does not deal with their personal problems
- ✧ Inevitably totally involved in all aspects of [Emotional Revolt of the Soul](#)
  - **Hysterical emotion** of fear, worry, anxiety, etc
  - **Antagonistic emotion** of hatred, vindictiveness, revenge up to and including murder
  - **Reaction emotion** the combining of Arrogance sins such as jealousy bitterness etc., with emotional sins such as hatred, malice, vindictiveness, etc.

- **Self Absorbed emotion** which draws strength from another's emotion directed toward oneself by causing other people to get into pseudo compassion from one's manipulation using unreasonable attitudes, hypersensitive annoyance, etc.
- **Guilt emotion** where it is assumed that guilt is necessary for rebound and must be accompanied with emotional feelings of culpability starting with self manipulation where vulnerability to guilt begins and leads to vulnerability to restitutionalism.

Having come so far in the Spiritual Life in reaching Spiritual Adulthood then getting into this state, the confusion can result from an improper mixture of bits and pieces of Bible Doctrine which the believer focuses on that are compatible with his own subjectivity. In the degrading of the Spiritual Life in [Reversionism](#), Black out of the Soul preventing further perception of Bible Doctrine is bad enough but when Scar Tissue of the Soul develops all intake of Bible Doctrine is stopped and the Metabolized Bible Doctrine resident in the Stream of Consciousness of the Soul is systematically erased. The result is status quo LOSER believer, divorced from reality and engaged in [Maladaptive Defense Mechanisms](#) of Denial and Projection and the Arrogance Skills of Self Deception. This causes blaming others for every failure in his life as a result of Self Absorption, therefore cycling over and over through the Arrogance Skills. This is the believer who falls so far into Reversionistic apostasy and Arrogant degeneracy that he is subject to the [Sin Unto Death](#) Divine Discipline. This is now a loser believer who was already in Spiritual Adulthood, possibly Spiritual Maturity but who is now totally divorced from reality.

### **Testing for Blessing in the Sophisticated Spiritual Life**

While prosperity is not an accurate barometer for self evaluation, Suffering for Blessing carries a far greater precision as a means of self evaluation. The principle and reality is that God never allows us to be tested beyond our capabilities and the clear difference between testing of the believer and Divine Discipline is TOLERABILITY. Attainment of a Personal Sense of Destiny and entrance into the adult phase of the Sophisticated Spiritual Life gives to the believer Capacity for Providential Preventative Momentum Testing Suffering. This system of testing is the mechanism for eliminating the Arrogance Skills and a maximum level of Arrogance involvement in the Spiritual Life. Basic Providential Preventative Momentum Testing <sup>(5 Categories)</sup> occurs when the believer reaches the Adult Spiritual Life and gains capacity from Spiritual Self Esteem and Spiritual Autonomy. Advanced Momentum Testing <sup>(5 Categories)</sup> is designed to solidify the Metabolized Bible Doctrine in the Stream of Consciousness of the Soul of the believer who has reached Maturity Adjustment to the Justice of God and has had a period of enjoyment of his Super – Grace package of Escrow blessings and has moved under the pressures of the No Man's Land of Intermediate Maturity Adjustment to the Justice of God. Evidence Testing is that which occurs after the believer has reached Advanced Maturity Adjustment to the Justice of God and has endured maximum pressure from Satan's systems of evil in No Man's Land and now has the capacity to have his Spiritual Life presented before the Supreme Court of Heaven as a primary witness for the prosecution to be cross examined by Satan or a special Defense Attorney Demon. The Status Quo of Spiritual Maturity has given the believer the capacity developed from Cognitive Invincibility along with his Logistical Grace and Bravo Grace support with which he can pass Evidence Testing <sup>(2 categories)</sup> using Sharing the Happiness of God and Occupation with the Person of The Lord Jesus, The Christ as key Problem Solving Devices.

*This Evidence Testing* (2 categories), toward God or toward life or mankind, is the maximum pressure a believer can have in life when he has reached Advanced Maturity Adjustment to the Justice of God, the ultimate goal of the Spiritual Life, and only serves to enhance the happiness and blessing this believer receives from God.

Therefore, Testing is God's provision to assist in building up of spiritual strength in the soul of the believer by engaging the Bible Doctrine which has already been metabolized and exercising it on new experiences.

More details on the systems of Testing in the Spiritual Life can be found in:

[Progressions in the Spiritual Life](#)

[The Power System of God, the Divine Dynasphere](#)

### [Advanced Problem Solving Devices in the Sophisticated Spiritual Life](#)

All 5 Advanced Problem Solving Devices are necessary to pass the various categories of testing in the Sophisticated Spiritual Life. These are tests of one's Spiritual Life Advancement and the content of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and will require the use of the advanced [Problem Solving Devices](#):

- ✧ Personal Sense of Destiny
- ✧ Personal Love for God
- ✧ Impersonal – Unconditional Love for Mankind
- ✧ Sharing the Happiness of God
- ✧ Advanced Personal Love for God – Occupation with the Person of The Lord Jesus, The Christ

In passing the testings of the Sophisticated Spiritual Life the believer will have the most fantastic life which will not be dependent on stimulation from lust fulfillment but from the ability to engage his thinking in Divine Viewpoint thought. Thought is the basis for all valuable things in life and the BIBLE is the Word of God, the Thinking or THOUGHTS of Christ (1Cor 2:16) which must be assimilated into one's own system of thinking. For the believer to be transformed by the renovation of his thinking he first must stop thinking in terms of Arrogance.

### [Blessing and Testing](#)

You cannot have blessing from God apart from Divine Solutions to problems and pressures in life and as one advances in the Spiritual Life he will have Suffering without which suffering there is NO blessing and NO advance. The '(gr) Elative Conclusion' says that the Divine Solutions are the only solutions and the Human Solutions are NO SOLUTION AT ALL. Problem Solving Incompetence inserts Arrogance and Emotion into Problem solving and halts the believer's advance to Maturity Adjustment to the Justice of God. From the insertion of Arrogance and Emotion into his problem solving mechanism the Believer retrogresses in his Spiritual Life even to the point of loser status. Arrogant believers never know their limitations and as a result adult believers who fail to recognize vulnerability to failure enter into emotional privation. Therefore, advancing believers are most vulnerable to Arrogance and Emotion in the salient of the Adult Crisis. Believers WILL be TESTED from spiritual infancy to Advanced

Maturity Adjustment to the Justice of God by the 3 Arrogance Skills, the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred and the resultant Incompetent Problem Solving of trying to solve problems with another problem. This is specifically designed to force the believer to address his arrogance and overcome it.

Passing these varying systems of testing always results in moving further into the Adult Spiritual Life under an accelerating factor and the testing helps eliminate any possibility of Arrogance hindering advance in the Spiritual Life. Passing Intermediate Momentum Testing allows moving into Basic Spiritual Maturity. If the believer's progress is continued moving into intermediate Spiritual Maturity here Maximum Pressure from all categories of Evil and those involved with it will ultimately be experienced as the believer continues advance through toward Advanced Spiritual Maturity. Reaching Advanced Maturity Adjustment to the Justice of God allows the believer's life to be involved in the production of maximum glorification of God and also pleasing God as he completes the supreme execution of the Protocol Plan of God and becomes a primary witness for the prosecution in the Angelic Conflict Appeal Trial.

The Testing Status of the Sophisticated Spiritual Life is designed to provide varying degrees of Suffering for Blessing unless the believer fails which results in the testing becoming suffering related to failure. In addition the testing stages are designed specifically to accelerate spiritual advance from one stage to another in the Sophisticated Spiritual Life. Each Stage of Advance through the Sophisticated Spiritual Life enhances the Basic Problem Solving Devices already developed and deployed on the Forward Line of Troops of the Soul and results in the Development and Deploying of the Advanced Problem Solving Devices. Passing these categories of testing results in attaining the 1<sup>st</sup> Strategic Objective of the Spiritual Life as well as 3 Tactical Objectives.

- ✧ 1<sup>st</sup> Tactical Objective is reaching and holding a Personal Sense of Destiny which is Spiritual Self Esteem.
- ✧ 2<sup>nd</sup> Tactical Objective is reaching and holding Spiritual Autonomy
- ✧ 3<sup>rd</sup> tactical objective is reaching and maintaining Spiritual Maturity

The 1<sup>st</sup> Strategic Objective of the Spiritual Life is parlaying the status of Maturity Adjustment to the Justice of God into Advanced Personal Love for God, Occupation with the Person of The Lord Jesus, The Christ through Cognitive Invincibility functioning consistently and thereby Glorifying God in time.

The reality of the Spiritual Life is that believers are either advancing or retrogressing in their Spiritual Life, therefore, it must be understood that the believer constantly develops and changes his values and since decisions in life are totally based on values IF his values are based on Bible Doctrine then he will make good decisions but IF they are based on involvement in the Interlocking System of Arrogance or Arrogance Skills his decisions are in fact self destructive. The 3<sup>rd</sup> Arrogance Skill Self Absorption can only be broken by the use in Spiritual Self Esteem and having a [Personal Sense of Destiny](#), Problem Solving Devices #6, deployed on the Forward Line of Troops of the SOUL. This recovery from Arrogance Skills function starts with Rebound and then Positive Volition must be constantly involved so that principles of Bible

Doctrine can be inculcated, metabolized and applied to the believer's life. Under these conditions the individual will change and begin his recovery. However, there is no way, by some other outside means, to rehabilitate and change either a loser believer or a criminal. Spiritual advance from infancy through adolescence occurs as momentum is gained in the Spiritual Life from consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine under the Filling of God the Holy Spirit and having developed and deployed the basic Problem Solving Devices:

- ↗ #1 Rebound
- ↗ #2 the Filling of God the Holy Spirit
- ↗ #3 the Faith Rest Drill (4 Categories)
- ↗ #4 Grace Orientation
- ↗ #5 Bible Doctrine Orientation

Spiritual Advance from adolescence through spiritual adulthood and into the phases of Spiritual Maturity occurs according to the development of the 5 stages of the Sophisticated Spiritual Life as per the Equations of Spiritual Advance. This is the PROCESS of advance where the believer is maturing in the Spiritual Life.

**(Bible Doctrine Orientation + Grace Orientation + Basic Spiritual Momentum + Initial Providential Preventative Momentum Testing Suffering) == Spiritual Self Esteem a Personal Sense of Destiny (Entrance into the Adult Sophisticated Spiritual Life)**

**(Spiritual Self Esteem or Cognitive Self Confidence + Personal Love for God the Father + Impersonal – Unconditional Love for Mankind + Basic Providential Preventative Momentum Testing Suffering,) = Spiritual Autonomy**

**(Spiritual Autonomy or Cognitive Independence + Sharing the Happiness of God + Intermediate Providential Preventative Momentum Testing Suffering) == Spiritual Maturity (Basic Execution of the Protocol Plan of God) and Glorification of God**

**(Spiritual Maturity or Cognitive Invincibility + Bravo Grace Support [Logistical Grace + Super Grace Escrow blessings] + Occupation with the Person of The Lord Jesus, The Christ + Maximum Pressure from Systems of Evil in No Man's Land as Advanced Providential Preventative Momentum Testing Suffering) == Advanced Spiritual Maturity**

**(Advanced Maturity Adjustment to the Justice of God + Maximum Volitional Orientation to Bible Doctrine & Grace + Total Occupation with the Person of The Lord Jesus, The Christ + Evidence Testing) = Maximum Glorification of God, Pleasing God, becoming a PRIMARY Witness for the Prosecution in the Angelic Appeal Trial of Satan (Complete Execution of the Protocol Plan of God)**

This [Progression of Spiritual Advance](#) in the Protocol Plan of God is Parlaying the 6th Problem Solving Device of a Personal Sense of Destiny into the 10th Problem Solving Device of Advanced Personal Love for God, Occupation with the Person of The Lord Jesus, The Christ.

([2Tim 4:6-8](#), [Phil 1:21](#)) Being Subject to Evidence Testing results in becoming directly involved in the resolution of the Angelic Conflict personally in the form of having one's Spiritual Life being presented as a primary witness for the prosecution against the appeal of Satan. None of this is possible when the believer becomes involved in the Interlocking System of Arrogance, the Interlocking System of Antagonistic Emotional Hatred or functions under the Arrogance Skills and these simply make him totally miserable. The more he Justifies Self and makes excuses for his actions the less likely he is to take responsibility for his actions and the less likely he is to use Problem Solving Device #1 Rebound to obtain Problem Solving Device #2 the Filling of God the Holy Spirit. New believers MUST use the first 2 Problem Solving Devices as quickly as possible and as consistently as possible in their Spiritual Life so that they at least have these 2 available to stabilize and provide solutions for their life.

### **Gate #14 – The Arrogance of Condemnation**

Until man discovers who and what he is he cannot appreciate who and what God is. People mostly think in error about self and as a result also about God and are, unfortunately, truly stupid and imbecilic. As a result of the revolution of angels against God led by Lucifer an Angelic Conflict began. After an unknown period when all created angelic creatures had made their personal decision to follow God or follow Lucifer, God convened the Supreme Court of Heaven. Being omniscient God presented the absolute facts of the revolt and proceeded to condemn and render judgment on Lucifer and his followers. God at that point relegated these revolutionaries to the eternal destruction of the Lake of Fire. This is what the fate of all revolutionaries should be. In effect God condemned Lucifer and his followers for revolting against Him and imputed the responsibility or culpability for that sin or transgression to each and every one of them. Lucifer, being the spokesman for and leader of the revolution and these fallen angels, spoke up after judgment was rendered and impugned the character of God. He said in effect that, based on the judgment of condemnation to the Lake of Fire for all the fallen angels, God could not be God because he did not coordinate the function of his LOVE with his Righteousness and Justice. In effect Lucifer APPEALED the court's decision to place him and his followers into the Lake of Fire and attempted to bring God down to his level. Knowing from his omniscience that all of this would occur from Eternity Past, and under the principles of the Grace Plan of God, God permitted the appeal and agreed to demonstrate the fallacy of the contention made by Lucifer. In effect he agreed to demonstrate to all angelic creation that the Essence or Character of God is Immutable and totally Fair and all aspects of it always function together in total coordination for complete self protection and preservation. To accomplish this end he created the Man and eventually gave him the Woman as a companion and put them into perfect environment in the garden and provided from his LOVE everything they would have a need for in life on the earth as human beings. In order to address the

situation of the angelic revolution and failure in the Plan of God he also gave man a volitional test (just like the angels had) as a prohibition. Since Lucifer had made the appeal and had revolted against God in order to rule angelic creation, God used Lucifer's plan of **"Good and Evil"** to set up a test for man whereby God gave Man the option of choosing for the GRACE plan under the Love of God or the Good and Evil plan under Lucifer. After an unknown period of time, Ishah, the Woman, became bored with Adam, tired of his authority over her, and with the daily Bible study provided by The Lord Jesus, The Christ. She, in fact, rejected the authority of Adam, Bible Doctrine and The Lord, and desired equality with all, in reality superiority over Adam, and began to converse with her pet serpent. Lucifer seeing the dissatisfaction of Ishah and her developing Arrogance in rejecting authority indwelt the serpent to speak to her and deceive her. He succeeded in doing so because the Arrogance of Ishah had caused her to not pay attention in bible study and therefore lack an understanding of the doctrines related to creation and the test for man. By playing on her Arrogance Lucifer convinced her that the Tree of the Knowledge of Good and Evil, prohibited by God, was what she needed to assuage her poor self esteem and become greater than all of these things she rejected. Having been deceived in this way, she partook of this fruit, in the presence of her husband, Adam, and then offered it to him who, knowing full well what he was doing, took it from her and both therefore became instantly spiritually dead. Adam and Ishah were created with Body, Soul and Human Spirit so that in essence, by transgressing the prohibition of God, they KILLED their Human Spirit, they Died Spiritually. As a result of Adam's transgression in voluntarily eating of the fruit of the Tree of the Knowledge of Good and Evil, spiritual death and separation from God occurred for Adam as it also did for Ishah and in the process of killing their Human Spirit their genetic structure was corrupted. They could initiate no more contact with God aside from being the recipient of JUDGMENT and Condemnation. At their interrogation by God the Son, the Lord Jesus Christ, in the garden their transgression was imputed to their new genetic Old Sin Nature. In other words they were held responsible or culpable for the transgression having used their free will volition to perform it. At this same time both accepted the potential for salvation based on the future event of the Substitutionary Spiritual Death of Christ on the cross for ALL Human Sin. After the fall of Adam and Ishah they were removed from the perfect garden and told to populate the earth.

In his unfathomable genius God provides a combination of things for every human being at his physical birth. At the point of physical birth for every human being God imputes Soul Life to the format soul within the genetic Biological Life of the emerging fetus resulting in Human Life. In addition and as a result of being descended from Adam and Ishah there is the transmission of corrupted genetic material from the male during copulation and fertilization of the female ovum so that every human being born after the fall of Adam has the same genetic defect of Adam and Ishah which in effect results in a lack of a Human Spirit resulting in an inability to have contact with God and the predilection to personal sin. This lack of a Human Spirit in subsequently born man results at physical birth in Human Life occurring simultaneously with spiritual death and along with this the propensity or predilection to personal sin which is called the 'Old Sin Nature'. This results at birth in human life and, simply because of having the Old Sin Nature as a genetic distortion of the human body, also spiritual death. Adam's Original Sin brought to the Human Race spiritual death and this has been the Status Quo since the fall of

Adam throughout all of Human History. Personal sin is the manifestation, the result, of having a genetic Old Sin Nature and is violation of the rules, laws, mandates or standards of the character of God, and is NOT the cause of Spiritual Death for man. Therefore, for every human being after the fall of Adam, God imputes the culpability for Adam's Original Sin to the genetic lack of a Human Spirit or the Old Sin Nature at physical birth. This imputation of Adam's Original Sin to its real home in the genetic Old Sin Nature is one of the greatest manifestations of the genius of God. The possession of the Old Sin Nature and the imputation of Adam's Original Sin to the Old Sin Nature leaves God no alternative than to condemn each human being to the Lake of Fire just as he did the fallen angels.

This status of man at physical birth removes all potential for the individual, in Arrogance, to claim that some sin he committed resulted in his condemnation by God. The Plan of God cannot have anything to do with sin because sin is a violation of the standards of God and GOD being immutable cannot change his standards therefore, not part of the Grace Plan of God. The test for Ish (Adam) and Ishah (Eve) in garden setting of the Angelic Conflict Appeal was the Plan of Satan laid out as Good and Evil and it did not include SIN (although Satan will definitely use human sin as a means of distracting people from participation in the Plan of God). The Plan of Satan was designed to produce as near a perfect environment for Angels and then for Mankind as possible APART FROM GOD. The Plan of God is GRACE, that which God can do for man which he cannot ever earn nor deserve based on the Substitutionary Spiritual Death of Christ for all human sins. Therefore, the structure of the Plan of God which allowed for the Angelic Conflict, the Angelic Conflict Trial and the Angelic Conflict Appeal, as part of the Grace Plan, "required" God to collect all personal sins for imputation to The Lord Jesus, The Christ who voluntarily died a Substitutionary Spiritual Death on the cross in payment for each and every one of man's personal sins in order to effectively make personal sin by man a NONISSUE. Man and his stupidity in failure (Personal Sin) is ABSOLUTELY NOT the major issue in the Angelic Conflict Appeal Trial and in relationship with God but CONDEMNATION is the issue since stupid only covers some of the people but condemnation by this means covers all people in the Human Race. Because of his failure in the fall of Adam the rulership of this world was turned over to Satan. Under the GRACE Plan and Policy of God, He provides conditions and opportunity for every newly born human being the volitional test of accepting the Grace Plan and Policy of God or the Good and Evil plan and policy of Satan which is now in effect as Satan's process for rulership of this world. It is imperative to understand that Personal Sin is the unfortunate and UNEXPECTED RESULT (for Satan) of Adam's decision to reject the prohibition of God regarding this satanic policy of Good and Evil and was a complete oversight on the part of Satan in his machinations to acquire rulership of this earth. The issue for man is, VOLITIONAL CHOICE, DECISION for God's Plan or for Satan's Plan, while Personal Sin is only a consequence of being spiritually dead and having a genetic Old Sin Nature which gives man the propensity and predilection to sin. The Lord Jesus, The Christ had to go to the cross and provide a Substitutionary Spiritual Death for all human sin to remove human sin from being an issue in the resolution of the Angelic Conflict. Choosing for the Plan of God occurs at the point of Gospel Hearing when the individual uses his Positive Volition to accept the Substitutionary Spiritual Death of The Lord Jesus, The Christ for his personal sins and all sins in humanity. Rejection of God or the Gospel of Christ by

default places the unbeliever in the plan of and under the control of Satan and outside of the Plan of God.

When Human Life occurs in some individuals and they cannot or do not ever arrive at the point of accountability, which is the point of personal decision making, then they cannot be held responsible for their lack of the use of their volition to choose the Plan of God having never reached a level of mental ability to engage in this. They are condemned at birth, are spiritually dead with an Old Sin Nature but as a result of not reaching accountability they cannot participate in the *purpose for man* on the earth and therefore are automatically taken to be with the Lord at their physical death. At this point God the Holy Spirit gives to them a Human Spirit and Eternal Life is imputed to it for them. God created the Soul Life which He also imputed to them at birth for the purpose of their making decisions for or against him and when they cannot accomplish this through NO FAULT OF THEIR OWN, he assumes responsibility for them and takes them to be with him for eternity. This is a primary unequivocal demonstration of the Love of God working with the Justice of God and Righteousness of God to provide salvation for those who cannot choose it. This occurs when a child is born and life is imputed and he lives a very short time and then dies before reaching the point of being held responsible for using his volition as part of the Angelic Conflict resolution at God Consciousness. God does the same thing for the individual who does not develop mentally enough to be accountable even though he matures physically. Consider that man was created solely to resolve the appeal of Satan at his trial in the Angelic Conflict. The creation of man came about to demonstrate to both elect and fallen angels that Satan's impugning of the character of God was a false issue and the Love, Justice and Righteousness of God along with all aspects of the Essence of God all work together at all times. In essence God must be FAIR and in taking the one, who never reaches accountability and cannot use his volition to fulfill his *purpose in life*, to be with God, IS FAIR. Therefore, man was given a volitional test, first the Tree of the Knowledge of Good and Evil vs the Tree of Lives, then after the fall of Adam and rulership of Satan over this world, Satan's Plan of Evil vs God's Grace Plan. If a person cannot ever make the decision then he is not a participant in this appeal trial resolution and since God created him God is responsible for him and must take him to himself at his physical death. The overriding principle is that Condemnation must PRECEDE Salvation and those who die without reaching accountability must be saved as part of the responsibility of God toward his creation. The death of a person prior to reaching accountability, thus the lack of the ability to participate in the decision making process for which he was created and thereby lacking the potential to engage in the resolution of the Angelic Conflict, is considered under the Grace Plan and Policy of God and since this person cannot add nor subtract from the resolution of the conflict he is immediately taken to be with God for eternity.

Condemnation of all human beings born into this world occurs because:

- Man is born DICHOTOMOUS with Body and Soul ONLY

- ✧ Man is spiritually dead at physical birth because of lacking a Human Spirit as a result of the transmitted genetic defect from Adam.
- ✧ Man possesses an Old Sin Nature giving him the propensity and predilection to sin
- ✧ Man is incapable of having a relationship with God except for the purpose of judgment

As a result of lacking a Human Spirit and possessing the genetic distortion of the Old Sin Nature, God holds each of human being culpable for the failure of Adam. Therefore as with Adam and Ishah, condemnation occurs when this SIN is imputed to each person's Old Sin Nature. Therefore, when God imputes SIN ie. the original sin of Adam, to one's genetic defect, the lack of a human spirit and possession of a real Old Sin Nature, he is instantly condemned at physical birth.

The Substitutionary Spiritual Death of Christ on the cross in payment for all human sin transgressions removes SIN as an issue in this life and in the Appeal Trial of the Angelic Conflict. No person can be born and not be spiritually dead and condemned at physical birth, THEREFORE, NO person can become spiritually dead only after committing his first sin. Since the Substitutionary Spiritual Death of The Lord Jesus, The Christ in payment for all human sin, this makes personal sin a total non-issue, personal sin resulting in condemnation by God is a real impossibility. The believer must keep in mind constantly that in this life under the Plan of God for this Appeal part of the Angelic Conflict trial **SIN IS NEVER THE ISSUE**. Being descended from Adam and Ishah and possessing the genetic distortion which precludes man from having a Human Spirit he cannot be born without spiritual death. This is why infant baptism as a means of guaranteeing salvation is idiotic and does nothing BUT when any child dies before accountability is reached they will always be taken face to face with the lord. The Justice of God has executed at the physical birth of every human being the very basis for salvation and for every human being born, CONDEMNATION PRECEDES SALVATION. In addition this aspect of the Plan of God allows God to destroy the Condemnation Arrogance in any testimony when a person says they are condemned for their own personal heinous sins. When Soul Life is imputed to the format soul at physical birth combining with the Biological Life of the fetus forming Human Life, this shows us that God has a purpose for our life and that this individual has entered the X Radical of the **Equation of Hope**, Plan of God.

If God withheld condemnation, in effect did not impute the culpability for Adam's Original Sin, from this spiritually dead individual lacking a Human Spirit, this individual could not participate in the Angelic Conflict appeal **RESOLUTION**. If this person committed a sin it would be the entire basis for his condemnation and there would be no way for him to resolve his status with God because there would be no means for an entrance into the Plan of God. If this person was held culpable for each and every sin he was to commit he would immediately be relegated to the Lake of Fire **before his physical death** after his very first sin, **JUST LIKE THE FALLEN ANGELS**. If this person never had the option of making a decision for the Plan of God, being in a status of never reaching accountability, then after his physical death, as a result of his persistent spiritual death, he would be relegated to the Lake of Fire being

incapable of having a relationship or contact with God except in the form of Judgment. God would have nothing to judge him for but also could not have any relationship with him. God having never condemned him would not have any responsibility for his failure to reach accountability and therefore he would be sent to the Lake of Fire. God would have no responsibility to take him to Heaven because he was never condemned and therefore did not qualify for salvation.

The imputation of Adam's Original Sin to the genetic Old Sin Nature means that possessing an Old Sin Nature the result will be an accumulation of personal sins for every individual, which are never imputed for condemnation to any person, destroying the Arrogant Condemnation Pride resulting from thinking one's personal sins are special. In fact, under the perfect Plan of God for this Appeal of the Angelic Conflict Trial, the personal sins of all human beings are never imputed to any person who has committed them because all of them were imputed to The Lord Jesus, The Christ on the cross. Therefore if a person dies before reaching accountability and has committed 0, 1 or 100,000 sins these were all imputed to The Lord Jesus, The Christ and therefore are not the basis for their condemnation but in fact are the basis for salvation.

The beauty and genius of the Plan of God is that all humans are condemned at birth no matter how good or bad, sweet or obnoxious, evil or spiritual, smart or dumb, generous or unkind no matter who or what one is, how he got here or what his circumstances are; all are condemned immediately at the point of physical birth. All human beings having an Old Sin Nature express the Old Sin Nature in differing ways with some emphasizing one category of sin and some another and when one makes changes in his tendencies to sin it is a very slow and gradual process and only Bible Doctrine can accomplish it. No one can ever change another person and the only person one can change is oneself and the only thing which can bring a positive change to anyone is Bible Doctrine. This is Bible Doctrine in the form of the Gospel of Christ, detailed Bible Doctrine of the entirety of scripture, and the principles of the Laws of Divine Establishment and Divine Institutions. Some individuals produce one brand of Human Good and some another but all Human Good is a production of the individual while residing outside of the Plan of God and under EVIL, the operating structure of the plan and policy of Satan in ruling this world since the fall of Adam. There are great varieties of people functioning under Evil and some individuals are sweet under Evil and some are snarling under Evil. The concept of the 'total depravity of man' covers the picture of mankind very well but this idea of total depravity does not adequately express the characteristics of Human Good and the [Self Righteous](#) pomposity of [Legalism](#) which is just as depraved as the worst sins. All people, both believers and unbelievers, do commit personal sin and produce acts of Human Good and have succumbed to the influence of the all permeating Evil of this organizational system which rules this world, and it is done all from one's own volition. Some believers like to estimate their Condemnation in terms of what they have done personally but this is totally erroneous, idiotic and involves a superficial pride in what they can or have done to screw things up in life. This is total Arrogance and many believers have great difficulty in understanding that they cannot take the credit for their depravity though they have been wallowing in it from physical birth. Many

cannot fathom that it is Adam's Original Sin imputed by God at birth which results in their personal Condemnation. Understanding this fact helps to understand how erroneous believers can be when they try to say to God "Why did you make me this way, I have done terrible things and it is all YOUR fault, etc".

Condemnation Arrogance is the individual trying to take credit for his own failings causing GOD to condemn him. This is Religion, This is legalism, This is STUPID and would prevent anyone from avoiding the Lake of Fire.

### **Gate #15 – The Arrogance of Misapplied Virtue**

Virtue is the manifestation of the invisible power of God resulting from residing and functioning in the Divine Dynasphere while Arrogance is the manifestation of the invisible power of Satan resulting from residing and functioning in Cosmic Dynasphere I, the Interlocking System of Arrogance. Arrogance derives great power from glorifying and romanticizing SELF while Virtue, for the believer, derives great power from glorification of The Lord Jesus, The Christ. For the unbeliever, virtue is the result of execution of his own game plan through function under the Laws of Divine Establishment and Divine Institutions. Once a person enters Satan's Cosmic Dynaspheres, the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred, he loses capacity for Personal Love and it turns into Arrogance or some other system lacking Virtue. A person devoid of Virtue in prosperity will be immersed in Arrogance in adversity. Virtue is objective in its direction while Arrogance is always subjective in its direction, therefore, Virtue is directed toward God and Man, while Arrogance is only directed toward Self. Since [Personal Love](#) as a Motivational Virtue is developed in the Divine Dynasphere through Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine, it is objectively ONLY directed toward God. In addition, [Impersonal – Unconditional Love](#) as a Functional Virtue is also developed in the Divine Dynasphere and is also objectively ONLY directed toward mankind and is a part of the [Royal Family Honor Code](#). Personal Love as a Virtue objectively directed toward God becomes synonymous with Worship, Love of God and Occupation with the Person of The Lord Jesus, The Christ. Therefore, [Worship](#), also a Motivational Virtue, can ONLY be directed toward God while Morality as a Functional Virtue under the Laws of Divine Establishment can only be directed toward Man. This means that Personal Love directed toward man is not a Virtue in itself, but IF it is arrived at properly and correctly, it is the [SELECTIVE RESULT](#) of the Virtue of Impersonal – Unconditional Love for Mankind. Therefore, Personal Love toward man can only be perpetuated by Impersonal – Unconditional Love since Impersonal – Unconditional Love is the only way to solve the problems which result from Personal – Selective or Conditional Love and is therefore the sustaining Virtue for Personal Love toward man. Personal Love directed toward God is the ultimate Virtue and a byproduct of Metabolized Bible Doctrine in the Stream of Consciousness of the soul. Virtue in the Christian Way of Life is such that in the function of prayer, the believer must have the Motivational Virtue of Confidence directed toward God and Functional

Virtue of Courage directed toward Man. Personal Love directed toward God in Worship under the maximum Category I Love for God of Occupation with the Person of The Lord Jesus, The Christ must be the goal of the Spiritual Life. Therefore, Basic Personal Love for God and Advanced Personal Love for God as Occupation with the Person of The Lord Jesus, The Christ are the direct result of advance in the Spiritual Life to Maturity Adjustment to the Justice of God.

In the Spiritual Life of the Church Age the advanced [Problem Solving Devices](#), #6 – #10, are all related to Virtue love as Personal Love for God the Father and Impersonal – Unconditional Love for Mankind. The Advanced Problem Solving Devices of the adult Spiritual Life are related to perfect Inner Happiness and are the enemy of the Interlocking System of Arrogance and the [3 Arrogance Skills](#). Virtue can then be organized into 2 categories depending upon its direction. Virtues directed toward God are [Motivating Virtues](#); Virtues directed toward Man are [Functional Virtues](#). Therefore, all Virtue must have an object toward which it is properly directed with the principle being that Virtue directed toward God motivates the Virtues directed toward man while those directed toward man can be applied to and function in life so that:

- ✧ Personal Love toward God motivates Impersonal – Unconditional Love toward mankind.
  - Impersonal Unconditional Love for Mankind develops impact virtues as it is applied in human relationships toward others including
    - ✧ Sensitivity
    - ✧ Thoughtfulness
    - ✧ Courtesy
    - ✧ Good Manners
    - ✧ Accommodation
    - ✧ Kindness
    - ✧ Understanding
    - ✧ Lack of Prejudice
- ✧ Confidence toward God motivates Courage toward man.
  - Confidence toward God also provides no place for the development of fear.
- ✧ Worship toward God motivates Morality toward mankind.
  - It is very important to recognize that basic worship directed toward God is in the Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine and that Metabolized Bible Doctrine puts Morality in its proper place as only a part of the Christian Way of Life.
- ✧ Genuine Humility toward God motivates Enforced Humility toward authority and mankind in general.
- ✧ Inflexibility regarding God & Bible Doctrine motivates Flexibility regarding every detail of life.
- ✧ Faithfulness toward God motivates consistent unwavering Responsibility toward mankind.
- ✧ Subordination or Submission to God motivates Leadership toward mankind.

Therefore Motivating Virtues drive Functional Virtues directed toward mankind and situations and circumstances of life. All of these Virtues are exclusively the monopoly of God and manufactured only in the Divine Dynasphere.

### **Virtue Reversal == Disaster**

To reverse the direction of Virtue is disastrous and motivated by the influence of Evil and therefore destroys the Virtue. In life all Confidence must be directed toward God and all Courage toward Man. However, when Courage is directed toward God it is Blasphemous and presumptuous. In addition, ALL Confidence toward Man is complete total idiocy. ([1Tim 6:17](#), [Lam 3:21-24](#), [Jer 17:5](#)) Also, all Worship is to be directed toward God, while all Morality is to be directed toward Man. To direct Morality toward God is again presumption and also [Legalism](#) and to engage in directing Worship toward Man is total and complete Arrogance. All Personal Love as a Virtue is directed toward God while Impersonal – Unconditional Love which is a Virtue is always directed toward Man. Impersonal – Unconditional Love directed toward God is also total Arrogance and Personal Love without the support of Impersonal – Unconditional Love directed toward Man is weakness and [Emotionalism](#). Obviously then misdirected Love is totally robbed of its Virtue. When there is misdirection of Virtue it results in destruction of the Virtue and its motivation so that misapplied Virtue can be seen in:

- ✧ Courage directed toward God which is Presumptuous and Blasphemous.
- ✧ Confidence directed toward man which is naive and idiotic.
- ✧ Morality directed toward God which results in gross Legalism.
- ✧ Worship directed toward Man which is total Arrogance and Stupidity and is a function of Religion which is a system of distraction from EVIL.
- ✧ Impersonal – Unconditional Love directed toward God which is total Arrogance.
- ✧ Personal Love directed toward man which is weakness, distraction and emotionalism and a PROBLEM manufacturing device in life.
- ✧ Flexibility toward God and Bible Doctrine which results in an eclectic Christian who bases Bible Doctrine on his experience.
- ✧ Inflexibility toward Man or Circumstances and Details of life results in complete entanglement in Arrogance and Legalism with the focus in life being Self, other people or other THINGS.
- ✧ Genuine Humility cannot be motivational Virtue when directed toward man because it is based on all motivational virtues functioning together which are only directed toward God and results from voluntary volitional conformity to the ABSOLUTE authority of the Sovereignty of God and Bible Doctrine which is the thinking of Christ.
- ✧ Enforced Humility cannot be functional Virtue directed toward God because it REQUIRES conformity toward some system of enforced discipline from some system of organizational authority outside the individual and is motivation from maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul which is a result of persistent Post Salvation Epistemological Rehabilitation from Motivational Virtues and it also requires all Motivational Virtues to function together in order to provide orientation to delegated Authority.

### **Humility as Virtue**

Humility in life is to begin its development in the home as organized humility. The individual, with his volition (Divine Institution #1) is BORN into a system of authority called the Family which results from the Marriage of one man with one woman (Divine Institutions #2 & #3),

the parents, and must respond to this Organizational Authority and its required discipline with Enforced Humility in order to be able to move into life and respond to the delegated authorities of life in schools, business and under government. This individual at God Consciousness and Gospel Hearing can then move, through volitional choice from his Positive Volition, to respond to the absolute authority of God and his Grace Plan and Policy with personal Genuine Humility. Enforced Humility directs proper response toward Delegated Authority in life beginning with the Parents and moving into the realm of Teachers, Professors, Bosses, Drill Sargents, Police, Judges, Pastor Teachers, etc., and teaches respect for and orientation to this Delegated Authority. This enforced humility results in a volitional choice to engage in respect for God's Sovereign Absolute Authority in the form Bible Doctrine as Genuine Humility. Love in any category requires Genuine Humility as the response to the Grace Plan of God. Goodness is always directed toward God as Worship and toward Man as Morality. In Cosmic Dynasphere I, the Interlocking System of Arrogance, misdirection of these characteristics becomes Self Righteousness and legalism, resulting in hypocrisy and is one of the roads to degeneracy in life. Fearlessness is the result of Confidence directed toward God but in Cosmic Dynasphere I, the Interlocking System of Arrogance it becomes bravado. Courage directed toward Mankind is a Virtue and the result of Genuine Humility toward God and his Grace but in the Cosmic Dynasphere becomes an emotionally motivated facade covering true cowardice or emotionalism.

Virtue is NOT proving one's worth or how good one is but is related to knowledge and understanding. Virtue is the result of the Genuine Humility which voluntarily acquires KNOWLEDGE of Bible Doctrine which is a manufacturing machine for Virtue. Virtue cannot exist in the Cosmic Dynaspheres since Arrogance always destroys Bible Doctrine and therefore all Virtue. Virtue is switching from Personal Conditional Love for one other person, to Impersonal – Unconditional Love for Mankind as the situation requires. The Cosmic Dynaspheres with Arrogance and Antagonism toward God and Bible Doctrine have sought to create confusion with regard to all doctrine but the function and application of reverse concentration on Metabolized Bible Doctrine in one's Stream of Consciousness of the Soul solves that problem. The Believer who constantly tries to PROVE something cannot IMPROVE his Status Quo in the Spiritual Life. Proving or trying to prove one's worth is Arrogance while IMPROVING ones worth through consistent Post Salvation Epistemological Rehabilitation from Perception, Cognition, Incultation and Metabolization of Bible Doctrine is prudence. Arrogance is unteachable, saturated in subjective reality and is an ignorance of and the cause for lack of knowledge of Bible Doctrine, therefore it is by this very definition derived directly from EVIL.

Humility is Virtue, teachability and objective reality so that knowledge is the basis for manufacturing Virtue when the subject of that knowledge is Bible Doctrine. Humility, as a way of life, is the Virtue of Grace Orientation leading to Occupation with the Person of The Lord Jesus, The Christ and Authority Orientation resulting in Virtue love and service. There are 3 advanced Problem Solving Devices categorized as Virtue Love:

- ✧ Basic Personal Love for God, #7
- ✧ Impersonal – Unconditional Love for Mankind, #8
- ✧ Advanced Personal Love for God, Occupation with the Person of The Lord Jesus, The

Therefore, Virtue Love is a system of thinking in the soul and is based on Metabolized Bible Doctrine in the Stream of Consciousness of the Soul as the basis for the believer's Spiritual Life. No One can have Virtue Love without the consistent [Filling of God the Holy Spirit](#). Virtue Love, therefore, is not a consistent part of the repertoire of either the infant believer or the youthful believer but requires consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine with Genuine Humility from functioning under the [Grace Apparatus for Perception](#) and under the Filling of God the Holy Spirit. [Humility](#) is the basic Virtue a believer can build which demonstrates [Grace Orientation](#) and truly begins his spiritual advance. All true [Integrity and Virtue](#) reside inside the Divine Dynasphere, God's Power System for the Christian Way of Life. [Impersonal – Unconditional Love](#) is the function of Honor and Integrity and is the result of the development of priorities and functions under the [Royal Family Honor Code](#). A colossal expression of Satan's failure is in the invention of his Cosmic Dynaspheres because they cannot produce Virtue under any category since Arrogance thinks in terms of Superior and Inferior with regard to SELF while Enforced and Genuine Humility think in terms of respect for Authority. As a system of thinking Humility is freedom from Arrogance and is diametrically opposed to Arrogance and one cannot exist where the other already is. Humility is the first essential key Virtue in life for it means there is teachability and since there is a great deal for the child to learn it must exist if the child is to become a vessel of honor. To make the transition from ignorance to cognizance in secular life and also in the Spiritual Life requires the basic Virtues of Enforced Humility and Genuine Humility which enable the successful engagement in Perception, Cognition, Incultation, Metabolization of Bible Doctrine for growth to maturity, both secular and spiritual. (See [Thinking Skills](#)) Humility, therefore, is the greatest Virtue in life fulfilling [James 4:6](#), [1Pet 5:5](#) and one of the benefits of Humility include great prosperity, [Ps 25](#).

Sensitivity is part of the impact Virtue of Impersonal – Unconditional Love and is being thoughtful of others while hypersensitivity is the arrogant flaw of operation over think which destroys teachability with focus on self. Therefore, Sensitivity is an expression of Impersonal – Unconditional Love for Mankind and the combines with the Virtue of thoughtfulness toward others while Hypersensitivity is an expression of Arrogance and the flaw of operation over think which destroys teachability and hinders spiritual momentum in the Divine Dynasphere. Sensitivity is the thoughtfulness, poise, confidence, courage, flexibility, honor, integrity, the true Virtue which comes from residence and function in the [Divine Dynasphere](#) which extends out its recon patrols in all directions to discover the feelings of others and avoids those things which might offend them. Therefore, the function of the Virtue of Impersonal – Unconditional Love is to be expressed in honorable sensitivity as thoughtfulness toward others. Without the Virtue of Impersonal – Unconditional Love there can be no successful Personal Love at any level. Sensitivity as a Virtue is objective and directed toward others, while hypersensitivity, as an aspect of Arrogance under Evil, is subjective and directed toward self. Sensitivity is the expression of Impersonal – Unconditional Love as a Virtue while hypersensitivity is the expression of Arrogance and the frustration resulting from it based on Evil. There is no conflict between sensitivity and honor, integrity, courage, confidence, courtesy, or any other aspect of true Virtue. Sensitivity is teachability in the Divine Dynasphere and is objective while

Hypersensitivity is unteachable and totally subjective. In a Status Quo of Hypersensitivity the REACTION of the believer to unfairness or injustice results from a lack of motivating Virtue toward God in which case he will REACT to every act of injustice and unfair treatment. Morality without integrity is life without true sensitivity. Therefore, Sensitivity and courtesy toward and thoughtfulness of others is part of the impact virtue under Impersonal – Unconditional Love for Mankind in the Divine Dynasphere.

### The Virtue of Love

Disillusion results from the misdirection of unsupported Personal Love or Confidence toward mankind. Having confidence in people is OK but when they fail it may lead one to disillusion and disappointment resulting in Iconoclastic Arrogance or the Feet of Clay Syndrome along with revenge motivation and the Modus Operandi of disappointment in the object of love. There is a part of People Testing in the Spiritual Life which is caused by the misdirected Virtue of worship directed toward people. The only real reason to recognize any flaws which may exist in any other person is to enable one to ignore them and practice the Virtue of Impersonal – Unconditional Love for Mankind. Again, Personal Love toward mankind is Virtue DEPENDENT, in order for effectiveness and success in any love relationship, and is normal but NOT VIRTUOUS. Romance and / or Friendship or Family Love are legitimate expressions of human love but do not constitute Virtue. There is no Virtue in making friends nor in family relationships nor in involvement in romance. Misdirected, even properly directed, Personal love for man has no Virtue therefore must depend on Virtue to sustain it and guard it from disillusion. Personal Love toward man can only be sustained and perpetuated where the Virtue of Impersonal – Unconditional Love exists to provide for functions of integrity and honor because *Personal Love vastly intensifies the problems of human interaction*. Both parties in any Personal Love relationship have problems and flaws and these problems can only be handled through the application of Virtue to the problem. The true principle is that in love, Virtue only exists in Personal Love toward God and Impersonal – Unconditional Love toward man. Impersonal - Unconditional Love toward Man is giving every person the option of using their own uncoerced volition to choose the direction of every aspect of their life. God is perfect and worthy of any Personal Love which can be directed toward him without disillusion or disappointment. In the Spiritual Life the Gate of Confidence is arrived at by reaching a Personal Sense of Destiny, Problem Solving Devices #6, which is the entrance into the Adult Spiritual Life of the Church Age. This includes development and deployment of Basic Personal Love for God and Impersonal – Unconditional Love for Mankind which are a tandem of Virtue Love in the Adult Spiritual Life. This is the Virtue of treating people from the Grace perspective in one's own soul and ignoring their obnoxiousness. This inevitably results in this believer developing in his Spiritual Life to the point of Sharing the Happiness of God, Problem Solving Devices #9, in tandem with Advanced Personal Love for God, Occupation with the Person of The Lord Jesus, The Christ, Problem Solving Devices #10, the final stage of Virtue Love. Virtue Love leads to an inner happiness greater than anything imaginable in Life.

Personal Love toward Man which is minus the support of Virtue results in weakness in several categories:

- ✧ Sin == Sexual Sins of fornication, incest or homosexuality

- ✧ Human Good == engaging in the efforts of trying to solve man's problems through human efforts under socialism, communism, welfare, etc.; even legitimately functioning under the Laws of Divine Establishment and Divine Institutions when NOT residing in the Divine Dynasphere.
- ✧ Influence from Evil == altruistic involvement with principles of socialism, communism, welfare, etc., the greater good for the greater number.

Personal Love toward God is virtuous and depends on Bible Doctrine for development since to LOVE God you must KNOW God and Bible Doctrine is the only means of knowing God. Personal Love toward man depends on attraction, knowledge and mutual admiration, also a compatibility of Old Sin Natures. Personal Love directed toward Man is a problem manufacturer and in order for Personal Love toward man to not become a problem creator all categories of human personal love must be reinforced by Impersonal – Unconditional Love for Mankind. The proper and consistent function of Impersonal – Unconditional Love REQUIRES maximum Metabolized Bible Doctrine in the Stream of Consciousness of the soul of the Believer interlocked with the Filling of God the Holy Spirit and this alone results in the development of Virtue and the correct direction for the application of that Virtue. Arrogant people are constantly seeking from others unconditional love while offering only conditional love WITHOUT Virtue in return. Any confidence directed toward man, which is not a Virtue, can only be sustained by the Virtue of Confidence directed toward God. Switching the direction of any of the categories of Virtue results in blaspheme of God, Arrogance, Legalism and weakness directed toward mankind. It is in fact the Impersonal – Unconditional Love BY God which, being perfection in itself, becomes the basis for providing all believers with all categories of Virtue.

The great Delusion of misdirected Virtue often starts with Personal Conditional Love directed toward MAN which is based totally on Emotion and physical attraction and this is NOT ever Virtue. There are 2 categories of Personal Conditional Love toward Man which are always ONLY directed toward A FEW people:

- ✧ Romantic Love or Right Man / Right Woman relationships.
- ✧ Friendship toward compatible others in one's periphery.

However, Impersonal – Unconditional Love is always to be directed toward all people at all times and is the mechanism for the support of this Personal Conditional Love for Man. Personal Conditional Love can only be sustained or perpetuated in any category toward man by the Virtues of Humility and Impersonal – Unconditional Love. Personal Conditional Love toward Man cannot provide unconditional love to anyone because it is, by definition, selective and conditional where one chooses another person in Personal Love because of their attributes which appeal to his norms and standards. Personal Love toward man depends on emotion, attraction, rapport along with Old Sin Nature compatibility and is ALWAYS Virtue dependent.

### Virtue vs Cosmic Dynaspheres

Satan's Cosmic Dynasphere systems deceive because they are based on the false standards of the LIE of Evil and therefore cannot produce Virtue so that when Satan tries it results in Self Righteousness, Legalism and all levels of Arrogance. The irony of Satan's Cosmic Dynasphere I,

the Interlocking System of Arrogance is that Arrogance destroys Virtue but in its subjectivity it also destroys itself. Virtue is the quality of Intrinsic Good ([gr] agathos) and is NOT proving one's worth which is Arrogance. Arrogance is the antagonist and the antithesis of Virtue. There are standards in the Word of God which show what Virtue, Honor, and Integrity are and that these are what must be followed as guides in life and by which one's life must be evaluated. Virtue encompasses those human characteristics manufactured through residence and function in the Divine Dynasphere the Power System of God, and they are a monopoly of God and should be the distinctive characteristic of the Royal Family of God in this Church Age. Virtue is the inevitable result of execution of the Plan of God by reaching Maturity Adjustment to the Justice of God. A Believer's residence and function in the Divine Dynasphere produces Virtue while residence in Cosmic Dynasphere I, the Interlocking System of Arrogance destroys Virtue.

### Virtue Summary

Equality is not Virtue and man was not ever designed for equality and where it does exist FREEDOM has invariably been destroyed, which is the key to the resolution of the Angelic Conflict Appeal Trial. Equality is inevitably used by the few to control the many under some form of tyranny. In the Spiritual Life there is neither Virtue nor authority in counseling others and authority exists only in and as the result of the effective, accurate teaching of Bible Doctrine and Virtue exists from learning it. To improve one's worth is objective reality in God's system, to prove one's worth is subjective reality in the Cosmic Dynaspheres involving Arrogance. Therefore, one IMPROVES in the Divine Dynasphere and PROVES in the Cosmic Dynaspheres. Virtue is the manifestation of invisible power in the Divine Dynasphere while Arrogance is the manifestation of invisible power in the Cosmic Dynasphere. Again, Arrogance derives great power from glorifying and romanticizing self while Virtue derives great power from glorifying The Lord Jesus, The Christ in the Divine Dynasphere. Visible personality is NOT EVER the true index of invisible character for it can be the vehicle for representing either Virtue or Evil Influence under Arrogance. Confidence toward God is a Virtue acquired through the Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Confidence in man is a normal function in life without Virtue and is only successful when supported by Virtue. Personal Love for God is a Virtue acquired from residence and function within the Divine Dynasphere while Personal Love for Man is a normal function in life but is devoid of Virtue and is Virtue dependent. Worship of God is a Virtue resulting from living within the Divine Dynasphere but worship of man or in religion is an ABNORMAL function within the Cosmic Dynaspheres. Therefore, Virtue directed toward God is motivating while Virtue directed toward man is operating or functioning and neither aspect of Virtue can exist until there has been successful development of the basic foundational of all Virtue, Humility. Decisions without Virtue are disastrous and this is why moral men without moral courage are IMMORAL and function completely under the influence of Evil. Therefore, there can be very Moral persons making constant immoral decisions, as in the government in the United States of America. Mankind is in fact designed for servitude, therefore, every person either SERVES God or Satan and one cannot resist or reject Bible Doctrine and serve the correct master. Joshua was commander of the armies of Israel and after the death of Moses he was the leader of Israel but when he spoke with regard to serving the Lord he also spoke for his entire family thus he was

truly a great leader being successful in battle, administration and in controlling his own household. ([Josh 24:15](#)) The fact is that the believer cannot serve God and do his will apart from Virtue derived from consistent residence and function within the Divine Dynasphere.

### **Gate #16 – The Arrogance of False Perspective**

Having or developing a false perspective in life results from failure in 2 primary choices or decisions in one's life:

- ✧ Rejection of the Substitutionary Spiritual Death of The Lord Jesus, The Christ on the cross for all human sins resulting in failure to make [Salvation Adjustment to the Justice of God](#)
- ✧ Rejection of Bible Doctrine, the Thinking of Christ ([1Cor 2:16](#)), after having made the positive decision for Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone.

These individuals adopt a totally [Human Viewpoint](#) orientation to life and begin to function completely within the Plan of Satan under the Cosmic Dynaspheres, the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred. These 2 decision failures result initially in the entrance of the believer into the Interlocking System of Arrogance and into the [8 stages of Reversionism](#) where any aspect of a spiritual life he may have begins to and constantly progresses down through greater and greater degradation and degeneration. For the unbeliever who has not made Salvation Adjustment to the Justice of God this degradation results from the rejection of the Absolute Truth of the principles of the [Laws of Divine Establishment](#) and [Divine Institutions](#) designed to protect and perpetuate the Human Race in Human History. This also results from his entrance into the Interlocking System of Arrogance where he lives a totally miserable and fragmented life. For the believer who has made Salvation Adjustment to the Justice of God this results in complete rejection of the importance of any Absolute Truth from any Bible Doctrine and the necessity for its consistent daily intake in order to enable function and growth in the Protocol Plan of God. The entrance into the Interlocking System of Arrogance is the beginning of the Fragmentation of the Life of the individual as a result of the explosion of the Arrogance Grenade in his soul. The resulting fragmentation caused by the Arrogance grenade explains everything sinful, abnormal, hypocritical, every act of [Human Good](#), all involvement and motivation from Evil, all Moral and Immoral degeneracy in the life of the believer. It is important for the believer in The Lord Jesus, The Christ to always remember that there is nothing wrong with being Moral as he functions in life and there is nothing wrong with doing GOOD things to help others in life but it must be kept in mind that these efforts have no eternal ramifications in and of themselves unless they are produced while under the Filling of God the Holy Spirit and residing in the Divine Dynasphere the [Power System of God](#). Being Moral protects the Human Race from self destruction and doing good things to help others is a beneficial thing for mankind in general BUT THEY DO NOT, WILL NOT AND CANNOT BRING A PERSON CLOSER TO GOD. These, and any other productions, are the responsibility of the Ambassadorship of the believer and

become maximally functional AFTER he has reached Maturity Adjustment to the Justice of God. These efforts or focus' can be PART of the Plan of God but must be accomplished under the proper procedures and motivations within the Plan of God only. The motivation for production of Divine Good in the Plan of God comes from the balance of residence of the consistent [Filling of God the Holy Spirit](#) and maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul.

Morality is a system of interaction with other individuals designed for ALL people in order to protect the Freedom, Privacy, Property and LIFE of everyone and it is PART of the Plan of God but the believer is supposed to develop [VIRTUE](#) above his moral functions as he progresses in his Spiritual Life and develops the [Integrity Envelope](#) of the 7<sup>th</sup> and 8<sup>th</sup> Problem Solving Devices. He must develop and deploy Motivational Virtue and also Functional Virtue to advance in the Spiritual Life under the Protocol Plan of God. The unbeliever who has not made Salvation Adjustment to the Justice of God is supposed to function under Morality and live within the principles of the Laws of Divine Establishment and Divine Institutions as a part of his limited interaction within the Plan of God for humanity in general. However, ONE slight tug or pull on the pin of the Arrogance grenade and the entire life of either individual is totally fragmented as his perspective on life moves deeply into the Cosmic Dynaspheres and the system of thinking under the Plan of Satan, EVIL. This can be called the Arrogance of False Perspective but it does not explain the completely inconsistent and disorganized life of the fragmented individual who has rejected God or His Plan after Salvation.

### [Gate #17 – The Arrogance of Inflexibility](#)

Reality in the Christian Way of Life is based on [Flexibility and Inflexibility](#) with regard to the non-essentials and essentials of life, which essentials ONLY include Bible Doctrines. Through personal consideration, evaluation and thinking the believer must establish a scale of values, norms and standards and priorities for life and Bible Doctrine must be the essential and all other things in life must be non essential. If this is reversed, even partially, the believer will never succeed in life. Added to his divorcement from reality and flexibility with regard to essentials in life is his Arrogance, [Emotionalism](#), Scar Tissue of the Soul, [Impulsiveness](#) and sincerity and therefore this person completely destroys himself and collapses when there is a catastrophe or disaster and completely eliminates self as a solution.

Even very intelligent people who become stubborn are reduced to being stupid, having become inflexible about inconsequential in life. The dumber a person is, the more stubborn they are, the more they say NO to every category of truth the more it becomes almost impossible to have enough patience to deal with them. The more stubborn and inflexible a person becomes the more he fills his soul with the [Scar Tissue](#) of reversionism and the more Scar Tissue that coats the Soul the greater he becomes filled with Arrogance and Arrogance always replaces REASON. Therefore, with increased Scar Tissue of the Soul Arrogance always increases and a

person can have a genius IQ but as a result of a great entanglement in Arrogance he will destroy himself because being an arrogant genius he will become irrational and stupid totally wasting his incredible IQ. MacArthur was a genius in battle and no military general could ever think the way MacArthur thought and be arrogant. He could think brilliantly in a crisis and when a person is brilliant in a crisis there is no Arrogance in him. When Arrogance saturates a person they freeze in a crisis and become stupid and even though they may generally be brilliant they become instantly stupid during the crisis.

Therefore, the more Arrogance one has in the Stream of Consciousness of the Soul the dumber he becomes no matter how intelligent he may be. Arrogance makes a person stupid as is evident by a historical review of every tyrant or dictator who ever walked into the picture of history. For the unbeliever who rejects the doctrine of the Gospel of The Lord Jesus, The Christ and for the believer who rejects Bible Doctrine or for either who reject the Laws of Divine Establishment and Divine Institutions at any level, [Scar Tissue of the Soul](#) is built up. When arrogant people look at a great man at any time in history it immediately starts the development of [Jealousy](#) and hangups in their soul and starts an intensified search to find something wrong with that person in order to be able degrade him because the arrogant person cannot live if they think someone is greater than they are. People who are always trying to degrade someone who is truly great are generally very petty people and they cannot ever be true friends because they will always be competing when around one or behind his back. This is a case where a person becomes their own worst enemy in life. This is tragic and these people are always miserable in life and always extremely miserable during holidays where they want attention but don't get it.

In many situations when wanting to recruit personnel for a good organization a good leader will look for the “bad boys” or “trouble makers” the ones who do not conform to the standards of the system they are in. People can always be provided discipline but they can never be forced into flexibility. A person can be sloppy, nonprofessional and mixed up but this can be corrected but it is impossible to correct inflexibility. The only thing which can correct inflexibility is truly hard times in life and often even this does not accomplish it because inflexibility is based on Arrogance. Inflexibility finds the one bad apple in the barrel and says the rest are already spoiled so throw away the whole barrel. Once a person begins to think this way even personal conversations with God do not change this attitude. This is clearly demonstrated in the dialogue between Elijah, after he had reached Advanced Maturity Adjustment to the Justice of God, and God. The problem is Arrogance and rejection of the Absolute Truth found in Bible Doctrine. Arrogance always dramatizes and exaggerates the dangers while flexibility always recognizes the dangers but minimizes them in the face of something far greater:

- ✧ “Greater is he in you than he that is in the world”.
- ✧ “If God for us, AND HE IS, [WHO AGAINST US?](#)”

As Royal Family of God until the believer recognizes the authority of the Lord there can be no recovery from inflexible [Self Righteous Arrogance](#). The power and talent of great people is of no consequence to the Lord, and divine blessing and power do not come through natural

ability, human power, self righteousness, [Self Pity](#) nor any other category of Arrogance. To the Lord, These things constitute NOISE. THERE IS NO POWER IN NOISE, there is [Fear](#) in noise but no power and the only way noise can control you is through fear. A mob makes noise and produces fear, the mob is motivated by and functions under Evil and the fear is obviously wrong. Weapons fire produces noise and as long as there is no fear things remain under control. When the noise of weapons produces fear people are intimidated and become cowards and then run away. There is no power in the noise and the only ability the noise has is to intimidate with fear. There is no power in the voice of a bully and a nagging woman may shriek and holler and it is noise and there is no power in that noise but the ability of that noise is to produce fear and intimidation in “Nagging or Henpecking”. Shouting, screaming, explosions, detonations, etc., occur and frighten people and once they are not thinking they become inflexible and this why men freeze in combat, why they freeze on an automatic weapon’s trigger, freeze hugging the ground or become totally immobilized under pressure, etc. Many of the military services do not, to this day, understand that to provide discipline for a soldier is good but when it is done to the point of removing flexibility it means that when he needs to think he will never perform or function properly no matter what. Men freeze on the trigger of an automatic weapon or flinch on the shot because of the noise which causes them to fear. Noise is feared because of Self Righteousness Arrogance which becomes inflexible and this person is thus frightened by noise because the flexibility to bring in and apply thought and Bible Doctrine is gone. Since the beginning of battles in history noise is used to intimidate the enemy. Noise is a weapon but only works on a coward and NOISE never bothers courage because courage can concentrate under the pressure of noise. In addition only Courage can concentrate under the pressure of noise in disaster and it never bothers the person who is thinking and concentrating and applying Bible Doctrine.

Therefore, the most devastating thing in life is involvement in Arrogance and many great people fall to the wayside in life because of Arrogance. Arrogance makes one inflexible and once one is inflexible and on a sin trend he cannot stop apart from being flexible and using the [Rebound Procedure](#) to get out of the trend. Only individually can a believer determine whether Bible Doctrine is important to him or NOT, no one else can determine this for him. In addition the Pastor Teacher is not responsible to gather a congregation and provide hearers but that is the job of God and the Pastor Teacher must only be faithful to teach the doctrine so that when one or 2 people decide to listen there is something to hear. Flexibility is essential for every occupation and profession including being a house wife. A housewife cannot have children or a stupid husband and have no pressures in life which require flexibility. Arrogance + Pressure => Self Pity and when this exists in a status of inflexibility there is no way to recover. One’s degree of flexibility in life is inversely related to his degree of Arrogance. If he is very inflexible then he is very arrogant. If he is very flexible then he is without Arrogance and has great [Humility](#). A prime example is in the TV program “Mash”, where Major Frank Burns was Arrogant and totally inflexible lacking any humility.

When the believer reaches the status of [Maturity Adjustment to the Justice of God](#) he should realize first and foremost how tolerant he has become of so many idiots who are struggling to grow up spiritually and who don’t do, look or think like he does and how suddenly he has

become courteous to absolute SCUM. In all areas of life he must always remain flexible especially in his Spiritual Life functions. One's pet areas of 'holiness' are his greatest danger zones for becoming inflexible. To the extent he does not follow the [Royal Family Honor Code](#) in the area of [Inflexibility](#) with regard to Bible Doctrine and flexibility about all other things, to that extent he has failed miserably in the Spiritual Life.

Good debaters must be humble and one cannot be arrogant and be good in debate or any other function in life. When one is arrogant he is inflexible and if he is inflexible he cannot be good at anything especially debate. All great debaters must be flexible, rational, logical, and related to reality but they can be easily destroyed simply by Arrogance and inflexibility. It is the same for anyone who is "good" at anything in life. Smart people who are arrogant and inflexible are always [Pseudo Intellectual](#). One cannot ever exploit a good IQ and great perceptive ability if he is arrogant and inflexible.

Egotistical Arrogance and [Pride](#) in a believer results in his being inflexible and assimilating only what HE thinks is right in a teaching situation, whereas Objectivity in the believer recognizes the truth of ALL Bible Doctrine taught as the [Essential](#) which is the ONLY thing he must be totally inflexible about. The believer who is God's man for the crisis must be very flexible about the Will of God and make instant decisions which do not always agree with his instincts. Flexibility comes from spirituality and Flexibility is seen in [Grace Oriented](#) believers and is the opposite of [Self Righteous Arrogance](#). General Douglas MacArthur was the most flexible person in military functions ever in United States of America history. He was gracious, thoughtful, considerate and brilliant but never inflexible and not ever arrogant. One cannot ever type Eisenhower and MacArthur since both were extremely humble, flexible and intelligent.

~ *[Humility](#) + Brilliance + Flexibility + Moral Courage == Greatness in the man*

In the media and in the education profession many apparently smart people exist but they are pseudo intellectual and although they are intelligent, they are also arrogant and inflexible. Smart people with Arrogance are always pseudo intellectual and have hang ups and are always trying to prove something and trying to advance beyond their peers. The more one pushes to advance in life with Arrogance the more inflexible he becomes especially in Christianity where his personal IQ is not the issue but only his spiritual perspicacity from his Spiritual IQ.

Every day in the United States of America there is some evil thing happening from government overreach, labor usurping power, management failing, or crime that can destroy the believer in an instant. If one is inflexible it will destroy him because he will always give up when put under pressure from these influences. One has to be flexible to be consistent and loyal opposition in the United States of America under the current government policies derived totally from EVIL and only Bible Doctrine gives that flexibility. Wanting to kill the opposition is not a solution but is inflexibility and nothing is solved by violence. The believer must be flexible and to be flexible he must be free from Arrogance. To the extent he has Arrogance in his soul, to that extent he will be inordinately upset about the condition and direction of the country, then, like many people, will think he can do something about the failure of the country. In a major election year many will be distracted by the election fanfare and will try

to find a candidate who they assume will solve all the problems of the nation by having the policy, solutions and courage to be able to do so but the true fact is that NO ONE HAS THE SOLUTION. The Lord Jesus, The Christ could enter the white house and not solve the problems of the United States of America because the problems of this nation involve too many Old Sin Natures saturated with Evil from entanglement in the Cosmic Dynaspheres.

If the believer is inflexible he will be destroyed by the disasters of this time in history. No one in Law Enforcement, Law, Military or any other such profession can afford to be inflexible. As a result of the myriad of resentments which originate from the public they would easily and readily slip into brutality out of sheer desperation. If any succumb to this tendency toward brutality they are no longer professional but just a person in a uniform stooping to the level of the scum that they are supposed to stop. They may be tempted daily to do something violent about these scum and to the extent that they do nothing violent when dealing with them, to that extent, they are great professionally because they don't function under Arrogance. Without Arrogance they don't feel sorry for self when spit upon nor Self Righteous because they are right. This applies to all the military services, officer corps, enlisted men and law enforcement and they must learn flexibility to cope with all the varied circumstances in society and still protect it. Since civilians now run the military and they do nothing to support the military, and are so stupid that they think that signing a treaty with communists or islam makes the country safe. Every treaty this nation signs with those scum bastards makes the situation in America more and more unsafe. One must be flexible to be an officer in the military and avoid Self Pity and Self Righteousness or he will never make a great soldier. No soldier is worthy to wear the rank of any of the services unless he is flexible and can be professional. Professionalism in any occupation requires the ability to take huge amounts of irrationality and abuse from those in authority over one. For a very long time the military services have been and are still experimenting in sociology and destroying themselves by so doing. A man is not worthy to be an officer unless he is flexible enough to handle this and to the extent he is not flexible he is full of Arrogance producing Self Pity and Self Righteousness. Many great patriots have given up hope for the United States of America because of Arrogance, Self Pity and Self Righteousness. This is clearly demonstrated in contemporary American history by the turning over of the Panama Canal which was and should still be American territory. To be right and inflexible is to be a martinet, non patriotic, a coward and run away from pressure or disaster. The people who never give up are often those who appear to give up but who are flexible and return to fight another day.

America may find itself invaded at some point in the near future as has occurred in other nations but today there is no longer a strong military to protect this nation nor is there in times of emergency effective police to protect life or property either. The Military and Law Enforcement cannot or often are not permitted to even stop rioting and prevent looting because of the policies and functions they are under are too soft and liberal. As a result, underground organizations will need to be formed and [Guerrilla Warfare](#) will become the order of the day for disaster survival. Most people are not prepared to become part of this type of function because they can only talk about it and talking about it results in inflexibility and Arrogance. A person must remain flexible about preparations and keep his mouth shut about his plans and

abilities and never announce his plans to anyone. Self Righteous inflexible people never admit that they are wrong about anything and it is incomprehensible why a believer fails to follow the [Rebound Procedure](#) acknowledging his failings and his being wrong, except that he is totally Self Righteous and inflexible. To be Self Righteous and inflexible results in being too arrogant to accept the principles of [1John 1:9](#) and unless he becomes aware of that as a problem he can never make it to Maturity Adjustment to the Justice of God. For this believer there is no way to pass the [Testing](#) leading up to Spiritual Maturity especially the test of [reversionism](#) attacking as a distraction from Bible Doctrine. As a result of these failures he could not ever make it in a Guerrilla Warfare situation. Bible Doctrine can bring one to the point of being able to handle pressure but he can never break into Maturity Adjustment to the Justice of God without flexibility.

The Personality of Dwight Eisenhower hid all of his brilliance, humility and flexibility and most people think he was just sweet and dumb. He is one of the most underrated people who ever have walked across this country and has been maligned and ridiculed and many general officers constantly berated him. Only the believers who glorify God in time and eternity are those who receive the imputation of blessing in time and who will receive great blessing in eternity. One can work his head off in life doing legitimate or illegitimate things supposedly for God during his entire life and it makes no difference to God and he will not ever glorify God in any way BUT he will be unquestionably improving his Arrogance and Self Righteousness. Arrogance is the origin of inflexibility and of Self Righteousness and Cowardice and [Pseudo Intellectuality](#). All great thinking is flexible in everything in life EXCEPT when it concerns principles found in Absolute Truth as in Bible Doctrine including the Laws of Divine Establishment and Divine Institutions. Arrogance always produces fear if one cannot produce what Arrogance demands. Arrogance always places one into a position where he loses flexibility and once this happens he becomes committed to the wrong ideals or principles. Genius can be a trap resulting in Arrogance and divorcement from reality and this type of person is a real pain in the ass. It is Arrogance which causes genius to be divorced from reality and Arrogance which destroys the potential of genius. Potential in any aspect of life is only converted to greatness by being minus Arrogance, having spiritual factors along with great self discipline and humility.

Arrogance + Inflexibility means all virtue, ability and success are invariably canceled. Divorcement from reality is generally due to inflexibility with regard to [Non-Essentials](#) while flexibility is related to orientation to reality. Inflexibility divorces one from reality and puts him into a fantasy dream world, keeping him out of touch with reality while it dries up thought processes destroying common sense. Inflexibility is a vacuum which sucks Arrogance into the Stream of Consciousness of the Soul. It involves either some aspect of conscious or [Blind Arrogance](#) where the believer makes a primary issue of self. In Arrogance the believer is always so stuck on self and so busy thinking about self that he doesn't have time to realize that others and other situation are or may be involved in any circumstance with him. Inflexibility makes him rude, stupid, thoughtless, and inconsiderate about the feelings and sensitivity of others.

Ironically the reversionist uses the freedom, given to him by the Laws of Divine Establishment,

to say NO to authority and all aspects of the Laws of Divine Establishment and Bible Doctrine. A reversionist accepts his freedom but not the authority which protects it nor the Bible Doctrine from which it has been derived, therefore, he is an anarchist under a system of Arrogance. There are churches which take away the freedom of the people in the congregation emphasizing authority with the result being a saturation of the people with self righteousness. These Arrogance systems are antithetical but all have Arrogance in common and when [Pride](#) accepts freedom in reversionism it always rejects [Authority](#). When Arrogance or Pride accepts authority in [Legalism](#) it rejects all other authority resulting in the self righteousness of legalism. Where freedom and authority are mated there is never any difficulty but where there is stubborn arrogant inflexibility there inevitably is lack of teachability, spiritual growth and successful execution of the Protocol Plan of God.

## Gate #18 – The Arrogance of Intolerance

Intolerance occurs in many areas of the Interlocking System of Arrogance as a result of the believer's entanglement in various areas of Arrogance. It must however be considered as a problem of prejudice and antagonism in this 21<sup>st</sup> century. A major problem in this United States is that the many varied races which exist in this country often bring a culture with them to the United States of America which causes them to misunderstand or totally fail to understand FREEDOM as it has come down in the American culture. This results in tremendous areas of cultural antagonism between Anglo Saxon culture and the freedom it brought and other cultures coming into the country. As a result the immigrant often does not understand freedom nor the source it has been derived from. Therefore, today in the United States of America for the believer, racial and social prejudice is not to be engaged in and from the 80s until now this has not been an affordable concept as a human being, let alone as a believer. This is a time when Satan's ecumenical religious system includes all the slough off believers, the cults, the Catholics, protestants, Hindus, etc., all in one system to oppose the Truth of Bible Doctrine and the believer cannot be effective as a witness by his life and presentation if he is INTOLERANT. Today especially, intolerance is arrogance pure and simple and all people are human beings and the ones who have come to this country for whatever reason are now here providing one of the greatest opportunities for evangelism and witnessing without the believer having to go anywhere. God has said in effect, "USA, as a client nation has failed as missionaries so I am sending the people to you as immigrants and illegal aliens". No longer does the believer live in a time when any kind of prejudice has anything to do with being a Christian but the Christian Way of Life requires tolerance, understanding, thoughtfulness for all other peoples. The believer must consider, WHY NOT! All he has to do is just go back and apply Logistical Grace and consider how TOLERANT God is of each believer, He keeps us alive and provides food, shelter and clothing as part of his obligation to his Royal Family. All believers have been blessed magnificently with Logistical Grace from God and there may be obnoxious people in every race and social strata but there are also wonderful people as well, many who may be awaiting information regarding Salvation Adjustment to the Justice of God and the Plan of God. The history of the United States of America is such that very often in the past people from the lowest classes of society have become honorable, virtuous, wonderful people. People from the slums and from the elite neighborhoods can be equally as honorable, virtuous and wonderful because their circumstances of life have nothing to do with it.

By treating the people God has sent to the United States to be evangelized poorly with intolerance and prejudice, because American missionary functions have failed, this arrogance has resulted in the United States receiving the 4<sup>th</sup> cycle of Divine Discipline, WHICH IN REALITY HE HAS ALREADY PUT THIS NATION UNDER. The majority of believers have lost the proper perspective and arrogance shows in the attitudes and prejudices they express but Impersonal Love which is manufactured in the [Power System of God](#) the Divine Dynasphere is the solution to this. If a believer or any person wants to be successful in his life and great in any area of life in the 21<sup>st</sup> century he must become tolerant and it must be genuine tolerance. The future holds greatness for those who develop and maintain Impersonal – Unconditional Love for Mankind who set aside their prejudices, intolerance and arrogance and begin to function within the Divine Dynasphere with Impersonal Love for all mankind.

### **Gate #19 – The Arrogance of Rejection**

Rejection Arrogance invariably interlocks with [Iconoclastic Arrogance](#) and inevitably at some point someone is going to reject the believer and make it clear that they are rejecting him and they will rip off their mask of hypocrisy and tell him what they think he really is. Rejection is actually a combination 2 Arrogance Factors:

- **Passive Rejection** – The [Arrogance of Unhappiness](#), Subjective Preoccupation with Self
  - “I Hate YOU”, here the believer is the object of the statement and receives the action of the transitive verb HATE and in receiving this HATE he is under PASSIVE Rejection. This means he has been rejected and has received a rejection notice. Being rejected by others he is now the victim and he has either disappointed or [Disillusioned](#) someone who then rejects him. This rejection may be fair and justified or unfair and unjustified, that is it may be accurate or inaccurate, right or wrong but the fact is he has been rejected.
- **Active Rejection** – Iconoclastic Arrogance and [Role Model Arrogance](#), Subjective Preoccupation with Others
  - “I Hate YOU”, I is the subject and I reject another and I provide the rejection for them. In any association with people one will reject some and he may rotate his rejections liking them today and hating them tomorrow on and off but HE rejects others.

Outside of 2 exceptions, the victims are no longer innocent and whenever someone is rejected by anyone there is a reason for it and the rejection is a notice of a time for the victim’s self examination. Both passive and active rejection are related to Arrogance and both involve a fragmentation of one’s life with 2 exceptions:

- **Passive Rejection** – The humanity and deity of The Lord Jesus, The Christ were rejected during the dispensation of the Hypostatic Union.
  - People were rejecting perfect God and people were rejecting the perfect humanity of The Lord Jesus, The Christ and it was He in total innocence receiving rejection.
- **Active Rejection** – I Reject Jesus, The subject, the individual who rejects The Lord Jesus, The Christ is obviously involved in arrogance and entangled in a fragmented life in rejecting the humanity of the Lord, a perfect humanity, and the subject is obviously innocent.

The victim can be innocent as in the case of the humanity of the Lord Jesus, The Christ where he was rejected and it was prophesied. ([Is 53:3](#)) Sorrow and suffering as stated in [Is 53:3](#) comes to those who are innocent victims of rejection. ([Ps 118:22](#), [John 6:36](#), [John 6:47](#), [Luke 17:25](#)) During the last 3 hours of the crucifixion of The Lord Jesus, The Christ, his humanity was even rejected by God the Father because all Human Sins in the history of the Human Race were imputed to him and then Judged by God the Father in Jesus’ humanity. Therefore EVEN God the Father in providing for us this so great potential for Salvation Adjustment to the

Justice of God had to reject the perfect humanity of The Lord Jesus, The Christ ([1Pet2:20-24](#))

In v20, this person is rejected because he sinned and he was rejected with harsh treatment but the rejected person endures it with patience, SO WHAT, of what benefit or significance is this? Any time the believer is the innocent victim of rejection and handles it using the Assets of the Spiritual Life, the [10 Problem Solving Devices](#), the [4 Spiritual Skills](#), then he does so it as a part of the GRACE from God. Christians will be rejected because they are obnoxious or not obnoxious and sometime just because they are right. If the believer is rejected because of being a fragmented believer he is supposed to just pick himself up, rebound and keep moving in the Spiritual Life. If he is rejected because he is kind, and full of virtue he must use the GRACE provision of God to handle this rejection. Believers in this Church Age are *called in the Protocol Plan of God to be rejected* because they are honoring The Lord Jesus, The Christ by living in the [Divine Dynasphere](#) functioning under the constructed [Edification Complex of the Soul](#) and using the 10 Problem Solving Devices to live their lives as unto the Lord, thus using all of the invisible divine assets to function properly and effectively in the Christian Way of Life. Believers are commanded to follow in the footsteps of The Lord Jesus, The Christ when rejected and are innocent victims of passive rejection by using the 10 Problem Solving Devices with Grace Orientation being the specific solution mentioned.

Liberal theology has people acting like NIT WITS following some idea of pacifism and loving everyone with Human Good energy and doing this and that good deed for others. This is NOT following in the footsteps of The Lord Jesus, The Christ. The liberal believers always think they are the ones being rejected because of their greatness as believers. Whenever there is a reference in the New Testament Scripture to ONE, (1) single Problem Solving Device this includes the use of ALL 10 Problem Solving Devices. However, at the point of Salvation Adjustment to the Justice of God the believer is not ready nor capable to even begin to use these until he makes [PROGRESS in the Spiritual Life](#). 1Peter chapter 2 gives reference to the believer as to HOW To handle rejection:

- ✧ Patience – Using the [Faith Rest Drill \(5 stages\)](#) Problem Solving Device #3
- ✧ Grace – [Grace Orientation](#), Problem Solving Device #4

When The Lord Jesus, The Christ was rejected it was not because he was Arrogant or sinful or involved with Evil in any way but because he was perfect and those who rejected him were sinners. He was rejected because of Satanic Motivation from EVIL and its influence on the people rejecting him. He was rejected because of entanglement of the people within the Interlocking System of Arrogance, Cosmic Dynasphere I. He also suffered as a Substitute for each and every human being in payment for OUR sins, thus on the cross he was rejected by Man and also by God in judgment for these sins. During his 33 years of life he never committed a sin and never engaged in any deceit yet in the arrogance of rejection there is always deceit in slander, maligning, gossip and judging of the innocent one rejected. Jesus did not trade insult for insult when rejected and he did not threaten retaliation for his unjust treatment but put the rejection in the hands of God the Father WHO JUDGES JUSTLY. The perfection of the humanity of The Lord Jesus, The Christ was even rejected by God the Father when He was being judged for our sins. ([Ps 22;1](#), [Matt 27:46](#)).

The functioning of 3 Problem Solving Devices are noted as being used by The Lord Jesus the Christ during the judgment of our sins in Him on the cross:

- The [Faith Rest Drill \(5 stages\)](#) ([1Pet 2:23](#)) Problem Solving Device #3
- The [Filling of God the Holy Spirit](#) ([Heb 9:14](#)) Problem Solving Device #2
  - The imputation and judgment of all human sins to The Lord Jesus, The Christ on the cross was the most awful suffering in the history of mankind and it was the Filling of God the Holy Spirit within the prototype [Divine Dynasphere](#) and maximum [Metabolized Bible Doctrine](#) in his Right Lobe of the Stream of Consciousness of the Soul that sustained The Lord Jesus, The Christ during this judgment on the cross.
- [Sharing the Happiness of God](#) ([Heb 12:2](#)) Problem Solving Device #9
  - By this means he disregarded the shame of being judged for sins he did not commit.

The 1<sup>st</sup> and 10<sup>th</sup> Problem Solving Devices were never pertinent for The Lord Jesus, The Christ since he did not ever need rebound having never committed personal sin and he was totally occupied with Personal Love for God the Father and could not be occupied with his own person but He used every other Problem Solving Device.

### **Active Rejection**

In Active Rejection, the believer is the initiator or rejector and this rejection involves fragmentation of his life and nothing augments fragmentation like rejection. This is the believer rejecting Bible Doctrine. I HATE Bible Doctrine – The Subject does the rejecting and the object of the rejection is Bible Doctrine taught in an expository way from the pulpit of the Local Church. When the believer rejects Bible Doctrine in this way the rejector is wrong and he has pulled the pin of the Arrogance Grenade and entered into the fragmented life within Cosmic Dynasphere I the Interlocking System of Arrogance. The believer's Life MUST revolve around Perception, Cognition, Incultation and Metabolization of Bible Doctrine especially the mystery Bible Doctrine of the Church Age. This, should be Priority #1 in his life, demanding daily consistent Post Salvation Epistemological Rehabilitation within the Divine Dynasphere. The believer who rejects Bible Doctrine often does so because of his being rejected by other Christians and this reaction at any level is Negative Volition toward Bible Doctrine which instantly puts him into Cosmic Dynasphere I and the [8 Stages of Reversionism](#).

### **Passive rejection**

In Passive Rejection the believer is the victim but too often this victim is already fragmented and deserves rejection. However, there is always the exception of the innocent victim like the humanity of The Lord Jesus, The Christ in the Hypostatic Union. In either case the fact is that nothing is more discouraging to the believer than rejection by other believers.

### **Areas of Rejection**

The believer can be rejected in many ways and in many areas of life such as:

- By peers
- By friends

- ✧ In romance
- ✧ In marriage
- ✧ In social life
- ✧ In business or professional life
- ✧ In Christian fellowship – church life.

Life is always complicated by reaction because this involves self fragmentation and reaction to anything in life causes self fragmentation. When the believer is rejected in passive rejection by those he loves, respects or admires he reacts by pulling the pin of the Arrogance Grenade and thus fragments his life. Sometimes the believer is rejected because he is living a fragmented life entangled within the Interlocking System of Arrogance, Cosmic Dynasphere I and impossible for anyone to be around. However, without regard to the cause or reason for rejection, reaction to rejection always results in fragmentation of one's own life or the intensification of an already fragmented life thus enhanced entanglement within the Cosmic Dynaspheres. The one who is innocent and rejected by others, being personally HURT or UPSET by this rejection is a subtle form of arrogance as a reaction and this results in fragmentation of one's own life. This opens the door for an interlocking with many areas of [Mental Attitude Arrogance](#) and [Iconoclastic Arrogance](#). This is the rejected person who associates his rejection with other Christians and thus reacts with [Negative Volition](#) toward Bible Doctrine. This rejected person also interlocks with [Self Righteous Arrogance](#) and [Authority Arrogance](#) and is deeply hurt by the rejection and thus also reacts with interlocking with the [Arrogance of Unhappiness](#) as total subjective preoccupation with self.

### **Causes of Rejection**

Rejection of the believer by mankind is designed by GOD for his ultimate blessing but rejection can be the result of one's:

- ✧ Acts of justice or injustice
- ✧ Kindness or cruelty
- ✧ Taking advantage of another who has had enough
- ✧ Dishonesty or deceitfulness
- ✧ Honesty or Integrity
- ✧ Using another under the guise of love or friendship, being a hypocrite
- ✧ Previous compatibility having soured and incompatibility set in
- ✧ Positive Volition toward Bible Doctrine or under Negative Volition toward Bible Doctrine.
- ✧ Romantic opposite number having found a better or more appealing partner rightly or wrongly.

For whatever reason one is rejected, the fact is that the rejection exists and it is ALWAYS AN OPPORTUNITY FOR BLESSING FROM GOD. In fact rejection by others is designed for the blessing of the advancing believer who is rejected.

### **Reasons for Rejection**

Many of these are antithetical concepts where:

- ✧ Some are kind, Some are cruel
- ✧ Some are honorable, some dishonorable
- ✧ Some are fair, some are unfair

- Some are right, some are wrong
- Some are honest, Some are dishonest

Whatever the reason for one being rejected by others, the point is that the believer is going to receive blessing from this rejection OR intensify and prolong the fragmentation of his own life in the Interlocking System of Arrogance all the way down through [Reversionism](#) to the [Sin Unto Death](#)? The only real question therefore is, will that believer end being fragmented in his life and entangled in Reversionism and the Interlocking System of Arrogance, Cosmic Dynasphere I or NOT?

### **MIS-Handling Rejection**

Rejection has many repercussions in one's own life but if it involves fragmentation under [Bitterness](#) it has terrible repercussions with regard to others in one's periphery. Reaction to Rejection produces a tragic flaw in the life of the believer and inevitably, when the rejected person reacts to this rejection, he will enter into the Interlocking System of Arrogance, Cosmic Dynasphere I with:

- [Mental Attitude Arrogance](#)
- [Negative Volition](#) toward Bible Doctrine as a result of rejection by Christians
- [Self Righteous Arrogance](#) against authority as well as from being deeply Hurt
- **Hatred, Implacability, Vindictiveness**
- [Iconoclastic Arrogance](#)
- [Role Model Arrogance](#).

### **The Solution to Rejection**

The only solution is IF one is fragmented as a result of rejection is to use the [Rebound Procedure](#) and Keep Moving forward by means of Post Salvation Epistemological Rehabilitation in the Christian Way of Life and IF he is not fragmented then LOOK for the blessing from the rejection. Whatever the reason for rejection IT IS ALWAYS an opportunity for blessing from God and is designed for the blessing of the believer victim. If one is at fault, the blessing comes from facing the reality of his failures or fragmented life and beginning recovery with rebound and consistent Post Salvation Epistemological Rehabilitation. If one is not at fault then he WILL receive Blessing especially if he is a mature believer or at least one who has reached Problem Solving Device #7, [Personal Love for God](#) and has developed this [Motivational Virtue](#) within the Divine Dynasphere. ([Rom 8:28](#))

For the believer who reacts to rejection there can be NO blessing and only a fragmented life. The rejected believer who reacts to rejection either enters into Reversionism and the Interlocking System of Arrogance at the point of rejection or has already entered the Interlocking System of Arrogance and that is why he has been rejected. The believer who uses the [10 Problem Solving Devices](#) when faced with rejection has a response rather than a reaction to rejection and the response is Thanksgiving. Thanksgiving always has its greatest manifestation of [Grace Orientation](#) during situations which are unpleasant. ([2Cor 4:15](#), [1Thes 5:18](#)) This is the ultimate winner's status when he is rejected. Rejection alerts the believer that he needs to change his perspective about life from PEOPLE emphasis to GOD emphasis in order to basically ignore the rejection of people. Most difficulties which occur as a result of

rejection are because believers have put people emphasis over God emphasis. Rejection therefore gives the positive advancing believer an opportunity for objective self examination, the opportunity to reevaluate his perspective. Rejection also gives the believer the opportunity to use the 10 Problem Solving Devices, especially the ones related directly to God:

- Grace Orientation
- Basic Personal Love for God
- Advanced Personal Love for God – Occupation with the Person of The Lord Jesus, The Christ

These will provide the believer with the realization that no one is perfect and every person has an Old Sin Nature and every Old Sin Nature **LIKES TO BE USED**. Therefore, the only perfection a person can ever know is the meager understanding of the Essence of God and magnificence of The Lord Jesus, The Christ in Hypostatic Union which comes from consistent Post Salvation Epistemological Rehabilitation from Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. Rejection gives the positive believer the opportunity to use the Rebound Procedure and move rapidly back under the Filling of God the Holy Spirit and status of living in the **Divine Dynasphere**. There he can then function under the **10 Problem Solving Devices** using the Faith Rest Drill (5 stages) to get back to Grace Orientation and Bible Doctrine Orientation in order to exercise his Personal Love for God and Impersonal Love for Mankind as **Motivational and Functional Virtue** applied to his being rejected. He can then use his inner happiness and contentment of Problem Solving Device #9, Sharing the Happiness of God and realize he has a Personal Sense of Destiny and has been elected into a predetermined plan and functions under Advanced Personal Love for God as Occupation with the Person of The Lord Jesus, The Christ so that rejection by others is truly **MEANINGLESS TO HIM**. However, not all of these Problem Solving Devices are available in the Spiritual Life until the believer reaches Maturity Adjustment to the Justice of God but each will have a progressive deployment and level of function IF the believer is consistent in his spiritual advancement.

Rejection whether Fair or Unfair is a TEST for one's Spiritual Life and any test for the Spiritual Life is designed to accelerate the momentum of spiritual growth toward **Maturity Adjustment to the Justice of God** and becoming an invisible hero. The issue is not fairness or unfairness regarding rejection and if one makes that the issue then he will pull the pin of the Arrogance Grenade and enter into the Interlocking System of Arrogance. This Fragmentation of the life of the believer occurs in the Cosmic Dynasphere Systems where God the Holy Spirit is Grieved or Quenched and the believer is failing in the Christian Way of Life. There is no way one can use Divine Problem Solving Devices under the Grieving or Quenching of God the Holy Spirit because using the Problem Solving Devices requires the power from the Filling of God the Holy Spirit. The only Problem Solving Device available in this situation is the Rebound Procedure, **(1John 1:9)** which is a PROCEDURE for the believer to instantly regain the Filling of God the Holy Spirit and the use of the remaining Problem Solving Devices. The Spiritual Life occurs within the Divine Dynasphere where the believer is under the Filling of God the Holy Spirit and walking by means of the power from God the Holy Spirit. The Filling of God the Holy Spirit and residence inside the Divine Dynasphere are the bases for the Principles needed to respond properly whenever one is rejected.

## **The Breath of the Spiritual Life**

The Filling of God the Holy Spirit is LIKE breathing and is analogous to breathing. Either one is breathing or is DEAD. Either one is in the Divine Dynasphere under Gate #1, the Filling of God the Holy Spirit, or is outside the Plan of God in the Cosmic Dynaspheres, the Plan of Satan. In Cosmic Dynasphere I, one is grieving God the Holy Spirit and being out of fellowship in carnality under Operational Death therefore NOT breathing. In Cosmic Dynasphere II one is quenching God the Holy Spirit and actively antagonistic to God and again NOT breathing. **Therefore the believer certainly must understand that physical LIFE and physical DEATH are mutually exclusive and that he is either ALIVE and BREATHING or DEAD and NOT BREATHING. If he is dead he is not alive and if he is alive he is not dead! Spirituality, the Spiritual Life, is like LIFE and DEATH and is an absolute and being spiritual is mutually exclusive from being non-spiritual. EITHER one's soul is under the control of God the Holy Spirit or one is Carnal and under the control of his Old Sin Nature. These are mutually exclusive and there are NO degrees of spirituality. Therefore, Spirituality is NOT relative and when believers make spirituality relative it results in very few executing the Protocol Plan of God and as a result their being unable to RESPOND to rejection by always reacting to rejection and fragmenting their own life.** One's state of fragmentation and living in the Cosmic Dynaspheres is analogous to the cessation of breathing. The ONLY recovery for the believer who has stopped breathing in the Spiritual Life is the CPR (Christian Procedural Rebound) of the Spiritual Life, the Rebound Procedure and to then keep breathing in Bible Doctrine through Post Salvation Epistemological Rehabilitation. The principle is that the believer MUST NOT hold his breath whenever he is rejected for any reason.

If one's rejection is related to his own failures by entrance into the Interlocking System of Arrogance then he must instantly engage in emergency CPR, (Christian Procedural Rebound) in order to regain his breathing capability under the Filling of God the Holy Spirit. Rejection therefore becomes a fantastic opportunity for the positive believer to engage in Self Evaluation and a chance to dive deeply into the learning process and learn from one's mistakes, a chance to accelerate advance and press toward the high ground of Spiritual Maturity. Rejection is a chance to ENHANCE both Enforced and Genuine Humility at Gate #3 the [Authority Envelope](#) of the Divine Dynasphere.

### **Categories of Rejection:**

Rejection of a person, where the rejection by others is of someone who one is very close to, and results in, when in association with that rejected person, one potentially entering into secondary Arrogance as a reaction to this. Secondary Arrogance is one entering into and becoming involved in the Interlocking System of Arrogance because the person whom one loves or is closely associated with has been rejected and he has reacted to THEIR being rejected by others. Thus he enters into the Interlocking System of Arrogance because of rejection INDIRECTLY related to him but he still fragments his own life.

One cannot become subjective about people without becoming subjective about Bible Doctrine. As a result one will distort Bible Doctrine to justify loved ones when they are rejected thereby entering into a condition where he sides with the one rejected, and himself rejects and possibly

maligns the rejector thus entering into the Interlocking System of Arrogance and fragmenting his own life. This destroys the possibility of either he and / or his loved one recovering and simultaneously puts himself in jeopardy of perpetuation of a fragmented LIFE. Intensification of Fragmentation is the potential when rejection occurs and leads to interlocking more deeply into and becoming more irrecoverably entangled in the Interlocking System of Arrogance at many levels. There is potentially also an intrusion of [Transference Arrogance](#) at the point of Rejection where the believer is antagonistic toward the Rejector and then whatever flaws he may have he attributes to the rejector. This results in whatever hypocrisy exists in his life being moved to the rejector naming him the Hypocrite. To the extent he is a coward he then attributes this cowardice to the Rejector. To the extent one is deceitful he then attributes deceit to his rejector. To the extent he is a snob (involved in some [Self Righteous Arrogance](#) or other arrogance flaw) he maligns the rejector by attributing snobbery to him. This means that this believer will not grow in the Spiritual Life until he breaks out of this pattern through the use of the CPR (Christian Procedural Rebound) of the Spiritual Life and then keeps moving forward in the Spiritual Life with consistent Post Salvation Epistemological Rehabilitation back to Objectivity and Grace Orientation. The believer reacting to rejection will transfer to the rejector the fragments of his own life and his own tragic flaws to justify himself under the [Arrogance Skills](#).

Failure to pass the rejection testing of primary personal rejection or secondary loved one rejection will consolidate the fragmentation of one's life with deep entanglement in the Interlocking System of Arrogance along with permanent personality changes. These permanent personality changes are what occurs in [Eph 4:14](#) as (gr) NEPIOS – childish, meaning being an adult with the end of any growth in life and inability to mature as a person or as a believer in the Spiritual Life because of fragmentation in the life. (gr) “Nepios” is being saturated in the Cosmic Dynaspheres and coming to a dead end in the Spiritual Life and never being able to reach Maturity Adjustment to the Justice of God and become an invisible hero and never being able to glorify God because of an inability to execute the Protocol Plan of God. This permanent personality change causes one's flaws to become a permanent part of his life. The resultant fragments of his life are thus never removed by the Rebound Procedure. This believer may be saturated with [Mental Attitude Arrogance](#) toward the rejector and then these become permanent flaws in his life. He may not be overtly displaying the characteristics of Mental Attitude Arrogance all the time but every time something does not go his way these flaws will pop to the surface in his inevitable reaction to the situation. The people who know this believer well will then be cautious to NOT offend him and will invariably stop their interactions with him. HE will be the Loser and there will no longer be the honest interaction between him and those he loves. His life will change so he will become saturated with [Self Pity](#) or [Self Righteous Arrogance](#) and frustrated by interlocking with [Unrealistic Expectations](#). He will become a chronic complainer interlocking with [Complaining Arrogance](#) and people out of courtesy will stand by and listen to his whining and complaining but make it a point to NOT come back his way. He will constantly add trying to always get his way becoming a manipulator of everyone in his periphery by trying to make people feel guilty about his situation.

Manipulators are always trying to change those around them and never understand that ONE CANNOT CHANGE ANYONE ELSE BECAUSE ONE CAN ONLY CHANGE HIMSELF AND ONE CAN ONLY CHANGE SELF FOR THE BETTER THROUGH BIBLE DOCTRINE. Unfortunately many take in Bible Doctrine but are totally subjective and when hearing Bible Doctrine and think “that SOB should have been here to hear this one”. This is a totally fragmented life with a lack of objectivity, lack of [Humility](#) and no teachability. The believer reacting to rejection can become a delicate flower, being hurt and withdraw and wilt, yet there is no authorization to, nor any reason to, wilt since as long as the believer is alive God has a plan and a purpose for his life and he is in this plan FOR BETTER OR WORSE! There is no reason nor justification in the Plan of God for Self Pity Arrogance and wilting under rejection. Some people have not been hurt for many years, yet they still think about when they were hurt and complain about it. The change of personality which results from rejection can ultimately cause interlocking with [Psychopathic Arrogance](#). This person avoids reality and retreats into fantasy, hallucination and delusion and as a weak person they seek to control the strong in this state of unreality. They very often will try to manipulate the strong through the threat of their rejection of them. This threat of Rejection tries to impose a false motivation on them but strong individuals will reject this false motivation and NEVER acquiesce to the threat but the weak individual will. If the strong individual acquiesces to this false motivation from the potential of being rejected they then become WEAK which reduces the strong to the level of weakness which is identical to the weakness of the manipulator who is ALWAYS a WEAK person. Anyone who can be manipulated by the threat of rejection is then reduced to the lowest level of weakness possible in their fragmented life. One cannot live in the past and cannot base his life on the fact that someone has at some time rejected him. If he allows this to be the basis for his life he is a fragmented person and will at some point become a manipulator of others. Any time one can get someone to do what he wants them to do just as legalistic Christians always do, these others will be reduced to his level of weakness. This reduces the new Christian to the level of weakness of the Legalistic Christian and has nothing to do with the Christian Way of Life. As long as one becomes involved in legalism as a result of the threat of rejection by other Christians, they will be as weak as the manipulators. This does not apply to parents controlling their children and any rejection of parental authority is one of the GREATEST disasters in Life for a child.

In Active Rejection where the believer is the one who is rejecting another, he becomes the rejector and rejects often because he is a victim of slander, gossip, maligning and judging. This is the one category of sin which will cause others to lose objectivity and CANNOT ever be tolerated in the Local Church. In active rejection the believer often rejects because:

- ✧ Of intrusion on his organized life
  - He is very often protecting his sanity and the organization of his properly oriented life.
- ✧ He is fragmented
- ✧ He is incompatible
- ✧ He is tired of nagging and bullying by others
- ✧ He is tired of interference in his life
- ✧ Metabolized Bible Doctrine has given him a different viewpoint of life not shared by his

friends.

However, as a believer in The Lord Jesus, The Christ, whether one is a winner or loser he will never be rejected by God. ([Deut 1:6](#), [Deut 31:8](#), [Heb 13:5](#))

### **Gate #20 – The Arrogance of Emotion**

Paul was always concerned that believers in this Church Age would fail to understand and appreciate why they were here and therefore lose out in this Spiritual Life and life in general. He gives these [Loser Believers](#) a title of “Enemies of the Cross”. Of all those who could be considered to be enemies of the cross believers would never be thought to be in this category. This is however at least 90-95% of believers in the United States of America under the stipulations given in scripture. These believers will invariably leave this earth under the [Sin Unto Death](#) Divine Discipline but they may not be taken out of this life quickly but live a LONG life in order to train advancing [WINNER believers](#). There are areas of involvement in Cosmic Dynasphere I, the Interlocking System of Arrogance and in Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred which are a great distraction to the Spiritual Life and help to produce these losers. One such area involves [Emotion out of control](#), which in addition is a devastating stage of Reversionism. There is normal emotion related to things one appreciates about life which are not related to sin, however, there is also an Emotional Complex of Antagonism and Hatred toward God, Cosmic Dynasphere II, which can totally distract from and completely destroy the Spiritual Life by interlocking with Emotional Arrogance. ([Ps 56:3-4](#))

Fear is the predominant emotional sin and is a SYSTEM of sinning in itself. The solution to Fear is found in the [Faith Rest Drill \(5 stages\)](#), Problem Solving Device #3 and developing and deploying a [Personal Sense of Destiny](#), Problem Solving Device #6. In addition there is [Bible Doctrine Orientation](#), Problem Solving Device #5 as a result of consistent function under the [Grace Apparatus for Perception](#), Operation Z bringing the believer to the point of recognizing the absolute necessity of Bible Doctrine in his life. These and the other basic Problem Solving Devices along with reaching the point of having [Personal Love for God](#), Problem Solving Device #7, which is the primary [Motivational Virtue](#) in the Spiritual Life are part of the solution to Fear. These and all the Problem Solving Devices prevent the outside pressures of life either Adversity or Prosperity from becoming the inside pressures of [STRESS in the soul](#).

In the [2nd stage](#) of the Faith Rest Drill (5 stages), a simple command which is absolutely essential for any believer to become spiritually self sustaining is “DO NOT Fear” ([Heb 13:5-6](#)) which is a prerequisite to the [3rd stage](#) and [4th stage](#) which require reverse concentration on Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Fear, as an emotional sin and part of the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred and a stage deep in the process of [Reversionism](#), cannot cope with any situation in life.

Fear can only increase weakness and cowardice resulting in irrationality and TOTAL failure to exploit the Grace of God. Therefore, Fear opens the way for all other aspects of [Motivational Arrogance](#) as [Mental Attitude Arrogance](#) and Sins in every category leading to deeper entanglement in the Interlocking System of Arrogance. Selfcenteredness along with its [Self Pity](#) must be canceled out of the thinking in order to overcome Fear. No believer can comply with doctrinal principles and commands as long as he entertains Fear in the Right Lobe of the Stream of Consciousness of his Soul. Fear is an Emotional Mental Attitude Sin of Motivational Arrogance. As a result of Fear, Self Righteousness and Self Pity lead to Discouragement.

There are dogmatic principles, postulates related to Fear:

- ✧ The more things in life one surrenders to Fear, the more things he will Fear in life and #1 is Fear of death.
- ✧ The extent to which one surrenders to Fear, to that extent his capacity for Fear is increased.
- ✧ The greater one's capacity for Fear the more he will fall apart in disaster and the more he will increase the power of Fear in his life.
- ✧ The more things which acquire the power of Fear in one's life the greater is his QUANTUM leap into his breakdown under the outside pressures of life while he ignores the use of the [Problem Solving Devices](#).

When the believer does not have the 10 Problem Solving Devices on the [Forward Line of Troops](#) of the soul he will convert the outside pressures of life into the inside pressures of [STRESS in the soul](#). As a result one of the first distractions to come along is Fear. Many Christians who become involved in any form of [ACTIVISM](#) do so based on Fear. Fear that the world will end if man does not change, Fear that pollution will kill them, Fear that some obscure animal or plant will become extinct and as a result interfere in some OBSCURE way with the future of mankind. Fear that some virus will kill all people, and many other idiotic ideas which invariably [REJECT](#) the Plan of God and purpose for the existence of mankind. Believers under Positive Volition to Bible Doctrine should constantly recognize that their blessing comes from the Justice of God through the Righteousness of God motivated by the Love of God and it is totally unnecessary to enter into this type of distraction from the Spiritual Life. Fear is a roadblock resulting in development of [Scar Tissue of the Soul](#) and thus preventing any Metabolized Bible Doctrine from circulating in the Right Lobe of the Stream of Consciousness of the Soul. Eventually choking it out and erasing it from the Stream of Consciousness of the Soul as a result of reaching the state of [Blackout of the Soul](#) and then building this Scar Tissue of the Soul. ([2Tim 1:7](#)) Every believer has the potential to use the 2 Power Options of the Spiritual Life, the [Filling of God the Holy Spirit](#) and [Metabolized Bible Doctrine](#) in the Right Lobe of the Stream of Consciousness of the Soul, as his solution to all categories of emotional distraction especially Fear. The Motivational Virtue and Functional Virtue involving [Virtue Love](#) is another set of solutions as part of the mature Problem Solving Devices for the believer including [Personal Love for God](#), [Impersonal – Unconditional Love for Mankind](#) and [Occupation with the Person of The Lord Jesus, The Christ](#). Sound Judgment brings the believer back to the [Spiritual Skills](#) and therefore the answer and solution to the emotional complex. Unfortunately no one is able to distinguish between sinful emotion and

normal emotion until they have reached some stage of [Spiritual Adulthood](#) and are moving toward or are in Maturity Adjustment to the Justice of God.

The Arrogance of Emotion results from the irrationality which occurs when Emotion in a person dominates the soul in [Emotional Revolt of the Soul](#), superseding his rational thinking from the Right Lobe. When one's soul is dominated by emotion without responding to Absolute Truth he is automatically a slave in his soul and it is just a matter of which historical trend will sweep him up into some form of overt physical slavery. Aberrant emotion occurs in several categories:

- **Hysterical emotion** of Fear, worry, anxiety, etc
- **Antagonistic emotion** of hatred, vindictiveness, revenge up to and including murder
- **Reaction emotion** the combining of the Motivational Arrogance of Jealousy Bitterness etc., with Emotional Arrogance and such sins as hatred, malice, vindictiveness, etc.
- **Self absorbed emotion** which draws strength from another's emotion directed toward one which results from causing other people to get into pseudo compassion caused by one's unreasonable attitudes, hypersensitive annoyance, etc.
- **Guilt emotion** where it is assumed that guilt is necessary for rebound and must be accompanied with emotional feelings of culpability starting with self manipulation where vulnerability to guilt begins and leads to vulnerability to restitutionalism.

This individual is incapable of functioning in the [Divine Dynasphere](#) and lives in Cosmic Dynasphere I, the Interlocking System of Arrogance or Cosmic Dynasphere II, the Interlocking System of Antagonistic Emotional Hatred. Knowledge is the requirement for the environment of thinking not emotion and Bible Doctrine is the knowledge for the environment of decisions never emotion. Saturated controlling emotion converts reality into illusion and hallucination and fantasizes and collapses when put under pressure. The Emotion cannot and was not designed to control the soul and when it does it destroys the thinking process. It is the basis for initiating addictive involvement with Drugs, Alcohol, and functions such as the Tongues Movement. Emotion is designed as a responder to the Right or Dominant Lobe of the soul and must NEVER control the soul and furthermore, emotion has NO VIRTUE but it is truly virtue dependent. Negative emotion is that form of abnormal emotion which dominates the soul and replaces the Absolute Truths of Bible Doctrine and any portion of the Laws of Divine Establishment or Divine Institutions with bleeding heart do good liberalism from Human Viewpoint thinking based on the LIE from Evil. Believers in this Church Age have the freedom to make decisions where wise decisions open options for future decisions while unwise or wrong decisions result in a limitation of options and thus close down options for future decisions. Believers cannot make good decisions under the influence of Evil within the systems of Arrogance since making good decisions requires thought from the influence Grace of based on Virtue derived from the Absolute Truth of Bible Doctrine. If one makes decisions based on thinking Truth they will be good decisions and open great options. If one's decisions are based on the LIE and emotion lacking thought from truth, then he will not be able to think since emotion does not think. These decisions will have been influenced by the LIE based on Evil involved in Arrogance and they will close down options and he will inevitably have a miserable life until he dies. Emotion which dominates the soul erases and replaces the thinking regarding

the Truths of Bible Doctrine or any part of the Laws of Divine Establishment or Divine Institutions with the LIE from the Doctrines of Demons based totally on Evil. Emotion is normal only when subordinated under the authority of the discipline of proper thought. This is just the same as volition which must be under both human authority from the Laws of Divine Establishment and divine authority from Bible Doctrine. People without integrity substitute emotion and Arrogance for that thought and Virtue. It always sounds good when another is very emotional about one, about anything for that matter, but this will sooner or later fade to obscurity under Arrogance.

The superimposition of the stupidities and frailties of mankind onto God and preaching these from the pulpit results in stimulating emotion in the believer. This emotion leads directly into the Interlocking System of Arrogance as [Motivational Arrogance](#) especially through [Bitterness](#) which is a great system of Arrogance from Evil. God never promotes [Jealous](#) believers because Jealousy is terrible Arrogance leading to bitterness which results in complete degeneration of the Spiritual Life. One cannot react to people, when he does he lowers himself to their level of dysfunction, this invariably results from a lack of understanding and metabolization of Bible Doctrine. Arrogance has no sense of responsibility and feels only responsible to self thinking only in terms of self and acting only in relationship to self without even a trace of a sense of honor or integrity regarding anything else.

A [Mental Attitude Arrogance](#) followed by [Iconoclastic Arrogance](#) results in [Evil Obsession](#) and bad emotion as [Emotional Revolt of the Soul](#). Bad Emotion is:

- ✧ Emotion out of Control
- ✧ Emotion divorced from Doctrine
- ✧ Emotional Revolt of the Soul, Stage 4 of Reversionism
- ✧ Interlocking System of Antagonistic Emotional Hatred Involvement
- ✧ Emotional Sins + Arrogance Sins forming Evil Obsession and hybrid emotion.

Bad emotion is divorced from reality so that the Believer sees the problems in his life but never the solutions. Bad emotion is also pseudo compassion & pseudo love, along with [Christian Activism](#), and other arrogant involvements. Bad emotion builds allegations that certain spiritual gifts such as “speaking in tongues” or “miraculous healing” are still extant in this age instead of recognizing that these gifts have been removed long ago having fulfilled the purpose for their existence. All of this should result in the positive believer having the strong realization of the ELATIVE principle that in all the problems of Life Divine Solutions are the Only Solutions and Human Solutions are NO Solutions at all. In the use of the [Rebound Procedure](#) there is no place for emotion but only for the clear concepts of thinking which result in decisions, not ever emotion.

### **Emotional Revolt of the Soul & Psychopathic Arrogance**

Normally the emotion is under domination and control of the Intellect of the Mentality of the Soul. In the normal person the emotional life blends with the intellectual life so as to NOT disrupt a normal Modus Operandi. In the [Psychopathic](#) person this normal subordination of Emotion to the Intellect is NOT present because of this individual having pulled the pin of the

Arrogance Grenade, fragmented his life by entanglement into the Interlocking System of Arrogance. This requires Arrogance CULTIVATED over a prolonged period of time even AS A CHRISTIAN. Some unbelievers enter Christianity with psychopathic distortions in their souls and some Christians develop these tendencies AFTER becoming a Christian. As a result of emotion out of control, the psychopathic believer lacks the ability to evaluate realistically the objects of his emotional responses or reactions.

### **Emotional Revolt as Irrational Arrogance**

The Interlocking System of Arrogance, the entire system generally, is a system of thinking first, it begins with the **Motivational Arrogance** of **Mental Attitude Arrogance**. People react to their circumstances whether local or global with their emotion because of their inevitably interlocking the many aspects of Mental Attitude Arrogance and its Mental Attitude Sins as Motivational Arrogance and Degeneracy. Both rational and irrational arrogance are involved with processes of thinking so that when emotion is involved in a reaction to circumstances this is Irrational Arrogance. Irrational Arrogance is much more predominate today and is synonymous with Emotional Arrogance and is the antithesis of Rational Arrogance. Emotional or Irrational Arrogance uses one's FEELINGS or emotions as the criterion for life instead of Bible Doctrine. In Emotional or Irrational Arrogance, Emotion becomes dominate in the soul rather than responding to the mentality as a result of **Emotional Revolt of the Soul** as the believer moves through the stages of Reversionism. Characteristics of Emotion include:

- ↗ A responder, reflector and appreciator of the thinking in a person
- ↗ The feeling reflexes of the soul
- ↗ The system of feeling and response in the soul which contains:
  - No ability to reason
  - No content of Thought
  - No Bible Doctrine as criteria
  - No common sense
  - No vocabulary as a tool for mental functions
- ↗ NEVER being the criterion for Christian experience

There are 5 categories of Arrogance & **Emotional Sins** which destroy the ability of one to protect family, home and loved ones effectively and involve the blotting out of Bible Doctrine through emotional reactions:

- ↗ **Fear**
- ↗ Worry
- ↗ Anxiety
- ↗ Loss of Self Control
- ↗ Hatred

These emotional reactions means one will inevitably deviate from doing anything correctly in the function of arms because of anger, inordinate violence, loss of professional ability and end up with a saturation of **Self Pity** which causes one to sit and die somewhere thinking only of self. This is Subjective Arrogance, a reaction, and **Guilt Complex** function.

This is emotion in the soul revolting against the mentality of the soul when the Old Sin Nature

is in control of the soul and thus dominating the thinking. Normally the emotion is to be a responder to the Mentality of the soul based on the content of Memory, Categories of information, Norms and Standards and Frame of Reference priorities. As the responder in the soul the emotion is devoid of thought and thought content, lacking rationales and common sense having no ability to reason. When emotion controls the soul the believer cannot think, rationalize or reason things out nor think in terms of common sense or Bible Doctrine and certainly cannot apply Bible Doctrine. Emotion has no vocabulary, no thought, and absolutely no Bible Doctrine. There are some areas of Arrogance involvement which require constant emotional stimulation and these include many aspects and ramifications including:

- Drug Addiction
- Alcoholism
- Sexual Interaction or Addiction
- Anything requiring NO THOUGHT but which stimulates FEELINGS

Therefore Emotional Arrogance eliminates thinking and substitutes feeling and as with all Arrogance, involves total preoccupation with self. When emotion controls the soul it always destroys the ability to think and when Arrogance gives precedence to emotion and how one feels the result is acceptance of false doctrine or distortions of true Bible Doctrine. One of the first principles of Bible Doctrine that the believer under Emotional Arrogance rejects is that of Eternal Security and he often thinks, “I must not be saved because I don’t FEEL saved”. Emotional Arrogance converts reality into illusion and eventually delusion and thus it will inevitably collapse under pressure. Emotional Arrogance results in soul malfunctions during exposure to Bible Doctrine. ([2Cor 6:11-12](#)) Emotional Arrogance is the source of dissension and apostasy in the local church ([Rom 16:17-18](#)) and because these believers do not obey the mandates of the Plan of God they do not develop and possess the basic virtues of Enforced and Genuine Humility. Humility is the State of thinking dominating the soul while Arrogance is the state of emotion dominating the soul. These become the Cosmic Dynasphere Evangelists who deceive many other believers with their flattery. [Phil 3:18](#) tells us that the Emotional Arrogance of the believer inevitably makes him an enemy of the Cross as he moves into involvement in Cosmic Dynasphere II. This points to the reality that the believer who spends consistent time in the Interlocking System of Arrogance will eventually move into being Antagonistic to God under the Arrogance functions of Cosmic Dynasphere I enhanced within Cosmic Dynasphere II the Interlocking System of Antagonistic Emotional Hatred.

### Results of Irrational Arrogance

Diametrically opposite or antithetical functions or characteristics appear in the person involved with Irrational Arrogance so that courageous persons become cowardly and frightened. Cowardice is an abnormal function resulting from emotion dominating the soul and lack of THINKING under pressure. Whereas Courage is the ability to THINK under pressure. Emotional Arrogance is therefore vulnerable to cowardice because when emotion is dominating the soul the believer has no rational thought processes especially when under intensive pressures in life. The believer under emotional arrogance is vulnerable to flattery, motivated by irresponsibility, dominated by Fear and this results in his behavior becoming psychopathic or sociopathic. A perfect illustration of Irrational Arrogance is the Tongues Movement where the

believer is functioning totally from his emotion under the influence of Evil. When Emotional Arrogance produces personality disturbances, including psychopathic or neurotic disorders, Arrogance tries to deal with the pressures of life but instead of resolving the pressures in life it manufactures GREAT STRESS in the soul from Fear and Anxiety. Emotional Arrogance cannot handle Fear and anxiety and as a result phobic, obsessive compulsive and depressive reactions result from the irrationality of this Arrogance. Emotional Arrogance has illusion, hallucinations and fantasizing as the only means of coping with stress and pressure in life so that ALL decisions made from emotion are decisions made from a position of weakness.

The criterion for Christianity only comes from Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul which is a system of Theology related to Reason. Emotion being a system of feeling is never an issue in the Spiritual Life because HOW a believer feels about things does not determine his Christian status quo. Emotion thus becomes a major distraction to the execution of the Protocol Plan of God. The function of emotionalism out of control in [Emotional Revolt of the Soul](#) with the emotion controlling the soul under the influence of Evil and control of the Old Sin Nature has completely deluded MILLIONS of Christians. This is WHY the United States of America as a client nation to God in 1985 was in the 3<sup>rd</sup> cycle of Divine Discipline and today in 2024, almost 40 years later, is now either at the end of the 4<sup>th</sup> cycle or has entered the 5<sup>th</sup> cycle of Divine Discipline from which there can be NO RECOVERY. Preoccupation with Self in Arrogance enjoys substituting Emotional Stimulation for Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. Emotional, Irrational Arrogance rejects the [4R's of Operation Z](#), the Grace Apparatus for Perception. In Emotional, Irrational Arrogance the person is not saved unless he feels saved whereas, Salvation Adjustment to the Justice of God is based totally on faith alone in the Substitutionary Spiritual Death of The Lord Jesus, The Christ alone and how the person feels at the time is inconsequential. ([John 3:16](#)) FAITH as a system of perception is a nonmeritorious function of the Intellect NOT a function of Emotion. Spiritual Death includes spiritual brain death so that when the gospel is presented to the unbeliever there is NO WAY he can actually understand it because he has NO HUMAN SPIRIT to receive it. God the Holy Spirit providing 'Common Grace' substitutes as a Human Spirit making the gospel understandable when some aspect of it is accurately presented. Then through [Operation Z](#) the gospel is either accepted for Salvation Adjustment to the Justice of God or Rejected in unbelief. The point and mechanics of salvation REQUIRES a nonmeritorious decision of faith and when this occurs God the Holy Spirit also takes that faith, providing 'Efficacious Grace', and makes it effective for Salvation. Emotion, how one FEELS, therefore, has nothing to do with Salvation Adjustment to the Justice of God and the emotion of the unbeliever is blinded to everything pertaining to the gospel and only through the work of God the Holy Spirit providing 'Common and Efficacious Grace' to the individual's intellect can even his faith be made effective for Salvation. Then at the instant of making Salvation Adjustment to the Justice of God, God the Holy Spirit creates a new Human Spirit for the imputation of Eternal Life from God. Nothing which involves human merit or ability can be part of that which God uses to provide salvation and Eternal Life for the individual because spiritually dead creatures have **ABSOLUTELY NO MERITORIOUS ASPECTS IN THEIR BEING WHICH WOULD APPEAL TO GOD.** A believer may have an emotional response to being saved but this is NOT the means of salvation.

How the believer feels in his Christian Life also has nothing to do with it and what actually matters in the Christian Way of Life is always only what the Word of God says. Thus things of the Christian Way of Life may bring an emotional response or NOT. Emotion in the individual can certainly be a stimulus for action:

- ✧ Good emotion is designed to respond to what one thinks and enjoys providing appreciation
- ✧ Abnormal emotion is an impulsive function related to the Interlocking System of Arrogance

Emotional Stress causes a person to act Irrationally on his impulses rather than by the application of Truth from Metabolized Bible Doctrine, including the Laws of Divine Establishment and Divine Institutions, from his thinking soul so that:

- ✧ Fear causes Flight,
- ✧ Disgust causes Repulsion
- ✧ Anger causes Violence

Emotion is related to human power and influence but NEVER to divine power in the Church Age. Believers in the Cosmic Dynaspheres with fragmented lives have 4 significant emotional functions which provide 4 ways to fragment one's life with Irrational Emotional Arrogance:

- ✧ Making a GOD of their own emotions. ([Phil 3:18-19](#))
- ✧ Distracting the believer from the execution of the Protocol Plan of God. ([Rom 16:17-18](#))
- ✧ Emotional, Irrational Arrogance hinders Perception, Cognition, Incultation and Metabolization of Bible Doctrine, Post Salvation Epistemological Rehabilitation. ([2Cor 6:11-12](#))
- ✧ Irrational Arrogance makes Emotion the criterion for the Christian Way of Life. ([Phil 3:18-19](#))

### Irrational Emotional Arrogance Distortions

- ✧ It is vulnerable to flattery because flattery causes unreality related to SELF.
- ✧ It encourages Fear since it cannot think under pressure
- ✧ It produces personality disturbances of psycho-neurotic disorders
- ✧ It has no vocabulary and no ability to think and thus no Problem Solving capabilities
- ✧ It can only make wrong decision from a position of weakness.

This is the FRAGMENTED LIFE of entanglement in the Interlocking System of Arrogance under Emotional Arrogance and Emotional Revolt of the Soul in Reversionism.

### Categories of Emotional Sinning

There are several OVERLAPPING and INTERLOCKING categories of emotional sinning and when one entertains any of these he MUST rebound and recover. Failure to recover results in Fear, worry, anxiety, consternation, shock, irrationality and much more.

#### The Hysteria Category

- ✧ Fear
- ✧ Worry
- ✧ Panic
- ✧ Consternation

- Anxiety
- Irrationality
- Dislocation

This results in the buildup of Garbage in the subconscious and is the antithesis of execution of the Spiritual Life. This category eventuates in a build up of [Scar Tissue of the Soul](#) in the Stream of Consciousness of the Soul which prevents the Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Fear completely represents the emotional complex of sins in many passages of scripture. ([Deut 31:6+8](#), [Is 35:3-4](#), [Is 41:10](#)) This aberrant emotion is a tremendous distraction to the Spiritual Life. This Fear is, in the sense of its controlling the life and distracting from life, what is truly important to avoid.

### [The Dissociation Category](#)

This is withdrawal from Bible Doctrine and living life entangled in the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred complexes and Includes:

- Anger
- Hatred
- [Bitterness](#)
- [Jealousy](#)
- Loathing
- Animosity
- Vulnerability to real or imagined insults or injury
- Implacability
- Malice
- Tantrums
- Irrational Violence
- Murder (the worst of all overt sins)

Many of these are very often excusable before the system of common law in society.

### [The Egocentric or Self Centered Category](#)

This is arrogant preoccupation with self, entanglement in the Arrogance Skills with focus on ones own welfare to the exclusion of reality with the strongest drive focused on fulfilling one's desires and includes:

- [Self Justification](#)
- [Self Deception](#)
- [Self Absorption](#)
- [Self Righteous Arrogance](#)
- [Egotistical Irrationality](#)
- Insensitivity about others and [Hypersensitivity](#) about self
- [Maladaptive Defense Mechanisms](#) including:
  - Projection
  - Denial
- [Self Pity](#)
- Sniveling
- Self centered preoccupation with self

- Sinful dissatisfaction
- Vilification
- Irritation
- Annoyance from hypersensitivity
- Subjective overthinking
- Whining and [Complaining](#)
- Malice

Malice is a big part of this category because it becomes an incredible LUST from the Old Sin Nature to inflict injury or suffering on others. The whole emphasis of the 3<sup>rd</sup> category of emotional sins is the function of the Arrogance Skills. This is where the Arrogance skills interact and interlock with the Emotional Complex of Sins and [Reversionism](#) and therefore emotional sins being related to the Arrogance Skills becomes a fantastic distraction to the Spiritual Life from which many people never recover.

### [The Reaction or Antagonism Category](#)

This is the inevitable interaction and interlocking of the Interlocking System of Antagonistic Emotional Hatred with the Interlocking System of Arrogance and includes:

- [Jealousy](#)
- [Bitterness](#)
- Vindictiveness
- Vilification
- Vituperation
- Implacability
- [Revenge Modus Operandi](#)
- [Inordinate Ambition](#)
- [Inordinate Competition](#)
- Hatred
- Anger
- Resentment
- Loathing
- Animosity
- [Projection](#)
- Tantrums
- Violence
- Murder
- Malice again

The key to this interlocking relationship between the Arrogance and Hatred systems is Malice. At this point the believer is totally distracted from the Spiritual Life and looking for answers totally apart from Bible Doctrine. They often seek to find these answers in the realm of psychology. This is of course NOT the answer in any sense of the word since Psychology is one of the greatest means of entering one into function under the Arrogance Skills by providing [Self Justification](#) for the emotional breakdown of the believer. In addition reliance on psychology develops the [Maladaptive Defense Mechanisms](#) so that the individual never blames self for any failures but simply enters into Self Justification with this leading into the whole

complex of [Arrogance Skills](#) and the Interlocking System of Arrogance. These together prevent the believer from executing the mandates of Love using the Motivational Virtue and Functional Virtue of Problem Solving Devices #7, [Personal Love for God](#) and #8, [Impersonal Love for Mankind](#) which are the means for the believer to be following the principles set up by the Love of God in Eternity Past.

### The Guilt Category

This is the worst of all and most observably prevalent being related to malfunction of the [Rebound Procedure](#) with a resultant ignorance of Bible Doctrine because of total inability to metabolize doctrine. It is especially failure in the mechanics of rebound resulting in a lack of the spiritual strength to execute rebound, ([James 4:6](#), [1Pet 5:5](#)) and includes feelings of:

- ✧ responsibility
- ✧ remorse
- ✧ depression
- ✧ morbid self reproach
- ✧ culpability for imagined offenses (often from Nagging)
- ✧ actual culpability
- ✧ inadequacy
- ✧ arrogant preoccupation with correctness of one's behavior from [Self Righteous Arrogance](#) or the Arrogance Skills.

All of this is the result of some real or imagined offense one has become involved in. Guilt is a sin related to [Repression](#) which is rejection from the Stream of Consciousness of the Soul of anything painful or disagreeable because of the believer not having or not using the [Problem Solving Devices](#). [Guilt](#) is entertaining the things which are disagreeable ideas, memories or impulses. Repression puts these disagreeable events into the subconscious as garbage and sinful Guilt into the Stream of Consciousness of the Soul. Therefore, Guilt is caused by the [Maladaptive Defense Mechanisms](#) including repression, denial, projection, manipulation, etc., and people who are weak manipulate stronger people through this guilt. Religion, as a major distraction devised by Satan, generally functions by producing GUILT in its adherents and the motivation for the individual produced by religion is relief from GUILT. A religious person MUST make up for his failures by doing something to atone for his guilt, make a sacrifice, give to the church or this or that other human effort. Religion in contrast to biblical Christianity is always pushing the individual into a corner with GUILT motivation. Guilt as a motivation is NOT the Christian Way of Life but, unfortunately, it is generally taught and practiced as such. When under the Arrogance of Guilt or Guilt as a sin the believer is under the greatest area of weakness in his Spiritual Life and the weakest people in the world are those who live under guilt. This is totally unnecessary for the advancing believer since the Problem Solving Devices have everything needed to handle guilt. Guilt becomes a sin when the believer fails to understand and use the [Rebound Procedure](#) as Problem Solving Device #1 and fails in forgetting those things behind ([Phil 3:13](#)). Parents instead of properly training and disciplining their children go back to the “Dr. Spock” concept and whine at their children to produce in them a guilt complex and in order to be able to manipulate the children or at least try to through guilt. Many times the child learns to manipulate others by watching the parents manipulate them or each other using guilt. This starts in religion and is a definitive part of

legalism and a major motivation in life for many people. This is one of the motivations which crawls into the subconscious and from then on distracts the believer from understanding the things which God has for every believer. Providing strong, effective discipline for a child is designed, if used properly, to eliminate GUILT in any way. The child who has failed in some way or transgressed the rules of the parents MUST be disciplined and it should always follow this process:

- **Confrontation:** The Child is confronted and his failure explained to him and the reasons and rationale behind why it is unacceptable.
- **Admission:** Then he should be made to express verbally what his failure was and the reasons just explained and required to repeat this effort until he can actually do it.
- **Discipline:** Then he is disciplined with whatever punishment is needed and corporal punishment is IDEAL for this.
- **Forgotten:** After the punishment the issue is no longer an issue and totally forgotten and never mentioned again and life resumes as normal for him and you.

All believers have an Old Sin Nature and all have USED the Old Sin Nature at some time or another for one thing or another which was most certainly WRONG. There is always someone around who is ready to dump some guilt project on the believer because of his overtly using his Old Sin Nature. This is the way weak, stupid, arrogant people manipulate others. For the advancing believer in the Royal Family of God, the pressure from guilt is totally finished. Until one grows in the Spiritual Life and understands the Plan of God for his life he can, and most likely will be, manipulated at some time by others imposing GUILT on him. The only people who have never and can never be manipulated by guilt are those who are so insensitive that they do not really belong in the Human Race. If the Christian understands and functions properly in the Christian Way of Life he will be delivered from all of this by his use of the [10 Problem Solving Devices](#).

These 5 categories of Emotional sins are a major part of distraction from the Christian Way of Life and inevitably they are part of legalism. Emotion out of control, divorced from the thinking of the Stream of Consciousness of the Soul, always produces emotional reaction which produce emotional sins and these result in irrational distraction from the Plan of God for one's life. As per [Phil 3:19](#) people who get into this emotional complex of the Interlocking System of Antagonistic Emotional Hatred often reject true evangelism and they often say that they believed in Christ and did not FEEL anything therefore are not saved. The reality of Salvation Adjustment to the Justice of God is not in the FEELING but is in what Bible Doctrine says and the expression of faith alone in The Lord Jesus, The Christ alone is all that is needed. Dominating Emotion is a simple reason why no one should marry their high school sweet heart since emotion dominates the soul in early life. To be a good lover one must have [humility](#) and Arrogance destroys humility thus eliminating the ability of a man to love a woman or for the woman to respond to the man.

As the Arrogance Skills begin to enter into the function of the believer's Spiritual Life they bring [Emotional Revolt of the Soul](#), stage 4 of reversionism, into play and this results in

**Blackout of the Soul** which actually wipes out, erases, any Metabolized Bible Doctrine from the Stream of Consciousness of the Soul of the Adult Believer. When a believer enters into function under the Arrogance Skills, in **Self Justification** he begins to deny sin in his life and thereby enters **Self Deception** and finally moves to the stage of **Self Absorption** where he uses his own emotion to establish his norms and standards and applies emotion to Doctrine instead of Vice Versa. When Emotion becomes the Criterion for the Christian Way of Life then a High Risk factor is developed in the Spiritual Life. As a result Emotion becomes a Pseudo Problem Solving Device so that the believer must have some ‘feeling’ or emotion for all things occurring in the Spiritual Life. This takes emotion and applies it to Doctrine and as a result he begins building Doctrine on Experience instead of what is written in the Word of God. This results in his distorting Bible Doctrine when it does not line up with how he feels about a thing and consequently the Spiritual Life is destroyed. God has never given to believers any solution to any problem in life which is related to Emotion. The only solutions from God are through **Metabolized Bible Doctrine** applied by means of the **10 Problem Solving Devices**. **2Cor 7:5-10** demonstrates that the false doctrine which comes from applying experience to Doctrine under the influence of Emotional Arrogance results in False Salvation, False Spirituality and False Rebound. God designed **Suffering for Blessing** in his plan in order to allow the Believer to experience the problems of life slowly and learn to apply doctrine to them so that he would be less susceptible to **Emotional Revolt of the Soul** and subsequent distortion of Bible Doctrine in its application to his life. Only when the Believer reaches **Maturity Adjustment to the Justice of God** is there the least chance of destruction of the Spiritual Life from Emotional Arrogance.

### **Cowardice, Fear & Emotional Arrogance**

Cowardice for the believer in The Lord Jesus, The Christ is an oxymoron. The Status Quo of the believer should be the display of the Functional Virtue of absolute COURAGE in facing his life in this intensified time of the Angelic Conflict Appeal Trial. However, the question remains, “Why are there believers who are cowards”? Cowards never enjoy anything and are completely arrogant. Arrogance is a major part of cowardice which is the inability to THINK under pressure and one aspect of Arrogance is overestimation of one’s own value in any situation primarily as a result of having nothing of Absolute Truth to think with. Arrogant people always have soul hangups and are always trying to prove something to someone. Cowards in business are always trying to prove how good they are and will certainly tell you how good they are. Cowards are always concerned about self and have no capacity for life and Cowards don’t enjoy sex any more than combat.

No victory won in Arrogance is ever a Victory. The Supreme Court of Heaven never slumbers or sleeps and truth is found in the axiom (**1Pet 5:5, James 4:6**) that “*God makes war against the Arrogant believer but gives grace to the Humble believer*”. In great adversity, catastrophe or disaster, Fear only sees the problem, while FAITH sees the true solutions. One cannot and does not ever solve a problem by creating another problem. One cannot and does not solve problems with a problem but only with a Divine Solution because the “Divine Solutions are the only solutions and human solutions are NO solutions”, the Elative Conclusion of Bible Doctrine. Therefore the Absolute Truth of life is that “The decisions you make determine the life you live”. (Danny Devito – The Renaissance Man) In the Protocol Plan of God Grace Execution

includes Rebound and Keep Moving ([1John 1:9](#), [1Cor 11:28-31](#)), so that the believer must NEVER look back onto past failures nor Fear any future challenges.

As a believer in The Lord Jesus, The Christ one MUST LEARN to concentrate. Everyone is a natural coward in some area and courage is only the ability to concentrate and THINK in pressure situations. One cannot ever apply or use the Metabolized Bible Doctrine unless he has taken the time and made the effort to accumulate it into the Right Lobe of the Stream of Consciousness of the Soul. The Metabolized Bible Doctrine which resides in his Stream of Consciousness of the Soul cannot be used unless the believer can concentrate under pressure and only with concentration can he apply this Bible Doctrine to disaster, adversity, crisis, catastrophe even to prosperity. One can only learn to concentrate, as a believer, under strict academic discipline during bible study and having any Metabolized Bible Doctrine in the soul but without the ability to concentrate, is Bible Doctrine which cannot ever be applied. If the believer is too easily distracted during bible study this means that when disaster comes he cannot be counted on and would most likely fail under pressure. In extreme adversity or disaster situations one should only team up with people in life who can concentrate under pressure. There is a natural streak of cowardice in every person and the only way to overcome the cowardly streak is through concentration. People in disaster will never make it if they cannot apply what they know and as a result of the inability to concentrate and apply their knowledge they become totally divorced from the reality of their situation. Arrogance divorces one from reality and produces inflexibility regarding [Non-Essentials](#) in life, as does the inability to concentrate on subject matter which does not interest or apply to one's immediate situation. Some believers can make it in a crisis with less accumulated Metabolized Bible Doctrine than others because they can concentrate on what doctrine they have and can therefore think under pressure. The secret to courage is being able to think under pressure and / or follow a system of protocol. If a person cannot think when things are normal they must have a protocol, or a regimented, disciplined system, to force them into standard procedures in order to avoid failure and cowardice.

Maintaining [Poise](#) under pressure is a very important thing in life because like overt courage it requires the ability to think under pressure. The principle is that without ever changing ones personality he can change his person. If one has ever been a coward at some time, he does not always have to be a coward under pressure but can become as courageous as anyone else. If one has been courageous in the past he can become a coward if he fails to think under pressure. Once doctrinal principles are understood and application of them begins in a normal situation the believer can then also apply these same Bible Doctrine principles in a pressure situation. When a person learns to shoot a firearm under normal conditions with proper training and repetition, in crisis conditions they will shoot the exact same way. Thus the fallacy of the idea that "practice makes perfect" because one will perform in exactly the same way that he has practiced and only "Perfect Practice makes Perfect". The person who does not concentrate on each fundamental of shooting on the range under normal conditions cannot do it under abnormal conditions of combat or in a crisis. When one has a true sight picture on the practice range he will have a true sight picture in combat and be effective in killing the enemy. Bands or fields or areas of fire will not ever work properly in combat because shooting

fundamentals are totally ignored. This is the same as what occurs when emotion comes into action during crises or catastrophes. When one is fighting someone and this other is a really good fighter he has to concentrate on the other's hands and feet and watch when each movement takes place and if he can concentrate on what he has learned and practiced and apply it he will have no Fear. This is the purpose of practice in any area of life including practice in concentration on Bible Doctrine principles. Again, Practice DOES NOT make perfect but Practice does MAKE PERMANENT therefore the necessity for constant consistent PROPER practice in physical as well as mental disciplines. Everyone has some area where they would be a coward and this is the result of having an Old Sin Nature. This is the Old Sin Nature with different areas of sin where one person's sin is another's Self Righteousness, so also everyone has some area where they may be afraid and there is nothing wrong with that but what is wrong is BECOMING EMOTIONAL WHEN Fear IS AN ISSUE. When under pressure, above all other times, one must be rational not emotional and the only way to be rational is to have the ability to concentrate and apply whatever has been learned in that area.

Another way to maintain focus and rational thinking and avoid becoming emotional under pressure is to be able to go through a set of protocols or procedures like the British military did in the Indian Mutiny. Believers, under Positive Volition toward Bible Doctrine and the Plan of God, have a chance to practice courage every day by concentration on Bible Doctrine when it is being taught. In life everything one ever learns is learned through concentration. When one wants to learn something he must concentrate on it, but the real test of his ability to concentrate is when he has to learn something he has no interest in. Having to learn things which are uninteresting is what is so very important in the development of the behavior, thought patterns and functions needed for overcoming disaster. This is why the military finally discovered close order drill and this is the greatest protocol system for developing instinctive obedience and concentration on what one is doing rather than what the enemy is doing. To concentrate on what the enemy is doing when they are shooting at one results in Fear but to concentrate on what one is doing shooting at them is courage. Courage concentrates on what one is doing, Fear concentrates on what is being done to him.

As soon as things go wrong in life if one is a coward he stops thinking since cowardice, by definition, is lack of thinking under pressure. When he cannot and does not think under pressure he is instead motivated by the Arrogance of [Bitterness](#) and [Self Pity](#) to whine and [Complain](#). Complaining is lack of thought under pressure. As a result of a lack of knowledge of Bible Doctrine there can be no application of this Absolute Truth to circumstances in life. The point clearly is "You don't have to be in Who's Who in Life to know What's What", Sam Levinson. Wisdom demands application and application demands knowledge, therefore, Wisdom is Knowledge + Application of Knowledge. Proper application in life requires thinking within the system of reality which for the believer is only what GOD sees not what he, himself, sees. Whenever the believer is faced with pressure, adversity or disaster he must be able to draw out from his own Stream of Consciousness of the Soul principles related to GOD, the Plan of God, the purpose of God for his life on this earth and apply them without regard to what the circumstances are and what he sees before him at any given time. This is the effective use of the [Faith Rest Drill \(5 stages\)](#) and APPLICATION OF BIBLE DOCTRINE TO EXPERIENCE. If one

fails to do this he builds up Arrogance in the soul while sliding down through the states of Reversionism resulting in [Black out of the Soul](#) and [Scar Tissue of the Soul](#) and this produces in him cowardice instead of [Virtue](#). Remember, Cowards cannot think under pressure and therefore always give up. Courage received as a result of reverse concentration on Bible Doctrine is the only thing which will truly sustain the believer in time of disaster or adversity and even in great prosperity. Therefore, any level of involvement in the Interlocking System of Arrogance results in the inability to think and under pressure and this always results in cowardice. Emotion also functions in an abnormal way when related to involvement in the Interlocking System of Arrogance. Fear, Cowardice, insecurity are all related to ingrained Arrogance in the Stream of Consciousness of the Soul which has not been dealt with through advance in the Spiritual Life from consistent Perception, Cognition, Inculcation & Metabolization of Bible Doctrine.

God, in Eternity Past, knew every thought decision and action each and every believer would ever make and entered this into the Divine Decree to ensure that those things which would be, would be, without interruption. Having entered this into the decree along with the fact that believers in the Royal Family of God would be believers, he therefore also entered [Logistical Grace](#) support for each and every decision of each and every believer. The principle is that for every believer in The Lord Jesus, The Christ, from Eternity Past, “Underneath are the everlasting arms”. When people are frightened only then do they call on God for help and they think this is legitimate prayer. They cry for help instead of concentrating on Metabolized Bible Doctrine from their own Stream of Consciousness of the Soul, which they were supposed to have accumulated during their life. This is the actual purpose for being supported by God under Logistical Grace for life after salvation. These believers call on God with emotional distress instead of being rational from an understanding of the bible doctrine that they were supposed to accumulate and for which they received logistical support. Because they are irrational in screaming to God for help they cannot apply a very simple principle. Every need that any believer has ever or will ever have, including during any historical or national disaster situation which may come, have already been provided and supplied for them from Eternity Past; this is Logistical Grace. In other words, all the logistics for the life of the believer were totally worked out in Eternity Past, SO, what is there to Fear or be concerned about in life? It is a truly humbling thought to understand that the Plan of God was developed so far in the past that the human mind cannot even comprehend how long ago that was. In that plan of creation God created angels, the universe and after Satan’s appeal of his condemnation for revolting against God, mankind. In that plan as a result of his omniscience, God knew everything about EVERY person including every thought of every person, every decision of every person to do honorable things in life or to fail and commit sin or crime or be involved in Human Good productions under the influence of EVIL. GOD knew all these things about each individual believer and how each believer would constantly fail in his life and HE STILL CREATED and over and above that HE DESIGNED SPECIFIC LOGISTICAL SUPPORT FOR ALL BELIEVERS. He still provided logistical support for all believers, the good, the bad and the ugly so WHAT IS THERE IN THIS LIFE TO Fear?

When a believer commits a sin he moves himself under the control of his Old Sin Nature and

out from under the Filling of God the Holy Spirit. Because of this it is not unusual for believers to be found taking the wrong road down the path into [Reversionism](#) and the Interlocking System of Arrogance and directly into functioning under the [Arrogance Skills](#). The solution to these failings is use of the 1<sup>st</sup> Problem Solving Device the [Rebound Procedure](#). However, when he fails to do this and remains under the control of the Old Sin Nature he moves on down that rocky road continually rejecting Rebound thus becoming deeply entangled in the Interlocking System of Arrogance and, as a result of sinking down through Reversionism, destroying any Metabolized Bible Doctrine he may have accumulated in his Stream of Consciousness of the Soul. There are 3 Areas of Sin that lead to the PLAGUE of the Royal Priesthood.

- ✧ Motivational Arrogance and Motivational Antagonism from Emotional Sins including Fear, Worry, Anxiety, etc., involving both Arrogance and Antagonism.
- ✧ Functional Arrogance and Functional Antagonism from Emotional Sins including Malice, Revenge, Violence, even Murder, Etc.
- ✧ Arrogance Skills of Self Deception, Self Justification and Self Absorption
  - This starts the gears of the [Cogs of Carnality \(a graphic\)](#) grinding away at the Spiritual Life and destroying it.

The Royal Priesthood plague includes 2 Categories of virus:

- ✧ The Contaminating or Motivating virus' of all aspects of [Motivational Arrogance](#) and Motivational Antagonism
- ✧ The Symptomatic or Functional virus' of all aspects of [Functional Arrogance](#) and Functional Antagonism

Within these 2 virus categories there can be found various mutations resulting from the Affliction of Carnality such as the Fear Virus which destroys any possibility of Happiness. ([Phil 3:18-19](#)) The believers so infected worship at the shrine of their emotion for their entire Spiritual Life. The point which must be clearly understood is that what one happens to be feeling at any given time is never the criterion for anything in the Spiritual Life especially regarding Spirituality or Salvation Adjustment to the Justice of God. The FACT that all believers are given equal opportunity to learn and execute the Protocol Plan of God is recognition of the design of GOD which emphasizes VOLITION and THINKING over EMOTION. Emotion is one of the greatest distractions of the Spiritual Life. Emotion is the “feeling” reflex of the Soul which is designed to appreciate what the believer is THINKING about. Because it is not the criterion of the Spiritual Life and is not a Problem Solving Device nor even a small part of the Spiritual Life it results in accepting the temptation to SIN when it is out of its realm of responding to the thinking of the Right Lobe with regard to the proper functions of Life. As a responder it enhances the appreciation for what is noble and honorable in life. As a reactor it accepts temptation and produces Sin, Dead Human Good Works and Crime all under the influence of Evil. The Spiritual Life of the church age has 2 mechanisms for solving the problems of all Sin. First there is the development and deployment of the [10 Problem Solving Devices onto the Forward Line of Troops of the Soul](#). As a result of this the [Faith Rest Drill \(5 stages\)](#) brings the believer to the “[Doors of Hope](#)” and when he walks through those doors Faith Rest enhances his Spiritual Life. There is also the activation of the “Love

Complex” the Motivational and Functional Virtues of [Personal Love for God](#), [Impersonal Love for Mankind](#) and [Occupation with the Person of The Lord Jesus, The Christ](#) as a major function in the Adult Spiritual Life.

There is [NO PLACE](#) in the life of the believer for Fear concerning anything and if he Fears any situation or combination of circumstances in life he has not advanced in the Spiritual Life to Maturity Adjustment to the Justice of God and lacks sufficient Metabolized Bible Doctrine in his Stream of Consciousness of the Soul. Maturity Adjustment to the Justice of God eliminates having any Fear of people, circumstance or any kind of loss in life as well as any insecurity one may have. Believers must have relaxation or a Relaxed Mental Attitude from a lack of [Mental Attitude Arrogance](#) and must have freedom from all Motivational Arrogance including Fear, [Jealousy](#), [Bitterness](#), vindictiveness, implacability, etc., in order to advance to [Maturity Adjustment to the Justice of God](#) and maintain this as a Status Quo. People very often Fear others getting more attention or gaining more power over them or they Fear the loss of the accouterments of life or some other inconsequential [Non-Essential](#) thing or circumstance. When believers are under consistent Positive Volition toward Bible Doctrine the Lord guides them to the right place at the right time under Logistical Grace support and provides them with the right equipment and the knowledge of how to use it. Therefore, Fear is a misplaced emotion as long as the believer continues his advance in his Spiritual Life.

Fear erases Metabolized Bible Doctrine by moving the Believer down through the 8 stages of [Reversionism](#) and as a result destroys all Metabolized Bible Doctrine previously learned hindering any attempts at application by the use of the [Problem Solving Devices](#). The movement of the believer from use of the [Arrogance Skills](#) rapidly down through reversionism is the point of counter attack vulnerability by the 4 Horsemen of Apostasy. This is where believers start to ignore the necessity for using the [REBOUND PROCEDURE](#) and fall under complete Old Sin Nature control and Apostasy of the soul. This movement into the Apostasy of Reversionism results in and also from involvement in the Interlocking System of Arrogance and function under the Arrogance Skills with a cycling of them both forward and backward resulting in the believer becoming totally divorced from Reality. Fear, as emotional sin and function under emotional Arrogance, being a distraction to the Spiritual Life, eliminates the potential of reaching a [Personal Sense of Destiny](#), Problem Solving Device #6 and leads to one's function in the Interlocking System of Antagonistic Emotional Hatred and the accompanying sins. Fear always sees only the problem through entanglement in Emotional Arrogance while faith sees the solutions through the Divine Viewpoint of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. The more one succumbs to Fear the less he will be able to execute the Spiritual Life resulting in irrational thinking and subsequent accumulation of a maximum level of garbage in the Subconscious of the Soul. This garbage aids in the believer functioning under the Interlocking System of Antagonistic Emotional Hatred and the Interlocking System of Arrogance and erases and replaces Metabolized Bible Doctrine in the Stream of Consciousness of the Soul with the 4 horsemen of apostasy from the 8 stages of reversionism all motivated and influenced by the LIE of satanic policy, Evil. The 4 Horsemen of Apostasy are:

- ✧ Emotional Revolt of the Soul

- Locked in Negative Volition to Bible Doctrine
- Blackout of the Soul
- Scar Tissue of the Soul

Then as a result of the hysteria and panic of this Fear these 4 eliminate the Problem Solving Devices so that emotion controls the Life. ([PS 56:3](#))

Things which cause Fear and destroy the Spiritual Life include Guilt, Emotional Sins and much of Motivational Arrogance. These are distractions to the Spiritual Life and destroy the understanding of Salvation Adjustment to the Justice of God and the true nature of God. There is no Fear in [Virtue Love](#) and they are mutually exclusive. Virtue Love includes Personal Love for God the Father, Impersonal Love for Mankind and Occupation with the Person of The Lord Jesus, The Christ. Virtue Love must always be related to [Integrity](#) and the believer cannot have Love for God in association with Arrogance. The believer is either under the Filling and control of God the Holy Spirit and under Virtue Love or under Fear and Arrogance being controlled by his Old Sin Nature and residing outside the Spiritual Life. AGAIN, Fear only sees the problems in life while Faith with Virtue Love see the solutions. You cannot ever solve problems with emotion and Fear is the greatest of emotional sins. Therefore Fear carries with it total distraction from the Spiritual Life.

OBVIOUSLY, No believer can ever advance in the Spiritual Life by means of the Interlocking System of Arrogance, the Arrogance Skills nor the Interlocking System of Antagonistic Emotional Hatred because these are the Plan of Satan. “Nos Moratori Salutanus” – “We who are about to die salute you”. This was a Roman’s strength and the stimulator of their courage for the battlefield where they had to remove all Fear in order to fight and win. For the believer there is NO Fear in Virtue Love and this includes his time of living in this world which is controlled under the Cosmic Dynaspheres or his time of leaving this world by Dying. Fear is a Sin and involves worry, anxiety and / or panic. It is, in reality, a Sin of [Self Pity](#), Bitterness, the [Motivational Arrogance](#) of Mental Attitude Arrogance including Jealousy, Vindictiveness, Vituperation, Malice or Guilt. Fear is very often used to represent all Emotional Sin controlling the life. The believer must be able to distinguish between Fear and concern, realizing that Fear is a sin of Arrogance and Emotion while Concern relates to the Filling of God the Holy Spirit and giving 1<sup>st</sup> priority to Bible Doctrine. Concern is a sense of responsibility with Honor and Integrity related to the mandates given the Church Age believer as Royal Family of God and as a Royal Priest ([1Pet 2:9](#)).

When emotion dominates the soul the Arrogance complex intensifies and interlocks with the Antagonism complex through Emotional Sin. Antagonism Complex sins are also sins of Arrogance which have been intensified to the point of Antagonism. [Self Absorption](#) when involved with hatred becomes Malice even Revenge Modus Operandi. Therefore, Hatred, an emotional sin, is intensified and locks into other Arrogance and Antagonism functions. David recognized the need to remove any Fear before making big decisions. ([Ps 56:1-4](#)) Here, the (heb) 'batak' is referring to Fear which moves the believer out of fellowship through carnality and David is saying, no matter how far into carnality one may go he just has to name his sins and God takes over and uses the Divine Solutions for him. Fear and function in the Spiritual

Life are mutually exclusive. People who live by Fear are intimidated by Life. Fear is emotion without fact and ultimately the destroyer of thinking. Fear distorts the Interlocking System of Arrogance sins and converts them into Antagonism sins and the irrational state which results becomes [Psychosis](#). Fear inevitably eliminates all Metabolized Bible Doctrine including the Problem Solving Devices as observed in both Paul and David when they were afraid. Therefore, the loser believer cannot overcome the Antagonistic aspect of Emotionally enhanced Arrogance Sins when wallowing in Fear. Once one is out of fellowship and stays there for any period of time he will combine the Interlocking System of Arrogance Sins with the Interlocking System of Antagonistic Emotional Hatred Sins and create a totally irrational life. The presence of any sin of Arrogance or Antagonism in the soul such as Fear, is self punishment and self torture. The only hope for this believer is to remember to use the [Rebound Procedure](#) as rapidly as possible and allow this divine solution to take over and isolate the problem and make available the doctrinal solutions. Rapid deployment of Rebound is the most important of the Divine Solutions. Fear as the first category of emotional sins reaches out and scoops up all aspects of Motivational Arrogance and allows them to function in one's soul unrestrained.

Bitterness is also a virus of carnality which will totally destroy capacity for love. ([Heb 12:15](#)) Without capacity for love the believer only has the ability to become involved with Evil. The believer cannot entertain bitterness in the soul because by so doing he is quenching and grieving God the Holy Spirit and will inevitably be totally miserable and unhappy. The Sins of the Interlocking System of Antagonistic Emotional Hatred are, in part, interlocked into the Interlocking System of Arrogance as antagonistic enhancement of all aspects of Arrogance. ([James 3:14](#)) You can not become bitter or emotional without being arrogant, therefore, bitterness becomes ammunition in the soul where one fires this at others and it causes him to be entrapped by functioning in the Arrogance Skill of Self Justification. As a result he then begins lying to himself under Self Deception and eventually moves into complete Self Absorption. When one starts lying to self he enters into the function of [Delusion](#) and begin to see self as a great believer with all others being inferior and wrong. His mind then becomes twisted with Evil thinking destroying what Metabolized Bible Doctrine he may have accumulated, and as he builds up a cocoon of unreality around himself, he enters into a maximum state of being influence by and functioning under Evil. By this means, he creates his own misery and under the thinking derived from Evil he lies to himself constantly so that when he goes to hear the teaching of the Absolute Truth of Bible Doctrine he applies it only to others and never self. When Bitterness reaches the point of [Revenge](#), which begins with Self Absorption, it demonstrates that bitterness is completely entrenched in the soul and this believer has welcomed the 4 horsemen of apostasy and incredible misery into his life. Bitterness is the greatest Motivational Arrogance of Mental Attitude Arrogance with regard to destroying the Spiritual Life because it lives in a cocoon of Self Absorption and [Hypersensitivity](#) being totally encapsulated in the base of the [Arrogance Skills](#).

It is Arrogance which destroys a person and it was Arrogance which wiped out Elijah, David and Paul and Paul understood this and used it. One can be threatened over and over and think nothing of it and it has no effect on him, but if he is threatened and thinks about it he walks right into [Blind Arrogance](#). When one is threatened and thinks about it and thinks about

self and how it will effect him then he is saturated with Arrogance. No Believer in The Lord Jesus the Christ can be frightened as long as they can think and use reverse concentration on Bible Doctrine where Logistical Grace is concerned and therefore they CANNOT ever be frightened. However, anyone who gets an instant case of Arrogance can be frightened and the very moment one becomes arrogant he is weak and when it hits the soul he is irrational and emotional and rapidly moves through the stages of Reversionism and enters [Emotional Revolt of the Soul](#). It is at this point that he then ignores all he has learned and doesn't even use common sense. Much of Arrogance, pressure and self pity all sponsored by emotion under the influence of Evil, leaves the believer totally unable to use the [Faith Rest Drill \(5 stages\)](#). This failure to use the Faith Rest Drill and the malfunction and failure to use reverse concentration on Bible Doctrine can happen to any believer immature or mature. Both the infant believer and the greatest mature believers who have ever lived must face every day the issue of Logistical Grace. The principle is, **If God**, providing Logistical Grace sustains the life of the [Reversionist](#) saturated with Evil, **and he does**, what will he do for the believer in Maturity Adjustment to the Justice of God? Obviously he will do much more in the way of direct blessings for the believer in or beyond Maturity Adjustment to the Justice of God but this is rational reverse concentration and when Fear results from Arrogance and self pity this process of thought does not and cannot occur in the failing believer. Once one becomes entangled in Arrogance and full of self pity under pressure, this causes him to become irrational and then want to die. Irrationality comes because of being full of Self Pity Arrogance under pressure. Involvement in self pity, feeling sorry for self, can only occur for a short while so that if it persists then depression sets in. This is the result of having expended all one's energy in self pity with nothing left but depression. This can and often does happen to many believers no matter their level of spiritual maturity. Knowing that, as Royal Family of God, all believers are being supported by Logistical Grace, whether infant or mature or in between, even up to the status of Advanced Maturity Adjustment to the Justice of God and then receiving Ultra Super – Grace blessings, this reality can be used to avoid Arrogance in any area of life, which is essential for function in the Spiritual Life. Arrogance Testing occurs in the Spiritual Life from Infancy to Advanced Maturity and always comes into the picture when one ignores the Doctrine of the provision of Logistical Grace for sustaining the life of EVERY believer without regard to his Status Quo as a believer.

Fear eliminates Metabolized Bible Doctrine, the [Spiritual Skills](#) and the [Problem Solving Devices](#) and manufactures the loser Believer. Fear is irrational and irresponsible creating distractions from the Spiritual Life and building up the Arrogance Skills, Antagonistic sins and Arrogance sins. [Stress](#) in the soul is TOTALLY compatible with the Interlocking System of Arrogance, the lust patterns of the Old Sin Nature, [Polarized Self Fragmentation](#), [Reversionism](#), and both Moral and Immoral Degeneracy and therefore TOTALLY INCOMPATIBLE with the Christian Way of Life and the Protocol Plan of God. The greater the mind-set as a loser Believer while living, the greater will be the intensification of Fear while dying. There will be many personalities in the Church Age saturated with EVIL and they include types like Castro, Khomeini, Mao, Khrushchev, Carter, Nader, Jane Fonda, Hitler, and many others. It is easy to be disturbed or shaken by the personality of someone who has power and then become antagonistic to them whether they are representing Establishment or Evil. Many times people cannot learn from

another because they cannot get past the personality of the one teaching but this is simply a test of objectivity. The believer must never allow what these varied personalities say or do to disturb him to the point of not being able to apply Bible Doctrine. History is filled with Evil in power positions or representation in nations but the administration of the nation generally reflects the Status Quo of the people. Historically People get what they DEMAND, they get what they think and therefore what they deserve. The believer, however, is protected from any Evil government in a nation under the principle of Logistical Grace and the Wall of Fire. There were 7000 mature believers in the Northern Kingdom of Israel and because of these men the northern kingdom was protected and blessed in the time of Ahab and Jezebel. ([1Kings 19:18](#)) The believer with maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul should never be disturbed by the Evil personalities of contemporary history. Evil rulers simply reflect the volition and thinking of the people they represent. Personality disturbances on a local, national or international level are a distraction to learning and applying Bible Doctrine. Personality disturbances also result in malfunction of the [Faith Rest Drill \(5 stages\)](#). It is the whining and [Complaining](#) of Human Viewpoint, the involvement within the Interlocking System of Arrogance and being vulnerable to [Reversionism](#) which is everything which hinders glorification of the Lord. The motivations and policies of politicians and the false doctrines of apostate teachers will often disturb the believer resulting his entering the Interlocking System of Arrogance. This is where the [Crusaders](#) of life become vulnerable and mired in the Interlocking System of Arrogance. Life and history are filled with false doctrine, Evil policies and wrong motivations and these must never distract the believer from his Perception, Cognition, Inculcation and Metabolization of Bible Doctrine, his primary objective in life and the *REASON he receives his Logistical Grace support*. These must not hinder his momentum in the Plan of God and he must be persistent in regular intake of Bible Doctrine.

Fear is the preoccupation with the outside pressures of life, the problems of life rather than the solutions which can only be based on Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. Fear and the function of the Spiritual Life are mutually exclusive and the Believer who lives by Fear is intimidated by life and even the irrationality of overwhelming Fear related to death will not prevent dying. As a result the believer will ignore or reject the divine solutions for all the problems and pressures he faces since Fear is preoccupation with the problem and involves intimidation in life. The believer who prefers fulfillment of the Spiritual Life over Fear has a door which opens in the Unfailing Love and [Superabundant Happiness](#) from God. Fear also eliminates the power of prevailing prayer and destroys the superabundance of happiness from God totally ignoring the unfailing love of God which provides something special for mature believers in [Dying Grace](#). The greater the mindset one has as a loser believer while living the greater the intensification of Fear while dying. The Outside Pressures of life are always there and MUST be dealt with by means of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Stress is OPTIONAL in life and is NOT found in the soul unless there is NO APPLICATION of Bible Doctrine to the pressures of life. Fear ultimately is a sign of Arrogance and selfcenteredness and always has punishment associated as a result of its removing the believer from the Plan of God.

Arrogance requires no productive thought but Humility requires constant thinking and concentration. Fear and Cowardice are strictly negative emotion and there is no thinking in emotion. Confidence does not come from Arrogance, which can and does produce Pseudo Confidence, but only from [HUMILITY](#) the only source of true GREATNESS. Cowardice results from Fear, it cancels prayer, is preoccupation with Self in Arrogance and puts the Believers deeply into the Cosmic Dynaspheres. Courage is thinking under pressure while cowardice is emotion revolting and dominating the soul under pressure making thought impossible. Under the conditions of Fear and Cowardice the thinking is suppressed by emotion which then dominates the soul preventing any rational thinking under pressure. When a person becomes entangled in the Interlocking System of Arrogance emotion automatically dominates the soul and thus substitutes unreality for reality making him vulnerable to Fear, flattery, irresponsibility, sociopathic and psychopathic behavior. Emotional Arrogance is always vulnerable to flattery because flattery encourages unreality with regard to self. Emotion Arrogance results in that form of [Psychopathic Arrogance](#) called neurosis and all neurotics were previously involved in Emotional Arrogance.

Arrogance cannot stand up to any adversity or pressure in life and believers should be using the Metabolized Doctrines they learn on a consistent basis from function under the [Filling of God the Holy Spirit](#) and [Grace Apparatus for Perception](#) instead of being afraid. They should apply the [Faith Rest Drill \(5 stages\)](#) and the Doctrinal Principles and Rationales built up from consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine to overcome and defeat any Fear potential in life. Unfortunately, even cowards, when in a state of Fear, have the ability to use the Arrogance Skills of Self Justification, Self Deception, and Self Absorption. This is the motivation people have today in subscribing to the pseudo security of Socialism and why people trade their freedom for any pseudo security. The abuses they are subject to mean nothing to them as long as they have what they consider to be security. This is the result of the saturation and recycling of the Arrogance Skills and is the full effect of [Self Absorption](#).

Out of the 7 worst sins ([Prov 6:16-19](#)) Fear as the Motivational Arrogance of Mental Attitude Arrogance is a Mental Attitude sin and at the top of the list. Fear is a terrible inordinate concern for self in any situation. One cannot Fear without being entangled in Arrogance and one cannot be arrogant without at some point entertaining Fear in his soul. Therefore, where Fear exists in life Arrogance is its bedfellow. Fear, worry, all [Mental Attitude Arrogance](#) and the irrationality of emotionalism are contradictions to the Christian Way of Life and reflect a lack of [Metabolized Bible Doctrine](#) and the [10 Problem Solving Devices](#) in the believer's life. In the development and advance of the Spiritual Life the Problem Solving Devices develop at various stages and in various levels of functionality based on whether the believer is in spiritual childhood, spiritual adolescence or spiritual adulthood. One cannot use these Problem Solving Devices until he has developed them from consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Once developed they must then be deployed onto the [Forward Line of Troops](#) of the soul and then be TESTED by the Attack of the Mosquito in order to resist the attacks of Satan and the Cosmic Dynaspheres. However, one cannot deploy them until he has learned about them and how they work mechanically and he cannot do this

without consistent Post Salvation Epistemological Rehabilitation from DAILY Perception, Cognition, Inculcation & Metabolization of Bible Doctrine.

The most predominant thing which destroys one's capacity for life is involvement in Arrogance especially the Arrogance involved in irrational, uncontrollable Fear and then next in line is [Jealousy](#). If one consistently entertains these or any other aspect of Mental Attitude Arrogance or Mental Attitude Sin in life, then, when he is dying, he will be completely hysterical and in terrible mental agony. It is amazing to see how a frightened person begins to reason, first comes Fear, then comes panic, then comes some kind of distorted reasoning. In the person involved in emotional arrogance, when there is disaster hovering in any particular circumstance there is first a reaction of Fear followed by intense panic and then all of a sudden these frightened people have a stimulated moment of thought where they look for someone else to blame. Because they are locked into [Self Righteous Arrogance](#), total selfcenteredness and are concentrating completely on self it never occurs to them to blame themselves for their Fear reaction and as a result they always seek to blame others. Frightened believers are totally irrational no matter how sane they normally are and irrational people always come up with WRONG conclusions and this is a form of temporary insanity.

Initially Fear, as Motivational Arrogance, touches off an overwhelming interlocking in the Arrogance complex and as a result of Arrogance predominating the soul these individuals become temporarily free of the Fear and think they are something special. However, when increased pressure comes along the Fear replaces the Arrogance but because Arrogance is still there but subdued by Fear it causes interlocking with other categories of Arrogance such as [SELF PITY](#). Any time one enters into self pity he has dominant Fear and other subdominant Arrogance in his soul. Therefore, Self Pity is a combination where Fear is controlling Arrogance. Not one moment of life should ever be involved in self pity whether one is lonely or feels that the world has passed him by and that he has not received his due in life, because every moment he logs under SELF PITY he makes himself worse than a simple coward. He, by this means, becomes worse than a coward and is walking death, a total disgrace to The Lord Jesus, The Christ and a disgrace to his provision of Logistical Grace support and the potential for receiving Super – Grace blessing in time. The believer is a Royal Priest and Royal Ambassador for Christ and any moment logged in self pity, he, as an arrogant coward, is not properly representing himself to God nor Christ to mankind. Self pity is one of the worst of all sinful functions because it combines 2 of the worst sins into a disastrous subjective thing. Self Righteousness, which always throws blame out in all directions and thinks of others as being totally inferior and Self Pity when under pressure. Once locked into these 2 irrationalities, then from Arrogance comes the inability to reason. Then when Jealousy and Bitterness are added to this the combination it results in Fear and PANIC.

• Selfcenteredness + Hidden Arrogance + Pressure == Fear.

As a result, the self pity begins judging and maligning those in authority and blaming others for the pressure situation adding to this the “I told you so” syndrome. “I told you so” is a pressure reliever and under pressure it results from Arrogance and it demonstrates the vanity of the person and their saturation with Arrogance. As a result this makes any pressure situation much worse and much more complex.

### **The Faith Rest Drill & Emotional Arrogance**

**Humility** is that state of soul whereby the individual is oriented to reality through thinking and Authority Orientation. The 3<sup>rd</sup> stage of the **Faith Rest Drill** (5 stages) begins reverse concentration where in this stage the believer adds principles of the Metabolized Bible Doctrine in his Stream of Consciousness of the Soul to the promises he has claimed. He then uses this Metabolized Bible Doctrine to develop, deploy and concentrate on Doctrinal Rationales to focus his thinking on reality. Then, from the Doctrinal Rationals and upon reaching Doctrinal Conclusions, understands the solutions and ultimately controls the pressure situation. To be able to use any Bible Doctrine principle or rationale one must be able to think Bible Doctrine under pressure and this is not possible when the soul is dominated by emotion. The doctrinal rationales orient the believer to reality whether it is the greatness of God or the believer's personal sinfulness. In each case of the application of a rationale the believer is oriented to reality by what is involved in his thinking.

In every occurrence or situation where one might be deprived of something necessary for life this is a challenge to, testing under the Faith Rest Drill (5 stages). The issue always will be, "Is Bible Doctrine more real than the situation of deprivation". Our life on this earth after Salvation Adjustment to the Justice of God is TOTALLY dependent on the principle of Logistical Grace. In fact, after salvation God is OBLIGATED, PERSONALLY REQUIRED, to provide everything necessary for our continued live until His plan for our life is completed. In time of deprivation the believer must consider whether he automatically claims a promise to stabilize the mentality of his soul so that he can function under Faith Rest, move into the Logistical Grace Rationale and then move on and relax OR does he WORRY. Worry is a sign of unbelief and of hidden Arrogance. When he WORRIES he is so involved with self that in his thinking he places self outside the reality of the Plan of God. The believer is commanded in no uncertain terms to "NOT WORRY" about anything especially what might occur TOMORROW. (**Matt 6:34**) This means that each day must be faced in the light of the word of God and that the believer is commanded to live one day at a time. In addition, the Evil of the plan and policy of Satan or the temptations of any given day are sufficient for that day and he need not be concerned about more Evil or temptation beyond one day. Each day has its own brand of Evil because Satan rules this world and these include, Socialism, Gas Rationing (1970s), Terrorism, Mass Shootings, 2<sup>nd</sup> Amendment compromises, Governmental attacks on free enterprise, mandates to wear protective masks and stay and work at home and attacks on all the freedoms guaranteed in the American Constitution. Each day the Evil of it is a challenge to the principles of the Faith Rest Drill for that day. God gives us one day at a time and expects us to live that day and thus Faith Rest must claim Logistical Grace for each day and never worry about tomorrow.

Frightened people must always be approached with simple solutions. Accepting solutions from others is very simple when one is not frightened, upset or worried about situations he faces. Simple solutions for problems and pressures in life can start with the question "Are you not worth more than birds and are you not a greater value to God than any bird". (**Luke 12:24-26; Matt 6:26-27**) When a dog barks at birds and they fly the dog cannot chase them and if they

fly a very long way off they are not very smart birds. When under pressure and Fear approaches one must decide if he is better, smarter and more valuable than the birds and if he can come to the correct conclusion he WILL KNOW that if God provides for the bird under Grace, and he certainly does, he can provide for every believer also under Grace in any situation. Birds do not earn nor deserve to be sustained in life and their existence clearly illustrates the provision of Logistical Grace blessing from the Justice of God to the Righteousness of God resident in the believer who has made Salvation Adjustment to the Justice of God. Hearing and understanding this principle the believer must consider whether he has stopped worrying or not?

Worry about one's physical height cannot ever cause him to grow taller. ([Matt 6:26-27](#)) Being tall or short means neither inferiority nor superiority in life and being or not being tall is no reason to develop some mental complex in life. No matter how much one thinks about his height and worries about being too short or too tall that does not, will not and cannot change his height. The continuation of life on the earth is the responsibility of the Lord and such provision is not a subject for Fear, worry or any distraction for the believer. However, in reality the greatest source of worry is NOT Fear directly but Arrogance. An overestimation of one's own importance and applying that to life is the source of worry. **IF** the Lord provided the greater, the salvation potential as the result of the Substitutionary Spiritual Death of Christ on the cross for all human sin, while all mankind were his enemies, **AND HE DID**, will he now withhold the less of [Logistical Grace](#) support and blessings for the life of the believer in time? **IF** God did the greater or more difficult providing salvation when one was his enemy as an unbeliever, **AND HE DID**, then it follows (lat) "Afortiori" that He will certainly do the less in the form of Logistical Grace provision for the entire life of the believer since the believer is now His friend and part of his Royal Family. The most difficult thing for God was to provide for man the potential for Salvation Adjustment to his Justice, **WHICH HE DID**, based on the Substitutionary Spiritual Death of Christ on the cross and He provided for the unbeliever's personal faith in The Lord Jesus, The Christ being efficacious for Salvation. NOW, after having engaged in Salvation Adjustment to the Justice of God, He **MUST** provide the less of Logistical Grace support in time. He is **OBLIGATED** to support the believer for his entire life after salvation in order to give each believer the equality of opportunity to reach Maturity Adjustment to the Justice of God and complete execution of the Protocol Plan of God. Each believer is part of the Royal Family of God as a result of faith alone in The Lord Jesus, The Christ alone and the Baptism of God the Holy Spirit putting him under positional sanctification. Just as worry cannot add to health or height or length of life so worry is not part of the Plan of God and when one worries he is obviously not in the Will of God for his life. The [Faith Rest Drill \(5 stages\)](#) offsets, counteracts the distraction of worry in all areas of life especially concerning Logistical Grace support.

### **Humility & Emotional Arrogance**

The cure for Emotional Arrogance is discipline and [Authority Orientation](#) resulting in Enforced Humility, this, for the believer, is accepting the teaching authority of one's right Pastor Teacher and **EXCLUSIVELY** sticking with his ministry. The greatest thing for children is to have strict parents who force the child to respect them. When this occurs the result in the child, who is

or becomes a believer, is that Enforced Humility + Genuine Humility == Spiritual Growth under Grace. When Enforced Humility becomes Genuine Humility this believer has made the advance to Spiritual Maturity. No one ever advances in the Plan of God nor reaches Spiritual Maturity without Enforced Humility. The believer MUST “humble himself under the mighty hand of God” (James 4:10), which is in this Church Age found through the Bible Doctrine taught by someone he may think is a jackass. When in a leadership position, or any position of authority, being tough on those under one’s authority will not win him a popularity contest but WILL develop in them humility, an essential for a successful organization. When those under authority begin to respect and love the one over them, then they have developed real humility. One in authority can get much more out of those who are under his authority through Enforced Humility than he can through function at any level of Arrogance.

### **Emotional Arrogance & The Insignificant**

Emotional Arrogance not only eliminates rational thinking in the Stream of Consciousness of the Soul but produces arrogant preoccupation with the Insignificant. Arrogant preoccupation with the insignificant not only destroys any true scale of values in life but develops an arrogant selfcenteredness which destroys capacity for life, love, stability and inner happiness. The details of life are the means of living but cannot become the basis, motivation or capacity for living. Thought is the motivation for life while food, shelter, clothing, etc., are the details and means of living. When one is motivated for living because of details of living such as food, transportation, fame, wealth, etc., he has used Arrogance to eliminate his capacity for life. He has used his own Arrogance from his own volition under the control of the Old Sin Nature to destroy his own capacity for life, love, stability and inner happiness. No one can become arrogant from someone else’s influence but only from improper use of personal volition. Many marriages go bad because one of the couple’s Arrogance emphasizes the details of life over thinking. Humility, which results from thinking emphasizes capacity for life and with capacity one can enjoy the details of life. Without the capacity from the thinking which develops humility the details of life will make one totally miserable. The Absolute Truth of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul gives the believer the ability to think so that even without the accouterments of life he can still have the ultimate of inner happiness. It is Knowledge which is the environment for thinking NOT EMOTION. Emotion cannot produce vocabulary, principles nor rationales for application to life. One can possess all the accouterments of life and still be miserable with them because he can have no capacity for them without thought. All he has done is feed his Arrogance with the details of life and Arrogance will always be hungry for more and he will become totally miserable trying to acquire them.

### **Bible Doctrine & Emotional Arrogance**

God’s sense of humor is truly great and one can see it when he realizes that God has allowed Christianity to remain in Human History despite the multitude of Believers who weep and wail, do penance, apologize, spend their lives working to correct the flaws in the devil’s world to appease God, and MORE, all in an effort to gain forgiveness for sin and override what The Lord Jesus, The Christ did for mankind on the cross. This emotionalism is not a part of forgiveness and not a part of salvation and not part of the Grace Plan of God. Emotion is only

good when functioning under the control of Doctrinal Thinking in the Right Lobe of the Stream of Consciousness of the Soul within the [Divine Dynasphere](#). If there is no thought in the Stream of Consciousness of the Soul based on Absolute Truth then there is no preparation to meet civil war, revolution, world war, tornadoes, floods, or any other disaster whether historical, national, natural or personal. Bible Doctrine is the environment for decisions not feelings from emotion. Emotions are supposed to be the result of the appreciation of thinking and the nervous extension of thought in the Stream of Consciousness of the Soul. Emotions are designed to enable man to enjoy life. However, if decisions are made based on emotion, options for the function of freedom are limited until one runs out of options and has only Divine Discipline and the Sin Unto Death to terminate the misery of his life on this planet. Emotional Arrogance converts reality into illusion and hallucination. This is often done as a result of the misdirection of volition and physiologically through the illicit use of drugs or alcohol just as it is done spiritually through the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred. Emotion fantasizes and collapses under pressure. People who fantasize cannot take pressure in any form and it destroys them and they have no thought basis to reach out to smack down pressure. In time of disaster emotion possesses no capability for coping with the situation and the pressure results in a retreat from reality and the greater the retreat the closer one comes to psychosis. Therefore, Emotional Arrogance inevitably interlocks with [Psychotic Arrogance](#). This is why Arrogance is far stronger than any good deed, love, even perfect environment. This is why people reject and conspire against good and honorable government. Therefore, these people walk in darkness as a result of Emotional Arrogance and [Emotional Revolt of the Soul](#).

Arrogance was the key factor when Adam and Ishah were in the garden and they rejected the perfect environment of the garden of Eden because of it. The doctrine related to the Plan of God for them and the issues of the Angelic Conflict had been continuously taught to them each day “in the cool of the evening” when The Lord Jesus, The Christ came to the garden and taught them. Each faced the issue set out as a test by God and failed because of Arrogance. The woman wanted to be as smarter than Ish and as smart as God. The man chose the woman out side the Plan of God and the garden and its perfect environment rather than The Lord Jesus, The Christ and the perfect environment in the garden. Eschatologically the last revolution in Human History will be based on the [Arrogance of Rejection](#) of the perfect environment and government of the millennial reign of The Lord Jesus, The Christ. This will be the only perfect government in Human History in perfect environment on the earth and will demonstrate the fulfillment of the doctrines and principles of scripture, yet people in Arrogance will reject it.

### **Emotional Arrogance & Revolution**

To the extent one is entangled in the Interlocking System of Arrogance, to that extent, he is without happiness and the longer he is in the Interlocking System of Arrogance the more intense his [Unhappiness](#) becomes. All revolution is the Arrogance of Rejection of the good environment produced from adherence to the Laws of Divine Establishment and Divine Institutions under legitimate honorable government and substituting the Evil environment of tyranny. Revolution can only produce tyranny which is anti God and anti establishment.

Revolution could not exist without [Crusader](#), [Criminal](#), [Conspiracy](#), [Political](#), [Client Nation](#), [Authority](#), [Ignorance](#), [Power](#), [Iconoclastic](#), unhappiness, and above all Emotional Arrogance. Emotional Arrogance always rejects legitimate authority in life. Iconoclastic Arrogance + Emotional Arrogance == total confusion and disorientation to life. Emotional Arrogance results in people believing the absurdities of life. Once this occurs people lose all sense of responsibility and integrity with regard to the function of the client nation. Therefore answer to the question in the recent history of the United States of America comes to mind clearly, “how could anyone vote for Bill Clinton or Barak Obama 2 times or even consider Hillary Clinton or Joe Biden as suitable candidates for the Presidency of the United States of America”?

### **Jealousy & Emotional Arrogance**

[Jealousy](#) is an attitude of discontent, with another's achievements or with the way they have treated one. Jealousy can be a part of both Motivational Arrogance and Motivational Antagonism from the Interlocking System of Arrogance and the Interlocking System of Antagonistic Emotional Hatred as Mental Attitude Arrogance and Mental Attitude Antagonism. It intrudes into another's privacy and in so doing destroys human freedom. It is an essential part of Crusader Arrogance and Self Righteous Arrogance and produces legalism and moral degeneracy. It becomes Legalism and Tyranny through possessiveness and is, in this way, related to the destruction of the Christian Way of Life. It is related to “personal love” through Fear of rivalry and loss of another's love or attention. It is related to hatred since it is irrational and suspicious and it is the basis for [Inordinate Competition](#) in relationships especially romantic love. It is a strong basis for strife and discord in organizations as well. Jealousy is the basis for rejection of authority, therefore, [Conspiracy](#) and [Revolution](#).

Jealousy is related to the suppression of [Pride](#), which is the trigger for producing false motivation and discord. ([Phil 1:15](#)) Arrogance creates hangups in the Stream of Consciousness of the Soul and these are the source of false motivation in life. The people with these flaws are always petty and jealous and always trying to find weaknesses in others. If they cannot find any real weakness in others they will make up their own brand and attribute these to the others. However, when the hangups are reversed by suppression of pride and Arrogance there begins a chain reaction and it results in the most heinous function of Evil. Pressure put on pride depresses it and sets a trigger which can set off the entire system of [Mental Attitude Arrogance](#) and Sins and from this, in the believer, a Christian monster is created.

Jealousy DESTROYS reciprocity and reciprocity in Love for God is the only motivation for staying with Bible Doctrine and the Spiritual Life. Jealousy is anti freedom because it does not permit people to love from their own volition. It demands love and attention based on one's own volition not on the volition of another. Ironically by this means the volition of the very person whose attention is desired as the basis for love is in fact destroyed along with the love potential. This destroys the possibility of being loved at all by this person. At the same time the Spiritual Life which God has given to the believer and which is motivated by Reciprocal Love cannot be completed while under jealousy.

Jealousy is related to hatred and is both an arrogant and emotional sin. It is irrational in it's

hatred and resentment of others. It is a “mood” Arrogance which is troubled by the possibility that a persons love has been directed to a rival. It leads to suspicion and motivates anger, hatred, gossip, slander, maligning and revenge. It destroys the desire of another to love because of one’s bitterness, vindictiveness, implacability, gossip, slander or revenge. It is the basis for inordinate competition in love, in friendship, marriage, family relationships, social intercourse, organization functions even business.

Fear functions as a part of the Interlocking System of Antagonistic Emotional Hatred and it basically is the antagonistic enhancement of the Interlocking System of Arrogance and together these destroy the [Problem Solving Devices](#). Fear replaces Metabolized Bible Doctrine as this believer slides into [Reversionism](#) with the attack of the 4 Horsemen of Apostasy (4 stages of reversionism starting with Emotional Revolt of the Soul). This causes the believer to loose the battle of stress in the Soul and therefore it becomes obvious that Fear Creates Stress in the soul. The Fear “virus” in the soul represents Emotional Arrogance as a primary distraction to the Spiritual Life. Reaction Jealousy combines the Antagonistic complex and Arrogance complex, and at this point jealousy becomes a sin of emotion. [Guilt](#) and Jealousy are a part of the motivation for [Revenge](#) and exemplifies the irrationality of emotional sins. Jealousy is possessiveness where one tries to take control of another’s life and for believers this often results in an attempt to prevent advance to the high ground of Maturity Adjustment to the Justice of God in another believer. It is the Arrogance of imagining how important one is and how possessive he can be of others.

### **Emotional Arrogance & Personal vs Impersonal Love**

Before one gives personal love to anyone he must evaluate the object for his love else his love will be compromised if the object is the wrong person for him. Knowledge must precede love and one must know the person before he can love the person in order for that love to be true. One must know a person in order to admire and love them so that without knowledge of the person he will inevitably develop less respect for them, reject them and become indifferent to them and ultimately separate from them. In order to function effectively in life and especially the Spiritual Life, one cannot fall into hate for a person but must switch to [Impersonal or Unconditional Love](#) and simply avoid them. The believer is not to hate since that is a sin and he is not entitled to that. Most people are so Arrogant that when they make a mistake about choosing friends or in romantic relationships with opposite sex members they blame them and never think to blame self. Hatred is nothing more than a person making a mistake about the object of his love and most hatred and antagonism is nothing more than Arrogance. The person who is without Arrogance is one who when he finds he has made a mistake about a person or friend or loved one he switches to Impersonal, Unconditional Love and does not bother to hate them but simply recognizes his own stupidity for getting close to them.

Therefore, anything in life which is sustained by emotion will eventually fall apart and totally shatter. Emotion is wonderful but to be sustained by emotion is always a disaster because man is are designed to be sustained by thought never emotion. Emotion is designed to respond to thought and there is a place for emotion in having capacity for love but it is a terrible thing to try to sustain love with emotion. To the extent that one sustains personal love with emotion to

that extent when the love ends, the opposite reaction will occur and the resulting hatred will be to the same level that the love was in the beginning. Emotion turns love into Jealousy, hatred, vindictiveness and implacability and there is nothing like strong emotional love to lead into the development of strong hatred. The same emotion which gives an appreciation for so many things in life, adding to capacity and stimulating it, also betrays when one makes a mistake in his choices or selections. At the foundation of all of this is one's Arrogance which is often initiated by someone flattering or giving attention to him and then it turns into hatred when for any reason he is rejected.

Unquestionably the most destructive of all things in human relationships is involvement in the Interlocking System of Arrogance, and for effective human relationships there must be the development of great [Humility](#). Arrogant people seek unconditional love while offering only conditional love. The [Lust Patterns](#) of Arrogance covet:

- ✧ Wealth without Honor
- ✧ Success without Integrity
- ✧ Promotion without Ability
- ✧ Approbation without Humility
- ✧ Love without Virtue
- ✧ Sex without Happiness (self gratification).

Only [Impersonal or Unconditional Love for Mankind](#) perpetuates a relationship without any involvement within Motivational Arrogance or Motivational Antagonism. Problems related to or requiring function under Impersonal Love for Mankind for solutions include [Unrealistic Expectations](#) and frustrations which destroy the focus of the Spiritual Life which is supposed to lead up to [Occupation with the Person of The Lord Jesus, The Christ](#). This destroyed focus results in having Eyes on People, Self and Things and involves both the Emotional and Arrogance Sins and Arrogance Skills. This also can become [Role Model Arrogance](#) with its assigning someone to the position of Role Model based on customary functions or having a certain status in life so that when there is departing from these functions or status standards, there will be maligning, gossip, vituperation and vilification.

The believer MUST always remember that he cannot change people to conform to his personal standards and expectations and that this is a part of power and approbation lust. He cannot make a role model out of another since they will ultimately violate his personal expectations and move him into [Iconoclastic Arrogance](#). Each believer can change only one life that being ONLY his own personal Life and he can change only one person that being Self. Impersonal or Unconditional Love for Mankind perpetuates its own honor, integrity and virtue throughout all stages of spiritual adulthood, without reaction, antagonism, self righteousness or self pity, without gossip, maligning, vindictiveness or slander, etc. Impersonal Love for Mankind is not influenced by Arrogance or sin and becomes the virtue, honor and integrity required by friendship, romance and marriage and completely avoids Emotional Arrogance.

## Gate #21 – The Arrogance of Hypersensitivity

Hypersensitivity is an attempt at sensitivity by the one residing and functioning in Cosmic Dynasphere I, the Interlocking System of Arrogance. Their emphasis is always focused on the Object of their Love and these people have NO Impersonal Love for Mankind therefore, and inevitably, everyone in their periphery eventually offends them by a look, a word, or a deed. Hypersensitive people are completely preoccupied with themselves and see all other people in terms of their own Arrogance. This is a person wearing their feelings on their sleeve for all to see and be irritated by. People who talk about others and vindictively criticize others are COWARDS. Hypersensitivity is Arrogance and Arrogance is Cowardice. This Hypersensitivity stifles and neutralizes the function of Impersonal Love for Mankind and is tantamount to the Arrogant anarchy of rejection of all legitimate authority in life. Hypersensitivity means Loss of Common Sense through Arrogant divorcement from Reality.

Normal Sensitivity is thoughtfulness of others while Hypersensitivity is thoughtlessness regarding others.

↪ Jealousy + Pride = Hypersensitivity + Pettiness

All hypersensitive people are Complainers and petty. To be sensitive about those around you is to be thoughtful of those around you, however, people who are totally unteachable are the ones who always take advantage of courtesy and thoughtfulness. These people are Arrogant, stupid and think that a person who is courteous and kind in commanding others is weak. When discovered in a congregation these Arrogant ones are to be warned when they fail a few times and if they persist in their failings then removed and even publicly crucified if needed. This is the method needed to ferret out Arrogance which is unteachable and can never learn. All Arrogant people think they are smarter than the leader and eventually must be removed.

Hypersensitivity is a loss of common sense through Arrogant divorcement from reality. Sensitivity is objective, and directed toward others with thoughtfulness while Hypersensitivity is subjective directed toward self with Arrogance. Sensitivity is the expression of the Functional Virtue of Impersonal Love while Hypersensitivity is the expression of many levels of Arrogance. Many people cannot be taught because of their inordinate interest in trivial concepts and pose trivial questions related to their personal Arrogance. You cannot insert personal Arrogance into Perception, Cognition, Incultation, Metabolization of Bible Doctrine or any other academic subject and expect to learn anything. This is a system of subjectivity, introversion and operation over think by which the Believer can distract himself with his own doubts and personal Arrogance. There is a total Arrogance in the Believer who attempts to reconcile things which appeal to him with Bible Doctrine. In reality, the Believer ultimately must choose, Bible Doctrine or his favorite academic subject. Hypersensitivity therefore generally functions under Negative Volition Arrogance. The underlying flaw is being only interested in the teaching of Bible Doctrine when it applies to one's personal situation, problem or difficulty. This is not positive volition and is Arrogant rejection of Bible Doctrine and self interest.

Hypersensitivity creates its own inside pressures because Arrogance is the source of the Hypersensitivity and is the pressure generator of the soul. Arrogant people carry around with them their own pressure generator resulting in a persistent sense of inadequacy and insecurity.

On a day by day basis all that these people do is manufacture their own pressure in life from their own Arrogance. Arrogant people always pick something which is insignificant to be under pressure with. They create their own failure in life and always blame it on others instead of self. Blaming others for problems in one's life is a sign of total preoccupation with self, which by definition is ARROGANCE.

The believer cannot ever insert personal Arrogance into the most important function of life which is the Perception, Cognition, Inculcation, Metabolization, and Application of Bible Doctrine. Hypersensitivity is locked in with the function of Negative Volition Arrogance in the Interlocking System of Arrogance. Under the ministry of God the Holy Spirit the Believer must divorce Arrogant Preoccupation with Self from the Perception, Cognition, Inculcation, Metabolization, and Application of Bible Doctrine or Divine Discipline will hit him very hard. In the function of the [Grace Apparatus for Perception](#) it is essential to completely understand the Bible Doctrine which is taught before it can ever applied to self or allowed to generate a personal offense toward it.

Sensitivity is needed for Perception of Bible Doctrine and for application of Bible Doctrine to self and others with whom one may be in conflict with and to life in general. In the chain of responding to kindness when a reaction is inserted from Jealousy, Pride or Implacability the result will be devastating. [Mental Attitude](#) Sins break the chain of a gracious response to gracious actions. Jealousy as a form of Arrogance is the most destructive form of [Motivational Arrogance](#) as Mental Attitude Arrogance and a Mental Attitude Sin. Unwarranted use of violence never solves any problem, in fact resorting to violence against an individual or group which is helpless may stimulate Arrogance but will eventually destroy and humble the insolent presumptuousness of this individual.

Hypersensitivity is involvement in Cosmic Dynasphere I, the Interlocking System of Arrogance and it is motivated by the strong influence of Evil and as Motivational Arrogance serve to motivate the individual to engage in other Motivational Arrogance and much [Functional Arrogance](#). Sensitivity is the honorable motivation from Bible Doctrine and the is Motivational Virtue of [Personal Love for God](#) to engage in the Functional Virtue of [Impersonal Love](#) in the Divine Dynasphere. It manifests itself in good manners and individual accommodation to a group in professional, social, academic and spiritual life. Hyper-Sensitivity is a manifestation of lack of both Human and Spiritual maturity and one primary manifestation is [Self Pity](#). Hypersensitivity is making a false issue out of self incompatible with the specific circumstances. Preoccupation with self plus an exaggerated [Personal Opinion](#) of one's value to a group results in attempted superimposition of one's opinion on the group and using one's influence to undermine the authority and policy of that group. [Self Righteous Arrogance](#) never forms an effective policy because it *resists operating on principles*.

Pride and Hypersensitivity are always mated and this Arrogance always thinks in terms of Superior vs inferior, always looking for someone else to blame for personal decisions while the Hypersensitivity compensates for any and all the bad decisions made by blaming others. These people who are generally wrong about everything are very aggressive in maligning others.

Their Arrogance forces them to ignore the fact that they are wrong and therefore they must pass the blame to someone else. Judging, Maligning and Gossip are all part of this function. Therefore, hypersensitive people, as a part of their involvement in Arrogance, resent their insecurity, which they manufacture from their inferiority. When operating under Hypersensitivity the believer will never find his right church, right pastor, right Man or right Woman and will be miserable throughout his life and basically friendless. Therefore, Sensitivity as the expression of Impersonal Love and thoughtfulness of others, must be created through daily residence and function in the [Divine Dynasphere](#). Sensitivity is not subject to becoming Hypersensitivity unless it malfunctions under Personal Love by lacking support from the Functional Virtue of [Impersonal Unconditional Love for Mankind](#).

Impersonal Love sensitivity is the mechanic in the Christian Way of Life of being thoughtful and tolerant of others and if one has the ability to be thoughtful to those he works with, then he has capacity for Personal Love in his life. In contrast Hypersensitivity is being Arrogantly thoughtful of self and totally intolerant of others. Hypersensitive Believers are totally unteachable because of the Arrogant flaw of operation over think. They live outside the Divine Dynasphere, lacking the Filling of God the Holy Spirit and teachability so that this Believer has no ability to learn Bible Doctrine thus no momentum in the Spiritual Life because advance to Spiritual Maturity comes from LEARNING Bible Doctrine.

In addition no one can built a system based on Self Righteous Arrogance to attempt to gain salvation from God. If one moves into self righteousness and rejects God's righteousness there is NO salvation for him. The Plan of God excludes all Arrogance and Self Righteousness and NO unbeliever can acquire Salvation by using his own Self Righteous to attempt to enter the Plan of God. In addition no believer can attain Spiritual Maturity with Arrogance in his soul and functioning with a self righteous Modus Operandi. This is why some believers fulfill the maximum Metabolized Bible Doctrine principle to reach Maturity Adjustment to the Justice of God but their Arrogance keeps them from maintaining their Maturity and they fall backward into [Reversionism](#). The Arrogant believer is unteachable so that at some point in his advance to Spiritual Maturity he will resent a subject or the method of presentation of a subject from his right Pastor Teacher. This does not occur when he is interested in a particular aspect of Bible Doctrine or has problems in life which he thinks that Bible Doctrine can resolve. Arrogant people learn Bible Doctrine until their personal difficulties are resolved and then they return to their former status and Modus Operandi within the Cosmic Dynaspheres. The believer cannot be eclectic with regard to Bible Doctrine and advance to Spiritual Maturity. Any involvement in the Interlocking System of Arrogance is being disoriented to authority and unteachable with regard to bible doctrine. It is the function of Humility with the recognition of and submission to [Authority](#) preserving humility which is essential to attain Spiritual Maturity. God delegates authority in life in order for all people to function under so that they might learn Humility as the basis entrance into the Plan of God and for their advance to Spiritual Maturity. Therefore, Authority in all areas of life is designed to maintain Humility and therefore teachability. Therefore, involvement in Self Righteous Arrogance with a lack of Authority Orientation and Enforced Humility and having never developed any level of Genuine Humility is a clear sign of immaturity, both mentally and spiritually.

These Believers in their Arrogance create their own flaws and failures and manage to rationalize them by blaming others NEVER self. They are saturated with a sense of inadequacy and insecurity. The reality for the believer is that ALL security is related to God never People and ALL efforts with regard to it MUST be directed toward God. These Childish adults are created by poor parental training resulting in immaturity in their youth where they never grow up because they are never required to take responsibility for their own personal decisions. These types are thoughtful only of those they love and insensitive toward all of those they dislike.

### **Hypersensitivity & Insensitivity as Non-virtuous Functions**

Non-virtuous function in life is found in Hypersensitivity concerning self with Insensitivity toward others as Motivational Arrogance or Motivational Degeneracy. Hypersensitivity is Arrogant preoccupation with self and results in making an issue of self in every occasion. Hypersensitivity functions under the Arrogance of the [Demand Syndrome](#) where one is always trying to have one's own way while making life miserable for everyone in his periphery when this does not happen. The demand syndrome thus is seeking to control everyone in one's periphery, in all aspects of his life. This is the Hypersensitivity Arrogance of attempting to superimpose one's will over others which results in tremendous intolerance and insensitivity toward all others. Therefore HYPERSENSITIVITY is also INSENSITIVITY toward the feelings and needs of others. Laughing at or criticizing another for expressing some truly idiotic option is NOT sensitivity. Hypersensitivity is total preoccupation with, in fact, an obsession with, the importance of self and a total disregard for the importance or needs of any others. Hypersensitive people fantasize and are divorced from reality and the farther they get from reality the closer they come to Neurosis and [Psychosis](#). When confronted with obvious superiority in another the hypersensitive believer seeks to destroy the superiority, rationalize it away or ridicule it, thus fantasizing and hallucinating about his own false superiority. When confronted with obvious inferiority the hypersensitive believer becomes a bully and tyrant demonstrating his superiority. Hypersensitive people are totally unteachable and Hypersensitive believers are unteachable and make issue of self rather than Bible Doctrine and when confronted with superiority or inferiority in a Pastor Teacher they react according to the lines of their own hypersensitivity:

- ▲ Criticize and ridicule the more knowledgeable pastor
- ▲ Bully the less knowledgeable pastor

Because of operation overthink the hypersensitive believer becomes eclectic and picks and chooses what areas of Bible Doctrine they want to learn and rejects all others. The reality which they reject is that there is always some aspect of Bible Doctrine which will KICK one's ASS back to reality but they do not want this. The Motivational Arrogance of Hypersensitivity combines to destroy [Humility](#) and Teachability which is the most important factor in the Christian Way of Life. It is the academic self discipline of Genuine Humility which becomes a factor when some pastors stumble through a subject and the positive believer must consider that he can always learn something from everyone. The Motivational Arrogance of Hypersensitivity is often unseen but is expressed through the Functional Arrogance of overtly making issue of self with maligning, judging and gossiping about others or engaging in overt [Self Vindication](#). This destroys the believer's teachability thus his momentum in the Spiritual

Life and thus his Spiritual Life in general. Therefore, Sensitivity is OBJECTIVE and an expression of Impersonal Love toward All while Hypersensitivity is SUBJECTIVE and results in arrogant expressions through Functional Arrogance always emphasizing self. Motivated by arrogance and preoccupation with self the hypersensitive believer is always seeking a “friendly” church instead of a doctrinal teaching ministry and therefore never grows up in his Spiritual Life.

## **Gate #22 – The Arrogance of Unhappiness**

### **Happiness**

Happiness, (gr) Chara = Inner Happiness, Contentment, Relaxed Mental Attitude, which brings true capacity for life, mastery of the details of life and focus on the [ESSENTIALS](#) of Life. God always possessed Inner Happiness, he is happy now and has been happy since Eternity Past and is perfect and an integral part of the Essence of God or Character of God. Nothing any creature can do in life, no matter how good or how heinously bad it may be, can change the Happiness of God. This is exactly what we desire as [Problem Solving Device #9](#), the top floor of the [Edification Complex of the Soul](#). The fact is that one cannot make God unhappy but must not ever forget that God can make him unhappy. This divine happiness is the basis for his being motivated from His Love to think, plan and act in terms of GRACE toward mankind. Upon making the decision to CREATE in Eternity Past and at the point of the establishment of the Divine Decree, God decided to SHARE his happiness with mankind. However, in order to do this God must share something of his Capacity to love, his Mental Attitude, and his character which is ONLY possible through regeneration and subsequent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine consistently. ([Neh 8:10](#))

God, therefore, determined a way to provide this Inner Happiness to mankind and ALL of this was accomplished through the principles and policy of Grace. This was a formidable task because in all of creation, the hardest creature to make happy is Man. The truly amazing thing is that God wants to share his happiness with man but He can only do it with Christians who must be BORN into his Family first through regeneration. Grace encompasses the principles and policies of God in creation where he has found a way to share this Inner Happiness and contentment and GOD and Grace cannot fail but man including Christians usually miss the mark on this one and fail to acquire the [Happiness of God](#). Under the Grace Plan and Policy of God in order for the believer to share in his happiness in this Church Age it requires:

- ✧ Constant Filling of God the Holy Spirit
- ✧ Consistent Function under Grace Apparatus for Perception
- ✧ Unrelenting Construction of the Edification Complex of the Soul

The KEY to reaching the point of sharing God’s Happiness in the Christian Way of Life is the Edification Complex of the Soul and the sooner the believer constructs his to completion the better off he will be. However, the believer MUST be very careful to not build an Edification

Complex of the Soul with poor construction materials, the LIE of False Doctrines from EVIL, which result in a collapsing structure with a foundation of FH, FAT-HEADEDNESS or **ARROGANCE**

### **Thinking & Happiness**

Essentially what one thinks in his soul is the only thing which determines whether he is happy or not and the fact is that happiness is not dependent on the circumstances in one's life. By one's own thinking he can carry happiness or misery with him wherever he goes. However, Arrogance is also a system of thinking and is what the person carries with him in order to produce Misery in his life. The Arrogance of Unhappiness gives nothing and demands everything from others. It is a demand operation where the individual demands attention from everyone in his periphery. It is closely related to **Psychopathic Arrogance**. A Fragmented life resulting from entrance into the Interlocking System of Arrogance, Cosmic Dynasphere I, by pulling the pin of ONE'S OWN ARROGANCE GRENADE, is an unhappy life. If the believer, who is guaranteed total happiness in eternity with God, becomes involved in the Interlocking System of Arrogance, he WILL have a totally fragmented and completely unhappy life. Most believers consistently blame others for their unhappiness but the reality is that they cause this unhappiness for themselves by involvement in Cosmic Dynasphere I, the Interlocking System of Arrogance. The reality is that NO ONE can make another person happy and the believer must carry with him his own capacity in life and manufacture in his SOUL from his thinking his own Inner Happiness. In addition, NO ONE can make another person UNHAPPY and unhappiness is also produced BY SELF. These unhappy believers put the blame for their miserable life onto other people, the circumstances of their life, the environment in which they must live and even on GOD. There is NO reason for any believer to be unhappy and in fact believers are clearly mandated to be CONTENTED with what they have (**1Tim 6:6-8**, **2Cor 12:1-10**, **Heb 13:5**). However, no matter what, or how much a person may possess or who he is in society, when he enters the Interlocking System of Arrogance he WILL have an unhappy life. The PIN of one's own arrogance grenade is any aspect of the Interlocking System of Arrogance into which one becomes entangled. Unhappiness Arrogance interlocks almost instantly with many other areas of Arrogance such as **Limitations Arrogance**, where one pushes self beyond his limitations and capacities.

The Arrogance of Unhappiness is a level of Selfcenteredness and Preoccupation with Self which eliminates the possibility of any happiness in life. The Arrogance of Unhappiness is, therefore, total subject preoccupation with self and is another area resulting in failure to develop teachability in one's life because the individual under the Arrogance of Unhappiness is constantly Justifying self by his function in the **Arrogance Skills**. Selfcenteredness, as Arrogant Preoccupation with self, eliminates any capacity for happiness and without capacity one cannot ever have happiness. Self gratification which occurs within the Interlocking System of Arrogance can be very stimulating but it is NOT happiness. When one is involved in self gratification, no matter who or how many are aiding one in self gratification, being out of the Power System of God it is completely self destructive for the believer and produces incredible Self Induced Misery followed inevitably by Divine Discipline. Not only does involvement in the Cosmic Dynaspheres guarantee unhappiness in life but it also leads to erroneous ideas as to

what truly constitutes happiness. [Self Justification](#), [Self Gratification](#), [Self Righteousness](#) form a team in the attempt to find some happiness in life which, once it is functioning, is very difficult to break out of. To the extent one depends on others to make him happy, to that extent he is in the Arrogance of Unhappiness. ALL Arrogance involvement produces preoccupation with self which inevitably results in UNHAPPINESS and at the same time eliminates any capacity for happiness. For the believer happiness is ONLY found while residing and functioning within the [Divine Dynasphere](#) and is [Virtue](#) related and Virtue dependent. Therefore, clearly, happiness is a state of soul and is not receiving something from someone or being the recipient of some effort on another persons part or receiving attention, approbation or declaration of undying love from another. No one can cause any other person to be happy except God and only then through one's own exercise of a positive volitional attitude toward the Plan of God and His Bible Doctrine. A person may be able to stimulate another or complement the other but that person cannot ever make anyone happy. Someone may do something nice for another and if this other is happy in his Soul he will respond with happiness but if he is unhappy in his soul, no matter what or how great a nice thing is ever done for him, it will not and cannot ever cause that person to be happy. Happiness as a state of soul is not being in pleasant environment, having loved ones close by, or having the material things which one has attained in life at one's fingertips. There is no such thing as a person or thing making anyone happy. This is one of the great Arrogance myths of life. Only the Arrogance of Unhappiness assumes that people, material possessions, pleasant environment or social acceptance can make one happy. Unhappiness of soul relates to the Arrogance of soul involving personal [Hypersensitivity](#) and total insensitivity toward others. All Arrogance, being selfcenteredness and preoccupation with self, means that these people, unhappy of soul, will stand around and expect others to make them happy. They are attention demanders and give nothing of themselves and demand everything for themselves from others.

ALL Arrogance destroys capacity and makes one unteachable and causes him to lose interest in normal things in life so that he has no hobbies or interests and when retirement occurs it will result in the person being a dull cratchety OLD PERSON. Everything in life is designed for happy people to enjoy but ONLY people who have Inner Happiness can enjoy it all. Happy people, ones who carry their happiness with them, can make a successful happy marriage because success in marriage demands [Virtue](#) and happiness cannot exist without VIRTUE. Pleasant things in life are NOT happiness but happiness is based on Virtue and is the reason the Power System of God has the mandate that says VIRTUE FIRST. The Arrogance of Unhappiness seeks to dominate one's environment because Arrogance is preoccupation and obsession with self leading eventually to [Psychosis](#). The fact is that control of one's environment and those within it is not ever enough so that for these people, as a result of their total arrogance, there must be total enslavement, total domination, of everyone and everything in their periphery.

The disciples and all believers in this Church Age are commanded to keep on having Inner Happiness at all times because that is what they are designed for, sharing the [Happiness of God](#). However, this is potential based on the development of the [Edification Complex of the Soul](#), deployment of the [10 Problem Solving Devices](#) and maintaining residence in the [Divine](#)

**Dynasphere.** In order to accomplish this the believer must follow the example of The Lord Jesus the Christ in consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine by means of the Grace Apparatus for Perception in order to effect the construction of the Edification Complex of the Soul. IF the believer can accomplish these things, maybe he will and maybe he will not, then he will receive Inner Happiness as the result of his consistent Post Salvation Epistemological Rehabilitation from Perception, Cognition, Incultation and Metabolization of Bible Doctrine. This is a LAW set up by God and is unfailing where the believer is concerned. This means that the believer can have:

- ✧ Inner Happiness which fills up a deficiency in his life ([Phil 4:11-12](#), [Heb 13:5-6](#))
- ✧ Inner Happiness which fully possesses him in his Edification Complex of the Soul during the varied functions of his Royal Priesthood including
  - Prayer
  - Perception, Cognition, Incultation and Metabolization of Bible Doctrine
  - Witnessing
  - Giving
  - Worship
  - Praise
  - Filling of God the Holy Spirit.
  - Etc.
- ✧ Inner Happiness which fully influences his life and thinking as a result of completed construction of the Edification Complex of the Soul, deployment of the 10 Problem Solving Devices and consistent residence in the Divine Dynasphere under the Filling of God the Holy Spirit.
- ✧ Inner Happiness which fills with a certain which comes from the Filling of God the Holy Spirit ([Gal 5:22](#)) and this comes from the Edification Complex of the Soul. ([John 17:13](#))

One source of this Inner Happiness is unstable, because the believer can lose the Filling of God the Holy Spirit by Sin, therefore, it can be very fleeting without depth or roots unless he engages in consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine under the Grace Apparatus for Perception. Once the believer completes the requirements of the Law of happiness from God, then Sharing the Happiness of God belongs to that believer with its capacity for Life and Love, a Relaxed Mental Attitude and Mastery of the Details of Life. Once the Edification Complex of the Soul is completed the believer can fail through sin if he uses the Rebound Procedure as an IRF (Instant Reaction Force) and returns quickly to the Divine Dynasphere and Filling of God the Holy Spirit, the Edification Complex of the Soul and its structure still remains and is not altered and Inner Happiness returns and in fact is expanded. This provides a great motivation for the believer to be consistent in his use of rebound and in Perception, Cognition, Incultation and Metabolization of Bible Doctrine and is why the bible says “Weeping may endure for the night but Joy, Inner Happiness comes in the morning”; “The Joy, Inner Happiness, of the Lord is your Strength”. This is what construction of the Edification Complex of the Soul brings to the believer in order to combat the Arrogance of Unhappiness.

### Categorical Happiness

- Minus H (-H) = stimulation or distraction from the Spiritual Life by a TEMPORARY non-Sustainable state of Euphoria. These are the believers who are happy because they have found something in life to stimulate them:
  - Drugs
  - Alcohol
  - Sex
  - Fast Cars or Motorcycles
  - Success in Business
  - Social Life Acceptance
- However, this only lasts as long as the stimulation and euphoria exists and then the happiness fades and evaporates.
- Neutral H (nH) = Happiness derived from understanding and adherence to the Laws of Divine Establishment and Divine Institution principles designed for the protection and perpetuation of the Human Race. ([Prov 18:22](#), [Eccl 9:4-9](#))
- Plus H (+H) = True permanent happiness in the believer who has reached Maturity Adjustment to the Justice of God having executed the Protocol Plan of God and who is a winner believer and an invisible hero. ([Prov 3:13](#))

### 6 Illusions of Happiness apart from Virtue and Values In Life

- One cannot build happiness on the details of Life such as Marriage, Money, Sex, Success, Pleasure, Health, Social Life, etc.
- One cannot build happiness on environment including Location, Home, Car, Money, Job, Etc. Happiness is very much today ERRONEOUSLY associated with Good or Better Environment demonstrated by the environmental movements in society.
- One cannot build happiness on People but only on Virtue and values extrapolated from Metabolized Bible Doctrine learned in one's lifetime therefore the Spiritual Life.
- Be sure to NEVER play games with the lives of others since one cannot EVER build happiness on friendship, marriage, children or any other human relationship.
- One cannot build happiness on changing the Devils World by way of Christian Activism, [Crusader Arrogance](#), Social Engineering, Violence, Crime, Civil Disobedience, or [Revolution](#).
- One cannot build happiness on another's Unhappiness through the use of Gossip, Maligning, Judging, Vilification, Revenge, etc.

Rapport with God must take precedence over Rapport with People and this can only result from consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine. Therefore, True Happiness must come from the principles developed from Metabolization of Bible Doctrine in the Stream of Consciousness of the Soul. On the other hand, Pseudo Happiness is often related to the superficial pleasures in life, the "details of life" ([Eccl 1:1-2](#)) which require neither Virtue nor Values. Pseudo Happiness is very often related to some form of self promotion related to approbation, status symbols, culture, etc., over the spiritual life. Therefore, Pseudo Happiness is very often the source of Self Induced Misery under the Law of Volitional Responsibility. And of course, Pseudo Happiness is related always to the [Arrogance](#)

Skills and cycling through these for the destruction of the Spiritual Life of the believer.

### **The Myths of the Arrogance of Unhappiness.**

This is people saying that other people and pleasant circumstances can make one happy. This is the fundamental concept behind entertainment. Entertainment can be enjoyed by those who are happy but unhappy people don't even enjoy even GOOD entertainment any more than they enjoy church services. The reality of happiness in life is that the individual brings his happiness or unhappiness with him to every event whether it is something he wants to do or not. There is a similar myth and illusion about marriage in the thinking that it will bring happiness. However, marriage is one of the greatest battlegrounds in history and will never bring happiness to anyone who does not possess happiness first. Marriage was never designed to make one happy and by putting 2 unhappy people together in marriage they will VASTLY intensify their areas and expressions of unhappiness.

### **Happiness for the Believer vs Unbeliever**

Any happiness prior to making Salvation Adjustment to the Justice of God is always temporary and superficial, it can be called "neutral H". Therefore, the fact is that the unbeliever can be happy and many times the individual who was happy as an unbeliever is miserable as a believer. The basis for prolonged Unbeliever happiness is understanding and adherence to the Laws of Divine Establishment and Divine Institutions and under the humility derived from Authority Orientation the development of his Honor and Integrity. However, this bonifide Human Happiness is unstable and depends on pleasant circumstances and acquisition of the Details of life. In addition this Human happiness never can carry anyone during adversity, disaster and very often even great prosperity. Having Human Happiness when the unbeliever makes Salvation Adjustment to the Justice of God this often brings misery to this new believer because if he does not construct an Edification Complex of the Soul within a few years of his Salvation, the happiness from the initial Filling of God the Holy Spirit will only carry him in the same manner as human happiness carries the unbeliever. The unbeliever has happiness now and again with misery between so that the main objective of the smart unbeliever is to get the periods of happiness as close together as possible, unfortunately, when this is accomplished this unbeliever becomes often bored with the continuous happiness and seeks stimulation in sublimations. Although the gaps between periods of unbeliever happiness caused misery the returning Happiness stimulated him, however, now with the Happiness periods being close together this causes him to want to try new things all the time and seek greater stimulation all the time and there is NO CONTENTMENT. Then when an unbeliever makes Salvation Adjustment to the Justice of God this all changes and he will either have great Inner Happiness as he advances in his Spiritual Life or constant Unhappiness from Self Induced Misery possibly with Divine Discipline added in. The point is that Salvation Adjustment to the Justice of God in and of itself is not the bringer of Inner Happiness which requires consistency in the Grace Apparatus for Perception functions which provide the means for Post Salvation Epistemological Rehabilitation.

For the unbeliever true happiness is based on his honor, integrity, capacity for love and life in the status of establishment and under Humility (3 categories). For the believer happiness is all

of this plus Metabolized Bible Doctrine in the Stream of Consciousness of the Soul causing the development of [Virtue](#) resulting ultimately in [Sharing the Happiness of God](#), Problem Solving Device #9, upon reaching Maturity Adjustment to the Justice of God. BECAUSE the believer possesses happiness in the Stream of Consciousness of the Soul, people, things and situations can stimulate that happiness so that this believer can have good relationships with other people by responding to their compatibility. He can enjoy people and possessions but neither people nor possessions nor situations are the source of his happiness. Good relationships with people and having nice possessions merely are expressions of the capacity in the Stream of Consciousness of the Soul for happiness and for life. This does not imply, by any means, that people or possessions can make anyone happy. In contrast, with Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and Humility (3 categories) neither people nor their loss, nor material things or the loss of these things can make the believer unhappy. [Humility](#) is the foundation for basic virtue and the secret to happiness while arrogance is the basic cause of unhappiness. A romantic person is one who has capacity for truth and integrity and can applaud honor. However, the stimulation of one's approbation and receiving applause from a group will never make anyone happy.

Happiness belongs to the believer who finds wisdom, Metabolized Bible Doctrine which is available for Application to Life. There is no "Gate" or functional area in the [Divine Dynasphere](#) system as a HAPPINESS GATE but there are Wisdom Gates constituted by a combination of Basic and Advanced Christian Modus Operandi of consistent function under the [Grace Apparatus for Perception](#), Operation Z with the 4 Rs. The first thing which is produced in the Modus Operandi of the Divine Dynasphere is Basic or [Foundational Virtue](#) of Humility which leads to [Motivational Virtue](#) directed toward God and [Functional Virtue](#) directed toward man and circumstances in life, all based on the accumulated Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. This is where happiness begins, in the Integrity Envelope of the Divine Dynasphere. ([Ps 144:15](#), [Ps 31:7](#), [John 17:13](#))

No one can make the believer happy except himself when he makes right decisions from a position of strength in the Divine Dynasphere System and thus maintains control of his life having developed a [Personal Sense of Destiny](#). Happiness is completed by Metabolized Bible Doctrine saturating the Right Lobe of the Stream of Consciousness of his Soul. One can be tolerated under the function of Impersonal, Unconditional Love from others directed toward him but this does not bring happiness. One can respond to others in marvelous ways IF he carries his happiness with him. Jesus vigorously responded to the Arrogant Woman who proclaimed that happiness was the result of his being carried in his Mother's womb and fed at her breasts. His response was direct and forceful toward this arrogant woman when he dogmatically said, "Happiness is for those who are consistent in hearing and retaining by metabolizing, Bible Doctrine". Unhappiness cannot ever be blamed on some person or situation which is antagonistic or offensive but ONLY on one's decisions to avoid consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. Therefore, clearly it is the attitude of the individual believer toward Bible Doctrine which is responsible for his Happiness or Unhappiness in Life. Paul clearly stated that he recognized that having abundance in life or having nothing in life was NOT the source of happiness or unhappiness. ([Phil 4:11:13](#)) He taught that the

believer must LEARN to be happy, and if he constantly spends his life in Self Justification he cannot learn anything, thus because he does not LEARN Bible Doctrine, he cannot ever be happy.

Therefore, happiness is not found in material possessions nor fulfillment of goals nor in success in any field of endeavor but it is what constitutes the basis for thinking which gives capacity for Happiness. Believers have a choice to function under the Spiritual Skills from God or under the Arrogance Skills of Satan which are antagonistic to the Protocol Plan of God. It is by this means that believers become either Winner believers making Maturity Adjustment to the Justice of God or Loser Believers retrogressing in the Spiritual Life to a status similar to the unbeliever and then dying a miserable death after living a miserable life. The loser believer's lifestyle is the use of the Arrogance Skills in the application of Arrogance, Emotion and Antagonism, resulting in the stimulation of the lust patterns of the Old Sin Nature motivating the trends of the Old Sin Nature to activate the Areas of Weakness or Strength in the Old Sin Nature for temptations for the production of Sin, Crime or Human Good in one's life. The Winner Believer's lifestyle is the application of the Spiritual Skills derived from maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul resulting in his function within the Divine Dynasphere to produce Divine Good and for the consistent application of Bible Doctrine to his life. Believers, therefore, are bound to be either winners or losers and without regard to which category one ultimately falls into, he is assured that he will NEVER LOSE HIS SALVATION.

### Unhappy People

Arrogant people are inevitably unhappy people because the only happiness they ever experience in life is -H. Obviously then the Arrogance of Unhappiness is one part of the fragmented life resulting directly from involvement in the Interlocking System of Arrogance. The inevitable result of living a LIFE in Cosmic Dynasphere I, the Interlocking System of Arrogance is a guarantee of misery and unhappiness which the believer invariably creates for himself to which the Lord adds the 3 categories of Divine Discipline:

- Warning
- Intensive
- Dying = Sin Unto Death

### Erroneous Ideas as to what constitutes happiness in life

Subjective preoccupation with self as part of entrance into the Cosmic Dynasphere I guarantees that one of the fragments of that believer's life will be the Arrogance of Unhappiness and part of this theorizing results in the disaster of Misery in one's life. The principle always remains that one cannot build happiness based on a moment of time where there has been an experience resulting in some great pleasure. Only sufficient Metabolized Bible Doctrine in the Stream of Consciousness of the Soul can bring any level of happiness to the believer. Only with maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul will the believer have the Capacity for True Happiness and then be able to have happiness in life in any and all situations in life.

No matter what one may achieve in life (Research the Story of the Life of Smedley Butler) when the pin of one's own Arrogance Grenade is pulled it results in fragmenting and destroying all that one may have achieved and in fact one's entire life. Arrogance will destroy all capacity to appreciate what has been achieved in life and also the capacity for happiness, love and life itself. These results are administered by the Cosmic Dynaspheres devised by Satan who is the greatest SUPER GENIUS CREATURE ever created so that he does not have to attack any believer directly. The ironic thing is that whatever pressure the believer perceives he is under he has invariably caused to come to himself. Satan knows believers very well and he receives constant intel about each believer and sits back and laughs at them when they pull the pin on their own Arrogance grenade and VOLUNTARILY enter into function within HIS mechanism of operation. Whenever a believer pulls the pin on his own grenade by entering into the Interlocking System of Arrogance he is deluded, distracted and deceived by a myriad of false concepts especially regarding happiness. In the Christian Way of Life, capacity for Happiness MUST precede the true acquisition or function of happiness and in the Cosmic Dynaspheres the happiness, contentment and mental stability of [Problem Solving Device #9](#), Sharing the Happiness of God, cannot and does not exist.

Therefore, it is difficult at best for those residing outside the Divine Dynasphere to realize that happiness is a condition of the Soul NOT something someone else can do for another, not some form of recognition, achievement or attention where one is gratified. If the believer has happiness in the soul it is only because he has developed advanced virtue in the [Integrity Envelope](#) of the Divine Dynasphere. Self evaluation of this status can be achieved by considering whether one can understand [HUMILITY](#) in any way and if he can see any signs of it in his life. If Bible Doctrine is not first in the life of the believer and is not Priority #1, then there cannot be Motivational Virtue directed toward God and therefore cannot be Functional Virtue directed toward man and circumstances in life. Developing these attributes is what constitutes happiness. The believer without these will change friends, jobs, environment, spouse, everything from time to time and will constantly be looking for something or someone to bring him happiness and will never find it. Happiness in one's soul can only be there because of his consistent residence in the Power System of God, the Divine Dynasphere, and fulfilling the [Priorities of the Spiritual Life](#). Therefore, Happiness is an issue between the Believer and God and the Believer and AUTHORITY and the Believer and his ATTITUDES toward Human Beings. One cannot have happiness by having attitudes toward others where they are considered and treated related to their status as Achievers and NOT as individual PERSONS. In all cases Pseudo Happiness or the Arrogance of Unhappiness results from people having a myriad of types of self gratification and stimulation and not recognizing that these are temporary things which cannot last. ([Prov 3:13-15](#))

### **Unhappiness of The Free Spirit**

The "free spirit" individuals are never truly happy nor are they in any way humble, always being arrogant and preoccupied with themselves, they are proud of being a free spirit and express that nothing ever bothers or gets to them but this is a fallacy because they have TOTALLY FRAGMENTED their own lives. This is the Individual who recognizes freedom without having ANY sense of responsibility under freedom. This is the totally self indulgent

person living in Cosmic Dynasphere I where the more he seeks happiness the more it eludes him ([Eccl 1:12-14](#)) so he is on a NEVER ENDING QUEST for it under his concept of FREEDOM, living in Reversionism under a [Frantic Search for happiness](#). The principle which has eluded this “free spirit” is that ONE CANNOT EVER BE HAPPY BECAUSE HE IS FREE TO DO WHATEVER HE WANTS TO DO. No One is a truly a “free spirit” and everyone invariably is under some authority and as such has responsibilities and is inevitably locked into a system called “ESTABLISHMENT”. Believers are locked into the greatest system or plan ever to exist the Protocol Plan of God and this, as does any system, provides structure and guidance for direction in one’s spiritual life. A person may be free to indulge himself in every whim of his life but this brings frustration and misery to his life because of HIS OWN DECISIONS. (**Song of Solomon, Ecclesiastes, Proverbs of David & Solomon**) Then, for the believer, when God adds Divine Discipline to this, it increased and intensifies that misery. This free spirit individual associates happiness with every form of stimulation, excitement or pleasant environment imaginable but these do not bring PERMANENT Inner Happiness. These are the people in the 60s who were killing themselves slowly with drug abuse and this trend has advanced and accelerated today to a far greater part of the population of this nation.

### **Martyrdom of Unhappiness**

People involved in the Arrogance of Unhappiness develop a [Martyr](#) complex because unhappiness is something carried in the soul and with it there comes a martyr complex as a condition of soul. This complex impacts negatively all those associated with this unhappy one, who will then end up with a guilt complex. The Arrogance of Unhappiness, therefore, strives to make everyone around the unhappy one miserable and also unhappy. If you are a happy person the Arrogance of Unhappiness is designed to give you a [Guilt Complex](#) when you are around someone else who is wallowing in unhappiness. Therefore, the personal Martyr complex + the Guilt complex built up in those around the unhappy one, is the influence of the Arrogance of Unhappiness from the unhappy one directed toward the others in his periphery. Thus the Martyr Complex + the Guilt Complex is the conspiracy to control the environment of others apart from the principles of Freedom.

Reality in the Christian Way of Life is that believers can be happy in prosperity or happy in poverty because happiness is a state of soul. War or Peace makes no difference to a person with happiness in their soul. ([Phil 4:11-13](#)) Unhappy people inevitably become involved with idolizing other people because they are always looking for someone to make them happy and this turns anyone who appears to make them happy into an idol so that by this means they inevitably become involved in [Iconoclastic Arrogance](#). Happiness MUST BE LEARNED and for the believer who remains under Positive Volition toward Bible Doctrine, happiness will be with him in both prosperity and poverty, war or peace, tranquility or adversity, IN ANY SITUATION OR CIRCUMSTANCE OF LIFE.

The ONLY organized part of the Believer’s body is his Old Sin Nature which is part of the degraded Cell Structure of the Body as a result of Adam’s Original Sin. The Trends of the Old Sin Nature encompass Legalism which is [Self Righteous Arrogance](#) and Antinomianism which is [Self Indulgent Arrogance](#) and includes deviations from gossip to fornication to murder. When

involved in a Legalistic Search for Happiness the Believer rejects the true happiness of the [Problem Solving Devices](#) and follows the trends of the Old Sin Nature to Lascivious Lawlessness or Legalism and this can begin with functioning under the 2<sup>nd</sup> Arrogance Skill, [Self Deception](#). Legalism which is a form of pseudo happiness related to the soul which cycles through the [Arrogance Skills](#) from Self Justification to Self Deception, to Self Absorption, to Self Righteous Arrogance, [Crusader Arrogance](#) and any Christian Activism with emphasis on the Arrogance Skills and Interlocking System of Arrogance. This results in functioning under the [Maladaptive Defense Mechanisms](#) of the Denial of Reality and Projection of one's personal flaws onto others. Antinomianism or [Lascivious Lawlessness](#) is pseudo happiness related to the body and the pleasures of the body, with a search for approbation, power, prosperity, social life, social or professional status, etc., none of which are substitutes for [Sharing the Happiness of God](#), Problem Solving Device #9. If the Old Sin Nature trends do not polarize from being involved in Self Deception then the person can have a mixture of both legalism and lasciviousness which often results from his Guilt shifting his pseudo happiness effort emphasis on the soul to emphasis on the body. These people then cycle from soul emphasis and do good liberalism, until they get bored with that, then they shift to the lascivious sins and emphasize the pleasures of the body and continually oscillate between the two.

### **Sublimations & Unhappiness**

In the Arrogance of Unhappiness the believer invariably associates his concepts of happiness under pseudo happiness with a variety of things which result from his sublimation in life and his desiring to possess:

- ✧ Money
- ✧ Fame
- ✧ Success
- ✧ Approbation
- ✧ Pleasure
- ✧ Social Life Acceptance
- ✧ Good Health
- ✧ Sex
- ✧ Friendship
- ✧ Marriage
- ✧ The POWER to control others

The Arrogance of Unhappiness invariably then interlocks with [Unrealistic Expectations Arrogance](#). Few people are loved the way they want to be loved or treated the way they want to be treated. Because of this they develop a frustration within themselves which intensifies their unhappiness. This is the believer who focus' his attention on himself instead of developing and deploying [Problem Solving Device #10](#), Occupation with the Person of The Lord Jesus, The Christ, Advanced Personal Love for God. The reality of Happiness vs Unhappiness is:

- ✧ *The Friendly Church* cannot make one happy, but the believer may attend a Local Church thinking that this "Friendly Church" will bring him happiness. The friendly church CANNOT make one happy because these churches are filled with unhappy

Christians and the more “friendly” these people become the more frustration builds up in them.

- ✧ The Doctrinal Church which consistently teaches expository Bible Doctrine is what can ultimately bring the believer happiness. It is only Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul which can make the believer happy.
- ✧ People cannot make one happy, ONLY Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul can. People constantly go different places to find other different people in order to find happiness in association with other people but this is futility.
- ✧ Sex cannot make one happy since is it only very short lived physical stimulation of the body and only Metabolized Bible Doctrine in the Stream of Consciousness of the Soul can sustain happiness involving personal love and romance.
- ✧ Money or Wealth cannot make one happy since if one loses it his unhappiness will be intensified and again, only Metabolized Bible Doctrine in the Stream of Consciousness of the Soul can bring happiness without regard to finances.
- ✧ Prosperity and Success cannot make one happy, again if one loses it his unhappiness will only be intensified, and only Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul can ever be the source of happiness.
- ✧ Good Health cannot make one happy because it can be LOST very quickly since human beings are very fragile organisms. Only Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul can bring happiness. Healthy people simply have more capacity for the UNHAPPINESS which occurs when they pull the pin on their arrogance grenade. Very often, unhealthy people who handle their Limitations well have LESS capacity for unhappiness even if and when they enter Arrogance thus this is one of the few benefits of being unhealthy.
- ✧ Marriage cannot make one happy since marriage is a problem manufacturing and enhancing system. Only Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul can bring happiness.

### Myths of Marriage & Happiness

*#1 – The myth perpetuated by unhappy married couples is that Marriage is a Panacea and being romantic in youth brings marriage into the place of being a great happiness panacea.* The Older Movies, books and plays all ended with the hero finding his mate and getting married “AND THEY LIVED HAPPILY EVER AFTER”. However in the most realistic OLD MOVIES, the hero rode off into the sunset with his HORSE and left the girl behind. However, the reality is that marriage is a Problem Manufacturing Device and people are no better in marriage than they are as individuals. When a person, who inevitably has some level of pressure or difficulty in his life, marries a woman who inevitably has some level of difficulty also in her life, they increase the pressures and stresses and problems they have by MULTIPLYING them, NOT adding them. Even with people promising to love each other forever they can remain unhappy for the rest of their life because unhappy persons will not and cannot ever cope with marriage. In contemplating marriage one must marry someone who also has Inner Happiness while he has Inner Happiness or both will be miserable the entire time they

are married. This is TRUE COMPATIBILITY. Having Bible Doctrine in the soul is not the only key to happiness in marriage. For the believer ONLY Metabolized Bible Doctrine in the Stream of Consciousness of the Soul can make him happy and this occurs as a result of his developing capacity for life, love, HAPPINESS, and, in addition, capacity for divine blessings all which must occur and function under [Humility \(3 categories\)](#). A man and woman with internal happiness or neutral happiness in the Stream of Consciousness of the Soul will be happy together even if they do not have an emotional love. If one of these is unhappy in the Stream of Consciousness of the Soul they will only survive in their relationship if the dominate one is the happy one. If one imagines that he is the most miserable person on the earth despite being a believer in The Lord Jesus, The Christ, he has a significant problem in his Spiritual Life. Having this kind of problem is an indication of massive levels of garbage loaded into the subconscious with it constantly bleeding into the Stream of Consciousness of the Soul. Having garbage seeping constantly into the Stream of Consciousness of the Soul, he does not want doctrinal solutions because they are God's Solutions but wants the Self Centered Solutions of Arrogance and therefore in christian marriage he does not fulfill the mandate of [Eph 4:31](#). The Believer's who uses his volition to enter into the Interlocking System of Arrogance has a fragmented life and this fragmented believer in a marriage will cause a miserable marriage and 2 fragmented believers will almost instantly destroy a marriage. This believer with a fragmented life who from his own volition has entered Arrogance is a LOSER in life and will be a LOSER in marriage as well. Loser believers are not those who fail in their secular life or Spiritual Life but those who FAIL TO RECOVER from their fragmented life because they fail to use, reject or totally disregard the [Rebound Procedure](#) to recover and thus do not KEEP MOVING ahead in their Spiritual Life. Only consistent function within the Protocol Plan of God with residence in the [Divine Dynasphere](#) can change a loser believer into a winner but first the believer must learn the Plan of God, develop and deploy the [Problem Solving Devices](#), the [Edification Complex of the Soul](#), and maintain his residence in the Divine Dynasphere, and become aware of how the Interlocking System of Arrogance, Cosmic Dynasphere I can be entered into in order to avoid it. Only Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul as Epignosis Bible Doctrine and Sophia Bible Doctrine for application can change the fragmented life into a marvelous life.

*#2 – The Myth that one can solve marital problems by changing spouses or changing their spouse and most people approach problems in marriage by trying to change the other person in the marriage.* It is imperative to always remember that in the Christian Way of Life and specifically in Marriage ONE CAN ONLY CHANGE SELF ONE CANNOT EVER CHANGE ANYONE ELSE ESPECIALLY NOT ONE'S SPOUSE. Any changes produced in one's spouse will make one's life with that person even worse than it already is. Forcing a change in a person results in ruining them as a result of interfering with their volition. Only Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul of a believer can ever make proper permanent changes in a person. The Arrogance of Unhappiness has a dedicated consistent function which attempts to change others to comply with one's own fragmented perspective. The Destroyer of Marriages is therefore not:

- ✧ Money
- ✧ Unfaithfulness

- ✧ Relatives
- ✧ Discovery of Incompatibility
- ✧ Loss of Love or Romance

These are only symptoms and cannot provide a proper diagnosis of the disease which destroys a marriage. These areas each have been the cause of problems in marriages but they are not the true cause of a destroyed marriage. It is the entrance of either or both spouses into ANY ASPECT of Cosmic Dynasphere I the Interlocking System of Arrogance and thereby fragmenting their own life which destroys marriage. The fragmented life inside the Interlocking System of Arrogance cannot have a successful marriage. The believer must KNOW his limitations and avoid [Limitation Arrogance](#), else his spouse will constantly enlighten him concerning them. If one HATES his spouse in marriage he has lost a far greater battle than marriage and already has a totally fragmented life and is on his way to becoming a complete loser believer. The first thing this believer thinks about is DIVORCE which is NOT a solution but an intensification of the problem aspects of his own life. This fragmented believer is the same after divorce that he was before it, still being a fragmented person. Divorce is NOT a solution to problems in marriage just an ESCAPE from the other person and the one seeking divorce is running away from the true problem of fragmenting his own life and the only thing which has changed about this person is his circumstances. Therefore, simply put, marriages fail because believer's are failures as human beings and are living fragmented lives. Believers very often fail in marriage because they get married for the wrong reasons which are very often related to the Arrogance of Unhappiness so that they are constantly trying to get away from:

- ✧ Unhappy Homes
- ✧ Unhappy Environments
- ✧ Unhappy Situations or Conditions in their life

These are believers who make wrong decisions as bad decisions from a position of weakness where the Arrogance of Unhappiness causes one to assume that marriage is a panacea and a Problem Solving Device which it is NOT! It is [VIRTUE](#) which is designed for happiness and happiness in marriage depends on the believer developing [VIRTUE LOVE](#) in 3 categories:

- ✧ Basic Personal Love for God
- ✧ Impersonal – Unconditional Love for Mankind
- ✧ Advanced Personal Love for God as Occupation with the Person of The Lord Jesus, The Christ

These 3 can be developed on the road to recovery from a fragmented life after the use of the [Rebound Procedure](#) and then consistently MOVING AHEAD in the Spiritual Life with consistent Post Salvation Epistemological Rehabilitation. However, these only function optimally when the believer is persistent in his recovery and reaches Maturity Adjustment to the Justice of God.

*#3 – In marriage a strong man can control his household no matter the status of the wife. In marriage a strong man cannot control a weak woman because she lacks [Humility](#) but a strong man can control a STRONG woman because she has humility and Self Esteem and has a recognition of the authority of her husband never feeling threatened. The worst combination in marriage is a weak man with either a strong or weak woman. The AUTHORITY in marriage*

demands a STRONG man for the proper rearing of children in a family because children are neither strong nor weak but are impossible until they are brought into line. It is the Weak woman who wants to run everything and makes everyone uncomfortable until she controls it all while she is completely uncontrollable.

### **Unhappiness & Control**

The Arrogance of Unhappiness is the carnality of the believer who seeks to control others by making them feel **Guilty** for neglecting him. He seeks to dominate, control, or enslave in marriage and an unsuccessful man in life seeks to bully and overcome the spouse and reduce her to his level. As with all arrogant people, they love to control other people and they do so with guilt, **Self Pity**, flattery, etc., and thereby they control their environment without ever lifting a finger in effort. The Arrogance of Unhappiness is therefore that fragment in the Arrogance grenade which seeks to control one's:

- Environment
- Persons in the Environment
  - Family
  - Friends
  - Loved ones
  - Business associates

Thus Unhappiness seeks to control people by 2 mechanisms or processes:

- Guilt for alleged neglect
- Arousal of self pity

Unhappiness seeks to dominate and enslave and control and exercise POWER over one's environment and conditions of life and those in association with him.

### **Principles of the Arrogance of Unhappiness**

Happiness cannot be built on the details of Life which according to Solomon and David include EVERYTHING in one's life outside of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. (**Prov 3:13-15, Prov 1:22**) If one has capacity for happiness derived from maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul ALL the details of life can be wonderful but without that capacity they just create greater misery. Satan himself illustrates completely the Arrogance of Unhappiness and he has more of all these things and rules millions of fallen angels and billions of the Human Race and yet he is totally unhappy, frustrated, bored etc, and totally Miserable in constant FEAR of the ultimate condemnation to the Lake of Fire inevitably waiting for him.

For believers in this life, people and circumstances will constantly work together to take him beyond his spiritual capabilities and into the Cosmic Dynaspheres and without the development of the **10 Problem Solving Devices** and their deployment onto the Forward Line of Troops of the soul along with maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul as a result of having Bible Doctrine as Priority #1 in his life, there is no way to overcome this pressure. No one can be happy functioning beyond his capabilities or capacities by trying to achieve things beyond his ability. Only Arrogance will take one beyond his capabilities or capacities and arrogance always makes one miserable. **Self Absorption** and the many other

aspects of the Arrogance Complex and [Arrogance Skills](#) always result in the believer being divorced from reality and engaging the [Maladaptive Defense Mechanisms](#) (the greatest unreality in life) and thus destroying their own happiness. This believer will react to life when he gets beyond his capabilities or capacities and instead of being involved in happiness he will be miserable.

Arrogance in the soul, the [Motivational Arrogance](#) of [Mental Attitude Arrogance](#) of [Jealousy](#), [Hypersensitivity](#), Subjectivity from [Pride](#), Hatred, [Bitterness](#), Vindictiveness, Implacability all are unhappiness and failure to live within the realm of [Virtue](#), the [Divine Dynasphere](#). Arrogant people are always unhappy people and include the workaholic, the monster who forces those under him to work extended hours in order to get away from someone or something he does not like. However, there are people in life who are dedicated to their work and work long hours but these are humble people. If one has a relationship with an arrogant person and they contend that something or someone can or will make them happy, one could beat himself to death trying to provide for them what they claim will bring happiness and inevitably fail because this is a fabricated myth. These arrogant people will drain the one trying to please them completely and still nothing will ever make them happy. Such people wait for everyone to come to them and cater to them and attempt to make them happy. It is not possible to bring happiness to an arrogant person because happiness is a status of soul and their soul is totally saturated with arrogance. The Arrogance of Unhappiness is the misery of selfcenteredness.

Believers must realize no matter how they die or how they live, from Eternity Past GOD has known all about each of them personally and has never forgotten about them. Every believer will be tempted to engage in [Self Pity](#) and [Self Righteous Arrogance](#) and all the negative things which occur in one's thinking when under the pressure of some sort of personal crisis. The believer can get away with this type of arrogance until disaster or crisis occurs historically or nationally. To function and live properly in this life the believer must eliminate all Self Pity, [Bitterness](#), or anything which tries to make him feel isolated in life. He must establish a spiritual growth status in order to head off all categories of arrogance in the Interlocking System of Arrogance. He can only overcome the Self Righteous Arrogance, which inevitably occurs in disaster, by understanding the FACT that in Eternity Past God was much more aware of the disaster than he is even while he is in it and God most likely even toned it down because He knew there was only so much the believer could take in disaster. The believer must recognize clearly that he is not the first person who has ever been or will be captured by an enemy and imprisoned, or who has lost his legs or sight, or who is in some special disaster in his personal life. God knew all about this aspect of his life and thought about him in Eternity Past and PLANNED for every aspect of his life, both what the believer may think is good in life and what he may think is bad.

The provisions from God under his Grace are the basis of all blessing and thus all happiness for the believer. Happiness or unhappiness certainly does not depend on how one's children turn out, it is the state of one's own soul. If the believer is a basically happy person, circumstance does not change his happiness and therefore cannot ever be an issue. If he is basically an

unhappy person then he is [hypersensitive](#) to circumstances and insensitive to others and this is interlocking of the Arrogance of Unhappiness with the [Arrogance of Inversion](#). Arrogant people always put pressure on their children, wives, dogs, friends, business associates, etc., because unhappiness in the Stream of Consciousness of their Soul becomes cursing by association. People who are unhappy in life will compensate by dominating their environment and enslaving all those associated with them. Once one's soul is saturated with the Word of God every aspect of life will be reflecting happiness which is capacity developed from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Greatness in any person is not who or what is behind or in front of him but what is inside his Stream of Consciousness of the Soul.

### **Prosperity & Unhappiness Arrogance**

CAPACITY for all categories in life is what really counts and this only comes from consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. The Arrogance of [Pride](#) or vanity, because of the accumulation of wealth, prosperity and promotion, destroys capacity for these very things and they become a source of intensified misery rather than one of happiness and blessing. It is very often difficult for the believer to realize that the things he wants and desires in life and which motivate him to study Bible Doctrine are not the source of true happiness but the results of accumulating the source in his Stream of Consciousness of the Soul. The material things are only the accouterments of blessing from the accumulation of Metabolized Bible Doctrine in the Stream of Consciousness of the Soul.

The prosperity of another person should never distract the believer from Bible Doctrine. In addition whether a person is functioning under Evil or Grace, whether he is an advancing winner believer or a reversionistic loser believer, should never be a distraction to the believer just as when someone else has more prosperity than he does. The believer focused on others may classify some as functioning under EVIL because of having great prosperity but this in reality is NONE OF HIS BUSINESS. He may still persist in categorizing these others who have prosperity as Evil especially if they push him by flaunting their status and failing to give him his privacy. The advancing believer must realize that there are always reasons for the prosperity of others and he must never become involved in Mental Attitude Arrogance including Jealousy, Bitterness or Envy each which will pull the arrogance pin and enter him into the Interlocking System of Arrogance and thereby fragment his own life. The only true prosperity in life originates from execution of the Protocol Plan of God and subsequent distribution of one's Escrow Super – Grace Blessings deposited for each believer by GOD in Eternity Past. When these are distributed, upon reaching Maturity Adjustment to the Justice of God, that believer will have contentment plus prosperity which perfectly FITS his life. God does not prosper all believers in the same way and he knows the capacity each believer has for various levels and types of prosperity and knows if he gives certain things these would often make some believers miserable because they lack capacity for them. He only gives to believers things which align with their specific capacity and all the believer must do is stay within the framework of the capacity which God provides and KNOW HIS OWN LIMITATIONS avoiding [Limitation Arrogance](#). The real prosperity of the Protocol Plan of God is related to understanding and using the [10 Problem Solving Devices](#), the [10 Unique Characteristics of the](#)

Church Age AND the 40 Assets provided by God at Salvation Adjustment to the Justice of God. Most individuals, when they have prosperity, are in fact totally miserable but always put on a front of great happiness while inside they are completely miserable very often worrying constantly about whether they will LOSE their prosperity and how it will occur. Without capacity prosperity is meaningless and useless and a source of great irritation and unhappiness but when God provides prosperity aligned with one's capacity developed from consistent Post Salvation Epistemological Rehabilitation it brings fantastic happiness. This is why the New Testament Scripture emphasizes CONTENTMENT with what one has and having nothing but FOOD and CLOTHING should bring complete contentment (1Tim 6:6-8, 2Cor 12:1-10, Heb 13:5) because there is a capacity aligned with that, which is developed from Perception, Cognition, Inculcation and Metabolization of Bible Doctrine, which is fantastic. Therefore Prosperity for the believer and the resultant happiness when present is related to his spiritual assets though there will be other aspects of prosperity as well but all related to his developed capacity from his level of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of his Soul.

### **Happiness, Unhappiness & the Client Nation**

When a client nation has people with Metabolized Bible Doctrine including the Laws of Divine Establishment and the Divine Institution principles in the Stream of Consciousness of their Souls along with honor and Integrity, War does not change them and make them unhappy. (Ps 89:15-17) The Justice of God imputes blessing to the Righteousness of God which is imputed by God to the believer at Salvation Adjustment to the Justice of God, just as much in adversity as in prosperity. Only a system of great Humility can and will bring happiness. Under universal military training the organizational humility of the military will bring enforced humility which will result in genuine humility and will ultimately bring great happiness to the life of the soldier. In a proper setting of education this same process will occur. A nation without universal military training or some other universal system of inculcating discipline and respect for authority cannot be a happy people. Inculcation of discipline results in using one's own volition to pace oneself and to learn to enjoy life and freedom and therefore have great happiness. Happiness is always related to Grace rather than people or things and all Grace BLESSINGS directly from God comes from the Integrity of God through the Justice of God to the Righteousness of God which has been imputed to the believer at Salvation Adjustment to the Justice of God. It is the Mature Believer ONLY who has humility and capacity for blessing and happiness. (Ps 144:15, Ps 31:7, John 17:13+17, 1John 1:4, Prov 3:13, Luke 11:27-28) In the client nation to God, happiness in the nation depends on how the people respond to Absolute Truth found in the Laws of Divine Establishment, the Divine Institutions, the Gospel of The Lord Jesus, The Christ, and the entire realm of Bible Doctrine.

### **Bible Doctrine, Disaster & Unhappiness**

Those who live in and go through the Arrogance of Unhappiness having entered the Interlocking System of Arrogance never survive disaster. They have no built in inner resources from Bible Doctrine to support them under this pressure. The Interlocking System of Arrogance will even cause mature believers to often be preoccupied with disaster and as a result be distracted from the Plan of God for their life. Circumstances of history do not change the Plan

of God and [Logistical Grace](#) continually functions to all believers just as well in national adversity as it does in national prosperity. Preoccupation with disaster drags the person into the Interlocking System of Arrogance with the resultant fear and intimidation by life, along with Selfcenteredness, [Self Pity](#) and [Self Righteousness](#) which results in a distortion of the facts of history. The believer must not ever be preoccupied with disaster but view it from the light of Bible Doctrine. Preoccupation with disaster will inevitably ignore the Plan of God rationale and therefore cause him to fail in the use of the [Faith Rest Drill \(5 stages\)](#).

The Believer has a magnificent conciliation and encouragement from Metabolized Bible Doctrine knowing that in times of maximum Evil and degeneracy God preserves the believer whether Jew or gentile. Being in an advanced state of apostasy and degeneracy from Evil, in the United States of America today, it is imperative that the believer understand that no matter how bad things may become in this nation the Plan of God for each member of the Royal Family of God moves right on. Historical disaster DOES NOT in any way imply that the Plan of God is canceled and that until 'better times' come along no one will advance to Maturity Adjustment to the Justice of God. Some of the greatest advances to Spiritual Maturity are accelerated by disaster and in the status of Maturity Adjustment to the Justice of God there are 5 categories of Escrow Super-Grace blessing imputed directly to these believers. Not only is the Mature believer in the Plan of God, whether Jew or gentile, under [Logistical Grace](#), he is also under the principle of [Super – Grace](#) blessing whether in time of prosperity or disaster. The incredible fact and motivation for the believer in these trying times is that 2 of the categories of his Escrow blessings provide for those in his periphery with Blessing by Association and Historical Impact blessings. Daniel is a prime example of blessing in disaster. Therefore, times of defection and declension have never hindered the Plan of God for the believer with Positive Volition toward Bible Doctrine. It is only the believer with Negative Volition who peels off and enters the 8 stages of apostasy in [Reversionism](#). Neither Historical or Natural Disaster can hinder the momentum of any believer who is under persistent Positive Volition toward Bible Doctrine.

### **[The Basis for True Happiness](#)**

The real shock should be that GOD **commands** the believer to be happy ([Phil 4:4](#)) and God never gives the believer a command that the believer cannot fulfill or follow. However, this is not to be construed as it can be an instantaneously executed command for the believer fulfilled instantly at Salvation Adjustment to the Justice of God. To fulfill this command requires persistence in Post Salvation Epistemological Rehabilitation from Perception, Cognition, Incultation, Metabolization and Application of Bible Doctrine. Therefore, TRUE HAPPINESS is confined to and can only exist within the Plan of God and mankind can only enter the Plan of God ONLY by making Salvation Adjustment to the Justice of God through personal FAITH alone in the Substitutionary Spiritual Death of The Lord Jesus the Christ alone. So the reality is that at the point of Salvation ONLY the possibility or potential for Inner Happiness exists for the believer and there is NEVER INSTANT OR AUTOMATIC HAPPINESS by exercising faith in The Lord Jesus the Christ. The fact is that the ONLY way to acquire any Inner Happiness is to begin, as quickly as possible, the construction of the Edification Complex of the Soul and the only way to construct the Edification Complex of the Soul is through consistent function under

the [Grace Apparatus for Perception](#). ([John 17:17](#))

Within the Grace Plan of God, He has designed Phase II Happiness for the believer to be permanent, stabilized and sustaining in the most difficult circumstances in life because it is based on Metabolized Bible Doctrine and construction of the Edification Complex of the Soul, the Problem Solving Devices, and residing in the Divine Dynasphere. ([1John 1:4](#)) The terminology used in Scripture for Inner Happiness is almost always “blessed” and should be translated “Happinesses” because there are 2 primary sources for it:

- ✧ the Filling of God the Holy Spirit ([Gal 5:22](#))
- ✧ the Edification Complex of the Soul ([John 17:13](#))

The accumulation of (gr) Epignosis knowledge is the Metabolized Bible Doctrine which results in construction of the Edification Complex of the Soul, the Problem Solving Devices, and under consistent Positive Volition constant residence in the Divine Dynasphere which produces PERMANENT Inner Happiness.

No one can be under the Filling of God the Holy Spirit constantly thus this is a temporary source while the Grace Apparatus for Perception building the Edification Complex of the Soul under Positive Volition toward Bible Doctrine results in a permanent structure and permanent Inner Happiness. This Inner Happiness inevitably leads the believer through application of Metabolized Bible Doctrine directly into OVERT Happinesses and this also is double Happinesses. ([Ps 119](#), [Ps 130](#), [Jer 15:16](#), [Matt 4:4](#), [Eph 4:23-24](#))

Inner Happiness interlocks directly with Capacity for Love as:

- ✧ Category I – Love for God as application of maximum Metabolized Bible Doctrine.
- ✧ Category II – Romantic Love toward ONE Right Man or Right Woman as application of Metabolized Bible Doctrine but it requires stabilization from Impersonal Unconditional Love for Mankind as a functional virtue.
- ✧ Category III – Friendship toward any others from application of Metabolized Bible Doctrine and also stabilized by Impersonal Unconditional Love for Mankind as a Functional Virtue.

Without the completion of the Edification Complex of the Soul the individual has little if any capacity for these categories of Love. Therefore, ultimately all happiness for the believer is based on his Attitude toward Bible Doctrine. Thus there must be consistent accumulation of Metabolized Bible Doctrine into the Right Lobe of the Stream of Consciousness of the Soul ([Jer 15:16](#), [John 13:17](#), [1John 1:4](#)) Under the Law of Happiness from God, regardless of the failure of any generation of believers concerning acquiring Inner Happiness as Sharing the Happiness of God it is always available to every believer in every generation. ([John 17:13](#))

Those who expect people to make them happy can never be happy. Those who demand that people make them happy are incapable of being happy. People often go to church to be happy but this certainly cannot make you happy. Happiness must reside in one's soul based on the level of Metabolized Bible Doctrine in the Stream of Consciousness of his Soul and only he can decide, from his own volition, for or against Bible Doctrine. The believer must inculcate Bible Doctrine until he has built up his [Edification Complex of the Soul](#) to the point of Spiritual Maturity and then he will have in the soul the [Super – Grace](#) blessings of Maturity Adjustment

to the Justice of God, which include building up a high level of [Sharing the Happiness of God](#). Sharing the Happiness of God is the only means of being truly happy in this life. It is the ABSOLUTE TRUTH of the word of God in one's soul which puts power into the soul of the believer and this is what makes him happy. There can be an overt expression of this happiness in relationships if there is Metabolized Bible Doctrine in the Stream of Consciousness of the Soul which gives capacity to express happiness. Therefore, happiness is ONLY from the content of what is in the Stream of Consciousness of the Soul.

### [Gate #23 – The Arrogance of Regret](#)

Regret is something believers seem to be really consumed with. The Arrogance of Regret becomes remorse when the Sin Nature interacts with it destroying effective Adjustment to the Justice of God and [Genuine and Enforced Humility](#). The arrogance of Regret produces [Guilt](#), characterized by remorse, depression and deepening disorientation to reality and life. Regret as arrogance destroys [Rebound Adjustment to the Justice of God](#) even for the believer who has reached [Maturity Adjustment to the Justice of God](#). Guilt is fueled by Regret, and guilt is [Mental Attitude Arrogance](#) and a [Mental Attitude Sin](#) reaction to the Arrogance of Regret. Remorse as a characteristic of Regret Arrogance is also a Mental Attitude Sin which also moves the believer into perpetuated carnality. ([Psalm 77](#))

When a believer is absorbed in [Divine Viewpoint](#) thinking and is under pressure and recognizes his failures of the past, he, when seeking God's hearing and rule over his enduring search for the divine solution does not include [Emotional Human Viewpoint](#). There should not ever be any Regret for the believer in God's plan nor in God's solutions as he must understand he is where he is because the Plan of God has placed him there. Regret is a human Emotion from the Interlocking System of Arrogance and when deeply involved the Interlocking System of Antagonistic Emotional Hatred. All absolutes are covered by the Grace provisions of God, so that one can learn the absolutes, attain the objectives of Maturity Adjustment to the Justice of God including [Occupation with the Person of The Lord Jesus, The Christ](#), and produce Maximum Glorification of God, then stand at the judgment seat of Christ as a winner with no Regrets. When God forgives failure or sin according to [1 John 1:9](#), HE FORGETS THE ENTIRE MATTER. Regret becomes arrogance and preoccupation with self that causes the believer to fail with regard to his confidence and in his application under the [Spiritual Skills](#). Regret is a precursor to and initiator of guilt therefore it is not in any way related to [Grace Orientation](#). Regret has no place in prayer and destroys a [Personal Sense of Destiny](#), Problem Solving Device #6. A personal sense of destiny is not distracted by past failures, but motivates the believer to consistently use the [Rebound Procedure](#) and keep moving ahead in the Spiritual Life so that the [Faith Rest Drill \(5 stages\)](#) takes on new meaning. If one is still alive after failures or pressure from adversity or disaster, he is in the plan of God and must *always look forward and move ahead, ADVANCE, and continue his spiritual momentum*. The advancing believer must never look back at life with Regret since when this occurs one's eyes are on circumstances, things,

people, or self and the spiritual life is stalled and orientation to Grace is destroyed. The point is that the Grace of God is what keeps the believer alive and provides all things for him in this life so what is there to Regret? The weeping believer expresses the Regret of wrong thinking and the failure to orient to Grace and this results in the inability to develop a [Personal Sense of Destiny](#) and thus total disorientation to life and history. Disorientation to history means distraction from the real spiritual life. This was the problem with Israel during the Assyrian crisis and applies just as much to their Babylonian crisis. It also applies to the National crisis of failure for a Client Nation like the United States. ([Is 33:6-7](#)) Ambassadors of peace, State Department Fools saturated with human viewpoint always weep bitterly in national crises and the believer without Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul which results in a total lack of wisdom from Bible Doctrine applied to experience, always weeps bitterly with Regret. God's knowledge is not subject to development, reasoning, regretting, foreboding, or depression. God knew all about each and every believer's crises in life from Eternity Past and provided for them. THE ADVANCING BELIEVER MUST KNOW THIS! ([Prov 13:16-17](#)).

History is a very short time compared to eternity and the believer's time on earth is a drop in the ocean compared to eternity. Those who place other things in life above Bible Doctrine have a false scale of values and are failing to take [Advantage](#) of all the equal privilege and opportunity God has provided for them in time in order to be able to advance to [Maturity Adjustment to the Justice of God](#). All those "other things" which are so interesting and important will become so very meaningless when one looks back on them from eternity. The Latin phrase, SIC TRANSIT GLORIA MUNDE, "The glory of this world passes away" should bring to each believer a reflection concerning what one thinks about the THINGS which are important in this life. In eternity the believer will realize that the things he considered important in life were not important at all and he will be amazed that God supported him throughout his life while having such meaningless false standards. ([Lam 3:15-](#)) Although the believer cannot lose his salvation, if he has rejected consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine and has stalled his spiritual advance to Maturity Adjustment to the Justice of God, he is a LOSER. A part of the agony of the [Sin unto Death](#) for those in the final stages of [Reversionism](#) is to realize that they have had an opportunity to make his life count in a fantastic way but instead, chose to follow the plan of Satan during their life on this earth.

The importance of mature Church Age believers glorifying God by achieving a tactical victory cannot be overemphasized. The suffering the mature believer endures under the Bravo Grace transition from [Maturity Adjustment to the Justice of God](#) through the "no man's land" of [Intermediate Maturity Adjustment to the Justice of God](#) while moving toward [Advanced Maturity Adjustment to the Justice of God](#) and the [Evidence Testing](#) of this mature status is a major factor in breaking the back of Satan. There are 2 things which break the back of Satan in this Angelic Conflict. The strategic victory as a result of the Substitutionary Spiritual Death of The Lord Jesus, The Christ on the Cross and the tactical victory of those believers who advance to Maturity Adjustment to the Justice of God and receive their Escrow Super – Grace blessing package in time. As a part of Maturity Adjustment to the Justice of God [Occupation](#)

[with the Person of Christ](#) never has one second of [Bitterness](#) or Regret. In his function under Occupation with Christ the believer will sometimes laugh and sometimes cry; sometimes his heart will be filled with sorrow, and sometimes with joy. Occupation with Christ demands that he go on living when those closest to him have been taken home to the Lord. Regret is Arrogance and [Emotional](#) sinning combined and interacting within the Interlocking System of Arrogance through [Guilt](#) and the whole realm of [Mental Attitude Arrogance](#). Wrong Emotion in weak believers is demonstrated by their allegation that emotional activity such as remorse or Regret has something to do with being saved or being forgiven for sin. Wrong emotion is the erroneous premise in the distortion of the [Rebound Procedure](#) which inserts emotion like "godly sorrow", penitence, distress, Regret, remorse, etc. Believers in Corinth added [Unrealistic Expectation](#) to [Role Model Arrogance](#), followed by the [Feet of Clay Syndrome](#) and [Iconoclastic Arrogance](#) regarding Paul. Their erroneous premise was that the function using the Rebound Procedure was related to their emotions. Carnality IS perpetuated when anything, especially emotion, is added to a divine solution. As a result of this occurring when using the [Rebound Procedure](#), no forgiveness is possible, perpetual carnality persists, resulting in incompetent problem solving. ([2 Cor 7:8-10](#))

Regret therefore is ignorance of Rebound Grace. God is always faithful and forgives any believer who calls up the court case of judgment for all sin and names his sin personally to Him. God never fails to forgive, even if that sin has to be named a thousand times and every 15 seconds. His righteousness is never compromised by forgiving and purifying the believer, that is the result of the blessing and benefit of the Substitutionary Spiritual Death of The Lord Jesus, The Christ on the cross. God not only forgives known sins which are acknowledged, but also purifies from all forgotten and unknown sins or "wrongdoing". Failure to use the Rebound Procedure and failure in [Grace Orientation](#) results in perpetual carnality which when uncorrected leads to the believer being face to face with sin and as a result removed from this life as a loser. Anguish or "being distressed as God would have it" is the law of volitional responsibility reminding the believer that "whatever a person sows that will he also reap" along with divine discipline. Therefore, Regret and / or Remorse cannot and must not be a part of the Rebound function. The true premise of Rebound is a change in one's thinking and has nothing to do with emotion. In fact the reality in the Plan of God is that Emotion never has anything to do with any divine solution for any problem. In addition this premise of Rebound also includes deliverance and that concept which is based completely on GRACE is totally devoid of emotion. Thinking and deliverance devoid of emotion adds up to the (gr) HOMOLOGEO of [1John 1:9](#) which means to name, cite, acknowledge one's sins to God, agreeing with God that his judgment of them was complete in Christ, devoid of emotion, like as a witness in courtroom testimony. When sins are simply named to God without adding any emotion or Regret as a part of an erroneous premise, then God forgives and purifies even of sin not remembered or not understood. Emotion, as a system of human effort works, in Rebound compromises God's righteousness. How one feels about sins is not important to God and it is only how God's considers one's sins that is important. All sins were judged and the penalties paid for them on the cross by The Lord Jesus, The Christ. Sin, not being part of the Plan of God and most likely not part of the Plan of Satan, could not NOT EVER be an issue in the Angelic Conflict Appeal Trial under the system God allows, therefore The Lord Jesus, The Christ

was required to become man and go to the cross to be judged for all sin to remove sin as an issue in the resolution of the Angelic Conflict Appeal. However, Sin is an issue in one's Spiritual Life since it removes him from the Grace Plan of God for his life either temporarily or permanently. Therefore, God has excluded emotional Regret as the solution to the problem of sin. No one ever maintains the status of spiritual adulthood when wrong emotion of any kind becomes part of a divine solution and NO believer ever functions properly under his Royal Ambassadorship and represents the Lord Jesus Christ through EMOTION.

Instead of remorse and Regret, the believer must have maximum Grace Orientation to life; maximum dependence upon the Grace policy of God, therefore total elimination of human dynamics as part of the spiritual life. There must be maximum utilization of the [Unique Features](#) of the great power experiment of the Church Age. With [Divine Viewpoint](#), [Bible Doctrine Orientation](#), Grace Orientation, leading to [Occupation with the Person of The Lord Jesus, The Christ](#), the Believer can successfully and contentedly live within his human [Limitations](#) in life. This allows living within the limitations of one's environment without embarrassment, Regret, [Inordinate Ambition](#), or inordinate competition. As a result the believer can have a dynamic spiritual life even without having a dynamic personality and still glorify God in every circumstance. Therefore, this is arrival at a complete niche orientation, at the point where one can say that the Grace Plan of God has been executed in his life. By avoiding the Arrogance of Regret or remorse the believer can extract the maximum benefit from the blessings of cognitive invincibility. This results in mental stability, orientation to reality, and incomparable Grace Orientation to life, which includes Grace thinking from the absolute truth of Bible doctrine and the resultant subsequent Grace motivation, Grace decisions, and Grace actions. Therefore, the believer has maximum control of his life through the function of the [Problem Solving Devices](#) developed and deployed in [Spiritual Adulthood](#).

The believer in The Lord Jesus, The Christ, when under Negative Volition toward Bible Doctrine, loses a true spiritual Scale of Values. He is not ever the product of his environment, but only of his own VOLITION. When one leans on environment for solutions, he create stress in the soul. He cannot ever blame environment for his own bad decisions as a result of using his volition in a wrong way. The believer must live his spiritual life by creating spiritual values, spiritual norms and standards, and a spiritual Frame of Reference by learning and applying Bible doctrine to every contingency in life. Those who do this are living their life in the light of eternity and will have no Regrets when they die. The believer can have a spiritual life beyond (gr) gnosis, simple knowledge, and a life beyond his imagination or dreams. As a part of this spiritual life, God provided [10 Problem Solving Devices](#) so believers can handle all of life's problems day by day without any Regret, however these must be DEVELOPED from Metabolized Bible Doctrine and then deployed onto the [Forward Line of Troops](#) of the soul to create a spiritual defense line. Without salvation, eternal life, Bible Doctrine in the soul, the Problem Solving Devices from God and the potential for execution of the Plan of God, unbelievers will suffer Regret for all eternity. And believers failing to execute any level of the spiritual life will have LOSS of REWARD and temporary acknowledgment and awareness of lost opportunity at the Judgment Seat of Jesus Christ. If a believer in The Lord Jesus, The Christ, lives only by [Shame](#) and Regret in time, he will have complete loss of reward for eternity. For

the believer, time is the opportunity to glorify God, and to demonstrate to all angelic creation the greatness of God's Wisdom, Love, Justice and Righteousness all working together. For the unbeliever, memory has Regrets beyond death. ([Luke 16:25](#)).

In the word of God there is no neutral concept of expectation. The believer's expectation is either good or bad. If it is nothing, he is in serious trouble as a believer. Good expectation originates from Metabolized Bible Doctrine circulating in the stream of consciousness. Bad expectation is the result of [Emotional Revolt of the Soul](#), [Locked in Negative Volition](#), [Blackout of the Soul](#), and [Scar Tissue of the Soul](#) allowing the Old Sin Nature through Reversionism to maintain stringent control of the soul. There is nothing more awful, as a part of suffering in life, than to look at one's life at the point of dying and have nothing but Regrets. The believer cannot and must not in the Spiritual Life ever try to move forward by looking backward at failures. ([Lam 3:19-21](#), [Phil 3:13](#)) When one advances or is going forward in the Spiritual Life he does so on God's agenda but if he is looking backward on his life then he will move backward in his Spiritual Life on his own agenda which includes consistent function under the [Arrogance Skills](#) of self-justification, lying to self in self-deception, and complete self-absorption. This becomes the base of operation for his miserable life.

The invisible hero who has reached Maturity Adjustment to the Justice of God dies with absolutely no Regrets ([2Tim 4:6-8](#)) having regularly used the Rebound Procedure and therefore has nothing to regret at the Judgment Seat of Jesus Christ. Regret leading to the [Emotional Arrogance](#) of Guilt is the irrationality of a believer feeling guilty about the things he has done in the past over which he no longer has any control. [Guilt](#) is failure to recognize the right perspective that all personal sins and failures were judged in Christ and paid for by his Substitutionary Spiritual Death on the cross and therefore **THEY ARE NOT EVER AN ISSUE**. The right perspective is that the believer is to acknowledge or name those sins to God the Father thus taking RESPONSIBILITY them to receive forgiveness in order to maintain his Statue Quo in the Spiritual Life. In effect this is a recognition by the believer, at every failure he may engage in, that the GRACE of God is the only reason he is still on this earth.

In effect by rejecting Regret the believer prevents and rejects The Arrogance of Emotion in GUILT. Emotional Regret is totally self-centered, therefore, for this believer Emotion has no strength and is relegated to its designed position as a responder to proper thought. There will not be an Old Sin Nature in heaven nor at the Judgment Seat of Christ. Thus the believer who advances in his Spiritual Life will come to the end of his life with no Regrets. ([James 1:25](#)) All believers, at the point of physical death, when the soul and spirit leave the body and they are instantly face to face with the Lord ([Psalm 23:6](#)), are in the "interim state", a time when no distinction is made between winners and losers. The scripture declares that there is an interim body and in this interim state, there is no [Unhappiness](#), no Regrets, no [Shame](#), no sorrow, tears nor death, even if the believer is a loser believer having no stored up eternal reward. The believer in The Lord Jesus, The Christ, must never allow the arrogance of Regret to possess his thinking especially when using the Rebound Procedure of [1John 1:9](#) and he must constantly reject Regret. The Arrogance of Regret interacting with the Old Sin Nature produces disorientation, disillusionment, depression and more, destroying any spiritual advance.

### **Gate #24 – The Arrogance of Discouragement**

The Arrogance of Discouragement occurs when the believer is under great pressure in life and lacks solutions. This may also occur for the advanced believer when he sees clearly the problems of life as in national disasters, knows the solutions, but has no means of administering those solutions. The presence of unexpected adversity or unexplained disaster in the life often tempts and drives the believer into state of [Self Pity](#) and the preoccupation with self known as Discouragement. This is Arrogant Discouragement, and is a distraction to consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine and leads to destruction of spiritual momentum. Very often the death of a loved one, loss of wealth, position or fame, unjust treatment or criticism, being misunderstood or maligned leads to this arrogance. This is the intensification of self pity arrogance. ([1Kings 19:10](#), [Matt 26:58](#)) Disaster or adversity without Metabolized Bible Doctrine in the Stream of Consciousness of the Soul makes the believer susceptible to this arrogance. It results when Adversity occurs for the believer who lacks the Momentum of [Gate #5](#) of the Divine Dynasphere, consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine. The Arrogance of Discouragement is depression from interlocking in Motivational Arrogance within Cosmic Dynasphere I, the Interlocking System of Arrogance. For this believer there are good days and bad days in the Cosmic Dynaspheres and as a result there is instability in vacillating between these which then can lead to [Emotional Revolt of the Soul](#) and the Depression of Discouragement Arrogance.

### **Gate #25 – The Arrogance of Disenchantment / Disillusionment**

Arrogance of Disillusion & Disenchantment is Subjective Preoccupation with Others, a wrong view of human beings. When the believer learns to regard all human beings as individual persons, he will not be Disillusioned by those he admires, loves or with whom he has rapport if they fail in some way. No believer can afford to be disappointed with people because this is [Motivational Arrogance](#) leading to deep entanglement in the Interlocking System of Arrogance. When the believer LEARNS the FUNCTIONAL VIRTUE of [Impersonal Unconditional Love for Mankind](#) from Metabolized Bible Doctrine he will then become a magnificent lover of people with great friendships and he will never be caused to be disoriented by his attitude toward others. Disenchantment or Disillusion is, therefore, an extension of or interlocking with [Iconoclastic Arrogance](#). The arrogant reaction of Disillusionment and Disenchantment interlocks with the Motivational Arrogance of Mental Attitude Arrogance engaging then in the [Functional Arrogance](#) under Evil of [Revenge Modus Operandi](#). Thus, as in Iconoclastic Arrogance, the illusion created by Arrogance must be destroyed by Arrogance. Generally, Arrogance is basic divorcement or disassociation from reality. Disenchantment Arrogance begins with

preoccupation with an object of admiration or attraction and terminates with preoccupation with self as a result of frustration, Disillusionment or Disenchantment with the object or image of one's own admiration, thus is closely interlocked with Iconoclastic and [Role Model Arrogance](#). This category of Arrogance may result in short or prolonged subjectivity but it can cause the believer to slip very easily into insanity. This insanity is blaming the object of one's admiration for what he himself has done. This is a recycling of his subjectivity. Recycling subjectivity is a spin cycle which is very difficult to recover from because the transfer of blame to the object of one's admiration assuages his Arrogance. As a result the Arrogant person never blames self for his own Arrogance but transfers the blame to others. This category of Arrogance creates a [Personal Opinion](#) or the idea of a set of standards for perfection which are then transferred to another but which they cannot ever measure up to it. As a result this Arrogance results in Disillusion and Disenchantment with them. This Arrogance in Disillusion blames the other person for not fulfilling the standards which his own Arrogance has created. In this category of Arrogance the object of one's admiration is actually innocent whether they have become sinful or not, while the Arrogant one is guilty of the most heinous form of subjectivity. The reality is that the object of admiration does not create himself as an object of admiration for anyone.

The warning, "Cursed is the man who puts his trust in man and makes flesh his arm" means that Arrogant individuals inevitably find someone to admire and respect just like they find those to hate or revile. This admiration and respect for selected people, as a normal thing in life, becomes abnormal when linked into the Arrogance of Disillusion and Disenchantment. When a believer becomes Disenchanted with another believer, ie. a husband becomes Disenchanted with his wife or the wife with her husband, or either with their BOSS or their Preacher, or Doctor or any other people whom they have contact with; this same Arrogance which built up the idolizing or enchantment, now tears it down and SEEKS to destroy that Idol. This arrogant reaction of Disillusionment and Disenchantment as Motivational Arrogance or Motivational Degeneracy from Evil, then drives the individual into the Functional Arrogance or Functional Degeneracy of Revenge Motivation and the Modus Operandi of Iconoclasm. This drives the individual into a stronger preoccupation with self. Arrogant subjective believers in their preoccupation with self IGNORE reality especially that of the Old Sin Nature and universal depravity of man. As believers they particularly IGNORE the mandates of the [Power System of God](#). The believer is never told to engage in the Motivational Arrogance of Mental Attitude Arrogance and Mental Attitude Sins yet all these things fragment one's life because from one's own mentality and emotion he creates an Idol and then reacts to some perceived failure of it and attempts to destroy it. This is the obvious interlocking of the Motivational Arrogance of Disillusionment or Disenchantment Arrogance with Functional Arrogance of Iconoclastic Arrogance. This is the basis for "Hell has no fury like a woman scorned" but it should be "Hell has no fury like an arrogant human being scorned". Arrogance often fantasizes love, romance and friendship into the unreality of an image of perfection which cannot and does not exist. Therefore disappointment with a friend, loved one, boss, management, government, labor, officers, coaches, professors, Pastor Teachers, can be NORMAL; but when this builds into Disenchantment and Disillusion of a self manufactured idol created from one's own Arrogance and subjectivity and then results in greater preoccupation with self, IT BECOMES TOTALLY

ABNORMAL. The principle is that inevitably, the Illusion created by Arrogance is ILLUSION destroyed by Arrogance.

No one can be Disenchanted with a human being or group or organization without Arrogance. If one treats all human beings as individual persons then he is in God's System and will avoid this type of Disillusion Arrogance. Human beings cannot be treated in admiration like perfect idols nor obnoxious objects of hatred but they must be treated as individual persons. This only can occur with the development of 3 categories of Virtue in the [Divine Dynasphere](#). Disenchantment with a person or organization does not ever reflect the failure of the object of that Disenchantment, which may in fact actually have failed, sinned or disappointed in some way or may be innocent and have done nothing wrong, but it reflects the failure and Arrogance of the one who is [Hypersensitive](#) in Arrogance. Disenchantment reflects the Failure of the SUBJECT who is LIVING in Cosmic Dynasphere I the Interlocking System of Arrogance and functioning in total abnormality, subjectivity and Arrogance, NOT the Object. Disillusion is Arrogance, hypocrisy and absolute sloppy thinking in one creating and then despising what has been created and then trying to destroy it. It is the hypocrisy of transferring the blame for one's own aberrant emotional distortions of soul, to another. It is by this means that the Disillusioned or Disenchanted one becomes the iconoclast but has in fact destroyed self as a person by making his own inner thoughts a destructive force in his periphery. This is also the [Self Righteous Arrogance](#) and [Legalistic Arrogance](#) of assuming that someone else is perfect and then seeing what is considered imperfection in them and trying to destroy it or them because of it.

It is the quintessence of Self Righteous Arrogance to make a pronouncement on another, regarding their having feet of clay, when the pronouncement itself is a demonstration of an entire body of clay in the accuser. The believer must beware of the person who makes pronouncements about another's failings for this is a person who has idolized another, reacted to them and become Disillusioned by them and is now involved in personal recycling of a subjectivity which is expressed verbally to now destroy their idol. They are advertising that this other one has feet of clay while their whole body is made of clay. It takes Arrogance to create an image and then turn around and destroy the image in a reaction of Disillusionment. Preoccupation with self leads to such great admiration of one's own Personal Opinion that contradiction from one's own created object of admiration turns admiration into hatred, love into [Bitterness](#), respect into maligning which therefore becomes the Feet of Clay witch hunt. No one is perfect, all people fail and all constantly sin. The failure of others is usually unknown unless one happens to be personally involved in it. Therefore, the stupidity of the idea of setting oneself above another follows the principle of "let he who has no sin cast the first stone" ([John 8:7](#)).

Disillusion Arrogance rejects the Bible Doctrine related to the imputation of Adam's Original Sin at physical birth and of the existence of the Genetic Old Sin Nature in all humans, with the exception of The Lord Jesus, The Christ of course. It is rejection of all classifications of personal sin in oneself while over emphasizing these in others, and rejecting that Sin, as the result of every person having an Old Sin Nature, was ALL judged and paid for in the humanity

of The Lord Jesus the Christ on the cross. This is the Arrogance of assuming the prerogatives of God by assigning lofty and vain attributes to self while Arrogantly condemning former objects of admiration. The condemnation takes a very Self Righteous form assuming that one has discovered the object of his admiration's failings and their character flaws, he not having such failings. This assumption assigns perfection to self, recycling subjectivity in his thinking, and flaws to those who do not measure up to his illusions of perfection. Whenever one is pointing out the feet of clay of another he is implying a superior perfection in himself. This Arrogance is the illusion of assuming that anyone is or can be perfect so that when Disillusion and Disenchantment follow, it seeks to react to, belittle, malign and destroy the image which the Arrogance has created.

### **The Feet of Clay Syndrome**

This is the Arrogance of rearranging the doctrine of [Hamartiology](#) (Sin) to suit one's own convenience in life and to transfer to the object of one's admiration, blame for one's own subjective Arrogance and frustration. It is Arrogant to be idolatrous about people, but it is just as Arrogant to be Iconoclastic and destroy idols one has personally constructed from people. Admiration is normal but making an object of one's admiration into an idol of assumed perfection and then reacting with Disenchantment when they fail to live up to perfection is abnormal, sinful and totally motivated by Evil and also extremely self destructive. One may find the flaws of the object of his admiration, the feet of clay, but in finding them he is destroying himself. The self destructive process overflows into Disillusion, Disenchantment and Iconoclastic Arrogance as the feet of clay emerge. To admire, love, honor, respect, revere, adore, esteem, approve, applaud others is a normal function under [Humility](#) and objectivity. Only Arrogance takes these normal functions and converts them into the construction and then destruction of self created idols. God is to be worshiped being perfect while people are to be loved, honored, admired, appreciated and approved even with all their failures. People can be and are to be admired despite their Old Sin Nature and failures and this is normal in life. What is abnormal is to transfer the worship of perfect God to the worship of imperfect man and to then become Disillusioned and Disenchanted with them and attempt to destroy them. The believer who is humble will never be Disenchanted with God. The believer who is humble will never be Disillusioned or Disenchanted with people because this is Arrogance which is the antithesis of humility. It is normal to be DISAPPOINTED with people but Disillusion or Disenchantment as an Arrogant reaction to an object of admiration which has been worshiped is abnormal and sinful and, in fact, this is the way Lucifer himself sinned. The feet of clay syndrome is Arrogant frustration assigning the broken object of your admiration to the lowest hell of Disenchantment. In recycling subjectivity the believer, in Arrogance, is doing all of it when He:

- ✧ Creates the object of his admiration
- ✧ Assigns perfection to it
- ✧ Reacts to it with Disillusion or Disenchantment
- ✧ Works to destroy it through Iconoclasm

The Believer doing this is the Arrogant one and the Failure, not the one whose feet of clay he has discovered and now seeks to destroy. Man who is not perfect cannot create perfection, yet this Arrogance of Disillusion and Disenchantment, Role Model Arrogance and Iconoclasm are

combined efforts in presuming to do so. Metabolized Bible Doctrine in the Stream of Consciousness of the Soul produces the humility of admiration, love, honor, respect, reverence, adoration, esteem, approval, etc., and such humility is both objective and [Flexible](#). Therefore humility never assigns perfection and never reacts to imperfection and humility loves, admires, respects, honors, esteems, etc., and this therefore stabilizes human relationships. Only Arrogant thinking can produce Disillusion, Disenchantment and Iconoclasm.

### **Disorientation to Life**

It should be emphasized that the [Arrogance of Unhappiness](#) always interlocks with the Arrogance of Disillusion and when they interlock they always produce disorientation to life. The basically unhappy person is most vulnerable to the Arrogance of Disillusion. Generally happy people are objective and flexible allowing them to distinguish between love and presumed perfection and they can also distinguish between admiration, respect, esteem, adoration and presumed perfection and only the people disoriented to life cannot make this distinction. Believers, as a result of understanding the Love of God and the Dynamics of Love in the Spiritual Life, often find that they still have glitches in their Modus Vivendi which involve the intrusion of Arrogance. They often want others to love them and dance to their tune and if they don't these believers become critical, moody, self centered, even distorting Bible Doctrine in order to condemn them. The believer will do this to the point of losing his momentum in the Spiritual Life and entering into Divine Discipline from the Supreme Court of Heaven. This is punishment which comes from the Love of God, whose Love, is in fact, not diminished because of the believer's distortions, aberrations or entrance into the experience of self pity, and which love is supposed to be a source of blessing for him. In his state of [Self Righteous Arrogance](#) he excuses self and passes the blame to others whose attention and approbation he very often is seeking. He uses Bible Doctrine as an assassins dagger, twisting it, distorting it and also rejecting it and he then claims that Bible Doctrine doesn't work when in reality it works just fine in condemning his own quirks and the aberrations of his own Old Sin Nature. In this status of Arrogance when one loves, he can never love another who is imperfect, and if he reacts to the imperfection of others he becomes totally disoriented to life. Admiration and respect cannot be turned into Disillusion and Disenchantment Arrogance without entanglement in the Interlocking System of Arrogance being firmly tied into the soul. This forces the conclusion that basic disorientation to life and basic unhappiness have the same source, some aspect of Arrogance, one's very own personal Arrogance. The Arrogance of Unhappiness combines with Iconoclastic Arrogance to divorce the believer from the reality of life. This explains why so many believers are neurotic and [Psychotic](#) and totally defeated in circumstances of adversity and completely overwhelmed even in prosperity. Pomposity in an individual is an illustration of Arrogant Disorientation to life. Pomposity is the characteristic of overemphasized self importance or disorientation to life through Arrogance. The discovery of feet of clay in a self created object of admiration is in itself, the pomposity of Arrogance, it is a total preoccupation with self to the exclusion of reality.

### **The Solution to Disillusion & Disenchantment Arrogance**

As with all aspects of one's involvement in the Interlocking System of Arrogance, engaging in the use of the [Rebound Procedure](#) and following this up with consistent Post Salvation

Epistemological Rehabilitation from Perception, Cognition, Inculcation, Metabolization & Application of Bible Doctrine leads eventually to Spiritual Adulthood and [Occupation with the Person of The Lord Jesus, The Christ](#) who is the manifest person of the holy trinity the Godhead. The discernment, from this Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, functioning in the believer in compatibility with [Humility](#), objectivity and [Flexibility](#) insulates the believer against converting things or persons into images of perfection. Therefore, Humility + Bible Doctrine == Avoidance of Disenchantment & Disillusion Arrogance. Once Inner Happiness or [Sharing the Happiness of God](#) is acquired from construction of the [Edification Complex of the Soul](#) and deployment of the Problem Solving Devices, it protects from Disillusion and Disappointment regarding:

- Circumstances of Life [Phil 4:11-12](#)
- Details of Life [Heb 13:5-6](#)
- People [Heb 12:2](#)

### **[Gate #26 – The Arrogance of Guilt](#)**

Guilt is the state or Mental Attitude of thinking one is liable for punishment or having culpability for wrongdoing, wickedness, depravity, transgression, immorality, crime, evil, offenses, etc. Any time one entertains any Guilt for ANYTHING in his life he is not only in a terrible state of chain sinning but also in the Interlocking System of Arrogance. Guilt is part of the [Motivational Arrogance](#) of the Interlocking System of Arrogance and the mechanism by which many people are manipulated by others. If one is being manipulated by someone who keeps him in a state of Guilt he is in the worst form of slavery in this life. Guilt is NOT a part of the Christian Way of Life therefore, [Shame](#) about any failure or success in one's life is also DEFINITELY NOT PART OF THE CHRISTIAN LIFE. Therefore, Shame and Guilt destroy the Christian Way of Life. The believer must consistently use the [Rebound Procedure](#) to simply acknowledge sins and failures directly to God and receive His forgiveness which is based totally on the Substitutionary Spiritual Death of The Lord Jesus, The Christ on the cross for those sins to which NOTHING CAN BE ADDED. Therefore, for the believer, whatever the sin or failure may have been, IT MUST BE FORGOTTEN (Phil 3:13), if he is still alive when the dust clears after sinning, he must pick himself up and move on in life. ONE MUST NOT EVER LET PEOPLE IN HIS PERIPHERY TRY TO CONTROL HIM THROUGH Guilt over the things he has done in the past. Parents often try to control children in this way with, “After all I have done for you”; Wives often try to control husbands, Husbands try to control wives through this same Guilt. Ministers can be involved in controlling the congregation through Guilt often with regard to SIN and failure before God. Guilt should not be the motive for any aspect of one's life especially with regard to bible study and if one attends because of Guilt his motivation is TOTALLY WRONG and he won't get much out of it. Guilt is Arrogance and a sin to be acknowledged in Rebound and to then MOVE ON from. People who feel Guilty about sins, failures and improprieties instead of using the Rebound Procedure and forgetting them are failing in the Christian Way of Life.

Guilt and Shame are part of the Interlocking System of Arrogance and are interlocked with [Mental Attitude Arrogance](#) and the accompanying Sins all which are related to Selfcenteredness and [Self Righteous Arrogance](#). There is no place for Shame or Guilt in the Christian Way of Life and when the believer discovers he is carrying Shame or Guilt in his soul his Spiritual Life has been set back until he uses the [Rebound Procedure](#) and MOVES ON. The believer must be consistently under the [Filling of God the Holy Spirit](#) and when involved in Shame or Guilt he is only Grieving God the Holy Spirit. However, this does not ever imply that he may not be Guilty of the things he is ashamed of. It means ONLY that Guilt feelings and Guilt reactions from Shame for something he has done are part of the Interlocking System of Arrogance and NOT the place for the believer in The Lord Jesus, The Christ to be. Rebound plus residence in the [Divine Dynasphere](#) is designed under correct and accurate teaching of Bible Doctrine to orient him to the Grace Plan and Policy of God. Thus [Grace Orientation](#) includes forgetting those things which are behind, thereby eliminating Guilt and Shame in one's life.

The Interlocking System of Arrogance produces Self Righteousness, [Self Pity](#), Guilt as a complex of sins and depression and results in the believer making a subjective issue of self. Most of the suffering that the believer is going to face in the testing from God in his life demands that he clear the decks of Arrogance and Guilt complex involvement. Guilt is where the victim of injustice usually wants to dump all of his problems and Guilt on the people in his periphery. The Guilt complex is composed of a crystallization of Self Righteousness under the prosperity which comes from Logistical Grace and its oscillation to Self Pity under the pressure of adversity or disaster of Divine Discipline and even divine testing. When he is at this point the believer has developed enough [Scar Tissue of the Soul](#) for believing only the LIE from EVIL and intensifying Arrogance in that specific area of his life and when pressure comes to that area he will react with a Guilt complex. The only relief for this Arrogant believer from the pressure of the Guilt complex is transferring blame for some personal failure to someone else. This results in complete disorientation to reality which in turn results in sociopathic dialogue which contributes demoralization and confusion to the disaster. As soon as disaster begins a person can go from Pride to Guilt through the diffusion of Self Pity and Self Righteousness resulting in the irrationality of false accusations. This person needs help because in being so self centered and locked in with Arrogance, seeking a solution and relief from the Guilt, they use these false accusations to relieve the pressure on self caused by their own Arrogance and Guilt. The worst thing to do in this situation is try to use perfect logic to diffuse the situation. The person must go outside of self for help and very often to the one they are trying to destroy. The only real solution to these problems is Bible Doctrine and Occupation with the Person of The Lord Jesus, The Christ.

Guilt is a system of Arrogance such that normally when the believer under consistent Positive Volition sins he falls into Grace under Rebound forgiveness. However, when the believer consistently under Negative Volition gets into [Legalistic](#) Self Righteous Arrogance he falls directly into the distortions of the Mosaic Law which motivates this Arrogance of Guilt. This understanding is that which goes with [Humility](#) and indicates [Orientation to Grace](#). As more is understood about Grace there comes the realization that being ashamed of even minor failures,

sins and even heinous acts that have been committed as a believer is NOT a part of the Grace Policy of God. This Guilt and ashamedness are great continuous distractions to the Spiritual Life. Being ashamed, having [Regrets](#) about anything is Guilt and motivates greater Guilt and these all are failure to orient to the Grace of God. There is no place for either [Shame](#) or Guilt reaction in the Plan or Policy of God. Anyone who tries to make another feel Guilty is trying to gain inordinate control over that person's life. In many cases this is the use of raw power and a function under Evil. Very often this is the approach of evangelists trying to make people feel Guilty about their failures in the realm of sin or their lack of acceptance of Christ. Often this is accompanied by the requirement that the unbeliever walk the isle or raise their hands or weep in repentance going through some rigmarole which has nothing to do with Salvation Adjustment to the Justice of God nor restoration of fellowship with God for the believer who has failed in some way.

When one is in a state of Guilt from any source, he IS in a state of SIN and has moved deeper into the Interlocking System of Arrogance. The fact that all believers in The Lord Jesus, The Christ continue to sin and fail after Salvation Adjustment to the Justice of God should not be a surprise. Even though different believers may have different areas of sin and weakness NONE are excused because of their lack of sins. However, sins are never to be allowed to make the believer feel Guilty. The Substitutionary Spiritual Death of The Lord Jesus, The Christ on the cross ELIMINATED SIN AS AN ISSUE in the Angelic Conflict Appeal Trial, the Protocol Plan of God and the Spiritual Life of the believer. Guilt is a Sin, part of the Interlocking System of Arrogance, a great distraction to the execution of the Protocol Plan of God and a system whereby [Religion](#) and Legalism with their false doctrine takes control of the life of the believer. There can be no doubt that much of what is done in committing sin may be wrong and living in a time when the social aspects of sin are now being accepted or judged by a Self Righteous society places an emphasis on the overt shocking sins which are committed. Divorce, as an example, is a major factor occurring on a regular basis in this country and it is WRONG with very limited exceptions and this results in many people being made to feel Guilty about their failure and they operate on this Guilt and not on the Policy, Plan and Grace of God. When one is wrong in any failure and has had a Guilt reaction because of it, he cannot and will not solve his problems with the Guilt, but will generally be led deeper into the Interlocking System of Arrogance. Only the Grace of God can solve any of his problems, especially those of failure in sinning. No one who possesses any common sense (truly a limited few today) is going to condemn a believer about his personal failures because anyone who condemns the believer's failures is truly stupid and has not taken a good look at their own life and seen their own sins or failures. ([1John 1:8](#), [1John 1:10](#), [John 8:3-7](#))

It is obvious therefore that any believer involved with Guilt in his soul is OUT OF LINE in the Christian Way of Life and if Guilt is the motivation for anything in his life he will be out of line his entire life and die and go to heaven as a loser. Not being ashamed of any sin of failure means, like Paul, the believer must know how to handle sin and the failures of life under the Grace policy of God. Getting into competition or comparison about the nature of one's sins must bring one to the analysis of the 7 worst sins delineated in Proverbs. ([Prov 6:16-19](#)) Only one of these is an OVERT sin and that is MURDER which deprives a person

permanently of the use of his volition. However, it and all the rest have to do with the Interlocking System of Arrogance and the [Arrogance Skills](#). Who is to say on the basis of the type of one's sin who is the best Christian. This is what is being attempted in legalistic Christian circles today. A believer is judged by Christian society on the basis of their sins and if the sins are considered "respectable" like the terrible sins of gossip and maligning then this person is considered more spiritual. When the sins are observable, overt and involved with some aspect of immorality such as adultery or fornication, then this person is socially condemned and an attempt is made to make them feel Guilty about their sins. If one is full of [Pride](#) and involved in [Self Righteous Arrogance](#) and [Morality Arrogance](#) his sins will be totally ignored by society since he presents himself like a sweet and kind person.

All believers have sinned and continue to do so and no one is an exception and all have failed and when Christianity and Christians are judged on the basis of sin this results in being locked into the Interlocking System of Arrogance. These judgmental individuals have failed to recognize their own sins on the one hand or, on the other hand, having recognized their sins they fail to realize that any one single individual sin takes a believer out of fellowship with God, out from his soul being under the control of God the Holy Spirit and therefore out of the Plan of God just as quickly as any other. Their thinking is [Legalism](#) and it is an attempt to invoke a Guilt reaction from the one being judged as a result of his sins. Legalism in this country is phenomenal and it is no wonder that the United States is degenerating as a nation under the cycles of [Divine Discipline](#) and is today, as the 1<sup>st</sup> quarter of the 21<sup>st</sup> century comes to a close, on the real brink of total national disaster. When Paul says he is not ashamed ([Phil 3:13](#)) he is describing a state of incredible [Humility](#) which he had maintained and thereby avoided the Interlocking System of Arrogance. Whatever the category of sin which exists in one's life, it is all still sin and repugnant to the Righteousness of God, however, in the Grace Plan of God all that is required of the sinner is the consistent use of the [Rebound Procedure](#) to return to fellowship and the [Divine Dynasphere](#) the Protocol Plan of God. Paul basically is stating that he has [Grace Orientation](#) and does not function on the basis of Guilt nor is he motivated by Guilt. Guilt is a driving factor in many aspects of many people's lives and people often go to prayer sessions just to make up for failures of the past. Unfortunately this is failure again on their part for not realizing that all PAST failures were judged and removed by God blotting them out, initially on the cross and for them at Salvation Adjustment to the Justice of God.

The basis for all the [Problem Solving Devices](#) provided for the believer by God and whereby the believer priest solves his own problems is based on [Grace Orientation](#). If one surrenders to Guilt then motivation for the Christian Way of Life is WRONG and it has nothing to do with the Lord but is focused on occupation with self under Guilt. Guilt is a terrible system of Arrogance, sin and the motivation for asceticism and other reactions to the Christian Way of Life. The Gospel information has always been available to mankind throughout Human History and believers must be taught Sotieriology with regard to Salvation Adjustment to the Justice of God so as not to be hung up by the Interlocking System of Arrogance and thereby become disoriented to Grace. The immature believer living in the Cosmic Dynaspheres is saturated with and entangled within the Interlocking System of Arrogance and is ashamed of many things he

has done in life and this motivates incredible Guilt in his life and results in his being totally disoriented to life. Believers cannot afford [Shame](#) motivating Guilt in any aspect of life because the cross eliminated this. Ignorance is a cause of Shame and when added to Arrogance become a total disaster in life. After Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone, rejection of or neglect of Perception, Cognition, Inculcation and Metabolization of Bible Doctrine means failure to execute the Protocol Plan of God. This means a miserable and frustrating life including Guilt and all aspects of living in the Interlocking System of Arrogance. This believer never understands that the issue in the Christian Way of Life is Post Salvation Epistemological Rehabilitation with learning, understanding and living by Bible Doctrine principles. This lack of doctrinal cognition causes failure to execute the Protocol Plan of God and this ignorance of Bible Doctrine breeds Arrogance and causes misery for these believers all of their lives.

The believer must realize that man is under Spiritual Death from the moment of his birth and commits personal sins as a result of his Spiritual Death but these sins or failures are absolutely NOT part of the Gospel of Christ. The Gospel, meaning GOOD NEWS, is the explanation of Salvation Adjustment to the Justice of God in terms of [reconciliation](#), redemption, unlimited atonement and [propitiation](#). [Heb 12:2](#) explains that He, The Lord Jesus, The Christ, despised the Shame of being in contact with human sins and being judged for them and as a result the believer has absolutely NO RIGHT WHATSOEVER TO ANY Shame OR Guilt. One of the greatest powers in life is where the self centered prideful person controls or manipulates, in the name of morality, social justice or personal responsibility, the strongest people in the world by giving them a syndrome of Guilt and Shame. It is the amalgamation of Self Pity and Self Righteousness which results in the formation of a Guilt complex which invariably results in chain sinning. There can also be the abuse of power without legitimate [Authority](#) by developing power through another system such as Guilt being motivated in the recipient. This is a system of manipulation and crosses into [Conspiracy Arrogance](#). Transient or permanent [Psychosis](#) never takes responsibility for any action, always shifting the Guilt to others and punishes the innocent for crimes others have committed.

Believers, in the process of rejecting doctrine, build layer upon layer of [Scar Tissue in the Soul](#). This intensifies the Arrogance factor in the soul until eventually these people come to be able only to believe the LIE. The LIE is all that is encompassed by the plan and policy of Satan, Evil. The intensification of the Arrogance factor in time of disaster or adversity produces self-pity so that the Self Righteous Arrogance and Self Pity amalgamate to form a Guilt complex.

↳ Self Pity + Self Righteous Arrogance == Guilt Complex Formation.

### **[Guilt vs Grace Thinking](#)**

[Pride](#) as a part of Evil is Arrogance and causes the person who has it to become involved in Self Pity when under pressure and Self Righteous in prosperity. The diffusing of their Self Righteous Arrogance into Self Pity results in the build up of a Guilt complex and often the desire to save all humanity. This applies to all individuals and groups in all situations of life. Self Pity destroys individuals, teams, groups and all organizations including their leaders as Coaches, Pastors, Military Officers, Police, Educators, etc., and everyone needs to understand

this principle. [Unhappy](#) people invariably have a [Martyr Complex](#) and try to generate in those around them a Guilt complex so that these others will cater to their every whim. Guilt and [Jealousy](#) are a part of [Revenge](#) Modus Operandi and result in Revenge Modus Vivendi. In time of testing, if the believer is current in terms of his use of the [Rebound Procedure](#) for his failures, the worst thing which he can then think in terms of is his past sin. He should, in time of pressure, only ever think in terms of Grace. A person thinks in terms of Sin because they are involved in Self Righteous Arrogance and have fallen into the Guilt complex because of past sins.

When entangled in Arrogance one often will switch to Guilt which results in a very serious condition of the soul and has an adverse affect on his Spiritual Life and mental health. This is caused by resistance to Bible Doctrine, resulting moving down through the stages of Reversionism to [Black Out of the Soul](#) and formation of [Scar Tissue of the Soul](#) and failure to understand and orient to Grace through the use of the Rebound Procedure. As a result there is built up Arrogance in the Stream of Consciousness of the Soul from rejection of or resistance to Bible Doctrine which results in disorientation to Authority even the Absolute spiritual authority of God. Believing LIES regarding the Spiritual Life and temporal life occurs from crystallization of Self Righteousness under the prosperity which comes from the distributions of [Logistical Grace](#). In this case, the believer often thinks God is blessing him because he has cleaned up his life, when, in fact, he is simply receiving Logistical Grace support designed to provide him with what is needed for execution of the Protocol Plan of God. There is nothing wrong with cleaning up one's life but the believer must never make the erroneous conclusion about one's personal efforts being part of the requirement of God in the Christian Way of Life. Oscillation between Self Pity under pressure and disaster combined with Self Righteousness under prosperity becomes complete disorientation to reality resulting in sociopathic behavior and contributes to demoralization and confusion and is very destructive to the Spiritual Life. When testing comes the believer MUST stop thinking that God is punishing him for something he has done in the past but realize that even under [Divine Discipline](#) for engaging in sin and failure the suffering is NOT for the SIN itself but because the sin takes the believer out of the Plan of God. Therefore, the only correct option for him is function under the Rebound Procedure which will instantaneously convert Divine Discipline to testing for blessing thus making the issue again GRACE. This should focus the believer on the reality that he HAS NO RIGHT to any Guilt at any time for any reason.

When others gain knowledge of one's personal sins some will keep on trying to make him PAY FOR THEM by trying to use Guilt to control him. An essential part of Rebound is that he MUST forget what is behind and keep moving forward in the Spiritual Life. The believer cannot move ahead in the Spiritual Life while he is continually looking back on his failures and sins, being filled with [Shame](#) and Guilt. To be ashamed is to be effected by Shame and is part of functioning within the Interlocking System of Arrogance and under the [Motivational Arrogance](#) and [Mental Attitude Sins](#) all related to selfcenteredness. There is no place for either in the Protocol Plan of God and to the extent one entertains either Shame or Guilt in his life to that extent he is in a state of sin and locked into the Interlocking System of Arrogance making

an issue of self instead of the Grace of God. The [Rebound Procedure](#) and [Divine Dynasphere](#) residence is designed to orient the believer to the Grace Plan and Policy of God for the Church Age. [Grace Orientation](#) includes forgetting things behind and using Rebound to keep moving ahead and advancing in the Spiritual Life. Guilt and Shame are not part of the Christian Way of Life but are a destructive part of the Interlocking System of Arrogance.

### **Guilt & Egocentricity**

Arrogance always branches out to produce, Self Righteousness in time of prosperity and Self Pity, Selfcenteredness and [Emotional](#) Fear in time of Adversity. These combine to produce a massive Guilt complex. These people always make an issue of self when the true issue is never their failures or past sins but the condition of the client nation. Men in a position of spiritual leadership and authority, who communicate Bible Doctrine are always misunderstood by the Arrogant. The focus of the Arrogant is ME, ME, ME so that the mechanics of the Guilt complex revolve around Arrogance and Selfcenteredness from the degradation of [Reversionism](#) and the subsequent development of Scar Tissue of the Soul and this sponsors the Guilt complex. Arrogance in many forms is the source of Guilt which is a complex of sin or chained sins. Having believed the LIE of EVIL as a result of developing Black out of the Soul and Scar Tissue of the Soul the believer rationalizes his compromises as being [Justified](#) and thinks of self as doing the Lord's will and thus develops extreme [Self Righteous Arrogance](#). Then pressure in adversity turns this Self Righteousness to Self Pity showing the instability and irrationality of Arrogance which leads to more extreme Self Righteous Arrogance. The resulting Guilt complex associates his current pressures in life with some sin or failure of the past. This Guilt results in becoming locked in with [Egocentricity](#) where this subjectivity makes him vulnerable to erroneous and unnecessary self induced misery pressures. The source of the damaging subjectivity is Arrogance however, Self Consciousness and Self Evaluation related to Bible Doctrine standards is legitimate subjectivity and is designed to eliminate the damage of Guilt.

### **Guilt vs Prosperity**

A wealthy liberal is an imbecile and they generally are weak minded and no matter what the means was by which they acquired their wealth they feel Guilty about it. A wealthy liberal is a person who can dress up and walk into a crowd of hippies and feel Guilty about what he is wearing. He is stupid cowardly, unstable, Arrogant and useless. Profit is legitimate and wealth is legitimate and there will always be great inequality of Status Quo among all people. There is no such thing as equality in any aspect of life including related to wealth, therefore, socialism and the welfare state functions are a satanic attack on the rationales of Christianity and both are directly derived from Evil. There is nothing greater than the Evil in the mentality of the person who has acquired wealth and is ashamed of it because this is like saying "I am embarrassed because I have had the intelligence and ability to make a profit from by business". This is idiotic and if there were no profit in business there would be no such thing as prosperity and profit is a legitimate motivation for both individual and national prosperity. It is only the weak, poor, Arrogant people who resent profit and prosperity. There is much more Arrogance among the poor than among the rich and the poor always carry Arrogance in their souls and they are constantly trying to make the wealthy feel bad about their wealth. This is

the same thing that mealy mouthed preachers do when they try to weasel money from the rich.

### **National Guilt**

NO society has ever survived its Guilt complex which always starts because of Arrogance. When society has a Guilt complex it becomes extremely permissive and to the extent society becomes permissive to that extent it abandons the [Laws of Divine Establishment](#). (Illustration, the United States of America in this 21<sup>st</sup> century) When society has a Guilt complex they want to do something for those whom they feel sorry for and as a result the society makes heroes out of scum and minorities. Minorities are very often composed of people who have no concept of what freedom actually is and what it requires of them and what the nation under freedom is actually about. In the United States of America today many cannot even speak the language of the nation in which they live nor think in terms of its constitution and the principles which have been built up in it as a part of it being a client nation to God. Therefore, minorities must gain the proper motivation under the concept that if they want to stay in this country and succeed they must learn the language of the country and the history and can profit and prosper ONLY from their own motivation and initiative. Americans do not have to understand them but THEY MUST understand America. They can remember the national and cultural holidays of their former country, personally and quietly, but if they stay in the United States of America they are to become American and have no rights to those holidays or other foreign celebrations because THEY MUST understand AMERICA. The Guilt complex in a society says the society must understand the minorities and immigrants and thereby the scum in society, which does not in any way infer that all immigrants or minorities are scum. The more a nation brings or allows immigrants into the country without enforcing the immigration process the more people there will be without a clue as to what this nation is all about. In the past men would become citizens by coming to this country and enlisting in the military. In World War II a young man came up from Mexico City and enlisted in the army and he went into Europe and received the Medal of Honor for his valor and bravery and when he returned he became a wonderful honorable American and he was a credit to Mexico and to the United States of America. These things must be done in order to preserve the greatness of this client nation to God, the United States of America.

### **Guilt, Rebound & Emotional Arrogance**

For the believer in time [Shame](#) is a combination of Mental Attitude and Emotional Arrogance and Sin related to and leading to the Arrogance of Regret which in turn leads to and interlocks with Guilt. However, Shame at the Judgment Seat of Jesus Christ will be a transient normal function of the soul, for the individual believer who has made ZERO progress in the Spiritual Life, and this is why it can occur at the Judgment seat of Christ while the believer is in resurrection body and is not a sin. Shame, in this context, is a normal function of understanding one's failure and is a momentary recognition of not using one's time in life

under equality of privilege and opportunity in a better way. Shame as a Mental Attitude Sin leading to the Arrogance of Regret and the Guilt Complex in time, occurs only during temporal life and is abnormal, Arrogant, and sinful. Shame at the Judgment Seat of Jesus Christ is tantamount to a painful feeling originating from the conscious recognition of something which was dishonorable or wrong or sinful, therefore, embarrassment regarding failure to fulfill God's plan though having every necessity to do so. This is a very temporary state or recognition of one's Status Quo leading into the eternal state.

Having or developing a Guilt complex is a pressure of life and this is an emotion much stronger than what the word of God allows believers to engage in. The believer MUST be consistent and name his sins to GOD alone by using the [Rebound Procedure](#) and then forget what he has done since God has already dealt with his failures and blotted them out. If he tries to assuage a Guilt complex regarding sin or failure he is thus under domination of his emotion and therefore Arrogant. The final phrase of [2Cor 7:5-7](#) shows the disaster of the reactionary emotional sins combining with the Interlocking System of Arrogance Sins to form super sins resulting in Distraction. When Paul was out of fellowship he was involved in the soul reaction of emotional sins and he became very emotional about the reaction of the Corinthian believers regarding him. He thought at one point he had done the right thing and then when he was out of fellowship he was not sure that it was right, he became sorry he offended the Corinthian believers when he was under the reaction of his emotional sins. This is the irrationality which combines emotional sins with Arrogance sins.

↳ Jealousy + Emotion = Fear, Worry, Anxiety, and MALICE.

[Bitterness](#) also motivates malice and once it is combined with Emotion it becomes Vindictiveness, Hatred, Lust to Hurt, Motivation for [Revenge](#), and Revenge Function, Vituperation and the Vilification in creating the [Public Lie](#). Arrogance combined with Emotional Sins destroys any possibility for application of Bible Doctrine as a result of intense irrationality. There is no cognition at all in any system of Emotion nor is there any thinking. When emotion is functioning normally there is appreciation in it but there is no STRENGTH nor any THINKING within emotion at any time. When these believers are told how wrong they are and become aware of their wrong doing they WILL rapidly enter into Guilt, which triggers a switch in the soul. This switch causes Guilt to become the basis for Guilt reactions which distract from the use of Rebound for solutions to their failings and as a result they become SORRY for what they have done and very Regretful. Emotion under Guilt totally distracts from reality and neglects Rebound and supplants it with Regrets and Apologies. The believer can socially apologize for wrong or irritations caused to others but never to an inordinate level and he NEVER apologizes to God. Rebound is citing or naming the problem and letting God IN Grace deal with it according to his System. Pseudo Compassion also accompanies the Sins of the Emotional Complex and in America today it is demonstrated by sending troops to various 3<sup>rd</sup> world nations to try to stop the abuses of the populations which occur there very often occurring in these nations because of a collective Negative Volition at God Consciousness. When Americans see through the media starving abused children they must always remember that despite the fact that their parents have rejected the truth, these children who may die in these situations having not reached accountability under the Plan of God, will be the ONLY

representatives of their nations and races in heaven from their generation. Emotion of the believer out of fellowship is a monster which goes to the candy shoppe and chooses the Arrogance which it likes today and eventually selects Malice which ultimately leads to Revenge Modus Operandi. This then ignores the principle that when one has been wronged by someone else he must leave it in the hands of the Supreme Court of Heaven. Titus broke the Corinthians away from the emotion of feeling sorry for themselves by admonishing them with a command to Stop feeling sorry for Self. He enlightened them as to their being out of fellowship and the necessity for them to use Rebound without emotion and without apology to anyone. Here again is the Elative conclusion in that God's Divine Solutions are the only solutions and when out of fellowship the ONLY solution is Citing, Acknowledging Sins to God for Rebound function.

When the believer names his sins to God, He forgives and Purifies the believer from all sins he has committed, meaning he is instantly separated from all the sins. The believer should never try to rationalize any pressure he is under as being punishment for any sin he has committed in the past because ALL SINS are gone instantly he is totally separated from them at the instant of the use of Rebound. Emotional Sins of Guilt with regard to old sin is always Arrogance and this results in perpetual carnality and, when it persists, will bring the believer ultimately to the [Sin Unto Death](#). The believer must always remember and rely on what the bible says about Rebound in that he is purified from and forgiven ALL sins when he uses Rebound and therefore MUST forget them and move on in the Spiritual Life under the Filling of God the Holy Spirit. [\(1John 5:16\)](#) Rebound is a set of instructions, a procedure given to believers by God, which they must follow for forgiveness of sins, which instructions are based on the Judgment of ALL Sin in the Humanity of The Lord Jesus, The Christ while on the Cross. As a result, the basis for sin forgiveness in Rebound is the Substitutionary Spiritual Death of Christ during the Judgment of all SIN. Rebound is Not a Faith Rest Function because the [Faith Rest Drill \(5 stages\)](#) only operates under the [Filling of God the Holy Spirit](#) and the Filling of God the Holy Spirit is not operational when the believer is under carnality and is only recovered by the use of the [Rebound Procedure](#).

When the Believer Rebounds and afterward dwells on the old sins he becomes overwhelmed with Guilt and starts to review his sins thereby entering emotional sinning instead of moving forward in his Spiritual Life. Guilt is an emotional sin so that the believer who has escaped carnality by Rebound immediately reenters carnal death through the Guilt. Guilt is a morbid self reproach with emotional feelings of culpability. Guilt is the emotional sin which results when the Believer uses Rebound and then in his subjective Arrogance fails to forget those things which are behind. [\(Phil 3:13-14\)](#) As a result, instead of Rebound and Keep Moving [\(1Cor 11:28-31\)](#) the believer Rebounds and enters the Emotional complex of Sins by knocking on the Door of Guilt. Guilt is then parlayed into the 3 [Arrogance Skills](#) in order for the believer to justify his sin and excuse himself for it.

Guilt causes Repression as a [Defense Mechanism](#) or Denial because of the Fear, Worry, or Anxiety caused by Guilt when one has overwhelming concern about the consequences of his sin. The Guilt 'complex' causes abandonment of the principles of Grace available in Rebound and

Keep Moving. Entertaining Feelings of Guilt results in perpetual anxiety where these feelings cause outside pressures in life to become stress in the soul. By this time the believer has entered the syndrome where constant Guilt results in perpetual anxiety about past sins and consequences. [Fear](#) of the consequences of past sin then ignites the Emotional Sins with Guilt. This is the system of motivation for compliance used by every religion on the face of this earth. This is morbid self reproach becoming and culpable with Self Pity and Self Righteousness and all the Emotional Sinning combining with the Arrogance Skills to destroy the Spiritual Life and rapport with God. The principle is that the MORE one increases the power of FEAR or any emotional sin in his life the greater his failure to function under the [Spiritual Mechanics](#) and the more he becomes an [Ineptazoid](#) believer.

### [Gate #27 – The Arrogance of Shame](#)

Shame is a painful sensation or Emotion excited or caused by a consciousness of having done something which injures one's reputation; or by the disclosure of actions which are considered mean or degrading; or that which brings reproach, ignominy, derision, dishonor or contempt. To be ashamed means to be affected by the Mental Attitude of Shame which ultimately leads to the Mental Attitude of [Guilt](#) or VICE VERSA. Therefore, being ashamed is a function of and motivation for Guilt AND having the Mental Attitude of Guilt is a function of and motivation for Shame. Shame as a painful EMOTION has no ability to rationalize and is often irrational unless connected with something which is legitimate and by means of the emotional involvement thus appreciated. When involved in the Interlocking System of Arrogance, in prosperity the believer is under [Self Righteous Arrogance](#) and when under pressure or adversity falls into [Self Pity](#) and certain adversities combine to introduce Shame leading to [Regret](#) leading to Guilt complex functions.

In the consideration of Shame as arrogance there is a strong tie in with other aspects of Motivational Arrogance especially [Emotional Arrogance](#) and the Functional Arrogance in Interlocking System of Antagonistic Emotional Hatred and its Sin Complex. There is NO Place for Shame in the Spiritual Life of the Royal Family of God in the Church Age. When Failure occurs it simply requires the function of the [Rebound Procedure](#) and for the believer to Keep Moving ahead in the Spiritual Life. ([1Cor 11:28-31](#)) Shame is like crying about some problem or failure. You don't Learn from Shame, it does not allow you to focus on the problem, it prevents being teachable, therefore, Shame is Arrogance. It is a state of Emotional and Self Centered Arrogance, it does not provide forgiveness for failure, which only the rebound procedure can and having objectivity as a result of rebound is the only way to continue to move forward in the Spiritual Life by learning Bible Doctrine.

Doing things of any kind for which one will be ashamed will build kinks in the soul and the Arrogance of Shame is one of the major factors which builds subjectivity in the soul. There are 2 corollaries to always remember:

- ✧ NEVER do anything you are or will be ashamed of, EVER
- ✧ NEVER be ashamed of anything which you do, do, EVER

Violation of either of these results in violation of both and is actual doing 'doo-doo'. As a result hangups in your soul will prevent Bible Doctrine from getting through to the Right Lobe of the Stream of Consciousness of the Soul and becoming Metabolized Bible Doctrine at some point for some subject. This is what occurs when people are feeling remorseful about sin when using the Rebound Procedure. The fact is, GOD does not care how one feels about any failure or sin, his only consideration is based on the fact that the believer knows it was a sin and admits doing it and KNOWS it was already judged. This is the only consideration which God gives to sin at all. Shame and Guilt always go together and guilt is sin but Shame is not, however, Shame is a distorted arrogance of thinking leading to the emotional distraction of Guilt. When one is ashamed about something and then feels guilty for participating in that thing, this is a Mental Attitude Sin. The believer can feel ashamed about something but when he allows that to become guilt then he is falling into the Cosmic Dynaspheres and the sin complexes there. When a believer persists in doing something he is ashamed of he has a hangup in his soul and is in fact totally subjective and will become more and more subjective as his Spiritual Life is degraded by his moving down through the states of Reversionism.

If one does not possess Virtue Love he will not succeed in the Spiritual Life. In 1Cor 13:1 a "Sounding Brass" was used in the ancient world and was 2 pieces of Brass which were rubbed together and produced a sound like scratching fingernails on a blackboard. It was used by peddlers to call attention to their wares or to their talents. In this passage it means that if the believer fails and engages in Shame he will spend the rest of his life calling attention to himself, Complaining and never amount to anything in the Plan of God. This is Distraction as a result of entanglement in the Interlocking System of Arrogance and the 3 Arrogance Skills.

Inordinate Emotional activity is a system of Shame for those who engage in it. Facing the Sin unto Death is a matter of Shame and Emotional Revolt of the Soul is also a matter of Shame. The Spiritual Life of the Church Age for the Royal Family of God is a system of SPIRITUAL COMMON SENSE thinking not EMOTION. Good emotion is a system of response and appreciation from an understanding of what God has provided for mankind in his Grace system. In fact the Essence of God does NOT include Emotion and Emotions are only part of the Human Soul to allow man to appreciate what the human soul approves of and what God has provided. Emotion SHOULD ONLY exist where Cognition has preceded it. Inordinate or Bad Emotion is related to Hamartiology, Sin, and includes:

- ✧ Fear
- ✧ Worry
- ✧ Anxiety
- ✧ Jealousy
- ✧ Bitterness
- ✧ Hatred
- ✧ Anger
- ✧ Malice
- ✧ Guilt

- ✧ Vindictiveness
- ✧ Implacability
- ✧ and others

In addition, the lowest form of human LOVE is an emotional relationship devoid of [Integrity](#), Honor and Virtue having great instability and capable of producing a myriad of [Sexual](#) Sins. Believers who have Emotion as their basis for functioning do mostly crazy, irrational things as a pseudo system for what they consider the Spiritual Life. There is NO EMOTION in the Modus Operandi of the Spiritual Life except in the Appreciation of Grace. Shame and Emotion are always together and the Emotional Viewpoint of Life is constantly distracted with ideas which line up with the Cosmic Dynaspheres because people think having great emotion is happiness and that happiness is only an emotion.

Believers in this category of arrogance are those who have a way of life which is to glory in their Shame or dishonor. When one becomes irrational he is generally not aware of it. When manipulated by guilt he is not rational nor is he handling life through the right and wrong of Bible Doctrine but only according to what someone else says he should be ashamed of. People who focus on the critical appraisal of the failures of others in their past are those who try to manipulate and control the life of these others. There are people today who grew up in the 60's and 70's who glory in their Shame over things they do or have done which are WRONG and motivated totally by EVIL. They demand that everyone recognize that whatever they are doing it is an "alternate life style" and is legitimate and wonderful and that others must glorify all the people involved in these things. This is the lesbian, homosexual and women's lib groups of today. Americans have basically lost all sense in this society. They honor and cater to the WRONG people and have lost all sense of proper value in life. Americans constantly honor athletes and entertainers, non-essential individuals in life, and dishonor and criticize both Law Enforcement and Military personnel, essential individuals in life for the protection and preservation of FREEDOM.

There is nothing like the destruction produced by Shame in life regarding something which one has done in the past and which is now recognized as having been wrong. It is terrible and painful and in fact is defined in this way. Therefore, for the believer, Shame is a painful feeling of the consciousness of something dishonorable, wrong or sinful, that causes regret and the embarrassment of failure to fulfill the Plan of God. For every believer this is without excuse since every believer is given equality of privilege and opportunity to advance in the Spiritual Life and fulfill the Plan of God. The thing which initiates this is the mental attitude of [Human Viewpoint Thinking](#) derived from the strong influence of Evil.

[1Cor 15:34](#) is a divine mandate to all believers to have capacity righteousness from an advanced Spiritual Life. The believer cannot ever come to his senses or awaken from being drunk on Human Viewpoint until he has capacity for blessing from God and this only comes with reaching [Maturity Adjustment to the Justice of God](#). God is fair and he will never bless anyone beyond the capacity of the one to be blessed. Some Capacity Righteousness is instantly given at Salvation Adjustment to the Justice of God to enable the believer to receive [Logistical](#)

[Grace](#) support. A second part can be attained or fails to be attained based on one's personal attitude toward Bible Doctrine and willingness to expose self to it on a consistent basis during his lifetime. Another part is given at the time of receiving the Resurrection Body. ([2Pet 3:13](#)) Believers are commanded to wake up from Human Viewpoint thinking and STOP SINNING with regard to sins related to:

- ✧ The Arrogance Skills
- ✧ The Interlocking System of Arrogance, and its sins
- ✧ Interlocking System of Antagonistic Emotional Hatred, and its Sins

All believers can elucidate some categorization of sin but for most these are only the overt sins which are shocking to the Self Righteous [Legalistic](#) moral believers. However, involvement in the Arrogance and Hatred complex of sins is involvement in the worst sins of the soul. The fact is that many believers still have almost NO KNOWLEDGE of God even though exposed to the teaching of Bible Doctrine. Many believers who hear about God through great bible teachers still have no knowledge of God as a result of refusing to expose themselves to the consistent teaching of Bible Doctrine. Many of these believers are not even aware of their Shame or dishonor and confuse [Morality](#) with spirituality. The believer may not even be aware of Shame at this point and GUILT is definitely not the way to become aware of it. [Metabolized Bible Doctrine](#) in the Right Lobe of the Stream of Consciousness of the Soul along with the consistent use of the [Rebound Procedure](#) and daily function using the [Spiritual Skills](#) is the only true way to be aware of one's Status Quo of Shame or lack of it.

### **[Shame at the Judgment Seat of Jesus Christ](#)**

At the Judgment Seat of Jesus Christ the believer will stand before Christ in a Resurrection Body to be evaluated as to how he has used the time allotted him in his life for advance in the Spiritual Life. Shame in the Resurrection Body is an Oxymoron and only applies to the absolute total LOSER believer. The Shame of the Loser believer in time and how it occurs is found in [Phil 3:18-19](#). However, it is an oxymoron to think of Shame in the Resurrection Body but it exists, albeit temporary and of very short duration, because the loser believer will NOT be found spotless or blameless at the [Judgment Seat of Jesus Christ](#) but will be shown by Christ to have totally wasted the equality of opportunity and privilege and all of his Logistical Grace support structure. In order to avoid Shame at the Judgment Seat of Jesus Christ the believer must have used the Grace [IRREVOCABLE ASSETS](#) from his salvation portfolio to fulfill his Spiritual Life through consistent function under the 4 Spiritual Skills. Therefore, the believer avoids Shame at the Judgment Seat of Jesus Christ through the execution of the Protocol Plan of God for the Church which is only executed by the consistent function under the spiritual assets provided by God through the Divine Initiative of Antecedent Grace set up in Eternity Past. The Peace or Prosperity of [Phil 4:7](#) which occurs at the Judgment Seat of Jesus Christ cannot be possible until all 4 Spiritual Skills are in place, operating and being consistently used. This requires in part the development and deployment of the [10 Problem Solving Devices](#) and construction of the [Edification Complex of the Soul](#).

The Rebound Procedure is compatible with the Integrity of God. Therefore, believers who are ignorant of the plan of God and the function of rebound will have Shame during the evaluation

of the Royal Family of God at the Judgment Seat of Jesus Christ. ([2Cor 5:10](#)). As a result the believers who fail to execute the Spiritual Life in Time will have loss of reward and instant though temporary acknowledgment and awareness of lost opportunity for spiritual advance while standing at the Judgment Seat of The Lord Jesus, The Christ, the Evaluation point for all believers in the Church Age. The greatest momentary embarrassment in all of Human History will be that of the believer who arrives at the Judgment Seat of Jesus Christ in a Resurrection Body and then under the equal opportunity principle discovers that he has totally failed to execute the Protocol Plan of God. This is classified as Shame which will occur for the loser believer in his Resurrection Body before the Judgment Seat of Jesus Christ because his escrow [Surpassing Grace Blessings](#) and rewards for the eternal state will remain on deposit forever as a memorial to his Lost Opportunity. These are believers who never reached a point of thinking in terms of Bible Doctrine and [Divine Viewpoint](#) and never had a Scale of Values developed from Metabolized Bible Doctrine and whose dying was from the Sin face to face with miserable Death. These are believers who are Punished in their life by God severely yet the Love of God is still directed toward them, but unfortunately mostly in the form of great Divine Discipline. The only thing these believers can think about in life is functioning under the principles and policy of EVIL using gossip, maligning, parties, etc., and they never get to the [Happiness of God](#) during their Life, which is their true heritage.

1Cor 15 is the resurrection chapter and in these 51 verses the subject is resurrection, the resurrection of Christ and all Church Age believers as Royal Family of God. At the Resurrection of the Royal Family of God when in Resurrection Bodies this Shame will come back to lay these believers down flat. These are “LOSER” believers who have not lost their salvation but who have never made **one iota** of progress in their Spiritual Life beyond Salvation Adjustment to the Justice of God OR those who advanced to some degree and then fell backward through [Reversionism](#) to Dying Discipline. ([1Cor 15:34](#)) This demonstrates the principle that there is an OXYMORON for the Loser believer who will have a Resurrection Body and stand before Christ at the Judgment Seat of Jesus Christ in Shame. This is an apparent contradiction of terms and status’ with regard to the Resurrection Body where the believer being in a Resurrection Body with total joy and happiness facing The Lord at the Judgment Seat of Jesus Christ and then having Shame is an oxymoron. Therefore, these LOSER believers ONLY will experience a momentary Shame, an awareness of their lost opportunity, before Christ.

### **Avoiding Shame at the Judgment Seat of Jesus Christ**

The question which should be paramount in the thinking of the believer should be “how do believers in The Lord Jesus, The Christ, avoid Shame when in their Resurrection Body standing before The Lord at the Judgment Seat of Jesus Christ”? To avoid Shame at the Judgment Seat of Jesus Christ, there must have been the use of some of the [Problem Solving Devices](#) in time to advance to any degree in the Spiritual Life after [Salvation Adjustment to the Justice of God](#). The believer must have resided in the [Divine Dynasphere](#) sporadically or consistently and functioned under the [4 Spiritual Mechanics](#) to some degree for some spiritual advancement. In any case this Shame will not be a lasting Shame for those who receive a  $\Theta$  evaluation since it will be occurring while in a Resurrection Body and under Eternal Security. This will not be

generalized Shame for all believers but ONLY for those believers who have made absolutely NO advancement in the Spiritual Life after Salvation Adjustment to the Justice of God. This Shame will occur only at the [Judgment Seat of Jesus Christ](#), where each believer is to be evaluated for what he did with the [Divine Assets](#) provided by God from Eternity Past and given to him at Salvation Adjustment to the Justice of God in time. So in effect at the Judgment Seat of Jesus Christ the question from the Lord will be “WHAT DID YOU DO WITH THAT LIFE I GAVE YOU”. As members of the Royal Family of God, all believers have equality of privilege and opportunity to execute the Protocol Plan of God during their lifetime. For the believer advancing even one small step toward or having reached [Maturity Adjustment to the Justice of God](#), his [HOPE](#) is the absolute confident expectation of the future prospects found in the promises of God from the Metabolized Bible Doctrine in his Stream of Consciousness of the Soul. Confident expectation DOES NOT MAKE HIM ashamed. The Oxymoron is between CONFIDENCE and Shame. Confidence at the Rapture and Judgment Seat of Jesus Christ is based on the function of the believer NOW, in time, as a result of any level of his use of the [Faith Rest Drill \(5 stages\)](#), the [10 Problem Solving Devices](#) and any level of [Edification Complex of the Soul](#) construction. The believer who reaches Maturity Adjustment to the Justice of God and those who move beyond this status will have confidence NOW concerning the Judgment Seat of Jesus Christ so that if the rapture should occur NOW there will be confident expectation of their evaluation at the Judgment Seat of Jesus Christ. In the [Equation of Hope](#),  $X + Y + Z == \text{HOPE}$  and infers that Hope is ABSOLUTE CONFIDENT EXPECTATION. The HOPE in this Equation is the absolute confidence that in using the Doctrines of God in the form of the Gospel, the Spiritual Skills, and the Eschatological Doctrines the believer will complete the Protocol Plan of God and have NO UNCERTAINTY about and no Shame at, the Judgment Seat of Jesus Christ when he is in a Resurrection Body.

All believers have Eternal Life, both losers and winners under the principle of Eternal Security. Escrow or Super – Grace and Ultra – Super Grace blessings for time, the greatest blessing God can give to a believer in this life, are given at Maturity Adjustment to the Justice of God. This infers that the potential for the Escrow or Surpassing – Grace blessings for the Eternal State, above and beyond the Ultimate Sanctification of the Resurrection Body, are far beyond the Capacity of the Loser Believer. These will be a REALITY only for any believer who advances to any degree in the Spiritual Life and therefore for these there will be NO Shame. Here, understanding the Eschatological Doctrine about the future, results in the absolute confidence that the believer, who has functioned under Positive Volition toward Bible Doctrine consistently in his life, will receive, at the Judgment Seat of Jesus Christ, eternal blessings and rewards of the greatest possible magnitude far above and beyond the status of the loser believers. There will be great distinction in the eternal state between loser and winner believers because of all having EQUALITY OF OPPORTUNITY AND FREEDOM in time. The believer is given the spiritual freedom to execute the Protocol Plan of God in his life. Hope is his confident expectation while the Loser believer represents and demonstrates the epitome of an oxymoron. He is the one who:

- ✧ Has Shame in the Resurrection Body at the Judgment Seat of Jesus Christ
- ✧ Has Failed in fulfilling or completing the Equation of Hope
- ✧ Lacks confident expectation or ABSOLUTE confidence at or about the Judgment Seat of

### **Gate #28 – The Arrogance of Lust**

All human beings have an Old Sin Nature with its trend toward Legalism and trend toward Lascivious Lawlessness, with areas of weakness and strength and Lust Patterns. When any believer gets out of fellowship he very often enters directly into the Interlocking System of Arrogance and the functions under the [Arrogance Skills](#) based on the stimulation from his Lusts. The Lust patterns of the Old Sin Nature stimulate the trends of the Old Sin Nature to induce the Area of Weakness or Area of strength to manufacture temptation to produce Sin and Crime or Human Good respectively. When temptations from the Area of Weakness are accepted by the individual's volition this instantly moves the believer out of the Power System of God, the [Divine Dynasphere](#), and puts him under the Power System of Satan, the Cosmic Dynaspheres of the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred. The categories of the Lust Patterns within the Old Sin Nature include:

Power	Approbation	Pleasure	Social	Sexual
Chemical	Crusader	Ambition	Monetary	Revenge
Criminal	and others.			

Approbation Lust includes a passive Lust for being the object of another's Lust or attention. [Crusader](#) Lust is an unbelievable system where very often Christians are trying to work for God, but having no Idea what Christian service is supposed to be nor what the Christian Way of Life is, they actually function to promote the plan and policy of Satan, [EVIL](#). The ultimate result of succumbing to Lust is entrance into function within the Arrogance Skills which lead eventually to Malice which is the Lust to Destroy another. The Arrogance of Lust occurs when extreme desire is linked with Arrogance. This is unrestrained, inordinate, unregulated, abnormal desire. It is an arrogant preoccupation with self and one's own desires leading the believer to distraction from consistent Perception, Cognition, Inculcation and Metabolization of Bible Doctrine. It includes and interlocks with [Sexual Arrogance](#) but is NOT limited to Arrogance related to sex. It is an inordinate desire for Sex, Wealth, Recognition, Power, Success or any of the accouterments of life.

The believer in Maturity Adjustment to the Justice of God or Advanced Maturity Adjustment to the Justice of God never varies and never waivers and Bible Doctrine is ALWAYS Priority #1 in his life and this is why these believers can enjoy everything in life. Whether his circumstances take a spiritual, temporal or historical impact direction they can be enjoyed to the maximum by the person who reaches Maturity Adjustment to the Justice of God. HOWEVER, it is very important to realize that *other people do not like it when one is enjoying everything to the maximum*. This is a result of their Old Sin Nature's Lusts functioning and they would like to enjoy what this advanced believer is enjoying. From their arrogant perspective of thinking, they are much better than he is, and they cannot understand how he can have all these

enjoyable things and all this enjoyment when in their thinking, he is such a cluck and a pain in the ass and they are so marvelous. They add to their Arrogance with [Jealousy](#) while he, simply enjoying his life, puts added pressure on their Arrogance. He has many things they do not, enjoys life as they cannot, is a blessing to others as they cannot be, has historical impact which they cannot have and which they do not even comprehend and has everything in life which they do not and this puts terrible pressure on their Arrogance. Therefore, they constantly plot and conspire against him and attack him but they will inevitably die horribly under the Sin Unto Death as a result, after being subject to Warning and Intensified Divine Discipline. The funny thing is that others in their periphery never catch on to these things as the cause for the situation which provides their extreme suffering.

### **Gate #29 – The Arrogance of Unrealistic Expectation**

When involved in Unrealistic Expectation Arrogance one is not being loved as he wants to be loved and thus tries to change the other person to conform to his expectations of love. He is not treated the way he thinks he should be treated, therefore, he tries to change others to conform to his expectations as to how he is to be treated. He becomes very frustrated when he cannot get people to conform to his Unrealistic Expectations and thus becomes childish because he has the idiotic idea that everyone should be like HE thinks they should be. Lovers should conform to his romantic notions and friends should act the way he thinks they should act and his spouse must act the way he thinks she, or vice versa, should and in the worst cases be like dear old mom or dad! Unrealistic Expectations interlocks readily with the [Arrogance of Unhappiness](#) and is defined again as a level of subjective preoccupation with self. Unrealistic Expectations present themselves in many ways. These Unrealistic Expectations result in the [Demand Syndrome](#) seen in many contemporary believers. Because they are not loved nor treated the way they want they become frustrated and laden down with Arrogance and [Bitterness](#) and involved in and functions under the [Arrogance Skills](#). Unrealistic Expectations + [Ignorance](#) of the Bible Doctrines of the Church Age destroy the Focus of the [Unique Spiritual Life](#) in Human History.

The Essence or Character of God is protected by the Integrity of God with Love as the motivator and Righteousness as the system of standards and Justice as the function. The believer in the Royal Family of God, has been loved by God from Eternity Past the way he ought to be loved, but as a result of a lack of [Metabolized Bible Doctrine](#) he does not know nor understand this love. Therefore he fails to respond to it and as a result there is NO reciprocity of [Personal Love for God](#) and no motivation in the Spiritual Life. As a result of lack of motivation the [Grace Apparatus for Perception](#), provided by God for him to learn Bible Doctrine, is neglected and there is a lack of the accumulation of Metabolized Bible Doctrine into the Stream of Consciousness of his Soul. This very often results in this believer saying Bible Doctrine does not work when they are under some pressure or are being tested and cannot pass the testing. In these believers perpetual carnality reigns and the [Rebound](#)

Procedure is abandoned for Arrogance so that Legalism takes over in the soul. As a result they become lovers of pleasure instead of lovers of God, always learning but never able to come to the (gr) EPIGNOSIS knowledge of Truth. (2Tim 3:2-7) They thereby reject the only way they can ever be loved and the way they ought to be loved by God in the Spiritual Life. Arrogance along with legalism breeds unhappiness and results in divine discipline. (James 4:6, 1Pet 5:5) This believer misses out on the principle that God loves him the way he ought to and wants to be loved. When the believer responds to the Doctrinal principle that God loves him as he ought to be loved this results in his entrance into the function in the Spiritual Life with Reciprocal Love for God or Reciprocity, and motivation for spiritual advance which blessings beyond his dreams or desires

Unrealistic Expectations means Self Deception where people are not treated as they want to be treated. When this is combined with the Self Centered Arrogance or arrogant subjectivity it replaces the function under the 4 Spiritual Skills in the life of the believer. This is in essence the 3<sup>rd</sup> Arrogance Skill, Self Absorption and combines all the Arrogance Skills in the Soul replacing all the Metabolized Bible Doctrine which was ever in the Stream of Consciousness of the Soul. Self Absorption then moves backward to Self Deception and this person is now bound into self induced misery and self fragmentation in his Life all the while blaming others for the consequences of his Arrogance and Sins. The believer can only operate either under the Spiritual Skills or the Arrogance Skills. Once he reaches this stage of fragmentation, it results in constant cycling of the Arrogance Skills in the Stream of Consciousness of the Soul and the underlying base of this problem is entrance and consistent residence and function in Cosmic Dynasphere I, the Interlocking System of Arrogance.

His self absorption feeds the Arrogance of Unhappiness, and it intensifies all the problems in his life. Unrealistic Expectations Disillusions the believer in such a way that the believer goes on a Frantic Search for something which will bring him happiness, thus entering stage 2 of Reversionism. His primary problem is that the only complete solution to this Frantic Search for happiness is developing and deploying the 9<sup>th</sup> Problem Solving Device, the Happiness of God, +H. However, this can only occur through consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine resulting in his moving through Spiritual Adulthood and then reaching Maturity Adjustment to the Justice of God and completing the Execution of the Protocol Plan of God, which he has not even attempted to do. Only consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine resulting in a maximum level of Metabolized Bible Doctrine residing in the Stream of Consciousness of the Soul can develop the position of Sharing the Happiness of God and never will all the Wealth, Success, Fame, Sex, etc., in the entire world, nor any other form of approbation, do so.

When involved in Unrealistic Expectations if one rationalizes a problem then he will rationalize the solution and if he rationalizes the solution he will select human solutions over Divine Solutions. Therefore according to the elative conclusion, a rationalized human solution is no solution. The believer must recognize the reality of a problem before he can recognize the reality of the divine solution. This is why some believers deny and fail to use the Rebound Procedure because they feel in their self centered perfection that they have no failures to admit

to. Unrealistic Expectations as a part of the second Arrogance skill, Self Deception, is where the believer seeks to solve frustration by adding Arrogance to Arrogance. The Arrogance of total Preoccupation with Self in the 3rd Arrogance Skill of Self Absorption is thus added to that of Self Deception. Most of those involved in this mechanism are very lonely people and simply want a little companionship. Involvement in Self Absorption also requires Self Justification and here begins the cycling of the Arrogance Skills where the individual is building themselves up in their own soul. Unrealistic Expectation is always a state of unhappiness caused by entering into these Arrogance Skills. When a believer is involved with Unrealistic Expectations he never takes responsibility for his own actions because of his divorcement from reality. Unrealistic Expectations as self absorption means that one is rapidly moving farther away from reality because of the function of recycling through all the Arrogance Skills. The fact is that Arrogance never takes the responsibility for being Arrogant. His decisions related to reality are related to only one type of life style that being life under the Arrogance Skills. When one enters into function under the Arrogance Skills he brings Divine Discipline upon himself for being outside the Grace Plan of God and the only threat to this pseudo reality of the Arrogance Skills is the Absolute Truth of Bible Doctrine.

As a result of involvement with and function under the Arrogance Skills the illusion created by Arrogance becomes the illusion destroyed by Arrogance. This results in rearranging the Doctrine of Hamartiology (sin) to fit one's own Arrogance and in order to rationalize one's own sins and retain one's false judgment of self as perfection. As long as the believer assigns responsibility for his problems and failures to another human being he is under a system of Evil [Obsession](#) and until he recognizes his responsibility for his own problems he will be functioning under the Arrogance Skills and divorced from reality and never be able to solve or get out of the problem situation. The believer must straighten out himself in order to facilitate his getting out from under his problems. The Elative Conclusion says that the divine solution is the ONLY solution and Human Solutions are no solutions. The Solution provided by God is in the form of becoming conscious of just one single sin which has been committed. This brings to the front the option of using the [Rebound Procedure](#) to reestablish the Filling of God the Holy Spirit and thus break the control of the Old Sin Nature over the soul.

### **[Gate #30 – The Arrogance of Sincerity and Desire](#)**

Desire is wanting to possess something without going through the effort needed to gain it. Desire always travels with 2 other companions, Arrogance and Sincerity. There is no way that sincerity is ever a [Virtue](#) since sincerity is a superficiality. People sincerely desire to glorify God and to do the right thing by God and to help God. In most cases this desire to glorify God is never going to be the reality of glorifying God and there is a vast difference between these. Desiring something like this is arrogance and the desire alone takes one farther and farther from reality and actually further from accomplishing that which is desired. Desire and Sincerity will never glorify God but GRACE function and application always does, however,

[Grace Orientation](#) and Function requires continuous, persistent Post Salvation Epistemological Rehabilitation from Positive Volition to Bible Doctrine by the believer. The function of volition under desire is never the source of blessing from the Justice of God. One can wish, desire, beg, cry for blessing in sincerity and the result is only that he is farther from blessing than when he started. Sincerity and desire have introduced a series of false issues which build a wall between him and God. Esau hustled, cried, wept, was sincere, reformed but never expressed faith alone in The Lord Jesus, The Christ alone. Wishing for blessing from the Justice of God will never bring blessing from God. In the Christian Way of Life no beggars will ever get blessing and only in the [Human Good](#) welfare state of socialism will beggars ever get anything. Desire in the Stream of Consciousness of the Soul is no substitute for Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Combining Sincerity and Desire into ‘Sincere Desire’ greatly complicates simple desire. God has a plan for all creation and for mankind and for every individual believer and He has revealed His plan and the believer MUST follow his plan and following the plan is simple since it is a GRACE Plan and under a Grace Policy there is no work, merit, earning or deserving by the recipients in the plan. Only Metabolized Bible Doctrine in the Stream of Consciousness of the Soul of the believer provides the capacity to receive the benefits of blessing within the Plan of God which come by way of the Justice of God. Desire in the Stream of Consciousness of the Soul is meaningless in the Plan of God. Desire and Sincerity will divorce the believer from the reality of the Plan of God and the blessing which is available from God. The believer with these characteristics of the soul becomes a ‘hustler’.

In the [Pseudo Intellectual](#) sincerity is as meaningless as the emotion which originates it. The Arrogance of [Emotionalism](#) produces sincerity and it is the sincerity of the pseudo intellectual which drives them to the [Self Righteous Arrogance](#) of trying to fix the world’s problems with such EVIL functions as socialism and welfare state systems. Sincerity is directly connected to the emotion and is therefore of no value in any crisis and pseudo intellectuals will be dropouts in any crisis. Sincerity is, therefore, interlocked with Emotional Arrogance and if one is going to be sincere for any reason he must be dogmatic about it and also emotional. This is the Arrogance of Sincerity interlocking with Emotional Arrogance and setting up false dogmatic statements and principles.

### **[Gate #31 – The Arrogance of Pseudo Love](#)**

Of all the subjects in the scripture Love is the major one that average Christians do not understand. They do not understand Personal or Conditional Love nor Impersonal or Unconditional Love and especially the Attribute of the Love of God nor the Anthropopathism of love related to God. As one thinks of Love and Hate as emotional responses to another person or thing or situation he must recognize that God cannot emotionally love the world and God cannot hate anyone and it only takes Arrogance from man to think God can do either of these.

To the extent that one's love of another has any level of Arrogance, to that extent he has no Capacity for Love in any category. There can be no true love when there is function under the [Arrogance skills](#), the Interlocking System of Arrogance or the Interlocking System of Antagonistic Emotional Hatred, all which are guaranteed to destroy the believer because they are part of the Power System of Satan derived from EVIL. Arrogant Pseudo Love is an attempted duplication of True Soul LOVE for the individual who is residing in the Cosmic Dynaspheres. All Personal Conditional Love related to people is [Virtue](#) dependent for happiness and success and within Cosmic Dynasphere I, the Interlocking System of Arrogance there can be NO VIRTUE. Personal Love among human beings depends on virtue for its very existence and perpetuation to solve the problem apparatus existing with it. When a person says "I Love You" when in the Cosmic Dynaspheres it is hypocrisy, arrogance, vanity and [Motivational Arrogance](#). It is paradoxical that in Arrogance mankind is constantly looking for Unconditional Love from others. People in Cosmic Dynasphere I the Interlocking System of Arrogance are totally preoccupied with self and what they want in personal relationships is Unconditional Love, unconditional adoration from others. This is the nature of Arrogance thus life in Cosmic Dynasphere I means the impossibility of finding or perpetuating True Love in relationships. The arrogant desire for Unconditional Love requires a complete and total focus of another's activity in one's own direction. The reality of this is like trying to hold water and squeeze it. Intimacy and rapport in personal love relationships are conditional and EXCLUDE virtue and they can only become Unconditional by having Impersonal, Unconditional Love for all. The Cosmic Dynaspheres Destroy personal love and Arrogance only desires unconditional love toward the subject with no consideration for the object. When the subject and object in a personal love relationship are both arrogant the relationship of romance or friendship will completely self destruct.

Therefore, any form of love when one is residing in the Cosmic Dynaspheres is a false or pseudo love and must include Arrogance and hypocrisy and the greater the Arrogance the greater the Hypocrisy. Just as morality in the Cosmic Dynaspheres is Arrogance, [Self Righteousness](#) and [Legalism](#) so Love in the Cosmic Dynaspheres is Arrogance, the narcissus syndrome, hypocritical and a Problem Manufacturing Machine. Love in Cosmic Dynasphere I the Interlocking System of Arrogance manufactures problems toward self, toward others in one's periphery and also toward God.

### **True Love**

*"I could not love you dear so much, loved I not HONOR more",* Lovelace. This is the principle of love under the Laws of Divine Establishment and the true meaning of love. True Love is a result of something far greater than emotion, it is Integrity and Honor. Lovelace presents the reality of the case that without honor you have no capacity for love nor happiness nor simple pleasures in life. Without capacity for love in any category you have neither honor nor integrity which are so needed for happiness in life.

➤ Integrity + Loyalty = Honor

When people residing in the Interlocking System of Arrogance become part of one's life, they

demand that there is loyalty to them instead of to the principles of Bible Doctrine or the Laws of Divine Establishment and Divine Institutions. They thereby destroy one's integrity, honor and ultimately capacity for life, love and happiness. Pseudo love emphasizes sex or physical love, therefore self over honor. Objectivity and sex in marriage becomes the ritual which goes with the reality found in the HONOR of true soul love.

- ✧ Sex + Subjectivity = Self Centered, Self Gratifying or [Sexual Arrogance](#)
- ✧ Integrity + Loyalty = Honor == Objectivity
- ✧ Sex + Objectivity == Selfless, Considerate, Thoughtful or Expression of True Love

True love emphasizes honor and integrity therefore the object of love receives both loyalty and respect. Integrity + Loyalty = Honor, therefore, to become honorable, one's integrity must be loyal to the principles of Bible Doctrine, the Laws of Divine Establishment and the Divine Institutions which must first be understood and then applied to life. For the believer in The Lord Jesus, The Christ this means a total understanding and application under reverse concentration of the [Royal Family Honor Code](#) the best summary which is found in *Romans chapters 12-16*. Objectivity for the believer results from consistent Perception, Cognition, Incultation, Metabolization & Application of the Bible Doctrine which constitutes the totality of the Royal Family Honor Code and all its concepts. For the Unbeliever in the client nation this also results from consistent Perception, Cognition, Incultation, Metabolization & Application of the Bible Doctrines involving the Laws of Divine Establishment and Divine Institutions and all their ramifications. Both of these processes require objectivity of the soul. One cannot understand and apply Bible Doctrine nor the Laws of Divine Establishment and Divine Institutions, which are derived from Bible Doctrine, and be subjective because subjectivity is Arrogance.

- ✧ Subjectivity + Arrogance (-Integrity -Loyalty) = Cowardice

Cowards have no sense of responsibility and are totally Arrogant and subjective because subjectivity makes a total issue of self. A believer with maximum courage may instantly become a coward because of entanglement into the Interlocking System of Arrogance. In combat situations in the military, a very courageous person can become a raging coward from one day to the next day because of becoming entangled in the Interlocking System of Arrogance. Arrogance in its many forms always results in an inward personality change even if it is not outwardly evident.

Arrogant people take the integrity and loyalty out of the principle of Honor. Arrogant people destroy integrity and honor in others by making an issue of themselves. Arrogant people make an issue of self and thereby USE those they say they love. Arrogant people who use another person will eventually despise him. These Arrogant people cause the problems involved with pseudo love or pseudo friendship which involve integrity vs loyalty. Anyone who makes an issue of integrity vs loyalty is trying to draw one into pseudo love and that influence is coming from an Arrogant person and integrity will inevitably be destroyed.

In the human race in order for Personal Love to function properly it must have the insertion of virtue from [Impersonal Unconditional Love for Mankind](#), this is the Live and Let Live principle. Personal Love for man is dependent on virtue from the [Integrity Envelope](#) of the Divine Dynasphere which includes Personal Love for God and Impersonal Unconditional Love for Mankind. This divine mandate requires the [Virtue Love](#) of Personal Love for God and Impersonal Unconditional Love for all Mankind rather than Arrogance in order to make Personal Love for man function properly in life. Personal Love for Man always gravitates toward Arrogance with a focus on, “what makes ME happy”, “what turns ME on”, “what can she or he do for ME”. Therefore, Impersonal Unconditional Love for Mankind is free from Arrogance while Personal Love for Man is hamstrung by Arrogance. Personal Love for God becomes [Motivational Virtue](#) for Personal Conditional Love in Life. Impersonal Unconditional Love for Mankind provides capacity for Personal Conditional Love for humanity in the form of friendship, romance, and in marriage. This is the Integrity Envelope for Personal Love, which is always virtue dependent. Impersonal Unconditional Love for Mankind is unconditional in all relationships and offers integrity, honor, and virtue by removing reaction, retaliation, [Revenge](#), [Jealousy](#), [Pride](#), [Self Righteousness](#), [Self Pity](#), etc.

Impersonal Unconditional Love for Mankind, Problem Solving Device #8, emphasizes the honor and integrity of the subject and is always free from the [Motivational Arrogance](#) of [Mental Attitude Arrogance](#). In other words one cannot produce Impersonal Unconditional Love for Mankind in the Divine Dynasphere while being arrogant, jealous, bitter, vindictive, implacable, full of hatred, seeking vengeance, full of self pity, or in the throws of a guilt complex. However, Sacred HONOR, developed from Loyalty to Bible Doctrine and [Integrity](#) from progressing through the Divine Dynasphere, forms a legitimate system of human sensitivity and thoughtfulness of others. As a result of any involvement within the Cosmic Dynaspheres this believer is flawed and has no capacity for Personal Love nor any ability to develop Impersonal Unconditional Love and NO honor nor integrity. Impersonal Unconditional Love for Mankind and Personal Love both have emotional responses in the soul and there is no inference that there is no emotional content in Personal Love or Impersonal Unconditional Love for Mankind. It should be obvious that Impersonal Unconditional Love for Mankind solves personality conflicts and supports and strengthens Personal Love. However, if [Emotion](#) dominates the soul the Believer has NO capacity for either Impersonal Unconditional Love for Mankind nor Personal Love and instead he resides in the Cosmic Dynasphere I, the Interlocking System of Arrogance under the Motivational Arrogance of Mental Attitude Arrogance. Believers are mandated to engage in Impersonal Unconditional Love toward all other believers. ([John 13:34](#), [John 15:12](#), [John 15:17](#), [Heb 13:1](#)) Impersonal Unconditional Love must be non hypocritical, ([Rom 12:9-10](#)) whereas pseudo love in the Cosmic Dynaspheres is always riddled with hypocrisy. This Cosmic Dynasphere love is Arrogant pseudo personal love which is designed only for self gratification. The key to success or failure of personal relationships is the involvement or lack thereof in Arrogance. Pride or Mental Attitude Arrogance destroys capacity for love and for all aspects of life. Even a “Wrong Man” minus Motivational Arrogance or “Wrong Woman” minus Motivational Arrogance will result in a successful marriage simply because of no involvement in the Interlocking System of Arrogance. [Humility](#) is essential for success in marriage, career and life in general. ([1Pet 5:5-6](#))

Pride is a sin and Motivational Arrogance and as such is one of the greatest enemies of having any true capacity for love or life. The people who cannot love because of their entanglement in the Interlocking System of Arrogance are also unteachable because of their arrogance and thus cannot find the solutions to it. Love has to be instinctive and objective and have a sense of justice and although EMOTION in love is wonderful it is only an APPRECIATOR and has no doctrine, rationalization nor common sense and is only a responder to physical or mental attraction. Everyone wants to love and be loved, so they rush into it without any thought and no focus on the Bible Doctrinal principles regarding love. There can be very real true love or friendship when a person has capacity for it and they are free from gossip, Self Righteousness, maligning, slander, etc. Subjective people are very frustrated and as a result constantly engage in gossip and malign anyone who seems to be happy. In general in this nation Americans have lost their judgment about many things and the majority of the people have a myriad of internal Hangups which put Scar Tissue on the Soul. Today in the United States of America things are totally disastrous in this regard and most people have Arrogant Self Righteousness and therefore have no capacity for love and they cannot be taught since this Self Righteous Arrogance comes from deep in the Stream of Consciousness of the Soul. Being generally unteachable requires a long drawn out process until the soul is able to be straightened out as a result of consistent Perception, Cognition, Incultation, Metabolization & Application of Bible Doctrine and the Mental Attitude sins, Verbal sins, Overt sins and hangups are systematically lost. Until then there will be little or no capacity for love in any category. As a sin, fornication is considered by the majority of Christians to be a GREAT sin, but the Justice of God hardly tapped David for fornication. However, for Pride or Mental Attitude Arrogance, having hangups in his soul and committing MURDER David was clobbered by God suffering Divine Discipline for 15 plus YEARS. What the truly believer needs is to develop the capacity to love The Lord Jesus, The Christ and to get out of his own hangups, Pettiness, Insecurity, Inordinate Competition and inordinate affections. This capacity only comes from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and reaching Maturity Adjustment to the Justice of God. One cannot ever become a mature believer and remain subjective in his Stream of Consciousness. Subjectivity comes from being young and competitive and making one's way in life while gaining confidence. When it is persistent in life this attitude is often very destructive.

The Righteousness of God and Justice of God have constantly reciprocating functions based on the Status Quo of the believer. What the Righteousness of God approves the Justice of God MUST BLESS, and what the Righteousness of God condemns the Justice of God MUST PUNISH. These functions occur as a result of motivation by the Love of God. This is the Integrity of God in its functions. No matter one's failure or success in the Spiritual Life, the Love of God remains the same, clearly demonstrated in the cases of Paul, Moses, David and many other believers including every individual believer today. However, when the believer involves self in Sin and Arrogance, the Righteousness of God switches to its condemnation mode and as required the Justice of God disciplines the believer, always motivated by the Love of God expressed according to the "rules" of the Grace policy and plan of God, which the believer has chosen to reject or ignore. The believer must understand that Divine Discipline for his failures

is motivated by the Love of God which wants to stimulate the believer to use his volition to return to and stay under the Grace Policy and in the Grace Plan of God.

The believer who is under Positive Volition to Bible Doctrine must have his mind organized through self discipline, respect for [Authority](#) and recognition of greater more important things in life than self. This means that there comes a time in the life of every person that responsibility, duty and honor, must take precedence over one's Personal Love for another and desires for the accouterments in life. This is what occurs in military life during wartime. In life there always will be tests to see if one's sense of duty, responsibility and understanding of historical circumstances are more important than those dearest to him whom he loves personally the most. This also demands reciprocity because in noble, honorable and [Virtuous Love](#) the one being left behind MUST understand the importance of Duty and Honor. The woman's love must be so great that she is willing to permit her husbands sacrifice for this responsibility and when this occurs it is truly wonderful and honorable to witness. A fantastic example of this is the famous speech **"Toast to Army Wives"** by George Patton. However unfortunately, this is not the case with all military wives and today it involves the IDIOCY of "military husbands" who stay home while the wife goes of to fight in wars. Mostly these are very selfish, superficial and very stupid being not willing to let their husbands out of sight for even a second because their time with their husband, to them in their Arrogance, is more important than anything else in life. This is how a people think in times of decadence. There has to be, on the part of the woman, not only a response to the man she loves but the recognition that he must do his duty in life whether at a simple job which requires long or unusual hours or long periods of time away from her in service to his country. These wives must be very understanding and noble and very much in love and dedicated to making a wonderful home for their husbands when they return from duty to country. They must not be contentious and constantly complain and nag and one must not call them bitches because this maligns female dogs unnecessarily. Where true love exists, in the parting of those who must sacrifice from the ones they love dearly, when the wives left behind see their loved one go, they MUST be understanding and encouraging rather than whining, [Complaining](#) and unnecessarily contentious. The one who leaves, must leave with the encouragement of knowing he is loved and will be missed and that his loved ones will be waiting when he returns, as a result he will function to the highest levels of Honor and Integrity in his duty being highly motivated from this love.

However, the believer need not be the person who is sweet to everyone and thinks that doing things for others and helping others with their difficulties or problems or even simple things they cannot do for themselves is always the right thing to do. He should not be the person who cannot say NO to anyone and thereby neglects the responsibilities he has toward "loved ones" because he cannot be unkind or say NO when someone asks him for something. He must not be the one who IGNORES when his loved ones ask for something or who is late for appointments with them because of being SWEET or helping OTHERS. This kind of person has been brainwashed thinking that 'loving the brethren' means being sweet to obnoxious people. It is TOTALLY ACCEPTABLE to be nice and polite to others but being sweet to the average person who has an area of [Blind Arrogance](#) makes them think that when anyone speaks softly

or in kind tones or is a gentleman, this one is a push over and can be easily manipulated. There is no such thing as LOVE in any category without Character and Integrity and people who are constantly SWEET have neither. The people of this country have lost all character and integrity and this was clearly demonstrated when the United States FAILED to help the Hungarians against the communists when they begged for American intervention. Character and integrity says COMMUNISM is EVIL, the United States government said it would help but never did and in fact BACKED DOWN like the yellow cowards the people had become and still are as clearly demonstrated in Korea, Vietnam and the Middle East and now with the contentions with China and Russia in the 21<sup>st</sup> century. Most believers have a difficult time with this principle because they have heard too many pastors talk about LOVE with dulcet tones and with sweetness oozing from their mouths. There is a legitimate love but it is always to be based on CHARACTER, INTEGRITY, and above all else Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and the [Filling of God the Holy Spirit](#) but it does not mean one has to be a sweet jackass and allow himself to be pushed around by manipulative morons. This is exactly what the American government has been and constantly IS demanding of the population today. It is also what the American government is and has been for many decades succumbing to on the world stage. Legitimate love is a Relaxed Mental Attitude with freedom from implacability, vindictiveness, jealousy, pettiness and all Motivational Arrogance and [Mental Attitude Sins](#). This is true love and it also embodies HONOR and INTEGRITY.

If one has selfish love which includes [Jealousy](#), pettiness and other reactions he will destroy his capacity for love since all true love must have a sense of sacrifice. True love must be sensitive to the object of love. The Personal Love which is possessive is no love at all. This is like a horse with a tough mouth which is not sensitive to the light use of the rein at all. When one becomes possessive and jealous inevitably he destroys the wonderful love he may have had. Love does not stand still in life and is always moving forward or backward. Therefore, one loves those close to him either more or less than he did before. Being possessive strangles and smothers love and if one smothers someone's love for him, he will destroy them as well. One loses something in love when he forgets the origin of all love and by remembering the origin he always has humility to support and stabilize his love. Occupation with the Person of The Lord Jesus, The Christ, [Advanced Personal Love for God](#), is the key to capacity for both Impersonal Unconditional Love and Personal Love, thus reaching the status of Maturity Adjustment to the Justice of God is a prime objective with regard to having capacity for Love.

### **Dishonor & Love**

When a woman breaks up with a man in whom she has supposedly been in love and then runs him down to her next lover she has no integrity nor honor. [Bitterness](#) and all [Mental Attitude Arrogance](#) result from a life in the Interlocking System of Arrogance. When involved in Arrogance, under the concept or function of Integrity + Loyalty = Honor, Arrogance cancels integrity and therefore honor and leaves only loyalty to generally a jackass of a person or idea. Client nation Arrogance always manifests itself in the collective distortion of the meaning of love. People use the term "LOVE" for everything as a part of their distortions which is not its true meaning. Client nation public Arrogance divorces love from honor and integrity whereas, true love is based on honor derived from integrity. Integrity in true love results in total loyalty

to the one loved and one would never betray the person he loves and therefore he has HONOR. There is no capacity for love or happiness without the principle of Integrity + Loyalty = Honor. Therefore, true love resides in 'integrity attraction' rather than 'physical attraction' between a man and woman. Physical attraction cannot ever be on the same level with Integrity attraction. Feminine physical beauty is common and where it does not exist it is usually because women generally are whining self pitying wimps. True love is the attraction of the mind in objectivity and the attraction of integrity. Issues in true love are always based on compatibility in fields of integrity where fields of integrity involve the Absolute Truth of the Gospel of Christ, the Laws of Divine Establishment and entire realm of Bible Doctrine. If one has honor first then he can have true love. This is the means by which a woman will give first place to her Right Man and to his career and both of them to Bible Doctrine. Honor therefore, becomes the capacity for love in all categories. There is no capacity in the average believer for Category I Love today because there is no knowledge of God, therefore, no honor or respect for The Lord Jesus, The Christ in general. Category III Love is friendship and true friends cannot exist without integrity from both parties. Integrity means a total loyalty and true friends are loyal to each other without being disloyal to doctrine or truth thus maintaining HONOR. In true love 'integrity attraction' is the reality while 'physical attraction' is the ritual. Consequently the principle holds true here as well, "Ritual without reality is meaningless". A woman cannot get her way with a man by nagging and if she does she has destroyed his integrity. A man of integrity and honor will never succumb to nagging no matter how long it lasts. The thing which most defeminizes the woman and detracts from any attractiveness she might have for the man is nagging, whining, mewing and complaining.

### **Personal Love vs Virtue**

Everyone sins, because everyone has an Old Sin Nature, but not everyone is or can be Virtuous but the fact that the believer in The Lord Jesus, The Christ has an Old Sin Nature AND can in fact be virtuous should provide a small inkling as to the GENIUS of the System of God. The believer has been BORN again into the System of God which requires Virtue First and demands he gives priority to the mandates of the system. In the System of God his volition must be focused on things within the system not those outside the system which can distract and thereby destroy him. In the System of God, Mandates must be Obeyed. In the System, Personal Love is only OPTIONAL, however, everyone constantly runs around in life looking for someone to fall in love with looking for romance instead of Virtue. If the believer looks for Virtue First then when romance is found it will be a success but without virtue, romance will be a source of Disillusion, total Arrogance involvement and ultimately self destruction. Impersonal Unconditional Love for Mankind is Imperative in God's system, is a problem solver and is one of the mandates which must be obeyed. Another mandate for the believer is for him to be Virtuous but he is not ever commanded to fall in love. Virtue characterizes interaction within the Divine Dynasphere in order to handle the problems resulting from the Old Sin Nature and the myriad of attacks of the Cosmic Dynaspheres. There can be no unconditional aspect of personal love toward man and to seek it results in instability, frustration, immaturity, unhappiness and illusion which will drive the believer into Cosmic Dynasphere I the Interlocking System of Arrogance and the Demand Syndrome of the Narcissus complex. Virtue in the believer is the manifestation of the invisible life within the Divine

Dynasphere and all happiness depends on virtue not any of the accouterments or “DETAILS” of any aspect of life.

### **Gate #32 – The Arrogance of Inordinate Grief**

Dying is, in fact, designed by God so that a person has to ‘go it alone’ and face reality alone once and for all. Dying forces one to face the fact that being a success or failure is only based on how one dies, with or without [Metabolized Bible Doctrine](#) as support. God gives dying blessing ONLY to the one who succeeds by the divine standard of having reached [Maturity Adjustment to the Justice of God](#) as a result of building a maximum level of Metabolized Bible Doctrine in the Stream of Consciousness of his Soul. It is very easy to become vindictive, neurotic or [Psychotic](#) when exhausted or during a prolonged period of dying, however, if there is use of the inner resources of Metabolized Bible Doctrine this believer will receive blessing so that he recognizes that it is a privilege to carry on even though exhausted, then, he gets a preview of what the Lord has for him in dying.

The Principles for the mourner revolve around the concept that grief is a *private matter* between the one who has lost someone dearly loved and ONLY the Lord. Loneliness, sorrow and fragrance of memory belongs only to the one left behind, not the whole world. Comfort from the word of God belongs only to him and many times this will not be understood by others in his periphery when a loved one has died. The believer MUST know that the one he loves is in a place of “no more sorrow and no more tears” and has gone through there own “death shadowed valley” in the absolutely perfect timing of the Lord. No one deserves to harbor resentment and hate in social situations because others are going on with their lives, nor ever try to impose any grief onto them. The believer is left behind to honor the Lord with his function under the [Spiritual Skills](#) and his response to Grace with [Doctrinal Orientation](#) and [Grace Orientation](#). Reaching a point of [Occupation with the Person of The Lord Jesus, The Christ](#) demands that he keep on advancing to or through Maturity Adjustment to the Justice of God and complete the execution of the Plan of God despite his loss. God has allowed him to remain here alive to fulfill a definite purpose for his life and he must accomplish it. In this way he honors the memory of those whom he loves who are now gone and he can retain those memories until they meet again. ([Rom 14:10](#)) Life must GO ON for the living even though there is a great sorrow for the loss of loved ones. Only the Grace of God can provide the needed comfort and strength to weather this storm in life.

The believer has been given the opportunity to Metabolize Bible Doctrine into the Stream of Consciousness of his Soul to avoid the Arrogance, Antagonism and Emotional sins which can be involved in inordinate grief. He does not forget loved ones who preceded him into heaven by God’s perfect timing for their death. Life and history must continue and he has been given time to fulfill the Plan of God so he must use that time effectively and never superimpose his grief onto those who are going on with there lives.

## Death is God's Decision

It is not uncommon for the believer to have increasing bitterness during the critical illness of a loved one when watching them get closer to dying. This is a result of the constant reestablishment of Arrogance in their soul. This produces Self Pity as a result of the pressure from critical illness. This believer often has been operating on Self Righteousness for a prolonged time and when these attitudes begin to cycle they produce a Guilt Complex and this believer ultimately will surrender to the Mental Attitude Arrogance and sin of irrationality and reaction in the crisis. When a person faces some pressure and relates it instantly to some failure in their past they become extremely Arrogant. When under pressure one must immediately think about the Lord not self in order to avoid Arrogance and self pity. It is an essential stabilizing fact that the Believer cannot be removed from this life apart from the sovereignty of God. Until God makes that decision NO ONE, NO SITUATION, NOTHING can remove the Believer from this life. Dying is God's decision and therefore he decides the time, manner, and place of the believer's death. No Believer can remain in this life longer than God has allotted time for him to remain here. No Believer can be removed from this earth until God decides to take him home. No instrument of death can ever remove the Believer until God makes the decision to remove him and God uses all sorts of instruments of death to take Believers home. Those who remain continue living as a result of the provision for them of Living or Logistical Grace and through the function of the Spiritual Skills. Their Grace Orientation must never be driven off by their soul retreating from grace because of Bitterness over the death of a loved one. The difficulty in handling the death of loved ones comes from the Emotional Arrogance and sins which include Fear, Worry, Anxiety, Vituperation, Revenge Motivation, and others.

Every human being will die apart from the rapture or Exit Resurrection of all believers at the end of the Church Age. Each one will die the way the Lord wants him to die under great blessing or great Divine Discipline. Dying will be fun and a huge blessing for the believer who has reached Maturity Adjustment to the Justice of God as a part of his Escrow Super – Grace blessings or it will be the greatest nightmare ever to occur in life for the Reversionistic believer. The way that this part of one's life plays out depends entirely on the individual's volition and attitude toward Bible Doctrine. The believer's decisions about life, the Lord and Bible Doctrine occur constantly and must be positive toward the Lord and Bible Doctrine above all else in life. When the time comes for dying and things are not pleasant in dying, one's own personal decisions from personal volition are what has shaped the manner of his dying. The believer actually decides every day of his life the manner of his death and what he thinks while dying and whether he is in a state of great happiness or great misery is the result of these constant decisions.

Elijah was full of self pity under the broom tree and in the cave and when God made him come out of the cave and asked him what he was doing there he switched from Self Pity to Self Righteousness. The application for the believer basically is that there is no way, that a believer in the Royal Family of God can die well unless he lived well and his capacity for dying is determined by his capacity for living and both come from the accumulation of

maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of his Soul. How one lives determines how he will die and if he has capacity for living then he will have capacity for dying as a mature believer. Ignorance of Bible Doctrine is Arrogance and Arrogance cannot cope with life and is divorced from reality. The coward in living is also a coward in dying and cowardice is lack of the ability to think under pressure whereas courage is the ability to think under pressure and the greatest form of courage is thinking Bible Doctrine under pressure while utilizing the final stages of the Faith Rest Drill (5 stages). When face to face with death and one is dying, even the Mature Believer in death very often will ignore the principle of Dying Grace and often they ask over and over again, “Why did this happen to me”? This is Arrogance. This Believer in Arrogance, if he has not responded to Divine Discipline punishment nor recognized the Authority of God, will fail in his spiritual life, fall into reversionism and come under the Sin unto Death, dying in the most miserable manner imaginable. God keeps every believer alive in time of disaster and adversity so that he can use the principles of Bible Doctrine and experience the greatest happiness of life IN DISASTER, under ADVERSITY.

### Death & Grace

Consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine and advancing in the Spiritual Life to Maturity Adjustment to the Justice of God results in removal of all fears especially that of death which is one of the greatest fears in life. The Fear of Death is one of the strongest of Satan’s means of controlling both believers and unbelievers in life. Eternal consolation means that sooner or later the believer must face the fact that unless the rapture occurs first EVERY human being must die. How one dies is the final test he takes in life to determine if he glorifies The Lord Jesus, The Christ or NOT! The difference is between Dying Grace for the believer who has reached Maturity Adjustment to the Justice of God and the Dying Discipline of the Sin unto Death for the perpetually carnal, reversionistic, or degenerate believer residing exclusively in the Cosmic Dynaspheres. The entire issue is that Death can be comfortable and marvelous and the greatest experience and blessing (Ps 116:15) in life OR it can be the final administration of Divine Discipline from God. There will be no discipline or punishment or pain or sorrow after death. Once the believer dies the soul and human spirit leave this human body and are absent from the body and face to face with the Lord where there is no more sorrow, tears, pain nor death. It is the knowledge of what occurs AFTER PHYSICAL DEATH that is important and part of the advance to Maturity Adjustment to the Justice of God is the knowledge of the Dying Grace Rationale developed through the use of the Faith Rest Drill (5 stages). This rationale is developed by learning from Bible Doctrine everything involving death for the believer and all that God provides for each believer in his death. After Salvation Adjustment to the Justice of God, God provides everything for each believer in living and also in dying and dying makes God more of a reality than living every could. When the believer has used his time in this life properly it results in a comprehension of the blessing he will receive in dying and this brings the understanding of the incredible nature of Dying GRACE blessings from God. In addition when the believer reaches Maturity Adjustment to the Justice of God he realizes that when and after he dies there will still be the principle of blessing by association, heritage blessing and historical impact for those left behind. This, therefore, can be and is immensely comforting for the believer knowing that God will

bless their loved ones and others associated with them after his death and possibly for many generations. In addition there is also the knowledge of the accompaniment of The Lord Jesus, The Christ while he travels through his own Death Shadowed Valley ([Ps 23:4](#)). This should bring the understanding that the death of every believer is precious in the sight of the Lord. There is also the anticipation of receiving the resurrection body and being face to face with him. **IF** the believer has done his best in the Spiritual Life (maybe he did and maybe he did not) and reached Maturity Adjustment to the Justice of God he will know that those left behind will also recognize that the Lord gives and takes away according to his timing and as a result of following his plan. He knows that those left behind will also know that He is still the Lord, to be revered by all believers in all circumstances, and this brings great comfort to the one dying. Understanding the principles of Bible Doctrine related to dying, which takes the sting and fear out of death, becomes the principle of eternal encouragement.

At some point every believer must face the possibility and reality of his DEATH, whether it will be instantaneous or slow, lingering and painful. He, understandably, may not joyfully anticipate it, especially the latter situation, as it is not a desirable thing to face. He must, however, always consider that GOD has provided all that he will need to face and over come everything in life including whatever death may bring to him. God will provide for each and every believer in his dying moments just as He did in his living moments and after his death the believer will be absent from the body and FACE TO FACE WITH THE LORD. The Christian must apply these principles to both self and also to loved ones who have been lost to death. He may seriously miss loved ones but must face the fact that the believer in The Lord Jesus, The Christ who departs this life is in a place of absolute perfect happiness. Understanding the principle of death and the benefit of death to the believer, he must be constantly aware of his responsibility in personally witnessing, especially to his remaining loved ones. The correct attitude of the believer left behind should not ever be inordinate grief for the one who has left this life and is with the Lord. He may experience extreme LOSS and this may bring him great sadness but should not make him fall into Self Pity Arrogance for the true fact is that *THE ONE WHO HAS LEFT SHOULD BE GRIEVING FOR THE ONES WHO ARE LEFT BEHIND* because those who are gone are face to face with the Lord. There is no sorrow or regret in heaven but if there was any aspect of it, those believers who precede us should be feeling sorry for those who have to remain in this world ruled by the devil.

**IF** The Lord Jesus, The Christ is faithful in providing the benefits of [Salvation Adjustment to the Justice of God](#) and then [Logistical Grace](#) support in time for the Christian and [Super – Grace](#) blessing at [Maturity Adjustment to the Justice of God](#), AND HE IS, he therefore WILL BE faithful in providing [Dying Grace](#) blessings at his death and unimaginable blessings after death in eternity. The human body is not eternally sanctified, separated to God, although it is separated to God for a short time in life after Salvation Adjustment to the Justice of God, but when the believer receives his own Resurrection Body he will have Ultimate and Eternal Sanctification. This new body will be perfect, not susceptible to time or any destructive force, with no pain and no misery, no Old Sin Nature and no tendency to produce Human Good. Therefore, the believer can justifiably conclude that his body will be set apart to God, just as is the body of Jesus at the right hand of God the Father now, since he will have a Resurrection

Body just like that of Christ. ([Phil 3:21](#), [1John 3:1-2](#)) The soul is to live with God for all eternity because of one's attitude toward the Substitutionary Spiritual Death of Christ for all human sin thereby choosing the Plan of God, and the regeneration or provision of a Human Spirit by God the Holy Spirit, which is part of the salvation package, giving the believer the ability to have fellowship with God in time and continuing for all eternity.

The Christian must know, as Paul did, ([Phil 1:20-21](#)) that to die, for the believer, is gain because he has been told in scripture that he has an inheritance incorruptible which will not fade and mansions in heaven waiting for him because of the Faithfulness of God. God cannot change his attitude toward the believer and this attitude is set at the moment of the believer making Salvation Adjustment to the Justice of God. The "Calling" of God is the moment the believer accepts the Substitutionary Spiritual Death of The Lord Jesus, The Christ and at that moment makes Salvation Adjustment to the Justice of God through faith alone. At this moment he becomes the object of the Faithfulness of God and this continues throughout time and into eternity and cannot ever change toward him. There is a time coming ([2Pet 3](#), [Rev 21](#)) where the earth will be destroyed by Fire and the whole universe will fall apart but where all believers in The Lord Jesus, The Christ will survive because of the Faithfulness of God. The Faithfulness of God is set down in detail and observable in the Grace Plan and Policy of God and His faithfulness is based on Who and What GOD is never who or what the believer is or has done. When one makes Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone, GOD starts dealing with him under the perfect plan of Grace and NEVER STOPS in time nor throughout all eternity. Always remember, the Faithfulness of God depends on GOD alone. Believers in The Lord Jesus, The Christ must KNOW that ALL believers have been promised under the Faithfulness of God, a wonderful, glorious future without suffering or misery or sorrow where they will be restored to loved ones in eternity who even now are in the place of perfect blessing and peace.

However, if the believer goes through the "valley overshadowed by death" ([Ps 23:4](#)) while functioning under the [Arrogance Skills](#), the Interlocking System of Arrogance or the Interlocking System of Antagonistic Emotional Hatred he manufactures his own misery in his rejection of Grace. If he goes through the death shadowed valley after living and growing spiritually to maturity and after execution of the Protocol Plan of God, Dying is then the greatest blessing and spiritual profit of all of his life. Death for the believer is Graduation Day and varies significantly in its processes for each believer. Some Believers will take a long time to graduate, therefore have a long valley to traverse. Some Believers will have a swift graduation, therefore have a very short valley to walk through. Some Believers will graduate at the head of their class, with the huge benefits of dying grace and all who advance to any degree in the Spiritual Life will receive some distribution of their escrow blessings and rewards in eternity as part of their [Surpassing Grace](#) package. Some Believers will graduate at the bottom of their class while residing in the Interlocking System of Arrogance or Interlocking System of Antagonistic Emotional Hatred with extreme misery. They will lack their escrow blessings and receive NO rewards for Eternity and their Surpassing Grace blessings will include ONLY ultimate sanctification with a resurrection body minus the Old Sin Nature and minus the potential for Human Good production. Dying will be the greatest blessing of the believer's life if he

functions consistently under the Filling of God the Holy Spirit and [Grace Apparatus for Perception](#) to reach Maturity Adjustment to the Justice of God and beyond to Advanced Maturity Adjustment to the Justice of God. However, Fear, especially of dying, focuses on the problems in life and also in dying, while the [Problem Solving Devices](#) focus on the divine solutions for both. Fear is Arrogance and an emotional sin therefore irrational and a major distraction to deployment of Problem Solving Devices on to the [Forward Line of Troops](#) of the Soul. Fear is also results in function under the Arrogance Skills rather than [Spiritual Skills](#) and is the source of the greatest influence from Evil in Life. The most important principle to always keep in mind is, ***Fear of Death will never prevent Dying,*** and ***Hysterical Grief will never bring a loved one back from the Dead,*** however, it will prevent living life and especially the Spiritual Life. Dying will be the greatest discipline of life if the Christian rejects Grace and functions under the Arrogance Skills and within the Interlocking System of Arrogance. For those left behind, all these things must be understood and considered when one that they dearly love leaves this life. Although a great loss will be experienced and they may have very strong grief at the loss, this is a private matter to deal with in privacy and to recognize that all believers will be reunited with loved ones after this life is over. Inordinate public grief, weeping and wailing constantly especially when anyone is present to listen to the overflowing sorrow which has been brought by this loss is absolute and total Arrogance on the part of the one grieving.

### **Gate #33 – The Arrogance of Insecurity**

For the believer in The Lord Jesus the Christ any level of insecurity is an affront to The Lord Jesus the Christ. It is a rejection of His provisions under Logistical Grace which are designed to keep the believer alive in this world ruled by Satan in order that he can have equality of opportunity and equality of privilege to advance in the Spiritual Life of the Plan of God and complete execution of this Protocol Plan of God.

There are 13 steps to the Hangman's Noose of Insecurity in life:

- ▲ Insecure husbands result in insecure wives.
- ▲ Insecure parents result in insecure children.
- ▲ Insecure children result in an insecure generation.
- ▲ An insecure generation DEMANDS Security.
- ▲ In demanding security (Generally from Government) an insecure generation becomes an entitled generation.
- ▲ The entitlement is offered to the insecure generation by insecure politicians (wanting only reelection).
- ▲ The Vehicle for entitlement becomes some form of socialism (Part of the Plan of Satan, EVIL), offered by an insecure government DIVORCED from the [Laws of Divine Establishment](#) principles as found in the infallible Word of God.
- ▲ To finance the pseudo security of socialism an insecure government buys power and security for itself through both confiscation of wealth in unjust taxation and

redistribution of wealth in the name of the false premise of “the greater good for the greater number”.

- ▲ In the process of socialism giving security to the insecure, Human Freedom is DESTROYED and replaced by the false premises of blessing and other tricky demagoguery words such as “CHANGE”.
- ▲ The divinely established biblically presented principles of freedom under the Laws of Divine Establishment and Divine Institutions are therefore superseded by absolute power in the hands of the insecure and incompetent rulers or representatives whose power lust feeds on the demands of something for nothing by the people so that the people sell their heritage of freedom for a mess of pottage, pseudo security.
- ▲ This is the beginning of national self destruction which can only be reversed by the spiritual solution which begins with regeneration as a result of Faith alone in The Lord Jesus, The Christ alone which must then continue with Post Salvation Epistemological Rehabilitation functions under the [4 Spiritual Skills](#), and then attains maximum momentum through a pivot of mature believers through whom GOD blesses the nation.
- ▲ In the end the only true and genuine security is provided by the Grace of God never by the efforts or mankind with the only exception being FREEDOM THROUGH MILITARY VICTORY as a principle under the Laws of Divine Establishment.
- ▲ Socialism and other forms of political panaceas are tantamount to the rejection of the divine solution. God’s answer to insecurity, which is provided by the Laws of Divine Establishment and Divine Institutions found in Codex III of the Mosaic Law and [Romans 13:1-10](#) regarding freedom, prosperity and the ultimate solution for time and eternity, Salvation Adjustment to the Justice of God through faith alone in The Lord Jesus, The Christ alone, is the entering into and fulfilling the Protocol Plan of God through the function under the 4 Spiritual Skills.

#### **[Gate #34 – The Arrogance of Dominating Personality](#)**

Personality Arrogance is a key issue in becoming involved in the Interlocking System of Arrogance. In [Blind Arrogance](#) a [Self Righteous Arrogant](#) person dominates a group through his own system of legalism or [Fanaticism](#) where he places himself above all others. When he hears an opinion with which he does not agree he steps in and expresses his opposing opinion seeking to impose his own Self Righteous Standards on all others in his vicinity. Because they have gone from Faithfulness to God in the Divine Dynasphere to Fanaticism in the Cosmic Dynaspheres he has a vernier of strength with a dominating personality as a result of saturation with Motivational Arrogance from Evil and he thus rejects all absolute Truth and Bible Doctrine. Very often an offshoot of Blind Arrogance is Personality Arrogance which is the arrogance of a person having a strong dominate personality and then using it to influence or

dominate a group. There are 2 types of people with Personality Arrogance one dominates through his pleasing, effervescing personality while the other will do so by manipulation. Personality Arrogance finds this dominating, manipulative, pleasing personality setting false standards for a group instead of true standards from Bible Doctrine or the [Laws of Divine Establishment](#) and [Divine Institutions](#). This is a Fanaticism and [Obsession](#) with self superimposing one's false [Personal Opinions](#) on others superseding Bible Doctrine standards which he has rejected. Generally speaking, the uninformed or naive person is the one most susceptible to this type of person. This naive person can be distracted from Bible Doctrine by any other who makes him a victim by the use of his strong Personality Arrogance involvement. This is the blind leading the blind in a church or business or any organization. This is where Personality Arrogance interlocks with Blind Arrogance, Personal Opinion Arrogance and also [Institutional Arrogance](#). ([Matt 20:1-15](#)) This is a member of the congregation deciding that the Pastor Teacher no longer has a biblical message or has not put it together correctly and upon announcing this to his "cell" of believers they then take the cue from him and follow him leaving that local church. All of these people thereby move deeply into the Interlocking System of Arrogance. When this occurs for the Pastor Teacher who is effectively teaching Bible Doctrine it is a good thing indicating to him that the majority whom he will be teaching will only be those under Positive Volition to Bible Doctrine. The dominating personalities in any organization are completely aware of setting up their personal and often erroneous opinions against the authority in the organization, against Bible Doctrine and / or the Pastor Teacher in the local church or anyone in an authority position in any organization. This is the selfcenteredness of Personal Opinion Arrogance and seeks to establish personal opinions over any doctrinal standard or any policy of any organization.

There will be many personalities in the Church Age strongly influenced by Evil, and in our time they include individuals like Castro, Khomeini, Tse Tung, Khrushchev, Carter, Nader, J. Fonda, Obama, Pelosi, Soros, Bloomberg, Biden, Harris, ETC. It is extremely easy for one to be disturbed or shaken by the personality of someone and become antagonistic. Many times people cannot learn because they cannot get past the personality of the one who is teaching and this is simply a test of their objectivity. The believer must never allow interaction with these Evil influenced or controlled personalities to disturb him to the point of not being able to apply Bible Doctrine. History is filled with leadership functioning under Evil in nations but always remember the principle that *the leadership of any nation generally reflects the Status Quo of the people in that nation*. Therefore, historically people get what they DEMAND, what they think and therefore what they deserve. However, the Mature Believer is always protected from leadership functioning under EVIL in a nation under the principles of Logistical Grace and the Wall of Fire. There were 7000 mature believers in the northern kingdom of Israel and because of these men the northern kingdom was protected and blessed in the time of Ahab and Jezebel. ([1Kings 19:18](#)) The believer with maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul is not disturbed by the personalities of contemporary history which are influenced strongly by or totally controlled by EVIL. Leaders functioning under Evil simply reflect the volition and thinking of the people they represent. These personality distortions, when they occur on a local, national or international level are simply distractions to learning and applying Bible Doctrine. Personality distortions in others

can result in the believer engaging in malfunction of the [Faith Rest Drill \(5 categories\)](#) and the involvement in the incessant whining of Human Viewpoint along with entanglement in the Interlocking System of Arrogance, becoming vulnerable to [Reversionism](#) and everything which hinders glorification of the Lord.

### **Personality, Blind & Institutional Arrogance Interlocking**

In business only management or investors can and should set any policy they want since they are using their money to finance the business. Without their capital there will be no labor at all. The labor unions try, and today most often succeed, to superimpose their standards on management in order to tell management how to run its business. This is the [Blind Arrogance](#) of their complaining about their wages or working conditions and Institutional Arrogance where those in the union are trying to set policy for the business. In addition it always involves Personality Arrogance with those controlling the union who have strong dominant personalities trying to bully management for more wages and labor to comply with their wishes and standards. This problem faces people in Local Churches and any organization and even in the home or any other institution under the Laws of Divine Establishment or Divine Institutions or any profession. Thus, Personality Arrogance and an extension of Blind Arrogance interlocked with Institutional Arrogance.

In Blind Arrogance a strong Self Righteous person generally dominates a group of weaker people with some system of Self Righteous Arrogance or [Legalism](#). When this involves believers, they are [Weak](#) being without Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and they assume a person with a sweet, nice or dominating personality is spiritual and even spiritually mature. This domination occurs from a leader through some system of legalism where he begins to exercise such an influence on the people that they don't look to the Pastor Teacher or any other source of spiritual leadership but accept Personality Arrogance for leadership. This person is immersed in the Interlocking System of Arrogance and so locked into it so that in their soul they are totally degenerate.

Personality Arrogance is also an extension of and interlocks with [Crusader Arrogance](#) as well. This is the arrogant person using his personality to dominate a group and be antagonistic to the authority and / or policy of the organization and leadership of the organization attempting to change things according to his standards, thus interlocking into [Authority Arrogance](#). The dominating person in any organization has entered into Blind Arrogance and is declaring that the organizational leader no longer has the right policy or message. This can be a cause of distraction from Bible Doctrine or any policy of an organization through personality domination rather than Metabolized Bible Doctrine thus resulting in the blind leading the blind or weak. All fall into the Interlocking System of Arrogance and become locked into it. This is the selfcenteredness of personal opinion rather than the objectivity of Truth. Personality arrogance seeks to establish personal opinion over doctrinal standards or the policy and authority of any organization. The believer, especially strong personality believers, must avoid allowing personal opinion to become at odds with Bible Doctrine. Many people, both believer and unbeliever, can then interlock from personality arrogance into [Antisemitic Arrogance](#).

Personality Arrogance is closely related to [Unhappiness Arrogance](#) since all arrogant people are unhappy people. They may place a facade of happiness over their unhappiness but their preoccupation with self guarantees unhappiness. They constantly demand attention and expect all who are in their periphery to make or try to make them happy. When you are preoccupied with self everyone must make you happy by giving you attention. This arrogance demands attention and decides or concludes that certain things will make them happy such as Sex, Business Success, Popularity, etc., and therefore others must provide them. Marriage, as an example, is for happy people, it is NOT a means of bringing happiness to people. Preoccupation with Self will guarantee that whatever accouterments of happiness one may possess he will never be truly happy and Personality Arrogance will in fact cause him to be totally preoccupied with self. He will develop the martyr complex and bring the pall of gloom, which constantly surrounds him, to all those who have the fortitude to remain in his periphery. When he causes others to move into this gloom environment he then gains happiness from their entrance into his suffering periphery.

### **Personality, Blind & Conspiracy Arrogance Interlocking**

Personality Arrogance where the dominating personality sets false standards for a 'CELL' is how this amalgamates and interlocks with [Conspiracy Arrogance](#). This results in the acceptable, dominating, pleasing personality setting false standards for a group instead of standards coming from Truth. This is the Arrogant one saying believers must LOVE everyone and if one is not sweet, kind and does not let everyone run all over him, then he cannot be a good Christian. The great danger here which must be avoided is that never should a believer allow self to be set up against the spiritual gift of Pastor Teacher since this will mean a LIFETIME of Divine Discipline. These distractions resulting from personality domination develop into loss of doctrinal control of the Stream of Consciousness of the Soul. Strong or Dominate personalities in any organization must beware of setting up their erroneous Personal Opinions against the authority of the organization in an interlocking with Institutional Arrogance. This interaction includes a myriad of functions under the [Motivational Arrogance](#) of [Mental Attitude Arrogance](#) and can result in the development of the [Mutual Admiration Society](#) with its arrogant and inadequate categories of personality forming a Conspiracy. This conspiracy is always mutual antagonism to authority and thus originates from Institutional Arrogance. Criminal Arrogance is very often rooted in Institutional Arrogance and is interlocked with Personality Arrogance which is total rejection of authority in any and all categories especially national authority.

### **Avoiding Personality Arrogance**

When the believer finds himself disagreeing or rejecting something taught by an established authority, such as in bible study, or something he has read in the bible itself or some policy of the organization he is functioning in; he should move it around in his mind and find the problem area and then remove that problem and place it aside for future consideration. This separates what is acceptable from what is unacceptable. Then he must patiently wait and continue to function under the Grace Apparatus for Perception or the Laws of Divine Establishment until he gains a greater understanding of the information. Then, if he is truly a believer positive toward Bible Doctrine or an unbeliever with Positive Volition regarding establishment principles and has true humility, all the things he questions will eventually be

answered. There will always be new questions and new problems and Bible Doctrine and / or the Laws of Divine Establishment must be inculcated to discover the truth and the explanations.

### **Gate #35 – The Arrogance of Genetic, Ancestor Pride or Posterity Pride**

Pride in one's Ancestry can be fun as long as one does not take it too seriously because one cannot try to establish personal superiority based on ancestry. This was the basis for Nazi Germany. Genetic Arrogance occurs when one assumes superiority because of aristocratic lines or inherited wealth. Genetic Arrogance assumes that greatness in life is inherited from ancestors and rejects decisions and self discipline as the basis for one's own advancement. Reality is that greatness in life is not inherited and the achievements of one's ancestors cannot be the source of inordinate **Pride** without destroying the achievements themselves. This is inordinate self esteem and lofty self respect based on one's antecedents. When one assumes that he has achieved on the basis of his ancestor's successes or has success because of his antecedents or because of inherited wealth he enters into genetic Arrogance. When pride assumes inherited greatness then the greatness is gone and only the Arrogance remains. Genetic Arrogance assumes that greatness in life is related to ancestral history but fails to realize that ancestors succeeded and became great *because they worked hard, could think and had courage and virtue.* Success on the individual believer's part is NEVER related to what his ancestors did and when there is a great deal of frustration in one's life that individual very often seeks success in the family tree.

Genetic Arrogance can have 2 opposite directions, toward ancestors, where the individual takes the successes of his ancestors and applies it to himself without having accomplished anything himself. It can also be directed toward his posterity where he has frustration in his own lack of success in life and therefore tries to produce success through his children. Children should never compete with their parents but live their own lives in honor as did Napoleon's illegitimate son. Greatness in one's heritage always has a trap and that trap is always Arrogance. This is historically how socialism took over liberalism whereby the Arrogance of the aristocracy allowed the rise of Lloyd George and socialism. Being descended from someone great often leads to one leaning on their heritage and as a result these people have no motivation in life and simply depend on the greatness of their antecedents.

### **Posterity Arrogance**

Posterity Arrogance is another type of genetic Arrogance where frustrated parents try to push their children to succeed in areas that they have failed in. This is the child being victimized by the Arrogance of one's ambitious parents and is the disease of inordinate parental pride or fulfilling one's failures through one's progeny. This can also be demonstrated in competition with parental success by the children. Many potentially great people are ruined by trying to follow in the footsteps of the parents or compete with the achievement of the parents. Personality imitation of parents by their children, especially when there are very different

personalities, can destroy the development of the child's own personality. It is a terrible thing for any child to try to imitate a parent in any way. Phillip of Macedon one of the greatest genius' of all time had a son Alexander who had great genius also but not quite as great as his father. Because of this he could only express this genius by leaving Macedon and conquering the world as Alexander the Great. Napoleon's sons are an example also, one was eventually great as a French diplomat and the other was a complete failure dying by age 21. Children are to be seen and not heard and adult social life should be devoid of children but parents should encourage children to develop in their own unique way and form their own unique personalities and follow their own motivation to success or failure in life.

### **Genetic Arrogance and RACE**

Life is made up of an individual's Adjustments and Maladjustments. There are no racial issues in life and to introduce race as an issue into any aspect of life is to introduce Arrogance and thus the development of Hypersensitivity. Many races are extremely hypersensitive as demonstrated by the demand for and current claim of "diversity" in society in the United States of America. If the root of the tree, The Lord Jesus, The Christ, who saves the gentile also sustains him as a believer under Logistical Grace, then obviously NO ONE can make any claim to superiority for any reason. The principle of Logistical Grace counteracts all Arrogance in the Stream of Consciousness of the Soul based on Race, Gender or Social Status because the root of the tree sustains every believer in life, gentile or Jew, male or female, rich or poor. Under Logistical Grace the believer has absolutely no right to racially based Genetic Arrogance. Logistical Grace principles can prevent one from entering the Interlocking System of Arrogance and also get him out when he falls into it. The Logistical Grace Rationale thus becomes the first stage of sanity and recovery for the believer who becomes involved in the Interlocking System of Arrogance. Arrogance produces a Legalistic Self Righteousness which becomes a distraction to the Grace blessing one receives under the rationale of Logistical Grace for support in life. All grace blessings come to the believer by way of the Righteousness of God imputed to him at Salvation Adjustment to the Justice of God. This is a GRACE imputation and is judicial not real since there is no antecedent home for this Absolute Righteousness. The believer does not receive any blessing of any kind because he is superior in race, economic status, social status, intelligence or because of any other system or attribute. He receives all grace blessing from the Justice of God imputed directly to the Righteousness of God given to him by God at Salvation Adjustment to the Justice of God which is ONLY acquired through faith alone in The Lord Jesus, The Christ alone. Therefore how can anyone, especially the believer, even imagine that there is anything he is or can do which makes him superior to anyone else and deserving of any special status or blessing from God.

Communists raise racial issues in societies they opposes primarily to destroy freedom in those societies. Neither the Constitution of the United States nor the Doctrines of the Bible recognize any racial issues in life. When a believer gets involved in racial issues he becomes a totally Arrogant person and Arrogance manifests itself in his inadequacy. The exploitation of this issue today with blacks and Hispanics results from a Marxist influence and if one falls into this system he certainly has no Bible Doctrine in his Stream of Consciousness of the Soul. When the believer is focused on Bible Doctrine he comes to realize that he is born in the framework

of his race because God has a plan for his life IN THE FRAMEWORK OF THE RACE HE IS IN. Marxism is a satanic organization of false doctrine based on Evil. When anyone relates any aspect of his life condition to environment and blames his failures on environment he has discarded doctrine. He must never blame his rotten personality on race because this is saying his race is inadequate. He must realize that being persecuted is most likely due to one's own rotten personality and it would be the same no matter what race the individual is part of. God has a plan for the lives of all believers and it does not include operating on the playing field of the devil, therefore, believers must never engage in frivolous civil court battles nor racial issues. Observing that this has occurred constantly in the United States it clearly is the exploitation of the stupidity of Americans by communism which has also occurred in the past in South Africa and Rhodesia where the communists have taken over both by contending that their governments persecuted the blacks. There is no area of one's background in life which has anything to do with the purpose of God for one's life. The believer must NEVER let other people use him and never let communists or moslems exploit him in any way. One's background and race has nothing to do with the fact that he is or is not regenerated under the Plan of God. This is what is the greatest of importance for each of believer, and it only requires Salvation Adjustment to the Justice of God and Regeneration. Therefore, making Race an issue in the United States of America is an attempted exploitation by communism to take over the country and industry and use them to take over the world. This is the unimaginable Arrogance of the "black lives matter" movement today. The citizens of the United States of America are Americans not Black Americans, nor Chinese Americans, nor Hispanic Americans and believers in The Lord Jesus, The Christ are more than that, they are **CHRISTIANS and Royal Family of God**. When one raises racial issues he is saying GOD made a mistake in his racial background. When he promotes racial issues he is promoting Evil, the plan and policy of Satan, and attempting to produce Human Good, the production of that Plan, and this is operating under the control of the Old Sin Nature. The Old Sin Nature is why tyranny exists in history along with loss of opportunity which has nothing to do with race.

Some gentiles, to compensate for their INFERIORITY, become Arrogant and boast of their superiority, and clearly demonstrating this was the motivation of Adolph Hitler. This was and is the Arrogance of the Nazis and any other **Antisemitic** group. In Germany the Jews were the backbone of the nation which developed the industrial basis for the greatness of Germany. This boasting in terms of unreality is because of some triumph or imagined superiority over others and thus a manifestation of the Interlocking System of Arrogance entered through the **Motivational Arrogance** of Pride as **Mental Attitude Arrogance**. This Arrogance is being contemptuous of others and boasting about real or imagined superiority concerning them. The greatest mistake in life and history is to look down on the Jew because inevitably this results in the greatest and most insurmountable difficulties in one's life. The gentile believer often produces this antagonism when he should be participating in the blessing which comes from the Jew. Believers must beware of the Interlocking System of Arrogance especially when this causes antagonism toward the Jew. The believer is at all times to avoid the Interlocking System of Arrogance with regard to making an issue of race because only God makes an issue of any race and that race is ONLY the Jew. For the people who are so called 'minority' races in the United States to make issue of themselves is total Arrogance. For anyone to make an

issue of any race except the Jewish Race is Arrogance. This is especially true of any believer in The Lord Jesus, The Christ since all that he can possibly learn and know of Bible Doctrine came from the Jews. There is a command for all gentile believers to avoid all Arrogance especially antisemitism because Arrogance is punished by God severely and Antisemitism can be the basis for complete national destruction. Arrogance is a corrupter of the soul and the beneficiaries of Grace are not exempt from it. Arrogance can be the basis of sin which motivates rejection of and distraction from the truth of the Gospel, Bible Doctrine or the Laws of Divine Establishment and Divine Institutions. By making a negative issue of the Jewish race and its supposed faults one will enter more deeply into the Interlocking System of Arrogance through Pride. This even occurs when the believer discovers that the Jews were primarily the only writers of the New Testament Scripture. This then will interlock with a rejection of Bible Doctrine under [Negative Volition Arrogance](#) and even [Impulsive Arrogance](#) and discrimination against the Jews in any organization often pushes this person all the way into [Criminal Arrogance](#) and into attacking them through Antisemitism.

People who talk in terms of being a superior race are so entrenched in the Interlocking System of Arrogance they are begging for The Lord Jesus, The Christ to put them out of their misery. When these people rule others they put very heavy burdens such as taxes on those whom they conquer and very light burdens on themselves. In addition in this type of situation, where there is Arrogance and response to it, there is inevitably brutality and cruelty. The reality of history and the nature of the prophecy of races ([Gen 10](#)), the problem of Arrogance and Self Righteousness as a result of success, have all motivated people to make issues out of racial origins. There is no such thing as a pure race any longer in history and racial purity disappeared at least 3500 to 4000 years ago. This is illustrated by the Jews who have the best genealogies of all races but where the largest Jewish tribe, that of Joseph, is itself half gentile. Not only does the bible remove the racial issue but also the constitution of the United States of America never ever makes an issue of race therefore, any time any American government system or official is making an issue of race they are violating the constitution. Therefore, all racial issues are generally the result of [Reversionism](#) and the influence of Evil and any attempts at correcting the “minority problem” is an Evil solution to a pseudo racial problem. The composition of the Integrity of God and our relationship to the Integrity of God is the ONLY true issue for man with absolutely NO regard to Race, Gender, or Social Status. In the Church Age whether a person is Jew or gentile, privileged or underprivileged, male or female, is never the issue. All races are eligible for Salvation Adjustment to the Justice of God and all come to it in the same manner with the only thing required being positive use of volition toward the Gospel of The Lord Jesus, The Christ. Regardless of race, social status, or gender, the individual must acquire relationship to the Integrity of God through Salvation Adjustment to the Justice of God. Adjustment to the Justice of God for Salvation and Eternal Life requires simple Faith alone in The Lord Jesus, The Christ ALONE and no race ever has any advantage over any other race. The Justice of God judged the sins of all races when the humanity of The Lord Jesus, The Christ received the imputation of them on the cross. Therefore, Race is never an issue in anything except the maladjusted Arrogance and stupidity of mankind. When anyone ever makes an issue out of race it is always based on the influence of Evil, and is part of the plan and policy of Satan, rising up. Therefore, both Jew and gentile, male or female, freeman

or slave must Adjust to the Justice of God for salvation in the same manner, by means of faith alone in The Lord Jesus, The Christ alone. This ALONE will enter them into an eternal relationship with God.

The constitution of the United States of America says that while there are historical differences in the races, as a citizen of the United States of America race makes no difference whatsoever under the law. Scottish, Irish, Chinese, Germans, Italians, etc., and just about every race has become great and famous in the United States of America except the black race because the blacks have been misled by liberals in government in order to control them. Liberals lie to the blacks and their only hope is the same as our only hope that being faith in the Lord Jesus Christ. All people must understand and respect legitimate authority and not allow Arrogance to destroy it because NO race can survive collective Arrogance. All that has been done for blacks is to make them, as a race in this nation, totally Arrogant and totally divorce them from reality, giving them false hopes and the delusions of persecution. Jews are in fact actually superior as a race but that superiority and greatness destroyed the Jews in history and their collective Arrogance led to the repeated administration of the 5<sup>th</sup> cycle of Divine Discipline to them. Adolph Hitler, being as stupid as anyone can be, took a racial prejudice system and created an Arrogance in Germany which also destroyed it. This German Racial Arrogance had no historical foundation and it was taught in Nazi Germany that Germans were Aryans, which is not even a racial term but a linguistic term referring to a language category and NOT A RACE. This was also demonstrated in Spain, France and other areas of the world where their collective Arrogance eventually destroyed the people there.

This nation alleges, in hypocrisy, to give freedom to everyone and opportunity to all races. However, a number of “minorities” have been discontented with their lot in life and feel they are not getting all the opportunities which others have received. In their racial Arrogance they make constant demands, totally incompatible with their abilities and their ideals, for the sole improvement of their lot in life. There have been and continue to be politicians (not statesmen) who exceed to these demands and add greater confusion to an already degenerate Status Quo. In the United States of America since the 60’s this nation has been functioning under great hypocrisy where blacks, Hispanics, and other ‘minorities’ are patronized and simultaneously despised and this has resulted in no one having respect for those who are being patronized. The blacks and also the Hispanics have been and continue to be patronized by the liberal politicians and as a result the black race generally has developed strong involvement in the Interlocking Systems of Arrogance and this has greatly contributed to their degeneracy in the area of social life. If blacks had listened to George Washington Carver or Booker T Washington instead of Martin Luther King they all would be 1000% better off today and would be regarded the same as anyone else in society. Every political issue since the 60’s has gotten down to the blacks, Hispanics, Mexicans, and today moslems and their presumed persecution and this has been the result of politicians patronizing them to get their vote. This has strongly contributed to the national degeneracy at this time in this client nation and has resulted in the overt appearance of revolution with rejection of all authority with personal property destruction going unpunished. Within the confines of any Local Church where Bible Doctrine is emphasized, race never is an issue and no race is prohibited from being simply themselves. In

contemporary history, the only place where blacks and other ‘minorities’ ever have had a fair chance to succeed without patronage has been in the United States Army but that has now ended. When a government interferes with the principle of universal military training it is inevitable that that nation will have both military AND social disaster. Universal military training is designed to teach the principles of responsibility and authority orientation in life. In the 70’s at least, in every phase, rank and stage of the United States Army, blacks and other races have had a fair chance to advance based on ability. Yet even before the 70’s blacks and liberals both despised the military. Yet the most respectable law abiding citizens come out of the military with a clear understanding of authority and a professional attitude toward the Laws of Divine Establishment principles. When any client nation rejects its military and beomes involved in a voluntary army, as has occurred in the United States, the result is always total degeneracy. Again this is clearly demonstrated in the recent history of the Unites States of America since the termination of the Military Draft System.

A major thing which can rapidly destroy any race is removal of their concept of authority orientation. Believers assemble to study doctrine because they love Bible Doctrine and all believers in all races are able, with the Perception, Cognition, Incultation & Metabolization of Bible Doctrine, consistently to rise above any racial stigma. Believers should want to grow in grace and the knowledge of The Lord Jesus, The Christ and grow in his plan and the major problem they will encounter in their own spiritual growth is their own personal Arrogance. As individuals believers they must maintain objectivity to view these things in the light of Bible Doctrine and realize that each of individual, without regard to his background in any area, has the same chance to advance in the Spiritual Life as anyone else. The believer has no right to ever make issue of race or engage in political liberalism and he must have respect for anyone who has made the effort to learn Bible Doctrine under the privacy of his Royal Priesthood. Under the Plan of God no one ever has a right to claim discrimination for any reason. In the Plan of God skin color or race is absolutely NO handicap and if there is any handicap it is from Arrogance especially [Self Pity](#). Many races and nations have been destroyed because of collective Self Righteous Arrogance including great peoples like the Persians and Lydians to name but a few. When under pressure and feeling sorry for self the source of that self pity is the Arrogance of pride. When in a personal period of prosperity and one becomes snobbish the source of this again is Arrogance. There is no place for self pity nor snobbish Self Righteousness in Christianity. For Christian families, Christian schools are NOT the best way to bring up children and despite the pressures in public schools with the consistent teaching of Bible Doctrine in the home and the local church, children will invariably learn to get along with and function beside all sorts of people.

### **[Gate #36 – The Arrogance of Egocentricity](#)**

Self Consciousness is Ego and there is nothing wrong with being self conscious and in fact, in order to be Objective, one must be self conscious and relate self to absolute truth and reality.

Life must be faced in the “here and now” and one cannot go back and live in the past or the GOOD OLD DAYS (as attractive as they might seem at times). When EGO gets involved in thinking, such as the recognition of personal inferiority in life in some area, this often causes disturbances in the processes of thinking. The recognition that someone can do something better than one can is NO REASON to become Arrogant, however, in fact, it IS one of the major sources of jumping into [Mental Attitude Arrogance](#). The reality is that the world is better because certain people can do certain things better than others. This should not become the basis for thinking from the perspective or viewpoint of EVIL, where this recognition of another’s superiority in some area causes one to look for a weakness in this other person in order to judge, condemn and try to destroy him. This is the subjective egotistical approach in thinking under the influence of Evil. This is the approach which inevitably leads to [Psychosis](#), Manic – Depressive mental illness, Schizophrenia, and many other mental disturbances. These and all categories of the [Motivational Arrogance](#) of Mental Attitude Arrogance are the result of involvement in the Cosmic Dynaspheres and failure of the believer to pass the testing of Arrogance which is what the failure was of Ish (Adam) and Ishah (Eve) in the garden. Therefore Egotistical Arrogance is the distortion of the Self Consciousness of the soul when facing 2 categories of reality:

- ▲ Subjective Reality – Another is better than one is.
- ▲ Objective Reality – One is better than another is.

These 2 systems of Motivational Arrogance can start a whole system of [Fanaticism](#) involving:

- ▲ [Inordinate Ambition](#)
- ▲ Inordinate competition

In the Status of Egocentricity, [Self Absorption](#) locks in and becomes the expert in lying to self. Thus cycling in the [Arrogance Skills](#) by this means devotes one’s life to [Self Justification](#). [Fear](#) generally is associated with [Rejection of Bible Doctrine](#) which puts layer after layer of [Scar Tissue](#) on the Soul until it builds up to the point of preventing the Perception, Cognition, Incultation and Metabolization of Bible Doctrine. This results in saturation of the soul with Arrogance which causes the believer to accept only the LIE because they can no longer assimilate Truth. In time of prosperity this becomes [Self Righteous Arrogance](#) and in times of adversity it becomes [Self Pity](#). This Self Righteous Arrogance and Self pity merge in the soul to provide deep entrance into the Interlocking System of Arrogance. Any historical catastrophe which occurs to a nation is often designed specifically to destroy the spin off of [Reversionists](#) and the pivot of mature believers is always preserved. Spiritual growth through consistent Perception, Cognition, Incultation, Metabolization of Bible Doctrine moves the believer with unwavering Positive Volition toward Bible Doctrine from [Spiritual Infancy to Spiritual Maturity](#) and thereby into the supporting pivot for the nation. Only [Metabolized Bible Doctrine](#) in the Stream of Consciousness of the Soul can guarantee freedom from Arrogance and protection from the anthropocentric systems of Satan. Thus being involved in Egocentric Arrogance is total and complete focus on self above all others and all things.

The failing of Egocentricity is added to by this individual having a huge problem of an [Obsession](#) with the failures of others. Very often believers, who have strong standards from Bible Doctrine, look down their nose at others who don’t have the same standards. This Self

Righteous Arrogance then surfaces having been derived from Motivational Arrogance in its many categories. The problem today, as always, is not the issue of morality or lack of it but the condition of one's soul and what is contained within it. When under pressure Arrogance as Self Pity occurs and when the believer fills up with Self Pity he constantly whines and Complains. The Greater the whining, moaning, complaining and crying the greater the self pity and therefore the greater the Arrogance in the Stream of Consciousness of the Soul.

The believer must never lose track of the origin of all blessing which is God himself. When other people provide great approbation telling the believer how good and talented he is, he must remember that the origin of everything he has and everything he is, is God who provides ALL blessing. The believer must remember this origin and give thanks to the origin because he is only what he is because of the origin. God gave and keeps on giving as he did when he gave his unspeakable gift of the savior in the 1<sup>st</sup> advent of The Lord Jesus, The Christ. The believer loses something extremely important when he forgets the origin, by his remembering the origin he will always maintain Humility. When he forgets the origin he inevitably becomes Arrogant and thinks he is self made. He forgets who permits him to continue to live and work hard and be successful. Many a successful believer having moved almost to Maturity Adjustment to the Justice of God, falters and fails at this point because of this principle. When people succeed in life and forget the origin of that success they fail even though they still retain the accouterments of material prosperity, promotion and success. If the believer is very intelligent and he knows it, to the point of being Egotistical about it, he can instantly be made to become stupid with an IQ of -0 as a result of some physical ailment which he has no control over. This could knock the Arrogance right out of him IF he understood, maybe he would and maybe he would not, that he was entangled in it in the first place. If he has something or someone he loves or enjoys he must always remember the origin. No believer has ANYTHING which the Lord did not give to him and which He can take away from him in the blink of an eye. During the Christmas season especially, the believer will be able to exhibit a great sense of humor IF he remembers that all of the Human Race are nothing before God and whatever one is or has or wherever he goes or to whatever level he is promoted or in what ever way he may succeed it is because of who and what the Lord is and not who or what he may or may not be. He has whatever talent or ability he has because God gave him that talent and ability and if he gets too Egotistical about it the Lord can take it away and then he will see exactly what he really is. If one does not appreciate the Lord as the source of everything in normal times then he will fail in abnormal times and will inevitably blame the Lord in disaster whereas he merely ignores the Lord in normal times.

Arrogant people are always selfish and never think much beyond their own nose. They want power as advisers and will advise suicidal courses of action just to have the power to give the advice. This is and has been the American government for many decades in all of its aspects. When the believer is in a position of authority, to the extent that he seeks advice he shows weakness or incompetence or both. Incompetence results from a lack of learning and understanding how to handle personal or professional pressures. Weakness is the result of Arrogance preventing him from recognizing that he is helpless and he WILL face impossible situations and the only help he can always rely on is Metabolized Bible Doctrine in the Stream

of Consciousness of the Soul. Seeking advice or counseling demonstrates true weakness and is Arrogance in the form of Selfcenteredness. Arrogant people always make an issue of themselves and seeking counseling is demanding that an instant solution be provided by another to an irresolvable personal problem. Refusal to accept the principles of Bible Doctrine is making an issue of self and rejecting God as the true issue.

The only thing which really counts in life and is actually of any importance and the only thing the believer can take with him from this life is Bible Doctrine. When believers get to the point of thinking they are really something important they slip into the Interlocking System of Arrogance and Arrogance as it seeps in brings with it the most vicious of all categories of sin and failure derived from Evil, immediately neutralizing the ability to think. If one is smart he becomes dumb and if he is talented he loses his talent and if he is in love he loses capacity for love and becomes an unworthy object for someone else's love. There is nothing in life worse than Arrogance. Changing the type of sin one commits in a system of pseudo spiritual growth by giving up something only results in Arrogance with Self Righteousness and Self Pity being developed into [Guilt](#) and thus total failure. The person who has assumed erroneously that he has not committed a sin in a long time is in a state of Self Righteousness delusion supported by deep entanglement in Arrogance known or hidden, and he is the one who never knows what to do in a crisis. This person never knows what to do under any pressure of any adversity and he feels bad for himself when he is under this pressure. He goes back to the last sin which shocked him believing that this is the cause for his pressure and this causes the Arrogance complex to interlock into Guilt so that he is locked in for total failure as a result of having no thought ability or content. Recovery from sin is provided by the [Rebound Procedure](#) and is instantaneous with God in forgiving for the sin completely blots it out, while recovery from lack of thought requires consistent function under the [Grace Apparatus for Perception](#).

All believers functioning under [Negative Volition](#) toward Bible Doctrine, who neglect or reject Bible doctrine, have subjectivity based on their own Arrogance and their own vanity. The [Reversionistic](#) believer always misconstrues the motivation of others, he rejects the integrity of anyone who comes into his periphery, it is impossible then for such a believer to carry on a normal relationship with anyone else in life. His involvement in [Hypersensitivity Arrogance](#), the fat head syndrome, also means this person has a thin skin and is easily offended or insulted. Some people are so Arrogant, so self-centered, so full of themselves, that they take everything seriously and personally, and every comment as an insult and are constantly vibrating in the confusion of their mind. The greater the persons Arrogance the thinner their skin. In situations like this every statement made to this person is immediately misconstrued because of their Hypersensitivity. Therefore, with any Arrogance involvement there often is developed a case of extreme Self-righteousness.

From Egocentric Arrogance comes the 'Narcissus' complex where the believer has complete preoccupation with self accompanied by total dissatisfaction with all others. He becomes dissatisfied if he thinks they are better than he OR if he thinks they are worse and cannot put them in their place by telling them why they are worse or wrong. These are people who are never happy unless everyone around them is in their proper place. It is here that Egocentric

Arrogance interlocks with [Institutional Arrogance](#) with its disorientation to having proper response to authority. In this regard, a man of strong character cannot control a weak woman who is involved in Egocentric Arrogance because she lacks [Humility](#) but a strong man can control a STRONG woman because she has humility and Self Esteem and recognition of the Authority of her husband never feeling threatened by him or his decisions. The worst combination in a marriage is a weak man who can be inevitably controlled by both a strong and a weak woman. Proper handling of AUTHORITY demands a STRONG man in the family for the proper rearing of children because children are neither strong nor weak but are impossible until they are brought into line. A weak woman always wants to run everything and makes everyone uncomfortable until she controls it all. Egotistical Arrogance, as a real or imagined sense of superiority, distorts life and the true perspective of human frailty and it never recognizes its shortcomings as a result of being under [Limitation Arrogance](#). The ones who have this IMAGINED sense of superiority are the ones who become [Psychotic](#) because they are flawed. One day they love you and the next they won't speak to you.

It is inevitable that Self-righteousness comes to be regarded as spirituality by the person who has it as part of his involvement in the Interlocking System of Arrogance. When one finds self hopeless and helpless he MUST remember that he has a LIVING God who knows all the facts, who has told him that there are no accidents in life, and that there is only one way to keep Arrogance out of the picture, and THIS is HIS purpose in putting him into a hopeless, helpless situation. The secret to born-again living in the Christian Way of Life is in spiritual advance as per the [Equation of Hope](#), through consistent Post Salvation Epistemological Rehabilitation via daily Perception, Cognition, Inculcation and Metabolization of doctrine. The believer who ignores this secret because of Arrogance involvement and builds resistance to Bible Doctrine will, in fact, come to only be able to believe the LIE of all aspects of Evil. There is only one way the believer is ever going to succeed in the Christian life and that is to realize how weak he actually is. He cannot ever have any illusions about self. All it takes for Arrogance to flare up in a moment is for the believer to be impressed with his own abilities or talents.

All Arrogant people in making an issue of themselves and are also consumed with [Pettiness](#) and self importance. No matter how catastrophic life becomes there is always some Arrogant person standing around making an issue of his personal life or personal problems and ignoring the ongoing present disaster. In time of crisis the Arrogant believer only thinks of self and how he may be personally endangered by the actions of others. It never occurs to him to consider whether anyone is doing what they should to recover from the disaster. The most innocuous request put to him becomes a source of personal endangerment. Arrogance has no answer to the crisis only the Egocentric megalomania of perceived personal disaster. Arrogant people are always focused on self but when someone else comes along who has greater power they are immediately frightened and go from Arrogance and false courage to obsequiousness and true FEAR. Then they flatter that powerful person constantly as a result of being motivated from their fear.

The Christian often thinks he is here in this life to manufacture his own pleasures in life and to do things his own way as if he is here to dictate to God what God's plan will be with regard to his life. This is total Egocentric Arrogance and Bible Doctrine is designed to whip this Arrogance out of him. The Christian is here only for the pleasure, glory and satisfaction of God and God is not up there in heaven for the believer's pleasure or glory. I am and Col. R. B. Thieme Jr. had been 'DOG' people. I have decided Dogs are a prime example (when in the care of those who are "dog people") of WHY HUMAN BEINGS CONTINUE TO EXIST. Dogs are a pain in the ass to care for and must be properly trained, fed, groomed, exercised, bathed and when needed taken for medical aid. Why do some of us LOVE them so much? BECAUSE, despite their being at times a huge pain in the ass, they bring us pleasure and often unconditional love when they are obedient. The same thing applies to people. God created Angelic Creatures and then Mankind KNOWING from Eternity Past (Duh! that is so long ago that the human mind cannot even comprehend how long ago that was), prior to creation, that both would be a HUGE PAIN IN THE DIVINE ASS but God keeps man around to give him a chance to learn his plan and purpose and execute these in the short period of his life by reaching Maturity Adjustment to the Justice of God or beyond. Thereby man can bring Him greater glory and pleasure upon man's receiving the incredible Escrow Super – Grace or Ultra – Super Grace blessings during his lifetime on this earth ruled by Satan, God's greatest antagonist. When the believer aligns with God's plan, God's pleasure and glory then overflows to the believer and is absolutely unimaginable. This is the same for your DOG when he is obedient and loyal, your pleasure overflows to him with chew toys, long walks and many treats. {This is a perfect analogy mostly because DOG backward is GOD!}

### **Egocentric Arrogance & Conscience**

In the Right Lobe of the Stream of Consciousness of the Soul of the believer the Conscience establishes Norms and Standards and a Frame of Reference for serving God based on Metabolized Bible Doctrine in the soul. ([1Tim 1:3](#), [Heb 9:14](#)) The Conscience containing Bible Doctrine is the basis for enduring suffering, maltreatment, misunderstanding, etc., without trying to apologize, defend or justify self in any way. ([1Pet 2:19](#), [1Pet 3:16](#)) In this sense the properly developed conscience is a great protection in avoiding Egocentric Arrogance, the ego trip. When one has firm standards based on the Metabolized Bible Doctrine in the Stream of Consciousness of the Soul and sticks with them he will be able to avoid this Self Righteous Egocentric Arrogant ego trip function. It is apparent that most CHRISTIANS don't in any way ever come to realize how Arrogant they actually are and this includes ALL Christians. It is truly amazing to observe the number of believers in The Lord Jesus, The Christ who have absolutely NO MANNERS. This Arrogance often comes from not having any Norms and Standards developed in the soul concerning various aspects of life. True [Humility](#), good manners and thoughtfulness are often very closely associated and are to be developed as Functional Virtue while residing consistently in the Divine Dynasphere, the [Power System of God](#). The concept of good manners, decorum and thoughtfulness are extremely important in life but unfortunately are left out much of the time in most people's early childhood training. Therefore, conscience is an extremely important principle and function and the more it fills its Norms and Standards and Frame of Reference with Metabolized Bible Doctrine and the principles of the Laws of Divine Establishment and Divine Institutions regarding to all areas of

life the greater one becomes as a believer in this life. The conscience is a computer related to capacity for life and the GOOD Conscience is one saturated with Metabolized Bible Doctrine forming Divine Viewpoint Norms and Standards, and from Grace Orientation provides GRACE concepts and principles in life and thoughtfulness of others at all times.

### **Gate #37 – The Arrogance of Inordinate Ambition and Competition**

Inordinate Competition can be a person competing in various areas of the Spiritual Life or in Social Life ie., Category II and III love. The worst display of Arrogance is found in people who have [Hangups](#) and think they are smarter than others and think they are going to upstage others with their Inordinate Competition motivation. One type of competition is what makes a male a man and what makes a female a lady but when married people compete with each other that is a pain in the neck and it is better to never be around a couple like this who constantly compete. Believers must never let life cause them to be mentally depressed but it will if they are involved in Inordinate Competition or Inordinate Ambition. If one engages in this dysfunction he will become a frustrated person living constantly within the Cosmic Dynaspheres of the Interlocking System of Arrogance and Interlocking System of Antagonistic Emotional Hatred designed by Satan. The believer must come to realize from Metabolized Bible Doctrine in his Stream of Consciousness of the Soul that he will never get ahead in this life by pushing or by devious means. **IF**, a believer under consistent Positive Volition does get ahead in this life, maybe he will and maybe he will not, it will be because of his position in the Grace Plan of God and it will then result in glorification of God. Therefore, it is much better to be a garbage truck worker than a corporate president if one remains under the Grace Plan of God with consistent advance in the Spiritual Life. From my personal perspective it is much better to teach little children than be a college professor and be under the constant influence of Evil. When this is one's perspective in life he will begin to be relaxed in life and lose the strong ambitions and desires to get ahead in life. Ambition is normal and is simply having objectives in life and fulfilling them but Inordinate Ambition is trying to prove one's superiority to and over others by one's achievements thus interlocking with [Achievement Arrogance](#). This is then covered by a facade of Hypocrisy in [Self Deception](#) because it is contained in the Right Lobe of the Soul and not publicly shown to others. Pulling the pin on this part of the Arrogance grenade by engaging in Arrogant occupations results in total misery in life. Believers cannot and should not have goals so set in their minds that they move toward these goals even if they have to walk over the dead bodies of those who get in their way while accomplishing them. These are demonstrations of hangups in the Soul and this is Inordinate Ambition. The worst possible thing to happen to this type of person is to grow old and see that many if not all of his ambitions have failed. This results in totally frustrated old persons becoming very old before their time. This occurs when one has these strong drives and ambitions which drive him deep into the Interlocking System of Arrogance which is a dead end and will never take ANYONE, anywhere, under any circumstances, permanently. On the other hand the believer does not have to go around with drooping shoulders and go through systems of self flagellation

which are NOT in any way part of humility nor the Spiritual Life. [Humility](#) is a state of having NO HANGUPS AND A LACK OF SUBJECTIVITY IN THE SOUL. To the extent one has subjectivity in the soul to that extent he is Arrogant and NOT humble.

Many people cannot make friends because of Arrogance and many, have endeavored to discover something about others, only to compete with them and this is Arrogance. No one can ever make friends and get people to appreciate them by constantly competing. There is a place for competition but it is ONLY found in the devils world and this is, in fact, what is wrong with wimpy pastors who do not study and teach as they are supposed to. There is no one in this life whom anyone should EVER be competing with. Every Pastor Teacher should do his own thing and simply study and teach and plug away and let the Lord advance him. Every believer should simply do his own thing and study each and every day and move ahead constantly in the Spiritual Life and apply what he has learned in his own study. Arrogant people also have no capacity for love in any category ever, and having friends who are Arrogant will never bring one true friends because they have no capacity of any kind for life either. It is God's purpose for each believer to have friends and loved ones in this life and this is part of his election. Capacity for love and life is something God provides for believers in his [ELECTION](#) of them by providing Bible Doctrine to develop their capacity. Election will therefore make incredible changes in the life of the believer once he begins to understand it. Things go wrong in life when Inordinate Ambition is linked to other categories of [Motivational Arrogance](#) and [Functional Arrogance](#) and that is when the trouble begins where Arrogance automatically divorces one from any perspective regarding the source of all that he has or can have. When one is Arrogantly and Inordinately Ambitious and has hangups from Arrogance then anything and everything in life is related to Arrogance, selfcenteredness, [Self Pity](#), [Self Righteousness](#) and [Guilt](#) and accompanying this is ONLY being able to believe the LIE of the plan and policy of Satan, EVIL.

To avoid Inordinate Ambition and Inordinate Competition, two very destructive drives in one's personality, it is imperative that the believer always remember, ***"If God does not promote you YOU are not promoted"***. As ruler of this world, Satan promotes reversionistic believers under his principles from Evil but such promotion is not accompanied by the stability and blessings resulting from reaching [Maturity Adjustment to the Justice of God](#). Here the believer develops and deploys [Occupation with the Person of The Lord Jesus, The Christ](#), and [Sharing the Happiness of God](#) and possesses the CAPACITY for the promoted life. Thus, the only promotion which counts comes from God and results from advance to Maturity Adjustment to the Justice of God. Understanding this principle of Bible Doctrine relaxes the believer's Mental Attitude and prevents him becoming overly ambitious and pushy in trying to get to the top in life and keeps him from developing hangups and frustrations thinking that he is not getting proper recognition in life. This is a totally relaxing principle insulating the believer from Arrogance and protecting him from ambition motivated by Evil and it guards him from the success syndrome. Therefore, Grace Promotion is the only acceptable promotion for the believer in The Lord Jesus, The Christ.

As long as Arrogance is in the soul there will be nothing but punishment from the Justice of

God for the believer as a result of being constantly OUTSIDE of the Plan of God. If the Arrogant believer is not promoted by God he will inevitably enter into some system of self promotion which develops into a system of sinning related to Arrogance. Self promotion is a system of Arrogance which conflicts with the Word of God. ([James 4:6](#), [1Pet 5:5](#)) No matter what one does, or how important one is in life, **IF GOD DOES NOT PROMOTE YOU, YOU ARE NOT PROMOTED**, and there is nothing comparable to functioning at the level of the Spiritual Life God has given the individual believer in this church age as a Grace benefit. Promotion Momentum follows a definite system in the Protocol Plan of God. The Justice of God gives every believer a fair chance for promotion and there is NO believer who is NOT promote-able. Unfortunately too many people think promotion ONLY involves temporal or material successes and advancements. Arrogance is the mechanism for destroying the promotion momentum in a persons Spiritual Life. The principle is and always has been in this Church Age:

- ▲ *Filling of God the Holy Spirit + Human IQ == Spiritual IQ*
- ▲ *Spiritual IQ + Grace Apparatus for Perception, Operation Z == Metabolized Bible Doctrine in Stream of Consciousness of the Soul & PROMOTION & Advance in the Spiritual Life.*

Promotion starts with the Grace of God as the policy and part of the function of the Justice of God. It is the Arrogance factor in his life which is what causes the believer to find himself in some aspect of difficulty. Involvement in the Interlocking System of Arrogance and the related sins are the worst DRAG which occurs to the Spiritual Life, at any time, to anyone, in the Church Age. Believers must break away from Arrogance in the life in order to be able to advance in the Spiritual Life.

All great people are simple in their procedure but infinitely superior to everyone else in their thought. The greater one is the more simple he is in function and thus lacks major hangups and Arrogance in trying to prove he is better than everyone else by competing with others. Great people lack Pettiness, [Jealousy](#) and Envy as well. In reality truly great people are very simple and not nearly as complex as those people who constantly try to prove themselves better than others by being Jealous, [Bitter](#), maligning others, etc. Only those who criticize great people are complex and are [Arrogant Self Righteous](#) people with overriding Jealousy and many other involvements in [Motivational Arrogance](#) of [Mental Attitude Arrogance](#). The world is filled with [Conspiracies](#) and only Self Righteous Arrogant people have to explain away the problems of life by conspiracy theories. People who don't understand history very well have to use conspiracy theories in their Arrogance and this simplifies everything for them and by trying to blame everything on this pseudo simple solution they show they are complex people with [REAL Hangups](#).

### **Inordinate Ambition and Power Lust**

Inordinate Ambition and the lust for power and success is a guarantee of never having happiness in life, never having normal relationships in life and never having true blessings in life. Success in any area of life only can bring or be accompanied by happiness when the successful person has the ingredients essential for capacity for prosperity, happiness and blessing. These are only developed by understanding and adherence to the Laws of Divine

Establishment and Divine Institutions for the unbeliever and by advance in the Spiritual Life to Maturity Adjustment to the Justice of God for the believer. People who are impressed with power will never be impressed with FREEDOM and never have capacity for freedom, happiness or love. This is why one can meet people and be attracted to them and yet the friendship does not work because they are attracted to POWER. When POWER is the only absolute and it comes in relative chunks and that is the focus of LUST, these people may use others and be nice to them but sooner or later these others will be thrown out for ones who can promote their power ambition more effectively. When power becomes religion then one is dealing directly with EVIL and there will invariably be multitudes of converts into this system. To foresee the possibility of having power, approbation, success, etc., forces one to return to the fact that those who think in terms of relatives cannot ever enjoy the blessings of possessing the absolutes.

### **Inordinate Ambition vs Virtue**

The Cosmic Dynaspheres are designed to move the believer into progressively deeper and more destructive systems of Arrogance eventuating in **Emotionalism** thus making him totally unhappy and dissatisfied with his position in life. However, God has not left the believer to his personal devices but has developed for him, and at Salvation Adjustment to the Justice of God placed him into, the Divine System for Human History, the **Divine Dynasphere** which requires **VIRTUE FIRST**. Being the subject of unfairness and injustice are the greatest tests in life and when one is falsely accused, in reaction, he wants to stand before the world and prove himself right and justified. In fact, in the Protocol Plan of God, it is inconsequential for the believer, when people malign or lie about him or misrepresent him and make false statements and accusations about him, and his response should be ‘SO WHAT’! **Humility**, developed in the Divine Dynasphere, allows these things to pass by because The Lord Jesus, The Christ will understand and if people do not that is their problem alone. Therefore, only in the Divine Dynasphere can the believer take unfair treatment without reaction. Reaction to any situation manufactures preoccupation with self and blaming others for the function of one’s own free will volition. This type of Arrogant divorcement from reality, with its total loss of common sense, wisdom and discernment, leads to **Crusader Arrogance** and involvement in politics like the “MORAL MAJORITY” which inevitably results in a de-emphasis of Bible Doctrine in one’s life. This is affirmative action, social engineering, utopianism, social action, the social gospel, etc., a total distraction from the Plan of God. Every believer will face momentum testing in the area of animosity from others and unfair treatment, gossip, maligning and being discredited by others. To maintain one’s personal **Virtue & Integrity** requires Confidence toward God and Courage toward man, Worship toward God and true Morality toward man, Personal Love for God and Impersonal Love toward man and these VIRTUES are only developed by consistent residence and function within the **Divine Dynasphere**. In this way, response to God avoids reaction to man and thus avoids all the Evil principles contained in the Interlocking System of Arrogance. In a civilized society where actual survival is not an ongoing issue as it is in a primitive society, people have more time to be preoccupied with self rather than thinking about surviving. People who have to be concerned about surviving do not have time to be frustrated and preoccupied with self, therefore, in a civilized society frustration is generally being motivated in life by one’s Arrogance and bad decisions. In a primitive society bad decisions

frequently lead to DEATH so there is no room for Frustration. Frustration in any aspect of life is Arrogant preoccupation with self, disappointment with others, thwarted lusts and desires and vain Ambitions. Most people are frustrated in situations and under conditions where they actually have control but use their volition to make bad decisions from a position of weakness as a result of lacking Metabolized Bible Doctrine in their Stream of Consciousness of the Soul. Therefore, poor judgment and bad decisions and lack of acquired wisdom from Metabolized Bible Doctrine brings about one's own personal difficulties in life. For the believer in The Lord Jesus, The Christ Virtue and Integrity are to be the first priority and without these the believer cannot function in the resolution of the Angelic Conflict. In addition they become hopeless, helpless and useless in meeting all the problems of life no matter how smart or clever they may be nor how sweet their personality is and as a result they will not make it very far in life.

### **Proper Orientation to Power and Success**

Success in any area of life is fantastic and delightful but there are 2 ways to acquire or come to success:

- Sell out and function within the Cosmic Dynaspheres under Satan's system of Evil
- Advance in the Spiritual Life under God's system of Grace and function based on the Metabolized Bible Doctrine in one's Stream of Consciousness of the Soul.

The consideration must be when one has some form of success, would one rather have a few people love him because he is himself or many more people love him because he is successful? Therefore, clearly the way to acquire power or success does not depend on one selling out to the Cosmic Dynaspheres. Power and Success can be achieved or acquired by functioning in the Divine Dynasphere as well, however it will be dependent on God providing the promotion and success under his timing and then it will be a blessing and the result of advance in the Protocol Plan of God.

PROSPERITY is something GOD provides for ANY believers who reach Maturity Adjustment to the Justice of God and beyond, no matter how humble his status, station or circumstances may be. The principle for the believer is "If God does not promote you, then you are not promoted, If God promotes you NO ONE and NOTHING can ever demote you". The difference between promotion and prosperity under the Power System of God vs the power and success of man in general living in the Cosmic Dynaspheres of this world, is the possession of the capacity for power, prosperity, success and blessing with humility. This fundamental virtue of Humility, developed in the believer in the Divine Dynasphere and the unbeliever under the Laws of Divine Establishment, allows them both to enjoy prosperity while it lasts and use the power and authority properly while it exists. Then the believer in the Plan of God, and the unbeliever as a result of his consistent function under the Laws of Divine Establishment, can understand that HE WILL BE SET ASIDE by time because inevitably TIME sets aside all people. This is the idiocy of Power Lust and Inordinate Ambition and Competition with the idea of forming a "legacy" for historical recognition. However, there is a unique exception for the believer who reaches or exceeds Maturity Adjustment to the Justice of God because there is for him in eternity blessings, decorations, privileges and honors which will last FOREVER. Therefore, when success and prosperity are related to the Plan of God and the Divine Dynasphere where the believer has advanced to Maturity Adjustment to the Justice of God,

then these have eternal repercussions regarding happiness. For those who have the right kind of prosperity, (and remember that there is nothing wrong with having great success, power or prosperity in life) it is accompanied by capacity for success, happiness and prosperity and without the capacity all will be meaningless and in fact create misery in their lives. For the believer, happiness, success and prosperity in life depends on faithfulness, function and advance in the [Power System of God](#), the Divine Dynasphere.

### **Gate #38 – The Arrogance of the Demand Syndrome**

The Demand Syndrome is part of the Narcissus complex thus interlocks with the [Motivational Arrogance](#) of [Egocentric Arrogance](#) manufactured in Cosmic Dynasphere I, the Interlocking System of Arrogance. It involves total preoccupation with self and the function of subordinating all others to that preoccupation. Implacability is also preoccupation with self in the narcissus complex and accompanies the Demand Syndrome. Since Arrogance destroys [Virtue](#) the narcissus complex and the Demand Syndrome replaces the loss of virtue and accompanying happiness in the individual and fills this vacuum resulting from entrance into Cosmic Dynasphere I. Involvement in the Cosmic Dynaspheres manufactures the Demand Syndrome in the same way as the Divine Dynasphere manufactures Virtue in the individual. This preoccupation with self is accompanied by an all encompassing lust for attention. Since [Happiness](#) and [Virtue](#) coexist in the Divine Dynasphere that which destroys virtue always destroys happiness as well. The frustration of lacking true happiness while in Cosmic Dynasphere I, is therefore manifest by the functions of the Demand Syndrome and narcissus complex. Narcissistic preoccupation with self demands complete and total attention from everyone and anyone in one's periphery. Therefore the Demand Syndrome is directed toward all mankind in a negative way just as the Functional Virtues are directed toward all mankind in a positive way. The constant use of euphemisms by individuals, to avoid using unpleasant or potentially offensive vocabulary, is very often indicative of complete disorientation to reality or an arrogant necessity to be well thought of for eloquent speaking. The Demand Syndrome is individual Arrogance demanding for self complete concentration, devotion and submission from everyone. Everyone in the vicinity of this person must contribute to his arrogant preoccupation with himself. This desired approbation from the masses becomes an obvious distraction to Perception, Cognition, Inculcation & Metabolization of Bible Doctrine and is therefore the breeding ground for saturated entanglement in Arrogance. The demand for attention and approbation also develops [Hypersensitivity](#) so that everyone must conform and be subservient or be bullied, ridiculed, punished and disgraced. This conformity to someone else's Arrogance is their game which is illustrated by 5 categories:

- ✧ The arrogant adolescent demanding their parents conform to them.
- ✧ The entitlement generation demanding what they have not earned nor achieved in life.
- ✧ The frustrated lover demanding full attention from the opposite number.
- ✧ The talented athlete subverted by the approbation of the crowd.
- ✧ The successful entertainer who parlays applause into Arrogance and flattery into

megalomania.

The Demand Syndrome results in the vanity of seeking to control one's environment or to always be the center of attention. This destroys any chance of happiness since the true source of happiness is learning Bible Doctrine in the [Divine Dynasphere](#). Therefore the demand for attention from all mankind is in antithesis to [Impersonal Love for Mankind](#), a primary Functional Virtue developed in the Divine Dynasphere, and it seeks to control everyone by demanding attention, flattery, recognition, etc. History is often the story of how the weak control the strong and very often weak insecure, irresponsible, arrogant individuals control policy, procedure and people in Social Life, Love Life, Business Life, Professional life, Culture, Government and Churches. Through self centered Arrogance and preoccupation with self the weak thereby can dominate the strong. The weak who demand food stamps, welfare checks, free education and wait for government handouts control the United States of America today and this is an ongoing historical downtrend in America which is leading inevitably to national collapse.

One cannot ever be spiritually mature when he constantly makes an issue of Self and the Believer who has advanced to [Maturity Adjustment to the Justice of God](#) and is receiving his Escrow Super – Grace Blessings never makes an issue of self in any way. No believer should try to make his [Opinion](#) important, in addition he never has to explain what he is thinking, his point of view, especially any thinking that he is important when, in fact, he is not. He should never be feeling sorry for self, insisting his viewpoint be heard or try to straighten out any organization. NO Believer possesses Virtue while making an issue of self, this is [Self Pity Arrogance](#), preoccupation with self, even megalomania. It is easy to be a JACKASS but nearly impossible to be a saint. The Christian becomes miserable and in fact transmits that misery to all those in his periphery because he makes an issue of self when he cannot find his right spouse, good job, social group, etc. He unfortunately does these things when the true issue of Bible Doctrine as 1<sup>st</sup> priority not SELF is ignored.

The believer enters the Cosmic Dynaspheres, Satan's Systems as a result of any level or type of Sin and any function contrary to the Grace Plan and Policy of God. Consequently, any involvement in the Cosmic Dynaspheres contributes to the **Unhappiness** of the believer. Considering Cosmic Dynasphere I the Interlocking System of Arrogance and the Demand Syndrome the believer entangled here is thoughtless, unreasonable, and stupid in demanding that he be made the focus of the lives of everyone in his periphery. The Demand Syndrome has no physiological implications or causes, and it is strictly a spiritual problem. Therefore, this Arrogance becomes a clear and simple way to determine if one is not residing in the Divine Dynasphere and if virtue first is not the major priority in one's life. Under the Demand Syndrome, everyone in one's periphery MUST contribute to the megalomaniacal preoccupation he has with self. This believer demands attention and total focus from everyone, else he will punish everyone around him. This is the Matriarch not getting the proper attention and then making life miserable for everyone in her family. This is the patriarch not getting the proper attention and then going out and raising hell or causing some personal injury to self to get attention. The Demand Syndrome also develops the total antithesis of all Virtue,

Hypersensitivity, which becomes a self destructive function putting one's spiritual life in reverse along with all categories of living and at times ends with suicide. When under the Arrogance of the Demand Syndrome, ALL persons in view must conform to some pattern of subservience or this believer reacts with bullying, punishing, ridiculing and maligning in public. This habit of criticizing others because of their lack of compliance with one's demands becomes a TOTALLY self destructive function. This is the believer manufacturing his own unhappiness and misery and often this type of people congregate to support each others hypersensitivities. In illustration: Arrogant adolescent children very often try to control their parents by being completely thoughtless, self centered, totally wrapped up in their own activities, sulking and developing hypersensitivity to the point where it destroys any physical beauty and attractive personality they may have. This is the ENTITLEMENT generation today who think that just because they exist they are entitled to a free ride in life. These are people who have been or who think their ancestors have been, abused historically therefore they are entitled to a free ride in life. The reality of life is that HISTORY moves on and leaves behind the abuses of past generations and NO ONE is ever entitled to anything because of the disasters which have occurred in the historical past. This is illustrated clearly by the Japanese Americans who were terribly maltreated in the United States of America after Pearl Harbor even though these Japanese CITIZENS in the United States of America prior to and during World War II had fantastic integrity and honor yet they were abused by the United States government. These abuses occurred in the past and must be and have been forgotten and no reparations ever demanded in compensation for them.

These are also people who demand what they have neither earned nor achieved in life or deserve in life. Every individual in his life has at some point had an injustice directed toward him but when he sits around and whines and [Complains](#) about it, this is Arrogance. The fact that the individual is still alive, especially the believer, indicates that God has a plan and purpose for his life and he must never look back whine or complain about things which have put him under pressure or adversity in his past. This is self destructive and such pressures and injustices may well be the reason he is the person he has become, in the situation he is in, because of the Plan of God for his life. When the believer is in God's System the [Divine Dynasphere](#), [HUMILITY](#) demands that he "forget those things behind and press forward to things ahead moving toward the high calling of God in Christ Jesus", moving constantly forward to Maturity Adjustment to the Justice of God. It is ONLY Arrogance which looks back while humility and virtue always look forward and the truth of life is that NO ONE is EVER entitled to anything for any reason.

This is the frustrated Wife or Husband who find it extremely easy to get into the Demand Syndrome, putting self on a pedestal, thinking he or she has personally been maltreated. In reality, no individual can ever enter into marriage without at some point and in some way being maltreated. Frustration in personal relationships in life always results in some maltreatment which easily leads one into the Interlocking System of Arrogance and the Demand Syndrome. This is the frustrated individual in a relationship who engages in demanding abnormal things in life like constant approbation and recognition as a result of his building Arrogance. This is the hypersensitivity which will effect that person's life in every way

especially within the Local Church. This is the talented athlete, artist or performer who has approbation of the crowd or audience for a short time and they must beware, “Sic Transit Gloria Munde”, The Glory of the World Passes Away! Approbation and recognition can normally result in some emotional stimulation but the believer must remember that people are fickle and will BOO as easily as applaud. Approbation develops hypersensitivity because it goes directly into the soul to stimulate the emotion. The danger comes from the fact that Approbation is addictive and when it is no longer present it is missed and results in the Demand Syndrome.

Among all people there are 2 kinds of people who can be boorish in life:

- Those truly great who do not have to be concerned about others recognizing their greatness because those close to them will clearly recognize this and as a result they gain sufficient satisfaction from knowing that they have done a good job in life and do not need approbation and never try to appeal to anyone.
- Those pseudo great who talk about their own greatness and drive everyone away from them as a result of their Arrogance.

The Demand Syndrome with its hypersensitivity is typically and inevitably followed by interlocking with [Disillusion Arrogance](#), the misdirection of one's life. This results in misdirection of confidence in life. Confidence in people is acceptable when one is in close personal relationship with people but one must realize that it can lead to disappointment and disillusionment when they fail. The point is that Nobody is perfect, everyone has an Old Sin Nature, and one should not expect perfection from anyone. In [2Cor 2:3](#), [2Cor 7:16](#), [2Cor 8:22](#), [2Cor 10:2](#), [2Cor 11:17](#) Paul expressed confidence in the Corinthians and it must be recognized that this confidence is NOT VIRTUOUS. [Confidence](#) is only a virtue of motivation and directed toward GOD! Confidence in Man for any reason, like Personal Love for Man, is VIRTUE DEPENDENT and this confidence manifests the personal virtue of Paul which was not blind but related to the Positive Volition of the Corinthians toward Bible Doctrine. If one truly has, from residence in the Divine Dynasphere, virtue, confidence in someone within the framework of his own virtue, then this is significant but not virtuous. Confidence in man can only be sustained where confidence in God exists and is sustained by Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. This is to sustain and protect the confidence in man from Disillusion and [Iconoclastic Arrogance](#).

In the Demand Syndrome there can also be misdirection of Personal Love which is directed toward Man and is Normal but NOT virtuous. In Category II, the Personal Love of Romance or Marriage and also in Category III, the Personal Love of friendship or Personal Love for family are legitimate expressions of Personal Love but do not in themselves have any virtue. The thing which makes Personal Love wonderful is Virtue therefore Personal Love is virtue dependent and can only be sustained and perpetuated where [Impersonal Unconditional Love](#) supports it. For virtue to exist in love it must have proper direction and the true principle is that Virtue only exists in [Personal Love toward God](#) which requires residence and function in the [Power System of God](#) the Divine Dynasphere and also in Impersonal Unconditional Love for Mankind. It is inevitable that personal love toward man intensifies the problems of human

interaction resulting in Disillusion, the [Feet of Clay Syndrome](#), [Self Pity Arrogance](#), [Jealousy](#), vindictiveness, implacability, [Revenge](#), etc., and these all cause inevitable self destruction. The Demand Syndrome can also cause the misdirection of Impersonal Love toward God and this is obvious Arrogance and megalomania, attempted superimposition of one's personal standards on God. With Personal Love for God, which is a virtue, there can be no disillusion nor disappointment with Love for God apart from blaspheme. Blaspheme always comes from the believer who is in a state of Arrogance or when functioning from stupidity resulting from ignorance of Bible Doctrine.

People are not perfect, all people have Old Sin Natures and love to use them. Those whom one decides to engage in personal love with have flaws and failures so that Personal Love for man can become a tragic flaw for the individual leading to involvement in the Cosmic Dynaspheres and ultimately self destruction. Personal Love minus stabilizing Virtue establishes vulnerability to weaknesses, sin and [Human Good](#) production from the influence of Evil. Therefore, any hypersensitivity in the individual produces and also results from the Demand Syndrome and causes Disillusion which results in the individual making himself unhappy. People in one's periphery may be right or wrong in their treatment of him, but this is inconsequential, and whether they are right or wrong, fair or unfair is never the issue. The issue is that this individual makes himself miserable when involved in the Demand Syndrome. This believer cannot even say God is punishing him because he is using his own self determination to punish himself with Self Induced Misery. The reality is that most Christians are miserable NOT because God is giving them Divine Discipline but because they are punishing themselves and God does not have to waste his time in punishing them. However, if they remain in the Cosmic Dynaspheres long enough then they will receive warning, intensive and ultimately dying Divine Discipline from God to add to their Self Induced Misery. The believer who constantly makes himself miserable can only avoid this by entering and consistently residing and functioning within the System of God the Divine Dynasphere and REMAINING there and when he slips out he must get back in as rapidly as possible. As a result of Self Induced Misery being the predominate motivator of unhappiness in the believer's life, he is therefore his own worst enemy when he is constantly using his own volition to make decisions to produce personal unhappiness. This is inevitable for the believer who resides and functions within the Cosmic Dynaspheres which are in fact specially designed to make the believer unhappy.

### **[Gate #39 – The Arrogance of Ingratitude](#)**

Gratitude to God is in essence [Grace Orientation](#). Ingratitude to God keeps the believer spiritually poor and is the epitome of Arrogance. This is the greatest self centered attitude and without gratitude one cannot ever solve his problems in life. Lack of gratitude is the prevalent attitude of the dependent person in the welfare state. The epitome of both temporal and spiritual immaturity is Self Centered Arrogance. A believer will always remain immature when

he has no gratitude for what he has received, especially the myriad of amazing things he receives from God. When the believer is blessed with material wealth or success from the Grace of God he must never allow Arrogance into his soul. His great material blessings do not mean that he is better in the eyes of God. He must never judge what others are doing because this is instant involvement in [Self Righteous Arrogance](#) and [Legalism](#). Believers with money who flaunt their money are a great test for other advancing believers.

Gratitude is measured in terms of [Humility](#) and Arrogance always destroys true Gratitude because Arrogance and Humility are mutually exclusive. There must be something in life upon which the believer can focus which will knock the Arrogance out of his life and which he can have respect for. This something must be and must remain Bible Doctrine and it must be transferred from the pages of scripture into the Right Lobe of the Soul of each believer by means of the teaching ministry of a qualified and prepared Pastor Teacher. Therefore, only those who respond to Bible Doctrine avoid the Cosmic Dynaspheres and the [Arrogance Skills](#) and are able to Execute the Protocol Plan of God in their Humility.

The [Gratitude Gauge](#) is defined as the measure of the quality of True Happiness in the Soul of the Believer. Involvement in the Interlocking System of Arrogance is the 0 point of one's Gratitude Gauge and Advanced Personal Love for God, [Occupation with the Person of The Lord Jesus, The Christ](#), Problem Solving Device #10 is the 100 point on his Gratitude Gauge. A 0 on the Gratitude Gauge creates a vacuum in the soul into which floods the LIES from Evil of False Doctrine. ONLY the use of the [Rebound Procedure](#) and divine mentorship under the [Filling of God the Holy Spirit](#) in consistent Post Salvation Epistemological Rehabilitation by daily Perception, Cognition, Incultation and Metabolization of Bible Doctrine can raise the reading of the Gratitude Gauge from 0 to the stage of 100. Capacity for anything worthwhile in life comes from the Metabolized Bible Doctrine resident in the Right Lobe of the Stream of Consciousness of the Soul. However, the Capacity for failure in life also comes from the soul as the Gratitude Gauge approaches 0 and as involvement in the Interlocking System of Arrogance increases. The Disasters which follow in one's life as a result of no Gratitude Gauge movement from the 0 point include:

- No Happiness in the life as the Old Sin Nature takes over the soul of the believer who then lives under it's Lust patterns and Trends.
- Loosing the [4 Battles of the Soul](#) as a result of being under the Old Sin Nature control of the soul which include:
  - Stress in the Soul
  - Sin in the Soul
  - False Doctrine in the Soul
  - Problem Solving Incompetence.
- Functioning under the Arrogance Skills and Interlocking System of Arrogance both involving grieving and quenching God the Holy Spirit.

The believer with 0 on his Gratitude Gauge rejects authority as a result of his becoming involved in the Interlocking System of Arrogance and Arrogance Skills. By his rejection of Authority under the Arrogance Skills and the [Arrogance of Bitterness](#), respect is turned into

vilification and malice leads to [Revenge](#) and hatred, while the Gratitude Gauge becomes frozen at zero. The destruction of Gratitude in the believer is the destruction of his Integrity and results in his failure in every respect in the Protocol Plan of God.

When functioning under the Interlocking System of Arrogance there is total ingratitude on the part of the believer. This is the inability to think, apply, appreciate or have any capacity for life. This believer may become preoccupied with the details of life and lose sight of the major issues in life because the Interlocking System of Arrogance destroys his capacity for life. This results in his inability to use whatever Metabolized Bible Doctrine he has remaining in his Stream of Consciousness of the Soul. Therefore, involvement in the Interlocking System of Arrogance guarantees ingratitude and boorish rude behavior. The believer must in all situations and under all circumstances in life remain professional in his functions with people even when they are rude, this is part of being aristocracy in the Royal Family of God. Therefore, there must always be a level of professional function in the Christian Way of Life. This includes an understanding of all the mechanics of the Spiritual Life and all the [Assets](#) given us by God at [Salvation Adjustment to the Justice of God](#) including the [Logistical Grace](#) provisions for the believer's life to enable his advance in the Spiritual Life. Former or current greatness in any area of life is no guarantee of current or future success in any other aspect of life or in the Spiritual Life. Involvement in the Interlocking System of Arrogance with [Self Pity](#) destroys any capacity for appreciation or thanksgiving, GRATITUDE, which is an objective function. One cannot ever be objective in life and under rampant subjectivity of the Interlocking System of Arrogance.

The concept of glorying in confidence demands amplification and both Hope and Glory must be understood. Boasting or glorying is never commanded toward self since this is Arrogance and should only be directed toward God as part of the believer's progress in the Spiritual Life. Boasting about the Integrity of God is a lack of Arrogance and freedom from the ingratitude which is frequently related to human blessings. This relates to gratitude on the part of believers but in life there are many ungrateful men. Human ingratitude is observed very frequently but this is very often provoked by the Arrogance of the benefactor. The attitude from which a person gives, when it is a poor attitude, destroys gratitude from those receiving. God gives directly from his perfection and his Absolute Justice backed by his Absolute Righteousness. Therefore, the believer's only response to God's giving MUST BE gratitude. Gratitude must be cultivated in the Human Race and this comes from developing capacity for life because man, in his total depravity, has no true capacity for anything especially gratitude. Anyone can proclaim thanksgiving, which is an overt expression of gratitude, without meaning it at all. True thanksgiving is an overt expression of the inward attitude of gratitude which only comes from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Appreciation for what God has done can only come when one has the pertinent Bible Doctrine in the Stream of Consciousness of his Soul and can appreciate the giver. Once the believer understands the Integrity of God, ingratitude is never a problem. A believer, with maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul, who has reached [Maturity Adjustment to the Justice of God](#), in his relationship with God, does not include ingratitude but only gratitude as a Mental Attitude and thanksgiving as an expression of

it. The gratitude of the believer is increased in proportion to the level of Metabolized Bible Doctrine resident in his Stream of Consciousness of the Soul. Therefore boasting in God is the expression of gratitude which comes from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul manifesting capacity for blessing from the Justice of God. Having this capacity is a HUGE blessing, especially in time of adversity, when he can in fact boast even in adversity.

#### **Gate #40 – The Arrogance of Pseudo Intellectualism**

A normal and logical result of rejection of Absolute Truth in any of the 3 categories by an intelligent individual with a High IQ is Pseudo Intellectual Arrogance. A smart person cannot reject Absolute Truth without becoming stupid or imbecilic and this rejection makes them instantly Arrogant. IQ has nothing to do with Arrogance and some of the most Arrogant people one will ever encounter are the peasant, stupid, scum of any society and some are the aristocratic intellectuals. The failure of talent or ability to be exploited is very often related to the subject of the Interlocking System of Arrogance. The greatest potential available for each believer as a member of the Royal Family of God is that which is provided by God to enable his advance to Maturity Adjustment to the Justice of God however, involvement with Arrogance will prevent the achievement of this desire.

Arrogance always wants self to be better than everyone else and when one tries to be better than other people in the realm of theology he finds self in the embarrassing position of trying to be more correct than anyone else about God. Speculation about spiritual alternatives leads to speculation about the scripture itself which always demands interpretation and never speculation and this speculation invariably leads to attempts to reconcile philosophy or science with doctrine. The reason there is so much confusion in Christian churches today is the direct result of Arrogance and the attempt to reconcile the Absolute Truth of Bible Doctrine and the falsehoods and LIES of the Cosmic Dynaspheres. This is how the development of [Religious Denominations](#) with their myriad of false teachings begins. The incredible thing is that it does and should take a lifetime to learn all the facts and nuances of Bible Doctrine, and it may in fact be impossible, and there simply isn't time for speculation about what may or may not have occurred at any given point with alternate decisions in any area. Speculating with regard to the word of God is not a game but it is a serious distraction from the study and learning of accurate Bible Doctrine.

The believer who rejects his own spiritual heritage moves into the Interlocking System of Arrogance and this ultimately results in the development of [Black out of the Soul](#) and [Scar Tissue of the Soul](#) as he falls down through the stages of Reversionism. This then destroys the advantage of having a high IQ and great intelligence and inevitably results in his becoming no better than a moron. Therefore, genius is neutralized by Black out of the Soul and Scar Tissue of the Soul and this is historically the problem for the Jewish people, who are the smartest

people in all of history in the world. By saying no and rejecting their spiritual heritage and The Lord Jesus, The Christ as savior they have failed to effectively use the Laws of Divine Establishment and Divine Institutions given directly to them by God.

Pseudo Intellectual Arrogance occurs when the believer tries to superimpose his Human IQ over his Spiritual IQ with the manifestations being overt influence from and involvement in Evil with its derivations of socialism, utopianism, communism, existentialism, Gnosticism, social action and many other human philosophies of life. This is acceptance of the [Human Viewpoint](#) of the satanic Cosmic Dynasphere systems and rejection of the [Divine Viewpoint](#) of the Grace Plan of God in life. This in itself is a glorification of human speculation about anything and everything and is demonstrated clearly in concepts such as transcendentalism and human evolution. Pseudo Intellectual Arrogance either glorifies human speculation to the exclusion of Bible Doctrine or attempts to reconcile human viewpoint speculation with Bible Doctrine. Many Pseudo Intellectuals when faced with a command which demands some sacrifice, suffering or difficulty make the right noises so that they don't lose their status in the eyes of others and then they depart to some more comfortable set of circumstances. Pseudo Intellectuals are always sincere, [Emotional](#) and [Impulsive](#). Emotion produces impulsive action and believers must avoid impulsive action and move to rational meaningful action based on the application of Bible Doctrine to experience. Emotion and Arrogance in the Stream of Consciousness of the Soul produce sincere dedication and impulsiveness. The impulsive emotional individual has added to this activity, [Pride](#), Scar Tissue of the Soul and [Sincerity](#) so that this person completely destroys himself when there is a catastrophe or disaster occurring. This is self elimination and is characteristic of the majority of believers today and totally disassociates them from reality. However, emotion can be good if it is used properly and subordinated to the thinking of the Right Lobe of the Stream of Consciousness of the Soul so that there is good, enjoyable emotion when thinking stimulates its response.

The great thrust of Evil which was attractive to the Jews was this intellectualism. The Jews, who are the smartest group of people in the world in all of history with regard to intellect, have destroyed and neutralized the ability of their intellect because it is not related to Absolute Truth and therefore they are slaves to their intellect. Intellect minus Absolute Truth is ABSOLUTELY of no value. By rejecting Bible Doctrine, especially the Gospel of Christ, the Jews have become enslaved to their own intelligence and they don't cease to be brilliant but being slaves to their intellect they cannot function properly in application and thus become completely divorced from reality. This is another part of the explanation of the holocausts and why the Jews lined up by the hundreds of thousands to be killed by the Nazis. When you become a slave to your own intellect you divorce self from all truth and become a slave to Arrogance. Arrogance will always destroy the best intellect and a genius with overwhelming entanglement in Arrogance is useless and has the same [Self Pity](#) in disaster and the same [Self Righteousness](#) in prosperity as anyone else. If there is anything that has become attractive to Christianity it is this so called 'intellectualism', which is simply the attempt to reconcile the philosophical systems of man that are currently popular with the Doctrines and principles of Christianity. This is, in effect, the rejection of Bible doctrine as the Absolute Infallible Word of God. This is the constant ongoing attempts to amalgamate Bible Doctrine with Satanic Human

Viewpoint thought so that, in effect, Bible doctrine can be used to justifying the function of Kosmos Diabolicus within the area of Christianity. It is an attack which is constantly faced today and clearly demonstrated by the acceptance of such principles of Evil as homosexuality, feminism, welfare state functions, socialism, all religions and many other concepts. No system of phallic activity, no system of lust, no system at all can succeed on the basis of emotion; it must be carried by intellect, and this is the intellectualism that appeals to the Arrogant individuals who accept the Cosmic Dynaspheres.

The Pseudo Intellectual believer is always one with Black out of the Soul and Scar Tissue of the Soul and the greater his Scar Tissue of the Soul, the greater his entanglement deeper in the Arrogance complex, which systematically builds up in his soul. The stronger the Arrogance is in the Stream of Consciousness of his Soul the more he is impressed with his own thoughts and therefore becomes totally unteachable. He always has a better way and something he wants to do instead of learning what someone else wants him to do. He may be an unteachable Pseudo Intellectual with a high IQ but cannot even put his thoughts together to think in terms of principle. These people are susceptible to any false concept, especially those related to welfare and socialism, and want complete government regulation of individual lives unless it directly effects them. College professors for some decades in America have fallen into this category and have incredible Arrogance which makes the majority of them Pseudo Intellectuals. Arrogance in the Stream of Consciousness of the Soul ALWAYS resists Absolute Truth and because of this these individuals can perceive an outer layer of academic substance but never the inner truth which supports it. The Pseudo Intellectual cannot ever stand up to historical crisis or national disaster because they have no common sense and no concentration ability. The concentration that it takes for Perception, Cognition, Inculcation & Metabolization of Bible Doctrine and that needed to take (gr) gnosis and convert it to (gr) epignosis Bible Doctrine is the same as that needed for the application of that doctrine to circumstances and situations of life. If one cannot concentrate during learning he cannot ever apply what he has supposed to have been learning. The mechanics of how one learns are the same as the mechanics of how one applies that learning to situations. Perception and Application both work on the same system of concentration but in reverse of one another. Therefore, Concentration not only applies to learning but also to application of learned principles to life so that obviously then the only difference between [courage](#) and [cowardice](#) is the ability to think and concentrate for application of what one has learned.

It is generally not the people of genius nor the talented people who make it to true greatness in this life, it is the pluggers of life who function with the highest levels of self discipline. These are the people who have consistent overriding self discipline and concentration to understand the objectives and remain persistent and focused no matter the distractions which come their way. Smart people often don't succeed to greatness in life nor in any major effort because of distraction and most often entanglement in Arrogance on their part. The Pluggers are the ones who most often succeed in life in general because *all people are better off when they are held to a high standard of performance.* Arrogance destroys the effectiveness of a brilliant mentality and any strength, talent or ability. Arrogance makes a smart person dumb and a stupid person petty. Arrogance is a source of great misery to the one who is entangled

in it and even greater misery to those closely associated with him. Arrogance is the number one enemy of the Christian especially self righteousness. Self Righteousness is Arrogance and all self righteous Christians are as Arrogant as Satan himself. Neither Arrogance nor any other aspect of Evil can understand good, pure motivation based on Virtue nor can it understand any other functions based on GRACE. Therefore Arrogance which is derived from EVIL assumes that the honorable motives of others are dishonorable and equivalent to those of the Arrogant individual himself. When Grace and Evil come into contact there is always conflict of thought and action and this is most often disaster for the Evil side.

The problem with the people of America today is found in the simple explanation that the American way of life is gone because there is no longer an American Way of Thought. The American way of thought is gone because the people have divorced themselves from Absolute Truth in all 3 categories. If one does not know truth then he is a slave to his own intellectualism and ultimately destroys himself by filling his mind with what is totally false, the LIE from EVIL. The greater the natural perceptive ability the greater also is the ability to absorb what is false. To absorb the LIE, this false information is to absorb darkness and produce the application of that darkness in the mind toward any problem of life which only intensifies the darkness. Therefore the intellectual and man of genius can only switch from intellectual functions to Arrogance and back again, never bathing in the LIGHT of Absolute Truth.

Attempting to reconcile the Absolute Truth of Bible Doctrine with false speculative activity in any academic field is Pseudo Intellectualism or Anthropocentric Academic Speculation. Pseudo Intellectual Arrogance is therefore where philosophy and science attempt to be reconciled with Bible Doctrine and when it cannot or does not occur it results in the individual's hostile rejection of Bible Doctrine. Philosophy is the Arrogance of man attempting to explain man without God, while Biblical Doctrine is the Justice of God explaining himself to man. All Pseudo Intellectuals think they are as smart as whoever is the person of greatest intelligence in their periphery. They believe this because of a build up of Scar Tissue of the Soul from Negative Volition to Absolute Truth which results from and inevitably in greater Arrogance so that the greater the involvement in the Interlocking System of Arrogance the greater is their divorcement from reality. ([2John 9](#))

This describes a whole category of people who cannot ever live through a crisis nor handle any personal nor historical disaster. This person as a Pseudo Intellectual is a person whose Arrogance of soul is greater than his knowledge in any field he is involved in. His Arrogance forms a wall around the possibility of ever getting to real Truth. He knows about one or more subjects and may even be an expert in one or more fields but really never orients to Absolute Truth despite his being an expert in some field. His area of expertise is superficial and a Detail of Life and he tries to reconcile his field with Bible Doctrine. He has no foundation of Bible Doctrine nor understanding of or adherence to any category of Absolute Truth and all his knowledge, no matter how great it may be nor the area it is in, has no roots in the Absolute. Therefore, this clearly represents the Pseudo Intellectual observed in this time and most college professors, IF, they have any level of intelligence at all, fit this categorical mold today. They

are Arrogant and [Inflexible](#) and their Arrogance allows them to assume that knowledge and expertise in one subject or field makes them expert in just about anything in life. They have an “Arrogant hangup” which distorts any Bible Doctrine they hear into rationalism or empiricism.

As an unbeliever the Pseudo Intellectual with a High IQ and great perceptive ability, learns incredible things but never gets to Absolute Truth. There is no root for their knowledge in truth and they vacillate from irrational to emotional and become neurotic and [Psychotic](#) and generally, eventually they totally fall apart. They reject Bible Doctrine as Truth related to the Divine Institutions and the Laws of Divine Establishment and God and by this means build up an enormous level of Black out of the Soul and Scar Tissue of the Soul. This builds greater and greater involvement in the Interlocking System of Arrogance which brings instability and eventually disaster. Spurious emotion divorces the Pseudo Intellectual from reality in normal times and therefore he cannot ever survive the abnormal times of historical crisis because of the concentration of destructive emotion. The United States of America will have a historical and national crisis in this time of its contemporary history and most likely will not survive it if the people have not straightened out their priorities in life. There must be self discipline and this must be parlayed into self determination and there must never be distraction by any Human Viewpoint system. All Arrogant Pseudo Intellectuals are eclectic and only choose to learn what they like or agree with from that which is presented to them in any field especially when they are involved in bible study. They set themselves up as the absolute authority in any field of intellectual endeavor. They always become [Irrational](#) and [Emotional](#) since their Arrogance divorces them from reality and therefore they switch to functions under emotion instead of thought as they enter into [Emotional Revolt of the Soul](#).

The believer under Divine Discipline or in a pressure situation of adversity, crisis or disaster in life is forced to face reality and should then use the [Rebound Procedure](#) to resolve any carnality and clearly see their Arrogant failure and hopefully never forget that lesson but move on for advance in the Spiritual Life. To solve any problem in life the believer must begin with an orientation to reality. The first point of reality orientation is self evaluation and recognition of personal failure or “What a jackass I am”. This is describing self as the idiot who can go no lower. This obviously places the solution somewhere above the level of personal idiocy. A big part of self evaluation must be telling God the Father what he already knows about one’s failures using the Rebound Procedure including involvement in any aspect of the Interlocking System of Arrogance. When one has the self perspective of being lower than a chigger bug then there is no way to go but UP in the Plan of God. Always remember that problems are solved in a state of [Humility](#) never in a state of Arrogance.

### **Pseudo Intellectuals & Absolute Truth**

The human mind no matter how brilliant is helpless to cope with life apart from Absolute Truth. The human mind was designed by God to operate on TRUTH and cannot properly operate on that which is false. Therefore, no matter how great an individual’s IQ their whole thinking process is distorted and ruined by operating under falsehood, the LIE from Evil. The only way to exploit a high IQ is to always have it operate on the basis of the 3 categories of

Absolute Truth found in Bible Doctrine. Therefore, for both believer and unbeliever, the mentality of the Stream of Consciousness of the Soul only functions properly by the fuel of Bible Doctrine. For the unbeliever this is found in the Gospel of Christ, the Divine Institutions and the Laws of Divine Establishment; and for the believer it is found in the Laws of Divine Establishment, the Divine Institutions and the entire realm of Bible Doctrine. The Jew by genetic inheritance has a great mind but this becomes a phenomenal mind when he accepts his spiritual heritage at Salvation Adjustment to the Justice of God through Faith alone in The Lord Jesus, The Christ alone. The mind of the Jew although brilliant becomes useless without the divine help of Bible Doctrine.

For the Pseudo Intellectual there is a wall around truth which he refuses to and has never penetrated to get to the truth. His concepts do not have roots in truth but his perspicacity has given him a great deal of information about many things based on Cosmic Dynasphere LIES. In most cases he has been thoroughly educated and has a great deal of knowledge about many subjects and NONE OF IT is related to Absolute Truth. The Pseudo Intellectual may know a great deal in many areas but when it comes to Bible Doctrine he resists it like Amenhotep II. He, however, as a result of this and even as a believer, builds Scar Tissue of the Soul and the greater the Scar Tissue of the Soul the greater the pressure and the greater the pressure the greater the Arrogance Entanglement so that he will hear truth, even in simple terms, and totally reject it. This is the reason so many college professors are socialistic and communistic having lots of information and having learned many things but having no relationship to truth, therefore, they are Pseudo Intellectuals. When they hear truth and reject it then they begin to slide down through reversionism and build Scar Tissue of the Soul so that as it builds to covering the soul it causes Arrogance to be sucked into the vacuum of the soul. Therefore, the smart person, any person in fact, who has rejected Absolute Truth has an automatic increased Arrogance factor. When one has orientation to Absolute Truth he constantly wonders how people can be communists, socialists, welfare proponents, homosexuals, etc., and yet observe the evidence of free enterprise, the motivation of freedom, the functions of privacy and property for prosperity and then still put men into government who are socialists or communists who will eventually destroy them. How can anyone be socialist and think that is the answer to man's problems and how can they ever accept and agree with the welfare state functions. How can Americans accept graduated income tax when it is very clear from scripture that fixed income tax such as 10% or 15% for all is the proper and authorized method of taxation which does not destroy motivation and still provides enough money for efficient small government operation. As Pseudo Intellectuals these people live for approbation and their rejection of the tenets of Bible Doctrine results in a build up of incredible Arrogance. The Pseudo Intellectual thinks in terms of approbation like those whose profession is entertainment, where approbation is their desire and the basis for their happiness, and as a result they have no capacity for life, happiness, blessing or anything at all. In the spiritual world the number of believers in any congregation is inconsequential and it is only Positive Volition in the congregation which is important yet many pastors function totally under the desire to have extremely large church congregations to stimulate their approbation lust. The Pseudo Intellectual looks at the life from Human Viewpoint and has no interest in Bible Doctrine and his driving motivation is to push himself for greater approbation and recognition. When he is

a believer he will be in heaven but is a complete failure when it comes to spiritual growth and ultimately dealing with any personal or national catastrophe or historical crisis. Without Bible Doctrine the Pseudo Intellectual does not have the integrity nor moral courage to venture out into unknown circumstances or uncertain conditions.

The Pseudo Intellectual is the person who is full of Soul [Hangups](#) and saturated with Arrogance and who distorts Bible Doctrine into a system of rationalism and empiricism. They are intelligent people but without a base in Absolute Truth they are always of a liberal, relativistic orientation so that the only difference between radicals and liberals is their IQ. Beneath the veneer of intellectualism is emotional distraction and when frustrated in any way in their plans or thinking they become excessively emotional and totally irrational. They believe themselves to be equal to those whose thinking is based in Absolute Truth and in their Arrogance are stymied by their hangups constantly trying to prove something to everyone. Arrogance continues to blind them to their true value in life, which is in fact 0. Arrogance and selfcenteredness cause these people to attach erroneous importance to their intellect and abilities which totally divorces them from reality. Being smart with quick perception they have the occupational hazards of lacking common sense, being disoriented to life and reality, enmeshed in Arrogance, self centered and having feelings of immeasurable self importance and extreme [self righteousness](#). The liberal is always an extremely self righteous person who eventually becomes emotionally unstable and psychotic or neurotic. Arrogance and emotion out of control are the source of his sincerity and instability and sincerity is never a [Virtue](#). Making emotional decisions has no meaning and verbal or overt dedications mean absolutely nothing in the Christian Way of Life. These merely express emotional [Reversionism](#), Pseudo Intellectuality and advertise that these individuals are trying to use someone or some situation for their own personal benefit or aggrandizement. This, inevitably, occurs in all organizations where people declare their unwavering loyalty to the leader. This is also the idiocy of public dedication and reaffirmation of faith by the believer. Reaffirmation of faith is blasphemous because Salvation Adjustment to the Justice of God is permanent and unchangeable and after Salvation the consistent use of the [Rebound Procedure](#) and engaging in Perception, Cognition, Incultation & 'Metabolization of Bible Doctrine is the [Essential](#) of the Christian Way of Life. 'Surrendering' to preach or to mission work is absolutely meaningless since the believer must learn Bible Doctrine to know what spiritual gift he actually possesses and even then any communication gift very often requires preparation under great intensity and focus so that any one shot dedication is totally meaningless. Therefore, dedications, in any aspect of the Spiritual Life, are no substitute for consistent Perception, Cognition, Incultation & Metabolization of Bible Doctrine.

### **Pseudo Intellectual Arrogance = Rational Arrogance**

Rational Arrogance is the VANITY of Pseudo Intellectual Arrogance or the "ELITISM" of the high or genius IQ. This Elitism is the Arrogant conscious pride of belonging to a select or favored group of people who may have a high IQ and who tend to look down on those who are of lower intellectual capability. It is the vanity of giving precedence to human IQ and intellectual attainment over [Spiritual IQ](#) and momentum from Metabolized Bible Doctrine in the Right Lobe of the Soul. This generally afflicts those believers whose superior IQ or intellectual background gives them a false sense of superiority. These pseudo intellectual believers very

often compromise Bible Doctrine by attempting to reconcile Bible Doctrine with philosophical and scientific speculation. Because it is anthropocentric, Pseudo Intellectual Arrogance tends to accept as FACT, *THEORIES* and philosophical speculations in the areas of Rationalism and Empiricism and try to make them a part of Christian Doctrine. However, Bible Doctrine is the Thinking or Mind of The Lord Jesus, The Christ ([1Cor 2:16](#)) and He will never accept these concepts as part of Christian Doctrine. Rational or Pseudo Intellectual Arrogance often chooses some *THEORETICAL* concept such as “Evolution” over Creation because it seems to be more reasonable because it focus’ on human developed THEORIES, than the Divine Revelation in the Canon of Scripture. Intellectual Arrogance very often distorts the TRENDS of history and substitutes FALSE Trends and Ideas such as the idea that if you make treaties with communists or moslems that there will be no war and they will disarm and depart from their objective to conquer the world. Intellectual Arrogance contradicts the lucid and perspicuous statements of Bible Doctrine from scripture using the academic subjects of:

- ✧ History
- ✧ Philosophy
- ✧ Psychology
- ✧ Sociology
- ✧ Historical Geology
- ✧ Anthropology
- ✧ Political Science
- ✧ ETC.

In addition with they glorify ideals derived directly from Evil including Marxism, communism and islam and insert these into academic subjects. Trends of Rational or Intellectual Arrogance are seen throughout the history of Christianity beginning with GNOSTICISM in the time of the apostles. Gnosticism tried to reinterpret scriptures adding philosophical concepts which Bible Doctrine totally rejects. This was prominent early in the 1<sup>st</sup> and 2<sup>nd</sup> centuries and was present in the Scholasticism of Medieval times in which the THEORIES of Plato and Aristotle were brought into Christian doctrine and made part of it. This Pseudo Intellectual Arrogance is now, and has been for a very long time, a very definite part of the picture of any higher academic pursuit. Therefore, Rational Arrogance uses Human Viewpoint, Academic Theory as the criterion for life instead of Bible Doctrine.

This is inevitably the result of the interlocking of the [Motivational Arrogance](#) of [Mental Attitude Arrogance](#) and its Mental Attitude Sins with [Rational Arrogance](#) as a fragment of the Arrogance Grenade and then also interlocking with many areas of [Functional Arrogance](#) all based on principles from Evil. Rational Arrogance is involvement with processes of thinking and in all aspects of the Interlocking System of Arrogance the entire system requires some area of thinking first and this is Motivational Arrogance. When entering into Cosmic Dynasphere I, there must be thinking occurring first, and this very often involves Rational Arrogance. This “thinking” arrogance is the antithesis of Emotional Arrogance, also Motivational Arrogance, but which is [Irrational Arrogance](#). However, Pseudo Intellectual Arrogance is trying to superimpose Human IQ over Spiritual IQ. This is the function of the Human Viewpoint of life from Cosmic Dynasphere involvement which rejects or sets aside Truth and scoffs at and ridicules Divine Viewpoint. The Absolute Truth of Bible Doctrine forms a system of absolutes under which the

believer is supposed to function, while arrogance intrudes on this with the glorification of human speculation and therefore deals only in the relative. By seeking to reconcile Bible Doctrine with Philosophy and / or Science the result is increased arrogance factors. Today this is characterized and manifest by existentialism, social action, utopianism, socialism, communism, etc. There are 3 categories of people who become involved in Pseudo Intellectual Arrogance:

- ▲ Ignorant people who are Arrogant and have no knowledge of the subject they are discussing
  - ◆ They are involved with oversimplifications and therefore oversimplify solutions with panaceas of life
    - A good illustration is Antisemitism or any other racial destruction theory.
    - This is the Jacobean mentality and they have red herring solutions for everything.
- ▲ Brilliantly intellectual people who are arrogant
  - ◆ They have a vast over estimation of their own Personal Opinion as one who is brilliant in one field but thinks he knows everything about every field though he is absolutely stupid in these others.
    - These are the scientists or college professors who are expert in one field or area and think they know all that is necessary in other fields.
- ▲ Those who resent or envy those who have attained greatness in some field rationalizing their consideration that these others are not as smart or great as they are.
  - ◆ These are very often people involved in entertainment or athletics who are brilliant in their fields
    - They feel compelled to give their opinion about things they have no knowledge of

### **Pseudo Intellectuals & Liberalism**

Pseudo Intellectuals are invariably liberals and this is why the liberal is always trying to do good somewhere and why they are bleeding hearts. This is how they create a vacuum in their soul into which socialism and Marxism is sucked and why the idiocy of Marshal Field and Henry Wallace developed in American history. This is why in government, business and college classrooms so many socialists and welfare state supporters and do good liberals can be found. In South American countries the college campuses are places which foment revolution similar to what was seen in California during the Vietnam war with idiotic insane hippies running all over the campuses denouncing the country and the war. These people are phonies and Pseudo Intellectual and should have been tried and executed as traitors. Their major problem was a combination of emotional distraction and entanglement in Arrogance. When frustrated in any way such as when losing an election, the liberal becomes emotional and irrational even to the point of perpetrating violence. This was blatantly obvious during the 2016 election year and under the Trump Administration all the way to the 2020 election and the constant insane opposition to his efforts to rebuild the stability of this nation. When his Arrogance is challenged the Pseudo Intellectual individual becomes totally irrational and tries to raise up a mob to destroy his opponent. This person cannot ever survive in any type of crisis.

Liberalism in all forms is Arrogance and therefore not related in any way to reality. Liberals are anti police yet expect Law Enforcement to protect them when THEY are in danger. They are weak even supportive toward criminals and they ignore the victims of crime until they become victim of real or imagined injustice. They are intelligent people but knowledge without a base in Absolute Truth means they are always liberal in their Modus Operandi and Modus Vivendi. The Pseudo Intellectual believer cannot ever learn enough Bible Doctrine to be more than an infant believer because Arrogance rejects the authority of the teacher and the authority of the Word of God. All Arrogant Pseudo Intellectuals are eclectic and set themselves up as the absolute authority in any field of intellectual endeavor they are involved in. Arrogant Pseudo Intellectuals are one of the major reasons that the United States of America has been begging to be destroyed for DECADES.

Representatives in the American government are pitiful in all areas of thinking but cannot be exclusively blamed since the people who elected them are truly the ones at fault. In evaluating the failings of America one must look at self and one's whole system of thinking since it is that which is today totally erroneous and at fault. Americans have allowed a system of liberal thinking to filter into all areas of the culture, education and government and this liberalism involves Pseudo Intellectualism. Pseudo Intellectualism, therefore, generally refers to the status of smart people with relatively high IQ who have generally been educated beyond their capacity thus putting them into positions of greater ignorance. They have no roots in Absolute Truth at all and as a result can only accept LIES into their souls having created a vacuum in the soul from this rejection of Absolute Truth. As a result of development of [Blackout of the Soul](#) and the build up [Scar Tissue of the Soul](#) they become totally blinded to reality and DEMAND to be destroyed by God. Liberalism has its source in Evil and is totally anti Christian and anti God to the core and as a result of the saturation with it, the United States of America, as a CLIENT nation to God, has been demanding destruction. With his function of [Human Good](#) the Pseudo Intellectual liberal sets himself up as God and names his pet projects as the panaceas of life and solutions to all man's problems for which he constantly [Crusades](#). When he is frustrated in these efforts and functions he turns to his emotion and becomes more irrational and this divorces him more and more from reality. The United States of America is saturated with these individuals and is even governed by those that are emotionally irrational and blind to the fact that communism in Russia and China along with islam are all focused on the take over or absolute destruction of America. American people have been brainwashed and propagandized to think and believe that communism and even islam are good things so that accepted national policies have condoned their violence while in reality both are derived directly from satanic Evil and are murderous systems of tyranny. America, as a nation of liberals, has confused the principles of [Human Good](#), which are derived from Evil as its production system, with that which has brought it prosperity under freedom.

The Jews have a spiritual heritage of total conservatism and every line of the Mosaic Law is conservative and establishment oriented. Unfortunately however, Jews have become very liberal because of their rejection of Christ as savior and the resulting formation of collective Scar Tissue of the Soul. This has resulted in more rejection of Bible Doctrine truth and

therefore believing the LIE of liberalism from Evil. Their intellect is great but Scar Tissue of the Soul plus Arrogance takes the greatest intellect of the Jew and turns it into nothing. The greater the Scar Tissue of the Soul the more the unbeliever Jew uses the Mosaic Law as a system of salvation and considers spirituality to be by means of sufficient human effort works. Any time the unbeliever uses any system of human effort or ability for salvation or spirituality they develop the worst case of [Self Righteous Legalism](#) imaginable. Many liberal believers think that if they could just see God work for the United States of America in a miracle this would turn the nation back to its greatness. The United States of America is in such a state of collective [Negative Volition](#), Black out of the Soul and Scar Tissue of the Soul because of rejection of all categories of Absolute Truth. This means that there is an incredible built up Arrogance so that even a national miracle would be rejected because the people believe ONLY the LIE from EVIL and reject all truth along with miracles. The miracle only has power in the response of the believer who sees or knows the miracle for what it is and who believes by accepting truth without the miracle. The miracle is fine for someone with a lot of Bible Doctrine but the fact is that having reached Maturity Adjustment to the Justice of God as a result of possessing maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul, believers don't need the miracle. Liberals think of miracles in terms of alleviating suffering but The Lord Jesus, The Christ used miracles as his credentials to establish his messiah status not to alleviate suffering. Even with his miraculous deeds He was not accepted and Jewish people saw the miracles and did not accept him because of their Blackout of the Soul and built up Scar Tissue of the Soul. The power of Scar Tissue of the Soul + Arrogance is far greater than the power of the true miracles from God and any believer with Scar Tissue of the Soul is never impressed by miracles, just consider the Pharisees of the time of Jesus.

### **Pseudo Intellectuals & Emotion**

Very often the Pseudo Intellectual is emotional, sincere, overtly dedicated, enthusiastic, impulsive and at the same time a total failure. This category of believer cannot face in any way personal, national or historical disaster or even adversity because the Pseudo Intellectual is totally divorced from reality and cannot even face the most superficial type of uncertainty in pressure or testing. If a believer cannot face uncertainty he cannot face any level of disaster. The Pseudo Intellectual may have spurious enthusiasm but it is artificial and comes from the emotion of the soul rather than Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Because of entanglement in Arrogance and [Reversionism](#) there is Arrogantly stimulated emotion which results in his public presentations being eloquent and beautiful but totally meaningless. There is no ability by this type of person to recognize that the greatest slavery in life is slavery to the Old Sin Nature and the [circumstances or details](#) of life. The concept of the Pseudo Intellectual is that if one does not like his circumstances and is unhappy then when he changes them he can be happy again. This is irrational through and through since happiness is designed by God for when one is in any circumstance. Pseudo Intellectuals are always sincere, emotional and impulsive. Good emotion can be expressed when there is logical, rational thinking which stimulates it to respond. When the believer is focused on reality and has Metabolized Bible Doctrine along with the Laws of Divine Establishment and Divine Institutions in the Stream of Consciousness of the Soul and sees an enemy destroyed in

or outside his country he can be aroused to a fevered pitch emotionally.

When an Arrogant person starts impugning the motives of a believer with Positive Volition toward Bible Doctrine he has lost his basis for disagreement or discussion. This is an attempted destruction of a very basic principle of freedom which says that whatever one's motives are they are his business alone and no one else's. Generally speaking the Pseudo Intellectual has no concept of the principles of leadership and does not understand that there can be no such thing as freedom, security or a spiritual thrust in any group of people or nation unless there is AUTHORITY which is the key to everything.

### Pseudo Intellectuals & Stupidity

The reason intelligent people are stupid about so many things is because of Arrogance. Scar Tissue of the Soul builds up pressure in the soul and this fosters greater Arrogance which blinds and divorces the individual from reality. One can have a genius IQ but Arrogance produces Blind spots in the soul and because of this some of the most intelligent people in the world today are the most stupid. In short, Arrogance makes any person stupid. The more Arrogance entangles the Right Lobe of the Stream of Consciousness of the Soul the more blind the person becomes to Truth. These persons are inevitably involved in the 8 stages of Reversionism. Therefore, the only real way to be truly smart and discerning is to be totally free from Arrogance.

When one has command of an organization he should never look for the very smart people to support the organization but look for people who are oriented to authority and inculcated with self discipline and thoughtfulness. The Arrogant Pseudo Intellectual person is useless in any organization until every ounce of Arrogance is whipped out of them and replaced with discipline. There were a few organizations such as the military and a very few proper academic institutions where they would knock the Arrogance out of people giving them some meaning in life and making a human being out of them. Unfortunately, at this time in our history, even these organizations are failing to demand discipline and authority recognition and in fact now even foment greater and greater Arrogance. The problem today in the military is that some Momma's boy or of all things GIRL, whines to momma about how hard things are and momma then whines to her congressman to make the military stop being so hard on her babies. In addition there is acceptance of every level of immoral degeneracy imaginable so that unit cohesion is thereby totally destroyed. In academic institutions some poor little Lord Fauntleroy complains to momma or daddy that school is hard and thinks that even though he spends his time partying and NOT studying he should still pass all his courses and graduate because Momma and Daddy have paid for his diploma. Momma and Daddy talk to the administrators and threaten to withhold their donations unless Little George can graduate. These types, and in fact all American youth, should be put into a strict system of discipline and authority starting in elementary school. Everyone in the American system of public education has been trained to think he is the most important thing in the world and the only other important thing is protecting the atmosphere and waterways. He has been propagandized and brainwashed to think that the government should control all business and life functions and has had a maximum of Evil, socialistic, do good, liberal thinking infiltrated into his soul. This is

what develops in historical collapse of any nation and America is not an exception and is susceptible to and in fact on the very brink of the 5th cycle of Divine Discipline AT THIS VERY TIME. However, this is even yet unseen and unrecognized by the stupidity which is prevalent in the pseudo intellectual society today.

The Pseudo Intellectual is one whose day dreams are divorced from reality and when he sits and day dreams he is shallow because he is easily distracted from things which are important. This emotional instability makes him a casualty to the historical crisis even before it occurs. In crisis and disaster there will always be a calm before the storm because PEOPLE IN THEIR INCREDIBLE STUPIDITY refuse to see the warning signs of coming crisis. People are not dumb with low IQ but stupid in the sense of Arrogantly thinking that they can keep doing the same wrong thing and get a better or proper result. These people always look on the bright side saying everything is going to be alright when in reality the disaster is overtaking them and crisis is about to destroy them. During the calm before the storm the only preparation which exists is in the Stream of Consciousness of the Soul in the thought patterns of the individual. There is only one thing which is of value and which the believer can take from this life into eternity and that is the thought content of Bible Doctrine in his Stream of Consciousness of the Soul. The Metabolized Bible Doctrine stored in the Right Lobe of the Stream of Consciousness of the Soul is more valuable than all the gold, silver or precious stones, more than power and authority, more than anything the world knows or has ever known. People are often collectors and gather to themselves many varied sundry things. Believers in the Royal Family of God, must collect Metabolized Bible Doctrine into the Stream of Consciousness of the Soul continuously and consistently. The truth is that no one can steal Metabolized Bible Doctrine out from one's Soul, therefore, preparation for potential future disaster demands maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of one's Soul. This is the true dynamic for disaster and imminent crises, though they are real and their danger is real, believers with Positive Volition are given minor disasters, personal or collective, to evaluate and strengthen their preparation for these major catastrophes.

### **Pseudo Intellectuals & Authority**

Individuals involved in Pseudo Intellectual Arrogance always think of Authority in terms of convenience and the authority of the police is convenient if he is protecting their privacy, property or life. It is convenient to have a commander in the military to sign furloughs but not to follow in combat. It is convenient to have a Pastor Teacher if you need a character reference or a shoulder to cry on but not convenient to come listen to Bible Doctrine regularly. It is convenient to have a doctor when you have pain but not for health maintenance. Arrogance is disassociated from reality to the extent that it views authority as not being a true establishment function but only a matter of personal convenience. One has not lived until someone has used him and his authority to gain their OWN ends. Obviously this pseudo recognition of authority is a part of Pseudo Intellectual Arrogance interlocking with [Authority Arrogance](#) and these people are only capable of a minor level of authority orientation. The Arrogance of this type of hypocrite only allows him to recognize his own authority. In his thinking he always subordinates all genuine authority to his own Arrogance. In his reality the only true authority is his own Arrogant thinking. This person in Arrogance assumes that his

high IQ and quickness with words makes him superior to the rest of the human race. When his Arrogance makes this assumption, as resident Arrogance inevitably does within the individual as Arrogance increases, it further divorces him from reality creating a susceptibility to neuroses, [Psychoses](#) and other mental aberrations. As is too often the case with intelligent people their assumption of superiority over others divorces them from the reality of life and the resultant Arrogance gives them inflexibility with regard to [Non-Essentials](#) in life. Once a person becomes inflexible with regard to non essentials they become totally flexible with regard to the essentials of the Absolute Truths of Bible Doctrine.

The believer must be constantly cautious with regard to a person who is constantly proclaiming loyalty to him and that he would do anything for him. These are the people who will knife him in the back and cut his throat, literally and figuratively, whenever it will benefit them personally. Only another Arrogant person would believe anything about these people, who are, in fact, the worst people alive. Only facing reality with Metabolized Bible Doctrine in the Stream of Consciousness of the Soul will allow the believer to see through this viscous hypocrisy.

### **Pseudo Intellectuals & Security**

Any conservative who is anti Semitic or who is conservative to protect his own property from being involved in socialism is pseudo conservative. When there is a conflict between human security and the operation of the Plan of God the Pseudo Intellectual switches from intellect to emotion and peels off to support his own interests. If the Pseudo Intellectual cannot be offered more security than a fox has then his human security orientation becomes distracted resulting in [Negative Volition](#) toward Bible Doctrine and his entering into Reversionism and Arrogance with total resistance to Bible Doctrine thereafter. The Pseudo Intellectual, as such, has already accepted human security systems as a means for happiness and is thereby under Negative Volition to Bible Doctrine and distracted from the Plan of God. His emotion brings no strength to any crisis therefore he always fails in the crisis. Because survival and security are related in the thinking of the Pseudo Intellectual, he inevitably becomes emotionally unstable in time of crisis or disaster. Security is his priority but as a result of his rejection of truth he loses the greatest system of security the world has ever known which is found in the freedom to operate in the [Equation of Hope](#) Plan of God.

This is what the majority of people have done in America, choosing security over freedom. When one chooses for freedom he is under Positive Volition toward TRUTH, but, when he chooses for security he is under Negative Volition toward TRUTH and functioning based on the influence of EVIL. Freedom motivates one to fight and die for his nation while security motivates the loser to go on a student strike or march in protest to ensure he does not go to war. The cowards of Kent State University all should have been shot as traitors in the 1970 as well as the campus occupiers of 2024 and all those students had only motivation for Security while heroes are motivated for freedom. In any nation when at war those who do not support the national effort to preserve freedom are traitors and MUST be treated as such. When in government service of any kind at any level when the persons involved do not function to protect and defend freedom they in fact are also traitors and should be prosecuted and

punished as such. This test of motivation demonstrates that all Pseudo Intellectuals are yellow cowards motivated for security and from Arrogance only to promote self to maintain whatever Status Quo self has. They have no concept of freedom or proper motivation. If this nation is to survive in the future it must return to universal military service and every male must serve with NO FEMALES in combat organizations but only as support personnel. This will begin to bring back some semblance of understanding of the importance of authority and freedom in this nation and where security truly lies.

### **Pseudo Intellectuals and National Arrogance**

Pseudo Intellectualism is the status of the majority of believers today in the United States of America. This has disassociated believers from reality and the people should have risen up in arms when the B1 bomber was canceled and when SALT talks started with Russia decades ago. The people again should have risen up in arms against the abusive executive orders of Obama and his administration and the blatant mental incompetence of Biden in 2020, so that the lack of the strength to do this in the people is truly tragic. Today the people should be gathering as armed groups to require the prosecution and execution of those responsible for the election fraud perpetrated on November of 2020. American statesmanship departed from this country when politicians became divorced from reality and were concerned only with maintaining their CAREER in politics. This started with liberalism and liberals never have any concept of reality as is observed in the canceling of construction of atomic energy plants and the border wall with Mexico. Liberalism and its divorcement from reality is in the functions of OSHA, EPA, BATFE, the Advertisements showing Indians crying about trash and thinking that a volunteer army is going to be effective. Divorcement from reality is in moslems and illegals being allowed into the country in droves, and when here whether legal or illegal, their being allowed to function in Law Enforcement, the Military and politics and the idea of having to accept unvalidated Refugees because the world opinion thinks it is right. This type of believer has substituted emotion, enthusiasm, sincerity, dedication and impulsiveness for motivation from the truth of Bible Doctrine in the Stream of Consciousness of the Soul and the Laws of Divine Establishment as a protection of his nation. This is American Christianity since AT LEAST the 60's and believers have joined the rest of the nation in being totally divorced from reality in every way. The situation here is so bad that when the United States goes down it will not be graceful and there will be medieval times and dark ages here again.

### **Pseudo Intellectuals & Socialism**

Socialism is the pinnacle Arrogant thinking of darkness from Evil being the antithesis of the thoughts of the The Lord Jesus, The Christ ([1Cor 2:16](#)) presented in the Bible Doctrine and the Laws of Divine Establishment. When people in Arrogance prefer their own thoughts over the thoughts of God as in the Laws of Divine Establishment and the Divine Institutions this is in effect the [Big Blot Out](#) with dramatic emphasis on their Scar Tissue of the Soul. Self Righteous Arrogance is that which makes a Fabian or Marxist socialist out of Pseudo Intellectuals. All Christians who are smart and who become Pseudo Intellectual inevitably follow rationalism and empiricism as their systems of perception disregarding Faith and the function of faith under the [Grace Apparatus for Perception](#). These believers are absolutely hopeless and useless never engaging in the process of learning Bible Doctrine and as a result of following such systems

they cannot ever understand Bible Doctrine. Arrogance and selfcenteredness divorces them from reality and they become no different than any believer who has only (gr) GNOSIS as academic knowledge in the Left Lobe of the soul and can quote Bible Doctrine by points but they have no Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul for application to life and circumstances. They have no capability spiritually nor from the standpoint of Modus Operandi in life. The Arrogant college professor who is a socialist is dogmatic in thinking himself always right and this gives him Self Righteousness just like the legalistic Pharisee had and the baptist has today in their point system for salvation and spirituality.

### **Pseudo Intellectuals & The FOX**

The fox demonstrates something that all Pseudo Intellectuals have, since this lowly animal never builds his own house and always steals someone else's house. The Pseudo Intellectual never builds a system but always uses an existing system to advance himself. This country was not built by communists, socialists, Marxists, moslems nor constructed for welfare state function. College professors for many decades, as Pseudo Intellectuals, enjoy the freedom provided by the military whom they generally despise and denigrate. They enjoy the freedom American forefathers planned through the application of Bible Doctrine and enjoy freedom because The Lord Jesus, The Christ controls Human History including that of the United States of America. However, they steal their benefits from this freedom like communists, socialists, the US bureaucracies and the government stealing from us in welfare state functions. The fox is crafty and smarter than other animals, with the exception of course of the Coyote, and he is so smart that he saves his energy for getting food and uses someone else's house to live in. Therefore the fox is exactly like the Pseudo Intellectual, the hippie, the welfare recipient, the illegal alien or moslem scum.

There has been built in the United States of America a magnificent nation through freedom. The communists of Russian, China and Cuba along with the moslems of the world want it and even Mexico wants to take the southern strip of the United States back. They think that by taking this they will seize the prosperity of this nation without having any realization that prosperity comes from freedom and function under the Laws of Divine Establishment and Divine Institutions and that as communists, socialists or moslems they cannot ever have it. This is the fox, the Pseudo Intellectual, the college professor, the wealthy communists in this nation. These people are Pseudo Intellectual and know a lot of things because of great perspicacity but have no knowledge of Absolute Truth. The most basic truth they reject is Freedom itself the very underlying issue of the Angelic Conflict.

In the time of Jesus the fox differed from most canine types and always searched out a burrow usually built by badgers and took their home for himself. However, if the badger came back the fox was driven out since the stable badger was always stronger than the fox. All Pseudo Intellectuals are thieves and steal ideas and are academically dishonest and it is easily demonstrated that all liberal professors are always academically dishonest. I had occasion to be responsible for approval of terminal research papers for a professional school and one of my students wrote a paper on research papers and discovered that in the United States of America around 2002 there were approximately 1.5 million research papers published each year where

less than 1% had any valuable or valid information contained within them. Foxes are regarded as insignificant and the Pseudo Intellectual can easily be compared to the fox and by this comparison revealed to everyone that he will never, whether a believer or unbeliever, accept the Absolute Truth of Bible Doctrine unless he recognizes his own true insignificance, which is an impossibility since he is tied into the Interlocking System of Arrogance. The Pseudo Intellectuals have homes and work through life, like all liberals, as con artists in the field of ideas which distracts from and in fact destroy freedom. Once one distracts from freedom any system set up is tyranny. Even though the fox is small and insignificant as an animal he occupies a home which he has acquired not by strength or ability but by being smarter and more deceitful and cunning than others since he waits for others to build a den and then he steals it. This is the welfare state and this system waits until free enterprise builds great prosperity and then, through bureaucratic or government functions, steals it. This is exactly what the immoral government of the United States of America has been doing for over 70 years, stealing prosperity from free enterprise. The stupidity of this type of Arrogant mind set is in a failure to realize that once you kill this goose there are no more golden eggs.

The Pseudo Intellectual Believer who is considered one of the “smart people” assumes intellectual superiority over others and this instantly divorces them from reality in life. The believer must come to realize that he never stands still in the Spiritual Life. At the end of the each day he is either worse or better but never the same. This is determined by his attitude toward Bible Doctrine and toward the Authority of the teacher of Bible Doctrine. There are so very many things which can trigger entrance into the Interlocking System of Arrogance in the individual and they always lead to divorcement from reality and when this occurs the believer is always worse than he was before. Having a high IQ has an occupational hazard which is based on being smart, clever and perceptive and this can stimulate and result in becoming Arrogant, self centered and having overriding feelings of self importance. When a smart believer falls into these occupational hazards he is in for a great deal of Divine Discipline. No one starts out this way but all can work into it without even trying. Pseudo Intellectuals, no matter how very intelligent they may be, can NEVER recover by being taught complex principles but only by understanding the simplest of Bible Doctrines. They are distracted by their own self importance and an Arrogance which blinds them to the reality of their Arrogant situation. The only way to break through this Arrogance and shine some light into the Blackout of the Soul they have developed is with the simplest concepts and principles of Bible Doctrine.

This believer is the one who shows emotional fervor but his good intentions are never equivalent to advancement in the Plan of God. Despite being a great scholar and student, this believer has failed to distinguish between true security as a part of the Plan of God vs the human concept of pseudo security within the Cosmic Dynaspheres. Emotion destroys his moral courage and he makes very wrong decisions by putting the acquisition of blessing before Bible Doctrine whereas the Plan of God always puts Bible Doctrine before blessing. In fact a believer's emotions never function properly until Bible Doctrine comes first. Therefore, the fox analogy shows us that spurious emotion divorces the Pseudo Intellectual from reality in life and from the true solutions to problems in life. These believers do not realize that any system of

human security can be destroyed instantly and become NO SECURITY at all. There is no wealth, authority, position, approbation nor any system in life which can actually provide security since security is the monopoly of God. Therefore, the ONLY TRUE Security in life is found in Salvation Adjustment to the Justice of God and moving on with consistent Perception, Cognition, Inculcation & Metabolization of Bible Doctrine.

### **Gate #41 – The Arrogance Regarding Authority, The Satanic Syndrome**

Man is given the opportunity to make THOUSANDS of decisions to accept or reject the truths and authorities set up by God. The volition of man constantly faces Authority in life and must choose to accept or reject it. Rejection of Authority infers that decisions have been made from a position of weakness which means from residence and function in the Cosmic Dynaspheres under the influence of EVIL. Acceptance of Authority infers that decisions have been made from a position of Strength which means, even to a limited extent by the unbeliever, from residence and function within the Divine Dynasphere under the influence of [GRACE](#) and Bible Doctrine. This is the mechanic of shaping the soul of the believer as this “lump of clay” comes against the GRINDING of divine Authority.

Arrogance was the original sin of Satan and Disobedience was the original sin of man and these 2 combined in an individual result in total disorientation to life. Disobedience rejects Authority and Arrogance seeks to set it aside. The most basic ingredient of any Arrogance is rejection of all Authority outside of one’s own vanity. Authority Arrogance is a cult involving rejection of Authority beginning in childhood where one’s personality is dominated by primitive drives and excludes rational behavior and is very often characterized by irrational behavior such as:

- ✧ Raging tantrums
- ✧ Sulky behavior
- ✧ Deceitful actions
- ✧ Obstinate behavior
- ✧ Boastful behavior
- ✧ Shameless behavior
- ✧ Erratic behavior

Authority Arrogance is therefore, rejection of various categories and levels of Authority in life resulting in complete Disorientation to Life. This starts under [Organizational Humility](#) with Parental Authority setting up a policy and prohibiting some activity on the part of the child so that he will be required to function under [Enforced Humility](#) by adhering to that prohibition. This then requires that the Authority orientation of the child totally depend on his volitional choices. Rejection of parental Authority and their policy results in that child beginning to think more and more in terms of Arrogance. What he thinks and wants to do becomes more important to him than whatever the policies of the parents may be and what their training would be for him. This starts an insidious disorientation in his life. Therefore, rejection of Authority results from the existence of Arrogance in the Stream of Consciousness of the Soul so

that strong Arrogance can be caused simply by rejection of Authority. Where rejection of duly constituted Authority exists Arrogance is standing by and where Arrogance exists rejection of Authority is in the vicinity and neither gets very far away from the other. As a result of this the believer becomes completely disoriented to reality in life.

Authority has been an issue since the beginning of the Human Race, the fall of Ishah (Eve) and Ish (Adam) is a clear demonstration of rejection of established Authority in the Human Race. Satan tricked the woman by playing to her developing Arrogance and getting her to respond to him instead of her husband Ish or to The Lord Jesus, The Christ both which were her primary Authority structures. When she responded to Satan, it was now mankind's turn to decide for or against the Authority of God or the Authority of Satan. She rejected her role as responder to her husband (the status of most females today) and his legitimate divinely delegated Authority, she also rejected Bible Doctrine, and the Authority of The Lord Jesus, The Christ, and accepted the illegitimate Authority of Satan's deception. She was operating under Authority Arrogance, [Approbation Arrogance](#) and [Egotistical Arrogance](#), she wanted to know what God knew, she wanted to be smarter than Ish and in fact to be “as smart as God” and therefore, like Satan she also desired to “Be like the most High”. Ishah rejected divinely authorized Authority and accepted the Authority of Satan under his principles and policy of “Evil” and its system of production, “Good”. She, in doing this, was deceived into the first sin, the transgression of the Will and Plan of God, in the Human Race, by eating of the fruit of the forbidden tree. Ish who had delegated Authority from God over the woman also ate of the fruit but did so without deception simply by taking it from the hand of the woman and thus threw away his Authority while accepting the Authority of the woman which was and is not authorized in the human race. Every individual in the Human Race has the same potential for Arrogance and disobedience just as Ish and Ishah. In essence anyone, being in their situation, would have made the exact same decisions.

### **Origins of Authority Arrogance**

Many individuals have a problem with Authority because of the Arrogance residing in their soul. They often think they are smarter than everyone else or possibly really are, and therefore have a difficulty being under Authority which is not as smart as they are or as they think they are. It is difficult to knuckle under to the Authority of others when one is smarter than they are and have devised a policy better than theirs. However, all rejection of Authority is based on some level of Arrogance and also involves sin, both which mean that the believer is out of the Plan of God. As a result of rejection of Authority there is always Self Induced Misery and associated with it, and because the rejection of Authority itself removes the believer from the Plan of God, there is Divine Discipline added to that suffering. Very few people are smart enough to identify legitimate Authority and then respect it. Very few are [Flexible](#) enough, not having [Humility](#), no matter how poor the policy is, to live with it and under it and still do the best possible job no matter what. In order to do this the individual must be flexible, have a sense of humor and have capacity for life which very few people really have. When one rejects Authority and ‘bucks the tiger’ so to speak, he does not have enough capacity for life but has a GREAT impression of Self and a very poor impression of the one in Authority. A person may be VERY Smart but very often for most people it is detrimental to them to be too

smart. A person can be too smart for his own good when he takes all his smarts and says to himself that [he knows more](#) than the one in Authority, that he can do more than they can and the Authority figure is therefore a dummy. Therefore as a result he will not obey the Authority figure or very often he goes around it or does not follow the policy of the job. This then is REAL TROUBLE for the “smart” person. Many people, when they reject Authority, they then try to straighten out everyone in their immediate periphery and this is total Arrogance. These are the people who argue with the boss or fool the police officer or do some other clever thing to get around Authority which they often easily succeed in doing, but, this will hurt them all of their life. These people MAKE their own Self Induced Misery by this means and, in fact, most of the suffering which believers have is, unfortunately, NOT FOR THEIR BLESSING and not even Divine Discipline.

Every person in the world has some level of Arrogance and usually does not recognize that they are [Arrogant](#) but if one is discerning it is the first thing which will be spotted when encountering these people. A woman is not a real woman until she is 30 years old. There is always a time when a woman will challenge the Authority she is under. The woman is designed to be under Authority and she is basically a responder and her aggressiveness comes from good or bad responses to Authority, ie. response or reaction. The woman will challenge many authorities and her breakout from Authority links with her Arrogance and some of the easiest paths for these breaks from submission to Authority include the Local Church, some female club or their weak boss at work. This is how they express their Arrogance by setting aside the Authority over them. They may resent the Authority but Authority is what it is and must be respected and followed by anyone under it. Ladies need to be kept feminine with soap, fine linens and cosmetics and all women must be kept from their overriding Arrogance which, in the Human Race, was FIRST found in the WOMAN. Because the woman is designed as a responder and has an Old Sin Nature and as everyone, always has a bit of Arrogance, it is inevitable that her Arrogance will challenge any Authority she is under. In fact part of the curse or divine discipline of the Woman for her fall in the garden was for her to constantly desire to usurp the Authority of her husband over her. Authority is to the Arrogant woman as the toreador's red cape is to the bull. When it comes time to lower the boom on those who reject Authority, the anti-Authority women in the congregation or elsewhere are no longer to be treated as or considered ladies. They must be controlled for the benefit of the congregation or organization and so that after they regain their proper response functions they can again be charming ladies.

Authority Arrogance, as a part of [Motivational Arrogance](#) or Motivational Degeneracy from Evil, invariably and inevitably REJECTS all systems of Authority established by God for the preservation, happiness and Freedom of the Human Race. It is under the Laws of Divine Establishment principles and the Modus Operandi of Christianity that Authority is defined. It is a legal power delegated from God to the Human Race where by some members of the Human Race have jurisdiction and responsibility for others. Authority Arrogance is a fragment of the life which occurs when the Arrogance Grenade is detonated and entanglement in the Interlocking System of Arrogance results in disorientation to Authority in some way. The sum total of all LEGITIMATE legal power delegated by God to the Human Race is defined and

summarized in the principles of the various categories of TRUTH.

- [Laws of Divine Establishment](#)
- [Divine Institutions](#)
- Totality of Bible Doctrine

“Establishment” itself represents the principle of authorized Authority. Establishment means that certain members of the Human Race have received from God jurisdiction and responsibility for others in the Human Race. This extends in both temporal and spiritual realms. In the temporal realm it is the categorical functions delineated under the Divine Institutions within the function of the mechanics of the Laws of Divine Establishment. In the spiritual realm it is the organization and function of the local church in this dispensation under the Pastor Teacher who consistently and effectively teaches Bible Doctrine. Authority was the issue for both the man and woman at their fall, so obviously the fall of man is directly related to his rejection of or relinquishing Authority. It is established and revealed in the Local Church through proper communication of Bible Doctrine, and directly related to the Pastor Teacher’s expository communication of Bible Doctrine. It is also obvious that history only continues as a result of the perpetuation of the principles of secular function under divine establishment based Authority. Spiritual Authority is the direct Authority of God given to the Pastor Teacher and delegated by him in limited amounts to Deacons and other administrators of the local church. Therefore, secular life has Authority regulated and controlled by the functions of the Laws of Divine Establishment operating through the Divine Institutions which include:

- #1 – Volition or free will
  - Every advance and success or retrogression and mistake of one’s life is related to his decisions. Taking personal responsibility for all decisions in life is a part of respect for one’s personal Authority in his own soul and an indication of reaching maturity in life.
- #2 – Marriage where the MALE husband has Authority over the FEMALE wife
  - The ultimate key to success and happiness in any marriage is the Wife voluntarily submitting to the Authority of her husband and the husband exercising this Authority exclusively for the protection and love of his wife.
- #3 – Parents having Authority over children
  - This includes ALL Parents – good or bad
  - It is ARROGANCE for the child living in the home of the parents to use his perception of the unfairness of the mandates of parents or their disorientation to the current generation’s standards of thinking as justification for violating their mandates and rejecting their Authority.
  - IF the parents have unjust mandates, this child will be able to experience and overcome UNJUST treatment long before others and have the opportunity to pass this testing while he is young.
- #4 – Government, legitimate or illegitimate, having LIMITED Authority over citizens to control crime.
  - Refusal to pay income taxes (Rom 13) is rejection of delegated Governmental Authority and operating under Functional Arrogance.

In any society divinely delegated Authority exists in many areas at many levels as illustrated by

the FEW examples below:

- Academic Authority should exist in every level of education but this has been set aside in the education system in the United States today in both of the 2 categories of this Authority:
  - The policy of the institution.
    - This is the system of Authority as organizational humility carried out by the administration whose responsibility it is to do so for the benefit of the children whom they are to education regarding the realities of Freedom.
    - This has been universally circumvented by the control that the “school board” has over the administration and the policy set by them for the children under their “care”.
  - The Teacher in the classroom whether good or bad has the Authority for the time the student is in that class.
    - The responsibility of the student includes concentration, poise, manners, proper behavior, etc., and whether he is interested in or agrees with the subject being taught or not, he is only responsible to concentrate on it.
      - Parents have no right to interfere with classroom Authority or discipline and their only option is to remove the student to another educational situation if they are displeased.
      - School Boards have no right in any capacity in reality to limit the ability of the Teacher to control and administer his classroom and again the only right is for the dissatisfied parents to remove the student to another educational institution.
  - Teachers may be communist, socialist, moslem, or some other disoriented type but still they have the Authority in the classroom and whether they teach what is right or wrong to the children is only to be determined by the policy of the administration and the only recourse is to remove the teacher.
    - This again in our system of education has been circumvented by the organization of Labor Unions as Teachers Unions where a teacher who gains tenure cannot be removed unless they engage in some heinous activity.
    - The ultimate effect of such an educational distortion depends on how strict the parents are about the inculcation of Bible Doctrine in their child.
    - The ultimate principle is that the Authority of the teacher in the classroom at any level CANNOT be destroyed without destroying the entire educational system.
- Coaches in Athletics whether they are deemed Good or Bad must have Authority over the team they coach to instill the principles and virtues of self discipline, fairness, and humility in the players.
  - His personality is not an issue but in the area of athletics HE IS the Authority and it must not be undermined lest the team be erratic and unsuccessful in their competitions.
- Police officers as representatives of the Law whether he is Good or Bad must have the respect and cooperation of the citizens.
  - When one is stopped for traffic violations he must respect the officer’s Authority and not express any antagonism toward him.
  - The officers personality is never to be an issue, good or bad, but the real issue

must remain one's own bad decision at the wrong time which is observed by the officer.

- This Authority and respect has been totally destroyed by civilian review boards for Law Enforcement personnel.
- Judges on the bench in the Courts as representatives of the Law whether his decisions are good or bad must have their decisions respected and adhered to.
  - There should be VERY LIMITED options for APPEAL which is singularly abused in our system today.
  - Whether one agrees with the decisions or not he must recognize that the alternative to the decisions of the Judge on the bench is:
    - Anarchy
    - Terrorism
    - Dog Eat Dog living
    - TOTAL injustice.
    - Violence
    - Even Revolution

There must be an essential balance between Authority and Freedom which comes only under legitimate functions of Authority derived from the Laws of Divine Establishment, Bible Doctrine in the Divine Dynasphere and the Divine Institutions. Involvement in any level of Arrogance will inevitably destroy one or more of these. Decisions can be made by those in Authority abusing their Authority as a result of not knowing how to handle it and thus becoming tyrannical and destroying Freedom. Decisions can be made from Freedom to join conspiracies or commit crimes against the Laws of Divine Establishment and thus destroy Authority resulting in Anarchy. These functions under arrogance can occur both in one's personal life and in one's national collective life.

### **Authority Arrogance Leading to Functional Arrogance**

Authority Arrogance overtly REJECTS all systems of Authority established by God for preservation, happiness and Freedom of the Human Race. Motivational Arrogance is what initiates the rejection of all legitimate Authority in life from any of the aspects of Mental Attitude Arrogance. This rejection of all Authority is then the origin of motivation to engage in:

- ▲ [Crime](#)
- ▲ [Violence](#)
- ▲ [Terrorism](#)
- ▲ Slavery
- ▲ [Revolution](#)
- ▲ Tyranny
- ▲ Dictatorship
- ▲ [Conspiracy](#)
- ▲ Anarchy
- ▲ and much more

This is all part of the Influence of Evil from the function of Demon Influence under the operation of the Cosmic Dynaspheres. *Demon influence has no power or Authority apart from HUMAN CONSENT* originating from the volition of the soul which thus initiates the Motivational Degeneracy or [Motivational Arrogance](#) derived from Evil. In all cases involvement in any aspect of either Motivational or [Functional Arrogance](#) is the DIRECT result of one's own decisions and constantly assigns power to people who function totally under EVIL who do not possess legitimate Authority in life.

### **Responsibility under Authority**

When a person becomes part of an academic organization, or any other organization, their responsibility is to adhere to whatever policy has been established or LEAVE. If they cannot function properly in this way then there is something seriously wrong with that person's integrity, character and/or Spiritual Life. The principle is that if one enters an organization or educational system HE IS RESPONSIBLE TO ABIDE BY THEIR POLICIES because by his entrance he has agreed to accept the policies and they have the only Authority in the system and he possesses NONE! In academics in the United States the system is bad not just because the content is bad but more so because of the POOR use of, or total LACK of, Authority in the classroom and total permissiveness allowing children and students at ALL levels to express themselves in a class. No one ever learns by self expression but only by listening and concentrating on the subject being presented. Administrators are needed in schools who back teachers and teachers are needed who are TOUGH so that when a student complains about something in a class he is THROWN OUT. This is the same thing in athletics where the coach is the Authority not the parents nor the players. The most dramatic illustration of the crucial need for Authority Orientation is in the military where when the principles of Authority are violated it means loss of life and possibly loss of national Freedom. In business when Authority is violated or distorted businesses fail and prosperity is destroyed. Labor unions and government bureaucratic regulations are a slap in the face to business where the Authority of the one putting up the capital is usurped by either labor or government.

Therefore, the acceptability of Authority in life is dependent totally on the function of one's Volition and this gives the individual the OPTION to accept or reject Authority. The Authority delegated by God for the protection and preservation of the Human Race at every level is useless and of no value UNLESS the people under that Authority willingly ACCEPT it. Therefore, Motivational Arrogance as Motivational Degeneracy from Mental Attitude Arrogance under the influence of the principles of Evil rejects ALL Authority and is therefore the origin of the OVERT REJECTION of Authority as Functional Arrogance. Therefore, Motivational Arrogance by definition precedes activity under Functional Arrogance both derived from Evil as Authority Arrogance.

All true Capacity in and for life begins with [Authority Orientation](#). Authority is the Secret KEY of Freedom and guarantees the Freedom of everyone not just some because if all do not have Freedom then eventually none will have Freedom. Authority is clearly defined by the Laws of Divine Establishment and the Divine Institutions and the MOST SIGNIFICANT loss of Freedom is from the rejection of the Authority of the Husband by the Wife in Marriage. If the believer

cannot and does not orient to legitimate Authority he will never orient to Freedom. When the individual is disoriented to Freedom or Freedom is absent then some facsimile is expressed in fanaticism. [Fanaticism](#) is the ability to concentrate on ONE IDEA and invariably the fanatic always wins out over people who cannot concentrate on anything.

Sooner or later every person will in his life have some amount of Authority or power, small or great, and what each must remember when considering power is that it MUST NEVER BE USED FOR PERSONAL BENEFIT. Power is never to be related to Arrogance which very often accompanies it because ONLY Humility can use power and Authority properly. [Enforced](#) and [Genuine Humility](#) developed from Authority Orientation under the Laws of Divine Establishment and Divine Dynasphere is the only means of properly using power. Humility is the point where [VIRTUE](#) is linked to Power so that all Authority used is for GOOD. God will inevitably give each believer some level of power to see if they can pass the power testing and this is an area where many people fail when they abuse their Authority. When one has power he must be very flexible with the use of power and very relaxed and very honorable and the more power one has in any facet of life the greater the challenge is to that person's integrity. Power, just like Freedom, requires a tremendous sense of responsibility and having power and using it under VIRTUE results in the individuals becoming asocial or aloof to a great extent in order to maintain objectivity but this aloofness must never be misconstrued to be Arrogance.

Humans possessing Authority means the involvement and expressions of human personality. Some people cannot accept Authority unless they LOVE the individual in Authority. This is the difficulty faced by Mr. Trump in the United States who tried to accomplish what was most beneficial for the nation but was rejected by much of the population because of his personality and their subjectivity regarding the lack of personal benefits for them. If the one in Authority is obnoxious, objectionable or disagreeable in any way this is made the issue instead of how he functions in the administration of his Authority. Therefore involvement of the believer in Authority Arrogance reflects a lack of his having functioned under the Authority Orientation of the Divine Dynasphere to develop Enforced Humility and Genuine Humility. He therefore has an obvious failure to understand [Divine Viewpoint](#) with regard to Authority and has total disorientation to life. It is very strange how people in their Arrogance are always trying to find respect from others in life and how they go about it by trying to prove they are equal to some and better than others. The real way to find respect in life is to recognize Authority whenever and wherever it exists. This is the antithesis of the shallow person today who is trying to prove he is better than everyone else and thereby assuage and stimulate his Arrogance.

There are those in life whose Arrogance exceeds any possible Authority in life and therefore God has set up a series of principles and concepts whereby he uses his Divine Authority to administer Divine Discipline punishment and eliminate this manifestation of the Old Sin Nature which is part of the Plan and the Policy of Satan. These "Dreamers" clearly despise all Authority wherever it may be found in any administrative functions. This resentment is directed toward anyone who carries Authority whether it is spiritual or secular Authority. These people despise leadership in churches and in all secular authorities including government,

schools, military, business, athletics in any person or institution where Authority resides. They despise it as unreasoning animals considering only themselves and this is [SELF CENTERED Arrogance](#). This is where Satan began his whole revolution and followed it with propagandizing and recruiting the fallen angels and later the deception of the woman and the enticement of the decision of Adam in the garden to give up his Authority and follow the woman. This is what has been occurring in all higher creation since before time existed, apart from those who renovate their thinking with consistent Perception, Cognition, Incultation & Metabolization of Bible Doctrine. The principle which is found in effective military function must also be found in effective functions in the Local Church where believers are not present to be smarter or better or out do anyone but to ONLY learn Bible Doctrine. Therefore believers must function under the principle of Authority and if a believer violates this principle he is to be removed from the congregation. One cannot live without Authority nor have capacity for life without it. A woman cannot be feminine without the Authority of the man she loves and men cannot free themselves from Arrogance without Authority. One great test of Authority orientation is found in social life when one associates with people who are constantly trying to out do others and have entered social life with the hangups of Arrogance. These individuals have failed to properly contact and orient to any Authority system such as that which is in military, business, education, spiritual life, home, Law Enforcement, etc. There must be a system of Authority for individuals to be able to properly use Freedom and to be free of the one single thing which makes them totally unteachable, Arrogance. To the extent one carries Arrogance in his soul and thinks he is smarter than the one teaching or more eloquent; to that extent, the only thing in life which is a teaching aid for that person is the suffering and misery of Divine Discipline.

The believer must not distort grace by thinking that when he defies the rules set up by Authority he will not be disciplined. Authority is to be used to make a person more efficient not to allow him to violate principles of Freedom, privacy and property. One has a right to be sinful and to make decisions in Freedom against Freedom and against Authority but once this is done the Authority has the RIGHT to remove him. Authority must exist to protect privacy, property and above all else life and volitional Freedom and all the divinely established rights which exist for the individual. It is gracious to prosecute those who get out of line in society in minor ways in order to avoid strong antagonistic personalities later. Having an Old Sin Nature the individual needs both the fear of God and respect for all aspects of his delegated Authority brought out through Divine Discipline as a restrainer of Sin, the Interlocking System of Arrogance and [Reversionism](#). Arrogance can only be broken down through actual fear of the prospect of potential intensive discipline. Arrogance produces [Self Righteousness](#) or [Self Pity](#), both divorced from reality. Within the Interlocking System of Arrogance the production of Arrogance ranges from snobbishness to [Psychopathic](#) behavior. Arrogance always rejects truth and this is why intelligent people often with a very high IQ come to believe a system of LIES which are so obviously LIES it often is amazing to observe.

In Maladjustment to the Justice of God, when a person begins to slander or attack Authority especially spiritual Authority they have become Haters of God and thus have moved into the Interlocking System of Antagonistic Emotional Hatred, Cosmic Dynasphere II. When a believer

finds a pastor who is erratic, not engaging in the consistent expository teaching of Bible Doctrine, he must simply move on and not try to judge him in any way. God will issue proper judgment according to his own proper timing, all by himself. Believers are notorious for their rejection of the Authority of the Pastor Teacher of “their” local church and thinking they know more doctrine or principles than he does and thus try to undermine him or direct his teaching functions. These believers will become subject to the Divine Discipline from God which is designed for the bad pastor teacher when they interfere with his ministry in any way and this is triple compound Divine Discipline or greater.

One must never engage in crime which is an attack on Freedom and establishment, nor attack the police or military. Wives must admire and respect their husbands OR they should not marry. The wife cannot LOVE her man unless she has fear and respect for his Authority. The Believer cannot love God unless he has fear, as in awe of, and respect for God. Therefore, rejection of Authority and becoming a hater of God is an expression of [Reversionism](#) since the believer cannot ever grow in the Spiritual Life unless he recognizes the Authority of Bible Doctrine, the Thinking of Christ ([1Cor 2:16](#)). Implacability, as a personal failure, means rejection of all types of Authority and these Arrogant persons accept only their own Authority. If a person rejects establishment Authority they will reject the Authority of the Pastor Teacher as well. The most basic Authority in life is parental and when this is rejected a pattern is set in the personality of the child and he begins a life of rejection of Authority which results in disorientation to life in general and which will ultimately destroy him.

Many people are very often promoted beyond their capacity to handle Authority and power because their capacity for these is limited by their ability to communicate. The elaborate and technical communication systems established in this world today are not nearly as important as the ability of the Human Being to communicate effectively which has existed throughout history. The ability to communicate is the basis for life itself and is one’s ability in public speaking. The individual who is going to use power properly must have the ability to communicate and be understood and therefore must first have the ability to THINK and one’s communication ability cannot ever exceed one’s ability to think because communication expresses one’s thoughts through vocabulary. In government the antithetical functions are observed where a Statesman adheres to some form of principle focused on Establishment and Freedom while the politician adheres only to any system which will allow him to grab the most votes to stay in office. He uses communication to appeal to people with varying and different views in life making them all think he is on their side when he is only on his own side. Therefore, if one is going to have a successful social or business life he must be able to speak effectively and to communicate with people no matter what his occupation may be. Most people would be much better off if they would learn to speak lucidly than by going to the gym and taking care of their bodies. However, this is not having highly eloquent language which obfuscates or makes abstruse what one is trying to communicate, it is clear lucid communication able to be understood by all. This is the KEY to effective use of Authority and power.

Submitting to or rejecting the authority of one who teaches Bible Doctrine properly, and by this

accept the Word of God or, in Arrogance, reject his authority and teaching and make an issue of his personality determines his involvement in Authority Arrogance of Humility. Once the believer decides this he will either increase or limit his options in life. Once there is rejection of the Laws of Divine Establishment authority in refusing to pay taxes, avoiding military service, resisting the police in Law Enforcement then there is destruction of the option of making decisions under freedom. This is in fact the IDIOTIC position of morality in even THINKING that criminals have RIGHTS which must be honored. If one persistently and consistently destroys options he will eventually run out of options. If one throws a decision he should be making back onto the people under him, he is a blatant coward. When one has authority and fails to use it properly but throws decisions back onto the people under his authority, he admits to the inability to fulfill the office he is supposed to function in. No one can learn anything nor lead anyone apart from humility. Without humility in a class room the instructor will make an issue out of authority. On the other hand when a student makes an issue of self he has become totally Arrogant. Students in a class or institution must be told what the policies are not ever asked what they think about the policies. The one in authority may be good or bad but when one is in a system which has put him under authority he simply has to submit to that authority or leave that system. The beauty of and value of Universal Military Service is that the inductee does not have an option of LEAVING the service and therefore must LEARN to function in humility under authority. This was the fallacy of the Officer Candidate system of the United States Marine Corps in the 1970s where college graduates were enticed into the candidate system but given the OPTION of withdrawal. When one works for someone he is under that persons authority and whether he does or doesn't like him is never an issue. The only issue is WHAT IS HIS POLICY and how can the employee carry it out as unto the Lord. If one doesn't like the policy then he can LEAVE the organization but he has no basis for staying and fighting the policy or being underhanded or refusing to do the policy. If a corporation decides that all laborers will be paid \$5.00 per hour without regard to their job description, the labor has no right to form a collective bargaining organization, a UNION, and argue with management for higher wages or wages based on Job Descriptions. Those in labor simply have a right to comply or find another job elsewhere.

### **Manifestations of Authority Arrogance**

Authority, therefore, is a creation of God and it recognizes that there may be millions who can take full responsibility for decisions in their own personal life but very few who could ever handle responsibility for controlling or providing for others. Authority involves a person who is willing to take responsibility for his decisions and for the effect these decisions have on the lives of others. Most people think of Authority in terms of Arrogance where those in Authority are able to tell others what to do and have them provide obeisance to position, rank and / or title but this is not truly Authority only Arrogance. As a result, these weak people resent this Authority and therefore are Arrogant people. Rejection or resentment of Authority in any realm demonstrates Arrogance, therefore, Arrogance is weakness. Weakness begins with children who reject the Authority of their parents and goes on for them throughout life.

2 Examples of the basic manifestations of Authority Arrogance include:

- ✧ Children disobeying parents

- This often occurs when children get this idea based on how their mothers reject the Authority of their fathers.
- If the child's volition clashes with the parental Authority they will be disoriented to life, however, if the child's volition coalesces with the parental Authority they will be oriented to life.
- When people reject parental Authority in childhood they eventually become involve in some form of revolution.
- Wives rejecting Authority of Husbands ([Col 3:18](#), [Col 3:20](#))
  - Wives are to be subordinate to husbands in all things but the only way women can accomplish this is through functioning inside the [Integrity Envelope](#) of Personal Love for God and Impersonal, Unconditional Love for Mankind.
  - A Woman involved the feminist movement is a woman functioning inside the [Arrogance Skills](#).

The young girls who become “boy crazy” make themselves ugly no matter how physically attractive they may be and they enter into the Interlocking System of Arrogance and any one who enters into the Interlocking System of Arrogance becomes an ugly person. Most of the current popular music and entertainment has for many decades been a complete disorientation to LIFE and demonstrates a total lack of Authority orientation. Adam's original sin, imputed at physical birth to all subsequent human beings born into this world, provides each person with spiritual death and his sin was a SIN of DISOBEDIENCE and rejection of Authority. Humans are born with disorientation to Authority and cannot orient to life until they have been taught and developed orientation to Authority and this is why man has been given by God the Laws of Divine Establishment and Divine Institutions. These laws require Authority Orientation in order to preserve the Human Race on this earth. Living in the world ruled by Satan, one does not easily orient to Authority as a result of being under the influence of Satan's Original Transgression of Arrogance, which is the basis for his entire plan and policy for rulership of this world, EVIL.

Any person who has power and also possesses soul hangups cannot ever properly handle their power. When subjectivity and hangups are combined with Authority and power the [Pride](#) and [Hangups](#) are strengthened. This is the [Arrogance of Power](#). All organizations especially government, military and Law Enforcement must have (and do not) a means of determining subjectivity in an individual and no one should ever be promoted above his level of subjectivity. Everyone who is eligible for promotion in any field or area of life should recognize that the higher one goes in Authority the greater his objectivity must be because of the greater level of responsibility he will possess. He must, therefore, never have Authority beyond his subjectivity factor. This is why a woman cannot and should not occupy certain positions in life since being a responder she is much more prone to subjectivity and to yield to that subjectivity with great facility. When a woman as a responder rules men to whom she should respond, in order to keep on ruling them, she must become subjective and this produces Pride and [Egotism](#). However, the environment where the women function as responders is the absolute best thing to be around. Subjectivity is overriding overemphasis on self therefore the Mental Attitude Arrogance of Pride. Most people cannot handle having very much power and

when subjective people get into positions of great Authority the result is the creation of Franklin Delano Roosevelt or Woodrow Wilson, who were both totally subjective and whose policies and functions resulted in disasters for the United States of America whose ramifications are still being felt today. On the other hand individuals like Theodore Roosevelt, Ronald Reagan, and even Donald Trump are OBJECTIVE individuals and this is a wonderful thing to behold and results in a great benefit for the nation. George Marshal was totally SUBJECTIVE and this was devastating for the military and the state department under his “marshal plan”. George Patton and Douglas MacArthur were totally OBJECTIVE and this was a great blessing in the military resulting in incredible victories in World War II. The subjective person cannot handle Authority or power properly and the result for those under him is inevitably TYRANNY. Examine any bureaucrat in the United States of America and you will see total subjectivity with deep soul hangups in their systems of management. The principle of [2Chron 32:26](#) is significant with regard to the United States of America since we now face imminent destruction as a nation as a result a saturation of [National Arrogance](#) and this is Arrogance related to collective subjectivity.

A person, when entangled in Arrogance, always tries to gain approbation from everyone and when there is someone challenging that approbation these people will endeavor to undermine them and revolt against their Authority. Faithfulness and respect for Authority must go together, and when people criticize and ridicule Authority they are not people of faithfulness nor of integrity. A person who criticizes Authority is one who cannot be trusted. The people who go against Authority are Arrogant and do not have the ability to properly and realistically orient to life. This is one very strong reason why every male upon graduation from high school or reaching his 17<sup>th</sup> or 18<sup>th</sup> birthday should be required to have military service training before engaging in any other function in life. Therefore, when a person criticizes Authority he is a faithless person who cannot be trusted and is without honor or integrity and saturated with Arrogance. Authority was not designed to allow the expression of Arrogance but to initiate and require taking responsibility for others. Arrogance destroys leadership potentiality and its sensitivity to the needs of subordinates. Subordinates must, at appropriate times, be reprimanded but never degraded.

All systems of disorientation to life and to reality begin with rejection of Authority in the home. This means there can be no development of capacity for happiness or blessing and results in a life of total [Unhappiness](#). One cannot remain in this type of Arrogance and resent, reject and despise one's parents and have any type of growth or maturation in life. Volition directed toward establishment Authority is what determines whether one is an honorable or dishonorable person. Rejection of establishment Authority is why believers accept socialism, communism, welfare, etc., and resent those who work for a better life instead of expecting a government handout for a better life. There is no such thing as fairness in life. Fairness only ever comes from God, where the believer will always receive total fairness from the Justice of God but will NEVER receive what he actually deserves! The only certain thing the individual will ever face in life is Authority not ever fairness. Unfair, unreasonable, unjust but LEGITIMATE Authority and one's ability to orient to that Authority, is the basis for happiness or lack of it in life.

Without Authority there can be no capacity for life and for a woman in marriage, lack of Authority orientation will cause the marriage to be destroyed by pettiness and resentfulness. This nation is on the verge of being destroyed because of the lack of Authority Orientation and this is clearly demonstrated among the younger generations, especially in their attitudes toward the military. There are people today who are totally anti-military and reject military training and resent being shouted at or reprimanded by anyone especially, a Drill Sargent during training. Even if an enemy were landing on our shores these “children” would not lift a finger to resist them and live by the false axiom “better red than dead”. Without Authority Orientation there is unrivaled and unrestrained Arrogance and the greater the Arrogance the less there is capacity for life. Freedom itself demands Authority and you cannot attack any area of Authority without destroying all of the factors and principles of Freedom. Authority Orientation can be lost through demon possession for the unbeliever, drug addiction where even an individual’s own Authority is rejected and through demon influence via the LIE of the satanic policy of Evil for the believer.

### **Authority Arrogance vs Establishment functions**

All unbelievers live in a sphere of real spiritual death and are constantly influenced from the Cosmic Dynaspheres if or when they depart from the principles of the Laws of Divine Establishment and Divine Institutions. This is why Codex I and III of the Mosaic Law are saturated with Laws of Divine Establishment principles. The main protection for the believer against the Cosmic Dynaspheres is Bible Doctrine and the use of the [Spiritual Skills](#). The client nation to God is defined in terms of spiritual activity under the Divine Institutions and the Laws of Divine Establishment Freedoms. The Lord Jesus, The Christ anticipated the Church Age when he said “render to Caesar the things which are Caesar’s and to God the things which are God’s”. Therefore while the unbeliever has a responsibility to adhere to the Laws of Divine Establishment and Divine Institutions the believers have DUAL responsibility and this does not include [ACTIVISM](#) and requires that they “Render unto Caesar” which is orientation to Divine Establishment Law activity including the proper functions of:

- ✧ The 4 Divine Institutions
- ✧ Freedom as Uncoerced Volition
- ✧ Privacy
- ✧ Private Property
- ✧ Freedom through Military victory thus responsibility to serve in the military
- ✧ Free Enterprise with existence of WEALTH and POVERTY side by side which is inevitable.
  - Therefore the only interference in Free Enterprise should be by Law Enforcement where criminality of function exists.
- ✧ Separation of Business and State
- ✧ Separation of Church and State

Therefore, common Laws must be based on the true principles of the Laws of Divine Establishment in order to establish a secure and legitimate structure of Authority designed to protect citizens against criminality.

Rejection of Authority in the 2 categories of the Laws of Divine Establishment and Divine Institutions is destructive and not only results in a fragmented life and self destruction for the individual but is also the basis for destruction of Freedom in a nation and ultimately the nation itself. These areas are the very basis for the functions in Christianity of:

- Missionaries
- Evangelism
- Witnessing
- The free Perception, Cognition, Inculcation and Metabolization of Bible Doctrine by the Christian.

### **Legitimate vs Illegitimate Authority & Government**

Legitimate Authority is that which follows the structure and organization of the system and Plan of God which includes the Laws of Divine Establishment and Divine Institutions. This includes everything which is in subjection to the Will of God and Plan of God. Therefore, Legitimate Authority must follow the system of God and be in subjection to the Authority of God. Illegitimate Authority is that which is oriented and functions contrary to the System and Authority of God. *The believer does not owe any allegiance to an illegitimate system of Authority nor the government based on that Authority.* There is no allegiance required from the believer toward any system which is anti-Authority regarding the system of God which includes any Authority which goes against or is antagonistic to the Authority system of God. The Authority system of God is found beginning in [Gate #3](#) of the Divine Dynasphere the Authority Envelope. Under enforced discipline the individual develops and exercises enforced humility as a result of his compliance and submission to the discipline. He then builds this into Self Discipline and Genuine Humility the foundation of ALL virtue in life.

Obedience to any form of illegitimate Authority is not OF or IN the Plan of God and therefore Christians world wide have been deceived into overthinking where OVER thinking is a person who oversteps or misapplies Bible Doctrine giving HIMSELF the Authority to supersede the Authority of Bible Doctrine. These are believers who wander through life under the influence of Evil functioning within the Cosmic Dynaspheres. Spiritual Freedom is liberation from the Cosmic Dynaspheres and brings with it the ability and necessity to function within the [Divine Dynasphere](#). The believer must have allegiance to Legitimate Government based on and it functioning under the Divine Institutions and Laws of Divine Establishment, however, the government of the United States of America in the 21<sup>st</sup> century is NOT a legitimate government. All aspects of this government today and those in control of them are functioning within the Cosmic Dynaspheres especially the Interlocking System of Arrogance.

History is filled with leadership or representation in nations saturated with Evil, but the leadership of any nation generally reflects the Status Quo of the people. Historically People get what they DEMAND, they get what they think and therefore what they deserve. The believer, however, is protected from any Evil and Illegitimate government in a nation under the principle of Logistical Grace and the Wall of Fire. There were 7000 mature believers in the northern kingdom of Israel in the time of Elijah provided for under Logistical Grace and protected by a Wall of Fire and because of these men the northern kingdom was protected and blessed while

under the rule of Ahab and Jezebel. ([1Kings 19:18](#)) The believer with maximum Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul is to never be disturbed by the personalities of contemporary history which are saturated with Evil. Leaders who function under the influence of Evil simply reflect the volition and thinking of the people they represent.

The people in a nation must either respond to or react to the Authority systems of God where response is function, even in a limited way, in the Divine Dynasphere and reaction is function within the Cosmic Dynaspheres. Legitimate Government is designed based on its acceptance of the Directive Will of God and any nation which tries to function OUTSIDE of this concept of legitimacy WILL BE REMOVED by God of necessity. Functioning OUTSIDE the concepts of legitimacy is functioning under the PERMISSIVE Will of God and neither the individual nor the nation can expect to exist and operate indefinitely under the permissive Will of God. The Justice of God provides divine punitive action for this and that brings into the picture the overruling Will of God. This rejection of the Directive Will of God is Negative Volition toward the “rules” of God for function in the Divine Dynasphere and opens the individual to the Interlocking System of Arrogance, Interlocking System of Antagonistic Emotional Hatred and the Stages of [Reversionism](#). Therefore, the United States of America no longer having a legitimate government has been grinding down through the 5 cycles of national Divine Discipline literally for decades and is on its last leg of this journey today!

### **Fear vs Authority Orientation**

Americans have been facing a growing problem for many decades because the very thing which led to the rise of communism and made it easy for them to take over other nations is that their systems allowed people to be terrorized by government. A person who does not respect Authority is an Arrogant person and this person is a coward under pressure. This is why communism was able to come into being. The citizens in the United States of America have been for decades collectively developed into cowards as a nation because NO ONE respects Authority. Not the Police, Judges, Traffic Laws, Military Uniforms, Parents, THE CONSTITUTION, ETC. There has been a total loss of respect for all Authority in life in America. People don't know how to cope with this situation so they turn to drugs and other forms of sublimation and the United States has become a society of individuals seeking sublimation to generate [Pseudo Happiness](#). When a person becomes a drug or alcohol addict he rejects all Authority even the Authority of his own volition and this rejection requires an overwhelming entanglement in Arrogance to get to this position. For these individuals when the pressure is OFF there is Arrogance but when the pressure is ON there is Cowardice. The communists were and always are, a small group of people and could never have taken over any nation especially the Russian or Chinese countries if it were not for these characteristics of the people there. Because they are gangsters, hoodlums and psychopaths they only get away with their machinations by frightening people. In these instances people were frightened because they had no respect for Authority and lacking self discipline this made it easy to be frightened and terrorized and pushed around. Therefore the first sign of a lack of respect for any form of discipline, enforced or self induced, is some level of Arrogance. A prime fundamental example is the ‘Women’s Lib’ movement, which is actually a part of the communist conspiracy in the

United States, which is the type of thing the communists have learned can be instigated because women inherently love to reject Authority. They will readily reject the Authority of their Husbands, Pastors, anyone in any situation who is over them. The poorest manners ever to be seen in social situations are generally observed in women who reject all Authority. Society cannot get along without women but surely it can do without women who do not respect any Authority since these are truly Arrogant females. Put this Arrogant female under pressure by trying to draft her son into the military and then send him to an unpopular war zone to fight and she becomes a coward and fears for her son's life. Thus the oscillation between [Self Righteous Arrogance](#) and [Cowardice](#).

### **Ladies, Learning & Arrogance**

Everyone learns in silence but the in the bible ladies are COMMANDED to learn in silence. Ladies don't like to be talked down to and in their Arrogance always assume that the inconsequential things rolling around in their mind are extremely important. Women will only learn from experts when they finally decide the teacher is really an expert, usually a male, whom she respects to the utmost, or a recognized great teacher. When it comes to teaching, the woman is generally more discerning than the man, except where personality enters into it and in these cases women often mistake sweet talking men for spiritual or intellectual giants. The attitude of the woman to Bible Doctrine as taught from the pulpit determines whether she is a reactor or responder in life. When a woman becomes subjectively involved in any area of life she has a very difficult time accepting contradictory teaching regarding that subject. Being emotionally and subjectively involved she sees some implications of things but may not like the facts regarding them. In addition Arrogance about her intelligence level, real or imagined, wipes out the beauty of the woman and being smart as a woman is secondary and being beautiful INSIDE is far more important. When a woman, or anyone for that matter, has content in her soul which conflicts with what the bible teaches and she rejects the bible, she is in for a terrible time in life. In any area of life, where one is inclined to have hangups, he will not "learn in silence". Silence, obviously, means NOT vocalizing, whispering or passing notes but is also means not having a Mental Attitude resistance to what is being taught. Loss of the objectivity of an "open unbiased mind" results in rejection or distortion of what is taught. Many women constantly switch pastors as a result of their failure in some area of Bible Doctrine comprehension where they resist the Authority of the teaching of the Pastor Teacher. Once a woman identifies her right pastor she must then wade through preconceived notions about things being taught and personality difficulties with the pastor and get down to focus only on the subject matter.

It is the response of interest, good manners, concentration and respect for the Authority of the one teaching which is of paramount importance for ALL believers. No one can learn anything especially Bible Doctrine while talking and talking in a Local Church during bible teaching is WORSE than just poor manners. Talking in the local church during bible class is also reaction, thoughtlessness and especially Arrogance, thinking what one is saying is more important than what is being taught from the pulpit. Talking in the local church during bible study is saying what one is doing is far more important than the "thinking of Christ" ([1Cor 2:16](#)) which is

being taught. There must be inner tranquility, quietness of the mentality of the soul and undisturbed inner life without anger, guilt, bitterness or implacability and a totally objective soul in order to learn Bible Doctrine. Therefore, the first issue with a woman who is disturbed in some way with regard to the doctrinal content of a message is not the content of the Bible Doctrine but the matter of Authority. When a woman respects the Authority of the one teaching her, concentration is so total under the Filling of God the Holy Spirit that she is totally free from Mental Attitude Sins, antagonisms and subjectivity, and as a result, her being thoughtful of others and poised always causes her to wait to talk later. When women react in their souls they always want to talk now and tell what they think and how they feel. They will very often react in the middle of a bible message and thereby disturb the teaching. In reaction the most reticent of women have a great deal to say and their anger spews from their mouths regardless of the circumstances of the moment. Being in a local church congregation means nothing to a reacting woman and when she verbalizes her reaction she ceases to concentrate on the subject and totally makes an issue of self. To make an issue of the doctrine being taught is to be objective, but to make an issue of self is always subjectivity. The only real issue during teaching in the local church is Bible Doctrine and it's context and content. Therefore when the woman interposes with a reaction of Mental Attitude Arrogance and Sin and she interrupts with verbal or written vituperations this is the pattern whereby the woman fails in the same way as Ishah did in the garden. The original woman in the garden came to where she failed based on her developing Arrogance and she resented the teaching of The Lord Jesus, The Christ and reacted to his DOGMATIC MONOLOGUE teaching. She rejected the Authority of her Right Man Ish and when Mr. Evil, Satan, began to share dialogue with her, that dialogue appealed to the woman who could then enter her opinions into the conversation and she welcomed this. With her right man a woman uses dialogue to undress her soul to the one whom she loves and this is the legitimate function of dialogue in the woman and what makes her so inclined to talk instead of listen. There is nothing more beautiful than the inner beauty of a woman who reveals her soul through conversational dialogue. However, there is no place for the "nakedness" of the woman's soul in the local church assembly since the nakedness of soul is only for the intimacy of conversation with her right man. Having resented the Monologue teaching of Christ which was taught with Authority she did not hear nor understand the context nor the content of the doctrine taught and confused these when engaging in dialogue with Satan. She confused the issues of spiritual death with physical death. Instead of uncovering her soul having Bible Doctrine content, she uncovered it lacking doctrine to allow Evil, the policy of Satan to infiltrate it. When she came under the influence of Satan she FELL as a result of her blossoming Arrogance. Satan EXPLOITED her false impressions fanning her Arrogance to a greater and greater level. While she was bored with Bible Doctrine she found stimulation in the Arrogance of her own Opinions. The dialogue with Satan fed her vanity, boosted her ego and made her Arrogant enough to reject the Authority of

The Lord Jesus, The Christ, Bible Doctrine and Ish all together. No woman should ever expose her naked body to any but her right man but more so no woman should ever reveal her naked soul to Evil. Subordination to the right Pastor Teacher protects the soul from Evil just as LOVE for her right man protects her body from sinfulness and infidelity. Discipline and Authority are necessary for learning and for clothing the soul with the fine garments necessary to receive Super – Grace blessings. To give a woman Authority over a man or permit her to teach from the pulpit of the local church is to destroy her inner beauty and convert her Blind Arrogance into Reversionism and to put her directly under the influence of EVIL. This also manufactures, out of her revolt against Authority, a revolutionist, trouble maker and a person saturated with EVIL within the Cosmic Dynaspheres.

### **Authority Arrogance & The Local Church**

All Legitimate Authority in life is delegated by GOD and falls into categories and includes those powers given to humans derived from the principles of the Laws of Divine Establishment and Divine Institutions as:

- ✧ Husband in Marriage
- ✧ Parents in Family
- ✧ Government in Nations
- ✧ Management in any system or organization
- ✧ Coaches in athletics
- ✧ Teachers and Professors in education
- ✧ Higher Ranks in the military and Law Enforcement
- ✧ Police over citizens
- ✧ Judges for the determination of Legal functions
- ✧ Pastors in the local church (not religious denominational hierarchies)

In the spiritual realm the Royal Family of God is responsible to the added Authority which resides in Bible Doctrine as the basic spiritual Authority, it being the THINKING OF CHRIST. (1Cor 2:16) Also then, with the Pastor Teacher, who has received that spiritual gift at the point of his making Salvation Adjustment to the Justice of God and having engaged in an acceptable system of preparation, having the delegated Authority to teach this doctrine. Therefore, the Authority of the Pastor Teacher in his local church comes from the spiritual gift, his preparation and the ACCURACY of his communication of Bible Doctrine. As in all cases regarding Authority, the individual believer uses his volition to respond to or reject the Authority of the teaching of the pastor, or any other delegated Authority in life, and must then assume responsibility for the consequences of all such decisions.

Therefore, there is always a system of Authority in each of the Divine Institutions and there is also delegated Authority in the Spiritual Life. In the Spiritual Life there first is the supreme sovereign Authority of God himself but He does not communicate directly with people in this dispensation. His communication Authority has been delegated through Bible Doctrine to the Doctrinally focused Pastor Teacher and then, through this man, to the local church

administration all the way down to the doctrinal teachers of children. Any person who has responsibility for teaching a bible class to children also has Authority over them as well as RESPONSIBILITY for them. In the realm of spiritual Authority there is the designated and essential absolute Authority of Bible Doctrine so that Positive Volition toward it, function under it and continuous intake of it invariably results in spiritual growth. Any Authority in the spiritual realm which divorces itself from the Bible Doctrines of Scripture immediately becomes illegitimate, useless and susceptible to all sorts and levels of Divine Discipline. God has provided Authority for every function in life and He has set up for believers a way of life detailed under the [Royal Family Honor Code](#). The faithful, accurate doctrinal teaching on the part of the Pastor Teachers results in the development of [Authority Orientation](#) for the believers in his congregation. A total distortion of this principle is demonstrated by the ex cathedra pronouncements of the pope of the roman church. When there is a conflict between the scripture and what the pope says the pope is always right and inevitably this results in there being conflict between the pope and the Roman religious denomination on the one hand and GOD on the other hand. Authority Orientation is always a source of inspiration and blessing to the individual and those in his periphery. It is [Essential](#) for effective Perception, Cognition, Inculcation & Metabolization of Bible Doctrine which is the only means of reaching [Maturity Adjustment to the Justice of God](#) with its subsequent phenomenal blessing for time. Therefore, Authority Orientation is essential for the formation of the pivot of mature believers which sustain and advance the client nation to God.

Consequently, regeneration into the Spiritual Life of the Church Age introduces a new Authority in the life of the believer in the form of the organization of the Local Church with the Pastor Teacher as the primary Authority. Bible Doctrine should be established as the 1<sup>st</sup> priority for the Life of the believer after Salvation Adjustment to the Justice of God in order to comprehend and orient to this new Authority. Bible Doctrine is essential for the making of good decisions from a position of Strength in every situation in life. Authority in the local church is necessary for establishing options for enforcing and exercising Freedom in the Christian Way of Life while the Authority in the home is the essential basis for establishing options for Freedom in General life. The factual reality is that *the existence of Authority makes Freedom possible* and even enhances it. All Freedom in any nation exists primarily because of military victory. Victory in military functions is based on proper effective function UNDER AUTHORITY. No Believer has the right to be critical of Authority in any way which would inevitably destroy his ability to function under that Authority. When one is dissatisfied with the policy, purpose or regulating Authority in any organization *he has the option to QUIT OR LEAVE the organization* but not to criticize or attempt to undermine it. Most often when a person quits a job it is because of Authority DISORIENTATION. This is Authority Arrogance and is the basis for tremendous disorientation in life.

True Righteousness in life, for the believer, occurs at [Salvation Adjustment to the Justice of God](#) with the imputation of the Absolute Righteousness of God to each new believer. However, sanctification in time, (being Set Apart to God) which also begins at Salvation as a result of the [Baptism of God the Holy Spirit](#) providing the believer with Positional Sanctification and thus Eternal Security, is fulfilled as Experiential Sanctification upon reaching [Maturity Adjustment to](#)

[the Justice of God](#) or beyond. This results when the believer has been consistent in Perception, Cognition, Incultation and Metabolization of Bible Doctrine and assimilates a maximum level of Metabolized Bible Doctrine into the Right Lobe of the Stream of Consciousness of his Soul thus progressing in his Spiritual Life to complete execution of the [Protocol Plan of God](#). ([Rom 9:19-21](#)) At Salvation Adjustment to the Justice of God the believer becomes the slave to this imputed Absolute Righteousness while at Maturity Adjustment to the Justice of God the believer becomes the slave to his Sanctification. This is his challenge to exercise a new option in the Spiritual Life. By advance to Spiritual Maturity the believer places himself under slavery to both temporal and eternal blessings which he receives directly from GOD. This slavery eliminates all possible delusions of grandeur concerning spiritual greatness and keeps the believer from engaging in any level of Arrogance by interlocking the [Motivational Arrogance](#) of Mental Attitude Arrogance or [Pride](#) with [Inordinate Ambition & Competition](#) and [Achievement Arrogance](#), among others. It is the judicial imputation of the Righteousness of God and real imputation of Eternal Life to the home of the regenerated Human Spirit which brands the new believer as a slave to The Lord Jesus, The Christ, and with this slavery comes the security of guaranteed Positional Sanctification. While Freedom is essential for function in the Angelic Conflict it is not necessary in the relationship of the believer with Christ. In fact, all truly great relationships in life include the concept of slavery, whether it is the believer's relationship with God or the woman in marriage or the individual in his chosen area of employment. This is where and how Arrogance becomes the basis for destroying capacity for life, including the Spiritual Life. Slavery is the basic concept of Authority vested in one individual. The best parents follow this pattern in using *their good judgment* to teach children to orient to life. Such slavery means security and security means blessing and there is no real blessing in life unless there is security. Therefore, security and blessing cannot be associated with any accouterment of life but only with God as a result of being a slave to God and having his guaranteed security. Anything which can be seen as overt security in life can be lost in an instant thereby resulting in a loss of all associated blessing and the perceived security. Using Freedom to make decisions for the Plan of God and Bible Doctrine results in blessing far greater than anything which one can imagine. Such slavery is the basis for God providing MORE than Ish and Ishah lost in the garden. Such slavery requires a rigid schedule of learning Bible Doctrine under the function of the Grace Apparatus for Perception.

Therefore, every believer should CHOOSE to advance in the Spiritual Life and thereby avoid all aspects of Evil, the Policy and Plan of Satan. The ONLY means of doing this is by the constant, consistent Perception, Cognition, Incultation and Metabolization of Bible Doctrine under the [Filling of God the Holy Spirit](#) and [Grace Apparatus for Perception](#), Operation Z. This is the means of spiritual growth and also the only means for [Reversion](#) recovery and is the only path to reach Maturity Adjustment to the Justice of God and to qualify the believer to receive his Escrow Super – Grace Blessings. Therefore, to advance in the Spiritual Life the believer MUST learn Bible Doctrine and to learn Bible Doctrine he must be taught by his own right Pastor Teacher who has been given the Authority and the TEACHING SPIRITUAL GIFT at his Salvation Adjustment to the Justice of God. The teaching ministry of the Pastor Teacher along with the mentorship ministry of God the Holy Spirit teaches doctrine to one's Human Spirit and transfers it into the Left Lobe of the Soul to provide the believer with a clear understanding of

its content. ([John 16:12-15](#), [1Cor 2:9-14](#), [1John 2:27](#)) Believers therefore learn Bible Doctrine through what is taught by their right Pastor Teacher when both are under the Filling of God the Holy Spirit. God has appointed these human communicators to teach those in any given congregation while both are consistently under the Filling of God the Holy Spirit. God the Holy Spirit does not teach the believer apart from the academic discipline of the local church (in one form or another). In other words God the Holy Spirit does not speak to believers nor teach them ANYTHING directly, thereby avoiding Arrogance in the life of the believer. Therefore, it is the ministry of God the Holy Spirit along with the ministry of the Pastor Teacher which provides the Bible Doctrine the believer MUST inculcate. This is the structure of the Authority ordained and delegated by God to give the believer the OPPORTUNITY to grow in the Spiritual Life and reach Maturity Adjustment to the Justice of God and thereby qualify for actual, real blessings directly from God.

The title ‘Disciple’ used in scripture does not mean simply follower, as a matter of fact in the original language of Koine Greek it actually means “‘STUDENT’ under strict academic discipline without portfolio, present strictly to learn what is being communicated”. The first command given by the condemned apostle Paul to the Pastor Teacher Timothy and all subsequent Pastor Teachers in the Church Age is that they MUST carry on in this fashion by studying and teaching biblical principles and doctrines constantly. This is the ONLY means by which the pastor establishes his divinely ordained Authority in the local church where he communicates. If pastors do not carry on in this fashion then there will be disasters in their Spiritual Life and in the Spiritual Lives of all believers under their Authority. This inevitably will result in the failure of believers to advance in the Spiritual Life and reach Maturity Adjustment to the Justice of God. There are very great dangers every time a local church sets up any system, process or program whereby someone else is going to be teaching or communicating to the congregation. Although this MUST be done at times for many reasons there ARE great dangers in the system. The greatest danger is the development or expression of Arrogance by those who will be doing the teaching to others while they, themselves, are NON-responsive to the teaching from the Pastor Teacher. It may be that they are simply unteachable with regard to improving their teaching method or content. It may be that they reject the content of the pastor’s messages or simply his person and welcome the opportunity to set things straight.

If one is to avoid involvement in the Interlocking System of Arrogance he must accept the Authority of his own right Pastor Teacher and listen to his teaching and respect it NOT just accept it. If he cannot respect the teaching of a Pastor Teacher he must leave that local church quietly without complaint or any personal criticisms and find his right Pastor. The analogy is that just as parental Authority provides orientation to temporal life so pastoral Authority provides orientation to spiritual life. Therefore, having 2 forms of life after regeneration believers now have 2 sources of Authority and thus 2 sources to orient them to this life. The Authority that one rejects with regard to the Pastor Teacher will reflect itself throughout his entire life with the rejection of Authority in all other aspects of his life. It is Arrogance which causes this to occur and thus there is no happiness in life nor blessing in life in this situation. ([Heb 13:17](#), [Heb 13:7](#))

Again, Bible Doctrine is the mind or thinking of The Lord Jesus, The Christ ([1Cor 2:16](#)) with absolute Authority over all believers. The Authority of the Pastor Teacher is related to, derived from and established by his ACCURATE and consistent communication of all aspects of Bible Doctrine. The Local Church becomes analogous to the home and *family* into which one is physically born and now, with the new believer being “born again”, he walks into the Local Church as part of the Royal *Family* of God. Just as there is Authority in the home there must be Authority in the Local Church. Local Church Authority is needed to enable the exercise of one's Freedom in the Christian Way of Life just as the Laws of Divine Establishment Authority is needed to enable the exercise of one's Freedom in temporal life. Rejection of Authority in the Local Church is tantamount to rejection of Authority in the home and means entrance into the Interlocking System of Arrogance through Authority Arrogance, the ‘satanic syndrome’. The believer has the Freedom to find a right Pastor Teacher and to leave any Local Church because the pastor does not teach Bible Doctrine or the pastors personality is so obnoxious or irritating that one is constantly distracted, tormented or offended by it. However, this does mean that under no circumstance should the believer ever criticize the Pastor Teacher whose church he is leaving. The believer must not EVER, FOR ANY REASON, leave a Local Church and criticize the Pastor Teacher whom is being left behind. If one does and persists in being critical of any Pastor Teacher, he will receive maximum TRIPLE COMPOUND Divine Discipline doubled for Authority Arrogance and the believer, most certainly, cannot afford this. Just as the teenager who rejects parental Authority is disciplined all his life so the believer who rejects pastoral Authority spends all his Christian life in misery being disciplined rather than receiving the blessing God has designed him for.

It is some level of Negative Volition to the Bible Doctrine taught by a Pastor Teacher which is a source of dissension and apostasy in a local church. This is usually the result of entanglement in Arrogance and these believers think their [Personal Opinion](#) is more important than anyone else's and as a result they resist or reject Bible Doctrine. Lack of [Authority Orientation](#) and personal involvement in Arrogance causes them to resist the teaching of Bible Doctrine from another human being. This frequently occurs when the Pastor Teacher is in the category of being one's peer or is a younger man teaching older men and women. Anyone who stands before others in teaching any area immediately places many of their audience into [Inordinate Competition](#) with them. It should be understood that the lowest function one can have in this life is to be an actor, whose whole purpose in life is to PRETEND to be someone that he is NOT, and even scrubbing floors is a higher calling than this job. These people entertain by pretending or portraying something or someone which they are not and receive inordinate financial reward for their pretending. These pretenders or ‘fakers’ are applauded for their performances but at times they are not at all entertaining to Arrogant ones who are in fact competing with them. Anyone who stands up in public will have inordinate competition from those who have the inordinate Mental Attitude Arrogance of pride which in many cases is even unknown to themselves. However, when a person represents Authority in any way in life, this is a major challenge to those under that Authority when the authority proclaims something which is not universally agreed with. However, individuals must in all cases remain totally objective and impersonal with regard to Authority. One of the greatest issues in life, under [Impersonal, Unconditional Love](#) as a Functional Virtue, or any other function, is Authority

orientation. People very often get themselves into trouble when there is the some perceived failure of Authority which is over them in some area of general life so that they become a law unto themselves. This is what occurs in the Local Church when [Negative Volition](#) causes Bible Doctrine to be rejected or resisted. Under Authority Arrogance with Inordinate Ambition there is always develops a [Revolutionary](#) group called a ‘mutual admiration society’ so that those who resist Bible Doctrine or Pastoral Authority always look for others who do the same. This results in an amalgamation of malcontent Arrogant people forming their own revolution in life. In whatever area this is found, whether against coach or Pastor Teacher or professor it is always WRONG. It is against the fundamental concept of the [Royal Family Honor Code](#) particularly the principle of Impersonal or Unconditional Love for all Mankind. Impersonal or Unconditional Love is related to Authority Orientation and even if one does not like the person in Authority he must always respect that Authority.

Authority orientation is related to Freedom, the Laws of Divine Establishment, the Divine Institutions and Spiritual Advance from the accumulation of Metabolized Bible Doctrine in the Right Lobe of the Stream of Consciousness of the Soul. Believers under Positive Volition toward Bible Doctrine advance to Maturity Adjustment to the Justice of God through consistent Perception, Cognition, Incultation & Metabolization of Bible Doctrine and cannot maintain their motivation and momentum in the Spiritual Life apart from Authority Orientation. Every human being has an Old Sin Nature, it is the part of the physical makeup of the human body, and it is totally Anti-Authority. As a result of this, there are many ‘lawless’ people in the world due to a combination of [Ignorance](#) and Arrogance. The Arrogant person rejects the Spiritual Authority of the Pastor Teacher in the local church and may be a church tramp constantly moving from one Pastor Teacher to another. To accept the Authority of any Pastor Teacher as communicator of Bible Doctrine is very difficult for many people because of their level of Arrogance involvement. Most people do not have much opportunity to have their Arrogance rewarded as it should be with the pain of suffering and humiliation. Rejection of Authority is just one of the great problems of Arrogance. It is always very difficult for a person in any organization who knows that a policy is wrong and that the Authority responsible for or under that policy is wrong in some way, yet to still subordinate self to it and them when it is part of his job to do so. In reality the ONLY alternative for this person is to quietly leave and move on to another organization or function in life. Many people in the spiritual realm leave a denominational church for this reason and thus desire an independent church. They do well in the independent church until someone or some doctrinal principle from scripture defines their Arrogance and points it out to them at which time they hop to another independent church and repeat this over and over again. When this occurs Authority Orientation is lost. As a result of this trend some of the people with the least capacity for life are fundamentalist Christians who have gained salvation but whose lack of Authority Orientation has destroyed their spiritual growth and therefore their capacity for life. They rationalize that when they think they are right and the pastor is wrong they have a right to overthrow the Authority of that Local Church. One never has the right to overthrow Authority because of some abuse or error on the part of the one in Authority. The fact is that some of the worst people with regard to Authority Orientation are missionaries with reference to the administration of their missionary function when, as a result of their Arrogance, they reject all Authority except their own when

their ego is inflated by their functions in the mission field. Pastor Teachers are not exempt and as long as the Pastor Teacher stays with strict, proper Bible Doctrine teaching he will always recognize that The Lord Jesus, The Christ is in charge and he is a SLAVE. Unfortunately many pastors invariably succumb to Authority Arrogance when they hear that their sermons are great and when they stand at the door of the church and receive complements from the congregation and then they *believe* them.

### **Respect for the Authority of the Pastor Teacher**

If Authority Arrogance or the satanic syndrome can be an issue in the home for a wife or for children becoming critical of their Authority with regard to orientation to life, then, being “born again”, making Salvation Adjustment to the Justice of God, and becoming a spiritual baby in the Royal Family of God, introduces another aspect of this problem, Authority Arrogance in the believer. By means of “Regeneration” from God the Holy Spirit at Salvation Adjustment to the Justice of God or being “born again” through faith alone in The Lord Jesus, The Christ alone, there is introduced a new Authority in the life of this new believer. The new believer becomes a new lump of clay or a new recruit in the army of God starting over in his growth.

Authority Orientation in the spiritual realm is vastly more important than Authority Orientation in the human realm although both are essentials in life. In the spiritual or divine realm lack of Authority Orientation results in direct Divine Discipline from God. In the human realm discipline for disorientation to Authority comes from the function of Law Enforcement and the judicial system in a society, which may or may not function fairly or effectively. The Authority of the Pastor Teacher is limited to his own congregation which is generally in a geographic area but not always. God has provided an umbrella of divine Authority over the mechanics of the Grace Apparatus for Perception in the teaching ministry of God the Holy Spirit which requires the Filling of God the Holy Spirit for Perception, Cognition, Incultation & Metabolization of Bible Doctrine to occur. God has also provided an umbrella of human Authority, under the Laws of Divine Establishment and its Freedom, over the mechanics of the Grace Apparatus for Perception in the function of the Pastor Teacher and disciplined classroom functions for communication of Bible Doctrine. The Royal Family Honor Code demands Authority Orientation as part of its function and recognizes this as what is common sense, good manners, thoughtfulness of others and respect for Bible Doctrine so that inevitably Perception, Cognition, Incultation & Metabolization of Bible Doctrine is related to Authority Orientation.

In the spiritual realm, self promotion by the Pastor Teacher is DEATH to his ministry and indicates Arrogance and lack of the necessary leadership to bring the congregation toward Spiritual Maturity. Leadership MUST come from Bible Doctrine Orientation, Grace Orientation and Occupation with the Person of The Lord Jesus, The Christ for the Pastor Teacher and through his teaching to everyone in his congregation as well. The congregation with Positive Volition toward Bible Doctrine is motivated, by the ACCURACY of the Bible Doctrine taught them, to continue in Perception, Cognition, Incultation, Metabolization and Application of that Doctrine. The Issue is always the content of the Word of God, never self and each person must function under his own Positive Volition for reception of Bible Doctrine. The initial

establishment and maintenance of discipline for the teaching of Bible Doctrine is the foundation of Pastor Teacher leadership. The Leadership Pastor motivates by teaching Bible Doctrine WITHOUT INTERFERING with the privacy or volition of the individual Believer. Once Authority is established in the Local Church from accurate doctrinal teaching, leadership delegates that Authority to gifted individuals for overseeing daily functions in the local church. In contrast, management, in all areas including that of the Pastor Teacher in the Local Church, abuses all Authority and seeks to control everything himself. The function of the leadership Pastor Teacher produces both self motivation and esprit DE corps in the congregation while the function of the management Pastor Teacher produces, [Conspiracy](#), [Disillusion](#), bickering, dissatisfaction, [Legalism](#), [Pride](#) and general lack of integrity. Authority and Freedom must be balanced otherwise, in the Spiritual Life, when there is Freedom without Authority there is Lascivious or Lawless Antinomianism and when there is Authority without Freedom there is Legalistic [Self Righteousness](#) in the believer. This is the believer who thinks he is an Authority to himself and ignores the organizational system for the Church Age where the Pastor Teacher must teach Bible Doctrine because it is not possible for the individual believer to read the bible and get the proper information from it himself.

The believer's Arrogance becomes intensified when the Authority of the communicator of Bible Doctrine along with the message of Bible Doctrine is rejected at the same time. The Authority of one who has the Spiritual gift of Pastor Teacher is tantamount to the Plan of God and rejecting the Authority of even a mousy Pastor Teacher results in immediate entrance into the Interlocking System of Arrogance. Any man who aspires to the ministry of Pastor Teacher must have already made spiritual growth to Maturity Adjustment to the Justice of God from consistent function under the Grace Apparatus for Perception in order to even recognize that spiritual gift in himself and must not be involved in [Blind Arrogance](#). In order to become and function as a Pastor Teacher in a pulpit of a local church there is also an incredible amount of training which is required today. These men do not have any inherent Authority just from possessing the gift of Pastor Teacher and their Authority only comes when they are called to a local church and then teach Bible Doctrine accurately in that venue. This, as well, is a spiritual gift only for males and is a sovereign decision of God the Holy Spirit and not earned nor deserved and MUST be made effective by engaging in excruciating, intensive training. The DANGER is that once the person completes his training and goes to a local church he may not be able to handle the incredible Authority he has which, in itself, requires a great deal of training and self discipline and avoidance of Blind Arrogance as a destructive system. He must have enough leadership ability to NOT abuse the tremendous Authority vested in him by God as the Pastor Teacher of a local church. Good Leadership ability will keep the Pastor Teacher from both Arrogance and abuse of power which is an occupational hazard for all those in the ministry.

The [Motivational Arrogance](#) of [Mental Attitude Arrogance](#) and the Mental Attitude Sins which reject the Authority of the Pastor Teacher include:

- ✧ [Blind Arrogance](#)
- ✧ [Jealousy](#)
- ✧ Vindictiveness

- Implacability
- [Bitterness](#)
- Hatred
- Antagonism

Verbal sins which reject the Authority of the Pastor Teacher:

- Judging
- Maligning
- Gossiping
- Accusing

Since the double honor of the Pastor Teacher includes receiving respect it is his RESPONSIBILITY to use his Authority to maintain the privacy of the Royal Family of God in his congregation. The Pastor Teacher will occasionally have to function in a very distasteful way in disciplining and even excommunicating believers who fall into the category of opposing his legitimate Authority in the local church. This will be the person who maligns or gossips habitually or who attacks the Pastor Teacher instigating or causing others to revolt against his Authority in the local church. The Pastor Teacher has the Authority to exercise this discipline on those who intrude on the privacy of someone else in the congregation as well. This DOES NOT include parents who are correcting their children for obnoxious or undesirable actions or attitudes. Children do not have a right to privacy under their parents and should be thoroughly supervised when in the assembly of the local church. However, though every Pastor Teacher must be judicious in the exercise of his Authority, he must also be AGGRESSIVE in the:

- Study of Bible Doctrine
- Teaching of Bible Doctrine
- Counter Attack on any type of bullying, gossiping or maligning in the local church.
  - This type of behavior must be cut off immediately and the congregation MUST be protected by the Pastor Teacher from these things.
- Disciplining those who seek to neutralize his Authority by intruding on the privacy of others.

The responsible believer must be reprimanded whenever the Authority of the Pastor Teacher is challenged. These people are NOT to be taken aside and disciplined in private but the situation must be addressed, as a result of what they have caused or may cause, and they must be disciplined in public. Many people think it is not very nice to reprimand someone in front of other people but this is a false bleeding heart liberal concept and the bible clearly states that when the Authority of the Pastor Teacher is challenged he MUST discipline or reprimand the individual in front of everyone present. Being sweet and nice is great when everyone understands the principles of privacy and Authority but when this is not the case SWEETNESS is WEAKNESS to the jackass who challenges the Authority of a leader.

The Authority of the Pastor Teacher is DIRECTLY from God and is a pure Authority apart from the Cosmic Dynasphere systems of Satan. It is to be respected and to have it respected sometimes the Pastor Teacher must get tough with recalcitrant people. The Pastor Teacher must have respect because Bible Doctrine is always controversial and cuts into the believer's

soul like a knife. Doctrine challenges, tears down and rebuilds the believer from his soul outward. It shows him what he truly is, removing all illusions of grandeur and is a direct challenge to any Arrogance he possesses. Arrogance is natural in the Human Race, as a result of man being under the rule of the Arrogant Master, Satan, and having a genetic Old Sin Nature which predisposes him to follow EVIL, the plan and policy of Satan, which has Arrogance as its fundamental base. However, Arrogance is ABNORMAL as far as the Royal Family of God is concerned. It is essential, therefore, for the Pastor Teacher to be given respect in order to communicate Bible Doctrine to the congregation since many times the believer will NOT Like what is being taught when it inevitably strikes deep into his propensity for Arrogance. If a believer listens objectively to a Pastor Teacher and cannot appreciate his teaching then he must simply GO FIND ONE WHOSE TEACHING HE CAN APPRECIATE AND WHOM HE CAN RESPECT, and he MUST go quietly without any fuss or criticism. Therefore, any attack on the Pastor Teacher's Authority on the part of the congregation MUST be met with emphatic, vigorous, aggressive public reprimand. There can be, and often is, an encroachment on the daily function under the Grace Apparatus for Perception of others by a believer in a congregation who is guilty of any aspect of Mental Attitude Arrogance or who maligns or judges others. This is a total violation of the privacy of other believers who are victims of this and public reprimand will work effectively to prevent this.

The gift of Pastor Teacher DEMANDS Moral Courage above and beyond the normal integrity and the courage of life. No Pastor Teacher can protect his congregation and be a coward. Cowardice and Arrogance go together and many people are MORAL cowards because of their Arrogant pride and they would rather be well thought of than RIGHT. This is how mediocrity in the United States became famous and Franklin Roosevelt is the one accomplished this most effectively making mediocrity famous. He would rather have been well thought of than ever thought to be RIGHT. The Arrogant pastor under pressure is a coward and the cowardly pastor MINUS pressure is Arrogant. God has made no provision for Cowards in the Spiritual Gifts especially in the Ministry of the Pastor Teacher. In life, many people are not cowards because they are STUPID. Being stupid and not cowardly they are NOT sensitive to those under their Authority. It is too easy for the stupid person to be unafraid and very often they are too dumb to understand what they should be afraid of. For leadership to be effective one must have a lack of cowardice plus common sense intelligence to know how others feel and not be callous, indifferent or insensitive to the feelings and sensitivities of others under one's Authority. Occasionally the leader will have a case when he has to get tough with someone but this should be very rare. To be stupid with regard to Bible Doctrine is to be dangerous since Bible Doctrine can be explosive when taken out of its proper setting. The Pastor Teacher cannot ever be a bully either, therefore, to balance these positions he must be smart about people as well because when pressure is put on a bully his cowardice invariably shows itself.

Therefore ALL PASTORS must be free from Arrogance and cowardice which are part and counter part. The teaching ministry of the Pastor Teacher is seriously hurt when he is involved in Arrogance, Apostasy and / or Stupidity. No pastor can function when Arrogant or apostate or when he is stupid about Bible Doctrine. In every generation there will be pastors who can be classified in this way. Pastors sin, fail and foul up from time to time, just as anyone else,

but can still do a great job in communication of Bible Doctrine. However, no man can ever function as a Pastor Teacher if he is Arrogant because on the other end of his Arrogance will be cowardice resulting in total malfunction of the level of Authority he has from God over his congregation. The only effective means of avoidance of this status comes through maximum Metabolized Bible Doctrine in his Stream of Consciousness of the Soul. No one will ever know a Pastor Teacher has cowardice until there is pressure put on his Arrogance. When a pastor does something wrong he simply is wrong and must never become Arrogant about himself and NEVER be cowardly. Unfortunately, one of the greatest problems with men in the ministry is this Arrogance. Arrogance permeates every aspect and function in life and there are a myriad of subtle ways to become involved in Arrogance and the only protection one has from Arrogance is maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. Unfortunately many men in the ministry NEVER engage in doing their job properly and rarely study bible doctrine in an expository manner. In addition, many men in the ministry as Pastor Teachers are highly critical about people and situations out of SHEAR JEALOUSY.

Therefore, in summary, believers are to be under the Authority and command of their own right Pastor Teacher and comparing Pastor Teachers is a sign of Arrogance and immaturity in the believer. NO ONE EVER HAS A RIGHT TO COMPARE Pastor Teachers EVER. God has provided for every believer a right Pastor Teacher and when the believer finds his, he simply MUST stay under his teaching and never become involved with any other Pastor Teacher. The believer is to become Grace Oriented under the Authority of his own right Pastor Teacher, whoever he is, and the only way to accomplish this is to focus on the accuracy of the teaching of the Bible Doctrine he presents. If this is properly done, THEN and ONLY THEN can God promote the believer and provide for him, his Super – Grace Escrow blessings in time, which, in fact, is the WHOLE PURPOSE of the Christian remaining in this life after Salvation Adjustment to the Justice of God.

### Arrogance vs Authority of the Pastor Teacher

The Authority of the communicator of Bible Doctrine and the content of the communication of Bible Doctrine intensifies one's Arrogance when it is resisted. The results are twofold:

- ✧ Acceptance of false doctrine, which is believing the LIE of Evil.
- ✧ Intensification of one's entanglement in the Interlocking System of Arrogance.

The Pastor Teacher must get into a routine and stay in it and when he handles a recalcitrant congregation he must be TOUGH because any sign of being NICE is considered by the average human as weakness. The Pastor Teacher keeps on fighting and hanging tough by his consistent studying and teaching. In the combat of the Angelic Conflict, he must have ABSOLUTE CONFIDENCE in the Living God, The Lord Jesus, The Christ. The true motivation for the Pastor Teacher and for the congregation also MUST be reaching and maintaining Occupation with the Person of The Lord Jesus, The Christ which comes from maximum Metabolized Bible Doctrine in the Stream of Consciousness of the Soul. There are 2 public functions of the Pastor Teacher:

- ✧ To use his Authority to focus the attention of the congregation on his teaching of Bible Doctrine.
- ✧ To use his Authority to dogmatically and clearly communicate Bible Doctrine.

In teaching Bible Doctrine both effective Authority and proper communication functions are involved. NO Pastor Teacher can teach without Authority and during his teaching, the communication of Bible Doctrine is MONOLOGUE and there is no place for sharing or DIALOGUE. In any given local church the Pastor Teacher is the only one who has the Authority to communicate doctrine therefore his policies and opinions based on Bible Doctrine are the only ones which count. It is blind Arrogance to try to help or try to “straighten out” the Pastor Teacher and his teaching. The believer is in the local church to get what the Pastor Teacher is teaching not vice versa. Every member of the congregation MUST have confidence in the judgment of the Pastor Teacher or they must move on to another local church. However, there always are a great many people in a congregation who are alive ONLY to test other advancing believers and may not ever learn anything from a Pastor Teacher. The objective for the congregation is to get the ‘message’ of Bible Doctrine and they do not have to like any other thing about the Pastor especially his personality. However, in the matter of his professional judgment the believer in the congregation MUST HAVE CONFIDENCE IN THE PASTOR’S ABILITY IN HIS FIELD. In any area of life, if one expects to learn anything from anyone, he must have confidence in the one who is advising or instructing him. Therefore, the Pastor need not ever explain anything he does in any area of his life. For the new Pastor Teacher the difficulty lies in the fact that people often try to disregard, to have contempt for, a leader who is YOUNG (See Napoleon Bonaparte). If the believer cannot respect his Pastor Teacher then he MUST go find one whom he can respect, and this should not be someone whom he ‘likes’ but one with content and organization whom he can RESPECT. The believer must respect the message and have confidence in what the Pastor teaches with regard to Bible Doctrine and if he cannot find this in the local church where he currently is then he should look in other places. Also, older people have a tendency to look down on the Authority of those YOUNGER than they are or even of the same generation, but the Pastor Teacher whether he is young or not must not ever allow himself to be pushed around by the congregation but must exercise his Authority properly for the teaching of Bible Doctrine to occur effectively.

No 2 people have commonality in any area in life, but with regard to BIBLE DOCTRINE the Pastor Teacher must be an example. What the Pastor does when he leaves the pulpit is NO DAMNED BUSINESS OF ANYONE IN THE CONGREGATION. What the Pastor does when behind the pulpit is totally the business of the congregation. What the Pastor wears, does, thinks, drives, lives in and says is between HIM and the Lord and this is the same as for every believer. The Pastor Teacher, like the members of his congregation, must have a certain

amount of privacy in his life. For him to be an example the Pastor should be a pattern ONLY with reference to the Bible Doctrine he teaches. No believer should ever try to pattern his lifestyle after the lifestyle of his Pastor. The Pastor must lead the advance of the congregation in their function under the Grace Apparatus for Perception, [Operation Z](#), having the greatest possible inner resources of Bible Doctrine as a result of his own diligent and sacrificial study of Bible Doctrine. However, the Pastor Teacher should not, because of this, ever become a counselor. When the Pastor becomes a believer's counselor he then begins to LEAD and LIVE that believer's life for him. When the Pastor makes judgment calls for people this is wrong and in fact part of EVIL and totally out of line with the proper function of the pastor. As a member of the Royal Family of God the believer in The Lord Jesus, The Christ does not need counseling by anyone but does need Bible Doctrine. If he is unsure about a principle of Bible Doctrine then he should persist in diligent study and depend on his inner resources of Bible Doctrine and the guidance of God the Holy Spirit in order to make proper decisions. This is how the believer builds up spiritual strength, through listening to the authoritative dogmatic teaching of Bible Doctrine, in order to establish the inner command post and dictator of his own soul. As a result, all the counseling he will ever need will come from the Metabolized Bible Doctrine resident in his own soul. When the believer answers his own questions from Metabolized Bible Doctrine in his Stream of Consciousness of the Soul he is 1000% ahead. "Purity of mind" which only comes through Metabolized Bible Doctrine in the Stream of Consciousness of the Soul means that Bible Doctrine is to be the motivator of the Pastor just as it is for all members of the Royal Family of God. Through this "purity of mind" from Metabolized Bible Doctrine in the Stream of Consciousness of the Soul the Pastor Teacher establishes his Authority in the Local Church without abusing his Authority or bullying.

The new Pastor Teacher is susceptible to abusing his Authority just like any other person in Authority and could thereby fall into:

- ✧ Blind Arrogance
- ✧ [Approbation Lust](#)
- ✧ [Inordinate Ambition](#)
- ✧ Writing technical books without enough doctrinal background
- ✧ Starting Doctrinal Tape ministries without enough doctrinal background

Most Pastor Teachers today want to start at the top with the publishing of books and accumulating tape ministries and thereby become great in the public eye but they are not students of the word of God by any stretch of the imagination. The Pastor Teacher does not truly become a student of the word of God until about 10 or 15 years of study time has passed. The new pastors who engage in these things lead with their ambition and lust for approbation and inevitably this is what destroys them. No Pastor Teacher can properly exercise Authority over the congregation without Metabolized Bible Doctrine in his Stream of Consciousness of the Soul producing purity of motivation which completely neutralizes Mental Attitude Arrogance especially [Pride](#), Ambition, [Jealousy](#), Vindictiveness, Pettiness, Implacability, and Academic Dishonesty.

No one can properly use Authority until he has been under unfair Authority and this is what is

wrong with many Pastor Teachers today who have never had to endure unfair or obnoxious Authority by being under the unfair Authority of others. Most of these men simply don't know what they are doing and are under [Blind Arrogance](#). No one learns discipline OVERNIGHT and the person who actually learns discipline must be UNDER discipline for some time in order to know both ends of Authority, in order to balance it out and use Authority properly. Therefore, NO Pastor Teacher or any teacher for that matter, ever uses discipline or Authority properly unless he has been on the end of the strongest discipline possible. Therefore, the most practical training for the Pastor Teacher includes Strict Academic Training to a very high level, Law Enforcement training, Athletic Training and especially Military Training. In the early church any given Pastor Teacher trained the men in his congregation for the ministry of Pastor Teacher but today there are levels of higher education for training Pastor Teachers. The Pastor Teacher must be the man who can go into a business or other employment situation and respects the Authority of management even if they are not highly competent. Most people want an easy way in their life but this is not what occurs when there is proper Authority or discipline orientation. Good manners are a sign of the understanding of general concepts of Authority and of having capacity in life which MUST be related to Authority. Therefore as part of the training and preparation of the Pastor Teacher he MUST learn what Authority is all about.

In the training of the Pastor Teacher there is very often some Academic Seminary needed. However, not in every case, but there must always be intensive concentration on Bible Doctrine and spiritual growth from some Pastor Teacher who can accurately communicate Bible Doctrine. This is not as prevalent today as in the past. In higher education the college or seminary may have rules which MUST be obeyed if the person wants to matriculate there and the candidate does not have to like or agree with the rules but they do have to be OBEYED. Unfortunately, today in most institutions of higher education, the faculty and administration too often cater to the students when they absolutely should not. No student in any institution HAS ANY RIGHTS, THEY ARE THERE TO LEARN AND NOT TO TALK BACK OR COMPLAIN ABOUT HOW THINGS ARE RUN. Trying to get around the rules demonstrates that a person is a SNEAK and has no knowledge of discipline and will never function properly in administering discipline and using Authority. A great part of the training of the Pastor Teacher is discipline so that once he starts something he must finish it unless he is involuntarily removed from the program. Therefore, in effect, the most disciplined person in any organization especially the Local Church must be the one who has the MOST Authority.

Authority Arrogance related to the Pastor Teacher of the Local Church and rejection of his Authority distracts believers from effective Post Salvation Epistemological Rehabilitation. As a result the message from Bible Doctrine which is so very vital to the nation and the individual in the Royal Family of God under this type of Arrogance results in a major tragedy producing the failing of the nation. Many scriptures WARN against undermining the Authority of Bible Doctrine and the Pastor Teacher. [Is 54:17](#) explains that the Pastor Teacher who does his job properly is protected from all attacks while believers are told in [Heb 13:17](#) to KEEP ON obeying those Pastor Teachers who teach Bible Doctrine accurately. The believer is admonished to LISTEN to and ASSIMILATE the Bible Doctrine their chosen Pastor Teacher is teaching. The

Pastor Teacher gets his Authority from the spiritual gift, the proper preparation and the calling from a congregation where his Authority is based on the proper teaching of the Bible Doctrine he presents to them. It is inevitable that some believer in the congregation will become dissatisfied and disenchanted with a specific pastor's ministry. When this results from some aspect of a fragmented life as a result of entanglement in the Interlocking System of Arrogance, this believer will suffer under the law of volitional responsibility AND Divine Discipline. If the fault lies with the Pastor Teacher COUNT ON IT, God will punish him. There is a strong analogy between the function of Divine Institution #3 Family, and the Local Church:

	<u>Family</u>	<u>Local Church</u>
<b>Authority</b>	Parents	Pastor Teacher
<b>Blessing</b>	Accepting Parental Authority	Acceptance of the Pastor Teacher Authority Positive Volition toward Bible Doctrine
	<i>Adhering to these levels of Authority will result in blessing for one's entire lifetime</i>	
<b>Cursing</b>	Rejection of Parental Authority	Rejection of Pastor Teacher Authority Negative Volition toward Bible Doctrine
	<i>This results in cursing or misery for one's entire life but can be overcome by reverting to acceptance of the Authority of the Pastor Teacher and executing the Protocol Plan of God.</i>	

Just as the child who rejects the Authority of his parents will have incredible misery for his entire life so the believer who continuously rejects the Authority of his Pastor Teacher will spend his entire life on this earth under Divine Discipline and Self Induced Misery. The believer must never compound the problem of dissatisfaction with any Pastor Teacher by engaging in some aspect of Arrogance which inevitably will fragment his life. Therefore the most advantageous course of action for the dissatisfied believer is to LEAVE that Local Church quietly without hurting himself or the Pastor Teacher. Never criticize the Pastor Teacher and always leave his punishment in the hands of the Lord. Criticizing, Maligning or Judging any Pastor Teacher for any reason results in incredible Divine Discipline because the Pastor Teacher gets double discipline for his failures thus the critical believer will get Triple Compound Divine Discipline TIMES 2 thus Divine Discipline to the 6<sup>th</sup> power. Criticizing a Pastor Teacher may be accurate or blasphemous but there is not enough time in life to warrant any reaction to any Pastor Teacher and pulling the pin in one's own Arrogance grenade and fragmenting one's own life. Always remember the believer who reacts to a Pastor Teacher and leaves a Local Church TAKES HIS FRAGMENTED LIFE WITH HIM TO THE NEXT CHURCH. Authority Arrogance will ONLY destroy the one involved with it especially when it is directed toward the Pastor Teacher of a Local Church.

There is no such thing as a plurality of elders in any local church and even attempting to institute this is Arrogance. There is no differentiation of teaching elders vs administrative elders for any Local Church. This is a LIE from EVIL involving Arrogance and is a revolutionary attack on the Authority of the Pastor Teacher along with Inordinate Competition,

resistance to Bible Doctrine and rejection of delegated Authority from God. Believers who follow this have no concept of Authority in the Local Church and, as a result, fall deeply under the Influence of Evil. There is ONLY 1 “elder” in any congregation and this term is in fact a designation of Authority. The idea of plurality of elders is a false doctrine involving Arrogance and convenience, being a justification from Evil for bringing about dissension and ultimately revolt in the Local Church. This concept is an [Inflexibility](#) in the non-essentials, distortion of priorities and flagrant violation of the [Royal Family Honor Code](#).

The believer who expresses his Positive Volition by listening to several Pastor Teachers at one time is engaging in, at the very best, A DANGEROUS ENDEAVOR. Plurality of Pastor Teachers is not a good decision nor an authorized option for the advancing believer. Plurality of Pastor Teachers is not a substitute to finding a Pastor Teacher who teaches solid doctrine under whom one can grow. Personal Arrogance is the usual result from listening to several pastors since the LISTENER will INEVITABLY have to make decisions about doctrinal principles to decide who is correct if and when there are any discrepancies or contradictions in the teaching. Humility is critical in this area and the believer must find a Pastor Teacher and stick with him. A believer cannot submit to the Authority of 2 Pastor Teachers at the same time and this results in Authority disorientation and thus the believer himself becomes the arbiter of his doctrinal intake. If there is confusion from the teaching of 2 Pastor Teachers then the decision as to whom is correct will distract the believer from his spiritual growth and can even totally stall it. Listening to multiple Pastor Teachers becomes an issue of Authority orientation and Bible Doctrine accuracy. This becomes a primary problem in the Spiritual Life when the believer takes from each Pastor Teacher only what the believer himself decides is accurate.

The Pastor Teacher must not ever allow his own antagonism, Arrogance or stubbornness to cause him to become prejudiced or unfair and fail in his [Grace Orientation](#) in any situation. There must be total objectivity on the part of the Pastor Teacher, therefore, it is impossible for the Pastor to function day in and day out without Grace Orientation. Under Grace Orientation he must be fair, stick with facts, ignore his prejudices and his personal feelings never allowing them to destroy his fairness. The Pastor Teacher must not be easily angered for anger is [Mental Attitude Arrogance](#) and a Mental Attitude Sin. He must maintain a Relaxed Mental Attitude and even if the Pastor Teacher becomes angry his recovery must be just as quick as the reaction which resulted in his being angry. Therefore, the Pastor Teacher must use the [Rebound Procedure](#) quickly and consistently, as an IRF, after any sin. The Pastor must not be prone to addiction to alcohol, drugs or any other form of sublimation. Although this does not prohibit drinking for either the Pastor or the congregation it does mean that he should not engage in drinking to the point of drunkenness. The concept is that the Pastor should not be using anything outside of the Spiritual Life for sublimation. His being in a position of leadership in the local church and the Christian Way of Life demands he be [Sharing the Happiness of God](#) rather than seeking overt stimulation. There is a proper prayer for those in Authority under recognition of that Authority and orientation to it which is commanded of every believer. (1Tim 2:1-2) Therefore believers are to Pray for those in Authority so that the believer may lead a tranquil life.

## **Arrogance Destroying Authority**

Arrogance and Authority cannot ever coexist and when Arrogance crowds Authority it destroys that person in whatever Authority area they have. Every person who has Authority must learn to rely on his own judgment or be able to discern good advice from bad and evaluate the advice without subjectivity or any Arrogance involvement. He must have enough [Humility](#) to see good advice and take it and recognize bad advice and ignore it, and it should not ever matter from whom advice comes. He must have capacity for the Authority which he has because he must set policy or at least enforce it and see that it is carried out for the organization he is in. He always needs to know the facts of any situation and must never make decisions without facts. If he is humble he will accept good advice founded in facts and take action based on it. If he is Arrogant he will reject that same good advice because of some subjective thing he does not like about the ONE GIVING THE ADVICE. Good advice very often comes from strange places and one must never allow Arrogance to hinder taking good advice. Good advice is always given by Bible Doctrine but Arrogance is always blind to it and always takes the bait of any [Jealous](#) innuendo.

Arrogance produces the soul hangup of having to constantly prove oneself and this is why all military officers start as 2<sup>nd</sup> Lieutenants, to avoid Arrogance and develop Humility. Very often these young inexperienced men, instead of being teachable by ranking commanders and good non commissioned officers, take the stand of not needing advice from anyone. Thus, Arrogance always makes the person who possesses it very uncomfortable and miserable as a result of his thinking he always has to prove himself. When one enters into an organization having been given Authority he needs to FIRST learn how the organization is set up and runs and not jump in and change things. There are many people who cannot handle having Authority and with it they become instant monsters and bullies and this is the Arrogance of trying to prove something. Arrogance is one of, if not the single most destructive influence in the life, and can be extremely [Impulsive](#); while good leadership sits back observes, considers and waits for the right time to make changes. If it is possible that one can wait long enough, those in any organization involved in any conspiracy will very often crucify themselves. Arrogance and leadership are mutually exclusive and when they combine all Authority will be lost. The level of Authority one has will be inverse to the level of Arrogance he has. In other words, the percentage of Arrogance in the Stream of Consciousness of the Soul will destroy that percentage of Authority one has.

The Chain of command in any organization is a 2 way street and the higher one goes in command or executive functions the more he must have an executive secretary or assistant so that everything which is to come to him either goes through the secretary, assistant or vice president but not to the president or chairman of the board directly. When one functions this way in organizations he has good administration but when the chain of command is destroyed there will always be poor administration. Chain of command is a filter to keep bad ideas from reaching the top and allowing things which should be handled at a lower echelon to be handled there. Those in a progressing chain of command MUST have orientation to both the Authority above them and the policy to which all are supposed to be supporting. Arrogance when present at lower levels in the chain of command will often prevent valid, good advice

and ideas from reaching the one in charge. This highlights the necessity for choosing assistants under one with integrity and loyalty to the organization, its policies and the one above them in authority. Considering this concept then the president of an organization does not help load cargo nor directly receive complaints whether they are legitimate or idiotic. Life in all organizations MUST include chain of command and this is one of the most important functions in the principle of organization and administration and today it is completely ignored. Unskilled workers feel entitled today to take their complaints directly to the chief executive officer. Students at university level feel entitled to approach the president of the university with their complaints. When this is prevented they form into groups or “unions” in order to pressure the administrators of an organization to hear their complaints directly. On the other hand when a person in higher Authority runs around in an organization trying to do everything himself he is trying to prove to the workers he is one of them and is in reality a very poor leader. Chain of command is also a spiritual factor of life in addition to being a good business and leadership principle. People who jump the chain of command or divert its proper function are Arrogant, feeling that they are, or what they think is, more important than anyone or anything else. In this process they destroy the Authority of any effective administration and its leadership. They suffer from Arrogance and have an inability to orient to life, not being able to accept Authority. Having a lack of Authority Orientation added to their Arrogance will bring a miserable life to these people. Therefore, when a person is raised under permissiveness in their family they will fail to orient to any Authority in life. When the principle of withholding discipline is generally excepted in a society the children end up in jail because of their lack of respect for any Authority, and the Jails do not impose any suitable punishment for the rejection of the authority of Common Law.

### **Arrogance vs Responsibility**

One of the great dangers of life is the Arrogance factor causing one to assume a level of responsibility for which he does not have the capacity nor ability. In business, the military, education etc., all the systems in the organizations in society today force people to try to accept responsibility beyond their ability to cope with that level of Authority. Many people may want to be president or head of something and should possibly have more Authority than they currently have because they could do a better job than the one who is carrying the responsibility and facing the pressure ineffectively. However, one must always beware of Arrogance leading him into a false position since not everyone has capacity for command or leadership which along with its authority entails accepting great responsibility over a larger group of people. When a man is in a leadership position who can think and is calm under pressure and has sagacity and wisdom and he has respect for any Authority anywhere wherever he sees it; there is no Arrogance in this man. One cannot ever be a great leader and have Arrogance and those ones must respect Authority wherever it is found.

### **Arrogance vs Orientation to Life**

Failure to orient to the Christian Way of Life in effect is the pattern of people who cannot orient to life in general. There are many of these who will never, ever, have any capacity for life nor be able to orient to life and will not ever have any success in life. Their problem is always the same, they cannot accept Authority which is the basis for all Freedom. The

principle of 'live and let live' alludes them and cannot even be operative without Authority. Authority must exist in all levels of life in order to protect the Human Race from self destruction because Authority protects Freedom. There MUST be Parental, Civil, Academic, Spiritual, and many other areas of Authority in life. When people, without Authority or the position of Authority, think they ARE the only Authority and think they have learned something which makes them superior to others, their rejection of duly constituted legitimate Authority causes them to totally lose out in life. The woman who rejects the Authority of her husband will become disoriented to life and be a miserable creature and once this pattern is set in her soul she will reject all Authority in life. Rejecting the Authority of the boss on the job sets a pattern for the man who does so and as a result he also loses out in life. The athlete who rejects the coaches Authority sets a pattern where he rejects all Authority in life. In the United States of America, especially since the 60s, the people have been and continue to be a people who reject all Authority totally lacking any Authority orientation. Consequently it will not take much to trigger far reaching overwhelming anarchy and revolution which would totally destroy the remaining Freedom Americans enjoy and have enjoyed throughout the history of this nation.

Authority in Education is designed to develop ENFORCED HUMILITY from ENFORCED DISCIPLINE which will stimulates SELF DISCIPLINE and result in GENUINE HUMILITY which provides TEACHABILITY and begins the development of Virtue in the individual's life. Management in any organization is a principle of Authority and organization and some management is bad and invariably will destroy an organization but good management will bring an organization up and provide prosperity for everyone in the organization. However, whether it is good or bad management and whether they have wronged the individual employee in any way is NOT EVER the issue because the issue is that the individual CAN NEVER allow himself to become anti-authoritarian because of having had bad management over him at some point in life. This abuse of Authority must never be allowed to fragment one's own life by his becoming involved in the Interlocking System of Arrogance. The development of Bitterness because of having been treated unfairly by some level of management (real or imagined) will cause fragmentation of one's life with entrance into the Interlocking System of Arrogance, Cosmic Dynasphere I. Management, like all Authority, is a good principle and the fact that people enter into function under these principles and violate the proper functions therein does not invalidate the principles and when one reacts to management failures THAT ONE IS WRONG. The only person who is hurt by reacting to improper function of Authority is the one reacting when he fragments his own life.

When one rejects Authority in one place or situation in life he will reject it in many other places. It is his privilege to accept or reject Authority where it exists but if he tries to destroy the Authority figure he will ultimately reject Authority in all areas of life and Arrogance will rise up to destroy him. When there are enough people who reject and do not respect the Authority of a judicial system and Law Enforcement the tragic result is that this Authority disappears. As a result, in all areas in Law Enforcement, Military function, Church, Business, Education and Home the people in the United States of America rejecting these areas of Authority, have been and continue to be destroying what little Freedom still remains and as a

result this nation in the process. One of the signs of rejection of Authority is in the young people who turn to drugs which divorce them from the reality of their existence. This began in earnest in the 1960s but is dramatically worse today. Drugs are a chemical destroyer of the both the body as well as the soul. When one loses Authority Orientation it destroys one of the most beautiful systems of hindering untrammelled Arrogance with the result that he will have major hangups in his soul. Once a person orients to and accepts the fact that there is always some Authority over him, it helps to knock out some of his Arrogance and the individual minus Arrogance can then properly exercise whatever Authority he possesses. Many people have too much Arrogance to ever exercise Authority at all because Arrogance cannot ever exercise Authority properly. In addition, most people cannot distinguish between confidence and Arrogance in others and many great military, business and government LEADERS were and are NOT Arrogant at all but simply totally self confident. Some examples include, MacArthur, Patton, Eisenhower, Jackson, Lee, and possibly Mr. Trump.

Authority Arrogance also destroys command structure in any organization including the military, business and education and thus destroys the organization and its ability to function properly to protect Freedom. One major thing which has destroyed command structure in the United States Military is the intrusion into the military system of an erroneous system of promotion and control and oversight by civilians. This replaced the system where an officer or NCO could legitimately and satisfactorily be in the same organization AT THE SAME RANK in the military for his whole career. When an officer is doing a good job at his rank and in his organization at whatever level, HE USED TO BE AND SHOULD BE LEFT ALONE THERE and compensated for his successes. The “new” system of OER (Officer Efficiency Rating) demands that officers must advance but to get ahead the officer has to be a genius or he must cheat. This system removed the necessity of officers to be constantly thinking about the men under them for whom they were responsible but only considered how an officer would look good on paper thought he inevitably was neglecting his troops. Another reason for the degradation of our military is the intrusion of civilian influence on military functions by civilian government especially during the prosecution of War, all of this destroying Authority in the process.

### **Arrogance, Impudence & God**

Obviously, one cannot be impudent with God and get away with it and, in addition, in life one cannot ever be impudent with any form of Authority and get away with it. People often appear to get away with being impudent but this is simply feeding one's Arrogance since they are, in fact, destroying the system designed and set in place for their own blessing, prosperity and any future they might potentially have. People most often over estimate the value of what they are doing or have done in life instead of correctly evaluating the importance of the Bible Doctrine they are or should be learning. When involved in Arrogance people don't know who or what they really are and as a result they don't have a clue as to who or what God is and they will answer back, contradict and are generally impudent to God and this is Dangerous BLASPHEME. The Arrogant Legalistic person always overestimates self and underestimates God and any time a person underestimates God they always overestimate self. This is how Arrogance was born, this is what Lucifer did in wanting to “Be like the most High” and also what Ishah did in the garden wanting to be “as smart as God, knowing Good and Evil”, but,

in reality, the creature has no right to challenge or compare himself to the creator.

It is inevitable when Arrogance is too great in angels or man that there is no respect for Authority even that of God. When a person becomes so Arrogant from [Negative Volition](#) and the resultant Scar Tissue of the Soul in [Reversionism](#) he becomes divorced from reality which inevitably means his rejection of Authority. When, in man, [Scar Tissue of the Soul](#) builds up, Arrogance increases, and when Arrogance increases there is overwhelming rejection of Authority even that of Elohim, GOD. It becomes very easy to see how the Interlocking System of Arrogance and the degrading Spiritual Life processes of Reversionism interact and interlock beginning with Negative Volition toward Bible Doctrine. Arrogance in the soul develops in proportion to the levels of [Blackout](#) and Scar Tissue in the Stream of Consciousness of the Soul as the individual rejects Bible Doctrine and assimilates more and more of the principles of Evil. This is why the military should always start with very tough discipline like they did in the past and why the student in any educational setting should have no rights or privileges whatsoever and why when one starts in any endeavor in life he MUST start at the bottom and must learn Authority and work his way up in a system of Authority. When one starts at the bottom he cannot give orders to anyone and as a result he is learning Authority orientation. Especially in the Spiritual Life where without Authority he cannot grow to reach Maturity Adjustment to the Justice of God the actual objective of the Spiritual Life.

### **[Rejection of Authority & National Destruction](#)**

Rejection of Authority is the first sign of national degeneration and disintegration. This was the reason for the Jewish ‘Teen Age Law’ where incorrigible teens were taken to court and if their unrelenting incorrigibility was proven by the parents the judge would sentence the teen to death. The death of these teen aged youth would avoid the problem of rejection of Authority later in life and ultimate destruction of the nation. When a nation is composed of impudent people it will inevitably destroy itself. The rise of the toleration of Evil in many forms including homosexuality, transgenderism and giving special ‘rights’ to these degenerate individuals and criminals, is not something which comes instantly into being but it starts by rejection of Authority regarding first normal functions and ends up with abnormal ideas and functions. You never start disintegration in a nation with the abnormal and when that finally occurs it is merely a manifestation of an earlier rejection of legitimate principles and Authority.

In the United States of America the Interlocking System of Arrogance has spread into a national disease today as is demonstrated in the distortion of authority in all aspects of American lives. It is part of or motivated by Mental Attitude Arrogance to malign, judge, gossip about others. Whining and [Complaining](#) is Arrogance and those who whine about all their problems and think others care about what ails them are truly Arrogant. [Humility](#) accepts the authority of the Pastor Teacher in order to learn Bible Doctrine while Arrogance resists both the teacher and the doctrine. Legitimate authority in education enforces humility for perception and the best academic professors are always those who have good content in their instruction and also demanded respect in the classroom. God the Holy Spirit must be able to control the believer through consistent Filling because this is spiritual enforced humility. If one persists long enough under the [Filling of God the Holy Spirit](#) then his Arrogant self will be suppressed since

the Filling of God the Holy Spirit is as much enforced humility as a drill sergeant standing face to face with a recruit and berating and bracing him.

People who reject the Authority of the police, teachers, bosses, parents, etc., are often led into the Interlocking System of Arrogance without having [Scar Tissue of the Soul](#). The result of this Arrogance involvement is accepting false doctrine or believing the LIE of Evil under strong delusion. In the national entity no matter how great the government there will always be those who are discontented, even with almost perfect government. When government is bad the smart people are discontented but when government is good and people are discontented, they are generally the stupid people. There is an ongoing clear demonstration of this in the United States of America with acceptance of the Obama and Biden administrations and rejection of the Trump administration in the 21<sup>st</sup> century. There are always going to be malcontents who reject any and all Authority in human government. If government is excellent and Authority is properly used then it is the Evil [Reversionist](#) who objects to it and there are always reversionists in any land or group thus always someone who will complain. Beware of the government or corporate organization devoid of complaints because there are neither stupid nor smart people there and the people are actually nothing. This is why there must be policy, Authority and discipline at all levels, from the divine institution of marriage to the most complex corporation in free enterprise and also in all government without regard to its form in the historical entity called a nation. [Ps 69:22-23](#) is referring to reversionistic believers and unbelievers who plotted revolution against David and it mentions the pleasant things in life such as the routine things like having food on the table etc., referring to a secure life. This is an Imprecatory Prayer from David and the snare in this prayer has to do with the fact that reversionists and those who are influenced by Evil MUST BE PUNISHED and he is asking God that when these people are in prosperity that it become a trap for them. The only way for this country, the United States of America, to function properly on the world stage is by having Authority Orientation including an ORGANIZED PROFESSIONAL Military and Law Enforcement system with a proper attitude and function along with honor and integrity in proper judicial functions in execution of the law and not interpretation of it. The main problem is that Americans today do not submit to Authority and are therefore not oriented to LIFE at all.
